RULES OF ORDER

Governing the Conduct of Business at Meetings of the
Convention of the Diocese of West Missouri

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.
2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.
3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.
4. All Committees shall be appointed by the President unless otherwise ordered.
5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.
6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.
7. No member shall absent himself from the session of the House unless he have leave or be unable to attend.
8. A member, other than the chairman of a Committee, whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.
9. Any member of the House may call for a vote by ayes and naves.
10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.
11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have

precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minutes for the purpose of explaining its object.

13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.

14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.

15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.

16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.

17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.

18. The names of movers of resolutions shall appear upon the minutes of the Convention.

19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.

ORDER OF BUSINESS

1. Announcement by Secretary as to whether a quorum is present.
2. Election of Secretary of the Diocese.
3. Announcements.
4. Report of Committee on Dispatch of Business.
5. Introduction of all resolutions for reference.
6. Nominations for all other offices.
7. Reports of all officers and committees.
8. Elections.
9. Report of all resolutions previously referred.
10. Fixing time and place of next Convention.
20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.
21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

PROCEEDINGS OF THE CONVENTION

St. Philip's Church, Joplin, Missouri

May 3 and 4, 1965

The 76th Annual Convention of the Diocese of West Missouri was called to order by the President, the Rt. Rev. Edward R. Welles, D.D., S.T.D., in St. Philip's Church, Joplin at 2:00 p.m., May 3, 1965. The Rev. E. R. Sims presented a gift from the Executive Council to Bishop Welles, in appreciation of his service to the Diocese, on the fifteenth anniversary of his Consecration and read the following resolution which was unanimously passed:

Whereas, April 19, 1965 marked the fifteenth anniversary of the consecration of the Fourth Bishop of West Missouri, Edward Randolph Welles, D.D., S.T.D., and

Whereas, Bishop Welles has served the diocese with unflinching enthusiasm and conspicuous distinction and has made a secure place for himself in the hearts of his people, and

Whereas, this Seventy-sixth Annual Convention of the Diocese of West Missouri seeks to give visible expression to its genuine and affectionate appreciation of Bishop Welles' fifteen years of leadership; therefore

Be It Resolved, that this Convention request its temporary chairman to appoint a committee which shall have the responsibility of commissioning an artist of suitable excellence to paint the Bishop's portrait and of causing the portrait to be hung in an appropriate place.

The following were appointed as a committee to act on the resolution: Mr. Taggart, Mr. McArthur, and the Rev. Canon Harold B. Whitehead.

The Bishop returned to the Chair.

Mr. Hayward presented the report of the committee on Disputch of Business and moved its acceptance, the motion was seconded and carried.

Respectfully submitted,
George A. Clay, Secretary

The following were nominated to serve on the Standing Committee: **Clergy:** The Rev. Messrs. Clifford E. B. Nobes, S.T.D., George A. Wilson, Arleigh W. Lassiter, Sylvan W. Law, and Edward G. Hartonit. **Laymen:** Messrs. Frank Koger, St. George's, KC, Mo.; Philip S. Lyon, St. Andrew's, KC, Mo.; George Clay, Trinity, Independence (withdrew); W. Hardy Hendren, St. Paul's, KC, Mo.; Lee Carter, Good Shepherd, KC, Mo. (withdrew); Lester Wells, St. John's, KC; and Jack King, St. Matthew's, Raytown.

Nominations for the Executive Council were called for, they were as follows: **Clergy:** The Rev. Messrs. David C. Patrick, Arleigh W. Lassiter (withdrew), Samuel S. Johnston, Wil-

liam H. Magill, Gerald L. Claudius, and Edward R. Sims. **Laymen:** Messrs. George Clay, John Thornberry, Col. Harry Kirkpatrick, Pat Walker, Lee Carter, James Newell, Dr. Carl Siegel, Dr. Earle Thomas, and William Harsh.

Bishop Welles recognized the retired Clergy present and presented the new Clergy to the Diocese, the Rev. Samuel S. Johnston, the Rev. Lewis T. Johnston of St. Andrew's, Kansas City, and the Rev. Roy V. Finnell, D.C., perpetual Deacon of St. Matthew's, Raytown, and the Rev. Harry L. Biggs, M.D., of St. Matthew's, Raytown.

It was moved, seconded and carried that the Committee on Synod Business carry on its work.

The Rev. E. R. Sims, reporting for the Team of Twenty read recommendations in regard to the structure of the Diocesan Convention and offered some resolutions which were referred to the Committee on Resolutions. He also read a report on Capital Needs and moved its adoption. The motion was seconded.

The report of the Team of Twenty will be made in two sections, both requiring action by the Convention. Part I consists of recommendations on the organization and schedule of the Diocesan Convention; Part II consists of the findings of the Team with regard to capital needs. The Very Reverend Donald R. Woodward was chairman of the subcommittee which made a thorough study of the Convention and its procedures; his excellent work has placed the entire diocese in his debt.

The Team of Twenty has worked long and hard and conscientiously in the two years of its existence; I want to express my warmest appreciation of loyalty and patience which have made our deliberations a labor of affection and friendship.

Section II - CAPITAL NEEDS

In accordance with the directive of the Seventy-fifth Annual Convention, the Team of Twenty submits its assessment of the capital needs of the diocese; this report has been communicated to the several convocations in recent months.

- | | |
|---|-----------|
| 1. Church Extension within the Diocese | |
| Land acquisition | \$ 75,000 |
| To provide approximately six sites. | |
| Building fund | 250,000 |
| To bring revolving capital fund to approximately \$600,000; fund will revolve about 10% per year beginning in 1970. | |
| 2. College Work | 50,000 |
| To provide building facilities for two college chaplains, one presently at UMKC and one planned at Southwest Missouri State, Springfield. | |
| 3. Diocesan Conference Center | 200,000 |
| To be developed independently of Cliff Springs camping. | |

4. Mission to capital needs outside the diocese	\$ 75,000
To share substantially in providing buildings where resources are inadequate.	
Total	\$650,000

We consider these needs to be clear and urgent if the Diocese is to maintain its momentum, and ask the Convention to find ways and means of meeting these needs. The Team of Twenty respectfully requests it be discharged from further consideration of these matters.

Respectfully submitted,
S /Edward R. Sims, Chairman

Mr. Lyon offered a substitute motion which was seconded. It was moved, seconded and passed to postpone a vote on the substitution until the following day, with copies of the substitute motion made and passed out to the members.

The report of the Committee on Placement of Clergy was presented by title. The resolutions were referred to a committee: The Rev. Messrs. G. L. Claudius, D. E. Becker and J. H. Viggers and Messrs. Gill Miller and W. Hardy Hendren.

PROPOSAL ON PLACEMENT AND TRAINING OF NEWLY-ORDAINED CLERGYMEN

In his Convention Address last May, the Bishop of West Missouri said, "Deacons and priests fresh out of seminary need on-job training. Few of them receive it and the whole Church suffers. We must make an effort to provide this training by placing young clergy under experienced priests . . ." To deal with this problem, the Bishop appointed a Commission on Placement, Compensation, and Post-Ordination Training of Clergy.

We may further explain the problem by expanding the Bishop's remarks. "Deacons and priests fresh out of seminary need on-job training." This is not to say that their seminary training has been inadequate, but that academic training alone is not sufficient to prepare them properly for their life in the ministry. Just as a physician undergoes his internship rather than advancing from the classroom directly to independent practice, so the newly ordained should spend time under the close supervision of an experienced priest.

"Few of them receive it, and the whole Church suffers." The usual practice in our Diocese - indeed in the whole of the Episcopal Church - is for the newly ordained deacon to be assigned to a mission congregation. Mission congregations are often congregations which need the most skilled guidance and leadership available; this is especially true in rapidly growing areas. But due to considerations of salary and housing, it is usually to these difficult positions that the newly ordained clergyman in need of training is sent. It cannot be denied that "the whole Church suffers" as a result, for two things happen: (1) mission congregations which need the best pastoral leadership available often receive the least experienced pastors and (2) clergymen in need of on-job training are sent alone to some of and most difficult and demanding posts in the diocese and entire ministries can be badly molded by such a beginning.

"We must make an effort to provide this training by placing young clergy under experienced priests." It would be difficult if not impossible for the Bishop to do this on his own. If it is to be done effectively it must be a matter of diocesan policy and as such be supported financially from diocesan sources. The Commission on Placement, Compensation, and Post-Ordination Training of Clergy therefore submits to the Executive Council of the Diocese the following proposal:

1. It shall be the policy of the Diocese that, except in extraordinary circumstances, the period of preparation for a solo ministry will not be three years of academic work or equivalent, but this preparation plus two years of apprenticeship. However, in the apprenticeship period, the newly-ordained clergyman should be salaried.
2. The Diocesan should take care that the newly-ordained clergyman serving apprenticeships be placed with men who are experienced and mature enough to undertake the supervision of younger men.
3. The Diocesan should prepare lists of ecclesiastical units within his jurisdiction which are under the direction of such men, in which the services of apprentice clergymen would be desirable, and in which the type of experience the apprentice would receive would properly fit the clergyman-in-training for the responsibilities of the larger ministry ahead of him. These would include:
 - (a) Parishes financially able to employ an apprentice.
 - (b) Parishes which not only could use but actually need clergy assistants, but which for financial reasons have not employed or cannot employ such assistance.
 - (c) Parishes or missions which are sufficiently close to small, rural congregations (missions perhaps, but conceivably small parishes also) to permit the rectors or vicars of experience to give close supervision to men who will minister to the smaller nearby units.
4. The Rector of such a parish as is described in #3 (a) should consult with the Bishop before employing clergy assistants, so as to permit, if possible, the placement of an apprentice.
5. The Rector of such a parish as is described in #3 (b) should be permitted in consultation with the Bishop to employ an assistant, the cost to be shared by the parish and the diocese, the details to be worked out with reference taken to the peculiar conditions inherent in each situation.
6. Apprentices employed in situations envisioned in #3 (c) would probably come under the supervision of the Diocesan or of his Department of Missions. Again, salary arrangements would have to be worked out on a partnership basis and with reference to the peculiar conditions inherent in each situation.
7. As a part of the agreement in the placement of an apprentice, a broad program of training in all aspects of the parish ministry should be outlined by the Bishop and the clergy supervisor.
8. Salaries of apprentices should be standardized, so the placement can be made without reference to financial returns.

Mr. R. W. Wagstaff gave the first reading on suggested amendments to the Constitution and Canons.

The Committee on New Parishes reported that they had received an application for admittance as an organized mission from the Church of the Resurrection at Blue Springs. It was found that there were not enough baptized people of legal age and the committee wished to be relieved from further consideration. The men present from Blue Springs were welcomed to the Convention and given courtesy seats in the Convention.

The Committee on Convention offerings moved that one-half of the offerings go to the Bishop's Seminarians Fund and one-half to the College work at U. of M., K.C. The motion was seconded and passed.

The Treasurer's report and the report on the Audit were given out to members.

Mr. W. L. Atwood presented the 1966 Diocesan budget and moved its adoption, \$49,320 with a percentage of 8¼%. The motion was seconded and passed.

The Convention recessed so that the members could ready themselves for the reception and banquet to be held at the Masonic Temple. Around 400 people gathered for the banquet to hear a very informative and inspiring talk given by Mother Superior Esther, C.T., of the Community of the Transfiguration, Glendale, Ohio.

St. Philip's Church was filled for the Evening Service at which time Bishop Welles delivered his Annual Address, and awarded a Bishop's Cross.

TUESDAY, MAY 4

The Convention gathered at St. Philip's at 7:30 a.m., for the Corporate Communion. Bishop Welles was the celebrant assisted by the Rev. David C. Patrick, host Rector, and the Rev. Canons Vincent C. Root and Harold B. Whitehead.

The Convention reopened at 9:30 in St. Philip's Church and was opened with prayer by Bishop Welles.

The first ballot for the Standing Committee was passed out. The report of the Executive Council was presented by title. The first ballot for the Executive Council was passed out. The Rev. Stanley Hardy was welcomed to the Convention. The report of the Committee on the Bishop's Address was given by Mr. William P. Harsh:

The Committee on the Bishop's Address has read and duly considered the Bishop's message to the 76th Annual Convention, and warmly commends the Bishop for his statesmanlike and aggressive address.

The Bishop has drawn in bold strokes an imaginative and flexible program of Mission strategy for our Diocese, and we make our report with the intent of assisting the Convention in implementing this program.

As evidence of the effectiveness of the Bishop's leadership, particularly during the past year, many of the matters mentioned in his address are already before this Convention - matters such as Capital Funds, status of women in the Church, civil rights, Ecumenical work through the Missouri Council of Churches, and laymen's program. For this reason our report will omit further reference to these things other than to say that we earnestly hope the Convention will act upon them with courage and vision.

In his comments regarding the changing patterns, the Bishop has called to our attention those conditions in our Diocese and throughout the world to which the Mutual Responsibility and Interdependence is the Church's response.

The Committee offers the following resolutions to assist the Convention in implementing two of the Bishop's recommendations:

1. Whereas the Committee recognizes the need for a uniform Health Insurance Program for all the Clergy

Therefore be it resolved that this Convention direct the Diocesan Council to explore through its Insurance Department, this and other plans of medical insurance and to report their findings to the next Annual Diocesan Convention.

2. Whereas the Episcopal Church in West Missouri recognizes the vital role of the distribution of Holy Scripture by the American Bible Society, and that in 1966 the American Bible Society observes its 150th Anniversary;

Therefore be it resolved that this Convention add \$1,000 to its 1966 budget as a contribution to the American Bible Society's 150th Anniversary Fund; and further that it commend the 150th Anniversary Fund Appeal to the individual parishes and congregations of the Diocese.

The Committee records its appreciative recognition of the Bishop's 15th Anniversary and expresses its warm gratitude for his astute and enthusiastic leadership and for the unflinching support Mrs. Welles has graciously provided the Bishop.

Finally, we recommend the acceptance of this address by this Convention and urge that the complete text be re-printed in the Diocesan Bulletin so that the entire Diocese may be exposed to its dynamic and vigorous message.

Respectfully submitted,
W. P. Harsh, Chairman

The first resolution was amended to read "the committee to report to the Executive Council at the earliest possible moment on the Health Insurance Program". The amendment was seconded and passed. The original motion was passed as amended. The second resolution was moved, seconded and passed.

The Treasurer's report, passed out the previous day, was presented by title.

Mr. McArthur moved that Mr. Roger Ewing be re-elected as Treasurer by acclamation. The motion was seconded and passed.

Mr. Atwood presented the Missionary Budget for 1966, which was passed.

The Chancellor, the Hon. Robert W. Wagstaff, read his report to the Convention.

The report of the Registrar and the department of Missions and Church Extension were presented by title.

Mr. Wagstaff reported on the amendments to the Constitution and Canons.

AMENDMENTS TO THE CONSTITUTION

- Art. 2 - Sec. 2 Change "Deaneries" in Line 6 to "Convocations".
- Art. 8 - Sec. 1 Delete the words "the Deans" in Line 2.
- Art. 8 - Sec. 5 Delete the word "male" in Line 1.
- Art. 9 - Sec. 3 This should be changed to read: "During each Convention there should be a celebration of the Holy Communion, and during the sessions of the Convention such Divine Services shall be held as shall be appointed by the Ecclesiastical Authority of the Diocese."
- Art. 13 - Change "Executive Council" to "Diocesan Council" in the title and wherever else it is used in the Articles of the Constitution.
- Art. 16 - Sec. 1 In Line 4 delete the comma where it appears after the words "United States" and insert the word "and".
- Art. 19 - Sec. 7 Delete the words "Ecclesiastical Authority" in the third line and substitute the words "the Bishop" in their place. Also delete the words "it is" and insert in their place "they are" in the last line.
- Art. 19 - Sec. 10 Add the following: "and as otherwise designated by the Canons of the Church".
- Art. 14 - The present Sections 1 and 2 should be stricken and the following should be substituted in their stead.
- Sec. 1 The Standing Committee shall consist of four Priests and four Laymen who are eligible to seats in the Convention, and who shall be elected to serve for terms of two years. In 1966 the Convention shall elect two Priests to serve for terms of one year, and two Priests to serve for terms of two years, and two Laymen to serve for terms of one year, and two Laymen to serve for terms of two years. At each annual Convention thereafter two Priests and two Laymen shall be elected to serve for terms of two years. No member of the Standing Committee may be elected to serve for more than two consecutive two-year terms.
- Sec. 2 The members of the Standing Committee shall serve until their successors are elected.

AMENDMENTS TO THE CANONS

- Canon 1 - Sec. 3 Insert the words "for six months" at the end of Line 1.

- Canon 2 - Sec. 1 Delete the words "at least ten days" from the second sentence, and renumber the second paragraph as Section 3, and insert following the word "names" in the first line of said paragraph the words "and addresses", and delete the word "fifteen" from the second line of said paragraph, and insert the word "thirty".
- Canon 2 - Sec. 3 Change the name of this Section to Section 4.
- Canon 4 - Sec. 3 Delete the words "at least ten days" and substitute the words "in sufficient time" in lines 1 and 2.
- Canon 8 Strike out the word "Deaneries" from both Sections and from the Title and substitute the word "Convocations" in their place.
- Canon 9 - Sec. 10 Delete the entire Section and substitute the following. "The Executive Council and its departments shall hold sufficient meetings as are necessary and at times as shall be appointed."
- Canon 12 - Sec. 1 Delete the words "and that they pledge themselves to contribute not less than \$5,000 each year to the support of the Parish" in lines 5 and 6, and substitute the words "and give evidence that they are self-supporting".
- Canon 15 - Sec. 1 Delete the word "male" in line 3.
- Canon 19 Renumber Section 3 as Section 2, and Section 2 as Section 3.
- Canon 23 Add to the first sentence of Section 1 the words "this rule be set aside". Also add the following sentence to the Section. "A simple majority vote shall control as to the adoption or rejection of any such proposed alterations or amendments except where it is otherwise specifically provided."
- Canons 4 - 5 - 9 Effective when and if the change in the name of Article 13 of our Constitution is made from "Executive Council" to "Diocesan Council", this same change should be made in these Canons, and wherever else the name "Executive Council" appears in our Canons and in our Rules of Order, and Order of Business.

RULES OF ORDER

- No. 3 Eliminate the entire section and insert the following in its stead. "The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens."

ORDER OF BUSINESS

- Delete the existing order of business and substitute the following:
1. Announcement by Secretary as to whether a quorum is present.
 2. Election of Secretary of the Diocese.
 3. Announcements.
 4. Report of Committee on Dispatch of Business.
 5. Introduction of all resolutions for reference.

6. Nominations for all other offices.
 7. Reports of all officers and committees.
 8. Elections.
 9. Report of all resolutions previously referred.
 10. Fixing time and place of next Convention.
- No. 21 Add this new rule. "After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

The amendments to the Constitution were passed for the first time.

The amendments to the Canons were passed.

The results of the first ballot on the Executive Council were read. Those elected were: The Rev. Messrs. David C. Patrick, Samuel S. Johnston and Edward R. Sims; and Messrs. George Clay, James Newell, and John Thornberry.

The result of the first ballot on the Standing Committee elected the Rev. Canon Clifford E. B. Nobes, S.T.D., and the Rev. Canon Arleigh W. Lassiter; and Messrs. Frank Koger, Philip Lyon, W. Hardy Hendren, and Jack King.

Second ballots were passed out.

Bishop Welles appointed the Rev. Birney W. Smith, Jr., and Mr. Gill Miller to visit the women's meeting and announce to them the result of the vote on the deletion of the word "male" in the Constitution and Canons.

The committee on the Meeting Place of the Next Convention reported that they had received an invitation from St. Paul's, Kansas City, and moved its acceptance. The motion was seconded and passed.

Mrs. Brigham was presented, she brought the grateful thanks of the women for the vote on the amendment to the Constitution and Canons erasing the word "male".

The Chancellor moved to make any necessary changes in the Articles of Corporation to concede with the changes in the Constitution and Canons, the motion was seconded and passed.

The committee on Convention Offerings reported the offering at the Evening Service was \$280.95 and at the Morning Service \$174.71 making a total of \$455.66, one-half to go to the Bishop's Seminarians Fund and one-half to the work at U of M, KC.

The second ballot on the Standing Committee showed the Rev. Sylvan Law and the Rev. Edward G. Hartonft had been elected.

There was no election on the second ballot for the Executive Council. Mr. J. Homer Mote moved that the three with the least

number of votes be dropped from the ballot. The motion was seconded and passed.

The following department reports were presented by title: Christian Education and Youth, Property, Insurance, Expansion, Stewardship, Laywork, Christian Social Relations, Promotion, and Inner City.

The committee on Resolutions gave their report: Resolution #1 passed.

WHEREAS

(1) Our National Church has approved a broad program of "Mutual Responsibility and Interdependence", to be implemented partly through overseas relationships undertaken by individual dioceses, and

(2) The Diocese of West Missouri has answered this call by launching a project to build a Church in the new industrial city of Bokaro, in the Diocese of Chota Nagpur in India, and

(3) The response to this project has indicated a new awareness and concern for the Church's worldwide mission, for Chota Nagpur, and the rapid transition from agrarian to industrial economy, THEREFORE, BE IT RESOLVED:

That this 76th General Convention directs the Division of World Mission in the Department of Missions to pursue a study of deeper partnership and companion relationship between the Diocese of West Missouri and the Diocese of Chota Nagpur, and to report their findings and recommendations to the next diocesan convention.

Submitted by
Elton O. Smith, Jr.

Resolution #2, no action was taken and the committee wished to be discharged from further consideration. The Resolution was passed by the Convention.

FAMILY PLANNING

Whereas family planning as a medical service is available to any who use the channels of private medicine, and

Whereas it is a matter of simple justice that the same services should be available to those who depend upon public agencies for their medical care, and

Whereas our sister State of Kansas has recently enacted legislation which will provide such service to Kansas Residents,

Therefore, be it resolved that the Diocese of West Missouri endorse the following goals in connection with the augmentation of family planning service to low-income persons in the State of Missouri:

1. Policy changes by appropriate governmental agencies to permit investigators, staff workers, and public health personnel to initiate conversation about family planning and child spacing with their clients, respecting at all times their complete freedom of choice.

2. To increase the scope of referral possibilities to permit referrals to private agencies.
3. Eventual placing of family planning clinics in strategic areas, including publicly financed institutions as has been done in the State of Kansas.
4. An interim step, if necessary, of governmental agencies purchasing services from existing private agencies.

Be it further resolved, that this resolution be communicated to the governor, and appropriate officials and board members of the several state and county agencies concerned with this problem.

Resolution #3, no action was taken and the committee wished to be discharged from further consideration. The Resolution was defeated.

Be it Resolved:

That this 76th Convention of the Diocese of West Missouri respectfully request that the Bishop appoint a "Commission on the Laity," consisting of 4 Clergy, 4 Men, and 4 Women.

Said Commission to be directed to study and suggest ways and means of promoting a more effective ministry of the laity, with the expressed purpose of developing, involving and unifying all lay persons, as pertaining to the over-all program of the Church. Said Commission to make a progress report to the Executive Council, not later than the January, 1966, meeting of the Executive Council.

Submitted by
Gill Miller

Resolution #4 passed.

1. WHEREAS, the general level of individual giving through annual pledges to the parish has increased this past year, and
2. A record number of congregations have met their full diocesan missionary quota for 1965, and
3. Many diocesan missions increased their proportion of self-support as a result of effective Every Member Canvasses, and
4. At least ten parishes have moved toward partnership giving by pledging more than their requested quotas for 1965, therefore,

Be it resolved by this Convention that Bishop Welles and the Department of Stewardship be commended for their leadership in urging that Every Member Canvasses be conducted throughout the diocese, and in urging all congregations to increase their missionary giving beyond assigned quotas.

Submitted by
The Rev. Elton O. Smith, Jr.

Resolution #5, Mr. Terrell recommended that the final clause be withdrawn, the recommendation was seconded and defeated. The original motion was passed.

RACE AND CIVIL RIGHTS

Whereas the Diocesan Executive Council has previously (September, 1963) passed strong resolutions condemning discrimination solely on the basis of race, skin color, or national origin, and

Whereas it is apparent that the race and civil rights revolution

is moving into a new phase requiring the involvement of all concerned citizens on a day to day basis, and

Whereas such involvement means that concerned Episcopalians take such actions as are possible in their various spheres of influence,

Therefore, be it resolved, that this convention urges vestrys to require of the building contractors that they not discriminate against any employee or applicant for employment because of race or skin color or national origin, and

Be it further resolved, that rectors, vicars and other responsible parish leaders be urged to enlist people to be alert for subtle discriminatory practices in housing, employment and education affecting minority groups in their respective communities, and

Be it further resolved, that we urge the sending of letters and telegrams to our Congressmen for the support of Right to vote Legislation in a form which will insure the full right of our minority citizens to participate in our democratic institutions.

The third ballot on the Executive Council showed no election and a fourth ballot was passed out.

It was moved that the words "Executive Council" be changed to "Diocesan Council" in the Canons. The motion was seconded and passed.

The fourth ballot showed no election. Mr. Mote moved that the bottom name be dropped, the motion was seconded and passed.

Resolution #6 was passed.

The Diocesan Ecumenical Commission has considered the statement "A Call to Christian Unity and Mission". We believe that the problems of mission strategy in a time of rapid change have been stated with realism and imagination. We recommend that the Diocesan Convention affirm our desire to cooperate together on the basis of the propositions stated on page two of the statement, to which we subscribe. We recommend further that, correlated with Diocesan over-all mission planning, our diocese join together gladly with the other participating bodies of the Missouri Council of Churches in further study of the specific recommendations made on page three and four of the statement, and that our appointed representatives in such discussions bring back their findings and recommendations to the next Diocesan Convention.

Resolution #7, no action and the committee wished to be discharged from further consideration. The Resolution was defeated.

ALCOHOLISM

Whereas the disease of Alcoholism is an ever increasing social problem affecting directly or indirectly nearly every man, woman, and child in the nation with appalling statistics bearing on the loss of life and limb, the breakup of families, and uncounted millions in economic loss to both families and industry, and

Whereas the record of the Church in ministering to the alcoholic is not one we can be especially proud of, and

Whereas, the historic position of the Episcopal Church on temperance should make it possible for us to speak and be heard,

Therefore, be it resolved, that this convention endorse the following objectives:

1. The General Convention should provide funds for and the National Executive Council should establish an officer to aid in the development of a program and ministry to alcoholics and their families and a program aimed at the prevention of alcoholism.
2. The establishment in our theological schools, required courses in pastoral care for alcoholics and their families.
3. Each parish seek to enlist the services of persons with ministerial skills in relation to alcoholism and seek to develop ways and means of carrying out a truly helpful ministry in this area.

Resolution #8, the following amendment was offered, to add to #8 "and in order that the Diocese may have information respecting the resources available or to become available, the Convention respectfully requests the Bishop to inform the Executive Council of the assets (earmarked for the purpose of aiding the aged) under his control, and the present disposition of the income therefrom". The amendment was moved, seconded, and passed.

Whereas the recent articles written in the K. C. Star have highlighted the misery created by unscrupulous Nursing Home Operators and whereas the Women of the Diocese of West Missouri have long been concerned to find a way to provide a haven for Episcopalians in their declining years.

And whereas funds are in reserve earmarked for such a purpose and whereas a helpful survey was made last year to guide us in this undertaking

And whereas there are new methods of creating and operating Nursing Homes that were not available to us at that time, Be it therefore resolved that the Chairman of the Department of Christian Social Relations be respectfully directed to reopen discussions of this matter at the next Executive Council Meeting.

Mr. P. S. Lyon offered the following resolution re the Capital Funds Campaign: It was moved that the spelling out of amounts be omitted, the motion was defeated.

CAPITAL FUNDS RESOLUTION AS MOVED AND SECONDED MAY 3, 1965

RESOLVED That the Diocese of West Missouri proceed with a Capital Funds Campaign in the amount of \$425,000 to meet the needs of the Diocese for land acquisition, college work, capital needs for mission outside the Diocese and a Diocesan Conference Center; that the Diocese continue to include \$35,000 per year for the Expansion Fund in each Mission Budget until such time as a future Diocesan Convention may decide otherwise; that the campaign be started in 1965 with the organization and implementation of the campaign left to the wisdom and judgment of the Bishop and Executive Council but that pledges made for this purpose be payable over a period of not to exceed three years.

The original motion, seconded by Mr. Charles McArthur, was passed, 119 for, 29 against.

The following department reports were presented by title: Evangelism, Music, Architectural Commission, Legal Commission, Cliff Springs, and Liturgical.

The Rev. J. H. Viggers offered the following resolution which was referred to the departments of Missions and College Work.

Whereas: The Clergy of the Southern Clericus are quite concerned by the increase in the number of Non-Parochial Clergy, and

Whereas: We believe that a priest without a congregation is greatly hindered in the exercise of his Priestly vocation,

Therefore be it resolved, that this Convention direct the departments of Missions and College Work to study the feasibility of the establishment of a congregation around the Chaplain of the University of Missouri at Kansas City.

The Rev. Samuel S. Johnston offered the following courtesy resolution:

Whereas, the Rector and people of St. Philip's, Joplin, have been most gracious, efficient, and hospitable hosts to the diocese for this convention, BE IT RESOLVED that the 76th annual Convention express its warm appreciation to this parish for the success and happiness of this occasion.

Mr. Ralph Robison moved that the Treasurer be allowed to borrow during 1966, if necessary, \$5,000. The motion was seconded by the Secretary and passed.

Bishop Welles made the following nominations which were seconded and passed: Ecclesiastical Court, for a term of five years, the Rev. Carl D. Swanson; to the Executive Council, the Rev. Canon George A. Wilson, Mr. Jack Tootle, Mr. Edward S. Washburn, and Dr. Carl Siegel; he nominated to the Convention for election as: Registrar, the Rev. William H. Magill; Chancellor, the Honorable Robert W. Wagstaff. The Convention elected them unanimously.

It was moved that at the next Convention the Committee on Resolutions of this Convention act only on those resolutions submitted to the Secretary of the Convention, in writing, 15 days before the meeting of the Convention. The Rev. S. S. Johnston seconded the motion and it passed. (The Executive Council to bring in a well-worded resolution.)

The Rev. Canon Arleigh Lassiter moved the appreciation to Mrs. Claire Nash for her work for the Promotion department, the motion was seconded and passed.

The Convention adjourned *sine die* with the Bishop's Benediction at 1:05 p.m.

Respectfully submitted,

† EDWARD RANDOLPH WELLES
President of the Convention

HAROLD B. WHITEHEAD
Secretary of the Convention

THE ANNUAL ADDRESS

of the

Rt. Rev. Edward R. Welles, S.T.D.,

Bishop of the Diocese of West Missouri,

delivered at the annual convention in St. Philip's
Church, Joplin, the evening of Monday, May 3, 1965.

My dear Fellow Christians:

Our whole understanding of responsible discipleship has been enlarged by the document "Mutual Responsibility and Interdependence in the Body of Christ," presented at the Anglican Congress in Toronto in 1963 and adopted by our own General Convention in St. Louis in October 1964. As the Archbishop of Canterbury reminded us "A Church which lives to itself will die by itself". The challenge of MRI is as varied and demanding as the needs of this generation but at the center is the conviction that the unity of mankind is the will of God and that all the plans and programs of the Church at every level must minister to this great mission.

"Three central truths at the heart of our faith command us in this" begins a key quotation from the MRI document, which continues: "The Church's mission is response to the living God who in his love creates, reveals, judges, redeems, fulfills. It is he who moves through our history to teach and to save, who calls us to receive his love, to learn, to obey and follow." "Our unity in Christ, expressed in our full communion, is the most profound bond among us, in all our political and racial and cultural diversity." "The time has fully come when this unity and interdependence must find a completely new level of expression and corporate obedience." "Our need is -- to understand how God has led us, through the sometimes painful history of our time, to see the gifts of freedom and communion in their great terms, and to live up to them. If we are not responsible stewards of what Christ has given us, we will lose even what we have."

But we cannot minister to the mission of this time unless we ourselves are transformed and renewed. St. Paul in his Letter to the Romans was blunt: "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect,

\$8.67 for a single priest and \$19.97 for a family. Major Medical cost is an additional \$2.23 for a single priest and \$5.48 for a family. I hope that this convention will approve the implementation of this proposal for diocese-wide medical coverage for our active clergy.

Evangelism. The Episcopal Church is very weak, relatively, in West Missouri compared to the rest of the United States. In the nation one out of every 55 persons is an Episcopalian; in our Province of the Southwest we are weaker than nationally - there is only one Episcopalian out of every 72 persons, while in West Missouri we have only 1 out of 80. We have a job of evangelism to do and I truly believe that it will not get done well until you and I give more of ourselves individually to personal witness for Christ. We talk about the importance of evangelism, but we Episcopalianism who are so ardent, alert and aggressive in business and civic affairs are surprisingly shy and inarticulate when it comes to confessing Christ before the world in daily personal contacts.

I'd like to quote a Roman Catholic layman, Donald J. Thorman: "Large numbers of laymen are suddenly going to discover that the lay apostolate is simply hard work. It is a sharing of Christ's apostolate. It is a carrying of the Cross as well as a collection basket. It means self-sacrifice and perhaps even being unpopular in the midst of a secular society that puts a high premium on popularity. In other words, the eternal struggle between grace and nature is going to be re-enacted in the hearts of today's lay people as they decide how to respond to Christ's ageless invitation, 'Come, follow me'. And human nature being what it is, I fear large numbers of lay people are going to turn sadly away and go back to their TV sets, their picture magazines and the easy acceptance of their equally pagan neighbors. -- By and large, the majority of lay people simply don't want to change things, they just don't want to get involved. Somehow they seem to sense you can't fall in love with Christ just a little, that if you go even part way toward the magnetic orbit of Christ's love you may be drawn totally into the fiery furnace. They know this would mean a substantial change in their way of living and so they avoid it."

In cold weather, when our furnace stops working, the furnace repair man has status in our home. On the Alcan Highway when our car got on fire miles from a settlement, the man who put the fire out had status. At the gates of heaven the man who has status is the person who has confessed Christ before men. Our Lord made this perfectly clear when He said (St. Luke 12:8, 9): "Whosoever shall confess me before men, him shall the Son of Man also confess before the angels of God; but he that denieth me before men shall be denied before the angels of God".

The greatest tool for evangelism is the Holy Bible. 1966 marks the 150th anniversary of the American Bible Society which, in cooperation with other Bible Societies around the world, is endeavoring to increase the annual world Scripture distribution by Bible Societies from 61 million in 1962 to 150 million in 1966. Much of the leadership and more than half of the money for this effort is being supplied by the American Bible Society and this undertaking deserves the enthusiastic support

of Episcopalianism. I shall be happy to forward any contributions or you may send them direct.

Since the last Convention your Bishop has been appointed a member of the Episcopal Church's Joint Commission on Ecumenical Relations with sub-commission appointments representing the two extremes of the ecclesiastical spectrum: Relations with Roman Catholics (Kansas City - St. Joseph Bishop Helmsing is happily the recently appointed chairman of the Roman Catholic sub-commission on relations with the Episcopalianism!) and Relations with the Pentecostal and Conservative Evangelical Churches. In between is the great body of Orthodox, Anglican and Protestant Churches represented in the Council of Churches. The leaders of the non-Roman Catholic communions in Missouri holding their annual meeting under the auspices of the Missouri Council of Churches in February 1966 discussed a policy statement on church cooperation and union entitled: "A Call to Unity and Mission: One Lord - One Mission," and agreed to request approval of the document by each leader's governing body. I have shared this statement a month ago with the Diocesan Ecumenical Commission Chairman, and through him with the members of the Commission, and copies were in your delegates' convention packet. I encourage this convention to approve this document.

Women. Approximately half of the adult members of the Church are women. At present in this Diocese they are not represented in the governing bodies of our parishes (the vestries) or of the Diocese (the convention). This is not just. Presently they are prevented from serving as delegates to the convention by Section 5 of Article VIII of our Constitution which specifies that Lay Delegates shall be male communicants, and prevented from serving on vestries by Section 1 of Canon 15 of our Diocese which states that the Vestry shall be "composed of not less than five male communicants of the Parish". I trust that this convention will take the necessary steps to end this injustice. I am delighted to report to you that 13 dioceses in the United States have taken this step in the past year so that now 56 out of 92 dioceses and missionary districts in the United States now recognize women as lay persons and eligible for any and all lay positions in the parish or diocese.

Team of Twenty. A committee of the Team of Twenty has made a useful study of the workings of our diocesan convention and its recommendations, if adopted, could result in a more vital and effective annual session. I would like to see the recommendations given an enthusiastic trial in 1966. The other part of the report of the Team of Twenty deals with the Capital Needs of our Diocese, and the remainder of my address will in a broad way present my views on this important subject.

The whole question of diocesan mission strategy and policy rightly concerns us all and I believe we have not been flexible enough. In West Missouri we have been too exclusively engaged in establishing new suburban missions and in maintaining old, small, static missions regardless of expense, growth potential or the congregation's evangelistic zeal or lack thereof. And on the whole we have busied ourselves more with erecting buildings than in strengthening our manpower. 1964 Convention's willingness to enter the Inner City was an encouraging

development. The early months of 1965 have witnessed the heart-warming twin innovations of the exciting metropolitan mission team ministry and the implementation of the new post-ordination program by the assignment of all three graduating seminarians to serve internships under strong rectors instead of plunging them immediately into full charge of isolated mission congregations, as has been our past practice. Both these innovations are costly, but less so than the alternatives as past experience has sadly taught us.

In this connection I am convinced that we must give a high priority to experienced, well-paid clergy for our most difficult tasks and we must provide the Bishop with the financial resources and freedom of action necessary to place such men where they are most needed whether the place can afford them or not. This is the price tag for advance instead of retreat in some critical situations. This would suggest that the regular diocesan budget and capital needs campaign should make significant funds available for bold, creative response to this new breed of opportunity.

Many able laymen retire early these days on full pension; as automation and cybernation will greatly increase such early retirements in the next few years some of these mature, experienced men should be encouraged to serve the Church either as clergy or lay parish administrators. Other men, not retired, should be urged to offer themselves for week-end work in places which cannot financially support a paid priest (such men could read privately at night for Holy Orders while continuing in their normal employment). Volunteer, non-stipendiary deacons and priests are going to play a very important part in the Church's future all over the world. Too often we have asked: How many places can one priest care for? Instead of asking: How many men can a particular place use to advantage?

One of the most significant facts of life in the whole world today is the change from rural - small town society into an urban society. In Missouri the population is shifting into three and only three metropolitan areas: St. Louis, Kansas City and Springfield. While the population of the state outside those three areas has decreased about 2% the three metropolitan areas have increased 20% - which areas now contain some 56% of our entire state's inhabitants. This pattern is clear in our own Diocese; of the sixty counties in West Missouri population has been decreasing in all but ten. These ten (and 22 other counties) have Episcopal congregations.

The Rev. J. H. Lembcke, Jr., states: "Of the 23 non-metropolitan counties in which congregations are located, only Camden, Johnson, Ray and Taney Counties showed any increase in population during the preceding ten years, while 19 of the counties showed a positive decline in population. In these 23 non-metropolitan counties of our diocese, we have 19 organized congregations of which four are self-supporting parishes. Three of these four parishes are located in counties which show a positive declining population. Of the remaining fifteen mission congregations, three (St. George's, Camdenton; Shepherd of the Hills, Branson-Forsyth-Hollister; Christ Church, Lexington) are in stable or growth counties. The other 12 congregations are in counties of decreasing population. The planning of missionary offensive in the Dio-

cese of West Missouri will necessarily take account of this big picture." "The greatest challenge for missionary offensive in the Diocese of West Missouri lies in the metropolitan areas and specifically in Kansas City and Springfield. The facts simply force this conclusion upon us no matter how earnestly we might wish otherwise. The decisive battle will be won or lost in this Diocese in the cities.

"However we must not make the mistake of assuming that urbanization is just a cityfied phenomenon. In the city urbanization takes one form. In the country it takes quite another; the less densely populated communities and countryside locations are every bit as affected by urbanization as in the city. Our thinking in regard to regions, areas metropolitan community must be adjusted in terms of regions, areas and districts. We can no longer think and plan for a small community in isolation. For we can no longer assume a small rural community is going to be able to gain or maintain self-sufficiency and independence in isolation. Many of our non-metropolitan congregations are today located in communities which were once independent and self-sufficient centers. They are no longer that sort of community. They have, instead, taken up satellite position in relationship to some larger metropolitan center. A plan which does not take account of this fact of the urban phenomenon will be a pattern and a plan that will be inadequate."

Government at every level is attempting to face this phenomenon of urbanization in a responsible and creative way and so have private agencies. None of these government and private agencies have yet found a workable solution but some sort of solution does seem to lie in the direction of increased centralization. For the Church in West Missouri the Bishop and the Executive Council appear to be the appropriate central planning authority of the Diocese. A merely local or congregational approach is plainly inadequate. The urban phenomenon raises certain questions for us that require study, decision and action: What sort of new work must be inaugurated? What existing work has served its purpose and ought to be changed or discontinued? What work presently in progress ought to be maintained at the present or at an expanded level?

In all these instances the Diocese can study and decide, but without sufficient financial backing the Bishop and his Council are without power to act. Money is a vital element in the future growth of our Diocese and for this reason the Capital Fund Campaign that is being brought to this convention is so important.

The rapid urbanization of our society and the changes that accompany this process make it urgent that we abandon the "establishment mentality" and revert to the "missionary posture". By "establishment mentality" I mean the too-comfortable habit of assuming that the Church occupies an unquestioned place in a stable social system and that all that is required is to keep the Church active and conspicuous. By the "missionary posture" I mean that we keep before us the goal not merely of deepening our attachment to the Church as an institution but of deepening our obedience to Christ as Lord and Saviour -- radically changing the most fundamental dimension of our lives -- changing our goals, our purposes, our aspirations!

Two obstacles stand in the way: the first is a false sense of success. The continued financial and numerical prosperity of many of our parishes, and of other local Christian congregations, dims our vision of the Church's tasks that are still untouched or undone. We rarely make contact with the vast unchurched areas of urban life at home and abroad. We do not behold the diminishing church population in the city that was once the stronghold of the Episcopal Church. We do not note the shrinking Christian percentage of the world's population. A sense of success under today's circumstances can only be based on goals that are too timid and too narrow to be Christ's goals.

Issuing from the first obstacle is the second: our reluctance to support any ministry but a parish ministry or to support any program but a parish program. The parish will probably continue to be the Church's primary instrument of mission for many years to come, but alongside this basic tool other tools, adapted to the changing circumstances of life, must be developed and financed. Ministries to people on an other than residential basis must be discovered. Such a possibility in inner city work was described to us last year at convention. A parallel possibility in small Missouri county-seat towns might consist of holding a Saturday noon-time service combined with inexpensive lunch for folks who drive miles to do their weekly shopping and who would thus be gathered in significant numbers for hearing the Gospel preached. In other areas such as our suburban communities opportunities for Church life within the changing pattern of American weekends must be developed. And everywhere a meaningful ministry of service and witness must be offered God's people within and without the Church's formal membership. These and other tasks lie before us, beckoning us to adventure and experiment in the name of Christ. We are all of us called to serve an exciting age, an age whose challenge can be met only by the imaginative and the bold.

To achieve the recovery of missionary posture without the pressures of calamity will not be easy, but this is the task to which our Lord is indeed calling us and he offers us everything we need to accomplish it.

I close with a glorious quotation from the writings of the late Pierre Teilhard de Chardin: "Lift up your head, Jerusalem, and see the immense multitude of those who build and those who seek; see all those who toil in laboratories, in studios, in factories, in the deserts and in the vast crucible of human society. For all the ferment produced by their labours, in art, in science, in thought, all is for you.

"Therefore open wide your arms, open wide your heart, and like Christ your Lord welcome the wave-flow, the flood, of the sap of humanity. Take it to yourself, for without its baptism you will wither away for lack of longing as a flower withers for lack of water; and preserve it and care for it, since without your sun it will go stupidly to waste in sterile shoots."

REPORTS

DEPARTMENT OF MISSIONS AND CHURCH EXTENSION

A report on activities of the Department between conventions.

Prior to the convention in 1964, a thorough and exhaustive study of every mission congregation in the diocese was completed. Under the direction of The Rev. Charles E. Sanders, Jr., the material collected formed the basis for much of the planning that has subsequently been carried out.

Early last fall, we decided to concentrate on a plan to strengthen the work in our five mission congregations encircling the Greater Kansas City Metropolitan Area. The "Team Ministry" idea came into being, when The Rev. Edward R. Sims accepted the Bishop's invitation to take on the responsibilities of this important task. Last fall, for the first time, the congregations of these five missions came together at the Cathedral for dinner and an evening of fellowship. It is our hope that with this experienced and skilled clergy leadership these mission congregations will become self-supporting within a reasonable length of time.

January 18th and 19th was the occasion of the 3rd Annual Mission Clergy Conference sponsored by the Department of the Missions. Dr. Daisuke Kitagawa, executive secretary of the Division of Domestic Missions for the Home Department of the National Executive Council, was the conference leader. Dr. Richard Nesmith, St. Paul's School of Theology, was the dinner speaker. These yearly conferences are developing into a very instructive and worthwhile endeavor.

Since the 1964 Convention the following clergy changes in the mission congregations of the Diocese have occurred: The Rev. Sylvan W. Law, has moved from Redeemer, Kansas City, to be Vicar of St. John's, Neosho, and St. Nicholas' Noel; The Rev. Gerald Robertson has left Trinity, Marshall, and St. Paul's, Carrollton, to remove from the Diocese; the Rev. William A. Bacon, Vicar of Christ Church, Lexington, has accepted responsibility for charge of St. Paul's, Carrollton; the Rev. John Biggs has left Epiphany, Grandview and removed from the Diocese; during the long vacancy in Trinity, Marshall, the Rev. J. B. Sweigart has supplied most acceptably; the Rev. A. L. Burgreen resigned the charge of All Saints', West Plains, and Transfiguration, Mountain Grove, as of January 1, 1965, to retire, and he is being succeeded on June 1, 1965 by the Rev. Warren H. Sapp, who leaves the Metropolitan Mission Team/Ministry to accept the new responsibilities. The Rev. Staley Hackley of Omaha has accepted the call to fill the vacancy thus created on the Team Ministry.

Many times an inexperienced priest (or deacon usually) right out of seminary is sent to a mission congregation which suffers a relapse in its growth, due only to the inexperience of the newly ordained leader. The Bishop has, with the approval of the Department and of the Executive Council, implemented the far-sighted recommendations of the Diocesan Commission on Placement, Compensation and Post-Ordination Training of Clergy (the Rev. D. C. Patrick, Chairman) by arranging that the three priests coming to us from seminaries this June, will receive at least one year of active training in actual parish administration before going into the mission field. We are hopeful that this plan will stimulate and move at a faster pace the development of those missions involved.

The growth of concern for missions outside the diocese, made necessary the creation of the Division of World Mission within the Department of Missions. The Rev. Elton O. Smith, Jr., accepted the Bishop's appointment to head this new work. Several imaginative projects are being planned by Father Smith, in this, the first year of the Divisions existence. This past year the division has concentrated on gathering and spreading information about the Diocese of Choata, Nagpur in India, and provided leadership for our diocesan project for building a church in Bokaro there. They have also furnished resources in leadership in promoting our understanding of the broad concept of "Mutual Responsibility and Interdependence".

"A new baby is born" - The Church of the Resurrection at Blue Springs was dedicated Sunday, April 11th by Bishop Welles. An attractive edifice located on a prominent corner in Blue Springs, promises to be, initially, the best planned site and construction job undertaken by the diocese.

Following this accomplishment, was the purchase of a very attractive site for a new mission in a fast growing area of south Springfield. It will be identified as the Church of Ascension.

This has been a year of new ideas - of moving ahead on many fronts. We firmly believe that God will bless our efforts. However, population shifts has made it necessary to raze the tired structure at Brunswick. Lay readers from Springfield will supply a holding action at Mounttain Grove. However, there is a slight flicker of hope in new people there.

1965 will continue to show an increase in financial responsibility assumed by our mission congregations. This is the result of mature clergy leadership and a growth of the understanding of stewardship on the part of the congregations.

The Department of Missions and Church Extension is looking forward to the remainder of 1965 and into 1966 to further expand the work of God's Kingdom here in the Diocese of West Missouri, under the leadership of our beloved Bishop.

This Department wishes to express its appreciation for the cooperation given by Mr. Philip S. Lyon and his Property Department; to Mr. William V. Longmoor, head of Finance for the Department and to the Rev. John Harry Lembcke for his kindly and considered advice and consultation.

Respectfully submitted,
S/ Gill Miller, Chairman

REPORT OF THE PROPERTY DEPARTMENT

The following matters were handled by the Property Department in the period of April 1964 through March 1965:

Blue Springs. Bids were received in April 1964 on the building as originally designed. The lowest bid being in excess of \$100,000, it was recommended that an extension of time be secured under the land purchase contract and a fresh start made. The extension was obtained and Architect Herman Scharhag employed to adapt the plans for Church of the Messiah at Liberty for use at Blue Springs. Base bids on the revised plans came in at under \$50,000 and a contract was let in September. A most attractive Church unit with seating space for 145 has now been completed and the Dedication Service was held April 11, 1965. The final cost with extras, parking lot, architectural fees, etc., will be in the neighborhood of \$54,000 exclusive of land and the costs associated with the original design.

Boonville. As one result of a Property Department inspection of Christ Church, certain repair and maintenance was suggested. With the approval of the Property and Mission Departments the congregation arranged for the work and paid for it out of local funds.

Bishop's Residence. Two matters were handled during the year. First a joint sewer district has been proposed for the area in which the Episcopal Residence is located. Investigation disclosed our part of the cost would be around \$2,700 which with interest could be paid over 5 years at approximately \$700 per year. In addition connecting the residence to the sewer would cost three to five hundred dollars. The Executive Council approved our supporting this proposal and Vice Chairman Jim Newell appeared at the hearing held by the City Council and spoke in favor. At this writing we have not been informed of the action taken by the city. Second inspection disclosed that the driveway into the residence and the paving in front needed replacement. New Paving and sealer was installed at a cost of \$1,500.

Chillicothe. Approval to repair the Rose Stained window using local funds was given and confirmed by the Department

of Missions and Executive Council.

430 East 55th St., Kansas City. Termites were reported about this house being used as the residence and headquarters of our Chaplain at the University of Missouri at Kansas City. Arrangements were made with the Termite Co. for \$254.79 to do what was necessary, the expenditure was authorized by Executive Council, and successfully carried out.

Brunswick. The long inactive church and house at Brunswick were reported to have deteriorated to the point of being unsightly and an unattractive nuisance. Upon investigation it was decided reluctantly to raze both buildings. The Property Department arranged for this work and after deconsecration of the church by the Bishop, the razing was carried out.

Neosho. Permission was requested to install a new furnace and make heating and air conditioning improvements at St. John's at a cost of approximately \$2,200 with all except \$800 to come from local sources. After investigation and review by the Rev. W. H. Magill on behalf of the Property Department approval was given and an \$800 Commercial Loan authorized.

Carrollton. Property Department inspection of the church building revealed some structural problems. The most serious of these was immediately remedied by the congregation; the others are still under investigation by the Department.

Cliff Springs. The Army requested use of the property for Operation Gold Fire I. Following investigation permission was granted.

Southwest Springfield. Following extensive study, research and the inspection of many pieces of property, a special sub-committee composed of The Rev. W. H. Magill, Mr. F. H. Phillips, and Mr. Ray Aton recommended to the Property Department and the Department of Missions the purchase of a very attractive piece of property in the Village Green addition. Both departments and the Executive Council have approved and the Chancellor's Office is now working out the necessary legal details. This acquisition consists of 3.96 acres at a cost of \$21,000.

Trenton. Routine inspection of the church property revealed some repair and maintenance work needed. Most of this has already been done using local funds and arrangements have been made for the remainder.

Noel. Plans and sketches of proposed improvements were submitted to the Property Department. These were reviewed by Department members and certain observations and recommendations made in a written report. A Property representative also made an on site visit to discuss the problem with the local Bishop's Committee. The congregation is now engaged in further study of the project.

Skidmore. Some ceiling problems were encountered leading to a request for Property Department approval to repairs involving the expenditure of approximately \$300 in local funds. After review the Property and Mission Departments recommended approval of the expenditure and the Executive Council acted favorably.

Inspection Program. As noted above, inspection of Mission properties and the preparation of reports on the condition of the properties were completed at Trenton, Marshall, Skidmore, and Carrollton with the assistance of the local vicars and Bishop's Committees.

Again we wish to express our thanks to all those priests and laymen throughout the Diocese who helped us during the year and to thank the Mission Department, the Architectural Commission and the Expansion Fund Department for their cooperation.

Respectfully submitted
on behalf of the Property Dept.

CLIFF SPRINGS CONFERENCE CENTER REPORT

In 1960 the Diocese of West Missouri acquired the title to a piece of land known as the "Cliff Springs Property", which consists of 193½ acres - including a spring which bubbles out from the foot of a bluff, and which flows about 1,000,000 gallons per day, and which property has four-fifths of a mile frontage on the Gasconade River. The property is located about twelve miles east of Lebanon just two-and-a-half miles off of U. S. Interstate #44 (old Highway 66). Cliff Springs was acquired for the express purpose of developing a Diocesan Camp and Conference Center. To this end, the Committee was brought into being, and its members personally appointed by the Bishop.

The Cliff Springs committee is charged with the responsibility to determine the purposes, programs, and policy for the Center; to develop a master plan for the campsite-development, and to explore the means of financing and maintaining the same, once completed.

The Committee has worked hard for four years now in developing the master plan for the campsite development, and since the last Diocesan Convention has completed its plans. ON NOVEMBER 19, 1963, THE CHAIRMAN PRESENTED THE PLANS TO THE EXECUTIVE COUNCIL OF THE DIOCESE WITH THE MOTION THAT THE COUNCIL APPROVE THE PLANS FOR SITE DEVELOPMENT AND THAT THEY BE

IMPLEMENTED AS SOON AS POSSIBLE. THAT MOTION WAS SECONDED AND PASSED. The Council then referred this to the Team of Twenty for assignment of priority and way of implementation.

Those plans, as presented and approved, consisted of the following:

1. PROPOSED LODGE UNIT - initially complete: The first floor, 2,900 square feet, would house the kitchen, dining and meeting area, entry way and lounge. The lower level, 2,300 square feet, would house a multi-purpose room (one function of which could be dormitory area using folding beds which are kept in general storage area when not in use; other uses being meeting and recreation area), a general storage area, women's toilet and showers, men's toilet and showers, mechanical equipment room and an informal terrace. The upper level, 650 square feet, would house a small dormitory area, sleeping twenty persons. The estimated cost of the LODGE UNIT is \$65,650.
2. TENTS - Group A (East Side): This group would consist of eight units (i.e., eight 14' x 16' tents on wood frames and platforms, housing five campers and one counselor per unit), plus one Shower-toilet-laundry building (Timber Lodge unit by J. F. Pritchard) 16' x 24'. The estimated cost of Group A Tents is \$5,660.
3. TENTS - Group B (West Side): This group would consist of 4 units (as above), plus the foundation of proposed pavilion, which would house toilets, showers, storage area, and sacristy - 756 total square footage. The estimated cost of Group B Tents is \$8,100.
4. CHAPEL (Open Multi-Purpose Pavilion) would consist of 875 square feet, with the estimated cost being \$14,000.
5. SWIMMING POOL - 30' x 60' or equivalent of 1,800 square feet, with 60,000 gallon capacity, and designed to facilitate entire camp. The estimated cost (which does include mechanical equipment and recirculation system) is \$18,000.
6. WATER LINES, SEWAGE LINES AND DISPOSAL SYSTEM for entire camp area. The estimated cost is \$23,600.

The total estimated cost of the campsite development as listed above is \$135,010.

During 1964 there were no regular meetings of the Committee, inasmuch as the Committee had completed its primary tasks, and now awaits further action by the Convention.

However, some campsite development (approved by the committee in November, 1963, and by the Executive Council in March, 1965) is now near completion. This work consists of remodeling the existing concrete block structure to accommodate food preparation and storage area, plus a shower area. The estimate on this remodeling (less equipment) was about \$2,000, which will be paid out of existing Cliff Springs Funds.

Thus, during the coming summer, four Diocesan Camp Programs will be held at Cliff Springs: two Work Camps for Senior High students; two Rustic Camps for 5th, 6th, and 7th Graders.

Committee membership during 1964 consisted of the following: CLIFF SPRINGS CONFERENCE CENTER COMMITTEE: Chairman, The Rev. J. F. Moon, 430 E. 55th, KC; Mr. Charles E. McArthur, Vice Chairman, 828 Dwight Bldg., KC; the Rev. Messrs. H. B. Whitehead, 1526 Benton Ave., Springfield; W. E. Lusk, Broadway at Ohio, Sedalia; A. R. Hingston, 4024 W. 100th Terr., Leawood, Kans.; J. H. Viggers, 480 S. Adams, Lebanon; G. A. Wilson, 1366 E. Elm, Springfield; E. G. Hartront, 200 Market, Warrensburg; W. H. Magill, P. O. Box 3616, Glenstone Station, Springfield; and the Right Reverend Edward R. Welles, D.D., P. O. Box 8578, Kansas City 14; Messrs. Frank Nelson, P. O. Box 272, Lebanon; Robert W. Wagstaff, 2540 West Pennway, KC; Roger Ewing, 415 W. 13th, KC; Sidney Cutright, Jr., 5532 Central, KC; Charles Wood, 1 Court House Square, West Plains; Robert Neathery, KWPM, West Plains; Edward G. Lee, Water Co., Lexington; Lucian Lane, 831 Scarritt Bldg., KC; Fred H. Phillips, 1011 University, Springfield; P. S. Lyon, 4625 Roanoke Pkway, KC; Donald W. Bush, 5406 Park, KC; J. Homer Mote, P. O. Box 618, Carthage; Brady Stevens, 212 W. 4th, Joplin; William C. Davidson, 1330 Vivion Rd., KC; John P. Barclay, Jr., 105 Ridge Dr., St. Joseph; and Mrs. Richard S. Brigham, 5535 Suwanee, Shawnee Mission, Kans.

REPORT OF THE DEPARTMENT OF CHRISTIAN EDUCATION

This past year, with the coming of a new Executive Secretary in the person of the Rev. W. G. Lonergan, and the election of a new chairman of the Department in May, has marked 1964 as a year of transition for the Department of Christian Education. On the one hand, the Executive Secretary has been finding his way about the diocese and at the same time trying to deter-

mine where his skills and resources could best be utilized in relation to the various needs and concerns in parishes and in diocesan programs. On the other hand, the new chairman has been trying to find ways of working effectively with the new Executive Secretary and the department as a whole. Last year, also, the Executive Secretary's responsibilities were broadened by action of Executive Council to include work in and for the Department of Christian Social Relations (see report of that department).

The work of the Department may be roughly divided into two areas: Diocesan Programs planned and administered by the divisions of the department with the help of the Executive Secretary; and consultative and training services offered to congregations by the Executive Secretary and various members of the department. The divisional structures of the department (Camps and Conferences, Youth, Adult and College Work) have been basically trying to maintain the program which was already in existence. For example, Camps and Conferences operated the usual summer program for our young people with approximately 200 youngsters from around the diocese involved. The only basic change instituted in 1964 was a stronger emphasis on small group unit camping for ten-, eleven-, and twelve-year-old children. The Youth Division held one youth rally for high school age young people in the Spring. The Adult Division held a School of Religion in the two southern convocations of the Diocese with sections at Springfield and Joplin. The major thrust of the College Work Division was in the establishment of the chaplaincy at UMKC. The Rev. James F. Moon began this ministry on January 1st.

Very little new work was initiated by the department in 1964. Nearly all members have been working diligently, however, seeking ways in which we might respond more creatively to the needs of the diocese in a changing world.

While we in the department feel that we have done a good job on those projects we have attempted, none-the-less, we are acutely aware of our inaction in relation to rapidly emerging new needs and concerns. We feel that 1965 will see an increased vigor in a department which has with other departments of the diocese striven to meet as many of the demands upon us as, by God's grace, we are empowered to meet.

Respectfully submitted,
S/ Allen R. Hingston, Chairman

REPORT OF ST. LUKE'S HOSPITAL

In the past year, 18,623 patients were admitted to St. Luke's Hospital. These patients stayed a total of 152,576 days, or an average of eight days per patient. The laboratory performed 433,660 tests, 48,347 procedures were done in the X-ray department, and 8,771 operations in surgery.

The building program has moved along at a rapid pace, and anticipated completion dates are well within the schedule projected more than 18 months ago. It is expected that the first of five new patient floors will be occupied in late May, or early June, and that succeeding floors will be available approximately one month apart thereafter. Current projections indicate that the entire new construction will be completed and in operation during this calendar year.

The cornerstone for the new chapel was laid on March 1, in a ceremony officiated by the Bishop with several members of the Board of Directors, the Auxillary, and the staff participating. It is expected that the chapel will be completed in July, or early August, 1965.

The construction program has caused some inconvenience and aggravation to many who have had occasion to utilize the hospital. The great forbearance and understanding evidenced by patients, visitors, and staff are deeply appreciated. It is sincerely hoped that the considerable improvement in facility will justify these temporary irritations.

Respectfully submitted,
S/ Robert A. Molgren

REPORT OF THE DEPARTMENT OF INSURANCE

Since our last report the Department of Insurance recommended the purchase of Workmen's Compensation Insurance to bring our Diocese in compliance with the state law. The policy was approved by the Executive Council and purchased. This principally will pay reimbursement under the existing Workmen's Compensation law and medical expenses to any of our clergy injured in the course of their duties.

We are also approaching the end of the second year of our uniform fire insurance for Mission properties. Fortunately we have only had to use a little bit of the \$2,000 placed in the reserve fund to cover the \$1,000 deductible used in this policy. It is out of this fund that we will pay small losses that would ordinarily

be covered by a standard fire and extended coverage policy. We have a long way to go before the reserve fund will be high enough to satisfy the Insurance Department, but we feel a good deal better about it now than we did in the beginning and feel that establishing the reserve and the policy of carrying small losses ourselves will ultimately be justified.

I would like to point out in this report that we do not have burglary and theft loss or money coverage on any of the Mission Churches. This wasn't carried by any of them at the time of the consolidation of the insurance plan and was felt that the added cost to include it was too high to justify same. Likewise on the advice of our Chancellor and other legal aids we do not carry any liability insurance of any kind on any of the properties it being their decision and ours to rely on the eleemosynary defense to protect us.

Respectfully submitted,
S/ Dick Sloan, Chairman

REPORT OF THE DIOCESAN ARCHITECTURAL COMMISSION

The following work has been handled by the commission during the past year:

Blue Springs: Attended numerous meetings and conferences with the Department of Missions and the Property Department during the planning stages for the new church at Blue Springs, Missouri. Assisted in the redesign of the building in order to stay within the budget. Reviewed the final plans and specifications.

Bishop's House: Arranged for the re-paving of the driveway from Wornall Road, awarded the contract and inspected the work.

Respectfully submitted on behalf of the Architectural Commission.

S/ M. H. Linscott, Chairman

REPORT OF THE DIOCESAN ECUMENICAL COMMISSION

Following Convention action establishing this Commission last May, Bishop Welles appointed the following members: The Rev. Elton O. Smith, Jr., Chairman; the Very Rev. Donald

R. Woodward, Mr. Calvin Manon, Mr. W. Hardy Hendren, the Rev. James Moon, the Rev. William Magill, Mr. Leon Kassab, Mr. Jacques DeLaurier, Mr. E. S. Washburn, the Rev. Birney Smith, and the Rev. James Riley.

We have had three meetings to explore purpose and program, in addition to the activities described below. One of these meetings was led by the Rev. Paul Verghese, Ecumenical Secretary of the World Council of Churches, and members of Ecumenical Commissions from other Communions, Roman Catholic and Protestant, attended this meeting.

Under the sponsorship of the Commission, a Pulpit Exchange was arranged throughout the diocese with other Churches participating in the Consultation on Church Union (Methodist Presbyterian, Disciples of Christ, United Church of Christ, and E. U. B.) Almost all parishes and missions took part in this exchange before the Week of Prayer for Christian Unity in January, one of the most comprehensive of such exchanges arranged this year in the Episcopal Church.

During the week of Prayer for Christian Unity, priests and congregations in Warrensburg, Nevada, Maryville, Raytown, and St. Joseph (among others) took part in prayer services and ecumenical exchanges with both Roman Catholic and Protestant Churches.

Upon invitation of the Roman Catholic Diocese Ecumenical Commission of Kansas City-St. Joseph, our Commission authorized a committee to work with them in joint ecumenical efforts. One project undertaken already is a Theological Dialogue group composed of six Episcopal Rectors and six Roman Catholic pastors of parishes. Our representatives are: The Rev. G. Harparris Collingwood (Kansas), the Rev. David Patrick, the Rev. Samuel S. Johnston, the Rev. Edward R. Sims, the Rev. Douglas McElynn, and the Rev. Elton O. Smith, Jr., with the Rev. James Moon as Consultant. Our representatives were appointed by Bishop Welles and the Roman Catholic participants by Bishop Helmsing.

At this point it should be reported that Bishop Welles was appointed this year to our national Joint Commission on Ecumenical Relations, and serves on the commission responsible for conversations with the Roman Catholic Church and Assembly of God Church. Bishop Helmsing serves on the national Ecumenical Commission of their Church, with responsibility for conversations with the Episcopal Church. Here in Kansas City, Bishop Welles has been appointed a trustee of the Pope John XXIII Foundation, which operates the Kansas City Ecumenical Library. I have been appointed to the executive committee of the Library.

In other directions, Dean Woodward has been named chairman of the Ecumenical Relations Department of the Kansas City Council of Churches, and will be responsible within our Commission for developing contacts with other churches associated with the Council.

Upon request from Bishop Welles we have also been asked to consider opportunities for ecumenical mission strategy and planning through the Missouri Council of Churches. We are presenting a report at this Commission which recommends a direction for such involvement.

Respectfully submitted,

S/ The Rev. Elton O. Smith, Jr.
Chairman

REPORT OF URBAN AFFAIRS DEPARTMENT

(Inner City Committee)

The 75th Convention continued the Inner City Committee and charged it with responsibility for cooperating with other Christian bodies in raising funds for the sponsorship of a community organization in the Inner City of Kansas City. Because of the nature of this assignment, major responsibility for this year's work has fallen with the Chairman, the Vice-Chairman and the steering committee.

The entire months of June and July, 1964, were spent in preparing an application for a grant from the Church School Missionary Offering. This was submitted in June and a final grant was made effective December, 1963, in the amount of \$15,000.00 to be paid - \$5,000.00 a year - 1965-66-67.

The interested church groups, The Episcopal Diocese of West Missouri, The Roman Catholic Diocese of Kansas City-St. Joseph, and the Kansas City Presbytery of the Presbyterian Church U. S. A., gathered in July to form a provisional committee for a Citizens Participation Program of which Rev. John H. Lembcke was elected Chairman.

July, August, and September were devoted to contracting the private funds and foundations of the area in the interests of a community organization program. There were no appreciable results to this appeal. At the same time, the denominational leaders of other religious bodies were contacted. All expressed interest and willingness to study the project further.

During this same period, Articles of Incorporation were drawn up, creating a not for profit corporation called The Citizens Participation Project, which was incorporated under the laws of the State of Missouri as a not for profit corporation on January, 1965, thus, creating an intermediate body which could receive and administer funds.

The Merrill Foundation of New York contacted us in December of 1964 and expressed an interest in our project. We immediately entered into negotiations with this foundation and a grant was finally made in the amount of \$25,000.00 for 1965 with an option for a second year's grant of similar amount in 1966. These negotiations were concluded on March 22, 1965.

In January, 1965, the Disciples of Christ expressed their interest in our project by indicating a willingness to pledge \$750.00 a year for a three-year period.

In the course of ten months, \$127,350.00 has been raised toward sponsorship of this project. These funds would be sufficient to guarantee the complete funding of a thirty-month program.

At the September, 1964, planning meeting of the Executive Council, it was decided to create a department of Urban Affairs for the Diocese. At the November, 1964, meeting of the Executive Council, the old Inner City Committee was designated Department of Urban Affairs, and has gone by that title since.

In January, this department joined in sponsoring a consultation on the Christian Ministry to the central business district.

At the May, 1965, planning meeting of the Executive Council, this department will present a statement of purpose for the guidance of the council and the department and will submit, at the same time, a set of bylaws for more effective structure and organization of a permanent department.

The department will be prepared to make a thorough report to the 1966 Convention concerning the subject of urbanization as it affects this Diocese.

In the meantime, the next three months will be taken up with the formation of a new department and the recruitment of personnel and membership.

Pursuant of his duties, the Chairman of this department has attended the Executive Council meetings, the meetings of the Research and Planning Committee of the Council of Churches of Greater Kansas City, has scheduled two department meetings since December, conducted twenty personal interviews, attended forty-five committee or sub-committee meetings relat-

ing to this project, made two trips to Chicago, and one trip to St. Louis on behalf of the department.

Respectfully submitted,

S/ J. H. Lembcke, Jr., Chairman

REPORT OF THE BOARD OF EXAMINING CHAPLAINS

The Board of Examining Chaplains has met three times since the 75th Annual Convention. Three men have been successfully examined and recommended for ordination to priesthood and three men have been recommended for ordination as Perpetual Deacons.

The board wishes to record its appreciation for the distinguished services rendered by the Reverend Canon Harold B. Whitehead who has been a member of this board from 1943 to 1964.

The board also wishes to express its appreciation to the Reverend Edward R. Sims, who has served this board as Chairman from the years 1953 to 1964.

Respectfully submitted,

S/ J. H. Lembcke, Chairman

REPORT OF THE DEPARTMENT OF STEWARDSHIP

During the twelve months past since last convention, three areas of activity received emphasis in the Department of Stewardship and in the work of the Chairman.

First, there has been the search for a full time stewardship man, the largest part of which effort has fallen to the chairman. In all, nine men have been dealt with on a serious level, and four have actually been interviewed here. We now believe that we will have a man in residence by 1 September.

Secondly, there has been the matter of our continuing Stewardship program in the Diocese. In this area we have:

- Conducted three highly successful training sessions in several locations in the Diocese.
- Had printed new pledge cards both for "Money" and for "Time and Talents" pledges.
- Purchased various stewardship materials for use by our congregations.

- Purchased for loan several filmstrips for local training sessions.
- Composed and had printed a pamphlet on Wills.
- Composed and had printed a pamphlet for use in the Fall, 1965, called, "A Good Member Is A Good Steward".
- Begun work on a filmstrip of our own composition for use in Fall, 1965.
- Made available and distributed without cost all of the above items.

In addition, the Chairman has spoken to vestries and several groups and has consulted with priests and laymen as his own parish ministry would permit. The chairman has attended several meetings having to do with Stewardship and has met with other persons in this area of interest with a view to gaining information as to methods; histories of their diocesan programs; and to interchange ideas.

Thirdly, the Department has explored new challenges and ideas:

- We have tried to deal with the somewhat nebulous relationship of Proportionate Giving, Capital Needs, and M. R. L., with a view relating them each to the other in a meaningful way.
- We have heard the clear call of the General Convention of 1964. In this triennium, we are to strive towards giving to work outside our congregations AS MUCH as we spend on ourselves. This seems to mean that we will give to others as much as our own Current Expenses. With our Quota Assessments now about 50%, this means that we are to DOUBLE OUR EFFORT for the Mission of the Church outside our local boundaries.

The reason is simple: We must know Christ and make HIM known in this troubled age. And when and where we are not able to do this ourselves in person, we must help by sending our PROXY, the money we have earned with our talents.

Respectfully submitted,

S/ (The Rev.) Donald E. Becker
Chairman

REPORT OF THE DEPARTMENT OF CHRISTIAN SOCIAL RELATIONS

The past year has been active and stimulating for the Department of Christian Social Relations. We have attempted to

look at our goals concerning the community, the nation, and the world in the light of the Gospel and M. R. I. We realize that if the Church is to be effective in the world Christians, both lay and clerical, must speak and act on political and social issues. C. S. R. is one of the least understood areas of the Church's life and, perhaps the most controversial. It encompasses concerns for human rights, ministry to the aging, the handicapped, both mentally and physically, the problems of youth, crime and punishment, alcoholism, world peace, family life, public morality and legislation. Four topics have been selected for our concern: race, alcoholism, aging, and world peace.

In October the department was strengthened by the Rev. W. Gerald Lonergan, who was named Executive Secretary by the Executive Council. His aid has been most helpful to the development of this department.

The Department offered itself as panel speakers to parish groups throughout the Diocese so that all churchmen might gain a better understanding of the purpose of C. S. R. These programs explored the areas of concern of C. S. R. and attempted to stimulate parishes to action. The response to these programs has been gratifying. To date twelve programs have been presented, with requests still being received. Parish groups are urged to form "social action committees" to deal with specific problems in their community. As a result of the C. S. R. presentations five parishes have undertaken social action projects. In addition, the Department has served as resource people and, upon request supplied project ideas to individual parishes and to the University of Missouri, Kansas City.

Dr. Daisuki Kitagawa, Executive Secretary, Department of Home Mission, Executive Council, met with this department to offer guidance and specific suggestions.

In October the Department introduced a resolution to the Executive Council asking the Diocese to support the Greater Kansas City Council on Religion and Race. The resolution was approved. The Chairman of the Department has been named a member of the Executive Committee of the newly formed Council on Religion and Race. Several members of the Department serve on the Housing Committee of the Council. In cooperation with the Council five clergy and lay people attended Civil Rights demonstrations in Kansas City. Three clergymen and one lay person were prepared to go to Montgomery, Alabama, to participate in the Freedom March, but were unable to do so because of poor flying conditions.

The Department presented a comprehensive survey report to the Executive Council in January with specific recommendations. We await the report of a special committee for disposition of the report.

The Very Rev. Donald R. Woodward presented a resolution to the Executive Council in March supporting Dr. R. R. Mcneilly, Prairie Village United Presbyterian Church, for his position on "open housing". This was approved by the Executive Council and was made known through the Kansas City Star and letters to affected persons.

The Rev. Carl Swanson, Alcoholism Committee Chairman, recently attended the National Council on Alcoholism Conference in Tulsa, Oklahoma. The television program "Clergy and Alcoholism", written and presented by Father Swanson, has been nominated for a national "Emmy" award as one of the best documentary television presentations.

The Department contributes to the support of the Missouri Interfaith Service Association. This organization works with parolees and prisoners about to be released. One member of the Department is very active in this group and visits regularly the Missouri State Prison, Moberly, Missouri.

Various members of the Department involve themselves with civic and interdenominational groups; realizing that if we are to be effective in our task we must cooperate with other denominational and professional groups. Two members of the Department are members of the Advisory Board of the Kansas City Urban League. Father Lonergan serves as Chairman of the Social Service Committee of the Kansas City Council of Churches. The Department of C. S. R. has representation on the following boards: Kansas City Council of Churches, Missouri Association Social Welfare, Kansas City Planned Parenthood Association, People to People, Freedom Fair, Kansas City Council on Alcoholism, and the Coordinating Council on Human Relations.

Eleven members of the Department attended the Joint Regional Conference on Christian Education and Christian Social Relations held in March by the National Executive Council. The Annual National Meeting of Episcopal Society for Cultural and Racial Unity was attended by three members of the department. The department has also been represented at UMKC Conference on Counseling to Women, the Mayor's Human Rights Luncheon, as well as other special events of interest to this group and the diocese as a whole.

Respectfully submitted,

S/ Marion Keith (Mrs. Harry W.)
Chairman

REPORT OF
THE NATIONAL TOWN-COUNTRY CHURCH INSTITUTE

For the year 1964 we have had a total of thirty-three different groups using the facilities of this Training and Conference Center. They have varied in length from one day to two weeks. Eight have been sponsored by the Divisions or Departments of The Executive Council, six by the Dioceses of West Missouri and Kansas, six by parishes and Church organizations in the area, two by The Greater Kansas City Council of Churches, and eleven by other Churches in the area. Of these last, two were regional. One was sponsored by the American Baptist Church and was a Conference on Theology and Pastoral Care. The second was sponsored by the Presbyterian Church for its Urban Clergy. Both of these conferences brought to Roanridge several of their national leaders.

Our Audio Visual Aids Library continues to serve the whole Church in all parts of the country, though it is used primarily by mission congregations. The book lending library is used by many of the clergy throughout the Church. We are presently experimenting with a new project - that of recording on tape for shut-ins and blind people Home Prayers which is published by the Rev. Allen Clark of Sanbornville, New Hampshire.

With the coming of the Rev. Herman Page to live and have his office at Roanridge, the National Town-Country Church Institute has increasingly become the center of the Church's concern for the Church in Town and Country Areas. Almost one-half of the congregations of our Church are situated in places of less than 10,000 population and they are served by approximately one-third of our active parochial clergy. Many of these congregations and clergy are located in places of special need such as resort and recreation areas where many of the people from the cities flock on weekends and during vacation times and holidays. Others minister to people living in widely scattered places; while others face the problems of mechanization, industry, and a declining population. How we can help all of those serving in these widely diverse areas is one of the concerns of the staff at the National Town-Country Church Institute.

Mr. Richard Halladay, who was on our staff for two and a half years, is now a student at the Episcopal Theological Seminary in Lexington, Kentucky. Replacing Mr. Halladay is the Rev. M. Stanley Compton, Jr., from Eastern Oregon, who is presently engaged in a research project.

Respectfully submitted,
S/ The Rev. Francis Allison

REPORT OF
THE CHURCH PENSION FUND

This is the short report that the Trustees of The Church Pension Fund make each year to the dioceses for their annual conventions.

Attached is a list of individuals of your diocese currently receiving benefits. The benefit totals throughout the Church are as follows:

	Number	Amount
To retired clergy	1,074	\$2,232,869
To disabled clergy	109	245,319
To widows	1,608	2,044,482
To orphaned children	297	167,744
Total	3,088	\$4,690,444

Included in these figures is an increase at the beginning of 1965 in the normal minimum pensions, the increases totaling \$464,000 a year. The normal minimum for the clergy is now \$2,100 and for widows \$1,400 a year. The orphan's allowance is now \$420 to \$700 a year, depending on age bracket. Pensions below these figures are due to late ordination, unpaid assessments in inactive periods, very low salaries, very late marriage, and deposition intervals.

For full span of ministry the clergy pension is 60% of his average salary, and widows' pensions may get up to 30% of his average salary.

About 45% of the present benefits from the system are the retirement benefit; 8% the disability benefit; and 47% the widows' and children's benefits. The assessments contribute a little less than one-half of the needed resources in the long run, over a half coming from investment earnings.

The insurance and annuity facilities made available by the Trustees through Church Life Insurance Corporation are widely used by the clergy and active lay workers and officials. The policies are a means, among other uses, whereby individuals may name their parishes as beneficiaries; parishes may build up endowments; parishes may provide pensions for their lay workers; dioceses and parishes may provide group life insurance for their clergy. The group Church Major Medical Plan now covers 15,000 individuals - clergy and lay workers and family members.

Over 5,000 churches and institutions are insured in The Church Fire Insurance Corporation. Thus the Church in effect is insuring itself, saving considerable money for the Church in

the process. The affiliated Church Agency Corporation handles bonding, boiler, and other insurances required by the Church. Thus the Church has its own specialists working wholly in the field of Episcopal Church insurance, as its "joint commission on pension and insurance," so to speak.

These units are wholly-owned subsidiaries of the Fund, operate wholly within the Church, and contribute to clergy pensions.

The Trustees of the Fund appreciate the cooperation of the many clergy and lay people in administering this activity of the Church.

Faithfully yours,
Robert Worthington

REPORT OF EPISCOPAL CHURCHWOMEN

1964 was an eventful year for women of our Diocese. We attempted to meet its challenges with Christian concern. At the suggestion of Bishop Welles we adopted the following policy in January: "Less preoccupation with ourselves and our local needs and more concern with world needs and world Christian strategy". The adoption of this theme was met with sincere effort on the part of the Episcopal Churchwomen to meet its challenge. We are very grateful to the Bishop and the Clergy of our Diocese for their sincere interest, helpful advice and generous sacrifice of time. We are also appreciative of the privilege to vote in the Executive Council as a result of the action of the Diocesan Convention, and it is our hope that this aggressive and far reaching step will eventually be adopted by the National Church.

As your President, I presided at all the meetings of Episcopal Churchwomen of the Diocese of West Missouri and their Executive Board. I attended Executive Council meetings where I served as a member of the Department of Missions, Department of Promotion and the Inter-City Committee, and I attended all meetings of the Districts. It was my privilege to attend the Triennial in St. Louis, as a delegate, where I served as a member of the Credentials Committee. Fifty women from West Missouri served as ushers in the U.T.O. Service at the General Convention. I served on all Diocesan committees ex-officio of Episcopal Churchwomen in West Missouri. It was my pleasure to speak twelve times to Women's Groups throughout the Diocese and to visit fifteen parishes and missions outside the metropolitan area, as well as visit five parishes in the metropolitan area. This has been a moving experience for me because of the warm friendship, hospitable reception and eager cooperation of all Episcopal Churchwomen throughout our Diocese.

In an effort to conserve time and space, the Executive Board of Episcopal Churchwomen has directed me to include in this report all activities of the officers, Department and Com-

mittee Chairmen of the Diocesan Board. The following reports, as given to me, appear in the order as shown in our Handbook for 1964.

Vice-President - Mrs. John R. Lawrence - Mrs. Lawrence attended all meetings, assisted with promotion, arranged for Hospitality and Registering of Delegates at all meetings. She attended the General Convention in St. Louis as a visitor.

Vice-Presidents Ex-Officio - **PRESIDENT OF THE SOUTHERN DISTRICT** - Mrs. Ralph E. Wiley - Mrs. Wiley presided at the two Southern District meetings for 1964. The first was held in Trinity Church, Lebanon, where an interesting program was provided by the Women of St. Joseph on racial discrimination. The second meeting was held in Joplin at St. Philip's Church and the Reverend James F. Moon spoke of his work with students at U.M.K.C. Both meetings were well attended. **PRESIDENT OF THE NORTHERN DISTRICT** - Miss Nancy Sandehn - Miss Sandehn presided at one meeting and assisted the Diocesan President at a joint meeting of the Northern District and Diocesan Churchwomen in Trinity Church at Marshall, Missouri. The first meeting was held in Grace Church, Chillicothe, Missouri, and the speakers were Mrs. Henry Goss and The Reverend Warren Sapp. Miss Sandehn also attended Executive Board meetings. **PRESIDENT OF THE CENTRAL DISTRICT** - Mrs. Herbert H. White - Mrs. White presided at two meetings of the Central District, attended Executive Board meetings and the General Convention in St. Louis as a visitor. The first meeting was held in Christ Church, Boonville, where The Reverend Patric Hutton spoke of his work in Taiwan. The second meeting was held in Trinity Church, Independence, and The Reverend James F. Moon told of his work with students at U.M.K.C.

Recording Secretary - Mrs. L. H. Hodges - Mrs. Hodges sent questionnaires, compiled the Handbook and mailed it, and recorded all meetings. She attended the General Convention in St. Louis as a visitor.

Corresponding Secretary - Mrs. William C. Davidson - Mrs. Davidson carried on Diocesan Correspondence, and is Editor of the "Newsletter". She attended all meetings and went as a visitor to the St. Louis Convention.

Treasurer - Mrs. C. W. Cleverdon - Mrs. Cleverdon kept the books and handled all the money for the Diocesan Churchwomen. Her charts were very helpful in explaining our finances. She attended all meetings and served on the Finance Committee.

U. T. O. - Mrs. J. Homer Mote - After getting off to a splendid start, Mrs. Marvin Millsap was forced to resign because of ill health. Mrs. J. Homer Mote graciously accepted the

Chairmanship and took over in August. She attended all meetings and set up an efficient system of handling U. T. O. in this Diocese. She attended the Triennial as a delegate and presented the offering for West Missouri at the U. T. O. service there. She has reported the Triennial on several occasions.

Supply - Mrs. Howard Hinds - Mrs. Hinds sent out all supply assignments and reported that they were satisfactorily filled.

Christian Education - Mrs. E. Z. Hauber - Mrs. Hauber attended all meetings and brought educational materials. She has spoken three times to Parish groups and has replied to numerous inquiries by ordering books and pamphlets that were needed. She attended the General Convention as a visitor and assisted at the Christian Education booth there.

Finance - Mrs. Carl Mason - Mrs. Mason and her Committee revised the budget after consulting with Bishop Welles. This new budget complies with the standards set by M. R. I. The women are now giving over 50% of their budget to Overseas and Domestic Missions. The money allotted to Overseas Missions was used to purchase a bus to be used as a mobile medical clinic for the Church in Taiwan.

Promotion - Mrs. Frank Koger, Mrs. John R. Lawrence - This is a new department, created to enable the Vice-President to work more closely with the President. Working in cooperation with the President and Vice-President, Mrs. Koger handled all publicity and promotion for Episcopal Churchwomen. Under her capable direction all promotion was coordinated. She attended all meetings and wrote all publicity releases.

Devotions - Mrs. C. E. B. Nobes - Mrs. Nobes reports that three quiet days were held and devotional kits were distributed. She answered inquiries and ordered materials requested by the various women's groups. She attended all meetings and went to the General Convention as a visitor.

Christian Ministries - Mrs. Sam Iams - As no requests were made to this department, Mrs. Iams was enthusiastic in cooperating with the Finance Committee to utilize funds accumulated for use of this Department. As a result, a donation was made to The Central House for Deaconesses in Evanston, Illinois.

Christian Social Relations - Mrs. Harry Keith - Mrs. Keith has done an outstanding job in Christian Social Relations, and we are proud of the fact that she is a member of the Executive Council and Chairman of the Department of Christian Social Relations for the Diocese. She attended all meetings and went to St. Louis as a visitor to the General Convention. She held a workshop for Parish Presidents assisted by The Rev. Herman

Page from the Home Department of the National Council. She serves on the Social Welfare Committee for the Council of Churches, and participates in three other civic movements. Mrs. Keith has spoken five times to Parishes in the Diocese, answered inquiries and sent material when requested.

"Newsletter" - Mrs. Charles E. Brown, Mrs. William C. Davidson - The women of the Diocese are very appreciative of the time spent by Mrs. Brown and Mrs. Davidson in writing and sending the "Newsletter". This is a wonderful communication for our Churchwomen, enabling us to be informed of the many activities and projects going forward in West Missouri. Home prayers are sent to shut-ins with their "Newsletter". Mrs. Brown has attended all meetings and, with Mrs. Davidson, makes a splendid contribution to our work.

Program - Mrs. Edward R. Welles - Mrs. Welles coordinated the programs with the newly adopted theme and secured, as speakers for the five meetings, Missionary Priests, Bishops, and a lay worker. This served as an educational experience for the women of our Diocese and helped to keep us informed of the needs of the Overseas Missions. She attended all meetings and accompanied the Bishop to the General Convention, where she observed as a visitor. The speakers were as follows: The Rt. Rev. John A. A. Maund, Lord Bishop of Basutoland; The Rev. Patric Hutton, Missionary from Taiwan; The Rt. Rev. Chandu Ray, Bishop of Karachi, Pakistan; and Miss Georgianna King, who taught for one year in the Virgin Islands. The Rev. Diasuki Kitagawa was scheduled to speak but was unable to come because of illness. A recording of Bishop Hans' sermon, made while he visited in this Diocese, was played at that meeting.

Nominating Committee - Mrs. Sidney B. Cutright, Jr., Mrs. Charles E. Brown - The nominating committee presented the names of Mrs. Gill Miller as Vice-President and Mrs. John Ward as Recording Secretary. These new officers were elected and installed at the annual fall meeting.

Church Periodical Club - Mrs. William H. Ball - Mrs. Ball reports an increase in donations and participation in the C. P. C. Of the twenty parishes and missions that responded, seven were new participants. This money was sent to Bishop Hans to purchase books for the Seminary in the Diocese of Chota Nagpur. Mrs. Ball attended all meetings and served on several Diocesan committees.

St. Luke's Hospital - Mrs. Richard Kiene - Mrs. Kiene reports that in addition to the full program of the hospital auxiliary, two new projects were conducted to raise funds for the expansion of St. Luke's. The Nearly New Shop and The Holly Ball were both highly successful. The Nearly New Shop will

continue to operate as a source of revenue for the Auxiliary enabling further support of hospital projects.

Diocesan Altar Guild - Mrs. George A. Clay - Mrs. Clay attended all meetings and the General Convention where she and members of her guild assisted in the National Altar Guild booth. Articles from the Loan Chest were sent to Missions upon request, and linens were made and sent to several Missions. A chest of Eucharistic supplies was given to the Youth Conference Summer Camp. This chest is loaned in the winter for the newly established work at U. M. K. C.

National Cathedral - Mrs. William M. Spann - Mrs. Spann attended all Diocesan meetings, the National Cathedral Association meeting in Washington, D. C., and dedication of the Gloria in Excelsis bell tower there. She also went to the General Convention in St. Louis and helped to man the N. C. A. booth. She answers inquiries and stimulates interest in the National Cathedral.

United Churchwomen - Mrs. Sidney B. Cutright, Jr., Mrs. Burt A. Mayberry - Both Mrs. Mayberry and Mrs. Cutright attended all meetings of the Episcopal Churchwomen and United Churchwomen. They served on several committees in U. C. W. and procured volunteers from our Diocese to work in U. C. W. projects. They attended the U. C. W., Triennial, held in Kansas City last fall and were in charge of supplying ushers for the Communion Service held in Grace and Holy Trinity Cathedral for the U. C. W.

These brief reports represent hours spent, miles traveled and prayerful planning on the part of every Chairman and Officer. The splendid ability and generous giving of time and talents of these women reflect the deep religious convictions of all Episcopal Churchwomen in our Diocese. We pray that our efforts will be acceptable to God and that with His help we may go forward to meet the coming year with a sincere desire to do His will.

Respectfully submitted,

S/ Mrs. Richard S. Brigham,
President of Episcopal Churchwomen
of the Diocese of West Missouri

REPORT OF THE DIOCESAN ALTAR GUILD

The Diocesan Altar Guild has in its keeping Eucharistic silver which Bishop Welles thinks should be listed and recorded in the Diocesan Journal. This silver was given to the Bishop

and, he, in turn, thought it should be in use, if the necessity arises. Also, it seems, there have been inquiries as to the whereabouts of some of the pieces. I have three chalices, three patens, and two very large wine flagons. One chalice and paten are dated 1888 and were in old St. Luke's church. There are two matching chalices which came from Christ Church, St. Joseph, and two patens which also came from St. Joseph. The flagons were memorials and I am not sure as to their origin - but, as I said, they are very large and elegant.

There are available for loan to Missions.

Respectfully submitted,
Thelma Clay

The Committee for the Diocesan Convention of the Team of Twenty submits the following note attached to their specific recommendation.

1. The Committee recognized the vital function of the Convention in the life of the Diocese as the 'governing body which shall possess and exercise all necessary legislative and judicial powers'. (Constitution Article 6, Section 1.) The Convention is that body of the Church composed of members from parishes and missions "called out" to be the Church deliberating about and taking action concerning all matters affecting the life, work, and witness of the whole Church within the geographical area known as West Missouri. While the Convention is the visible expression of the whole, its real life is discovered in its response to the guidance of the Holy Spirit.

This is all set forth most wonderfully in the Collect in the Prayer Book on p. 36.

2. It was recognized that the Bishop in his fourteen years of leadership, had brought the Convention to a high level of vitality, has developed a strong spirit of unity, and has surrounded the Convention with events and activities which have greatly enriched the meaning of the Convention for all who attend either as delegates or as visitors.

The leadership of the Bishop as President, has been strong, clear, vigorous and scrupulously fair.

3. It was recognized that the size of the Convention, the turnover of delegates, clergy and lay, the changing world in which we live, and the urgency for a vital and relevant witness, constitute a situation and climate against which our recommendations are offered. There were three principles which emerged in our discussions which became our convictions and have served as our guide lines.

A. **Pre-involvement.** It is difficult, if not impossible in some instances, for delegates to play a responsible role in the

Convention without some pre-involvement. Thus, every effort on the part of the Bishop, Executive Council, committee heads, etc., to equip and prepare delegates before the Convention opens must be encouraged and undertaken.

B. The Convention must be **streamlined** as to eliminate the unessential and to provide time and opportunity for extensive involvement by; the Convention with the vital issues of the day in the light of the work and witness of the Church. The recommendation that the business of the Convention be conducted in the course of a single day rather than in two half days is not to be interpreted as an unwillingness of delegates to be meaningfully involved in the work of the Convention, but as our appraisal that, at the present, the real work of the Convention can be accomplished in this length of time. Such would appear to be more a judicious use of time. If it can be arranged that more vital matters become the broad basis of the Convention, then we believe delegates would willingly give all the time necessary.

C. A determined effort needs to be made to make the Convention function through report, debate, and action as the responsible decision-making body of the Diocese, in the matters of policy, program, action and witness. It was strongly felt that "the Convention should speak to something besides the budget". Such matters as policy for development and strategy for mission congregation, College Work, Youth work, and Conference center, Ecumenical relations, Liturgical reform, and hospital chaplaincies were mentioned, as well as such matters as Civil Rights, International relations, governmental policies, unemployment, and other matters of our time to which the Church ought to be speaking in a loud and relevant voice. Delegates - clerical and lay - want to leave the Convention with a feeling that we "have really done something or said something," which is vital, relevant, and important.

Therefore, the Committee begs leave to offer the following recommendations.

A. **Pre-involvement:**

1. It is recommended that all reports to be presented at the Convention be prepared and distributed to the clergy in sufficient time so that they may be in the hands of the delegates in order that they may be discussed by delegates and vestrymen, at Convocation meetings or vestry meetings prior to the Convention.

2. It is recommended that the Canons be amended (Canon II, Section 1) so that the names and addresses of the delegates be available to the Bishop at least 30 days prior to Convention.

3. It was recommended that parishes encourage alternates

to be present. Such experience will serve to train men to serve as delegates.

4. It is recommended that No. 3 under the Rules of Order shall be changed to read "The president shall appoint such committees as are in his opinion necessary, and such committee members shall be notified as early as possible before the Convention opens".

It is recommended that committee appointments should be kept to a workable number in order to facilitate the operation of the Committee.

B. Streamlining:

1. It is recommended that the time of the Convention, i. e., in May, be continued.

2. It is recommended that the Convention be held annually.

3. It is recommended that the following schedule be adopted for the Convention.

Sunday, 4:00 p.m. - New delegates to meet for briefing.

Sunday, 6:00 p.m. - Dinner, no speaker. (1966) (Matters of business, requiring advance notice only; see Canon 23).

Sunday, 8:00 p.m. - Convention service with the Bishops' address.

Monday, Holy Communion - Breakfast.

Monday, 9:00 a.m. - Convention opens. First order of business to be nominations with elections following lunch.

Convention continues until business is completed.

4. It is recommended that each nominee be presented to the Convention as he is nominated.

5. It is recommended that after the ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue until there is one more than the number of persons to be elected. This shall not apply to votes by orders.

6. It is recommended that the proper type of projector be secured to be used when desirable to project on a screen the names of nominees, reports, and announcements, in such a way that they be better seen by the Convention.

7. It is recommended that by lot the Secretary of Convention shall assign seating arrangements for delegates and alternates, and that appropriate standards be secured and erected, identifying the delegations.

8. It is recommended that the order of business in the Rules of Order be changed.

C. Vital Issues:

1. It is recommended that some time, prior to the Convention, the Bishop shall call together with himself, the chairmen of all departments of the Executive Council, and all other Diocesan committee chairmen, to determine what items of policy, program, and future plans, and such other matters of interest and concern (Ecclesiastical, national state, international, etc.) shall be brought before the Convention.

DEPARTMENTAL OFFICE

The office was unofficially opened on May 16, 1964 when I reported for work. Office furniture and equipment needed for operation, was purchased and on May 27th it was announced that the office was officially open for business.

The records from the former Treasurer's office were transported to the new office and the function of disbursing clerk was assumed by the new Treasurer. The records for the Major Medical program were given to the office and the task of acting as Executive Secretary for the administration of this program was taken over.

Various forms, for efficient administration, such as Requests for Reproduction service, Requests for Reimbursement, etc., were devised and distributed.

The office is now performing the following tasks: handling of all mail for the Treasurer of the Diocese; banking of all moneys paid to the Diocese; preparation and mailing of checks (after signing by the Treasurer) in payment of stipends, salaries, travel expenses, bills, etc.; maintaining a check register so the Treasurer will have a running record of the finances of the Diocese; coordinating with the Cathedral, other meeting places such as hotels and motels to arrange meeting places for the various organizations and with the Cathedral kitchen staff if a meal is to be served by them; reproduction and/or mailing of minutes of meetings and many other publications for all departments; acting as a clearing house of information for all the departments of the Diocese.

The following are some statistics which will indicate how the workload has expanded since the opening of the office: In June, 1964, the first full month of operation, 146 pieces of mail were dispatched; in December 1,148 pieces were dispatched. This in spite of the fact that many envelopes contained several different items. This method resulted in a considerable saving in postage costs to the Diocese. During this same period the office used 32 reams of paper (16,000 sheets) and 8 quire of stencils (192). In addition, approximately 150 checks were processed each month for the Treasurer in payment of stipends, salaries,

travel reimbursements and payment of bills for all departments of the Diocese.

The majority of the work to date has been of the stenographic/communications type such as reproduction and distributing releases for the various departments although considerable Executive Secretarial work has been done for the Treasurer, the Department of Christian Education and in the handling of the Major Medical program and the Pension Fund for clergymen. I believe this latter type of work will become the second major function which can be assumed by the office as I become more familiar with the functions of each department and their heads become confident that their work can be handled efficiently by this office. I feel this is the normal direction of growth for this type office and eventually will become a fact.

Respectfully submitted,
S/ Glenn E. Nash, Manager

REPORT OF THE EXPANSION FUND for the calendar year 1964

During 1964 the Expansion Fund was committed to an approximate expenditure of \$54,000 to build the Church of the Resurrection at Blue Springs, Missouri. Of this amount \$17,000 was expended prior to December 31, 1964, and the balance of approximately \$37,000 will be expended in 1965. The reduction in the total commitment for Blue Springs from \$80,000 agreed upon in 1963 resulted from rejection of the original building plans and the erection of a less costly structure.

Trinity Church at Marshall, Missouri, repaid the entire amount of its loan of \$4,330 during the year and partial payments on other loans brought aggregate repayments for the year to a total of \$16,952.27.

A change in accounting procedure on Diocesan funds was made early in the year and the Expansion Fund received \$28,480.04 transferred from Diocesan revolving funds and Church and Mission House Funds. Also land investments aggregating \$45,167.53 are presently carried as an investment of the Expansion Fund. The consolidation of these various accounts as now reported by the Treasurer gives a better and more comprehensive picture of the Diocesan operations in the field of expansion.

Total cash or equivalent in marketable securities on hand at December 31, 1964, totaled \$75,051.38 against which unpaid commitments aggregated approximately \$37,000. A commercial

loan is currently being arranged by the Church of the Messiah at Liberty which will provide \$12,000 in the year 1965 for partial repayment of loans from the Expansion Fund.

Report of the Executive Council

The following is a summary of the business transacted by the Executive Council for the year 1964.

January: It was noted by the Treasurer that the payments to Maryville, for the Vicarage, should be taken out of the Missionary department and not from Diocesan funds.

Bishop Welles asked if we would accept the Quota from the National Church, pointing out that on present returns of Quota pledges in the Diocese we were about \$13,000 short. It was moved by Mr. Sutton that we accept the Quota in the amount of \$68,271, the motion was seconded and passed.

Mr. McArthur stated that the sub-committee on Blue Springs felt divided on the Architectural design chosen. The committee had unanimously agreed to ask the Architect to continue plans as originally thought - modern and traditional, with the emphasis on worship. There will be a seating capacity of 80 - back part of Nave to be used for Sunday School - there will be a full basement. Mr. Linscott presented drawings of the proposed building. 1st floor - 3,000 sq. ft. - \$45,000; finished part of basement - 960 sq. ft. \$11,520; unfinished basement - 2,100 sq. ft - \$10,500; concrete floor only in the basement \$1,260; heat, light, roughed in plumbing, etc., \$1,500; total \$69,780. In addition there would be Architectural fees, landscaping, equipment, etc., at \$12,000. An added wing, later on, around \$40,000. Mr. McArthur moved that we reconsider the action of the last meeting and substitute the redesigned drawing. The Rev. C. E. Sanders, Jr., seconded the motion. The Rev. D. E. Becker offered an amendment that pews and landscaping be excluded, there was no second to the amendment and the motion as originally moved was passed.

It was reported that the Mission Clergy and the department had met for two days. Though we were disappointed that the Rev. Daisuke Kitagawa was not able to be present because of an attack of the flu, the meeting was very helpful and worthwhile. Mrs. Richard Brigham was nominated as a member of the department, this was confirmed. Mr. Longmoor presented the Missions department budget for 1964. He offered three resolutions 1) All local budgets from Mission congregations must be submitted at the same time as the request for a grant, this to be by December 15. 2) No property additions or improvements can be made without consulting the Property and Missions departments. 3) No Mission is to accumulate funds out of current income without explanation to the department. The resolutions were passed. He explained that the Pension pro-

miums were based upon 15% of the salary plus 1/5 of the salary for Vicarage or Rectory.

The Rev. W. E. Lusk announced that the new Executive Secretary, the Rev. W. Gerald Lonergan, had arrived January 1. As of the first of the year, the Rev. James F. Moon is the Chaplain at Missouri University, Kansas City. Mr. Steve Mote has been elected president of the Youth of the 7th Province. Arrangements are being made for the coming summer for the camps and conferences with the Y.M.C.A. All will be held on one site. Tentative plans are for 10-day conferences in mid June.

The Rev. D. E. Becker wished to go on record as abstaining on the Blue Springs vote. He stated that there was a need for new emphasis on Stewardship. There are three alternatives: to engage a Stewardship man, continue as we are, or to call in professional help.

Bishop Welles welcomed to the Council, Mrs. Richard Brigham, the new president of the Churchwomen - Diocese of West Missouri. Mrs. Brigham reported that there were 110 present at their meeting. Their theme is "Less preoccupation with our own needs and more on foreign work".

The Rev. E. R. Sims stated that as the Team of Twenty looks ahead to proposals to the Council, there seems to be a need of a department of World Missions or perhaps a division within the department of Missions, the Team is not yet prepared to make a motion. The Program of Overseas Training has been modified. It is now planned to send one clergyman for a period of 90 to 120 days on a working assignment. This eliminates lay participation for the time being. The Bishop is in the process of contacting someone.

The question of unpledged quotas was discussed but not acted upon.

February: Mr. Sutton presented the Annual report, the last to be presented by him. Bishop Welles paid tribute to Mr. Sutton for his long and untiring service to the Diocese, beyond the call of duty and expressed his appreciation. The tribute was applauded by the Council.

Mr. Lyon gave a progress report, stating that the work at Trinity, Marshall, had been completed. The building at Liberty had been completed and payment made. The Parish House at Fayette is 75% completed. At Blue Springs, soil samples had been taken, there is a firm soil and no problem, the rock is well below the surface. The committee has met with the Architect. At Springfield, the possible acquirement of land is being considered, a committee there is meeting with the City planners. The inspection program now includes Mountain Grove, West Plains, and Fayette.

The Rev. W. E. Lusk introduced the Rev. W. Gerald Lonergan. He nominated Mrs. Julia Walraven as an Associate member, this was confirmed.

The Rev. D. E. Becker read the following report:

The department continues to investigate all of the methods by which Stewardship within the Diocese can be taught and learned as well as practiced. We emphasize, again, that this is not a money raising gimmick, but a program to increase a sense of the Mission of the Church - and to show how it may be exercised in giving of time, talents and substance.

In a meeting held last month, department members and several guests clearly felt the need for a larger program in the area of Stewardship. It was felt, however, that unless this program is closely coordinated with the work of the department of Missions it would be pointless. There was also a thought advanced that some of the facilities of the department of Christian Education might be helpful. But to engage a full time man - or even to intensify efforts on the present program without relating it to the needs, especially of the department of Missions, would be unrealistic.

The Rev. J. D. McCallum reported that it had been requested by several lay people that an adjunct be formed to be called an Inter-racial Committee. The Community Studies will be completed by February 28. They are not recommending consideration of the Veterans Hospital. They agree with the man from the National Council that the need is greatest in the area of housing for the able aged. The department will consider the report and bring a resume to the next meeting.

Mrs. Brigham reported that the women's work in four Churches had been reorganized.

The Rev. E. R. Sims stated that the Team of Twenty was working on means of communicating Diocesan program; administrative and executive planning of the Executive Council and the capital needs of the Diocese. They hoped to have something to present at the Diocesan Convention.

The question was asked if the insurance of Mission property was obligatory, the answer was "yes".

Bishop Welles announced that the Rev. Roy Black was leaving the first of March to attend a Navy Chaplains School.

March: Mr. W. Sutton offered his resignation as Treasurer of the Diocese effective as of March 31, 1964, and nominated Mr. Roger Ewing of All Saints', Kansas City, as his successor. Mr. O'Neal moved to accept the resignation, with deep regret and gratitude for the many years of service. The motion was seconded by Mr. Ewing and passed. It was moved by the Rev. E. R. Sims and seconded by the Rev. V. C. Root that the Secretary cast a unanimous ballot bearing the name of Roger Ewing for Treasurer of the Diocese, effective April 1, 1964, the motion passed.

Mr. Lyon reported that the Blue Springs Committee had

met with the Architect for a review of plans and specifications and gave its approval. These plans to be completed and submitted to a list of contractors for bids, to be taken early in April. The deadline for the start of building is June 1. The plans have been reviewed by the department. A problem was found with regard to the sewer connection which is 200 feet away. The department is in accord with the plans and specifications but have serious reservations as to the size of the expenditure. A wood siding could save 12 to \$15,000. At Marshall, extras were found at a cost of \$2,700, foundation and plumbing \$1,450, the department recommends approval by the Executive Council, the recommendation was seconded and passed. The Bishop's Committee at Excelsior Springs have acquired folding type doors to install in the undercroft at a cost of \$515. This calls for rearranging the heating ducts at a cost of \$750. Mr. Lyon moved the approval of the Executive Council, subject to someone from the department going out to consult with them. The funds will come from the congregation. The Rev. J. D. McCallum seconded the motion and it was passed. At Lexington, the guttering and exterior wall, particularly the battlements are in bad condition. They request approval to spend \$700 on repairs, the funds to be taken from an inheritance they had received. Mr. Burr moved the approval, the motion was seconded by the Rev. J. S. Allen and passed.

Mr. Wagstaff reported he had spent \$65 for an abstract at Fayette.

Mr. Atwood announced that the department of Finance had met to revise the 1964 budget. The following cuts were made: \$3,219.23 - the excess of income over expense in Christian Education - money set aside for Mission Exchange Program; \$5,000 from the Expansion Fund; \$1,000 from Cliff Springs; \$1,000 from Stewardship; \$1,000 from Christian Education; and \$5,600 from Missions. He moved that these cuts be accepted and the budget revised accordingly. The motion was seconded and carried. Mr. Atwood made the following motion: **RESOLVED** that the Treasurer, Roger Ewing, be authorized to endorse and sell the following securities: 28 shs. Westgate-California Corporation common stock; 16 shs. Westgate-California Corporation preferred stock; 2,000 Chicago Eastern Railroad Bonds and 105 shs. Rust Craft Greeting Cards Company common stock. The motion was seconded and passed. He announced that the Diocesan Office should get underway about the middle of May with Mr. Glenn Nash as office manager. The location is undecided as yet. Mr. Sutton moved that the Bishop, Mr. Ewing and Mr. Atwood be given access to the Safety Deposit Box, the motion was seconded and passed.

Mr. Sloan moved that any loss be handled by the Insurance department and paid out of the reserve fund. Mr. Hayward

seconded the motion and it passed.

The Rev. J. H. Lembcke, Jr., nominated the Rev. W. H. Magill as an associate member of the department of Missions, the nomination was confirmed. He announced that an evaluation of total Mission Program is under way with Mr. Gill Miller as the chairman and the Rev. C. E. Sanders, Jr., as assistant. Father Sanders explained how they were conducting it. A questionnaire is being used to determine finances, attendance, age groups, activities of people and priest, etc.

The Rev. W. E. Lusk reported that the Camps and Conferences would be held June 14 to 27, there will be two camps and two conferences at Gravois. In April, there will be a School of Religion held in Joplin and Springfield. The Youth Rally for Senior High students will be held at the Cathedral, April 10 and 11. On April 14 the College division will meet with Dr. Casserley and Abbott Laurentius Klein - a meeting of college chaplains and faculty. The Mite Box Service will be April 26.

The Rev. J. D. McCallum reported that the department of Christian Social Relations had met twice to study the Community Studies report. He handed out copies of the report to those present. The department concluded that there was a great need to do its best to provide for the lower-middle income bracket. There had been investigation into the possibility of securing loans. Father McCallum moved that authorization be given the president to provide either a new committee with the Community report as basis to determine eligibility for loans, together with the department or separately and to use funds left over from the study to obtain such professional services. The motion was seconded and passed.

The Rev. D. E. Becker announced that they had spent \$1,200 of their Stewardship budget. Kenneth Snyder had consented to come into the Diocese to conduct Every Member Canvass Schools and a pilot canvass. This would not be possible with the cut in the department's budget. He had three budgets for 1965 to propose: 1) with a full time man - \$12,500; 2) bringing in a man for two or three programs - \$5,500; or 3) the present system of do little - \$3,150. It was moved by Mr. Brigham that Mr. Sutton be approached to see if money cannot be found to carry on the Every Member Canvass program, the motion was seconded and passed.

Mrs. Brigham reported that the yearly Handbooks of the Episcopal Churchwomen - Diocese of West Missouri, had been sent out; there were 14 places not reported.

There was some discussion on Blue Springs. Many aspects of the situation were brought out, including the price. There was no action taken.

Bishop Welles stated that progress was good on the

\$6,000,000 program at St. Luke's Hospital.

April: Mt. Atwood, chairman of the department of Finance, took the chair to preside over the budget meeting. The chairmen of the several departments discussed their askings. Any questions by those present, the clergy and representatives from parishes and missions, were answered by these chairmen. The meeting reconvened after lunch for more discussion. The Executive Council went into closed session at 1:23 p.m. Mr. Atwood moved the acceptance of the Diocesan budget to be presented to the Diocesan Convention, \$49,200, the motion was seconded and passed. Mr. Atwood moved the acceptance of the proposed missionary budget, proposal A, to be presented to the Diocesan Convention, the motion was seconded and passed. This budget totaled \$238,835 with a raise in percentages of two points.

Bishop Welles requested that what was paid back to the Expansion Fund by parishes and missions be recorded.

Mr. Lyon reported that Frank Dean had gone to Excelsior Springs and the local heating man recommended a new furnace at a cost of \$1,900, this to be raised locally. The Property department recommends approval of the action, the matter was referred to the department of Missions. As a result of the Missions property evaluation, a problem was discovered at Boonville, a letter concerning the problem will be sent to the department of Missions. At Blue Springs, seven bids were taken April 7, the first, \$102,900 - an alternate - brick instead of stone would reduce this by \$7,000 (plus or minus). The committee decided two things; a sub-committee met with the Architect to see about savings and asking for an extension of time limit on the property. They found that there were some possible alternates, which would not save too much. 120-day extension was asked of the former owners on the time limit. The attorney, Mr. Mitchell, has said that Mr. and Mrs. Gould had signed the letter and he was sure that the third signature would be forthcoming. The property department recommends five things: 1) not going ahead with the present plan because of the cost. 2) not going ahead with the present Architects. 3) paying off the present Architects, with thanks, \$5,762. 4) a total program of 40-\$50,000, setting a target of 4,000 square feet with a different style of construction. 5) that the Property department negotiate with the Architects used on other buildings, keeping it in a range of 40-\$50,000. The recommendations were moved, seconded and passed. Mr. Newell spoke of a joint sewer sanitation district with J. C. Nichols and Avila College in a valley near the Bishop's residence. The estimated cost is \$2,650, it would be necessary to hire a plumber to tie into it at \$300. Payments, \$700 a year for five years. We are asked to sign a petition for this district. It

was moved that we sign the petition, the motion was seconded and passed.

Bishop Welles read the resignation of the Rev. J. David McCallum, III, from all Diocesan activity as of April 15, because of ill health. The resignation was accepted.

The Rev. J. H. Lembcke, Jr., stated that the Mission Evaluation was under way and that the Bishop had the reports received thus far.

Mr. Ewing stated that he was attending a Provincial meeting in San Angelo, Texas, May 15-18 on Laywork.

Bishop Welles announced that Mr. Lyon had been appointed a member of the General Convention Program and Budget Committee.

The Rev. E. R. Sims read the report to be presented to the Diocesan Convention, making some changes and moved the endorsement of the Council, the motion was seconded and passed. He moved that a permanent committee be appointed to be responsible for the administrative office, those appointed are: Treasurer of the Diocese, the Dean of the Cathedral, and the vice-chairman of the Executive Council. The motion was seconded and passed.

The Rev. J. H. Lembcke, Jr., read a report from the Inner City committee and moved the endorsement of the Council, the motion was seconded and passed.

May: The meeting of the Council followed the adjournment of the Diocesan Convention. The elections resulted as follows: President, the Bishop; Vice-President, the Rev. E. R. Sims; Missions and Church Extension, the Bishop; Christian Education and Youth, the Rev. A. R. Hingston; Christian Social Relations, tabled for the present; Promotion, Mr. R. S. Brigham; Property, Mr. P. S. Lyon; Stewardship, the Rev. D. E. Becker; Finance, Mr. W. L. Atwood, with compliments on past work; Expansion Fund, Mr. Charles McArthur; Laywork, tabled for the present; Insurance, Mr. H. A. Sloan.

The Fall meeting of the Council will begin at dinner on September 25 and continue through Sunday, September 27. The matter of place was discussed and it was voted for the Shearton-Elms Hotel in Excelsior Springs. Upon inquiry, it was found that this would be too expensive and the Bishop will appoint a committee to determine where the meeting will be held.

Mr. Wagstaff suggested that a committee be appointed to update the Canons and a new edition be printed, the Bishop will so appoint.

Mr. Lyon called our attention to action of the last meeting, giving the Property department and the Blue Springs commit-

tee authority to investigate the use of an Architect employed in the past. They have talked to Mr. Herman Scharhag who had planned the building in Liberty and he has drawn up preliminary plans, which were passed around to the members.

The members chose to serve on departments as follows: Bishop Welles, Missions and Church Extension; the Rev. E. R. Sims, Stewardship and Missions and Church Extension; the Rev. A. W. Lassiter, Christian Education and Youth and Promotion; the Rev. W. H. Magill, Property and Missions and Church Extension; the Rev. C. E. Sanders, Jr., Missions and Church Extension; the Very Rev. D. R. Woodward, Christian Church Extension; the Rev. A. R. Hingston, Christian Education and Youth and Finance; the Rev. E. O. Smith, Jr., Missions and Church Extension and Stewardship; the Rev. D. E. Becker, Stewardship and Missions and Church Extension and Finance; Mr. Henry Salveter, Stewardship; Mr. Gill Miller, Missions and Church Extension; Mr. P. S. Lyon, Property, Expansion Fund, Missions and Church Extension and Finance; Mr. R. S. Brigham, Promotion; Mrs. E. S. Brigham, Promotion and Missions and Church Extension; Mr. Roger Ewing, Finance; Mr. E. P. O'Neal, Promotion; Mr. Charles McArthur, Property and Expansion Fund; Mr. J. W. Newell, Property and Stewardship; Mr. W. L. Atwood, Finance; Mr. Leo Crabbs, Jr., Property and Finance; Mr. Jerry Connor, Christian Education and Youth; Mr. Thomas Hayward, Stewardship.

June: Dean Woodward, reporting for the committee on the place for the September meeting, stated that no place had been found as yet and asked for suggestions. Members will be notified as soon as a place is found.

Bishop Welles announced that we needed two more department chairmen, Lay work and Christian Social Relations. There was some discussion as to whether a woman could serve as the head of a department, not being a member of the Council. It was suggested that a member be named chairman and a vice chairman be appointed. It was moved by Dean Woodward that Mrs. Harry Keith and Mr. H. A. Sloan be appointed as acting heads of the Departments of Christian Social Relations and Insurance with all rights and privileges until such time that the Canons be amended. An amendment was offered by the Rev. A. R. Hingston, that this whole area be discussed at the two-day meeting in September. The amendment was seconded and passed, the original motion was passed as amended. It was moved, seconded and passed that Mr. J. Homer Mote be the acting head of the Department of Laywork as liaison.

Mr. Ewing announced that he would continue the policy of quarterly reports. He stated that Mr. Glenn Nash was doing an excellent job at the Department Office. He announced that the

bank accounts had been moved to the First National Bank for convenience and asked that this action be authorized with signatures of the Chancellor, Treasurer, and the Bishop on the two accounts. It was moved, seconded and passed that this be authorized. He spoke of a discussion in the Finance department as to the possibility of an audit on an annual basis of Diocesan accounts. Mr. Ewing moved that the Finance department be authorized to select an auditing firm for the audit of accounts for the year ending December 31, 1964. The motion was seconded and passed. Mr. Lyon moved that the matter of delinquent quotas be placed on the agenda for the September meeting, Mr. McArthur seconded the motion and it was passed, with an amendment that before consideration in September, it be referred to the Finance department to bring in recommendations at that meeting.

Mr. Wagstaff reported that the Insurance department had raised the question as to whether we should have Workmen's Compensation Insurance and a policy is being secured. He stated that there was a mix up at Fayette over a note for \$3,500 at the Bank. The Bank may want a mortgage on the property. He asked for suggested changes in the Canons to be given the Committee on updating the Canons: the Chancellor, Mr. Albert Hillix, Mr. Edward Matheny, the Rev. E. R. Sims, and Dean Woodward. Mr. Wagstaff announced that the St. Luke's Hospital building program was going very well.

Mr. Lyon reported that the inspection report on Boonville found that the brick work needed attention and that Boonville had asked permission to spend \$272 on that project and \$100 for pavement and drainage work. The Missions department had given their consent and the Property department moved the approval of the Council. This to be paid for from local funds, the motion was seconded and passed. Chillicothe has asked approval of an expenditure of \$195 to repair a stained glass Rose window. \$50 to be from current funds and \$145 from a gift from Mr. and Mrs. Charles Johnson. Mr. Lyon moved the approval, it was seconded and passed. Termites had been found at the property at 430 E. 55th St., and the Terminex Co. will do the job for \$254.79. Mr. Lyon moved the approval of the expenditure and that some consideration be given to setting up a maintenance fund for the building, maybe out of Christian Education or some other source, the motion was seconded. The Rev. A. R. Hingston offered an amendment to strike out the words, "Christian Education". After some discussion he withdrew the amendment and the original motion was passed. At the Bishop's residence, the Architectural Commission had made an inspection and found that the driveway had deteriorated, posing a paving and drainage problem. J. C. Nichols, to the north, will do some

work to alleviate the situation and suggested that we work with them in accomplishment using the Union Asphalt at an estimated cost of \$1,000. Mr. Lyon moved the approval of spending not to exceed \$1,200 on the project, the motion was seconded by the Rev. W. H. Magill and passed. The Architect at Blue Springs, Mr. Scharhag, will charge 3% which includes five trips to the property, other trips will cost \$35. He has presented plans to the Property department with a total of 3,074 square feet in the basic building with seating capacity of 108 (plus or minus). Alternates have been requested: 8 foot Bay, totaling 3,600 square feet to seat 145; an accordion door at the rear of the Nave so the Narthex could be closed off; tower and cross on exterior; Chancel rail, pulpit and lecturn; partition to provide a Vicar's study. Mr. Lyon stated that the deadline date is September 29 and moved the approval for the Architect to go ahead with plans and specifications, to meet with the Property and Architectural departments and they be authorized to take bids up to 40 or \$50,000. The motion was seconded and passed.

Mr. McArthur stated that with the new plans at Blue Springs, it was possible that there would be a slight balance in the Expansion Fund at the end of 1964.

Mr. Brigham stated that the Rev. A. W. Lassiter was considering being the vice-chairman of the department of Promotion.

The Rev. A. R. Hingston announced that the department of Christian Education had had a Spring meeting with a man from National Council. He handed out a financial statement and in explaining it pointed out the possible cuts, \$547.77, they had been asked to cut \$1,000. Mr. Brigham moved that they go back to the Finance department for their reconsideration. The motion was seconded and passed.

Mrs. Brigham expressed her appreciation of being given a vote in the Council. They will be meeting during the summer to prepare a budget and hope to have worthwhile projects. The officers are still visiting and speaking.

Bishop Welles announced that the Clergy would receive a kit on Mutual Responsibility and Interdependence.

The Rev. E. O. Smith, Jr., moved that the Executive Council authorize \$150 for 1964 and \$300 for 1965 be allowed to the Ecumenical Commission. The motion was seconded and passed. He stated that Mr. Nash was now handling the Major Medical Insurance.

September: Mr. William V. Longmoor was elected by acclamation to fill the unexpired term of Mr. Henry Salveter who had resigned from the Council.

Mr. Gill Miller was elected by acclamation to be the chair-

man of the department of Missions and Church Extension in the place of Bishop Welles.

It was moved, seconded and passed that Mrs. Harry Keith, Mr. J. Homer Mote, Mr. H. A. Sloan, and the Rev. J. H. Lembecke, Jr., be given seats and voice in the Council, but no vote. It was moved that the Committee on rewriting the Canons make such changes as necessary to bring this about, the motion was seconded and passed.

Mrs. Keith read a resolution from the department of Christian Social Relations. The Rev. A. W. Lassiter moved the adoption of the resolution, the motion was seconded. After much questioning and discussion, the Rev. E. O. Smith, Jr., offered an amendment that the amount be changed to \$500 instead of \$1,000 as asked. At this point, the Bishop read a telegram from Mr. Jerry Conner, stating that he favored the resolution but wished they would delete the word "crisis" and replace it with the word "issue". It was pointed out that the only place the word "crisis" appeared was in a title and therefore could not be changed. The amendment was seconded and carried. It was requested that this department meet with the Christian Social Relations of Kansas to see if they would contribute funds to help as this question would apply to Kansas City, Kansas. Mr. Lyon moved that we support the resolution with the request that they give serious consideration to removing the word "demonstration", this is our earnest desire and wish. The motion was seconded and passed. Dean Woodward offered the following resolution: That the Council approve and support our membership with the Kansas City Council of Race and Religion, through the work of our department of Christian Social Relations and request this department to continue working with said Council toward the end of the widest possible cooperation and support. The resolution was seconded and passed. The Dean moved that we give the widest possible publicity to our connection with Kansas City Council on Race and Religion. The motion was seconded and passed.

Mr. Atwood, referring to page 124 of the current Journal, stated that the greatest problem was the delinquent column. Many are not pledging to the current quotas. The Rev. E. R. Sims moved that the Finance department be authorized to deal with delinquencies on an individual basis to help plan quota giving from the delinquent congregation and to write off delinquencies to the extent that they no longer serve any purpose. The Rev. D. E. Becker offered an amendment, that delinquencies be forgiven if Parish or Mission commit itself to the current quota, there was no second. Father Becker offered a second amendment, that the Finance department report to the Council the result of their deliberations, the amendment was

seconded and passed. The motion as amended was passed. Mr. Miller asked that where a Mission is involved, the Finance department involve the chairman of the department of Missions. Mr. Atwood reported that auditing firms were being engaged on a rotation basis, Peat, Marwick and Mitchell is engaged for 1964. He also stated that since the advent of the new Treasurer the department is operating more efficiently; better investments and review of endowment funds.

Mr. Lyon suggested that at the next planning meeting there be no business session. The Rev. J. H. Lembecke, Jr., has suggested that we demolish the Church and house at Brunswick. Mr. Lyon looks to the department of Missions for direction. St. John's, Neosho, needs a new furnace. Specifications have been prepared but the Architectural Commission has had no opportunity to inspect them. They have three bids. To pay, they have sold a boat given to them, \$425; they have on hand \$1,152; pledges \$250 and they wish to borrow the remainder from the bank. It was moved that the property and Missions departments consider and act before the next meeting. The Rev. V. C. Root seconded the motion and it passed. At Carrollton, there are maintenance problems and Mr. McArthur is to inspect. Liberty wishes an organ and asks permission of the department of Missions. The driveway at the Bishop's residence is completed at a cost of \$1,160, there is not enough left in the grant to seal the driveway. The Rev. E. O. Smith, Jr., moved that the Property department be authorized to spend whatever is necessary, the motion was seconded and passed. At Cliff Springs, the Army at Fort Leonard Wood wishes access to property for a military operation. The Chancellor has reviewed the contract and the Bishop has signed it. The roof is leaking at Marshall and a new roof is necessary, they seek approval of the Missions department. The Rev. W. H. Magill reported that the committee on a new site for a Mission in Springfield had met with the long range planner, he has a map of development. They are trying to find the best location, they may get the land at no cost.

The Rev. D. E. Becker asked for an additional \$600, he would like to attend a meeting in St. Louis on the National level and he is meeting with another man for an interview. It was thought that this had already been granted and the minutes of previous meetings were inspected.

The Rev. A. R. Hingston reported a two-day meeting with the several divisions of the department of Christian Education in attendance. They plan to send three to a training institution: the first week in exposure to working of a group; second week, training people how to design series of meetings; third week, to execute a training session in the Diocese. Dean Woodward moved that the chairman of the department of Christian Edu-

man of the department of Missions and Church Extension in the place of Bishop Welles.

It was moved, seconded and passed that Mrs. Harry Keith, Mr. J. Homer Mote, Mr. H. A. Sloan, and the Rev. J. H. Lembcke, Jr., be given seats and voice in the Council, but no vote. It was moved that the Committee on rewriting the Canons make such changes as necessary to bring this about, the motion was seconded and passed.

They plan to send three to a training institution: the first week in exposure to working of a group; second week, training people how to design series of meetings; third week, to execute a training session in the Diocese. Dean Woodward moved that the chairman of the department of Christian Edu-

cation and Youth meet with the Executive Committee of that department to discuss the desirability of sharing the services of the Executive Secretary with the department of Christian Social Relations and to take such steps as necessary to effect this arrangement. The motion was seconded and passed.

It was moved, seconded and passed to grant the Rev. D. E. Becker \$600.00

It was moved that the report of the Deaneries Committee be approved and the implementation be left to the Bishop and the Committee, the motion was seconded and passed.

Mr. Miller stated that Blue Springs is tied in with the metropolitan plan. Mr. Lyon reported that the bids were within the \$50,000. The builders will be the Singer Construction Co. The contract is let, reviewed by the Chancellor and signed by the Bishop. They must start work this week to protect our holdings. There are five alternates, three of which were accepted. They had asked for a 90-day option to take three alternates; the exterior brick mounding and Cross; furnishings for the Sanctuary and the tile on the undercroft floor. Mr. Miller stated that it behooves us to get a man for Blue Springs as soon as possible.

Dean Woodward moved that the Council establish a department of Urban Work, and that the chairman and members of the Diocesan Inner City Committee become the chairman and members of this department, and that this department undertake the responsibility of furthering the Church's Mission to the Urban situation. The motion was seconded and passed.

It was moved that department heads are not required to be members of the Council and that the Diocesan Committee on revising the Canons incorporate this into their revisions together with a provision for seat and voice but no vote for these persons. The motion was seconded and carried.

The Rev. D. E. Becker moved that the new Executive Secretary of Stewardship shall enter into work in areas of Promotion and Evangelism as a part of his responsibility as opportunity befits. The motion was seconded and passed.

It was moved that the Executive Council gather on meeting days at 1:00 p.m., and that the meeting not extend beyond 4:00 p.m. Department meetings, if necessary, to be held in the morning. The motion was seconded and passed.

It was moved that we request that minutes of Inner City Committee and other Diocesan Committees and Commissions be mailed to Council members, the motion was seconded and carried.

October: Mr. Wagstaff moved the approval of the loan at St. Mary's, Fayette, by a 2/3 vote of the Council, which was requested by the lawyer in Fayette, the motion was seconded and

carried and the note was signed by all members present.

Mr. Miller stated that the department of Missions agreed that the property at Brunswick should be demolished and moved that the Property department complete the action. The motion was seconded and passed.

Mr. Lyon spoke on General Convention quotas, they will be figured the same as before for this triennium with a partnership plan going into effect in 1968.

Mr. Wagstaff announced that the Diocese had been named a legatee in the will of Mrs. John Rust. The amount will be around \$200,000, the income to be used, at the Bishop's discretion, for missionary work in the rural area in the Diocese.

Mr. Miller stated that the department of Missions would get together with the Property department to discuss the purchase of land in Clinton.

Mr. Lyon reported that at Neosho, the Rev. W. H. Magill had investigated and suggested that they go ahead with repairs on the heating and air conditioning. The cost will be between \$2,100 and \$2,200, they have all on hand except for \$750 which they will borrow and repay out of their receipts. At Blue Springs, the shop drawings for the arches have been approved. Mr. Lyon mentioned three alternates, the time for which had been extended. The decorative brick wall and cross, cost \$710; the furnishings for the Sanctuary, cost \$715 and floor tile in undercroft, cost \$475. Mr. Lyon moved that we approve the first at a cost of \$710, that we leave #2 with the Rev. J. H. Lembecke, Jr., and Mr. Miller until a conference with the contractor and the architect is held, with power to act, within the terms of \$715 and that we forget, for the time, the floor tile. The motion was seconded and carried. The driveway at the Bishop's residence was handled by Mr. Linscott, with double seal at a cost of \$311.20. Mr. Lyon moved the approval of this action, the motion was seconded and passed. An inspection report was given on Trenton. There is a good building there needing some repairs and maintenance work, they could serve the Bethany people. Bids should come in soon on repairs, estimated at five to six hundred dollars.

Mr. McArthur announced that we had received \$709.02 interest on invested funds. There was \$28,480.04 transferred from other Capital Funds and \$11,961.18 from repaid loans making total receipts \$62,789.14. There have been loans made in the amount of \$24,967.03. There is a balance of \$20,000 for commitment. Commercial loans repaid amount to \$4,907.04.

Mrs. Keith reported that the department of Christian Relations was establishing some goals. Mrs. Brigham stated that in the budget of the Episcopal Churchwomen - Diocese of West

Missouri, 40% was for administration and 60% for missions, in and out of the Diocese.

At Cliff Springs there had been little work done. They were examining the old block house to find the cost to remodel for summer camps next year.

The Rev. J. H. Lembcke, Jr., announced that at their next meeting they would take up certain questions as to what they feel it ought to involve. He stated that the War on Poverty Program from Washington will implement many things in all areas. In each community there must be a Community Action Program to draw together citizens and the committee.

November: The Rev. A. R. Hingston reported that there would be an all-day meeting of the Adult division at St. George's Church, Kansas City, on December 15. A leadership skills institute will be held in two sessions, May 17-22 and in July, to involve our own people. He offered two recommendations: 1) A diocesan calendar be printed quarterly and mailed; 2) That the 1966 budget make room, financially, for rent of the office at the Cathedral at \$3.00 per square foot. The first was referred to the week-end meeting and the second to the Finance department.

Mr. Lyon reported that he had received a bid, for razing the two buildings at Brunswick, of \$250 plus salvage. He also stated that the Boy Scouts were looking for a building, but the department recommends that we accept the bid for the razing. The recommendation was seconded and passed. Mr. McArthur has made an on-site inspection at Carrollton and found dangerous conditions (the local people have remedied this). There is a drainage problem, the wood is rotten and one side needs re-painting. Repairs would necessitate a new roof and possibly new sidewalls, there are five families there. The Bishop's Warden feels that it is not worth spending money on the building as of now. During the winter the cost of repairs will be determined. There is a very enthusiastic congregation at Noel with minimal facilities. They have planned and drawn rough sketches of a building which the Property department will inspect and comment on. This will be done with no assistance from the Diocese.

Mr. Wagstaff announced that the matter at Fayette had been concluded. We have been given a quit claim deed to a lot in Sarcoxie, adjoining the present property. The refinancing of the loan at St. James', Springfield, has been completed. The Telephone Company has asked for an easement at Cliff Springs, the Rev. W. H. Magill will look into the matter. Mr. Wagstaff spoke of all the legal papers in his possession, and a proper place to file them. The matter was referred to the Committee on the Departmental Office.

Mr. Ewing suggested a meeting with the heads of the de-

partments and the consolidation of mailings, with a deadline date. It was suggested that Mr. Nash meet with the Council as an observer and the Secretary was asked to notify him.

Mr. Miller reported the approval of the department of Missions for a suggested one team ministry for the Missions at Redeemer, K. C., Excelsior Springs, Liberty, Epiphany, Grandview and Blue Springs. Rather than having five men, one in each Mission, there would be three. The Rev. Richard Mason and the Rev. Warren Sapp are already working in three Missions. The third man is the question. He must be a man of experience. This suggestion will be presented to the congregation affected and if accepted, we can start looking for such a man. This was approved by the Council.

Mrs. Keith stated that the department of Christian Social Relations had set as their primary goal, communications. There have been calls made in some parishes and missions. The department has voted to send \$50 for the rehabilitation of prisoners. She passed out a study and recommendations and asked support of the Executive Council. The report was received for further study. Mr. Miller moved that the Bishop and Chancellor be liaison between the Council and St. Luke's Hospital and report back, the motion received no second.

The Rev. D. E. Becker reported that the Every Member Canvasses were very encouraging. He introduced the Rev. David Bradley from New Haven, Connecticut.

Mrs. Brigham announced that the annual meeting of the Episcopal Churchwomen had been held and the budget passed. They voted to support the Executive Council on any decision made as to Mutual Responsibility.

The Rev. E. R. Sims reported that the Team of Twenty hope to have a representative at each Convocation, in January.

The Rev. A. R. Hingston read the report from the Committee on Convocations, which has been approved by the Bishop. Dean Woodward moved the approval of the report and that it be incorporated in the minutes, the motion was seconded and passed. The 1964 Diocesan Convention (see Journal, pages 36-38) resolved "that the President appoint a committee to divide the diocese into deaneries in accordance with Canon VIII, and to consult with him in establishing standards for their organization, program and meetings". The President of the Convention appointed a committee consisting of the Rev. Messrs. A. R. Hingston (Chairman), G. A. Wilson, V. C. Root, C. E. Sanders, Jr., and Dean Woodward, and Messrs. Lee Carter, Wilson Siemens and Harry Walch. The Committee's recommendations have been approved by the Bishop and are: that the areas be called "Convocations", that the terms of office of the heads of Convocation be the same as currently applied to members of

the Executive Council (not more than two consecutive two-year terms), that the heads of Convocation be Canons to the Ordinary, and as stipulated in Canon VIII be appointed by the Bishop, that the Secretary of Convocation be a lay person, that the heads of Convocation be empowered to appoint a planning committee comprised of at least one representative from each congregation in the Convocation in order that the purposes of the Convocation be implemented; that the purpose of the Convocations is: (1) to present and promote the Church's program, (2) to improve the two-way communications between the diocese and the congregations, (3) to serve as gathering points for varied devotional, training and fellowship activities, (4) to stimulate imaginative and creative ideas for improving the effectiveness of the Church's impact on the world today, (5) to serve as originating points for ideas to be brought before the diocese in annual convention, (6) to assist congregations when they are without regular priestly services, (7) to assist in the work of the various diocesan departments, (8) on the grass-roots level to communicate and implement our task of mission, and (9) of the utmost importance - to inform and deepen the involvement of the laity in the Church beyond their parish borders, on a more intimate and smaller geographical basis than the diocese. The Convocations will be non-legislative. The Canons to the Ordinary will be directly responsible to the Bishop. The Convocations will meet periodically.

The Convocation areas:

Northern Convocation - Skidmore, Maryville, Savannah, St. Joseph, Trenton, Chillicothe, Brookfield.

Central Convocation - Carrollton, Lexington, Clinton, Warrensburg, Sedalia, Marshall, Boonville, Fayette.

Metropolitan Convocation - Cathedral, St. Andrew's, St. Paul's, St. George's, St. Mary's, St. Augustine's, St. John's.

Southern KC Convocation - Grandview, Lee's Summit, Raytown, Harrisonville, St. Peter's, All Saints', KC.

Northern KC Convocation - Independence, Liberty, Blue Springs, Excelsior Springs, Good Shepherd and Redeemer, KC.

Southeast Convocation - Lebanon, Camdenton, Branson, Mountain Grove, West Plains, Christ, St. James', St. John's in Springfield.

Southwest Convocation - Nevada, Joplin, Carthage, Neosho, Noel, Monett, Lamar, Sarcoxie.

Canons to the Ordinary have the privilege of wearing black cassocks piped in purple, are addressed as Canon Smith face-to-

face, and on envelopes are addressed: The Reverend Canon John A. Smith.

It was moved, seconded and passed that the Bishop trade in his automobile for a new one.

Bishop Welles announced his appointments as Canons to the Ordinary: Northern, The Rev. Charles E. Sanders, Jr.; Central, The Rev. William E. Lusk; Metropolitan, The Rev. Clifford E. B. Nobes, S.T.D.; Northern KC, The Rev. Arleigh W. Lassiter; Southern KC, The Rev. Allen R. Hingston; Southeast, The Rev. George A. Wilson; and Southwest, The Rev. Vincent C. Root.

Dean Woodward moved the happiness and appreciation of the Council on the appointment of Bishop Welles to the Joint Commission on Ecumenical Relations of General Convention, The motion was carried unanimously.

Respectfully submitted,

Harold B. Whitehead, Secretary

REPORT OF CHANCELLOR

The following transactions which have been handled through the office of the Chancellor during the past year are reported to the Convention as matters that may be of general interest.

- As reported to the Convention a year ago, additional financing covering the erection of a rectory for St. James Church in Springfield was concluded and a second mortgage covering the entire property was approved and the proper documents were executed. These negotiations were worked out by Attorney Milton Kirby of our Legal Committee. Subsequently, and toward the latter part of this past year, it became necessary for St. James to obtain additional financing for an enlargement of their Church school building and facilities. The entire financial program of St. James was reviewed and long term financing was worked out with the Guaranty Federal Savings and Loan Association of Springfield in the total amount of \$95,000, which covered refinancing of the original loan of St. James for \$40,000 - the additional loan of \$23,000 that was obtained at the time the rectory was constructed - the payment of some special tax bills in the amount of about \$6,700 - and the additional financing for the enlargement of the Church school mentioned above.

- Attorney Milton Kirby worked out the details of this entire program and the old mortgage notes were cancelled and the respective deeds of trust released. As I understand it, this refinancing will in no way affect the time of payment of the loan of St. James from the Expansion Fund.
2. More recently the Diocese entered into a contract with Village Green Enterprises, Inc. in Springfield covering the purchase of some land that it was felt the Diocese should own in the Village Green Addition. The total purchase consideration for this property is to be \$21,000. Again, Attorney Kirby is handling the details of this transaction to a conclusion.
 3. The Diocese of West Missouri was named as the residuary legatee under the will of Frances Story Rust, wherein a trust was established to be known as the Frances and John Rust Trust. The income from the Trust is to be used at the direction of the Bishop for the purpose of maintaining and promoting the missionary work of the Church in the rural areas of the Diocese of West Missouri. The exact amount that will be involved in this trust has not yet been determined as the estate is in the process of being probated. However it will represent a substantial sum. The residence in which Mrs. Rust resided was a part of the residue and it was determined that this property should be sold, and as I understand it, this sale has been effected for a purchase consideration of approximately \$38,000.
 4. From time to time St. Andrew's Parish in Kansas City has been acquiring residential properties near its Church on Wornall Road, and during the year it purchased an additional residence at 6430 Wornall Road at which time it executed a deed of trust securing \$12,500 of the purchase price. Our Canons require the consent of both the Bishop and the Standing Committee to the mortgaging of any property of a parish. This was obtained.
 5. This office reported last year that Mr. H. A. Dick Sloan, who is the Chairman of our Insurance Department, recommended that the Diocese carry Workmen's Compensation insurance and that the Legal Committee had given consideration to this and had no objection to our carrying such insurance. In fact, due to the increasing magnitude and variety of our Diocesan operations the Legal Committee felt that serious consideration should be given to this type of coverage. Mr. Sloan accordingly worked out the details of this coverage which included our entering into a subscriber's agreement that was executed by Bishop Welles. This was also approved from a legal standpoint and we now have in effect Workmen's Compensation coverage.

6. The Church of the Messiah in Liberty, Missouri has arranged to borrow \$12,000 to reimburse the Diocese for advances made for the construction of their new building. It will be necessary that a deed of trust be entered into and executed by the Diocese as security for this loan. This transaction is being worked out with Attorney Tom Kretzinger of Liberty, but the actual documents have not yet been executed.
7. St. Stephens in Monett completed payment on its note to the Gilloz Bank and Trust Company, and the deed of trust and note were duly cancelled and forwarded to my office for safekeeping.
8. The Standing Committee granted permission to St. John's of Neosho to borrow up to \$1,000 on a two year note to help finance certain furnace and air conditioning repairs. It was necessary for the Bishop to execute the note for the Diocese. The actual amount of the note was for \$800. This transaction was approved. As a matter of further information, St. John's completed payment of the indebtedness on its vicarage and the note and deed of trust were cancelled and passed to my office.
9. The Corps of Engineers of the United States Army requested the execution of a so-called "Maneuver Permit" affecting our Cliff Springs property, and after an examination the execution of the Permit was authorized.
10. In the fall of 1963 approval was given by the Executive Council for the erection of a proposed parish hall - Church school - and student center building for St. Mary's Church at Fayette, Missouri on the basis of a \$12,500 expenditure to be composed of local funds of \$3,500 - a commercial loan of \$3,500 for fifteen years - and an Expansion Fund loan of not to exceed \$4,500. The \$3,500 commercial loan was worked out with the Commercial Trust Company of Fayette and it was secured by a deed of trust on our property there. Both the note and the deed of trust were executed by the Bishop. After a rather complicated series of negotiations all the details of this transaction were worked out.
11. Mabel K. Cave of Princeton, Illinois passed away and left a will providing that one-fourth of her residuary estate be bequeathed to the Diocese of West Missouri "to be used for the establishment of a scholarship or scholarships for the benefit of students studying for Holy Orders of the Protestant Episcopal Church the recipients of such scholarship or scholarships to be selected by the Bishop of the Diocese of West Missouri of the Protestant Episcopal Church on such basis of merit and promise and upon such terms as may be determined by said Bishop, and that such funds so estab-

lished shall be known as the "Mr. and Mrs. John S. Cave Foundation." The residue amounted to approximately \$90,000 and our one-fourth has now been distributed and set up in a special account to be used by the Bishop for the purposes stated.

12. Father Vincent C. Root forwarded to my office a quit claim deed to certain property located in Sarcoxie contiguous to the lot that was given to us in 1962. This deed is from Nelson Brown and Reba Brown, and was properly filed of record on October 8, 1964. The deed is being retained in the files of this office pending the establishment of a proper Diocesan repository for documents of this sort.
13. A contract for the erection of the new church at Blue Springs was entered into with the Singer Construction Company at a contract price of \$49,065, the form of which was approved by this office.
14. The Legal Committee of the Diocese had its annual meeting yesterday morning at which, among other matters, it considered the proposed amendments to the Constitution and Canons as submitted by the Constitution and Canons Committee, and gave them its legal sanction. This Committee also gave its approval to the compilation of the vital information relative to all of our properties, most of which has now been assembled and is ready for publication. Mr. Lucian Lane as Chairman of the Legal Committee has been in charge of obtaining this information and we are all indebted to him for his efforts in bringing this matter to a conclusion. In due time a publication will be available for use of the various Diocesan officers who are interested in and need this vital information.

Respectfully submitted,

Robert W. Wagstaff

REPORT OF BROTHERHOOD OF ST. ANDREW

The Brotherhood of St. Andrew, a lay organization founded in 1883 for the spread of Christ's Kingdom among men, has energized into active growth and outreach in the past year in our diocese. Eighty-two men, united in the dedication of prayer and service, made hospital calls, sponsored youth activities, were ac-

tive in parish and diocesan work and prayed and served together.

The Brotherhood increased in manpower strength about thirty percent in numbers of men and chapters as a result of a vigorous extension campaign covering all interested parishes in the diocese. Two Washington's Birthday corporate communions and fellowship breakfasts were held: One at Grace and Holy Trinity Cathedral in Kansas City, the other at St. John's, Springfield, with a total of 320 men and boys joining in the Holy Eucharist and a fellowship breakfast following.

RULES OF ORDER

**Governing the Conduct of Business at Meetings of the
Convention of the Diocese of West Missouri**

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.
2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.
3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.
4. All Committees shall be appointed by the President unless otherwise ordered.
5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.
6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.
7. No member shall absent himself from the session of the House unless he have leave or be unable to attend.
8. A member, other than the chairman of a Committee, whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.
9. Any member of the House may call for a vote by ayes and nays.
10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.
11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have

precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minutes for the purpose of explaining its object.
13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.
14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.
15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.
16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.
17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.
18. The names of movers of resolutions shall appear upon the minutes of the Convention.
19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.

ORDER OF BUSINESS

1. Announcement by Secretary as to whether a quorum is present.
 2. Election of Secretary of the Diocese.
 3. Announcements.
 4. Report of Committee on Dispatch of Business.
 5. Introduction of all resolutions for reference.
 6. Nominations for all other offices.
 7. Reports of all officers and committees.
 8. Elections.
 9. Report of all resolutions previously referred.
 10. Fixing time and place of next Convention.
20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.
21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

PROCEEDINGS OF THE CONVENTION

St. Paul's Church, Kansas City, Missouri

May 1 and 2, 1966

SUNDAY, MAY 1

The 77th Annual Convention of the Diocese of West Missouri was called to order by the President, the Rt. Rev. Edward R. Welles, D.D., S.T.D., in St. Paul's Church, Kansas City, at 4:00 p.m., May 1, 1966. The meeting was opened with prayer led by the Bishop.

The Secretary announced that there was a quorum present in both orders. The Bishop declared the 77th Annual Convention open and ready for business.

The first order of business was the election of the Secretary. The retiring Secretary, the Rev. Canon Harold B. Whitehead, nominated the Rev. Sylvan W. Law to be the new Secretary. The nomination was seconded with the provision that the President cast one ballot bearing the name of the Rev. Sylvan W. Law and that the Convention express gratitude to Canon Whitehead for faithful service for the past sixteen years. The motion passed. The new Secretary took his place.

The Secretary nominated the Rev. Canon Arleigh W. Lassiter as Assistant Secretary. It was moved, seconded and passed that the Secretary cast one ballot bearing the name of Canon Lassiter.

Greetings were given to the Convention by the host Rector, the Rev. Canon Clifford E. B. Nobes, S.T.D., of St. Paul's Church.

Mr. Henry Burr presented the report of the Committee on Dispatch of Business. It was moved, seconded, and passed that the report be accepted, as follows:

Your Committee recommends:

1. That the first order of business on May 1 be the nominations for the various elective offices.
2. That all matters of referral (Resolutions, etc.) be submitted during the afternoon of May 1.
3. That the Convention continue with business as indicated in the Rules of Order as far as possible.
4. That the Convention recess as near to 5:15 p.m. as possible so that Delegates may prepare for the Bishop's reception at 5:30 p.m. and the Banquet at 6:00 p.m. at St. Paul's Church.
5. That the Convention gather at 8:00 p.m. at St. Paul's Church for Evening Prayer following which the Bishop's Annual Address will be delivered to the Convention.
6. That the Convention gather on Monday, May 2, at 7:30 a.m. at St. Paul's Church for the Annual Diocesan Celebration and Offering of the Holy Eucharist.
7. That the Convention re-convene at 9:30 a.m., May 2, at St. Paul's Church.

8. That should the Bishop request consent to the election of a Suffragan Bishop or Coadjutor in his address Sunday evening, that the first order of business May 2 be the discussion and action on this request.

9. That the next order of business May 2, be the balloting for elective offices.

10. That the Rules of Order be followed as far as possible for ensuing business.

11. That the morning session recess at 12:45 p.m. to reconvene if necessary at 2 p.m.

12. That the Convention adjourn sine die as soon as possible thereafter.

Respectfully submitted,
Henry Burr, Chairman

Resolutions were referred to the Committee on Resolutions for possible later presentation and action.

The Chancellor read the Canons passed last year for information of the Convention. The Chancellor then presented for second reading the Constitutional amendments voted on for the first time last year.

AMENDMENTS TO THE CONSTITUTION

- Art. 2 - Sec. 2 Change "Deaneries" in Line 6 to "Convocations".
- Art. 8 - Sec. 1 Delete the words "the Deans" in Line 2.
- Art. 8 - Sec. 5 Delete the word "male" in Line 1.
- Art. 9 - Sec. 3 This should be changed to read: "During each Convention there should be a celebration of the Holy Communion, and during the sessions of the Convention such Divine Services shall be held as shall be appointed by the Ecclesiastical Authority of the Diocese."
- Art. 13 - Change "Executive Council" to "Diocesan Council" in the title and wherever else it is used in the Articles of the Constitution.
- Art. 16 - Sec. 1 In Line 4 delete the comma where it appears after the words "United States" and insert the word "and".
- Art. 19 - Sec. 7 Delete the words "Ecclesiastical Authority" in the third line and substitute the words "the Bishop" in their place. Also delete the words "it is" and insert in their place "they are" in the last line.
- Art. 19 - Sec. 10 Add the following: "and as otherwise designated by the Canons of the Church".
- Art. 14 - The present Sections 1 and 2 should be stricken and the following should be substituted in their stead.

Sec. 1 The Standing Committee shall consist of four Priests and four Laymen who are eligible to seats in the Convention, and who shall be elected to serve for terms of two years. In 1966 the Convention shall elect two Priests to serve for terms of one year, and two Priests to serve for terms of two years, and two Laymen to serve for terms of one year, and two Laymen to serve for terms of two years. At each annual Convention thereafter two Priests and two Laymen shall be elected to serve for terms of two years. No member of the Standing Committee may be elected to serve for more than two consecutive two-year terms.

Sec. 2 The members of the Standing Committee shall serve until their successors are elected.

It was moved and seconded that all amendments be acted upon as a group. The motion passed unanimously. The Constitutional amendments as a whole were then voted upon by orders and passed: Clergy 39-0; Lay 123-1.

Mr. Bert Mayberry stated that the Vestry of St. Augustine's, Kansas City, had sent Mrs. Ellen Yates to the Convention in anticipation that the Constitutional change would be voted allowing her to be seated. The Convention voted unanimously to seat her.

By a standing vote of 98 to 59, the Convention rescinded its action of 1965 which stated that resolutions must be submitted at least fifteen days in advance, so that a resolution could be presented by the Rev. Edward Hartront.

The following were nominated as Deputies to General Convention: LAYMEN: Messrs. John F. Smith, Philip S. Lyon, W. Hardy Hendren, Bert Mayberry, George Clay, Roger Ewing, Gill Miller, Edson M. Walker, Leon Liesenberg, and Jack Tootle. CLERGY: The Rev. Messrs. Arleigh W. Lassiter, David C. Pat-Nobes, Allen R. Hingston, Elton O. Smith, Donald R. Woodward, Rick, Samuel S. Johnston, Howard C. Rutenbar, Clifford E. B. Nobes, Donald E. Becker, William H. Magill, Harold B. Whitehead, and Edward R. Sims.

The following were nominated to serve on the Standing Committee: CLERGY: The Rev. Messrs. Arleigh W. Lassiter, G. Edward Walker, Clifford E. B. Nobes, and J. David McCallum. LAYMEN: Messrs. Frank W. Koger, Jack M. King, Philip S. Lyon, W. Hardy Hendren, Winthrop Cantrell, and Lester F. Wells. It was decided that this ballot would be for the purpose of electing two clergy and two laymen to two-year terms.

The following were nominated for the Diocesan Council: LAYMEN: Messrs. E. S. Washburn, Charles Tudor, Gill Miller, Max Marshall, Melvin Roberts, Russell Cato, C. Humbert Tinsman, Leonard Chin, William Longmoor, Leo Crabbs, and

Thomas Kretsinger. **CLERGY:** The Rev. Messrs. Allen R. Hingston, John H. Lembcke, Howard C. Rutenbar, Elton O. Smith, William E. Lusk, Gerald L. Claudius, and Donald R. Woodward.

It was moved and seconded that the first six deputies and alternates to the General Convention be made delegates to the Provincial Synod. The motion was defeated. It was moved and seconded that delegates to Provincial Synod be elected by plurality. This motion passed.

The following were nominated to be delegates to the Provincial Synod: **CLERGY:** The Rev. Messrs. William A. Bacon, James H. Viggers, Geoffrey W. Ashworth, John H. Lembcke, Charles B. Doan, James S. Masters, Lewis T. Johnston, James F. Moon, Harold B. Whitehead, Warren Sapp, J. David McCalum, Sylvan W. Law, William E. Lusk, Alvin P. Burnworth, and Brian J. Packer. **LAYMEN:** Messrs. William Atwood, Frank Dunaway, Presley Pitts, William Phillips, Floyd Curry, Curry Miles, Franklin Norman, William L. Brooks, Harry Kirkpatrick, William Harsh, R. D. Wilbor, and Donald Ganzer.

It was moved and seconded that the application of Church of the Resurrection, Blue Springs, to be admitted an organized mission be accepted. The motion passed. The delegates therefrom were recognized and introduced by the Bishop: The Rev. Edward R. Sims and Mr. Robert Schoonover.

Bishop Welles recognized the retired Clergy present and presented the new Clergy to the Diocese: The Rev. Messrs. George Greenway, Alvin Burnworth, Howard Rutenbar, William Smothers, Charles Doan, Jack Reeves, James Masters, David Fly, Samuel Weaver, David Dixon. He also introduced the Rev. Herman Page, Jr., of Roanridge, who is licensed in the Diocese and presently serving Church of the Redeemer, Kansas City.

The Bishop introduced the Rev. Walter Price, Executive Secretary of the Missouri Council of Churches.

The Convention recessed so that the members could ready themselves for the reception and banquet to be held in the Richard Trellease Memorial Parish Hall. During the banquet it was moved, seconded, and passed to accept the recommendation of the Committee on Convention Offerings that all offerings be used for building of an Episcopal Chapel at Camp Osceola for Boy Scouts.

St. Paul's Church was filled for the Evening Service at which time Bishop Welles delivered his Annual Address, and awarded the Bishop's Cross and Bishop's Medal to several persons.

MONDAY, MAY 2

The Convention gathered at St. Paul's Church at 7:30 a.m., for the Corporate Communion, celebrated by Bishop Welles and assisted by the Rev. Canon Clifford E. B. Nobes, host Rector, the Rev. Canon Harold B. Whitehead, and Dean Woodward.

After breakfast in the Parish House, the Convention reconvened at 9:30 a.m., in St. Paul's Church and was opened with prayer by Bishop Welles.

The report of the Committee on the Bishop's Address was given by Mr. Edward T. Matheny, Jr.:

The Committee on the Bishop's address has duly deliberated regarding the content of the Bishop's message to this 77th Annual Convention, and warmly commends the Bishop for the growth and advance which his address reflects. We rejoice that, in an era of development and change, our Diocese has sought to keep pace with the times. And this has been due, in no small measure, to the dynamic leadership of our Bishop.

The summation of the year's achievements contained in the address should be a source of satisfaction and inspiration to all of us. The Church's ministry in the Diocese of West Missouri in the past year has run the gamut: from metropolitan team ministry in Kansas City and environs, to resort and retirement area ministry in Branson and Camden; from the college campus, to facilities for the aged. It is significant that our Diocese has been instrumental in the construction of new churches as widely separated geographically as Noel, Missouri and Bokaro, India.

The Committee is particularly interested in the proposal for an ecumenical parish in the Wayne-Miner Housing Development, and recognizes that a project of this nature requires thorough investigation and careful planning.

St. Luke's Hospital is deserving of whole-hearted Diocesan support, as it ministers to the sick with modern, expanded facilities and a medical staff of high professional competence.

The success of the Diocesan advance campaign is the most reliable barometer possible concerning the present vigorous health of the Diocese and the future growth and development which are in store. We also agree with Bishop Welles that "The campaign's smashing success says something about the growth of our people in Christian maturity".

At the conclusion of his address, our Bishop asked for the assistance of a suffragan Bishop pursuant to Canon 40, Sec. 1, of the Canons of the Protestant Episcopal Church in the United States of America. This Section provides as follows:

"A Suffragan Bishop shall be elected in accordance with the Canons enacted in each Diocese for the election of a Bishop. But the initiative shall always be taken by the Bishop of the Diocese asking for the assistance of a Suffragan."

The Bishop having thus taken the initiative, the Committee offers the following resolution to bring before the convention the proposal for a Suffragan Bishop:

"WHEREAS the Bishop of the Diocese of West Missouri has requested that a Suffragan Bishop be elected by and for the Diocese, and

"WHEREAS this Convention deems it to be in the best interests of the Diocese that such a Suffragan Bishop be elected,

"We resolve and move that the 77th Convention of the Diocese of West Missouri provide its consent, and direct that proper steps be taken to secure such other consents as are necessary for the election of a Suffragan Bishop, and

"We further resolve and move that this Convention authorize a special convention session to be held when proper consents are obtained for the election of such Suffragan Bishop."

In addition, and contingent upon adoption by this Convention of the foregoing resolution, the Committee further purposes the appointment of a nominating committee pursuant to the following resolution:

"Resolved, that the 77th Convention of the Diocese of West Missouri requests that the Bishop, following consultation with the Diocesan Council, appoint a nominating committee, to propose not less than three nor more than five candidates for the office of Suffragan Bishop and to present the names of such nominees to a special convention of this Diocese, to be reconvened after the necessary consents are obtained to the election of a Suffragan Bishop."

It is the Committee's understanding that additional nominations can be submitted from the floor of such special convention.

Finally, the Committee records its appreciation for the dedication and courage displayed by the Bishop during the past year. It recommends the acceptance of this Address by this Convention and urges that the complete text be reprinted in the Diocesan Bulletin so that the entire Diocese may be made aware of its message.

Respectfully submitted,

Edward T. Matheny, Jr., Chairman
Committee on The Bishops Address

The first resolution was moved and seconded. After some debate, an amendment to the first resolution was moved by Mr. E. S. Washburn, as follows:

"Let it be resolved that the Bishop appoint an Archdeacon and that we delay the decision on the election of a Suffragan Bishop."

The amendment was seconded. After debate, the amendment was withdrawn by Mr. Washburn. After further debate, a roll call by orders was called for on the original version of the first resolution. The Secretary called the roll of Clergy and Lay delegates and the results are as follows:

After the vote was announced, the Rev. Canon Nobes moved that the vote be made unanimous. This was seconded by the Rev. Messrs. S. S. Johnston and D. R. Woodward and passed.

The second or contingent resolution suggested by the Committee on the Bishop's Address was moved by Mr. Matheny and seconded. An amendment to the resolution was offered as follows, by Mr. Robert Wing:

Insert the words, "and the Canon of each Convocation," after the word, "Council," and before the word appoint".

The amendment was seconded and passed. The amended resolution was then voted upon and passed.

First ballots for the following were passed out: General Convention Deputies, Standing Committee Members, and Provincial Synod Delegates.

The report of the Chancellor was presented as follows:

REPORT OF CHANCELLOR

As is the custom, I will mention the following transactions which have been handled by my office during the past year and which are reported to the Convention as matters of interest.

1. Last year I advised the Convention that the Diocese had been named residuary legatee under the will of the Frances Story Rust wherein a trust was established to be known as the Frances and John Rust Trust. The income from the Trust is to be used at the discretion of the Bishop for the purpose of maintaining and promoting missionary work for the Church in rural areas. This will was probated in both Kansas and Missouri, and I have now received notice that the petition for final settlement has been filed in Kansas. The actual distribution to the Diocese should be forthcoming in the near future. It is estimated that the total of this bequest will be approximately \$187,500.

2. At the Convention in Joplin last year one of the amendments to the Canons that was adopted related to the staggering of the terms of office of the Standing Committee. Father Patrick and I were delegated the job of putting the actual language of the amendment into final form. We wrote it up so that with the election this year we elect two priests and two laymen to serve for terms of two years, and two priests and two laymen to serve for terms of one year. At each annual Convention hereafter two priests and two laymen shall be elected to serve for terms of two years. We also provided that no member of the Standing Committee may be elected to serve for more than two consecutive two year terms.

3. Our property at Blue Springs has now been removed from the tax rolls but it was assessed for taxes in 1963 and 1964. We are having some controversy with the Delinquent Land Tax Department of the County as to whether we can get it stricken from the tax rolls retroactively. If any of our good communicants are well acquainted in this area of the courthouse in Independence I would like to confer with them.

4. The papers for a loan to the Sheperd of the Hills Church at Branson, Missouri, were handled through my office.

5. Christ Church of Lexington completed payment of its Expansion Fund loan and we arranged for the cancellation of their note.

6. At the recommendation of Attorney Milton Kirby, the Diocese purchased a tract of land near Christ Church in Springfield at the southeast corner of Kimbrough and Walnut Streets, owned by Mr. J. H. G. Cooper, upon which an office building has recently been constructed. This building is leased to the Missouri Inspection Bureau for approximately fifteen years. The balance of this piece of property is presently being used as a parking lot for Christ Church. The Church purchased the property and executed a first mortgage for a total sum of \$43,000 payable in monthly installments over a fifteen year period. In addition, the Church executed a second mortgage in the amount of \$39,756, payable in ten equal installments. These two mortgages represent the total purchase price. The rentals from existing lease are more than sufficient

to pay off the first mortgage and it is anticipated that donations will be received from time to time to retire the second mortgage. Both promissory notes contain a provision that in the event of default the holders of the notes cannot obtain any deficiency judgment against the Diocese. Actually this transaction was worked out so that the Church could acquire this property without any great cost to itself, and in all probability the notes cannot obtain any deficiency judgment against the Diocese with no cost.

7. A \$10,000 loan was negotiated with the Blue Valley Savings and Loan Association of Kansas City covering our property at Liberty, Missouri. The loan is to be for fifteen years and is at a 6% rate of interest. I believe this loan was effected so that the proceedings could be applied by the Church of the Messiah against its expansion loan. The note and deed of trust, and proper documents were all cleared through my office and this has now been handled to a conclusion.

8. Robert and Rena Dillon gave us a forty acre, plus, tract in Laclede County, Missouri. I acknowledged this fine gift in behalf of the Diocese, and the deed has been obtained and recorded.

9. A new church is being constructed at Noel, Missouri, and the \$35,000 contract was processed through my office. Details of this transaction and the negotiations with the builder have all been handled by Mr. James Newell.

10. The acquisition of the Village Green property in Springfield was concluded, again with the assistance of Attorney Milton Kirby, and the warranty deed has been filed of record. This purchase was consummated for a total purchase price of \$21,000. It should be pointed out that lot 19 is subject to certain restrictions which means that we can only use this part of the property for the construction of a rectory. This restriction was thoroughly considered at the time of a purchase, and while it would be preferable to have the lot unrestricted, it was felt by our Property Committee that this did not pose a serious problem. They felt that we might wish sometime to have a vicarage and that Lot 19 could well be the logical location.

11. A real estate contract covering the purchase of certain property in Independence, Missouri by Trinity Church was approved by this office and executed by the Bishop.

In conclusion I might mention that as an extracurricular activity of my office — at least I fervently hope it is in that category — the Bishop appointed me to serve as Chairman of the so-called Re-evaluation Committee in connection with the employment of the Industrial Areas Foundation by the Citizens Participation Project, which is a corporation that was formed by our Diocese, and the Catholic Diocese, and the Presbyterian and Christian Churches in this area. The report and findings of this committee are so well known to the members of this Convention that I am sure I need not comment on them. As a result of this Committee's report and recommendations my office was asked to counsel with the Citizens Participation Project in working out as definitive and protective a contract as possible with the Industrial Areas Foundation, and in any event to protect the Diocese's commitment to this project so that if the Industrial Areas Foundation or their beloved leader, Mr. Saul David Alinsky, or his associates, violated the pronouncement of our own House of Bishops relative to Christian obedience in connection with their activities here we would have the right to withdraw our support and be released from any further obligations. I was unable to get the Citizens Participation Project and Mr. Alinsky together on a contract of the type I thought was desirable, and since theirs is a separate corporate activity I had no power other than to suggest and recommend in this connection, and they went ahead and exe-

cuted a contract containing certain provisions which I felt were objectionable, as was their right to do. However, regardless of what has been intimated by the Press, you may rest assured our contribution — and by that I mean the contribution of our own Diocese and its participation in this project — has been protected so that if the pronouncement of our House of Bishops as mentioned above, are violated we do have the right to withdraw further support and be released from further obligations. It is not my intention to infer that this has happened, or will happen, but I felt I should point out what our rights are in this connection.

Respectfully submitted,

Robert W. Wagstaff

The Treasurer's report was presented by Title.

It was moved, seconded, and unanimously passed that Mr. Roger Ewing be re-elected as Treasurer of the Diocese.

It was moved and seconded to rescind last year's action allocating a portion of the funds to come from a capital funds drive to be used for development of the Cliff Springs Conference Center. The motion passed.

Presentation of the Diocesan and Mission Budgets was begun by Mr. Atwood. The presentation was interrupted to pass out first ballots for election of the Diocesan Council. After further presentation, the Mission Budget was moved, seconded, and passed.

The Rev. Canon Nobes, President of the Standing Committee, assumed the chair while the Diocesan Budget was presented. The Diocesan Budget was moved, seconded, and passed.

The report of the Department of Stewardship was submitted as follows:

REPORT OF THE DEPARTMENT OF STEWARDSHIP

The efforts of the Department of Stewardship centered on the following: 1. Attempts to find a person who might become a full time Executive Secretary for Stewardship in this Diocese; 2. Development of materials for use in Christian Stewardship programs in the Diocese; 3. Development of an experimental effort in which Stewardship and Evangelism were related; 4. Provision of training sessions in Stewardship.

FULL TIME MAN: Early in the year, it became evident that full time Stewardship personnel are in small numbers. Several persons were interviewed, but were either not considered good prospects, or turned us down. In addition to the scarcity of personnel in this area, our salary level was barely competitive and we felt we could offer no more than we did.

Late in 1965, by action of the Department and with approval of the Bishop, the present chairman was designed "Acting Executive Secretary" and he continues to function in this capacity.

DEVELOPMENT OF MATERIALS: Three pamphlets were produced by this department, "You Can Will It Only Now"; "A Good Member is a Good Steward"; "For or Against"; and one purchased in quantity, "Once upon a Time". These were distributed in total quantity of about 40,000 with some distribution beyond the Diocese.

In addition, a "Supplementary Stewardship Manual", and a revised "Stewardship Manual" were produced and distributed in quantity within the Diocese.

A slide set illustrating the thesis of the pamphlet, "A Good Member" was produced and distributed; and copies of "There Is Only One YOU" (a production of the Diocese of Bethlehem) were purchased for use.

A Series of four pamphlets is now in production for use in the Fall of 1966.

Pledge Cards, both those for money, and for "Time and Talents" were produced and distributed in quantity.

DEVELOPMENT OF EXPERIMENTAL EFFORT. In January a booklet outlining the relationship of Stewardship and Evangelism was produced and distributed under the Title "Evangelism . . . the cornerstone of Stewardship". Two cards, "Each one bring One"; and "My Lenten Pledge", were produced, both to be used in this effort.

Eighteen of our parishes and missions used this material with mixed results. We are of the opinion that further effort may well be made in this area, and at present tentative plans are being made along this line.

TRAINING SESSIONS: Training sessions for clergy, wardens, Canvass workers, and others were held. Mr. Hervey Stetson of the Diocese of Dallas was our leader. One session was held in Joplin and another in Kansas City at the Cathedral.

Plans have been completed for sessions this Fall, and publicity will be forthcoming soon. Sessions are scheduled for Springfield, Carthage and Kansas City.

The chairman (and acting Executive Secretary) attended several Stewardship meetings and consulted with others in this field of work, and he feels that it has been beneficial. He also consulted with clergy and wardens and laymen on Stewardship, and spoke on several occasions to the parish or congregational gatherings.

It is felt that the response to this program has been gratifying and that it is of considerable importance to continue it at least at the present level of activity.

Respectfully submitted,

S/Donald E. Becker

The reports of the Departments of Christian Education and of Promotion were presented by title.

The report of the Department of Urban Affairs was submitted as follows:

REPORT OF URBAN AFFAIRS DEPARTMENT OF THE DIOCESAN COUNCIL

The following report summarizes the activities of the Department of Urban Affairs during the preceding twelve month period.

June to October, 1965, was devoted almost entirely to providing resource material and information to the committee which Bishop Welles had appointed to re-evaluate the diocesan participation in the Citizen Participation Project. The CPP had announced in May, its intention to sponsor a community organization in Kansas City, and was making arrangements with the Industrial Areas Foundation to direct this project. Mr. Saul D. Alinsky is Executive Director of the Industrial Areas Foundation.

On October 19, after receiving the report of the aforementioned committee, the Diocesan Council reaffirmed our commitment to the Citizen Participation Project. (The financial obligation on the part of the Diocese will be discharged with the final payment of \$5,000.00, which is included in the 1967 budget submitted to this convention.)

Agreements with the IAF were finally concluded in December, and an invitation having been received from the community (in February, 1966, Mr. Squire Lance was assigned to the Kansas City Project by the Industrial Areas Foundation. Mr. Lance began work on February 15, 1966. He established a temporary office at 2844 Prospect. Since coming to Kansas City, he has been devoting his time to getting acquainted with the people, the organizations, and the institutions of the inner city.

The most intense organization work is now centered in the area between Jackson and Troost, and 9th and 31st Streets.

By the time our convention meets, the first of three preliminary organizational meetings will have been held in the inner city.

In the past six weeks, we have seen evidence of the type of action which can result from such organization effort. This action is typical of the work of the Industrial Areas Foundation. The Citizens Community Organization made up of approximately 100 residents from the Wayne Minor and T. B. Watkins Housing Projects, successfully organized to correct sharp business practices on the part of grocery store merchants on Twelfth Street. Mr. Lance of the IAF staff was involved in this campaign.

An investigation committee of the CCO bought staple items in five grocery stores in the vicinity of Twelfth and Woodland. The committee also shopped in stores outside of the Negro ghetto.

On the basis of this investigation, it was found that prices in the Negro ghetto have reached 10% higher than in stores outside of the ghetto. For example, one store in the community sold sugar at 79¢ for five pounds while stores outside the community sold it for 57¢ for five pounds. This committee also bought meats at community stores and employed a Kansas City testing laboratory to test the items bought for bacteriological content. While there was no specific instance

where the laboratory found decayed meat, in their official report, it was pointed out that the items were very close to being unfit.

The weights and measures committee investigated and discovered that the average length of time between scale inspections was more than one year.

On the basis of these results, the action committee of the CCO made the following recommendations to the general membership of CCO: (1) That the A & H Supermarket Manager be called to negotiate with CCO on correcting the store's practices; (2) That if the manager either refused to negotiate or if he negotiated and refused to correct conditions that the action committee be given the authority to develop non-violent direct action against the store.

In this instance, the manager agreed to negotiate and signed the following agreement with CCO: A reduction of prices from 3¢ to 5¢ on staple items such as sugar, flour, canned goods; to have his scales checked on a periodic basis not to exceed 6 months; to cease selling rancid meats; to be courteous and treat with dignity all shoppers.

Not only was this agreement signed, but upon further investigation by a CCO committee, it was found that prices on all staple items were wholesale reduced. For example, the price of sugar was reduced from 79¢ to 57¢. The price of flour from 69¢ to 55¢. The meats in the store showed a decided change in quality and the merchants bent over backwards to be kind and courteous to the people in the community.

Essentially, the same procedure was followed in negotiations with Katz Food Store, the same results.

In subsequent investigations of other grocery stores in the community, it was found that these stores brought their prices in line with A & H and Katz.

This is the type of vigorous community action which can be expected in a responsible community organization.

The chairman of the Department of Urban Affairs represented Independence and served as a member of the Policy Committee which planned and administered the February 15, 1966 election in the poverty areas of Greater Kansas City. This election was part of the implementation of the War on Poverty Program in Greater Kansas City.

The budget, submitted to this convention, provides for two new undertakings in the field of Urban Affairs.

(1) At the request of the Diocesan Council, the Department is now preparing, in conjunction with the Diocese of Kansas, an Inter-Diocesan Conference for laymen and clergy, which will examine the role and mission of the Church in Greater Kansas City. This conference will be similar to the so-called "Meta Baghdad Conferences" which have been successfully conducted by the National Executive Council of our Church. The difference will be that, while the nationally sponsored conferences dealt with mythical and hypothetical situations, we will attempt to deal with the specific problems which the church encounters in carrying on her mission in Greater Kansas City.

(2) The Roman Catholic Diocese of Kansas City-St. Joseph and the United Inner City Services (UICS is a cooperative inner city project sponsored by the Presbyterians and the United Church of Christ) and the Department of Urban Affairs for the Diocese of West Missouri have been engaged in conversations aimed at the establishment of an Ecumenical Church Center at 11th and Euclid, in the very heart of the Wayne Minor-T. B. Watkins housing project area. The UICS has

already purchased land at this site and is prepared to construct a building. First Congregational Church and First Presbyterian Church will be relocated at this new center.

If planning proceeds according to schedule, the Diocese of West Missouri should be prepared to call a priest in September, 1967, to join the staff of this Ecumenical Church Center in the inner city.

An extensive and detailed progress report entitled, "Progress Report on the Wayne Minor Ecumenical Church," is appended to this report and gives an account of the conversations which are presently under way.

The establishment of an effective united ministry in an ecumenical church setting, bringing together in cooperative action, the Episcopal Church, the Roman Catholic Church, the Presbyterian Church, and the United Church of Christ would be a "first of its kind" project in the United States. We have the possibility here of sharing together, in one of the most exciting breakthroughs in ecumenical cooperation in existence anywhere.

The budget presented to this convention provides funds for our participation in this project in 1967, specifically, for the salary of a priest for the staff of this center, September to December, 1967.

Although the primary responsibility of the Department is to the Bishop and Council, the Urban Affairs Department stands ready to offer assistance to any parish desiring to come to grips with the challenge presented to the church by our growing urban society.

The results of the first ballot on General Convention showed the following elected: LAYMEN: Philip S. Lyon, George Clay, and Gill Miller. CLERGY: none. Mr. E. M. Walker withdrew his name. The second ballot for General Convention deputies was distributed.

The first ballot on the Standing Committee showed the Rev. Arleigh W. Lassiter and Mr. Philip S. Lyon elected for two-year terms. The second ballot for Standing Committee was distributed.

Following are the results of the first ballot on Diocesan Council: LAYMEN: Mr. William Longmoor was elected. CLERGY: The Rev. Messrs. Donald R. Woodward and Elton O. Smith were elected. The Rev. Howard C. Rutenbar and Messrs. Leonard Chin and Leo Crabbs withdrew their names.

The Convention recessed for lunch at 12:55 p.m.

The Convention reconvened again at 1:30 p.m. The Committee on the Next Convention reported that Christ Church, St. Joseph, Missouri, had invited the Convention to meet there on May 7 and 8, 1967. A motion to that effect was moved, seconded and passed.

Mr. Philip S. Lyon, General Chairman of the Diocesan Advance Campaign expressed appreciation for cooperation received in the campaign and explained some procedures to be followed. His report was interrupted for election results.

Second ballot on deputies to General Convention showed that the Rev. David C. Patrick had been elected. The Rev. Messrs. Edward R. Sims and Howard C. Rutenbar withdrew their names, as did Messrs. Jack Tootle and Leon Lisenberg. The third ballot was distributed.

The second ballot on members of the Standing Committee showed no further members elected. Messrs. Winthrop Cantrell and Lester F. Wells withdrew their names from the ballot. It was decided to take a standing vote by orders to decide which one of the three remaining clergy nominees would serve for a two-year term and which two would serve for one-year terms. Results showed that The Rev. Canon Clifford E. B. Nobes was elected for a two-year term and that the Rev. Messrs. J. David McCallum and G. Edward Walker were elected for one-year terms. A third ballot for election of the remaining lay members of the Standing Committee was passed out.

The second ballot on the Diocesan Council showed that Messrs. Gill Miller and Charles Tudor were elected. Messrs. Melvin Roberts and Russell Cato and the Rev. Canon William Lusk withdrew. A third ballot was distributed.

Results of the ballot on delegates to the Provincial Synod showed that the following were elected: CLERGY DELEGATES: The Rev. Messrs. James F. Moon, Sylvan W. Law, William E. Lusk, James H. Viggers, William A. Bacon, and Harold B. Whitehead. LAY DELEGATES: Messrs. Frank Dunaway, William Atwood, R. D. Wilbor, William Phillips, Franklin Norman, and Don Ganzer. CLERGY ALTERNATES: The Rev. Messrs. John H. Lembcke, J. David McCallum, Charles B. Doan, Warren Sapp, Jr., Brian J. Packer, and James S. Masters. LAY ALTERNATES: Messrs. William Harsch, Floyd Curry, Harry Kirkpatrick, Wm. L. Brooks, Curry Miles, and Presley Pitts. Mr. Lyon concluded his report on Diocesan Advance Campaign.

Mr. E. S. Washburn made announcement of the Open House to take place at St. Luke's Hospital on Sunday, May 8.

Submitted by title were reports of the Insurance Department and of the College Department.

The report of the Committee on Resolutions was made by the Rev. David C. Patrick. The following resolution submitted by Mr. Robert B. Wing was moved and seconded.

Whereas it is clearly the intent of the Constitution and Canons of this Diocese that Lay Delegates to a Diocesan Convention represent their respective Parishes and Congregations, and

Whereas such representation could be more truly performed if such delegates had an adequate time to discuss the principal matters to be brought before a Convention with their respective Vestries and Committees prior to the time of meeting of such Convention, Therefore

Be it resolved by this Convention that the Chancellor prepare amendments to the Constitution and Canons and modifications of such other rules governing Diocesan Conventions as may be necessary so as to provide:

1. That a period of notice of at least thirty days be given to each Parish and Congregation of the principal matters to be placed on the agenda of a Convention prior to its time of meeting, including proposed budgets and resolutions.
2. That the preceding provision does not apply to courtesy resolutions.
3. That provision be made to allow other matters to come before a Convention without a period of thirty days notice by a two-thirds vote of the members present, and

Be it further resolved by this Convention that drafts of the amendments and changes proposed herein be sent to the Parishes and Congregations of this Diocese at least thirty days prior to the next Annual Convention and voted upon at that Convention.

Submitted by R. B. Wing by
direction of the Vestry of
Grace Church, Carthage.

An amendment to the above resolution was moved and seconded as follows to be inserted as point four same resolution:

- "4. That the Secretary of the Diocese issue the call for resolutions 60 days prior to Convention to the clergy and Wardens of the parishes and missions of the Diocese."

The amendment passed. The amended resolution passed.

A resolution proposed by the Rector, Wardens, and Vestry of Christ Church, Warensburg, was moved, seconded and passed as follows:

WHEREAS:

1. The Annual Convention of the Diocese of West Missouri, in 1956, changed the method of apportioning Missionary Quotas to the various congregations of the Diocese, and established a sliding scale based on the Average Current Expense (A.C.E.) of the congregation to replace the uniform percentage of ACE previously used;
2. This percentage scale provided a break of five (5) percentage points between congregations with A.C.E. of under \$5,000 and those with an A.C.E. of \$5,000 to \$10,000

3. This 5% break provided a benefit not only to the mission congregations, but also to the smaller parishes, thus encouraging the transition from mission status to full parish self-support.

4. In 1957, there were seven (7) parishes with an A.C.E. of less than \$5,000.

5. Since 1957, increasing costs have made it impossible for a parish to exist with an A.C.E. of less than \$5,000, since the salary of the Priest will inevitably raise it above this figure. In 1966, no parish in the Diocese enjoys the benefit of this 5% break.

6. Statistics (see attached sheet) show that parishes in the \$5,000 to \$10,000 A.C.E. class pay substantially more in Assessment and Quota per Communicant than do either larger or smaller congregations. Parishes in this class pay from 132% to 185% of the average per communicant of the Diocese.

7. Mission congregations may also be discouraged from assuming full self-support and parish status by the knowledge that such a step means not only full support of their Priest, but also an automatic increase in the Mission Quota asking, of 5% of their increased A.C.E.

BET THEREFORE RESOLVED that this Diocesan Convention order a study by the Finance Committee of the Diocesan Council aimed to restore the intent of the 1956 Convention and submit recommendations at the 1967 Convention to correct the inequalities that have arisen.

The following resolution was moved, seconded and passed:

"Whereas the Rector, Wardens, Vestry and People of St. Paul's Parish, Kansas City, have provided nobly for the 77th Annual Convention with their facilities and hospitality, therefore,

"Be it resolved that this 77th Annual Convention give its wholehearted thanks to St. Paul's Parish for this hospitality."

Other reports submitted by title were as follows: St. Luke's Hospital, Armed Forces Committee, Report of Services held in the Chapel at the Roanridge Training and Conference Center, The Church Pension Fund, and Work with the Deaf.

The Rev. Elton O. Smith gave the report of the Ecumenical Commission as follows:

REPORT OF THE DIOCESAN ECUMENICAL COMMISSION

In 1964 the Diocesan Convention passed a resolution requesting the Bishop "to appoint a Commission on Ecumenical Relations which will explore and promote opportunities for encouraging Christian Unity at all levels of the Church's life."

The Diocesan Ecumenical Commission appointed by the Bishop following that Convention has functioned since that time in providing resources to clergy and lay leaders for ecumenical program (1) initiative at the parish level (2) developing contacts with similar commissions working in other Churches, particularly the Roman Catholic (3) promoting awareness of ecumenical priorities in our diocesan planning (4)

providing coordination for participation of the Diocese in ecumenical events, such as the Week of Prayer for Christian Unity, pulpit exchanges to highlight the Consultation on Church Union, etc.

Your attention is directed to the report made to the last convention on the work begun by the Commission, which still continues with the same group appointed by the Bishop originally. The only change has been the addition of the Rev. Howard Rutenbar and the loss of The Rev. Birney Smith and The Rev. James Riley, who have left the Diocese.

In addition to the work reported at the last Convention, the chairman and other members of the Commission worked actively on the comprehensive observance of the Week of Prayer for Christian Unity in Kansas City, and received reports of participation from many other localities outside Kansas City. About 8000 people attended services in the Kansas City Week of Prayer program, and all local parishes participated.

Recently the chairman has been appointed as Vice-Chairman of the Ecumenical Worship and Relations Division of the Council of Churches in Kansas City, and along with other commission members, has been active in planning with other denominational appointees for metropolitan ecumenical events, including a training program for use of the fine new ecumenical resource "Living Room Dialogues."

The Commission has studied, and made recommendations to the Diocesan Council on reshaping of the Council of Churches to be denominationally-based, focused outward to deal with metropolitan issues and problems. The chairman has been very active in steps to implement such a new agency in Kansas City, which might well become a model for similar restructuring throughout the country. The chairman has also served on committees and attended meetings relating to proposed inter-church inner city projects and also serves on the long-range planning committee of the State Council of Churches. Throughout the country more priority is being given to ecumenical planning of church work at every level, and our role as a Commission on Ecumenical Relations occupies an increasingly large place, as Church leaders seek to work together for effective work in the metropolitan area.

On the national level, members of the Commission serving on a dialogue group with Roman Catholic pastors have submitted recommendations for study at the national and world level of mixed marriages between Roman Catholics and Anglicans.

The chairman was one of the initiators of a national workshop for Diocesan Ecumenical Commission Chairmen, held in Chicago April 27-29, and was a program participant there.

Chairman

The Honorable Robert Wagstaff reported for the Legal Committee saying that a compilation of and description of all real estate in the Diocese is now almost complete. The Bishop expressed the gratitude of the Diocese for completion of this important work.

The reports of the Cliff Springs Committee and of the Liturgical Commission were filed by title.

Dr. Hibbard reported that the Convention Offerings were as follows: Evening Prayer, \$341.75 and Holy Communion, \$198.18, for a total of \$539.93, to be used toward construction of a chapel at the Boy Scout Camp, Camp Osceola.

The second ballot on deputies to General Convention showed no elections. The third ballot on the Standing Committee showed that there were no elections. By voice vote it was determined that Mr. Frank Koger would be elected for a two-year term and that Mr. Jack King and Mr. W. Harry Hendren would be elected for a one-year term, thus completing Standing Committee elections.

Results of the second ballot for members of the Diocesan Council showed that The Rev. Canon Allen R. Hingston and Mr. E. S. Washburn had been elected, thus completing Council elections.

Submitted by title were the reports of the Committee on Clergy Placement, the Standing Committee, and the Examining Chaplains.

A report was given by Dean Woodward for a sub-committee of the Team of Twenty, having to do with structuring of Conventions. He asked for suggestions and ideas about the first year's experience under present revised procedures adopted a year ago.

The Bishop asked for informal discussion and suggestions on the meeting time of the next regular Convention.

It was moved and seconded that the Bishop be allowed to use his own discretion in deciding whether or not to have an outside speaker at the Convention Banquet next year. The motion passed.

The following was moved and seconded:

"Resolved that the Bishop be requested to appoint a committee to study the method of election employed by the Diocesan Convention, with a view to recommending a more effective and efficient method or methods of election, and to report their findings to the 1967 Diocesan Convention."

The resolution passed.

The Bishop nominated and the Convention elected the following to terms on the Ecclesiastical Court: The Rev. Messrs. Edward R. Sims, 5 years; Vincent C. Root, 4 years; and Harold B. Whitehead to be Presiding Judge for a 1-year term.

The Bishop nominated and the Convention elected the following as members of the Board of Examining Chaplains for terms expiring 1969: The Rev. J. H. Lembcke, Jr., Chairman; and the Rev. Messrs David C. Patrick, Edward R. Sims, Donald R. Wodward, and Donald E. Becker.

The third Ballot for deputies to General Convention indicated that the Rev. Arleigh W. Lassiter and Mr. Roger Ewing had been elected. By voice vote by orders, the following laymen were elected Alternate Deputies: Messrs. W. Hardy Hendren, Bert A. Mayberry, John Smith, and Edson M. Walker. A fourth ballot for clergy deputies was taken.

The Rev. William N. Beachy gave a report for the Commission on Evangelism in which he stated that a program of preaching missions conducted by members of the Order of the Holy Cross is planned throughout the Diocese soon. He also gave an informal report on his work as the Chaplain at St. Luke's Hospital.

Fourth ballot on deputies to General Convention indicated that The Rev. Canon Allen R. Hingston and the Very Rev. Donald R. Woodward has been elected. By voice vote in both orders, the following clerical Alternates were elected: The Rev. Messrs. Samuel S. Johnston, Clifford E. B. Nobes, Elton O. Smith, and Donald E. Becker.

A motion was moved, seconded and passed authorizing the Diocesan Treasurer to borrow up to \$5,000.00, if necessary.

Upon motion, second and vote, the Convention adjourned sine die at 3:35 p.m., with the Bishop's leading in a prayer for the selection of a Suffragan Bishop and with his blessing.

Dean Woodward welcomed those present to the Cathedral. Bishop Welles spoke on "What will \$425,000 do". He mentioned the projects and their urgent need. These were found in the packet, given out at registration: 1) Facilities for the Aging Chronically Ill \$150,000; 2) Missionary Expansion (purchase of new church sites) \$100,000; 3) Our Ministry to Colleges, \$85,000; 4) Mutual Responsibility and Interdependence \$42,500; 5) Ecumenical Library and Research Center, \$12,500; 6) Campaign Expense.

Mr. Lyon spoke on "A Call to Action". The objective of the campaign is to satisfy the urgent needs of the Diocese. This can best be accomplished by a united Diocesan effort. He spoke of the challenge of the campaign and the fact that we were morally bound by the Convention of last May. It will give us a deeper significance, a new sense of evangelism, a more vigorous fellowship and a broader knowledge of the Diocese.

Mr. Everett P. Pope of Boston, Massachusetts spoke on "The Voice of Experience". In his Diocese, he said, they had a wonderful time, they set out to raise \$4,000,000 and ended the campaign with over \$5,000,000. He stated you can do the job if you follow the plans with attention, work, and prayer. He made three points: 1) You will experience a great feeling of joy; 2) This is to be a separate campaign in each parish and mission; 3) The feeling of being a part of success.

Mr. Leonard Streit, the professional fund raiser, gave the Convention practical planning and procedures. The purpose of fund raising is not an end in itself. He pointed four things:

1) Purpose - We must justify the urgent needs; 2) Resources - It is there, if we ask for it; 3) Leadership - We have good leadership; 4) Sound plan - We have the pamphlet which outlines everything minutely. He emphasized attendance at Convocation meetings, campaign week and reports.

Mr. Lowell L. Knipmeyer offered the following resolution and moved its adoption:

Whereas the Annual Convention of the Diocese of West Missouri meeting at Joplin on May 3-4, 1965, approved the raising of a capital fund of \$425,000, therefore be it

RESOLVED: That the Diocese of West Missouri, now meeting in Special Convention approve the Plan of Campaign for the Local Parish now presented to it and commend the fullest execution of this plan to every Parish in the Diocese that we may meet the opportunities and challenges now before us. And may God Give His blessing and strength to our united efforts to serve Him better in the extension and strengthening of His Kingdom through this Church in the Diocese of West Missouri.

The Dean seconded the motion and it was passed.

The Convention reconvened at dinner in the President Hotel. The Rev. Edward R. Sims spoke of the unique opportunity offered by the Campaign. Mrs. R. S. Brigham outlined the woman's part in this campaign - to give moral support, to encourage the men and to give inspiration. Mr. Philip S. Lyon spoke on the layman's part in the Campaign - to raise the money. He quoted from Richardson and Bonhoeffer.

The main speaker of the evening was the Rt. Rev. Leland Stark, Bishop of the Diocese of Newark. Interspersing his remarks with delightful humor, Bishop Stark said that a campaign, for us, was inevitable. He said that the Church was not always asking for money, only once. He asked, can it be done and stated that it can if the motivation is strong enough.

The meeting adjourned with Bishop Stark's Benediction.

Respectfully submitted,

Harold B. Whitehead, Secretary

ADDRESS
of the
Right Reverend Edward R. Welles,
Bishop of West Missouri,

To the 77th annual convention of the Diocese,
May 1, 1966.

Your diocese is on the move; growth and advance are the words that best describe our life in West Missouri; and is the gist of what must be said in this annual address.

In only fifteen months the pioneering Metropolitan Team Ministry has made substantial progress in three of the five mission congregations that comprise its field, and the next fifteen months should show even more encouraging results in all five: Grandview, Liberty, Redeemer (Kansas City), Excelsior Springs, and Blue Springs.

The development of the resort and retirement area ministry in Branson and Camdenton (Clinton will soon be a third center) is proving a new frontier of advance in the growth of our diocesan life and is presently slowed only by the ability of our finances to put a full-time priest in Camdenton where the present potential cries out for a more active reaping of the harvest.

The two fastest growing cities in the state are Independence and Springfield — and in each city we are in process of planting a new congregation that will, it is confidently expected, become a strong, self-supporting parish within five years' time.

New buildings are nearing completion for the Church of the Good Shepherd, Kansas City; St. Peter's Chapel, Kansas City; and St. Nicholas' Church, Noel.

Your diocese is making progress in suburban expansion in Kansas City, Springfield, and Independence, and land has been inspected in Joplin.

Our involvement in urban-inner city work during the past year has been well publicized as regards Mr. Saul Alinsky and the Community Organization. The proposed budget for 1967 makes provision

for a resident full-time priest in a totally different and directly Christian evangelistic work in the establishment of an ecumenical parish in the Wayne-Miner inner city housing development. The Reverend Canon Allen Hingston is our Episcopal representative in the planning group. The United Presbyterian Church, the United Church of Christ, the Roman Catholic Church, the Methodist Church, the Episcopal Church (and perhaps others) are expected to be participants. This would be some kind of a break-through if we are successful in getting it organized and operating on such a broad basis. It is proposed to create a strong united indigenous congregation, rather than a social service institution, in which the church members would belong to one congregation which would have separate sacramental functions which emphasize the distinctiveness and integrity of the sacraments of each parent body. Outside the sacraments it is hoped that all other parish activities will take pace together as a united ecumenical witness for Christ.

The great diocesan hospital, St. Luke's, has been undergoing a major expansion during the past year — at a cost of some seven million dollars — and in addition to the glorious new facilities and enlargement of capacity, the older parts of the institution are also being refurbished and in some cases completely rebuilt. The beautiful new chapel is used at all hours of the day and night; opening right off the attractive main lobby with clear plate glass doors, it is possible for everyone entering the hospital to look into the chapel and be reminded that the entire undertaking is under the continual protection and grace of God. On the other side of the lobby is the coffee shop and I revel in the fact that one can look from the coffee shop into the chapel and vice versa — again reminding us that our loving heavenly Father is concerned to feed both our bodies and our souls and to heal them when healing is needed. We are truly blessed at St. Luke's with the wonderful doctors, nurses, chaplain and administrative personnel, together with the Auxiliary and Board of Directors. Our Chancellor, Robert W. Wagstaff, in January was elected First and Executive Vice-President of the Board, and his superb gifts and talents are most generously being exercised in helping St. Luke's advance to new peaks of achievement, assisted ably by C. Humbert Tinsman, Maurice D. S. Johnson, and William L. Atwood, his fellow officers.

On college and university campuses our young people are being taught to question everything as part of their learning process. The quest for truth involves questioning! Since God gave his children a mind with which to reason this is healthy. It does mean, however, that most persons who undergo the process experience some serious questions and even doubts about their Christian Faith. Thus it is of the utmost importance that the Church be competently represented on the college scene both by priest-chaplains and by committed lay faculty persons who can give a clear Christian answer and witness. Our diocese is presently at work on a part-time basis on eleven college campuses, while in Kansas City we have a full-time chaplain in the Rev.

James F. Moon. Expansion of college work rates a high priority in the immediate future.

Work among the aging continues to be a matter of concern to us all, and the success of the Diocesan Advance Campaign gives us reason to hope that at long last the diocese will soon be in a position to advance significantly in this area with a major facility for the aging chronically ill. The near approach of Medicare, which threatens to overcrowd all hospitals, makes it urgent to erect facilities for extended care that provide more than the custodial care of nursing homes, yet do not charge the high rates hospitals must charge to care adequately for the acutely ill. Patients in our new facility will often be those recovering from heart attacks, fractures, or strokes - or persons suffering from diabetes or arthritis - and whose stay is a matter of weeks or months, not days, as is often the case in a hospital, or years, as in a nursing home. In order to assist the diocesan leadership to move wisely and confidently into this enterprise we want this autumn to hold here in Kansas City under the auspices of our Diocesan Department of Christian Social Relations an ecumenically-oriented conference that will attract some of the best brains and most experienced professionals in the field.

Your diocese is busy at the job of making the Gospel relevant to the needs of our young people below college age by a series of Youth Rallies, Summer Conferences, and a continuing emphasis on the upgrading of our whole program of Christian education.

The word "communication" is much tossed about these days, and rightly so, for it describes an important aspect of human relations and corporate undertakings. The encouraging remarks I am about to make must not blind any of us to the hard fact that we still have much further to go in the future than we have thus far come in communications, but I rejoice to report to you that this past year has seen a veritable transformation in our procedures. Today we are busily engaged in deepening the inter-communication: between the clergy and the bishop; between the laity and the clergy including the bishop; between the different departments and commissions of our Diocesan Council; between our Diocese of West Missouri and the Diocese of Kansas; between our diocese and the top-level leadership of the other Christian bodies in joint study, survey, planning and, when possible, joint implementation.

The diocese is to be warmly commended on the enthusiastic outpouring of interest, prayer, and money to purchase land and erect a church at the new steel city of Bokaro, India, in 1965; this year we hope from our Whitsunday offering to help finish a school for tribals in the Diocese of Bhagalpur, just north of the Diocese of Chota Nagpur where Bokaro is located. Our Diocesan Churchwomen last year provided a bus for a mobile medical clinic for our former Independence priest, the Rev. Patric Hutton, on Taiwan; this year the Churchwomen are paying for the modernization of the Women's Conference Center in the Diocese of Lucknow, adjoining the Diocese of Chota Nagpur and

Bhagalpur to the northeast. And it is hoped that the tithes of our Diocesan Advance Campaign receipts ear-marked Mutual Responsibility and Interdependence will go to the Church in India and Pakistan - an area significant for being the world's most populous, most rapidly growing in population and least Christian.

Living costs are higher today than a year ago and so I ask you who sit on Vestries and Bishop's Committees of this diocese at your next meeting to discover when your priest last received an increase in income. If it has not been increased recently, you ought to act, for this is one of the few ways you can thank your priest. Mission Clergy in some cases can be helped with their utilities; the Missions Department is presently studying the raising of mission clergy stipends.

Are you remembering your people who are away from home in the armed forces? See that they receive your parish and diocesan bulletins; write them letters frequently, and do remember them in your prayers.

One of our priests, the Rev. Elton O. Smith, Jr., Chairman of our Diocesan Ecumenical Commission, has made a creative and impressive contribution to initiate the building of a new inter-church structure in Metropolitan Kansas City to bring together most of the leadership at the judicatory level of the major Christian bodies in both Kansas and Missouri, including the Baptists, Missouri Synod Lutherans and Roman Catholics, so that together we may address ourselves cooperatively to those concerns that call for united Christian witness in our secular urban age.

Tomorrow morning at nine in Dallas, Texas, begins the fifth meeting of the Consultation on Christian Union in which our Church nationally is officially working on an "outline of a possible plan of union" with the African Methodist Episcopal Church, the Christian Churches (Disciples of Christ), the Evangelical United Brethren Church, the Methodist Church, the United Church of Christ, and the United Presbyterian Church.

The Diocesan Advance Campaign

The smashing success of the Diocesan Advance Campaign is a notable milestone in the growth of our diocese. Several years ago Richard S. Brigham urged a major financial campaign; then the Team of Twenty studied the idea; and at the 1965 Convention Philip S. Lyon offered a resolution authorizing the Diocesan Council to mount such a campaign for \$425,000. The motion was seconded by Charles E. McArthur and was adopted by a vote of 119 to 29. There was agreement that the diocese should do this, but little enthusiasm. That was in May. Then in the summer came the criticism over our involvement with Saul Alinsky. Serious questions were raised as to withdrawing from the Alinsky project. Others questioned whether we should delay or give up the Diocesan Advance Campaign.

Some of the burden of decision fell upon me personally while I was on holiday. Should I accede to the requests of two vestries for a review of the Alinsky matter? The Convention had acted and I could in good conscience have declined to reopen and review the matter. But after thought, prayer, and consultation it seemed good to me to have the matter carefully reviewed before we signed the contract with Mr. Alinsky. The diocese owes a lasting debt of gratitude to Chancellor Robert W. Wagstaff for his courageous, competent and Christian chairmanship of that important committee of review. Following the report of that committee the Diocesan Council in November decided to participate in the Community Organization project with certain safe-guard provisions.

Long before a decision in the Alinsky matter could be reached it became necessary to sign a contract for the professional services of Mr. Leonard Streit to direct our Diocesan Advance Campaign from January 3rd through April 30th 1966. Mr. Streit was the man our diocesan leadership had selected as the best person to direct our campaign, but if we wanted to retain his services we had to sign a contract last summer before the Alinsky matter could be resolved. And the contract obligated the diocese to pay more than \$16,000. If the Alinsky matter proved completely divisive and we had a campaign that was a failure, it would mean a loss of money and, more importantly, it would mean a traumatic loss of confidence in our whole destiny as a diocese! This was a decision I felt obligated to make alone, and after some agonized decision-making I signed the papers and our committee chairman, Mr. Edward S. Washburn, mailed them to the firm's office in New York.

The autumn of 1965 saw no increase in enthusiasm for the Diocesan Advance Campaign, and no decrease in Alinsky concern and anxiety. It was announced that a Fair Housing Campaign would be held in Kansas City in January and February, the first half of our Diocesan Advance Campaign period. Then, after numerous well-publicized Alinsky visits to Kansas City, it was announced that his program would be started on March 15th just as our Advance Campaign was entering the final critical weeks! The clouds were dark indeed and the prophets of doom and disaster were many.

Then, thanks be to God, the tide changed. Mr. Streit arrived and began to organize the campaign. The two toughest jobs in the campaign leadership were accepted by Phillip S. Lyon (General Chairman) and C. Humbert Tinsman (Diocesan Special Gifts Chairman). Other top men and women throughout the diocese accepted posts of leadership on the levels of the Diocese, the Convocations and the local congregations.

The Special Diocesan Convention was a bang-up event that marked the beginning of the change from gloom and doom to outright enthusiasm. More and more people began to glimpse the goodness and grandeur of our goals and the desirability, even the necessity, of the

campaign. But with all the emotional tension of the past months, it still seemed unlikely, if not impossible, that we would reach the \$425,000 goal.

I believe the campaign's smashing success says something about the growth of our people in Christian maturity. More than one campaign worker said to me something like this: "Bishop, we may not make it to the goal of \$425,000 on this campaign, but we believe it is our Christian duty to give it all we've got - and we'd rather try and fail than give up without really trying." Others said, "Bishop, more than the money is at stake in this campaign! The whole concept of Christian service in today's world is involved - and the spiritual health of the diocese - and whether we Episcopalians in West Missouri are just a bunch of isolated, self-centered congregations, or whether we are growing into a unified diocese prepared to advance the Kingdom of God."

Tonight we know the answer - the glorious answer! The people of West Missouri came through, to the tune of \$606,000, and some of the smallest and most financially-hard-pressed congregations - missions and parishes - were among the first to reach their quota and go over the top! I do appreciate their loyalty to their Diocese and to their Bishop. The people of West Missouri are determined to advance and are willing to give their money to make it possible. We, their elected leaders, must not disappoint them! At this convention we must act positively and boldly to assure the continued growth and progress of our diocese. And knowing you as I do, I have no doubt how you will respond to the decisions that face this 1966 Diocesan Convention.

The Suffragan Bishop

With the enlargement of the program that our Diocesan Advance Campaign makes possible added to the notable growth and increasing complexity of the work of our diocese, it becomes quite evident to me that the demands on episcopal leadership are greater than one bishop can meet adequately. This is, after all, an episcopal church and I must now talk to you about the episcopate of West Missouri. In a sentence: the diocese needs more episcopal manpower.

The annual yearbook of the Episcopal Church furnishes anyone (who cares to look) with the statistical evidence of our growth during the past sixteen years. Pages 39-45 of the Annual for 1950 (the year I became your bishop) compared with pages 12-17 of the 1966 Annual indicate that the Diocese of West Missouri is a middle-sized diocese by comparison with the other 88 United States jurisdictions. For those who like statistics I note that we rank only 66th out of 89 in number of parishes and organized missions; 55th out of 89 in church school pupils; 52nd in number of clergy; 51st in baptized members and 51st in size of our mission quota and a very creditable 45th out of 89 in communicant members. Now please note that in population we rank

37th out of 89 and in square miles of area we rank 25th. These last two figures reveal that we have a larger than average territory to cover and that in population we have great potential for growth in church membership.

"Growth" is one word I am stressing tonight; the other word is "advance".

In the past sixteen years the Church nationally has grown 57% in number of clergy from 6,574 to 10,309, while during the same years our diocesan clergy have grown 131% from 29 to 67. Nationally the Church has grown in baptized membership from 2,512,265 to 3,615,643, an advance of just under 44% while our diocese increased from 12,523 to 22,090, an advance of more than 76%. While the number of parishes and organized missions in the nation was declining from 7,909 to 7,539 - a decrease of 4½% - the number in West Missouri was increasing from 39 to 45 (50 congregations raised money in the D.A.C.I.), an advance of more than 15% (28% by today's 50 congregations). During these 16 years our diocesan total receipts have grown from \$392,655 to \$1,674,686 (up over 300%); and our church property has increased in value more than 300% from \$1,879,000 to \$7,663,000 (in both cases with St. Luke's Hospital excluded). All these statistics reveal growth and advance; they also bespeak ever increasing burdens of responsibility and administration on the diocesan level.

Most of all our diocese is growing and advancing in vision, involvement, outreach and, one hopes, also in spiritual strength, unity and power, as suggested in earlier parts of this address.

The program of the diocese, as statistics have shown, has greatly grown in the sixteen years of the present episcopate; the continuing growth each year places added pressures upon the episcopate. When the projects made possible by the Advance Campaign are considered, with their need for leadership planning and administration, it becomes more than ever plain that the diocese needs episcopal assistance to meet effectively the exciting challenge of continued growth and advance.

There are different ways in which the problems presented by a growing diocese can be met administratively, and some dioceses have preferred to go the route of a lay executive secretary or a priestly archdeacon, but the increasing trend is to the suffragan bishop as providing the best all-round assistance and aid in meeting the needs and opportunities associated with complexity, growth, episcopal ministrations of confirmation and ordination, and long-term advance. It is my considered opinion that both clergy and laity respond more warmly to episcopal leadership than to that of a priest-archdeacon or a lay executive. Furthermore, since life is uncertain, it could be a real asset to our diocese to have a trained bishop in reserve who in an emergency could keep us from going leaderless for the extended period of time it requires to secure a new bishop.

It does take time. If, as I pray and hope, you enthusiastically accede to my request for a suffragan bishop tomorrow morning, it will take several months to secure the canonical consents of the bishops and standing committees of the Church to the election of a suffragan bishop. After such consents are received, a special diocesan convention to elect would then be held, probably in October. Please understand that I have no voice in the selection of an assistant bishop. You may request me to appoint a nominating committee to bring in not less than three nor more than five names to the special convention (it being understood that nominations from the floor are always in order). I have no candidate for the job and the election would be wide open as far as I am concerned. I would just pray that the best man inside or outside the diocese would be elected! After a man has been elected and has accepted his election, several more months would elapse while consents to his consecration were secured from the bishops and standing committees of the Church. Then, and only then, could the actual consecration of the suffragan bishop take place, say in early 1967. A Suffragan Bishop does not have the right of succession unless elected a diocesan or coadjutor; a Coadjutor Bishop does.

When any bishop is consecrated he is consecrated not just as Bishop of West Missouri or as Suffragan Bishop of West Missouri, but as "a Bishop in the Church of God". He has a seat, voice and vote in the House of Bishops and in the General Convention of the Church and is expected to serve the whole Church as well as his own diocese. The duties and responsibilities with which I have been honored by the National Church, especially in the field of ecumenical relations, requiring travel, work and absences, do somewhat limit my time and ability to discharge the duties of diocesan bishop. And it would appear that in the years immediately ahead these demands will increase, due to my seniority in the House of Bishops and to the increased opportunities in the needy area of Christian unity. I need hardly point out that the good name of our diocese is enhanced by the bishop's participation in the national life of the Church, and that the bishop brings back to the diocese fresh inspiration and experience.

The assignment of responsibilities to be given the suffragan bishop would be determined in the light of the gifts possessed by the man elected. I hope he would serve as program coordinator for the Diocesan Council, supervisor of diocesan staff work, chairman of the Department of Missions with special emphasis on new mission strategy and general trouble shooter. I would share with him the ordinations and confirmations, so that he would have ample opportunity to exercise the spiritual and sacramental ministries of the episcopate, an area where assistance is also needed.

Within the past year three of our ablest younger clergy have chosen to remain in this diocese when faced with appealing options elsewhere - why? Because of the satisfaction of living and working in

an active, exciting, "doing" climate where potentials for further advance are present as they are in West Missouri. We are a "going", advancing diocese; let's keep on growing in every way possible.

I believe it is my duty and responsibility tonight, acting under the provisions of Canon 40, Section 1, of the Canons of the Protestant Episcopal Church in the United States of America, to ask for the assistance of a Suffragan Bishop. I have given the matter considerable study and prayer over the past two years, and after personal consultation with a number of the clergy and laity, I have become convinced that if our diocese is to continue its splendid growth in the years immediately ahead, the Diocese needs a Suffragan Bishop. I trust the Convention tomorrow, after discussion and debate, will vote to begin the lengthy process of securing a Suffragan Bishop in order that the Church in West Missouri may continue its encouraging progress and advance. It is my considered opinion that the future of our diocese for years to come rides on your decision.

REPORTS

REPORT OF THE STANDING COMMITTEE

During the year 1965 the Standing Committee held meetings and took actions as set forth below. Failures to act because of incomplete requests or purely procedural matters are not reported.

March 16, 1965 Permission was given to the Church of the Good Shepherd, Kansas City, North to encumber their property to the extent of \$100,000 for the purpose of building a new church. Consent was granted to St. Andrews, Kansas City, for execution of a mortgage loan on St. Peter's Chapel in the amount of \$125,000. Consent to the election of a Bishop Coadjutor for the Diocese of Ohio was approved. Dr. Harry L. Biggs was certified for ordination to the Diaconate. Similar action was taken on the application of Roy V. Finnell. Mr. David L. Dixon was recommended for candidacy for Holy Orders.

May 3, 1965 The waiting period for Charles Doan, Jack William Reeves and James Masters was reduced to six months and consent given for their ordination to the Priesthood. Consent was given for the ordination of Samuel Lee Weaver to the Perpetual Diaconate. Consent was granted to the election of a Bishop Coadjutor for the Diocese of Chicago.

May 4, 1965 Election of officers held. Elected were: The Reverend Canon C. E. B. Nobes, Chairman; the Reverend Canon Arleigh Lassiter, Vice Chairman; and Mr. P. S. Lyon, Secretary.

August 17, 1965 Consent was given for the election of a Suffragan Bishop for the Diocese of New Jersey. Approval was given to St. Andrews Church, Kansas City, to increase the mortgage on St. Peter's Chapel to \$150,000.

October 19, 1965 Approval was given to the Church of St. Philip the Apostle, Joplin, to borrow \$17,000 secured by mortgage on the then present rectory as well as the new rectory. Approval was granted to a request from St. Nicholas Church, Noel, to encumber their property up to \$10,000 for the erection of a new church and parish hall. Approval was granted to Christ Church, Lexington, for a commercial loan of up to \$2,000 on the Lexington property. Consent was given to the request of Carl Ambrose Ling for recommendation as a candidate for Holy Orders under Canon 27.

October 19, 1965 The application of David K. Fly for ordination to the Diaconate was approved. Consent was given to the election of the Reverend William Davidson as Bishop of

the Missionary District of Western Kansas. The application of David Louis Dixon for ordination to the Diaconate was approved.

Respectfully submitted,
Philip S. Lyon, Secretary

Report of the Bishop in Connection with Clergy Placement And Post-Ordination Training

Bishop's List (see page 39 of 1965 Convention Journal) of ecclesiastical units within his jurisdiction which are under the direction of priests who are experienced and mature enough to undertake the supervision of younger men, in which the services of apprentice clergymen would be desirable, and in which the type of experience the apprentice would receive would properly fit the clergyman-in-training for the responsibilities of the larger ministry ahead of him:

(a) Parishes financially able to employ an apprentice: Kansas City, Grace and Holy Trinity Cathedral; Kansas City, St. Andrews; Kansas City, St. Paul's; St. Joseph, Christ Church; Springfield, Christ Church.

(b) Parishes which not only could use but actually need clergy assistants, but which for financial reasons have not employed or cannot employ such assistant: Carthage, Grace Church; Independence, Trinity; Joplin, St. Philip's; Kansas City, All Saints; Kansas City, Good Shepherd; Kansas City, St. George's; Kansas City, St. Mary's; Raytown, St. Matthew's; Sedalia, Calvary; Springfield, St. James'; Springfield, St. John's.

(c) Parishes or missions which are sufficiently close to small, rural congregations to permit the rectors or vicars of experience to give close supervision to men who will minister to the smaller nearby units: Carthage, Grace Church; Independence, Trinity; Joplin, St. Philip's; Neosho, St. John's; Raytown, St. Matthew's.

The Rt. Rev. Edward R. Welles, D.D.
Bishop of West Missouri

REPORT OF THE DEPARTMENT OF CHRISTIAN SOCIAL RELATIONS

The year 1965 has been an extremely active one for the Department of Christian Social Relations. Concentration of effort has been in three areas: **Education, Legislation and Action.** This three-pronged purpose was used to

1. interpret the social concerns of the Church in the world today;
2. involve the parishioners of metropolitan Kansas City in the Fair Housing Campaign;
3. begin seeking new ministries for the Aging.

The department presented programs to fourteen parishes throughout the diocese. These programs allowed for exchange of ideas between a panel and those in attendance. Some parishes now have established social-action committees which have initiated new programs of Mission as a direct result of our educational panels. Departmental literature and a sample survey were made available to all parishes.

Two hundred twenty communicants of parishes and missions in metropolitan Kansas City belonging to the Dioceses of West Missouri and Kansas attended a significant meeting on December 12, 1965, on Fair Housing at St. George's. Personally signed letters from the two bishops to clergy, senior wardens and leading churchwomen were sent. The purpose of the meeting was to interpret the campaign of the Greater Kansas City Council on Religion and Race and to state the position of the Church in regard to open housing. In addition to the two bishops, Mayor Pro-tem Frank Seabee, Kansas City, Missouri, Mayor Joseph McDowell, Kansas City, Kansas, the Rev. George Laurent, Director of the Kansas City Council on Religion and Race, Mr. Robert Baker, Mr. Everett O'Neal, the Rev. W. G. Lonergan, Mr. Robert Staples and Mrs. Harry W. Keith took part in the program and panel discussion. Altogether the program was a fine example of planning Christian dialogue and cooperation between the two dioceses so that the Episcopal Church might present a united front in the matter of fair housing.

The department presented the Fair Housing Resolution to the Diocesan Council in November, 1965. It was passed at the December meeting of the Council (see Diocesan Journal for Council minutes).

By Resolution, the Convention, May 1965, directed the Department of Christian Social Relations to re-study Nursing Home Care and to recommend to Diocesan Council action to be taken. As a result the department presented a resolution to Diocesan Council, October 1965. This resolution was passed (see Diocesan Journal, Diocesan Council minutes October 1965). Growing out of this study, the department has established a Division on Aging. This group has begun exploring new ministries to the elderly. Our goal is to promote dignity and independence by developing methods of meeting their needs in their homes.

Periodically, the department has mailed notices, as needs arose, to parishes and missions alerting them to social concerns:

1. Medicare enrollment
2. Conference on Alcoholism
3. Need for volunteers in the Economic Opportunity Act.

Department members are also working as concerned Christian individuals in numerous capacities. The Rev. W. G. Longergan, Executive Secretary, for the department has served as Chairman of the Social Welfare Department of the K. C. Council of Churches, and a member of the Technical Advisory Board to the Human Resources Corporation.

Respectfully submitted,

S/Mrs. Harry W. Keith, Chairman
Department Christian Social Relations

REPORT OF THE DEPARTMENT OF CHRISTIAN EDUCATION AND YOUTH

The Department of Christian Education is organized into four divisions; Camps and Conferences, Adult, Youth, and Library. Each division, with its chairman works on a program which is coordinated, if need be, by the Executive Board of the Department.

The division of Camps and Conferences had successful conferences for high schoolers and a rustic camping program for 5th, 6th and 7th graders this past year. Rustic camping is held at Cliff Springs and conferences at Camp Hillyard, St. Joseph. Two work camps were also held at Cliff Springs to prepare the property for rustic camping. This year the same program will be offered with the addition of clergy family camping at Cliff Springs in July and an experimental camping program for families of the diocese.

The Adult Division has sponsored three programs in the past year which have been pertinent to the society in which we live; a conference for the clergy on Urban Culture and two separate seminars on the "New Theology". It is hoped that this division will continue to present to the diocese opportunities to become involved in some of the real issues of the day.

The Youth Division of the department is responsible for developing programs among junior and senior high school young people, exclusive of work being done by the Camps and Conference division. In the past year the division has planned and supervised rallies for the young people of the diocese and has done two pilot programs which look toward Convocational conferences for young people. This division is also planning a

Christmas holiday conference for senior high youth and is working with pilot programs for new approaches to youth work in parishes.

The work of our Executive Secretary has been heavy and varied and his role of consultant and coordinator of the department has been of great value.

Respectfully submitted,
S/ Allen R. Hingston, Chairman.

REPORT OF THE PROPERTY DEPARTMENT

The following matters were handled by the Property Department in the period of April 1965 through March 1966:

Blue Springs. The Church of the Resurrection was constructed during the previous year but many matters of detail relating to completion were handled this year. Final payment was made in July.

Brookfield. Approval was given for the purchase of carpeting for Grace Church.

Boonville. Approval was given for refurbishing Christ Church. Painting, interior decorating and underpinning foundations comprise the bulk of the work.

Chillicothe. Approval was given for Grace Church to install auxiliary furnace equipment to modernize their heating system.

Clinton. An inspection trip to Clinton was taken jointly by members of the Mission Department and Properties Department. Conditions of the church property were reported back to the Diocesan Council. The joint commission also reported on the possibility of acquiring other facilities.

Gladstone. The Properties Department and Mission-Team Clergy inspected property and sites in Gladstone with the thought in mind of future Mission expansion.

Independence. A representative of the properties Department made an inspection tour with Fr. Lembcke of possible sites for a future mission church.

Lexington. The 1890 wing of Christ Church was remodeled and folding classroom doors were added to the new parish hall wing.

Liberty. An arrangement was worked out with the Missouri State Highway Department for the sale of part of the Church of the Messiah site for an enlargement of the right-of-way for U.S. Highway No. 71.

Noel. Several ideas were reviewed to remodel and enlarge St. Nicholas' Church. All of the ideas investigated had serious limitations. It was finally decided that the best solution would be to build a completely new Church and Parish Hall there. Construction of the new facility is coming along very well and is scheduled for completion within the next few months.

South West Springfield. We acquired 3.96 acres in the Village Green Addition for the sum of \$21,000.00 as the site for a church building to be built there in the near future.

430 E. 55th Street, Kansas City, Mo. Minor repairs were completed during the year and plans were made for much more extensive repairs and refurbishing of this house to be completed this summer.

S/ James Newell, Chairman.
Properities Department

DEPARTMENTAL OFFICE

The year 1965 showed a steady increase in the volume of work produced by the office. Work has been performed for the following departments, individuals, parishes and missions: Department of Christian Education; Christian Social Relations; Urban Affairs; Stewardship; Promotion; Insurance; The Diocesan Council Secretary; Treasurer of the Diocese; Department of College Work (formerly under the jurisdiction of the Department of Christian Education); Chaplain for U.M.K.C.; Bishop Welles; All Saints' Parish, Kansas City; Trinity Parish, Independence; St. Peter's Parish, Harrisonville and Epiphany Mission, Grandview.

All money received by the Diocese was banked from the office and all stipend and bill payment checks (a total of 1,522 or 126 per month) were processed for signature by the Treasurer and subsequently dispatched to the recipients.

During this year 83 reams of paper (41,500 sheets) were used by the office in printing notice of meetings, minutes of meetings, reports and letters for the above parties.

Early in the year a Model 80 Multigraph Duplicator (off-set printing press) was acquired through the generosity of Christ Church, St. Joseph. This machine has enabled the Departmental Office to produce printed material, such as letters, letterheads, etc., approaching professional quality. This also resulted in a substantial saving in printing costs for the Diocese since we now print all forms used by the office and letterheads for various parties from metal masters.

During the later part of May disaster struck your manager resulting in his being hospitalized for 24 days and spending 21 days at home recuperating from a very serious virus infection of the spinal column from which he has completely recovered with no after effects. During this period of time, my wife, Mrs. Clare Nash, took over the essential part of the office's work. This was through the generosity of All Saints' Parish, where she is secretary to the Rector, who released her from her duties two days a week, to work for the Diocese.

Beginning in November the Diocese formed a Blue Cross/Blue Shield group. The administration of this program along with the Major Medical and Pension program were assumed by the office.

As mentioned in our report of 1964, more and more executive secretarial work has been assumed by your manager for the various departments and individuals. We have hopes that during 1966 we will be able to assume the majority of this work for all those department heads desiring this type of service performed for them.

Respectfully submitted,
S/ Glenn E. Nash, Manager.

REPORT OF THE DEPARTMENT OF MISSIONS AND CHURCH EXTENSION

The continual shifting of populations, very often dictates the program and policy of the Churches ministry in that given area. Static conditions exist in those mission congregations located in areas where the population is declining. While other mission congregations are made stronger through the influx of new people to their area, old areas, such as Clinton, spring to life, with the promise of a large recreational facility at their door step. (Balsinger Dam) The mission at Branson will benefit for years to come through the attraction that Table Rock Lake has for many people. Camden-ton also falls in this category. A new interstate highway or freeway will affect the life and ministry of a mission congregation. These are only a few of the obvious conditions facing the Department, as it explores new and exciting opportunities to expand the life of the Church in the mission field.

With the acquisition of a beautiful site in southwest Springfield, the Department has requested Bishop Welles to secure a priest to work and develop this fast growing area. Other land acquisitions are being considered for future development.

The five mission congregations that ring Metropolitan Kansas City present an entirely different set of problems. Facing declining situations in several congregations, it became apparent that a new vigorous approach was imperative. Your chairman of the Dept. together with Bishop Welles and the Rev. J. H. Lembcke, Jr., were convinced that the new approach would require the services of a top-notch clergyman with considerable experience in congregations of different sizes, and who had the ability and imagination in tackling new problems and opportunities.

It was further recommended that the Diocese be prepared to pay up to double the existing mission minimum clergy stipend to secure such a priest. The Department of Missions approved the plan and the Rev. Edward R. Sims agreed to head the new project that became known as the Metropolitan Team Ministry. He was aware that this new pioneering project would require new methods of procedure. He was assured the support and advice of the Bishop and the Department when needed. The Team Ministry is now fifteen months old. Unfortunately there has been too much fluidity of personnel to develop stability in the Ministry. We hope by now this situation has been corrected. At this moment, the measurable and visible results are highly encouraging. Under the personal leadership of the Rev. Edward R. Sims the results in three of our five congregations can be described as dramatic. The Church of the Epiphany has made sufficient progress to warrant a full time priest, in residence. The Vicar of Metropolitan Missions is now concentrating his major effort at the Church of the Messiah, Liberty. The new spirit and forward look of this congregation was reflected in the Diocesan Advance Campaign by exceeding its goal by 1156%.

Church attendance at Redeemer, Parkville, is reported to be three times greater than it was four months ago. In these past 15 months, the Team Ministry under the energetic, imaginative leadership of the Rev. Edward R. Sims, has brought new organizational efficiency to all five congregations, including St. Luke's, Excelsior Springs and Resurrection, Blue Springs. The outlook is vastly encouraging.

We are confident that within the next twelve to fifteen months the verdict will be that the undertaking was not only well worthwhile, but that we have achieved a conspicuous success, the momentum of which will long be continued. Our Mission Clergy have not had an increase in stipend for the past six years. God bless them, they have not complained.

It has become increasingly difficult for the Bishop to attract outstanding clergy to the diocese because of our low minimum stipend. The Department of Missions made a recent study of

what other dioceses are paying. It is our sincere hope that this condition will be substantially improved in the near future.

Respectfully submitted,
Gill Miller, Chairman

REPORT OF THE DIVISION OF WORLD MISSION

Report On Bokaro Offering

A project to build a new Church in Bokaro, India, was completed by the Diocese during 1965. Over \$22,500 for land and building was forwarded to The Rt. Rev. Dilbar Hans, Bishop of the Anglican Diocese of Chota Nagpur. Thus, churchmen of India and America will share in getting ready to minister to the expected thousands of new residents who will work in a huge steel plant to be erected soon in Bokaro. The Church location has been purchased, and Church planning is now going forward under the direction of The Rev. John Sadiq, Archdeacon.

The project was the first undertaken by West Missouri as a response to the "Mutual Responsibility and Interdependence" program of the Episcopal Church adopted by the Church's General Convention in 1964.

Participation of communicants throughout West Missouri was widespread, with almost all parishes and missions taking part in a special voluntary offering on Whitsunday, June 6. \$11,600 was given by communicants and parish organizations and \$1,000 was given by the Episcopal Churchwomen of the Diocese. Through this offering it was possible to personalize the appeal, to describe the inter-relatedness of the metropolitan culture of India to that in our own country, and to relate specific missionary activity to the message of Pentecost and Whitsunday. In addition, the Diocese as a unit contributed \$10,000, thus involving all diocesan communicants and providing a way for the Diocese to move toward giving beyond national missionary quotas.

In addition to the personalization made possible through the visit of Bishop Hans and the developing friendship between him and Bishop Welles, the project was also given an added personal dimension by the visit of The Rev. Clifford E. B. Nobes, S.T.D., Rector of St. Paul's Church, Kansas City, Mo., and Mrs. Nobes to Chota Nagpur last spring. Afterward a film slide and tape program was prepared from their visit with Bishop Hans and tour through the area for showing in parishes and missions, and Dr.

Nobes spoke enthusiastically to convocational meetings about their visit and impressions.

Coordination and promotion of the Bokaro Offering, with a special Whitsunday Offering Envelope and distribution of English Missionary Society leaflets on Chota Nagpur, was provided by the Division.

Report On 1966 Projects - Bhagalpur and Lucknow

At the September planning session of the Diocesan Council, the Division of World Mission was directed to make plans for another Mutual Responsibility project to be financed through a diocesan-wide voluntary Whitsunday Offering, with arrangements similar to those for the 1965 Whitsunday Offering for Bokaro. It was also determined that our focus for at least three years would be toward India.

The Women of the Diocese have adopted an MRI project in Lucknow, India. Later the needs of the Diocese of Bhagalpur, which adjoins Chota Nagpur in the province of Calcutta, were also brought to our attention. So far no Mutual Responsibility projects presented by this Diocese have been adopted, possibly due to the fact that no major economic or political events have brought attention to the area, nor has their Bishop received much publicity.

This remote, tribal diocese, however, is very close to some of the most rapidly developing industrial areas in India, and many of the tribal people leave there for work in new metropolitan situations. Consequently, the need for upgrading the level and quality of education in Bhagalpur is very important. Potentially the Christian Church can play an unusually significant role in this regard, as the tribal people are mostly animist in religious background, rather than Moslem, Hindus, etc.

After the needs of Bhagalpur were brought to our attention we studied the priority and possible effectiveness of their proposed projects through letters and long distance phone calls, by Bishop Welles and the division chairman to our national Overseas Department Staff, Bishop Bayne, Bishop Demel (Metropolitan of Calcutta), Bishop Dean (Anglican Exec. Officer), Bishop Sadiq (Regional Executive Officer), Bishop Farmer of Bhagalpur, and Bishop Stokes of Massachusetts, who recently visited in the area. Dr. Nobes, who also visited the area recently, furnished very helpful background information. After this investigation, and after discussion within the Division and with our Convocation/Canons, we recommend to the Diocesan Council that our Diocese undertake the following Mutual Responsibility project, the money to come from the 1966 voluntary Whitsunday Offering on May 29:

IC/65/12 - Completion of partly built Deoghar School to help provide high school level education in the Santal Parganas, at a cost of \$8,925.

The upgrading of schools was given first priority among other MRI projects submitted by him, in a letter from Bishop Farmer dated December 14, 1965.

This project, approved by our Diocesan Council, will give substance to the great educational and inspirational values found in the Whitsunday Offering, and yet is moderate enough in cost to be feasible in light of the larger MRI funds being raised through the Advance Fund for more extensive or continuing projects.

Respectfully submitted,

S/ Elton O. Smith, Jr. Chairman,
Division of World Mission

REPORT OF
THE CHURCH PENSION FUND

This is the short report that the Trustees of The Church Pension Fund make each year to the dioceses for their annual conventions.

Attached is a list of individuals of your diocese currently receiving benefits. The benefit totals throughout the Church are as follows:

	Number	Amount
To retired clergy	1,068	\$2,217,256
To disabled clergy	125	291,082
To widows	1,614	2,053,615
To orphaned children	312	182,768
Total	3,119	\$4,744,721

Included in these figures is an increase at the beginning of 1965 in the normal minimum pensions, the increases totaling \$464,000 a year. The normal minimum for the clergy is now \$2,100 and for widows \$1,400 a year. The orphan's allowance is now \$420 to \$700 a year, depending on age bracket. Pensions below these figures are due to late ordination, unpaid assessments in inactive periods, very low salaries, very late marriage, and deposition intervals.

For full span of ministry the clergy pension at age sixty-eight is 60% of his average salary, and widows' pensions may get up to 30% of his average salary. Early retirement, down to age sixty-five, was put into effect in 1965. The pension is lower at early retirement.

Effective in the middle of 1966 there will be an expansion in benefits with particular emphasis on offsetting the disadvantage the older pensioners have had from the shrinkage in purchasing power since they began to receive their pensions.

About 47% of the present benefits from the system are the retirement benefit; 6% the disability benefit; and 47% the widows' and children's benefits. The assessments contribute a little less than one-half of the needed resources in the long run, over a half coming from investment earnings.

The insurance and annuity facilities made available by the Trustees through Church Life Insurance Corporation are widely used by the clergy and active lay workers and officials. The policies are a means, among other uses, whereby individuals may name their parishes as beneficiaries; parishes may build up endowments; parishes may provide pensions for their lay workers; dioceses and parishes may provide group life insurance for their clergy. The group Church Major Medical Plan now covers 15,000 individuals - clergy and lay workers and family members.

Over 5,000 churches and institutions are insured in The Church Insurance Company (fire and casualty). Thus the Church in effect is insuring itself, saving considerable money for the Church in the process. The affiliated Church Agency Corporation handles bonding, boiler, and other insurances required by the Church. Thus the Church has its own specialists working wholly in the field of Episcopal Church insurance, as its "joint commission on pensions and insurance," so to speak.

These units are wholly-owned subsidiaries of the Fund, operate wholly within the Church, and contribute to clergy pensions.

The Trustees of the Fund appreciate the cooperation of the many clergy and lay people in administering this activity of the Church.

Faithfully yours,

Robert Worthington

CLIFF SPRINGS CAMPING CENTER REPORT

Since the last Diocesan Convention, some significant developments have taken place with respect to the use and development of the Cliff Springs Camping Center.

The first of these is that the Diocese has made the decision that Cliff Springs will not be developed as a year-round Conference Center, but instead will be retained and developed as a rustic camping center. The primary factor in this decision was that Cliff Springs is located too far from the Kansas City area to make optimum use of the facility.

Another significant fact is that last summer Cliff Springs was used for the first time for the Summer Camping Program of the Diocese, with two separate weeks of Rustic Camping (for 5th, 6th, and 7th Graders), and two separate weeks of Work Camp (for Senior High students). During the coming summer Cliff Springs will be used for 7 weeks of camping:

- June 5 - 11: First Work Camp (for Sr. Highs)
- July 3 - 16: Clergy Family Camping
- July 17 - 23: Family Camping (Experimental Program with St. James, Springfield)

- July 24 - 30: Second Work Camp (for Sr. Highs)
- Aug. 5 - 12: First Rustic Camp (for 5th, 6th, and 7th Graders)
- Aug. 13 - 20: Second Rustic Camp (for 5th, 6th, and 7th Graders)

A third significant development is that during 1965, the Diocese was given 25 acres of extremely desirable land adjoining the Cliff Springs property. This property was given by Mr. and Mrs. Robert Dillon, our Resident Family at Cliff Springs.

A fourth happy event which took place early this year was receiving a gift of \$400.00 to Cliff Springs from the Episcopal Churchwomen of the Diocese.

Fifthly, many things have been and are being done to equip Cliff Springs to more adequately accommodate the Camping programs:

Completed the remodeling of the block house, and equipping it, so that it now contains a fully equipped kitchen; a small dining (or meeting) room; toilet and shower facilities.

Completed the large two-car garage.

Building of two state-park type latrines in the Camping area (Done by 1965 Work Camp - the other to be completed by '66 Work Camp).

Securing more camping equipment (tents, grates, tarps, etc.).

Presently in progress is the reconditioning of the road from the Central area down to the large Spring.
Securing some water-front equipment.

In view of these developments and the future camping program plans for Cliff Springs, it is only with optimism that we look forward to the continued use and growth of our Diocesan Camping Center.

Respectfully submitted,

S/ James F. Moon, Chairman

REPORT OF THE DEPARTMENT OF INSURANCE

During 1965 the Diocese of West Missouri adopted and implemented coverage for many of the clergy in a health care plan designed and approved by the National Church. It is the ultimate aim of the National Church to produce a uniform coverage of this type to be paid for as the pension program is.

By this action our Diocese is in a position now to make this orderly change if, as, and when it is ratified by a sufficient percentage of the Dioceses in the United States. Any clergy or parish that hasn't taken advantage of this excellent Blue Cross / Blue Shield plus Major Medical Expense Program should do so.

At the request of the Church Fire Insurance Company a number of physical appraisals have been made pursuant to their proposal of an expanded type of property insurance on various missions and parish properties. At the writing of this report we have not received any of these proposals but they should be forthcoming soon and what effect they might have on existing insurance programs will have to be studied at that time.

We have been fortunate so far in being able to increase the reserve for losses falling within our \$1,000.00 deductible to an amount to be noted on the Financial Statement you will receive. You must be aware we are certain to have to make use of some of these funds one day for some claim or claims not now foreseen, but it would appear at this writing that this has proven to be a wise decision.

Respectfully submitted,

S/ H. A. Sloan

Chairman - Department of Insurance

REPORT OF THE DIOCESAN LITURGICAL COMMISSION

The Diocesan Liturgical Commission has met twice during the past year, once briefly at the time of the Diocesan Convention in Joplin on May 4, 1965, and again at St. John's Church, Kansas City on June 3, 1965.

A preliminary report was presented to the Standing Liturgical Commission of the General Convention on the use of *The Calendar and Collects, Epistles and Gospels for Minor Feasts and for Special Occasions*. In preparation for this report a questionnaire was distributed to all the clergy of the diocese to determine the extent of the usefulness of this Prayer Book study and to learn their comments regarding it.

The help of the clergy of the diocese was asked again in the collection of booklets which include extra Prayer Book services which are in use in the various parishes and missions of the diocese. At least a partial collection of such services has been made.

The Commission is interested in sharing of ideas of liturgical development. We hope to be of help to the diocese in this way in the future.

Respectfully submitted,

S/ William E. Lusk, Chairman
Diocesan Liturgical Commission

REPORT OF THE BOARD OF EXAMINING CHAPLAINS

Since the seventy-sixth annual convention of the Diocese of West Missouri the Board of Examining Chaplains has conducted two examinations under provisions of Canon 29 and two examinations under the provisions of Canon 29, Sec. 2. (A).

John H. Lembcke, Jr.,

For the Board of
Examining Chaplains

REPORT OF ST. LUKE'S HOSPITAL

The year 1965 was an exceedingly active and exciting period at St. Luke's Hospital. The activation of new facilities, including four new patient floors accommodating 148 patients, highlighted the year's events. These units, designed and furnished with the objectives of greatest possible effectiveness, efficiency, and attractive decor, have been enthusiastically received by patients, visitors, and staff. Many new innovations have contributed substantially to improved patient care, comfort, and safety. The new and enlarged chapel, inspiring in its cheerful yet dignified beauty, became available for use in October.

Coincident with the many operational challenges posed by the building program, services rendered to patients continued at an increased pace. A total of 18,621 patients were admitted to the hospital during the past year. These patients stayed an average of eight days, with a total of 149,741 days of care rendered. The laboratory performed 470,338 tests, 51,874 procedures were done in the X-ray department, and 9,107 operations in surgery. The dietary department served 761,511 meals.

Our School of Nursing graduated 74 students, its largest class in history, at the commencement exercises in September, held in the Cathedral. Current enrollment is at a high level,

but with a national crisis of unmet needs in the nursing profession, our school has a continuing need for referral of interested applicants. We earnestly solicit help from within the Diocese in this regard.

Moving beyond the past year, attention should be directed to the election of new officers at the Annual Meeting of the Board of Directors in January, 1966. Bishop Welles, as Bishop of the Diocese remains as ex officio President. Robert W. Wagstaff, well known for his many responsibilities and accomplishments in the Diocese and widely respected in business and civic affairs was elected to the important leadership office of First and Executive Vice President. Other officers elected were: C. Humbert Tinsman, Second Vice President; Maurice D. S. Johnson, Treasurer; and William L. Atwood, Secretary.

At this date, completion of remaining areas of the construction program is eagerly anticipated. Within the month the new X-ray department, operating suite, recovery room, laboratory, and emergency rooms will be put into service. It is planned that renovation of existing facilities will commence during the current year.

A special word of acknowledgement and appreciation would seem appropriate to the many devoted, dedicated and generous persons who have made this tremendous program possible, and another to those who have endured the inherent tribulations with understanding and forbearance.

Respectfully submitted,
S/ Robert A. Molgren

DEPARTMENT OF COLLEGE WORK

The College Department's Budget, which makes possible the ministry of the Episcopal Church in West Missouri for 1967 is \$11,695.00. This represents a tremendous advance over the last five years.

It needs to be remembered that three of the land grant colleges in Missouri (Maryville, Warrensburg and Springfield) are in our Diocese together with other colleges, the largest of which is U.M.K.C. The growth in the college population in our Diocese in the last five years has been tremendous, and in the next fifteen years it will double.

The Diocese's program of grants-in-aid amounts to \$1,775.00 to assist eleven parish priests who minister to the colleges within

their parochial responsibility. They are Southern Missouri State Drury, Northwest Missouri State, Tarkio, William Jewell, Missouri Valley, Wentworth, Park, Cottley, Kemper, Central Methodist, Central Missouri State, U.M.K.C., St. Joseph Junior College. This money is a direct grant to the priest for his discretionary use in his college ministry.

At Central Missouri State College in Warrensburg, \$1,500.00 is provided as additional salary for the Rector of Christ Church because of the work he undertakes at this growing ministry. It is expected that the student population will reach 12,000 in ten to fifteen years.

The budget for our Chaplain at U.M.K.C. (The Rev. James F. Moon) is \$10,300.00. This provides for all of his expenses, to which is added \$200.00 for a study grant, and \$120.00 for office rental at the Newman Center. This work was initiated in 1964 by a grant-in-aid from our National Department of College Work, reduced each year, until 1969. The projected growth at U.M.K.C. is well known. For our ecumenical work at U.M.K.C. \$200.00 is provided.

The Diocese, for three years, has been desirous of providing a full time priest at Springfield to work at Southern Missouri State, our second largest and fastest growing college in our Diocese. We have applied for a grant twice and have been turned down by our National Department and the Diocesan Council has not been able to include this ministry in our Diocesan Budget. It is imperative this work be undertaken, especially in the light of the provision in our Diocesan Advance Campaign which provides for a facility in Springfield. When this work is undertaken the budget will ultimately need to be raised by \$10,000.00.

I foresee - by ten years or sooner - a budget of \$26,000.00 to \$30,000.00 annually. If all conditions remain the same, by ten years, we shall probably level off at about this figure for maintenance of programs. This would not take into consideration assumed expenses which will accrue in connection with the cost of maintenance of the three facilities which will be erected by the Advance Campaign.

For the moment, the above is the direction and the commitment of our College Ministry.

Chairman

REPORT OF EPISCOPAL CHURCHWOMEN

Episcopal Churchwomen of the Diocese of West Missouri experienced a year of challenging and accelerated activities in 1965. The Mutual Responsibility and Interdependence (M.R.I.) doctrine adopted by the General Convention in 1964 and developments of historic proportions in this Diocese were studied

and acted upon to the best of our knowledge and ability. As Women of the Church, we hope these actions will strengthen our position in the structure of the Episcopal Church.

M.R.I. was viewed as an opportunity to participate in the overseas program of the church as well as at home. Parish programs included activities pertinent to local needs and Women's Parish Organizations were encouraged by all departments and standing committees of the Execu. Board of Episcopal Churchwomen to become involved in Christian Social Relations, Christian Education, Devotional Life, etc., on all levels. Our Department Chairmen spoke throughout the Diocese in an attempt to encourage and provide ways of helping to make these programs successful. We devoted our Episcopal Churchwomen's meetings to educational programs that would enable churchwomen to learn more of the needs overseas. As a result of this action our budget was revised and nearly seventy-five percent of the Fair Shares received were spent outside of this Diocese. The purchase of a bus to be used as a mobile medical clinic in Taiwan and a donation to the Diocesan M.R.I. project in Chota Nagpur represented over fifty percent of the total budget.

We were proud of and grateful to the Diocesan Convention for their action last May enabling women to serve on Vestries and, God willing, to be eligible to serve as delegates to the Diocesan Convention after the 1966 Convention, at which time the change in the constitution will become a reality with the necessary majority vote.

The women in each of the seven new convocations were organized for the purpose of cooperating with and participating in the projects of these diocesan divisions. Communication and promotion were stressed to enable a deeper understanding and concern for the mutual problems of parishes and missions within the convocations, thus promoting a more unified effort toward the work of the Women of the Diocese.

As your President, I presided over all meetings of the Episcopal Churchwomen of the Diocese of West Missouri and their executive board meetings. I attended the Diocesan Council meetings where I served as a member of the Departments of Missions, Camps and Conferences and Promotion. I also served on the Inner City Committee. I participated in several meetings of six convocations. I attended the Executive Board Meeting of the Women of the Seventh Province in Oklahoma City on September 28 and 29. I served on all the committees of the Episcopal Churchwomen executive board ex-officio and attended their meetings. It was my pleasure to speak sixteen times to women's organizations throughout the Diocese; on nine occasions outside the metropolitan area, seven times within the area. I also visited nine parishes and missions. These opportunities to participate in the women's organization in our Dio-

cese is a very rewarding experience. The warm friendship, hospitable reception and complete cooperation of Episcopal Churchwomen throughout the Diocese is a spiritual experience for which I shall be eternally grateful.

The annual report of any president primarily reflects the accomplishments of her chairmen. The following brief summaries from your chairmen relate a complete record of their year's work. These reports represent hours spent, miles traveled and prayerful planning on the part of each woman. The Diocesan Chairmen have given freely of their time, talents and (in M.R.I. tradition) their treasure to bring the women of the Diocese this full program of the Church as outlined by the General Division of Women's Work. These gifts reflect the deep religious convictions of Churchwomen throughout our Diocese, and it is our earnest desire that these offerings will be acceptable to God and that He will strengthen our desires to do His work well in the coming year.

The following reports appear in the order as shown in our Handbook for 1965.

Vice-President - Mrs. Gill Miller, - I attended all meetings, assisted with promotion, prepared Diocesan Convention delegates' packets and arranged for hotel accommodations and hospitality for those attending the Annual Fall meeting. I worked with the promotion chairman to register delegates to the Diocesan Convention and the Annual Fall Meeting.

Vice-Presidents Ex-Officio:

NORTH KANSAS CITY CONVOCATION - PRESIDENT, MRS. HERBERT H. WHITE - The first meeting was held on April 14 with representatives of all churches in the convocation present. Mutual problems were discussed and a plan for action was instituted, the work being carried out in the individual parishes and missions.

METROPOLITAN CONVOCATION - PRESIDENT, MRS. FRANK KOGER - Two meetings were held to discuss the organization of the convocation, and the possibility of a project was explored. We plan to promote interest and attendance to all Diocesan meetings and to support any projects undertaken by the representative group of the Metropolitan Convocation.

SOUTH KANSAS CITY CONVOCATION - PRESIDENT, MRS. WILLIAM FELLHAUER - The South Kansas City Convocation organized as a result of their first meeting and plan to enter into a closer relationship between all the parishes and missions. We hope as this fellowship grows a project will develop from our associa-

tion with each other, resulting in a true commitment for the extension of God's work in our convocation.

CENTRAL CONVOCATION - PRESIDENT, MRS. L. H. HODGES - The planning committee of the Central Convocation held its first meeting January 22, 1964. I met with the Canon, Clergy and laymen to make plans for the year. On February 17, I met with all presidents of the parishes and missions and at this time we scheduled the following meetings for the year 1965:

March 4 - Calvary Church, Sedalia
 March 10 - Trinity Church, Marshall
 March 12 - A second meeting of the planning committee at Marshall
 April 8 - Quiet Day
 April 22 - Spring meeting, Calvary Church, Sedalia
 September 9 - Fall meeting of the Episcopal Churchwomen was held jointly with the Central Convocation in Calvary Church, Sedalia.

We participated in all meetings of the convocation, a total of eight.

SOUTHEAST CONVOCATION - PRESIDENT, MRS. RALPH E. WILEY - I presided over two convocation meetings. The first meeting was held in Branson on April 22; the second in Springfield on October 20. I attended the Diocesan Convention and the September meeting of the Episcopal Churchwomen in Sedalia.

SOUTHWEST CONVOCATION - PRESIDENT, MRS. EUGENE McGAUGHEY - The first meeting of the Southwest Convocation was held at Grace Church, Carthage, on April 29. We met in Neosho for our fall meeting, with fifty women present. The women of our convocation have attended planning sessions and the Stewardship Leaders' training meeting. We are participating in the fabric parcels for Vietnam. We are reaching more women than previously, as shown by the attendance. I believe we have made a start in fulfilling the purposes of the convocation, and with God's help we will continue to serve the Church.

Recording Secretary - Mrs. John G. Ward - I attended all meetings of the Episcopal Churchwomen and the executive board meetings and recorded the minutes of these meetings which were read for approval. I sent out questionnaires to each parish and mission in the Diocese, compiled and mailed the Handbook throughout the Diocese.

Corresponding Secretary - Mrs. William C. Davidson - Appropriate notes were sent from time to time to guest speakers, host parishes, ill or bereaved members of the executive board or Episcopal Churchwomen, etc. Notices of executive board meetings were mailed before each meeting.

All Episcopal Churchwomen's meetings were attended, as were the executive board meetings. Because your President was fulfilling a speaking engagement, I attended, in her place, a Fellowship Conference for the Women of the Diocese of Missouri which was held at Trout Lodge, near St. Louis, in October.

Treasurer - Mrs. C. W. Cleverdon - I kept the books and handled all the money for the Episcopal Churchwomen. I attended all the meetings and submitted financial reports to those present. A complete report has been recorded elsewhere in the Handbook.

United Thank Offering - Mrs. W. F. Foster - The Grant List and three Grant Stories were made available and distributed through the parish and mission chairmen to all Episcopal Churchwomen in the Diocese. The Annual Diocesan Ingathering was held November 1 at St. Paul's Church, Kansas City. Color slides have been made available and will be used for Spring program material. All orders for supplies were filled and I attended all executive board meetings and Episcopal Churchwomen's meetings.

Supply - Mrs. Benjamin M. Riles - Supply assignments were mailed on October 13 to all parishes and missions in the Diocese. These assignments were sent to Supply Secretary's Gift Fund, Calegio San Just and St. Joseph's Mission, Puerto Rico, and Interchurch Medical Assistance. We have urged parishes and missions throughout the Diocese to participate in the United Clothing Appeal and Fabric Parcels for Vietnam. Let us by our united effort put meaning and action into our prayer that "We be ever mindful of the needs of others" as we fertilize the fields for our missionaries aboard.

Christian Education - Mrs. Edward Z. Hauber - I attended all meetings of Episcopal Churchwomen and displayed educational materials. I replied to numerous inquiries by obtaining books and pamphlets needed by various parishes and missions. I spoke on Christian Education on several occasions and reported on new material at Diocesan meetings.

Finance - Mrs. Carl Mason - With the help of the Finance Committee and Bishop Welles, I revised the budget to comply with the standards set by M.R.I. The women are now giving over fifty percent of their budget to overseas and domestic missions. The new development of one substantial project has been well received by the Episcopal Churchwomen, as shown by an increase in Fair Shares received.

Promotion - Mrs. Frank Koger - The promotion department has mailed material on each Episcopal Churchwomen's meeting to your respective parish representatives, the Clergy and to all newspapers covering areas where churches exist in West Missouri.

Devotions - Mrs. W. D. Jackson - The main thrust this year has been to encourage the daily use of "Far and Near" among churchwomen in our Diocese. Letters were sent to each Convocation President informing them of quiet days held in area groups. As your Devotional Life Chairman, I have widened my scope of personal reading and have listened with more sensitive ears. For this, I thank you and hope that you have been led to daily participation in prayer and mission through "Far and Near."

Christian Ministries - Mrs. John R. Lawrence and Mrs. F. C. Argubright - After careful appraisal of the existing situation in our diocese, we have concluded that church camps and youth conferences offer the best opportunity to interest young women in choosing a church vacation. If parishes and missions will provide adult leadership to help with youth work, provide scholarships for those who cannot afford to attend summer projects and place folders from the National Church on the bulletin board, this may help stimulate this area of church work.

Christian Social Relations - Mrs. Harry W. Keith - All Episcopal Churchwomen's meetings and their executive board meetings were attended and the following schedule was fulfilled: 1 - filled eleven speaking engagements; 2 - met with Dr. Kitagawa for consultation; 3 - served on the Social Service Committee for K.C. Council of Churches; 4 - served as Episcopal Representative on the board of the K.C. Council of Religion and Race; 5 - attended Regional Conference of Christian Education and Christian Social Relations sponsored by the National Council; 6 - attended the annual meeting of the National Council of Catholic Women; 7 - served as a member of the Missouri Association of Social Welfare and attended their meeting and annual convention; 8 - prepared Christian Social Relations displays for the Diocesan Convention and the Annual Fall Meeting of Episcopal Churchwomen, also furnishing free literature.

Newsletter - Mrs. Wm. C. Davidson and Mrs. Charles E. Brown - We hope the Newsletter is meeting the needs of Diocesan Churchwomen and that they are using it as a means of better communication in the Diocese. We invite comments and criticism which will help us produce a better publication. The four hundred fifteen copies which are sent each month of publication are distributed in the following manner: fifty issues to the Clergy, thirty-five to Diocesan officers of Episcopal

Churchwomen Department Chairmen, thirty-five to miscellaneous listings, thirty-five to "shut-ins" and the remainder to the parishes and missions.

Program Committee - Mrs. Edward R. Welles - The Rev. Diasuke Kitagawa spoke about Japan at St. Andrew's Church, K. C.; Mrs. William Spann showed sound film of the Washington Cathedral at the Good Shepherd Church, K.C.; Mother Esther, C.T., spoke in Joplin; Mrs. C. E. B. Nobes spoke about India in Calvary Church, Sedalia; Mrs. T. O. Wedel spoke in St. Paul's Parish House, K.C. This program was planned to try to do our part for the Mission of the Church which is M.R.I. Many things we use come from all over the world. Our very lives and the future generations here and here-after may depend on people from far countries. They are praying for us and love God's children no matter where they live. They have great needs for their efforts to teach the Gospel to those who do not know God.

Nominating Committee - Mrs. Sidney B. Cutright, Jr. - At the Annual Meeting in November, the names of Mrs. Carl Mason for Corresponding Secretary and Mrs. C. W. Cleverdon for Treasurer were presented. These candidates were elected to office for a three-year term.

Church Periodical Club - Mrs. William H. Ball - A letter was sent to each parish and mission informing them of our 1965 project, St. Christopher's Mission to the Navajo Indians in Bluff, Utah. Enclosed in each letter was the Church Periodical Handbook, prayer card, coin book, an informative leaflet and a copy of the Spring letter from the National President of C.P.C. It has been a fruitful year because we doubled our donation this year and there has been an increase in parishes and missions participating.

National Cathedral Chairman - Mrs. William M. Spann - Our Diocese shows an increase not only in membership and memorials, but an interest in learning more about the purpose, function and many activities of the National Cathedral. Many parishes have used the color slides made available by the National Cathedral Association for their programs. Excellent publicity from the K.C. Star and various diocesan and parish news bulletins helped to stimulate interest in the progress of this great cathedral. The gifts of a beautiful large needle-point kneeler was made and donated by Mrs. George Hayward of St. Andrew's parish.

United Church Women - Mrs. Sidney B. Cutright, Jr. and Mrs. Burt A. Mayberry - As Episcopal representatives we have attended the board meetings of United Church Women of Kansas City, Mo., as well as special events such as World Day of Prayer, World Community Day, and May Fellowship Day. We

have also appointed an Episcopalian to each of the working committees of United Church Women and to the executive board of the Interdenominational Home for Girls. It is our hope that all Episcopal Women will participate in the activities of United Church Women in their respective communities.

Diocesan Altar Guild—Mrs. George A. Clay—The Diocesan Altar Guild provided the following items: linen, silver and vestments for The Rev. James Moon, Chaplain of college work; pulpit and lectern hangings for Sarcoxie; linen corporal for St. Luke's Hospital Chapel; child's funeral pall for the Diocese of West Missouri; silver bread box for the Youth Conference Chest; additional cabinets for Loan Chest supplies; dues paid to National Diocesan Altar Guild; linens and vestments supplied Church of the Resurrection, Blue Springs.

Respectfully submitted,

Mrs. Richard S. Brigham

President of Episcopal Churchwomen
of the Diocese of West Missouri

Report of the Diocesan Council

The following is a summary of the business transacted by the Diocesan Council for the year 1965.

January: The Rev. W. H. Magill stated in regard to the easement at Cliff Springs by the Telephone Company; the Rev. J. F. Moon was to contact Mr. Nelson of Lebanon and he in turn the Telephone Company to ascertain just what it was they expected, no report has been received.

Missions: Mr. Miller said that the department was happy to report that the Rev. E. R. Sims will head up the "Team Ministry". The Rev. D. J. King will continue working in Clinton, he will look for possible property which is available.

Property: At Brunswick, the buildings have been razed. There was a question about selling the property, the contractor had a buyer in mind. It was stated that the opinion was that we could not sell. The Rev. W. A. Bacon of Lexington was asked to inspect the property. At St. Oswald's, Skidmore, the plaster in the Parish Hall was cracking and some had fallen. The contractor stated that it could not be repaired and ceiling tile should be used at a cost of \$383. The Rev. Canon C. E. Sanders, Vicar, announced that another bid had been received for \$80 less. The money was available and they requested permission to proceed. The department recommended that they be allowed to proceed, the recommendation was moved, seconded and passed. There is a question, at Blue Springs, as to furnishings for the Church and undercroft, such as pews and chairs. The department recommended that the Diocesan Council arrange to purchase 50 Cathedral chairs with kneelers and 25 folding chairs. It was stated that some parish might like to contribute, the cost to be \$400. Bishop Welles stated that the Diocese had 25 Cathedral chairs with kneelers being used in Liberty. The Rev. D. E. Becker said that he would loan them 25 from St. Matthew's, Raytown. Mr. Lyon moved we accept, with gratitude, the 25 from St. Matthew's and use the 25 in Liberty and purchase 25 folding chairs for the undercroft. The motion was seconded and passed. Also at Blue Springs, the former owners, the

Goulds, had given \$500 for the purchase of a Baptismal Font, this matter was referred to the department of Missions.

St. Nicholas', Noel, had presented some rough plans for a Parish House which the department has reported on, to them, with suggestions for changes. They have asked that a member of the department come down and discuss the matter, the Rev. W. H. Magill will go. At St. Philip's, Trenton, the interior has been repainted, a new ceiling in the vestibule and the woodwork around the windows repainted. The cost was paid for by themselves. It was pointed out that no report had been received as to the much needed tuck pointing nor the leak in the oil tank which should be repaired. The Rev. W. H. Magill stated that sites in Southwest Springfield had been narrowed down to five.

Mr. Wagstaff announced that we were beneficiaries in the will of Mabel Cave up to one quarter of the residue which is about \$90,000. This money is to be used as scholarships for students for Holy Orders, at the Bishop's discretion.

Mr. Ewing announced for Mr. Atwood that Good Shepherd had pledged on the quota for 1964, \$1,000 but during the last month had paid an additional \$7,200 with the request that this amount be used in Bokaro. The Rev. D. E. Becker moved the matter be laid over until next meeting, the motion was seconded and passed. Dean Woodward moved that \$7,000 be regarded as money available for Bokaro, if necessary, pending quota pledges being received for 1965, eliminating the name of the Parish. There was no second to the motion. The Rev. E. O. Smith, Jr., moved that the Treasurer be authorized to advance up to \$5,000 for such things as are necessary in Bokaro, the motion was seconded but defeated 11 to 8.

The Rev. Canon A. R. Hingston announced that the Summer Conferences would be held in August this year, beginning on the 13th and lasting for two weeks, each conference to be for seven days. They would be held at the Y.M.C.A. camp in St. Joseph.

The Rev. W. H. Magill stated that from St. James', Springfield, a check for \$9,000 had been sent, retiring the Commercial Loan by that amount.

Mrs. Keith announced that the department of Christian Social Relations would meet with the Rev. Daisuke Kitagawa,

D.D. They are beginning to deal with M.R.I. There would be a Regional meeting March 15-17, with the Department of Christian Education, on a Provincial level.

The Rev. D. E. Becker read the following report from Stewardship:

It is felt by this department that while programs, policies and new directions of effort often come from top levels of an organization — even the Church — the support for these in terms of money, effort, time and prayer must be found in the commitment of the constituency or membership.

In the terms of M.R.I., this means to us that we must not only have a program or policy but we must cultivate essential elements for its well being and acceptance.

This calls for an intensification of Stewardship and Evangelism. We propose to have a new presentation of Evangelism showing that the Gospel is pertinent today; that its expression through us in every phase of our life in today's complicated world is essential; and, that it can change the world.

We propose to relate stewardship to this — as the outward and visible sign of the committed Christian. Beginning with personal religion and revolutionary commitment to the Gospel, we see it being carried out by responsible and freely given Time, Talents and Substance. Further, we feel that true stewardship requires the Partnership principle — through proportionage giving rather than quotas — with the accent to be placed on the Church's out-thrust in Mission.

In a sense, Evangelism helps us to new BEING; Stewardship to new DOING.

It is the hope of the department to bring in a man capable of helping us to develop our work along this line.

Father Becker was asked to bring in to the next planning session something as to how to introduce partnership plan into the Diocese.

For the Urban Department, the Rev. J. H. Lembcke stated that there would be a Consultation held on January 22 and 23 on Christian Ministry in the downtown business district. The Episcopal, Presbyterian and Disciples of Christ Churches were discussing the participation in the Citizens Alliance; the war on poverty program. He announced that the National Executive Council had voted in December to match our grants; \$5,000 for a three year period. They have \$30,000 a year toward the goal of \$50,000.

Mrs. Brigham announced an important luncheon meeting of the 19th at St. Andrew's, Kansas City, for the Episcopal Churchwomen. Dr. Kitagawa would speak. Seven presidents

have been appointed for the new convocations, they have met once and will meet again.

The Rev. E. R. Sims presented the report of the committee of the Team of Twenty, by use of a blackboard:

Needs in the Diocese: Land \$75,000; Buildings \$250,000; College Work \$50,000; Mission tithe \$75,000; Conference Center \$200,000.

Method of raising: Capital Funds Drive; Increase Capital Budget.

Some of the opinions offered were: Camping program at Cliff Springs is enough at present; Conference Center should be developed at Cliff Springs. There is need but we should hold off until we see what happens at Roanridge. Capital Drive for 1, 2, 3, 4, 5 - by the time of completion, Roanridge would be decided; Capital Drive for 1, 2, 3, 4 - with no Conference Center and again an increase in the Capital Budget. The Rev. Canon A. R. Hingston moved that the true concept of MRI be presented at the Convocation meetings without reference to Capital Funds. The motion was seconded and defeated. It was moved, seconded and passed that the Convocations not meet until after the next Council meeting on February 16.

Bishop read a letter from Bishop Bayne saying he was pleased with the "Policy Decision of the Diocese."

It was moved, seconded and passed that we pledge our full on Bokaro.

MRI and World Mission: The Rev. E. O. Smith, Jr., announced that he had had a letter from Bishop Hahn stating the need for land in 1965. Mr. George Clay and the Rev. D. C. Patrick are appointed to get speakers on overseas work. The Rev. Clifford E. B. Nobes, S.T.D. will be the first when he returns from his world trip.

It was moved, seconded and passed that we pledge our full quota to the National Church, \$71,225. It was suggested that we make it an even \$72,000, but it was the opinion we should wait until we had a full report on the Diocesan quotas.

February: The Rev. J. F. Moon reported that the Telephone Company had not yet supplied the requested information regarding the easement at Cliff Springs.

The Rev. E. R. Sims presented last month's report of the Team of Twenty on Capital needs of the Diocese. He gave three suggestions for the implementation: A Capital Funds Drive for \$650,000 - A Capital Funds Drive for items 1, 2, 3, and 4 - An increase in the budget, from 8% to 16%. Mr. Lyon moved to take number 4 out of the plan and to present the program to the Convocations at the earliest opportunity as the report of the

Team of Twenty, the motion was seconded and defeated. It was moved to present to the Convocations the concept of MRI and follow it with the presentation of the Capital Funds Drive, the motion was seconded and passed. The Rev. E. O. Smith, Jr., moved on Capital Funds, to present the whole package. The motion was seconded and carried. He spoke on Bokaro and the matter of paying for it. He moved that a voluntary offering be taken on Whitsunday, June 6, in each Parish and Mission with a goal of \$10,000 - the Diocese to pay \$10,000 - that a committee be appointed, one from each Convocation, to help in participation. The motion was seconded and passed.

Mr. Atwood moved to open a separate bank account for the income from endowment funds, the motion was seconded and passed. He announced that March 12 is the date set to prepare the budgets for 1966 and to revise the 1965 budget. He asked for the askings of the departments for this meeting.

Property: Mr. Lyon stated that they were continuing efforts to complete the repairs at Trenton. Mr. Newell had attended a meeting of the Sewer District involving the Bishop's residence, they will go ahead eventually. Neosho wished to make a loan of \$800. Mr. Lyon moved that we adopt a resolution to open a bank account to handle the loan and the Secretary be authorized to execute the resolution, the motion was seconded and passed. The parking area at Blue Springs needed to be moved to the south side of the property, the department and the Architectural Commission had approved this, plus curbing at \$1.50 per lineal foot. Mr. Lyon moved that the Council appropriate \$1,500 for the project, the motion was seconded and passed. The Rev. W. H. Magill showed maps of a portion of the city of Springfield - Southwest. The Committee which had been appointed had looked at several plots and were unanimous in the choice of one, across the street from a projected park and near an elementary school. Father Magill moved that the Council proceed immediately with negotiations to purchase of the land at \$18,000. The motion was seconded and carried. It was moved that the committee be continued to consider whether it was advisable to extend the plot to bring the land up to three acres. The motion was seconded and passed.

Bishop Welles mentioned the matter of increasing our National Quota pledge to \$72,000.00 and suggested that we wait another month, to get a fuller picture of Quota pledges in the Diocese. This was agreeable to the Council.

The Church of the Messiah, Liberty, has been trying to set up a Commercial Loan to pay the Expansion Fund, this is about set up. Branson has a note due this Fall of \$10,000, they will refinance it themselves. It was moved that the Diocesan Council approve this procedure. It was seconded and passed.

Mr. Wagstaff reported that at Liberty, on the refinance, there were two communicants who would loan the money. He moved that the Diocese execute a note of \$12,000.00, secured by a deed of trust, the motion was seconded and passed. He mentioned a brochure by the Rev. D. E. Becker, encouraging everybody to remember the Church in their will.

Mr. Miller reported that the Church at Blue Springs would be called the Church of the Resurrection. Services would be held, in homes for the present, beginning on February 21 with the Rev. E. R. Sims, the Rev. Warren Sapp and the Rev. Richard Mason alternating. The Bishop spoke on the Clergy Manpower Training, stating that it was the consensus of opinion that the men coming out of Seminary should have at least a year's training under a mature and experienced priest. One man is already scheduled to go to St. Paul's, Kansas City. There is one parish which can pay most of the expense and another which can pay a little better than half. It was moved by the Rev. D. E. Becker and seconded by the Rev. V. C. Root that the report be accepted with an open end on the term of service and that the men would be under moral obligation to the Bishop to serve where sent for three years. The motion passed. Dean Woodward suggested that a letter be sent to the Clergy and Wardens. Mr. Longmoor stated that there be in budget \$2,300 in increase in stipends for the Mission Clergy, based on longevity. Mr. Miller reported that the One Team Ministry would cost \$14,605 in comparison to five men at \$18,168. He stated that Mr. Longmoor was conducting a survey of the 7th Province wage scale. The Rev. D. E. Becker stated that he thought the differential was excessive in comparison to other Mission stipends.

The Rev. Canon A. R. Hingston reported that there would be a leadership skills institute in May. There is experimental work in Youth and involvement in the Diocese. The Mite Box Service would be held on May 9 at 5:00 p.m.

Mrs. Keith reported that the department of Christian Social Relations would present planned programs to Parishes. They were taking their first step in MRI. She announced that the Rev. W. G. Lonergan had been appointed chairman of the Committee on Social Relations for the Kansas City Council of Churches.

The Dean presented a resolution that the Diocesan Council support Dr. Meneilly's stand on Civil Rights. The resolution is as follows:

WHEREAS the Rev. Robert Meneilly, Pastor of the Village United Presbyterian Church, Prairie Village, Kansas, in a sermon preached in that Church Sunday, February 14, 1965, in which he clearly set forth

his Christian concern about open housing as a part of the civil rights issue whereby negroes should be free to live where they choose to live and

WHEREAS the President of the Kansas City Council of Churches, the Rev. Shrum Burton and the Executive Committee of the Council have also issued a similar statement, and

WHEREAS, the Methodist Ministers Association of Kansas City has issued a statement supporting Dr. Meneilly, and

WHEREAS Dr. Meneilly's statement supports the consistent attitude of the General Convention, and the National Executive Council of the Episcopal Church in the field of civil rights: Therefore

BE IT RESOLVED: that the Diocesan Council of the Diocese of West Missouri gratefully acknowledge the leadership of Dr. Meneilly, and wish to go on record as supporting his statement on open housing, as being consistent with Christian Gospel, and as a relevant application of Christian morality in our contemporary society, and be it further

RESOLVED that a copy of this resolution be immediately communicated to Dr. Meneilly, Dr. Burton, Bishop Turner and the public communications media.

The resolution was seconded and passed.

The Rev. D. E. Becker stated that they were still trying to find a man for the Stewardship Program. He read a report, a study on the matter of Partnership Giving. This report had been mailed to all the Clergy. A Committee of three: the Rev. D. E. Becker, the Rev. E. R. Sims and Mr. J. W. Newell, were appointed to sit down and consider the report.

March: The meeting was turned over to Mr. W. L. Atwood chairman of the Finance department, who presented the revised budgets for 1965. He moved that the revised budget for Missions for 1965 be adopted, the motion was seconded and carried, \$238,640. Mr. Atwood moved that the revised Diocesan budget be adopted as \$50,440, the motion was seconded and carried. He presented the Diocesan budget for adoption, \$49,320, the motion was seconded and carried. It was moved, seconded and passed that a committee be appointed to study our relationship to the Provincial structure. Mr. Atwood presented the Mission budget for 1966 of \$260,514. Dean Woodward passed out the budget for College Work. The budget of the department of Christian Social Relations was passed out. It was moved to delete the \$50 for ESCRU, the motion was seconded and passed. There was considerable discussion about communication between the Kansas City Council of Churches and the congregations. It was moved to accept the budget as revised, the motion was seconded and carried. The budget of the department of Christian Education and Youth was discussed. There was a feeling that the money was not being spent effectively. It was moved, seconded and passed that the budget be accepted as proposed, there was one abstention. It was asked that \$300 be put in the budget for

the Ecumenical Commission and \$500 for the Inter-Diocesan Commission for Joint Planning in the Metropolitan Area. It was moved by the Rev. Cannon C. E. Sanders, Jr. and seconded by Dean Woodward that we approve the principal of deduction of 3% quick payment of both Assessments and Quotas, as suggested by the Finance department, the motion passed. It was moved, seconded and passed that the Missions budget be accepted as revised for presentation to the Diocesan Convention. It was suggested that there be, at the Convention, people on the platform who can answer questions quickly and with dispatch.

Bishop Welles presented the Rev. Canon V. C. Root with a book in honor of his 10th anniversary as a priest of the Diocese.

At Springfield, the opportunity to include two more lots, making a total of 3.96 acres for \$3,000 had presented itself. It was moved that the Council approve the purchase at \$21,000 instead of \$18,000 already allowed, the motion was seconded and carried.

Speaking on the Manpower Training Project, the Bishop announced that one would cost \$750 and another \$4,250. The Rev. Charles Doan will train at All Saints', Kansas City; the Rev. James Masters, Ph.D. will train at St. George's, Kansas City and the Rev. Jack Reeves at St. Paul's, Kansas City.

Mr. Ewing stated that any MRI tax deductions must be approved by the National body and all remittances should be through the National body.

The Rev. E. O. Smith, Jr., moved that we send \$10,000 of Diocesan Council Diocesan Funds, remitted through the appropriate channels, to the Bishop of Chota Nagpur. The motion was seconded and passed. The date for the dedication of the building at Blue Springs was set for April 11 at 5:00 p.m.

The Rev. W. H. Magill moved that there be a sign put on the property at Springfield which could be used as a permanent sign of the Mission building. The motion was seconded and referred to the Property department.

Mrs. Keith announced that the department of Christian Social Relation had received seven requests and three had been fulfilled. She announced that a TV script by the Rev. Carl D. Swanson had been nominated for an Emmy award.

The Rev. D. E. Becker announced that pamphlets would soon be sent out on making wills. Another man is being considered for a leader of Stewardship.

The Rev. J. F. Moon stated that an estimate on work to remodel the Block House at Cliff Springs at around \$2,000 was received. The sum is in the fund and he asked for approval to spend the amount. The motion was made, seconded and carried.

The Rev. E. O. Smith, jr. reported that the Ecumenical Commission are hopeful of arranging a Theological dialogue with six Roman priests and six Episcopal priests. They will be meeting to discuss theological concerns. Dean Woodward has been elected chairman of the Ecumenical Relations for the Kansas City Council of Churches. Bishop Welles is on a joint commission on relations with the Roman Catholics, Bishop Helmsing will represent them.

Bishop Welles read a letter from the Presiding Bishop, asking that May 2 be designated to raise \$100,000 to establish a Church and Race fund. That every churchman be given the chance to make an offering. May 2 was so designated by the Bishop.

The Rev. A. R. Hingston moved that we direct the delegates to Convention from the several Convocations to meet to discuss the budgets. He withdrew his motion.

April: The meeting was called to order by the Vice-President, the Rev. E. R. Sims, in the absence of the Bishop.

It was moved by Mrs. Brigham and seconded by the Rev. C. E. Sanders, jr. that there be a memorial from the Diocesan Council to ask the Standing Committee to cause a portrait of Bishop Welles to be painted and an appropriate place be selected to hang the portrait. The motion passed.

A committee to study West Missouri's relationship to the Province was announced. The Rev. D. E. Becker as Chairman, the Very Rev. D. R. Woodward, the Rev. A. W. Lassiter and Mr. Gill Miller.

Mr. Ewing announced a change had been made in the auditing company, Arthur Anderson & Co. will be the auditors. He stated that whenever a Mission or Parish is involved in a loan in which the Diocese is concerned, a copy of the loan should be lodged with the Departmental Office.

Mr. Lyon announced that at Blue Springs the plan had been to put down vinyl tile in the Sanctuary, the people there wish carpeting. The property department had said that they would give them \$200 toward the carpeting and Blue Springs could pay the balance, he asked for approval of this action. The motion was made, seconded and passed. There have been complaints about the red windows, the Architects are studying the situation and will look for a correctment. \$1,500 had been authorized for the parking lot, plus curb. The curb should be on all sides except the east, 195 feet of additional curbing at a cost of \$292.50. He moved that this be authorized; the motion was seconded and passed. The Property department was in favor of furnishing a sign for the Church of the Ascension at Spring-

field that would serve the present and future. Mr. Lyon moved to approve the preparation of such a sign at a cost not to exceed \$200 and the matter be left in the hands of the present committee. The motion was seconded and passed.

Mr. Miller reported that on the team ministry, they had called the Rev. Staley Hackley to replace the Rev. Warren Sapp who is moving to West Plains on June 1. The Rev. Staley Hackley will take over on June 15 at the regular salary scale. On Palm Sunday the Church of the Resurrection at Blue Springs was dedicated. On Wednesday night, April 21, the mortgage at Lexington will be burned.

Mr. Atwood announced that the investment of Endowment Funds was being completed.

Expansion Funds: Mr. McArthur reported that on December 31, 1964, there was in the fund \$75,000. Unpaid commitments, to Blue Springs, \$37,000, the purchase of land in Springfield, \$21,000. The Church of the Messiah at Liberty will very soon pay off their commercial loan. There should be approximately \$60,000 by the end of 1965.

The Rev. Canon A. R. Hingston reported that the Rev. Canon A. W. Lassiter had resigned as head of the Adult Division and that the Rev. E. R. Sims would replace him.

Mrs. Keith reported that flying weather had kept a group from flying to Montgomery and that a meeting at the Cathedral to explain the Selma situation had been cancelled. The department has made visits to 12 parishes with nine of the members participating. Five places had Christian Action Committees.

Mr. Miller stated that a movement was on foot by the General Division of Laywork to work with the Brotherhood of St. Andrew, inviting them to move their offices to headquarters building in New York.

Mrs. Brigham stated that the Episcopal Churchwomen had met to organize functions in the Convocation and set up better communications. At the Convention, Father Young will speak on the work of all the Guilds. They had sent money to Father Hutton for the purchase of his bus.

The Rev. E. R. Sims announced that the Team of Twenty had made presentations at all of the Convocation meetings. They had decided to go ahead and present it to the Convention and request the Convention to devise ways and means of accomplishment and the Team of Twenty to be relieved. The Rev. D. E. Becker moved, seconded by the Rev. Canon A. R. Hingston that the Diocesan Council direct the department of Finance to prepare recommendations as to how to implement a capital funds drive, the motion passed.

The Rev. E. O. Smith, Jr. stated that he had been asked by the Bishop to present a memorandum on the Episcopal Church's cooperative planning with the Diocese of Missouri. The idea in mind is for one Church in small towns.

The Council then went into the planning session.

Bishop Welles spoke on the coming need for assistance for the Bishop, probably in '66 or '67. Many comments were made and questions asked, but no action taken.

Mrs. Keith presented the statistics on Nursing Homes and there was much discussion as to costs, subsidies, etc. Dean Woodward moved that the department of Christian Social Relations continue to study the implications of this resolution and bring in a report to the Council as soon as possible. This is to include some study under the Government Housing Administration. The motion was seconded and passed.

Under the Capital Funds Campaign, the Conference Center was discussed. It was suggested that Cliff Springs be used as a Camping Center for both youth and families and another Center for conferences. A committee was appointed to study the question and report to the Council. The Rev. Canon A. R. Hingston, Chairman; Dean Woodward, the Rev. James F. Moon, Jack Tootle and J. W. Newell. As to the overall Campaign it was passed that the Council, in raising the \$425,000, obtain professional help. A committee was appointed to select this professional help: E. S. Washburn, Chairman; the Rev. E. R. Sims, Vice-chairman; the Rev. E. O. Smith, Jr., the Rev. Canon G. A. Wilson, the Rev. D. E. Becker, the Rev. S. S. Johnston, Roger Ewing, W. A. Atwood, Jack Tootle, John Thornbury and Robert Staples. This committee to act as soon as possible and report to the Council, if possible, at the June 1 meeting or at the June 25 meeting.

Dean Woodward moved that the committee on Clergy Training be requested to explore the possibility of summer use of Seminarians, the motion was seconded and passed.

Under MRI, the Rev. Canon A. R. Hingston presented the following:

I. TRAINING INSTITUTE FOR CLERGY. To be held in fall of 1965.

Ideally the clergy training program would be a two day session, backed by the Bishop financially as well as program wise. The purpose of the training is to orient the clergy and therefore enable them to better promote the MRI education program for the laity Fr. Sims described MRI as "Listening to God's Voice in history and responding as a Christian".

Training will be given in the five following areas:

1. PASTORAL
2. THEOLOGICAL
3. MISSIONS (Esp. overseas)
4. SOCIOLOGICAL
5. ECUMENICAL

II. TRAINING FOR LAY PERSONS. To be held in fall of 1965.

Ideally it would be held soon after the clergy training program. It would be presented to the Parishes on the Convocation level. The following topics were presented:

1. URBAN TECHNOLOGICAL REVOLUTION
2. EMERGING NATIONS OVERSEAS
3. INNER-CITY
4. WHAT IS THE CHRISTIAN RESPONSE TO ABOVE AND WHAT CAN HE DO IN THESE AREAS?

III. TRAINING FOR CLERGY AND ASSORTED LAITY. To be held in January and February 1966.

1. DYNAMICS OF PLANNED CHANGE
2. CHANGE AGENT SKILLS.

The training program under MRI was approved. Also the procuring of the best leaders available even though costly to conduct the Training Sessions. It was strongly suggested the sessions including the laity be duplicated in Springfield.

The development of this program was turned over to a committee, the chairman, Fr. Sims. Also Fr. Moon and Fr. Lassiter. Their tasks will be to:

1. PLAN PROGRAM
2. DECIDE NAMES OF TRAINING SESSIONS
3. ORIENTATION & TRAINING
4. TASK AFTER TRAINING (on the job)

On the subject of Bokaro, companion relationship was discussed in relation to the Diocese of Chota Nagpur. Bishop Welles read a part of a letter from Bishop Bayne in which he gave a word of caution. The Bishop thought that there might be some other Diocese which could do more, money wise, than West Missouri and that it would be unfair for us to take over. He also said that he thought we should not put all our giving in one place, but to spread it out where there is the greatest need.

The Rev. Canon A. R. Hingston stated that there was a great lack of Diocesan Loyalty. This is especially noted in the Mite Box Service and other meetings. It was stated that the service needed a new structure, that it had become just another service, that it had become boring and the children did not want to attend. Means of creating loyalty was discussed and some suggestions given; a Bishop's Ball for the whole Diocese of a Diocesan dinner at which time the Bishop would give his annual address.

Means were suggested for better Public Relations in the Diocese; radio, television, newspapers and the exchange of Clergy. Dean Woodward presented the following resolution: that the Diocesan Council believes it is important to develop a program of Public Relations and that the department of Promotion work out the tactics. The resolution was seconded and passed.

Under Urban Affairs, the Rev. J. H. Lembcke, Jr. presented a memorandum and statement of purpose, giving facts and approaches, special attention to action, new work, existing work,

needed changes, etc. He spoke of the moving of the Negro population; the constant policy of strengthening of the power of the Diocesan Council and the Bishop to act; to experiment in new ways; to accumulate financial depth to financial depth to finance projects; to look at some pressure points; for example, what is happening at St. Augustine's and how we can help. The Rev. E. O. Smith, Jr. moved that the department of Urban Affairs begin a study of pressure points in this area of changing metropolis and recommendations for meeting these needs; first the Church in Negro areas; a constant dialogue in a Negro community and St. Augustine's. The motion was seconded and passed. Dean Woodward moved that the Urban department make efforts to keep in front of the Council, Ecumenical relationships. The motion was seconded and passed. It was moved, seconded and passed that rule No. 4 of the statement of purpose be deleted. Dean Woodward moved, seconded by Mr. Clay that the Statement be approved as amended, the motion passed.

A PROPOSED STATEMENT OF PURPOSE FOR
A DEPARTMENT OF URBAN AFFAIRS
FOR THE DIOCESE OF WEST MISSOURI

The Department of Urban Affairs of the Diocese of West Missouri shall:

- I. Assume under the broad auspices of the Bishop and Diocesan Council primary responsibility for the development of Diocesan policies and programs concerned with the general improvement of urban areas as well as the general and specific human needs of the spiritually, educationally, economically, socially, sociologically, politically, physically, or mentally deprived located therein.
- II. Serve as the vehicle through which such Diocesan policies and programs are implemented. In implementing such policies and programs the Department of Urban Affairs shall:
 - a. Consult and exchange information, when deemed appropriate, with the department of Missions and Church Extension, the department of Christian Social Relations (and the Sub-Committee on Race Relations) and all other Diocesan Departments, Committees, Sub-Committees, Parishes and Mission congregations of the Diocese or other official groups currently extant or subsequently established to insure that its actions shall, insofar as deemed practical by the Department of Urban Affairs, embrace the objectives, plans and programs of such groups; provided, however, any Diocesan Department, Committee, Sub-Committee, or other official group currently extant or subsequently established (other than the Department of Urban Affairs) that shall institute any programs or action designed to have a basic impact in an urban area and concerned with those areas for which the Department of Urban Affairs has primary responsibility shall consult with the Department of Urban Affairs before any decision is taken.

- b. As a Department acting unto itself on behalf of the Diocese or as a Department or Departmental Representative working in cooperation and concert with other similarly oriented outside individuals, groups, agencies, organizations, or political or religious bodies participate in those programs or non-partisan political actions designed to successfully execute the primary responsibility of the Department; provided, however, that any participation by the Department as a whole or any member thereof with other similarly oriented outside individuals, groups, etc. shall be subject to written appointment by and with the written approval of the Bishop.
- c. When serving as a department unto itself on behalf of the Diocese or as a Department of a Departmental Representative working in cooperation and concert with other similarly oriented outside individuals, groups, agencies, organizations, or political or religious bodies, the points of view and actions of the members or member so involved shall be considered as representative of the Department of Urban Affairs of the Diocese of West Missouri; provided, however, that said views and actions as expressed and exercised shall be based upon Christian concepts of morality; and provided further, that a periodic report of Departmental involvement as a department or through individual members be made to the Diocesan Council; and provided further that should the views and actions of the Department or any Departmental representative fail to adequately represent the Christian conscience of the Diocese in the judgment of the Diocesan Council, the Council by a simple majority open and recorded vote at any regularly scheduled meeting at which a quorum of the Council is present may recommend to the Bishop the removal of the Departmental member or members involved from the project concerned or from the Department and the decision of the Bishop regarding any such recommendation shall be final and binding upon all parties concerned.
- III. Devote its exclusive attentions to the Greater Kansas City Metropolitan Areas for calendar years 1965, 1966, and 1967. During this demonstration period, as well as in all subsequent years in which the Department of Urban Affairs is extant, it shall be incumbent upon the Department to make a reasonable effort to keep the parishes of the Diocese informed as to Departmental Activities and involvement in the urban affairs of the urban areas in the Diocese.

It was moved, seconded and passed that all departments be authorized to write by-laws for their own department.

June: Mr. Miller reported that at the last Sunday service, there were 42 present at Blue Springs, and they are happy with the team ministry. The department of Missions had talked as how to secure an Architect for Springfield.

For the Property department, Mr. Newell reported that at Blue Springs they had received the final punch list and would soon make payment. He had received a letter from the Rev.

James Moon stating that at the house at E. 55th St. there were some repairs needed. Mr. Newell moved that the Finance department be asked to find some place in the budget, for a sum for the annual care of that house and that \$300 be allowed for repairs for this year. The motion was seconded and passed. From Noel the department had received some preliminary plans and sketches for enlarging the present facilities. They were advised not to attempt it but to consider new facilities which would be adequate. They had an architect's preliminary plans and had some corrections and changes which were suggested.

The Rev. Canon A. R. Hingston remarked that Camps and Conferences would shortly be in progress, that brochures had been sent out.

Mrs. Keith announced that she would attend a two-day conference at Excelsior Springs.

Bishop Welles welcomed Mr. Robert Staples to the Council as chairman of the Promotion department.

Mrs. Brigham said that the women were pleased with the new opportunities given them by the Convention. They were conferring as to how best they might cooperate with the men. She stated that it was customary to give scholarships for the Summer Conferences and that this had been turned over to Canon Hingston.

Mr. Miller mentioned the resolution of the Rev. J. H. Vigers which had been referred to Missions and College Work and asked the Dean to speak to it. Dean Woodward stated that though there had been no formal conference, he thought, (1) it was impracticable (2) the man would be hampered by outside encumbrance and he had enough to do as it was (3) there could be no format immediately, it would take three or four years (4) a divided ministry would be inadequate, there would be two areas - University and Non-University people, and (5) this was an Ecumenical endeavor. No action was taken.

Mr. Washburn reported that Mr. Leonard Streit of the firm of Ward, Gresham and Reinhardt had visited with the committee of Capital Needs and they were satisfied that he is the man to run the drive. There would have to be planning and publicity well in advance and to ascertain how much a Diocese can raise. \$50 per communicant was mentioned, which, in this Diocese would mean around \$800,000. We must have reasons clearly in front of the people before the drive is carried out. The committee recommends that this be done. Mr. Streit was asked to come into the Council. He stated that there should be no two drives within 10 to 15 years, this would mean long term planning. He gave four items in setting up a drive: (1) The appeal

itself, new Missions seems to be the best. (2) Resources, \$50 per communicant. (3) Leadership, in the Diocese. (4) Plan, six days a week for three months. The cost on the present goal of \$425,000 would be: fee to the firm, \$16,200 which would go up as more money is raised; expense of the drive \$10,000 to \$12,000. Mr. Miller recommended that a committee, composed of department chairmen and the committee on Needs, re-study and take a long look into the future. Dean Woodward suggested that it would be undesirable to make a decision today. The Rev. E. O. Smith, Jr. made the following motion:

That the Diocese contract with Ward, Gresham and Reinhardt for the services of Mr. Leonard Streit for a Campaign period beginning January 1, 1966; that a committee be appointed by the Bishop to give more specific identification to our needs over a ten-year period to be met by the Campaign (consulting with Ward, Gresham and Reinhardt as to their experience in identifying such needs) and make recommendations whether or not our present goal is adequate, and that this committee come in to the Diocesan Council with their findings at a time set by the Bishop and chairman of the committee no later than September 30; along with a proposal of a date for a Special Called Diocesan Convention if their recommendation is for a substantially larger goal than that authorized by the last Convention, and that appropriate expenses of this committee be authorized by this council.

The motion was seconded by Dean Woodward and it was passed.

September: The Diocesan Council met at Roanridge, Sept. 17 at 7:00 p.m. Bishop Welles presented Mr. Gene Chrostowski who spoke on the Blue Cross, Blue Shield plan and passed out relative materials. There were many questions asked and answered. Mr. Miller suggested that we institute the plan effective January 1966, that the mission Clergy involved in team ministry and Diocesan Clergy be excluded. Dean Woodward moved that in consultation with the Finance department and as soon as practical, financially, to put the plan into operation to cover all mission and clergy, paid by the Diocese, Bishop Welles, the Rev. J. F. Moon and the Rev. W. G. Lonergan, at full cost. The Rev. D. E. Becker seconded the motion and then offered an amendment: that the plan be put in force Oct. 1. The amendment was seconded and then withdrawn. The original motion passed.

An agenda was set up: the Bishop - on the House of Bishops - Diocesan Financial Campaign - Alinsky - Christian Social Relations - Resolution - Decision making process - Mission department - expansion - new work - guidelines - another Whitsunday offering - MRI - Evangelism - retreat, etc. - Departmental Office - Clergy-lay relationship.

Christian Social Relations: Mrs. Keith offered the following resolution:

Whereas the conclusions and recommendations of Community Studies, Inc., Publication No. 140, "Housing for Older People", dated March, 1964, has indicated that there is no need for a home for the aged in the Diocese of West Missouri except in the case of those aged whose annual income is less than \$3,000; and

Whereas the Diocesan income and budget restrictions are such that a diocesan home for the aged must be self-supporting; and

Whereas a home for those aged whose annual income is less than \$3,000 could not be self-supporting; and

Whereas it is becoming evident that government funds are being made more available for care of the elderly which suggests that Church may be properly directed elsewhere; and

Whereas the objective of any program for the elderly should be to help them to continue independent living and to prevent their institutionalization as long as possible:

Now, therefore, by the meeting of the Department of Christian Social Relations of the Diocese of West Missouri, on September 14, 1965, be it Resolved that this Department urges the Diocesan Council to accept the recommendations of the Community Studies report; and be it further Resolved the Diocese consider the development of a program for helping older persons in their homes and that the preliminary planning for such ministry be made the responsibility of this department.

The Department of Christian Social Relations respectfully suggests that the special home for the aged funds be redirected, where canonically and legally possible to finance this program.

It was moved that the resolution be adopted, the motion was seconded. The Dean offered the following amendment: That after, in the last paragraph, the words, "this department" there be a comma and the words; "when such a program be developed and accepted by this Council." The amendment was seconded and passed and the original motion passed as amended.

House of Bishops: The Bishop read and handed out the resolution re Deaconesses. He also read and handed out the resolution re Bishop Pike and Bishop Pike's reply.

September 18, Decision making process: Ways were discussed and examples given - Pentagon - no way to smooth back-lash to decisions - balance of process is commitment - us to vestries - vestries to us. The Dean suggested that a small group be appointed to study the whole matter; to inform the Bishop and he to put it on the agenda at the proper time. The policy of departments in the spending of funds was discussed. It was felt that any large amount should have the Council's approval. The Secretary moved, seconded by the Rev. W. H. Magill that the Treasurer be authorized to pay the expense of the committee on the Alinsky study, the motion passed.

Dean Woodward moved that the offering from the Communion Service be given to Roanridge. The motion was seconded and passed.

The matter of the exchange of pulpits, as last year, on April 24 was brought up. More on this to follow.

Evangelism and retreats: This was referred to the Commission on the Laity with the resources of the department of Christian Education at their disposal. Mr. Washburn read a letter he had written to the Bishop as to the existence of the department of Lay-work. Bishop Welles answered by saying that he agreed that it was a duplication. The Rev. Messrs. S. S. Johnston, Canon A. R. Hingston and W. N. Beachy, M.D. were appointed to study the question of Evangelism and report back.

Departmental Office: A letter is being sent to the clergy to avail themselves of these services when needed. This request is made because they are available for better communication. It was suggested that Mr. Glenn Nash be made a member of the committee on Decision Making Process. Mr. Nash requests that all departments use the Departmental Office for all distribution to the maximum extent possible and to contact him before any distribution is made to determine what and how distribution should be made.

Whitsunday offering: It was felt it should be kept going. It was suggested that the department of World Mission bring to the Council an MRI project on the financial offering. There should be concerted action of what MRI is - National and Local as well as overseas help. The department of Christian Education has plans on MRI. It is the Church's response to the world revolution. To introduce to the Clergy the urgency of the situation and prepare them to be initiated themselves in the program.

Mission and expansion fund: Mr. Newell announced that Noel was in a bad situation. They must start all over again. He would like a guideline - steps to follow. It was thought there were such but no one has seen them. The chairman of the Properties department is to investigate if there is such a copy. If not, the Properties department is requested to produce such a set of guidelines to become operational procedures when presented to the Council. At Springfield, there is the selection of an Architect. The Rev. W. H. Magill has presented several names. An interview of interested people with the architects is expected. It was thought that a priest should be sought and sent to Springfield as soon as possible.

Financial campaign: Mr. Washburn read a letter from him to Mr. Streit and Mr. Streit's answer, in regard to the Alinsky controversy. Bishop Welles has already signed the necessary papers for Mr. Streit's work in the Diocese. Mr. Washburn announced that there had been a meeting with the heads of the departments to present their askings from the campaign, totaling around \$1,080,500. Materials for a brochure should be given.

He then presented the committee's report, totaling \$425,000 plus expense. The Rev. S. S. Johnston moved the approval of the report, the motion was seconded and passed. It was suggested that a committee be named with the Rev. J. F. Moon as the head because of his experience with the Conference Center.

Clergy and Lay relations: Following are some of the remarks made: talk to each other - we are and must be in the same areas - Clergy not always right but seldom in doubt - you cannot be all things to all people.

Mr. Roger Ewing is to appoint the committee on Decision Making Process instead of Bishop Welles.

October: Mr. Wagstaff was called upon to give the report of the Committee on the Alinsky project. Bishop Welles expressed his appreciation to the committee. Mr. Wagstaff read the report and summary.

The Rt. Rev. Edward R. Welles
Bishop of West Missouri

In accordance with your appointment of the Committee to re-evaluate the Alinsky Community Project for organization in Kansas City, as defined in your letter of July 29th, 1965, addressed to the Committee members, I desire to respectfully submit the following report, comments, points of concern findings and recommendations as a result of our deliberations.

The committee commenced its meetings on August 26th, and has had a total of eight meetings since its inception, consuming some twenty-five hours in discussion involving its investigative and determinative processes. All thirty members of the Committee who were asked to serve accepted and the attendance at the Committee meetings and the participation of the members has been extremely good. Discussions have been very objective and constructive. Investigative teams have been sent to Chicago and Rochester to evaluate the projects of the Industrial Areas Foundation in those areas. A team spent the better part of the day interviewing Dr. Alinsky himself. Two separate trips were made to New York by Committee members for the purpose of consultation with our National Church Headquarters and interviewing of certain authoritative people in that area. We have had the opportunity to obtain the opinions and comments of Professor Dan W. Dodson of New York University, and Professor Janowitz of the University of Chicago, both of whom are thoroughly conversant with this subject matter. We were fortunate in having the benefit of our own Bishop C. Kilmer Myers' views when he was in Kansas City and appeared before our committee. Bishop Myers is an outstanding authority on urban problems in our church and in the country. We had Mr. Homer Wadsworth, who is the Director of the Kansas City Trust and Foundations, and Mr. Chester Stovall, the Director of the Kansas City Human Resources Corporation appear before our Committee and explain the workings of the Government's new anti-poverty program in this area. We have had the benefit of the participation and many helpful comments from our ex-officio members - The Rev. Lawrence McNamara and Robert G. Hoyt of the Roman Catholic Church - The Rev. J. Hage and Dr. Carl Peterson of the Presbyterian Church - and the Rev. Tom Lieurance of the Christian Church, Father

McNamara heads and directs the administration of all Catholic Charities in the area and is extremely well informed on this subject. Opportunity was offered to Committee members for an on-the-spot tour and inspection of physical areas that we call our inner-city, and which are involved in this project. We have had a Chronological report from the Rev. Harry Lembcke reciting the workings of the Inner-City Committee in the developmental stages of their activity which culminated in their recommendations to the Diocese that we participate in this ecumenical project. We have had a thorough investigation by a sub-committee headed by Lowell Knipmeyer, followed by a detailed report to our Committee of all of the steps and procedures and discussions that were had by the Executive Council and our own Conventions in formalizing and approving our participation. We have tried to keep abreast of and circulated to all of our members most of the current reading material and publicity on the workings of Dr. Alinsky and his Industrial Areas Foundation. We have the benefit of most of the information developed by Mr. Fred Kiewitt of the Kansas City Star in his series of articles that have currently appeared, treating on this subject and active consultation and help from Mr. Kiewitt on this matter. In summary, we have endeavored to have an exhaustive and thorough investigation of this entire subject so as to develop all of the information, both factual and opinionative, that we possibly could concerning Dr. Alinsky and the workings of his Industrial Areas Foundation in other areas, as well as the plans and points of concern as to its contemplated workings in our own area.

In our discussion it became apparent the following major points were self-evident and agreed upon by all concerned.

1. Our inner-city in Kansas City does contain an area which is bounded on the north by the Missouri River, on the east by Indiana, on the south by 39th Street and on the West by State Line, that can accurately be described as a ghetto. The conditions there are deplorable - physically, politically, and spiritually. Many of the residents in the area suffer from apathy, a feeling of complete defeat and despair, a lack of self-respect, and have no motivation. The situation is bad and needs thoughtful consideration and action.
2. Our existing Social Welfare Agencies are doing an excellent job of it within the limitations of their organized objectives. However we feel that there are other areas that need attention.
3. The Government is currently organizing extensive programs and planning work in this area, but it yet remains to be seen whether it will be able to accomplish its objectives sufficiently.
4. It is right and necessary that the Church interest itself in this condition of affairs and do what it can to be helpful in bringing about a workable solution.
5. Certainly a most logical objective of all effort toward improving this condition is to help the people in the area develop self-respect and gain a sufficient degree of motivation so they can "stand on their own feet" - economically, politically, and socially. While no right thinking person could possibly disagree with this objective, admittedly it is going to be difficult to achieve and its accomplishment will require the most thoughtful consideration and planning, as well as a comprehensive effort.

We have covered at length in depth the following points of more or less Theological concern and have endeavored to resolve them as

indicated.

1. Whether the methods used by the I.A.F. promote and encourage civil disobedience, and if so, whether the Church should actively sponsor a program that could give rise to such a result.

"After a thorough discussion of this subject the Committee has serious misgivings as to what the Industrial Areas Foundation's policy on this subject might be. However the specific assurance from Dr. Alinsky that his and the Industrial Areas Foundation's policy is in general accord with that defined by our House of Bishops in its declaration on this subject last year, it was felt that this issue should not constitute a major obstacle to our participation in the project under consideration, provided we could obtain written assurance to this effect."

2. Whether the Church should support an effort that seems to be predicated on the use of power by the people involved to demand satisfaction of their own needs.

"The Committee believes it important to point out that an effective community organization means autonomous organization. The prime purpose of the Alinsky method is to confer the dignity of self-determination upon the poor. This social therapy is most effective when the apathy of the slums is replaced with the power of self-determination. The policies and the goals of this self-determination can at times be unpalatable to the Church. Alinsky's oldest project, The Back of the Yards Association, has adopted the thinking of a White Citizen's Council, an eventuality which no Christian Church as sponsor, would approach with equanimity. This is a risk that must be calculated if the Church helps bring Alinsky to Kansas City."

3. Whether the activities of the I.A.F. foster and sanction class hatred, particularly in pitting the "have nots" against the "haves".

"We have looked carefully at this charge that the I.A.F. stirs up hatred between classes, and in spite of the tone of Dr. Alinsky's writings to the contrary we find no real evidence to substantiate this. The basis of the charge comes probably from the fact that the I.A.F. merely identifies hatreds, dissensions, and frictions which are already present. These, having been identified then, are far more likely to be resolved than if they remain sub-surface irritants."

4. What Dr. Alinsky's religious faith is whether the Church should allow itself to be represented in this area of activity by one of his faith.

"In investigating this question with regard to Dr. Alinsky's religious beliefs it did not seem appropriate to some members of the Committee to evaluate such a matter of personal faith. However we found nothing in our investigation that would indicate Dr. Alinsky's religious beliefs should be deterrent to our participation in this project. We believe him to be a man sensitive to the will of God and deeply concerned for God's people, and we therefore do not hesitate for this reason to support him."

5. Whether the Church should be a party, even indirectly to a contract that would delegate irrevocably for a period of thirty months full and complete authority for all action in this area to an organization such as the I.A.F. whose activities seemingly are so highly controversial.

"It was felt that this contract should be made as definitive as possible and that the office of the Chancellor should be involved in

trying to arrive at a satisfactory wording, and that if it develops that Dr. Alinsky would not agree to a contract that would be this definitive then in any event our Church should at least receive specific assurance in writing that the area of civil disobedience would not be abused as set forth in Point No. 1 above, and that any commitment that we made should be predicated upon such an understanding to the end that if it was violated we would not be morally or legally obligated to continue our support".

6. Whether it is proper for the Church to use money that was contributed to it and its General Budget for the purpose of supporting the areas of activity under consideration.

"It was felt that this is primarily a legal question and that it was currently being litigated in the East, and it was not within the province of the Committee to try to determine this point."

7. Whether the philosophy and the activities of the I.A.F. are contrary to our system of free enterprise and the political and sociological concepts upon which this system is based, and if so, whether the Church should lend its support to such an endeavor.

"It was felt that the Church should not involve itself in an area of political activity as such, but that the workings of the I.A.F. did not seem to be contrary to our system of free enterprise or to our current political practices."

Our factual investigation and analysis seems to reveal the following points of interest and concern.

1. The I.A.F. has been operating some twenty-five years, and in many areas, but its current and most recent operations in Chicago and Rochester are the most relevant for our purposes. Specific investigation of these areas reveal some very beneficial accomplishments, but at the same time points up the difficulty of obtaining and maintaining adequate leadership to do the job as it should be done.
2. Our needs in Kansas City are very real and apparent. Our Church has no activity of this nature or in this area, nor is it currently staffed to mount one. This is reportedly the most practical alternative for attacking the problem at the moment, but it is not felt that this will or should relieve the Church from directly interesting itself in this area now and in the future.
3. It cannot be determined at this point whether the I.A.F.'s program really effects a therapeutic cure or is merely putting out "brush fires" concerning immediate needs.
4. It is clear that the I.A.F.'s activity is not part of any long range plan or scheme of activities, nor is it integrated with any community or government program of planning. It seems to be purely a localized activity focused on immediate needs and it should not be interpreted as any thing more than that.
5. We cannot make a determination as to whether the people in the area where this program is to be undertaken are capable of offering the leadership that will help them solve their own difficulties. This remains to be seen. It is apparent that if good, responsible leadership is not developed, then the points of concern about the entire program become very real.
6. It is not felt that the I.A.F. or Dr. Alinsky have any Communistic connections or background.

7. We do not believe that Dr. Alinsky's or the I.A.F.'s practices or policies will incite race riots. To the contrary, we feel he and his organization will work to prevent such an occurrence.
8. We feel that Dr. Alinsky's writings on this subject are alarming and highly inflammatory, and give rise to most of the misunderstanding by thoughtful people as to what his purposes and intents actually are. We have interpreted this as being an effort on his part to create an impression with the under-privileged that he is on their side. This form of intellectual manipulation we view with great deal of concern and misgiving.
9. Our investigation reveals that the organizations and practices of our Community are better, and many instances considerably so, than in the other communities in which the I.A.F. has worked. We view with some apprehension the possibility that the I.A.F. may antagonize and alienate the efforts of the Government - our own city - the Social Welfare Agencies - and even such organizations as the United Funds in this area of activity. We feel that the Church should concern itself with this problem to the extent that it does not occur.
10. We find that many of our communicants are deeply alarmed over the entire situation and what they believe its potential dangers to be. The Church must recognize that it runs the risk of alienating their support. If it is determined to go forward with this program we feel that an intensive effort must be made to communicate with these people in full and at length as to the program and our reason for supporting it.
11. As indicated, we had a sub-committee thoroughly investigate the record of informative and determinative processes of the Diocese relative to the approval of this program. We find that it was formally considered and approved by both the Executive Council and our designated representatives acting in Diocesan Conventions. However our investigation leads us to believe that many of our leading laymen were not as knowledgeable or as informed on this action as they should have been. We are confident that this situation was in no way intentional, but we do feel it is regrettable and is one of the contributing causes to the many misunderstandings that exist among some of our parishes today.

As a result of deliberations we make the following findings and recommendations to the Diocesan Council for their most thoughtful consideration:

1. We do not believe the I.A.F. is a cure-all for all of the problems in this area, nor are we even certain that it can accomplish its objectives. However, neither do we find that its operations will necessarily give rise to the points of concern that have been expressed by so many and which we have endeavored to analyze above.
2. We feel that in the last analysis whether to employ the services of the I.A.F. or not to employ them, is a matter of judgment and calculated risk, but that we have not been able to find anything in our investigation that would indicate "per se" we should not employ them.
3. We do recommend that if the Diocesan Council, after a careful consideration of the pros and cons that we have endeavored to express and probe in this investigation and in our report,

- determines that it should proceed with the program, it should couch any support or recommendation, or contractual obligation that we might enter into with sufficient protection and assurance that will obligate Dr. Alinsky and the I.A.F. to operate within the purview of the language of our House of Bishops in its comments on civil disobedience as mentioned above.
4. We also recommend that the contractual arrangement and obligations of the Church be as definitive as possible, and that the Church endeavor to keep itself in a position insofar as its commitments are concerned so that it can withdraw its support in the event any of the basic concepts and principles of the program as agreed upon at the outset are violated.
 5. Lastly, we offer the suggestion that in the future where matters of such import are to be considered and acted upon by our Church, that all possible steps be taken to insure their thorough, adequate, and sufficient consideration in our Diocesan Council and Convention proceedings to the end that all of the parishes and their communicants will be as fully informed on the subject matter and the determinations as possible.

There were questions and much discussion as to the Alinsky project. Mr. Wagstaff read a letter from the Rev. Canon C. E. B. Nobes, S.T.D. in protest to bringing Alinsky to Kansas City. The Rev. David C. Patrick moved a resolution of thanks and acceptance of the report to Mr. Wagstaff and his committee, this was seconded and unanimously passed. The Rev. E. R. Sims moved that we re-affirm the action of the 1964 Convention and the subsequent action of the Inner-City Committee with regard to community organization, subject to the conditions suggested in the report of the re-evaluation committee to the Diocesan Council October 19, 1965. The motion was seconded and passed. A secret ballot was requested but not granted. Dean Woodward moved that as soon as possible this report be printed in attractive form and distributed, with the names of the persons serving on the Committee. The motion was seconded and carried.

Property: Mr. Newell stated that at Noel, they had agreed to incorporate five of the six recommendations, they had \$7,500 coming from a foundation. They feel that these plans can be carried out for less than \$40,000. The Property, Missions and the Architectural Commission have approved. He moved that the Council approve the non-final plans contingent upon the \$40,000 plan coming in. They have 50% already in hand and would borrow, through a commercial loan, and the Expansion Fund, \$20,500. The motion was seconded and passed. The State Highway Department intend to widen 71 by-pass in Clay/County and are going to take a 28-foot strip off the north side of the property at Liberty, offering \$3,600 for the strip. The Property department recommends acceptance contingent on the congregation's approval. The recommendation was moved, seconded and passed. At Lexington, Christ Church wishes to install folding

doors for \$1,000 and in the old Parish House to lower the ceiling and install light fixtures for \$3,000. This is to be done by a commercial loan of \$2,000 and a loan from the Expansion Fund for \$2,000. Mr. Newell moved the approval and it was seconded and passed. Mr. Clay moved that the required payment of \$10 per month be waived. The motion was seconded and passed.

Mr. Ewing passed out a printed Treasurer's report. He moved that the Treasurer be authorized to change the name of the Kate Leslie Fund account to Diocesan Trust Fund account, Diocese of West Missouri. The motion was seconded and passed. He gave his thanks to Mr. Nash and his assistant for the fine work on the report.

Mr. Wagstaff asked that a committee come in with recommendation as how to activate the program as had been voted. The matter was referred to the Urban department.

The Rev. E. O. Smith, Jr., reported that there was a surplus in the Bokaro fund. He had heard from Bishop Bayne that 30% of M.R.I. offerings went to total M.R.I. program. He felt that the money should be sent directly to Bishop Hahns, through the Executive Council in New York, after costs had been deducted. After discussion, the Rev. D. E. Becker moved to table the matter until next month. The motion was seconded and passed.

Mr. Atwood announced that All Saints', Nevada wished approval of inaugurating an endowment fund. It was moved, seconded and passed.

The Rev. Canon A. R. Hingston handed out a typed report and stated that the department had had Fall meetings and were operating constructively.

CHRISTIAN EDUCATION AND CHRISTIAN SOCIAL RELATIONS TO THE DIOCESAN COUNCIL

During the summer, the Camp and Conference Program of the Diocese has been in full swing. Two Work Camps were held, one in June and one in July, for the purpose of preparing Cliff Springs for the later camping operation, and incidentally a rich community experience for the adults and young people involved. These were both under the direction of Father Moon, who combines uniquely in one ministry, both direction of programs for our young people and the chairmanship of the Cliff Springs Committee. The first work camp involved ten young people and four adults, the second six young persons and four adult staff.

Two Rustic Camps were held at Cliff Springs in August with a total of 63 youngsters involved in both. The first week was directed by Fr. Moon; the second by Fr. Packer. Two Conferences were held at YMCA Camp Marvin Hillyard, near St. Joseph. The first for Junior High young people was under the direction of Fr. Sims. The second for Senior High was directed by Fr. Hartrock. Total enrollment was 81 young persons. An Adult Training Institute scheduled for a week in May and another in July at Roanridge had to be cancelled because of a shortage of registrations. Eleven were registered and a minimum of

twenty is required for educational and financial success.

The Executive Secretary's activities were varied, some stemming from his relationship to the Department of Christian Education, others from Christian Social Relations. In connection with the former, during June, consultations on church school program were held with the clergy of Christ Church, Lexington; Christ Church, Warrensburg; Christ Church, St. Joseph; Calvary Church, Sedalia; St. Mary's, Kansas City; and the Church of the Good Shepherd, Kansas City North. In addition consultations were held with the church school staffs of Warrensburg and St. Mary's and adult leaders at the Church of the Good Shepherd.

A one-day VCS Teacher Training Workshop was led by the E.S. at All Saints' Parish. A day long training session for camp and conference staff was conducted in collaboration with the Department Chairman, Fr. Hingston. Also in June in collaboration with Fr. Hingston, the E.S. was part of the leadership team of a training program at Roanridge for seminarians, which occupied the better part of two weeks. In addition the E.S. was supply priest two Sundays at St. Mary's, Kansas City and one Sunday each at Calvary Church, Sedalia, and St. John's Kansas City.

In July the E.S. conducted two Teacher Training sessions at St. Mary's, a VCS workshop at Trinity Church, Independence, served for a week on the staff of the July Conference of the Diocese of Texas (three lay persons from the Diocese of West Missouri were in attendance), tried to take a couple of weeks vacation, and supplied for Sunday services at Lee's Summit for two Sundays and All Saints' for one.

In August, the E.S. was involved off and on in all of the camps and conferences as a part time staffer, supply hauler and either arranging for or personally transporting numerous campers. He also served as supply priest one Sunday at All Saints', one at St. John's and assisted at the Cathedral on one session.

The Department of Christian Education has been active in the promotion and staffing of teacher training sessions in early September. Two Convocational Workshops were held, one in Sedalia under the leadership of Fr. Lonergan, involving Warrensburg, Boonville, Lexington as well as the host parish; and one in All Saints' under the leadership of Frs. Sims, McGlynn and Doan, involving Harrisonville, Grandview and St. Peter's Chapel as well as the host parish. Fr. Lonergan also lead a similar workshop in Chillicothe.

The Adult Division has taken on a major responsibility in developing an MRI educational program. The first event in this program will be the Diocesan Clergy Conference next month. Follow up events will include educational offerings to both clergy and laity, probably on a convocational basis.

The Camps and Conference Division will be meeting at the end of this month to evaluate the Summer and begin planning for next Summer.

We are in the process of rebuilding the Youth Division which, because of resignations and the movement of clergy, has been reduced often to a gathering of less than two or three.

The Department of Christian Social Relations has not met during the Summer but in meetings both before and after the Summer recess, has continued actively to pursue its goal of urging churchmen throughout the diocese to become actively involved in solving the major social problems of the day. Problems receiving most attention include: Ministry to Senior Citizens, Civil Rights, Alcoholism, Mental Health and Poverty.

The Executive Secretary is presently serving as chairman of the Social Service Committee of the Greater Kansas City Council of Churches. He also is involved on a committee working for the establishment of a Halfway House for the rehabilitation of mental patients, on a committee for an aid program to the General Hospital, on the Technical Advisory Panel to the Human Resources Corporation - the local Anti-Poverty effort and the Open Housing program of the Kansas City Council on Religion and Race.

The Rev. D. E. Becker announced that he had sent out 35,743 pamphlets.

Episcopal Churchwomen - Diocese of West Missouri: Mrs. Brigham announced that the speaker at the annual meeting would be Mrs. Theodore Wedel and they hoped for a good attendance.

The Rev. James F. Moon stated that the Cliff Springs committee would like to spend as follows: \$225 for lightning rods for the four buildings; \$150 to replace the power mower; \$105 to install washer and dryer, which was a gift; up to \$2,400 for a two-car garage to house the power wagon and for storage. The Rev. Canon G. A. Wilson moved the approval, it was seconded and passed.

November: Mr. Everett P. O'Neal, our representative to the Council on Religion and Race, reported that he had voted at their meeting, that schools should be built where the people were. On the Fair Housing Campaign he asked that we all have an open heart, that regardless of race, people be allowed to buy or live where they could afford to live.

Mrs. Keith offered the following resolution which was seconded by the Rev. E. O. Smith, Jr.:

**RESOLUTION OF THE DEPARTMENT OF CHRISTIAN SOCIAL
RELATIONS ON THE GREATER KANSAS CITY
FAIR HOUSING CAMPAIGN**

Whereas the Fair Housing Campaign of the Greater Kansas City Council on Religion and Race will help individuals recognize the basic injustice and disadvantages of housing segregation and will allow persons of good will to demonstrate their willingness to accept minority group families in their neighborhoods; and

Whereas it will help prevent panic selling, block-busting and ill will and will inform those who finance, construct, manage, sell or lease residential properties that there are thousands of people in Greater Kansas City who will support fair housing; and

Whereas it will encourage minority groups by providing an opportunity for religious denominations, city governments, school boards, and other civic, business, labor, educational and political groups publicly to express their convictions and to give active support to the achievement of fair housing; and

Whereas it will identify and coordinate organizations and individuals willing to speak, work and provide leadership in continuing activities in support of fair housing following the campaign;

Now, therefore be it resolved that the Diocesan Council of the Diocese of West Missouri meeting November 16, 1965, strongly endorse this campaign and urge all Episcopalians and other persons of good will actively to support the campaign by their endorsement, funds and active participation.

The Rev. W. G. Lonergan outlined the program:

1. To interpret the Kansas City Council on Religion and Race's program of neighborhood Fair Housing Councils to all Episcopalians of Metropolitan Kansas City.

2. To stimulate favorable attitudes toward Fair Housing.

3. To promote participation of Episcopalians in local Fair Housing Councils. He explained the procedures: consultations with the Diocese of Kansas; joint meetings of the Christian Social Relations departments of both Dioceses, for planning; general meeting of the clergy and lay leaders of the parishes in the areas; for teams to conduct programs in the parishes; prepare printed materials and the involvement of the department and hopefully, others. Mr. John Anderson, the Chief of Long Range Planning, of the Kansas City planning department, presented maps. These illustrated the magnitude of what the problem is. Robert Staples presented charts and maps of the Councils on Fair Housing. There are 22 councils with eight organized fully. He read a statement to be signed by residents which was used in Topeka, Kansas. More details were called for and a substitute resolution was presented by the Rev. E. R. Sims and seconded by Mr. Robert Wagstaff. That a committee be appointed for further study, especially as to the effects.

The report was interrupted in favor of Mr. Wagstaff's report, as he had to leave. Mr. Wagstaff gave a progress report on the Alinsky project. He stated in the will of Mrs. Rust there was left \$157,000 for rural use. He moved that we agree to allow Bill Rust to dispose of stock at \$150 a share or whatever the Internal Revenue evaluates it, whichever is higher, that Bill Rust be paid a fee and that Mr. Wagstaff be given authority to proceed along these lines. The motion was seconded and carried. Mr. Wagstaff moved that the Diocese of West Missouri be empowered to borrow \$10,000 for Liberty, from the Blue Valley Federal Savings and Loan Association of Kansas City and the proper papers be executed. The loan to be at 6% over a fifteen year term. The \$10,000 to be paid to the expansion fund. The motion was seconded and passed. Mr. Wagstaff moved that an acreage of land at Liberty be transferred to the Highway Department for the price of \$3,600 and the Bishop be empowered to execute the proper documents. The motion was seconded and carried.

The Council turned back to the matter of Fair Housing. The Rev. E. O. Smith, Jr., moved that the substitute motion be tabled until the December meeting. The motion was seconded and passed. Father Smith moved that the original motion be tabled,

this motion was seconded and passed. It was moved, seconded and passed that the Council express its appreciation to the Department of Christian Social Relations for its presentation and to proceed with the procedure of study. The motion was seconded and passed.

Provincial Business: The Rev. D. E. Becker presented the following report and asked that the committee be discharged.

REPORT OF THE COMMITTEE ON PROVINCIAL STRUCTURE

The idea which contained the germ of our provincial structure was first introduced into the General Convention in 1865, but it was not until 1913 that our present provincial structure was established. Its canonical powers have been exceedingly limited and in spite of repeated requests, the General Convention has been unwilling to grant any further power to the provinces. Thus the provinces have become "a more or less interesting debating society on missions, education, and social matters."

It has been the experience of the Church that the programs of the province and of the provincial departments are virtually non-existent, or when they do exist, are ineffectual. The effective programs of the Church are on diocesan and national levels and their value comes from inter-play between the same. Provincial programs, when they have been proposed, tend to be anachronistic and redundant. Geographical meanings in the provincial structures are all but senseless with the possible exception of the provinces in the northeast. The provinces as now delineated or as they be re-aligned, cannot really comprise meaningful geographical groupings.

The General Convention accepted the report of the Joint Committee on the Structure of the General Convention and the Provinces, which indicated a lack of desire to come to grips with the real problems inherent in provincial structure. It was the action of General Convention to request the Joint Committee to continue its studies and it is the opinion of the President of Province VII that this should become a part of the agenda at the next Synod and at the several Diocesan Conventions within the province. In preparation for this study, this committee recommends the immediate elimination of departmental budgets, appointments, and activities at the provincial level, and that the other work and activity of the provinces be reduced to a minimum, to wit: Triennial meetings in advance of General Convention, and maintaining an Executive Council between Synods. We further recommend that the Diocese of West Missouri only appropriate funds commensurate with such a minimum operation of the province.

The Rev. Donald E. Becker, Chairman
The Very Rev. Donald R. Woodward
The Rev. Arleigh W. Lassiter
Mr. Gill Miller

The Rev. E. O. Smith, Jr., moved that the report be received with approval. The motion was seconded and carried.

The Rev. J. H. Lembcke asked that the following be printed in the minutes:

That the secretary maintain a list of all persons who are serving as representatives of the Diocese of West Missouri or any of the departments of the Diocesan Council on any committee or boards and that these persons report periodically to the Diocesan Council. The motion was made to print this in the minutes, seconded and passed.

Diocesan Development Fund Campaign: Mr. Washburn read letters from Mr. Streit. Mr. Streit suggests that the campaign be from January to April inclusive instead of from January to March inclusive, the service fee to remain the same. This because of the dates of Passion Week and Holy Week. He suggested the dates for the Special Convention as February 17-18-19 with a Bishop from some Diocese which had had a successful campaign as the speaker. It was moved to extend the campaign with the suggested date of February 19, if possible. The motion was seconded and carried.

Mr. Ewing moved that he be authorized to engage Arthur Anderson for the audit. The motion was seconded and passed. He moved that beginning in 1966, 3% discount be allowed on Diocesan Assessments and Mission Quotas payments if paid on or before the last day of each current quarter and there being no arrearages for a previous period. The motion was seconded and passed. Statements will be mailed out monthly. Mr. Ewing stated that as of now the Mission travel was 9¢ and other travel was 6¢, he moved that 9¢ be used uniformly. The motion was seconded and carried.

Mr. Miller reported that at Grandview, there is a 20-25% increase in giving and that the attendance is up. It was thought that there should be a full time Vicar at Grandview and asked the Bishop to secure a man, this on a five-year trial run and then a re-evaluation. Grandview would still be under the team ministry. A re-evaluation was asked for the entire missionary program. Mr. Newell was asked to describe the property at Clinton. Clinton is paying \$50 a month for a store building which is in deplorable condition. The metal roof is rusting out and the under wood is rotting, the owner will make no repairs. It is suggested that we have a holding action and not to buy any property at this time.

At Monett, one-half of the roof needs replacing, they have a bid of \$250. Mr. Newell moved that they be granted a loan of \$250 from the expansion fund to be added on the existing loan and to be paid after the existing loan is paid. The Finance Department has given its approval. The motion was seconded and passed.

Finance: The Bishop read the approval for the Monett loan.

Canon A. R. Hingston reported that the College Division had requested the department to request the Council to make the College Division a department of the Council. Canon Hingston moved that this be done. Dean Woodward seconded the motion and it carried.

Bishop Welles stated that there had been no progress in procuring a man for Southwest Springfield.

Stewardship: The Rev. D. E. Becker gave his report by title:

INTERIM REPORT, DEPARTMENT OF STEWARDSHIP

1965 ITEMS:

Production of pamphlets: "Wills", "Good Member", "For or Against", and purchase of "Once Upon A Time" in total quantity of about 60,000.

Distribution of pamphlets: Total distributed to date is 38,197 of which all but 3,000 were distributed within the Diocese. Total number of transactions, about 150. Those distributed outside billed at cost and when payment is received this deducted from cost of supplies.

Distribution of Pledge Cards: Total of Time and Talents plus Money Pledge cards distributed is about 12,000, all within Diocese.

Production of "Supplementary Stewardship Manual" in total quantity of about 200. All distributed within the Diocese.

Production of "Stewardship Manual" which is a substantial revision of the above in number of 250. About 25 distributed with remainder to be distributed in 1966.

Production of slide set illustrating thesis of pamphlet, "A Good Member". Seven sets in duplicate produced with fourteen uses to date.

Arrangements made for training sessions at the Cathedral (9/24) and St. Philip's, Joplin (10/22) with Mr. Harvey Stetson of the Diocese of Dallas as leader. Attendance at Joplin was 62 from 10 congregations. Attendance at Cathedral was 51 from 14 congregations.

Chairman sent various advisories to clergy and wardens of the Diocese. Chairman consulted with various clergy and laymen on stewardship and Canvass's. Chairman attended a training session in Philadelphia; traveled to Des Moines to consult with Exec. Secy. of Iowa; traveled to St. Louis to consult with Mr. Hanchett; traveled to Chicago to consult with Mr. John Reinhardt; traveled to New York to consult with National Office.

Chairman consulted and interviewed several prospects for the full time job in the Diocese of West Missouri with negative results in all instances. This involved considerable correspondence and phone calling.

It is the belief of the chairman that this represents an "Almost full time" job in the area of Stewardship . . . as near to it as is possible for someone holding down other major responsibilities.

Urban Affairs: The Rev. J. H. Lembeck reported that nearly all the funds allotted had been spent. He will need \$300 to \$400 this year. It was moved to transfer funds from the Missions department, if needed. The motion was seconded and passed.

Ecumenical: The Rev. E. O. Smith, Jr., passed out a report with the request that the Council members read it and be prepared to discuss it at a later meeting.

December: Mr. Washburn announced that Mr. Streit will arrive on January 3 to set up an office, which will be in St. Luke's Hospital. The date for the special Diocesan Convention is set for February 17 with banquet at night in the President Hotel. Bishop Leland Stark of the Diocese of Newark will be the speaker.

Mr. Ewing moved that the Bishop or Treasurer be authorized to make withdrawals from the Kansas State Bank of Prairie Village, Kansas, from the Discretionary Fund for Seminarian Assistance. The motion was seconded and passed.

The Rev. E. O. Smith, Jr., speaking for World Mission, stated he was waiting for information on MRI. Mr. Ewing stated that the final payment of \$2,777 left today for Bokaro.

Mr. Wagstaff presented the following resolution:

RESOLUTION

Whereas the Diocese of West Missouri, an Episcopal Church Corporation, desires to borrow \$10,000 from the Blue Valley Savings and Loan Association of Kansas City, Missouri, for a period of fifteen years, with interest to be computed at the rate of six per cent (6%), and to secure said loan by a deed of trust on the following described property which it owns:

"All of lots 38, 39 and 40 in BROOKVIEW GARDENS, and addition in and to the City of Liberty, Clay County, Missouri.

Also all of that part of Tract "A" in said BROOKVIEW GARDENS described as follows: Beginning at the Southwest corner of said tract "A", thence North 53° 00' 00" West along the line between tract "A" and Lots 40, 39 and 38 a distance of 327.10 feet to the Northeast corner of Lot 38, thence North 57° 00' 00" East a distance of 195.93 feet to a point in the East line of said Tract "A" (being also the West line of U. S. Highway No. 71 By-Pass); thence Southeasterly along said Easterly line a distance of 261.19 feet to the point of a curve to the right at the Southeasterly corner of said Tract "A"; thence Southerly along said curve having a radius of 25.0 feet a distance of 38.95 feet to the point of tangency in the Southerly line of said Tract "A" thence South 48° 27' 00" West along said Southerly line a distance of 215.44 feet to the point of beginning.

NOW THEREFORE BE IT RESOLVED that the Diocese of West Missouri be authorized to negotiate the loan above described and the Bishop of West Missouri be authorized to execute the necessary deed of trust and promissory note in this connection.

The undersigned hereby certify that the above and foregoing is a true and correct copy of the resolution passed by the Diocesan Council of the Episcopal Church at its meeting held in Kansas City, Missouri, on the 14th day of December, 1965.

The resolution was seconded and passed.

Dean Woodward moved that the resolution on Fair Housing be taken off the table. The motion was seconded and passed and the Bishop read the resolution as copied in last month's minutes. Mrs. Keith read an addition to the resolution, but it was

not moved and therefore defeated. Some words were changed in the resolution and some added; such as "may" for "will" and addition of "we believe", a copy follows. A motion was made and then withdrawn that the resolution as presented by the Department of Christian Social Relations be adopted. Mr. Wagstaff stated that we should endorse the resolution in principle but not as a co-sponsor. The Rev. D. E. Becker offered a resolution to be inserted at the beginning of the resolves. The Rev. S. S. Johnston seconded the resolution and it was passed. Father Becker gave as the strength of this: (1) Identifies with position of Church, and (2) leaves it on voluntary basis - we should not legislate for our Diocese on so important an issue. Bishop Welles read the pledge to be signed, voluntarily by the householder. Mr. Wagstaff again emphasized that we endorse the resolution in principle but not as co-sponsor. Mr. Miller suggested that the Bishop call in Mr. O'Neal and Canon Shacklett to explain our action. The resolution as a whole, as amended, was moved and seconded, and passed.

RESOLUTION

To the Diocesan Council of the Diocese of West Missouri on December 14, 1965.

Whereas we believe the Fair Housing Campaign of the Greater Kansas City Council on Religion and Race will help individuals recognize the basic injustice and disadvantages of housing segregation and will allow persons of good will to demonstrate their willingness to accept minority group families in the neighborhoods; and

Whereas we believe it may help prevent panic selling, block-busting and ill will and will inform those who finance, construct, manage, sell or lease residential properties that there are thousands of people in Greater Kansas City who will support fair housing: and

Whereas we believe it will encourage minority groups by providing an opportunity for religious denominations, city governments, school boards, and other civic, business, labor, educational and political groups publicly to express their convictions and to give active support to the achievement of fair housing; and

Whereas we believe it will identify and coordinate organizations and individuals will to speak work and provide leadership in continuing activities in support of fair housing following the campaign;

NOW THEREFORE BE IT RESOLVED that the Diocesan Council of the Diocese of West Missouri affirm the actions of the General Convention of the Protestant Episcopal Church in the United States of America on the matter of "open housing" for all Americans regardless of race, creed, or color; and

BE IT FURTHER RESOLVED that the Diocesan Council of the Diocese of West Missouri, meeting December 14, 1965, endorse this campaign as it has been presented to us and urge all individual Episcopalians and other persons actively to support the campaign on a voluntary basis by their endorsement, funds and active participation.

The Diocesan Council requested the Chancellor to have inserted in the minutes of the December 14, 1965, meeting the following:

As I understand our action on the Fair Housing Resolution at our Diocesan Council today, it was intended to represent an approval of this project in principle but was not to be construed as a co-sponsorship or a direct participation on the part of the Diocese in the campaign itself. We did indicate that we would encourage support on the part of our communicants on a voluntary individual basis.

It was specifically understood that we would not permit our support of the campaign to this extent to be publicized in such a way that it would give rise to the impression that we were a sponsor or a co-sponsor. I requested that our minutes reflect this understanding prior to the adoption of the resolution.

I believe it was also agreed that you (Bishop Welles) would make clear to the representatives of the Council on Religion and Race the true meaning of our action so that it would not be misconstrued one way or the other.

It was suggested that the Bishop and Council give thought as to how we can have more communication with the Council on Religion and Race.

Dean Woodward moved that we express our appreciation to Mrs. Keith and her department for their work, the motion was seconded and passed.

The Rev. Canon A. R. Hingston stated that the Adult Division met and planned a training of the adults of the Diocese to an awareness of changes in the world and the need to know them.

The Rev. D. E. Becker announced that a pledge to attend Church was being prepared as a move in Evangelism. It was moved, seconded and passed to accept the report and that it be put in operation.

Urban Affairs: The Rev. J. H. Lembcke, Jr., reported that a full page, pre-Christmas ad, in the Kansas City Star, could be purchased for \$1,368. This ad would have the picture of the Bishop and the Bishop of Kansas, with a greeting from both. Dean Woodward moved that the Department of Promotion work with the appropriate department of the Diocese of Kansas, for the parishes and missions in the Greater Kansas City area. The motion was moved, seconded and passed that the Diocese allow \$250 to help pay for the ad.

The Rev. E. O. Smith, Jr., spoke of the restructure of the Council of Churches with more coordination and to set up priorities and to work together on governmental programs. The Council of Churches is developing a program participation, information will be sent out.

RULES OF ORDER

Governing the Conduct of Business at Meetings of the

Convention of the Diocese of West Missouri

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.
2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.
3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.
4. All Committees shall be appointed by the President unless otherwise ordered.
5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.
6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.
7. No member shall absent himself from the session of the House unless he have leave or be unable to attend.
8. A member, other than the chairman of a Committee whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.
9. Any member of the House may call for a vote by ayes and naves.
10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.
11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have

precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minute for the purpose of explaining its object.

13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.

14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.

15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.

16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.

17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.

18. The names of movers of resolutions shall appear upon the minutes of the Convention.

19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.

ORDER OF BUSINESS

1. Announcement by Secretary as to whether a quorum is present.
2. Election of Secretary of the Diocese.
3. Announcements.
4. Report of Committee on Dispatch of Business.
5. Introduction of all resolutions for reference.
6. Nominations for all other offices.
7. Reports of all officers and committees.
8. Elections.
9. Report of all resolutions previously referred.
10. Fixing time and place of next Convention.

20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.

21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

The Secretary announced that a quorum was present in both orders and the Bishop declared the Convention open and ready for business. First order of business was the election of a Secretary of the Convention, Diocese, and Council. Nominated for the post was the Rev. Sylvan W. Law. The nomination was seconded. A motion was made, seconded, and passed that nominations cease and that the chair cast a unanimous ballot for Fr. Law as Secretary. The Secretary then nominated the Rev. Canon Arleigh W. Lassiter as Assistant Secretary. It was then moved that nominations cease and that the Secretary cast one unanimous ballot. The same was seconded and passed.

Greetings were then given to the Convention by the host Rector, the Rev. Howard C. Rutenbar of Christ Church, who welcomed the delegates and made miscellaneous announcements.

Mr. Henry Burr presented the report of the Committee on Dispatch of Business. It was moved, seconded, and passed that the report be accepted as follows:
Your Committee Recommends:

1. That the first order of business on May 7 be the nominations for the various elective offices.
2. That all matters of referral (Resolutions, etc.) be submitted during the afternoon of May 7.
3. That the Convention continue with business as indicated in the "Rules of Order" as far as possible.
4. That the Convention recess as near to 5:15 p.m., as possible so that Delegates may prepare for the Bishop's Reception at 6 p.m., and the Banquet at 8:30 p.m., at the Hotel Robidoux.
5. That the Convention gather at 8:15 p.m., at Christ Church for Evening Prayer following which the Bishop's Annual Address will be delivered to the Convention.
6. That the Convention gather on Monday, May 8, at 7:30 a.m., at Christ Church for the Annual Diocesan Celebration and Offering of the Holy Eucharist.
7. That the Convention re-convene at 9:30 a.m., May 6, at Christ Church.
8. That the next Order of Business, May 8, be the balloting for elective offices.
9. That the Convention be prepared at 10:30 a.m., to hear an address by Dean Hancock of Minneapolis on the Partnership Plan.
10. That the Convention be prepared at 12 o'clock noon for a presentation by the Rev. E. R. Sims concerning Project Equality.
11. That with the exception of Items 9 and 10, the Rules of Order be followed as far as possible for ensuing business.
12. That the morning session recess at 12:45 p.m., to re-convene, if necessary at 2 p.m.
13. That the Convention adjourn sine die as soon as possible thereafter.

Respectfully submitted,
Henry Burr, Chairman

Bishop Welles gave instructions to the Committee on Convention Offerings and directed that they meet immediately to draw up a report.

Next order of business was the introduction of resolutions which should be referred to committees. The Bishop asked that all such resolutions be given to Mr. Shook, Chairman of the Committee on Resolutions.

Mr. Wagstaff, Chancellor of the Diocese and Chairman of the Committee on Constitution and Canons, introduced resolutions that would come up for later consideration. First was a resolution which would require an amending of the Constitution so as to give Perpetual Deacons the right to vote at Convention - presently they have voice but no vote. Also introduced by the Chancellor was the following resolution, submitted by the Rev. Edward R. Sims:

"WHEREAS it is desirable that the Diocesan Council be broadly representative of the people of the Diocese, and that the membership of the Diocese feel a sense of identification with the Council and its responsibilities,

"THEREFORE, BE IT RESOLVED that the Committee on Constitution and Canons be directed to prepare and submit to the 1968 Diocesan Convention for revision, rejection or final approval the appropriate canonical changes to give effect to the following directive:

"That the Diocesan Council be restructured without appreciable enlargement so that it include in its membership one person chosen by each of the Convocations, such convocation representation to be rotated regularly between clergy and laity."

Finally, the Chancellor mentioned a resolution submitted to him earlier by Dean Woodward, but which had been inadvertently misplaced. He said that the resolution dealt with a minor matter having to do with amendment of our procedures and since the Dean was not to be present until a later time, Mr. Wagstaff hoped that there would be no objection to later introduction of the resolution.

The Rev. Edward R. Sims introduced the following resolution:

"WHEREAS, it is desirable that in the establishment of new mission congregations both the interests and the responsibilities of nearby parishes be given recognition;

"THEREFORE, BE IT RESOLVED that the Department of Missions and Church Extension is directed to establish mission committees within each of the Convocations, which committees will be given the responsibility of researching the feasibility of new congregations, locating desirable mission sites, enlisting and training families to be assigned to the new mission, and in general cooperating with the newly established congregation in the early stages of its life."

Bishop Welles referred the resolutions read by the Chancellor to the Committee on Constitution and Canons and the resolution from Fr. Sims to the Committee on Resolutions. Dr. Ben Gaines presented the following resolution, from the Bishop's Committee of Shepherd of the Hills Church in Branson:

"WHEREAS it is the Diocesan Council which carries on Convention business and functions between Annual Meetings of the Diocese, and

"WHEREAS there are 24 Organized Missions in the Diocese, with over 1400 communicants, and

"WHEREAS apart from the Bishop, who is Rector of all Missions, these 24 congregations have no official, expected voice on the Diocesan Council, and

"WHEREAS the Missions have a representative voice in the Annual Meetings of the Diocese and ought to have a representative voice on the Diocesan Council, Therefore

"Be it resolved by this Convention that the Chancellor prepare amendments to the Canon and modifications of such other rules governing Diocesan Conventions as may be necessary to provide:

1. Of the three Clergymen elected by Convention each year to serve on the Diocesan Council, one Clergyman shall be serving in an organized Mission at the time of election.
2. Of the four Laymen elected by Convention each year, to serve on the Diocesan Council, one Layman shall be a member of an organized Mission at the time of election.

"Be it further resolved by this Convention that drafts of the amendments and changes proposed herein be sent to the Parishes and Congregations of this Diocese at least 30 days prior to the next Annual Convention and voted upon at that Convention."

The Bishop referred Dr. Gaines' resolution to the Committee on Resolutions and also appointed him a member of the Committee. The Rev. Canon William E. Lusk presented the following resolution on behalf of the Diocesan Liturgical Commission:

"RESOLVED, That we commend the Standing Liturgical Commission of the General Convention on the issuance of the proposed revision of the Eucharistic Liturgy as printed in Prayer Book Studies XVII;

"That we memorialize General Convention to authorize for trial use this liturgy as printed in Prayer Book Studies XVII; and

"That we recommend that trial use be with specific authorization of the Bishop of the Diocese, with specific controls of the Joint Liturgical Commission, and with co-ordination through the various Diocesan Liturgical Commissions."

The foregoing was referred to the Committee on Resolutions. Bishop Welles then read a communication to the Convention from Suffragan Bishop-elect Robert R. Spears, Jr.:

"Dear Bishop Welles:

Ascension Day Greetings! Please give my best wishes to the Convention of the Diocese of West Missouri when it convenes. I look forward to the events of May 15, when my own part in the work of the Church there begins officially.

Faithfully yours,

Robert R. Spears, Jr."

Mr. Wagstaff moved and it was seconded and passed that the Secretary of the Diocese send greetings to the Suffragan Bishop-elect. The Bishop announced that the Rev. Philip T. Brinkman had been elected the new Rector of St. Mary's parish in Kansas City, to succeed the Rev. J. David McCallum, and that the Bishop's consent had been given.

Announcement was made that nominations were now in order for two clerical and two lay members of the Standing mittee. Nominations were made as follows:

Mr. Frank W. Koger was recognized to present the report of a special committee on election procedures as directed by the resolution of last year's Convention and found on p. 59 of the 1966 CONVENTION JOURNAL. His report follows:

"Dear Bishop Welles:

Pursuant to your letter of April 15, 1967, addressed to the Reverend Donald E. Becker, Mr. Clifford H. Hall, and the undersigned, your committee has studied the possibilities of establishing "a more effective and efficient method or methods of election". This letter, we hope, will serve as our report to the 1967 Diocesan Convention, and may be filed by title if you so desire.

"First, the committee feels that the mechanical procedures presently in use are adequate and can make no recommendations to improve the physical operation of the elections. The committee does recommend that the reports previously submitted by Edward Matheny and Frank Koger be reproduced and sent to the Chairman of each Election Committee prior to convention so that he can acquaint himself with their contents. We believe that if the material contained in these reports is assimilated and used, mechanical operation will present no major problem in the future.

"The committee does wish to make recommendations concerning the elimination of nominees from the ballot, as we apprehend that this presents a greater time problem than any other aspect of the elections. The General Constitution of the Church provides, in part, that each Diocese shall prescribe the manner of election of its delegates, and to the Committee's limited research, is otherwise silent as to technical election procedures. It would therefore seem to us that the Convention could adopt the rules of election for all four of our normal elections (General Convention, Standing Committee, Provincial Synod, and Executive Council) by either adopted rule of order at each convention or by amendment to our own Constitution. The exact mechanics of this we leave to the Chancellor of the Diocese, not wishing to invade his province.

"We therefore wish to recommend that, in elections to Provincial Synod and Executive Council when two consecutive ballots are taken without either an election or a withdrawal of some candidate the name of any candidate not receiving at least 25% of the total ballots cast be eliminated automatically from the subsequent ballot by the Chairman of the Election Committee, until if necessary there are no more names on the ballot than offices to fill.

"We further recommend that, in elections to General Convention and Standing Committee, when two consecutive ballots are taken without either an election or a withdrawal of some candidate, the name of any candidate not receiving at least 25% of the total ballots cast be eliminated automatically from the subsequent ballots by the Chairman of the Election Committee, until, if necessary, there are no more names remaining on the ballot than offices to fill, provided, however, that no candidate's name be so removed if he has received a plurality of the votes cast on the previous ballot by either order. We feel this last provision is necessary to respect the numerical difference between the ballots cast by the two orders.

Respectfully submitted,

Frank W. Koger, Chairman"

Fr. Sims moved adoption of the committee's report with the direction that the Committee on Constitution and Canons draw the appropriate implementation thereof. The motion was seconded, discussed, and passed.

Mr. Jackson made the report of the Committee on Convention Offerings adoption of which was moved, seconded, and approved as follows: That the two offerings of the Convention be added together and, of the total, one-third be given to Discretionary Fund of the Suffragan Bishop; one-third to the new mission Church of the Ascension in Springfield; and one-third to Paul Rusch and KEEP (The Kiyosato Educational Experiment Project) in Japan.

Bishop Welles recognized and introduced new clergy coming to the Diocese since the last regular Convention: The Rev. Messrs. Stanley A. Watson, Christopher Sherrill, David E. Parker, Carroll Barbour and Stanley R. Ramsey. Also introduced was the Rev. Richard McHenry, who had resigned his active ministry in the Presbyterian Church and who is to be Ordained Deacon on May 20 by the new Suffragan Bishop. Bishop Welles read a letter of greeting from the Rev. Roy Black, member of the Diocese who is now serving as a Chaplain in the Marine Corps. The Bishop introduced the Rev. Herman Page, Jr., an Associate Secretary of the Division of Domestic Mission of the Home Department of our Executive Council, who has been serving as supply priest of the Church of the Redeemer, Kansas City. Fr. Page spoke for several minutes on his experiences at a Conference on the Spiritual Values of Tourism held at the Vatican, to which he was a delegate, and expenses for which the people of Church of the Redeemer supplied.

After several routine announcements, Mr. Merle Hoover, Midwestern representative of the Church Insurance Company and the Church Pension Fund, was introduced by Bishop Welles. Mr. Hoover spoke of the programs offered by the Company and Fund and announced that he would be present at the Convention to answer questions that might be asked. The Convention recessed at 5:14 p.m., so that members could be ready for the reception and banquet to be held at the Hotel Robidoux.

Following the banquet, an overflow congregation assembled at 8:15 p.m., in Christ Church for the office of Choral Evensong. Many clergy of other Christian Churches in St. Joseph, were present in the Procession. At this service, Bishop Welles delivered his Annual Address and made presentation of awards. The Bishop's Cross was presented to Mr. and Mrs. Frank Beighley of Ascension, Springfield; Mr. H. Ben McCoy of St. John's,

Springfield; and Mr. Benn Bunyar of Trinity, Independence. The Bishop's Medal was awarded to Mr. Jack Tootle of Christ Church, St. Joseph; Mr. E. S. Washburn of St. Andrew's, Kansas City; Mr. H. A. Sloan of All Saints', Kansas City; Mrs. Richard S. Brigham of St. Paul's, Kansas City; Mr. Edward T. Matheny, Jr., of All Saints', Kansas City; and Mr. Ray Aton, Christ Church, Springfield. The Tippett Award was presented to the Rev. J. H. Lembcke, Jr., of Trinity, Independence.

MONDAY, MAY 8

Members of the Convention gathered in Christ Church at 7:30 a.m., for the Annual Diocesan Celebration and Offering of the Holy Eucharist. Celebrant was Bishop Welles, assisted by the Rev. Messrs. Howard C. Rutenbar and Christopher Sherrill, Rector and Curate of the host parish and the Very Rev. Donald R. Woodward. Members of past Conventions who had died since the 77th Convention were remembered by name at the Altar.

After a Continental Breakfast in the Church Fellowship Hall, Convention reconvened at 9:30 a.m., in the Church and was opened with prayer by the Bishop. The Rev. S. S. Johnston reported for the Committee on Admission of New Parishes and moved that the application of Church of the Ascension, Springfield, to be admitted an organized mission in union with the Diocese be accepted. The motion was seconded and passed, whereupon the Bishop introduced the Viacr, the Rev. Charles Doan, and the first lay delegate, Mr. Charles W. Cook.

First ballots for Standing Committee and the Diocesan Council were distributed by the tellers, under the direction of Dr. Bonebrake, Chairman of the Elections Committee. The report of the Chancellor of the Diocese was read as follows:

"In accordance with our practice I will report as a matter of interest on the following transactions which have been handled through the office of the Chancellor during the past year.

"1. In connection with the erection of our new church building at Noel, Missouri, we arranged to borrow \$8,000 from the State Bank of Noel, to be secured by a deed of trust on our property. The documents covering this transaction were processed by my office.

"2. A lease was approved covering the property located at 4022 Lee's Summit Road in Independence, Missouri.

"3. Arrangements were made for the Diocese to consent to the payment of the balance of a \$5,000 pledge to St. George's Church made by Nina L. Remfry prior to her decease out of the assets of her estate. The Diocese was involved in this consent since it is a beneficiary of the residue of this estate.

"4. A small tract of property was acquired immediately to the rear of the vicarage of St. John's Church in Neosho, Missouri. This transaction was consummated with the assistance of Attorney Henry Warten of our Legal Committee.

"5. The matter of the so-called "Charitable Immunity Doctrine" of the State of Missouri again has come up for consideration and advice due to a recent decision of the Supreme Court of Missouri to which there was a dissent by one of the Justices indicating that this whole question should be carefully reviewed by the Court at a later date. The law of the State of Missouri remains as it was in that this Doctrine still exists, which in substance means that our religious institutions will not be held legally responsible for acts of negligence, and it is therefore not necessary to carry insurance as protection against this contingency. While it is, of course, possible that this doctrine might be changed in the future, it is the judgment of many members of our Bar that it will not be. I will endeavor to advise the Diocese promptly of any change in this situation.

"6. In connection with the widening of 71 By-Pass, it was necessary for us to grant an easement for the electric line across our property in Liberty, Missouri.

"7. We apparently own three lots in Brunswick, Missouri, concerning which my records are very incomplete. There is some indication that we have owned them since February of 1869. We had an offer for this property and I asked Attorney Whitney Potter of our Legal Committee to research the situation. It would appear that title to two of these lots is recorded in us, but the third one is not shown on the original plat of Brunswick and it also appears that the lots are not all contiguous. We had an opportunity to sell these lots for a modest sum which we determined not to accept at this time.

"8. The purchase of the property in Clinton, Missouri, was consummated and the note and deed of trust involved were processed through my office. Attorney Lucian Lane of our Legal Committee assisted in this transaction.

"9. We rented our property at 5229 Rockhill Road to Robert S. Burns, and the lease was approved.

"10. We are contemplating the entering into of a "Pilot Diocese" agreement with the Executive Council of the National Church. This agreement was studied and interpreted by my office.

"11. I reported last year that Mr. and Mrs. Robert Dillon had given us a forty acre tract in LaCledde County, Missouri. Apparently this did not cover the entire forty acres in this quarter section. We have now purchased the balance so that we do own the entire forty acres. The title has been examined by Attorney Milton Kirby of our Legal Committee and the necessary deeds have been filed of record.

"12. Our Church is participating with the Christian-Presbyterian-and Catholic Churches in the establishment of an indigenous worshipping community in the 11th and Euclid neighborhood in Kansas City, Missouri which will be called St. Mark's Church. My office was requested to review the proposed bylaws of this Church Corporation, which I have done and approved from a legal standpoint for our Bishop's acceptance.

"13. We are purchasing some property in Monett, Missouri. The abstract of title has been examined and the condition of the title approved by Milton Kirby of our Legal Committee, and this transaction is currently in the process of being consummated.

"14. The Diocese has arranged for the purchase of a house for our Suffragan Bishop at 841 Westover Rd. in Kansas City, Missouri, and a real estate contract was entered into covering this transaction, which was approved by this office.

"In conclusion, I am most pleased to advise that through the efforts of our good secretary, Father Law, our Constitution and Canons have been brought up to date and republished embodying all the amendments that have been made in the past several years.

Respectfully submitted,

Robert W. Wagstaff"

The Rev. Samuel S. Johnston, Rector of St. Andrew's, Kansas City, made the report of the Committee on Mutual Responsibility and Interdependence and World Mission:

"What is Mutual Responsibility and Interdependence? Bishop Bayne summed it all up when he said, "It is a vision and not a program". If we really get hold of that statement then so much of our MRI thinking comes into focus and gets clear for us. The ideal which the Anglican Communion has set before itself is to create among all clergy and laity in all parts of the world, a strong sense of mutual responsibility and interdependence. The Primate of all Canada said, "Whatever task God is calling us to, if it is yours, it is mine, and if it is mine, it is yours. We must do it together or be cast aside together." MRI is a goal for each diocese and each parish in the Anglican Communion to strive for. It is a vision of what the church of Jesus Christ should be at this time in history.

"However, an ideal is nothing if we do not take some steps towards attaining it. Therefore we have to have a program. We only need to remember that the program is the means of reaching the ideal. The first step in the program came when the Bishops, the Primates and Metropolitans meeting at the Toronto Anglican Congress, pointed out their needs and opportunities in all parts of the world. The General Convention of our church, meeting in 1964 accepted the vision of mutual responsibility and interdependence and accepted voluntary projects totaling \$6,000,000 in this present triennium. We have made surprisingly wonderful strides. As all the clergy know from their booklets called "A Promise We Must Keep - Projects for Partnership" we still have a long way to go.

"Let's look at the Diocese of West Missouri. As Bishop Welles has pointed out "Under the three-year goals for MRI set by the 1964 General Convention in St. Louis our diocesan share for 1967 would be in the neighborhood of \$18,000, compared with \$12,000 in 1966. Last year the Episcopal Churchwomen of West Missouri gave \$3,500 which with the diocesan grant of \$8,925 made a West Missouri total for MRI in 1966 of \$12,425 which went over our expected share. The Churchwomen have already in this year of 1967 given another \$3,500 so to reach the goal of \$18,000 we shall need \$14,500 from other sources.

"At the meeting of the Diocesan Council on April 18, it was voted to give the members of the Diocese an opportunity to give to a special MRI project again this year. Whitsunday 1967 being "Consecration Sunday" the Sunday following Trinity Sunday has been set as the special gift date. The project selected from "Projects for Partnership" is IC/67/14 which is a school in the Diocese of Patna, India, originally the Diocese of Bhagalpur. The plan is to upgrade a primary school to the junior high level. The cost: \$9,100. Bishop and Mrs. Welles have slides of India and of this particular project which they would be delighted to show at any mutually agreeable time.

Respectfully yours,

The Rev. Samuel S. Johnston"

Reports of the Treasurer were submitted by Title. It was moved, seconded and unanimously passed that the Secretary cast one ballot containing the name of Mr. Roger L. Ewing as Treasurer of the Diocese. It was then moved by the Chancellor that we especially commend and thank the Treasurer for the exceptional work that he has been doing for the Diocese as Treasurer. The same was seconded and carried.

Mr. William V. Longmoor presented the proposed Diocesan and Mission Budgets for 1968, and moved their adoption by the Convention. The motion was seconded and followed by questions and discussion from the floor.

Discussion was interrupted to announce election results on the Standing Committee ballot: Mr. Jack King was elected. The Rev. Canon Vincent C. Root withdrew his name.

Both Budgets - Diocesan and Mission - were then voted upon and approved, as follows:

Dean Woodward moved that the Convention receive with appreciation the report of the Committee on Mutual Responsibility and Interdependence and that we pledge our support to the contents therein and that we designate Sunday, June 4, as the Sunday on which this offering will be received throughout the Diocese. The resolution was seconded and passed.

The Executive Director of St. Luke's Hospital in Kansas City, Mr. Charles Lindstrom, was introduced by the Chancellor. His report follows:

"This is the first day of National Hospital Week, and accordingly it is fitting that you should want to hear about your hospital. St. Luke's Hospital, your hospital, continually needs your interest and support.

"Your hospital has recently opened new facilities, expanded its patient services, improved its functions and widened its scope of activities. New patient rooms were opened in 1966, laboratory, X-ray, and surgical facilities have recently opened and a renal dialysis (kidney) function has been added to the hospital's services.

"Your hospital, however, is more than bricks and mortar and shining equipment. Your hospital, like its namesake, St. Luke, the beloved physician, is devoted to service to our fellow man.

"Your hospital has achieved a great deal, and this should make you proud. Your hospital is one of the 88 largest private hospitals in the United States of America. Your hospital was the only hospital in the States of Missouri and Kansas to fill its Intern Matching Program. Your hospital continues to operate an excellent school of professional nursing. Your hospital also started a school for practical nurses and graduated its first class recently.

"Your hospital, on an average day, carried out the following functions:

425	patients were in the hospital
47	new patients were admitted
6	babies were born
32	emergency cases were treated
27	operations were seen in the out-patient clinic
25	operations were performed
19	physical therapy treatments were given
151	X-rays were taken
1,419	lab tests were done
21	EKGs were taken
685	prescriptions were filled
1,698	meals were served
7,518	pounds of laundry were washed
325,154	square feet of floors were cleaned
\$15,673	were spent on payroll
\$7,645	were spent for supplies and expenses
\$26,301	was required to allow it to operate in the black

"Your hospital is a big business and a vital business. And your hospital continues to grow. Plans are being made for a long term care unit to be added to the hospital as well as plans to modernize and update all facilities and to add research space.

"Your hospital board is dedicated to providing the best in patient care facilities. Your medical staff is outstanding and it strived daily to update the standards of care which are carried on in the hospital. And your hospital staff is pledged to the thesis that there is nothing more important in the whole wide world than you and your health.

"Won't you visit your hospital soon? We would be delighted to see you. Your hospital needs your support, your interest, and your prayers."

Report of the Department of Missions was presented by title. Report of the Department of Stewardship was presented by title by Fr. Becker, with a few brief comments. Special attention was directed to the Department's new pamphlet, "Measured Giving", which was read aloud.

Bishop Welles introduced the Very Rev. Henry Hancock, Dean of St. Mark's Cathedral, Minneapolis, Minnesota, who is a representative of the Sixth Province on the Executive Council.

Results of balloting for Diocesan Council were announced. Elected were the Rev. David C. Patrick and Messrs. James W. Newell, Jack Tootle and Peter Herschend. Second ballots for Standing Committee were distributed.

Dean Hancock spoke on the "Partnership Plan" of non-quota giving which will be coming to the attention of General Convention later in the year.

Canon Nobes moved a vote of thanks to Dean Hancock for a wonderfully lucid explanation of the plan. The motion was seconded and approved. Following was a general discussion of partnership giving.

Results of the second ballot on Standing Committee were: The Rev. Messrs. G. Edward Walker and Brian J. Packer elected. Mr. Leo B. Crabbs withdrew his name. Third ballots on Standing Committee were then passed out. The Rev. Messrs. George G. Greenway and Richard E. Mason withdrew their names from balloting for Diocesan Council.

Reports of the Departments of Missions and Christian Education were filed by title. Before submitting the report of the Insurance Department by title, Mr. H. A. Sloan spoke urging vestries to think seriously about taking out Blue Cross - Blue Shield and major medical insurance for their clergy and families. Report of the Urban Affairs Department was made by title, with a few comments by Fr. Lembcke. Third ballot on the Standing Committee showed no further elections. Fourth ballots were distributed.

Given by title were reports on the Cliff Springs Conference Center, the Diocesan Advance Campaign and of the Departments of Ecumenical Affairs and College Work.

Mr. Wagstaff reported for the Committee on Constitution and Canons regarding three resolutions presented on May 7, and referred to his Committee for recommendation. The Committee recommended that two of these be given special committees for study and specific proposals at the 1968 Convention: (1) Regarding giving Convention vote to Perpetual Deacons and (2) Revision of election procedures at Diocesan Conventions. It was moved, seconded, and passed that the Committee's recommendations be approved. Presentation of the Committee's recommendations regarding a third resolution dealing with representation on the Diocesan Council from Convocations was postponed to a later time when the presenter of the resolution could be on the floor.

Fr. Hingston gave the report of the Committee on the Bishop's Address as follows:

"The Committee on the Bishop's Address requests that the Address be printed in the Convention Journal and move the following resolution:

"WHEREAS: Our Bishop has given to us seventeen years of dedicated and vigorous leadership and this leadership has manifested itself in the constant growth of the Diocese and in a stronger sense of ecumenism and a growing awareness of the significance of Mutual Responsibility and Interdependence in the Body of Christ and

"WHEREAS: The foregoing have a strong impact upon the total life of our Diocese, THEREFORE, BE IT RESOLVED THAT:

1. The Convention expresses its support of the Bishop in his call for a setting of goals for the Diocese which will lead to a re-evaluation and renewal of the program and structure of the Diocese and that
2. The Convention instruct the Bishop and Diocesan Council to begin at once a study of methods to be employed to implement such a process of renewal and that
3. When an appropriate method has been decided upon by the Bishop and Diocesan Council that they proceed with the study and re-evaluation of all aspects of our Diocesan life and program."

The report and motion of the Committee on the Bishop's Address was seconded. The Rev. Elton O. Smith moved and it was seconded to amend the motion on the Bishop's Address to add the following:

"Resolved that this Diocese, in response to the affirmative statements by Bishop Welles, memorializes the General Convention to approve the participation of our Church, along with other Churches, in the Consultation on Church Union, in preparing a plan for union, to be presented to the respective Churches."

Discussion of the motion was interrupted for election results. Dr. Bonebrake reported that Mr. William Bundschu had been elected to the Standing Committee. While third ballots on the Diocesan Council were being distributed, it was reported that the second balloting had resulted in no election. Asking that their names be withdrawn from balloting were Messrs. Burt A. Mayberry and Clifford Hall, Dr. Carl Siegel and the Rev. William A. Bacon.

Discussion of the proposed amendment to the resolution of the Bishop's Address was resumed. A standing vote on the amendment was taken showing that it passed. The entire amended resolution was then approved.

Dr. Edgar Shook mentioned a resolution suggesting that the Convention go on record as being in favor of no longer exempting church and educational properties used for commercial purposes from local, state, and federal taxes. Since the motion was not presented in the proper manner, he suggested referring it to the Chancellor. No motion was made to the contrary and it was so disposed of.

Reports of the Committee on the Armed Forces and of the Roanridge Training and Conference Center were submitted by title. The report of the Commission on Evangelism was read by Canon Lusk on behalf of the Rev. Dr. Beachy, who was unable to be present:

"The Commission on Evangelism has sponsored a conference on Evangelism and Preaching Missions for members of the diocesan clergy. Father Julien Gunn, O.H.C., led the conference at Roanridge from April 24th to 26th. Ten men were in attendance for the entire conference. At their work session they discussed evangelism as it pertains to work in the diocese and congregations, making several pertinent observations. At their request several comments and recommendations are here reported to the Convention.

- "1. More emphasis on evangelism is needed. This need relates to the type of evangelism which engenders greater commitment or renewal of members of present congregations. Evangelism of conversion grows out of commitment. Concerted effort on this type of evangelism awaits the development of methods more suitable to the modern situation.

- "2. The preaching mission was accepted as one means of evangelism of commitment and renewal, arrangement of missions being a matter for individual planning of each congregation.
- "3. Members of the conference volunteered their services in the interest of evangelism, expressing the opinion that it must be a continuing part of diocesan work, possibly to be seen as a concomitant of stewardship.
- "4. In appreciative response to the conference which provided a wealth of material on preaching missions, both in the practical aspects and in the content and art of presentation, those who attended enthusiastically recommended that a similar conference be arranged so that all diocesan clergy may benefit.

"Because of the enthusiastic response to this conference, it is considered to be a good beginning toward fulfilling the evangelistic commission in this diocese. The Commission on Evangelism will proceed to act upon the recommendation of the conferees, hoping for appropriate expressions of commendation from the Bishop and Convention.

Respectfully submitted,

William N. Beachy, Chairman"

Dean Woodward moved that the Convention request the Commission on Evangelism to meet and to bring to the Convention, before it recesses, certain definite recommendations, if in its opinion it desires to do so, reflecting the recommendations and work of the Commission, and if time does not permit to bring them in to a meeting of the Diocesan Council. The motion was seconded and passed.

Election results were announced as follows: The Rev. Messrs. W. Sherman Smothers and Samuel S. Johnston and Mr. William L. Atwood were elected to the Diocesan Council. All elections were therefore completed.

A special order of business was introduced into the Convention having to do with the "Project Equality" proposal. Bishop Welles introduced the Rev. Edward R. Sims who proceeded to outline the manner of presentation. Speaking in detail to outline the program of Project Equality was the Rev. Edward J. O'Donnell, a Roman Catholic Priest from St. Louis. Fr. O'Donnell is Associate Director of the Human Relations Apostolate of the Archdiocese of St. Louis and also Chairman of the Inter-Faith Council of Greater St. Louis. Project Equality is described as a program designed to utilize the hiring and purchasing power of the churches, synagogues, and their associated institutions to end employment discrimination in both these institutions and all those firms which supply them with goods

and services. Speaking in response to Fr. O'Donnell were Mr. Roger L. Ewing, Treasurer of the Diocese and Mr. James W. Newell, Chairman of the Department of Properties. Fr. Sims then offered the following resolution:

"Resolved that the 78th Diocesan Convention authorizes the Diocesan Council to enter into sponsorship of Project Equality, at such time and on such terms as the Council deems appropriate."

The resolution was seconded, whereupon the Convention recessed at 1:00 p.m., for lunch.

The Convention reconvened at 2:15 p.m. The Secretary certified that there was still a quorum present. Considerable debate and discussion of the matter took place. Dr. M. F. Whitten of Carthage, moved an amendment to the effect that Project Equality be referred to the Diocesan Council for study and that it again be presented to the Convention of 1968 for final disposition. The amendment was seconded and debated. A standing vote was taken on it showing that 53 were in favor of the amendment and 98 against it. The amendment was defeated.

A standing vote was then taken on the original resolution - that we authorize the Council to enter into sponsorship of Project Equality. The resolution passed by a vote of 94 in favor and 64 against it.

Mr. Edgar Shook presented recommendations of the Committee on Resolutions. First he read once again the resolution presented the previous day by the Rev. Edward R. Sims having to do with representation on the Diocesan Council of one person chosen by each of the Convocations. He then moved and it was seconded that the same be referred to the Committee on Constitution and Canons for action next year, with the provision that the word, "assigned," in the second paragraph be changed to read, "desirous of being a part of". His motion was seconded and passed. Next, Mr. Shook spoke concerning the resolution of the Diocesan Liturgical Commission having to do with the proposed revision of the Eucharistic Liturgy. He said that the Committee on Resolutions recommended elimination of the first paragraph of the resolution, following the word, "Resolved". He then moved adoption of the resolution as amended. This was seconded. Dean Woodward moved amendments to the resolution: changing the words, "this liturgy", in the second paragraph to read, "the Eucharistic Liturgy", and also adding the following words, "and that a copy of this resolution be sent to the Secretary of the General Convention". The amendment was seconded and discussed. The amendment was then approved and the amended resolution was passed.

Moved by the Rev. Elton O. Smith was the following which was seconded and passed:

"Whereas the Rector, Wardens, Vestry, and People of Christ Church, St. Joseph, have provided so adequately and hospitably for the 78th Annual Convention with their facilities and services, therefore,

"Be it resolved that this 78th Annual Convention give its wholehearted thanks to Christ Church, St. Joseph, for this hospitality."

Submitted by title were the reports of the Departments of Christian Social Relations and Religion and Race and the Diocesan Liturgical Commission.

Report of the Committee on Convention Offerings was presented by Mr. Roger Ewing: Evening Prayer, \$393.52, at the Holy Communion, \$179.69, for a total of \$573.21. One-third of the total, \$191.07 was designated to go, therefore, to the Suffragan Bishop's Discretionary Fund, to the new Church of the Ascension, Springfield, and to KEEP in Japan.

Mr. Sidney Cutright moved and Mr. Frank Dunaway seconded that the 79th Annual Convention be held in Christ Church, Springfield, in accordance with their kind invitation and with the recommendation of the Committee on Next Meeting Place. The same was adopted.

Mr. Wagstaff, the Chancellor, mentioned the suggestion of several delegates that we return to the former Convention schedule of meeting on Monday and Tuesday, rather than the present Sunday and Monday format. Dean Woodward moved that the next Convention meet beginning at 2:00 p.m., on Monday. This was seconded and discussed. The Rev. David Patrick moved a substitute motion that the matter be referred to Diocesan Council. This was seconded and defeated. Vote on the original motion showed that it was also defeated.

The Rev. James Viggers spoke concerning explorations currently under way between Church of the Epiphany and St. Matthew United Presbyterian Church, both of Grandview, to explore the possibilities of future union on the local level in all ways, save Sacramental. He referred to a duplicated report which had been distributed to delegates and moved the following, which was seconded:

"Resolved that this Convention offers its support and encouragement to Church of the Epiphany, Grandview, and St. Matthew United Presbyterian Church and urge them on in their mutual exploration of Ecumenical Mission in Grandview,

"And be it further resolved that we offer our broad support to the Bishop and Diocesan Council as they explore on the judiciary level the feasibility of this enterprise in reunion."

After some discussion had taken place the motion was voted upon and passed.

Moved by Mr. Max Marshall of St. Paul's, Lee's Summit, was the following:

"Whereas many important and complex subjects requiring thoughtful and intelligent discussion are introduced at Diocesan Conventions, and

"Whereas the convention agenda provides inadequate time for the necessary debates and consideration of many such important and complex subjects, and

"Whereas it is highly desirable that the Convention delegates be as informed as possible and further, that the delegates represent, insofar as is possible, the sense of feeling of their congregations about the Convention agenda,

"Be it therefore Resolved that, at least two weeks prior to the date of the annual Diocesan Convention, each Canon of each Convocation within the Diocese shall call together all duly elected delegates to the Diocesan Convention. At the Convention meetings, the Convention packets will be distributed to the delegates and a reasonable time shall be allotted to preliminary discussion of the significant subjects that will be contained in the Convention agenda."

The motion was discussed and approved.

A motion empowering the Diocesan Treasurer to borrow up to \$5,000, if necessary, was moved, seconded, and passed.

The Bishop appointed to a five-year term on the Ecclesiastical Court, the Rev. Samuel S. Johntson. He pointed out the resignation from the Board of Examining Chaplains of the Rev. John H. Lembcke and the Very Rev. Donald R. Woodward. Nominated by the Bishop for terms on the Board were the Rev. Messrs. Allen R. Hingston and Elton O. Smith. Both nominations were approved by Convention.

Bishop Welles' appointment of members to the Diocesan Council for two-year terms were announced: The Rev. Lewis T. Johnston of St. Peter's Chapel, Kansas City; and Dr. Blaine Hibbard of St. Andrew's, Kansas City, and Col. Harry Kirkpatrick of St. John's, Springfield.

Upon motion, second, and vote, the Convention adjourned ~~size~~ at 3:48 p.m., with the singing of the Doxology and the Bishop's Blessing.

PROCEEDINGS OF THE SPECIAL CONVENTION

Grace and Holy Trinity Cathedral, Kansas City

November 16, 1966

The Special Convention of the Diocese of West Missouri began with the Holy Communion, celebrated by the Rt. Rev. Edward R. Welles, D.D., S.T.D., in *Grace and Holy Trinity Cathedral, Kansas City, Missouri*, at 10:00 a.m., November 16, 1966. The Bishop was assisted at the Altar by the Very Rev. Donald R. Woodward, Dean, and the Rev. Canon David K. Fly of the Cathedral; by the Canons to the Ordinary, the Rev. Canon Allen R. Hingston, the Rev. Canon Arleigh W. Lassiter, the Rev. Canon William E. Lusk, the Rev. Canon Clifford E. B. Nobes, the Rev. Canon Vincent C. Root, the Rev. Canon Charles E. Sanders, Jr., the Rev. Canon George A. Wilson; and by the Rev. Canon Harold B. Whitehead.

The following Address was delivered by Bishop Welles at the Eucharist.

Address of the Right Reverend Edward R. Welles to the Special Convention

My dear Fellow Christians:

Today we open a new chapter in the life of our diocese. Last May in convention assembled we determined to elect a Suffragan Bishop (a decision overwhelmingly endorsed by the Bishops and Standing Committees of our Church throughout the United States). Last May's Diocesan Convention also adopted a budget for 1967 spelling out in adequate detail the expenses connected with the Suffragan Bishopric (all recorded on page 47 of the 1966 Diocesan Convention Journal). Under the provisions of Article IX of our Constitution no business shall be transacted at this special meeting of the Convention except that mentioned in the call, unless by unanimous consent of the members present. The call, dated October 10, 1966, specified that the business to be transacted at this Convention shall be the election of a Suffragan Bishop, and any matter appertaining thereto. So only matters related to the

actual business of electing a Suffragan Bishop are in order at this Convention, except by unanimous consent of the Convention.

We face a most serious task this day – and we want to open ourselves to the guidance of the Holy Spirit – we want to do the job ahead of us as well as we possibly can. Many of you have come considerable distances to be present – all of you have put aside other pressing business in order to take part (our Chancellor cut short a very important business meeting in New York to fly back to be one of us today).

We want to take as much time as it needed to do the job right, but we do not want needlessly to waste time.

Some diocesan conventions faced with an episcopal election have no nominating committee, no nominations – just a first ballot which serves as a nominating ballot.

We have chosen to have a top-notch committee spend some months of painstaking effort considering and investigating men all over the United States, and I know I speak for us all when I thank Mr. Edward T. Matheny and his fellow committee members for their efforts. They have performed a most valuable service in looking over the serious possibilities outside our own Diocese – men in most cases whom you and I would not know and whom we might otherwise overlook in our election. I would doubt after their thorough search that any other priest outside West Missouri would deserve serious consideration compared to the five outsiders named by our fine nominating committee!

We are agreed, however, that nominations from the floor are in order and these may, of course, include men from outside our Diocese.

The nominating committee has seen fit not to nominate any men from inside our Diocese, and since some of our clergy here in West Missouri are strong episcopal timber, I expect that some of our own men will be nominated. Some of you will no doubt prefer to vote for a man whose weaknesses are as well known to you as are his strengths, and who has worn well and dependably over the years – rather than vote for some outsider whose talents are obvious and attractive, but whose weaknesses do not appear on first or second meeting, and are an unknown quantity.

So I expect that there will be nominations from the floor. How do you want to handle them? We shall want to be as fair as possible and give the nominations from the floor equal treatment – if it is possible to give equal treatment to men whose names were not in your thinking as long as have been the men named by the nominating committee. Obviously whoever nominates someone other than the five committee nominees must have time to give the Convention the appropriate facts about the nominee.

In order to assist the Convention I have appointed a Committee on Resolutions and Dispatch of Business consisting of the Senior Warden of the Cathedral, Mr. Henry Burr, and Mr. George S. Beimdiek of Carthage and Mr. Henry C. Salveter of Sedalia – three of our best-known laymen – to bring in resolutions that will help us determine how we want to proceed with nominations.

I very much hope that any nominating speeches will keep within the limits of good taste (I recall only too vividly of the half-hour flowery orations in one Southern diocese where I was a priest when a Suffragan Bishop was being elected. Some of these speeches were more filled with generous exaggerations and high coloring and flights of fancy than I have ever heard at a national political convention (and about as convincing!). I do hope that all speakers will be considerate of the time of this convention. I served in five dioceses before you called me to serve as your bishop, and during the years I was in those five dioceses I participated in several conventions to elect a bishop – six such conventions to be exact – so I have had some experience. It is not customary in episcopal elections to drop the low man on any ballot; the only way a name can be deleted from the list to be reported after every ballot is for the man himself to withdraw his name by voice or telephone, or for the person who nominated him to withdraw his name.

In the Eucharist itself, the Bishop included prayers for: (1) election of a Suffragan Bishop, (2) for the recovery of President Johnson from surgery, (3) for the Armed Forces of our country, and (4) for Peace. Acting in accordance with the decision of Diocesan Council, the Bishop announced that the offering taken at the service would be used to help defray costs of construction of the new Boy Scout Chapel at Camp Osceola, Missouri.

After the blessing and closing hymn, the President, assumed the chair to lead the Convention in the prayer for the election of a Suffragan Bishop at 11:13 a.m. He then called the Convention to order and asked the Secretary if sufficient clergy and lay delegates were present to constitute a quorum. The Secretary's answer being in the affirmative, Bishop Welles then asked Mr. Matheny to give the report of the committee on nominations. The report follows:

REPORT OF DIOCESAN COMMITTEE ON SUFFRAGAN BISHOP NOMINATIONS

At the 77th Annual Convention of the Diocese of West Missouri, there was authorized the appointment of a Diocesan Committee on Suffragan Bishop Nominations. The convention instructed the committee to place in nomination at a Special Diocesan Convention not less than three nor more than five persons. Thereafter, Bishop Welles named as the members of the committee on nominations the following persons: Mr. Edward T. Matheny, Chairman, Mrs. Richard S. Brigham, Mr.

Robert B. Hillyard, Mr. George A. Clay, Rev. Canon William E. Lusk, Rev. Canon George A. Wilson, Rev. Canon Vincent C. Root, Rev. George G. Greenway, Jr., Mr. Henry Burr, Jr., Mr. Maurice D. S. Johnson, Mr. William V. Longmoor, Mr. Burt A. Mayberry, Rev. J. D. McCallum, III, and Mr. James W. Newell.

In his letter of May 17, 1966 appointing the committee, Bishop Welles included the following passage: "Quality is what we are looking for in the man we seek to be our Suffragan Bishop - quality as a Christian disciple, quality as a competent leader in the Church, quality of personality and soundness in the Faith, possessed of varied gifts that will fit him to become a Bishop in the Church of God." In its subsequent deliberations, the committee sought to attain this standard of quality.

The committee held its organizational meeting on June 2, but prior thereto a letter was dispatched to each clergyman and each senior warden in the Diocese soliciting names for consideration. The response to this request was most gratifying. After the initial meeting, additional solicitations were directed to numerous persons outside the Diocese, including all of the bishops of the Seventh Province. There resulted further names for consideration. In addition, members of the committee themselves proposed names of prospective nominees.

The various suggested nominees were assigned to individual committee members for preliminary investigations and reports. A subcommittee developed a Data Sheet for use in this connection. On the basis of the ensuing reports, the committee was able to eliminate a number of the suggested names. Thereafter, a more detailed investigation of the remaining prospective nominees was conducted. This included telephone calls to the persons themselves. In the course of the telephone conversation, the inquiry was made: "Would you be able to consider the post with a completely open mind, or is there some factor that would make it difficult for you to freely consider acceptance?" Following reports on these investigations, the committee's list was pared further.

When the number of prospective nominees from outside the Diocese had been reduced to seven, the committee felt that it could make no further reductions in the total list until after visits were paid to these seven persons. Accordingly, visiting teams of two (one clergyman and one layman) were assigned the task of calling upon these individuals.

The visits were made and, in most cases, the team made the acquaintance of the family of the prospective nominee as well. Subsequent final reports included photographs, church bulletins and other materials collected by the teams.

On Saturday, October 29, the committee convened for its final session. Appropriately, deliberations were preceded by celebration of the Holy Eucharist. Thereafter, the committee repaired to the Common Room of the Cathedral. Following nominations, discussion, and a series of written ballots, the committee made its final selection from nominees including clergymen from both inside and outside the Diocese. The resulting list, comprised of five clergymen, was made known in advance of this Special Convention by the Promotion Committee for the Diocese.

At this time, pursuant to the direction of the 77th Annual Convention of the Diocese, and in behalf of the Diocesan Committee on Suffragan Bishop Nominations, I hereby place in nomination the following:

1. THE REVEREND CANON J. R. K. DEPPEN, D.D., Archdeacon, Diocese of Chicago.
2. THE VERY REVEREND CHARLES ASHLEY HIGGINS, Dean, Trinity Cathedral, Little Rock, Arkansas.
3. THE REVEREND ROBERT R. SPEARS, JR., Rector, Trinity Parish, Princeton, New Jersey.
4. THE REVEREND CHARLES EARL WILCOX, Rector, St. Luke's Episcopal Church, Tulsa, Oklahoma.
5. THE REVEREND JOSEPH S. YOUNG, D.D., Rector, St. James' Episcopal Church, Wichita, Kansas.

Respectfully submitted,
Edward T. Matheny, Jr., Chairman

The Bishop then called for the report of the Committee on the Dispatch of Business which follows:

REPORT OF THE COMMITTEE ON THE DISPATCH OF BUSINESS

Your Committee recommends:

1. That as its first order of business the Convention act upon any resolutions properly brought before it.
2. That the next order of business be the nomination of candidates for the office of Suffragan Bishop.
3. That the Convention next proceed to balloting by Orders for the purpose of electing a Suffragan Bishop.
4. That the Convention recess at 12:45 p.m., this day for the noon meal, reconvening at 2 p.m.
5. That the Convention adjourn as soon as possible after the election of a Suffragan Bishop.

Respectfully submitted,
Henry Burr, Chairman

Next Order of business, therefore, was the presentation of resolutions. The first one to be presented came from the Rev. Messrs. David C. Patrick and William E. Lusk, and was moved by Mr. Burr, as follows:

WHEREAS, the Special Convention of the Diocese of West Missouri, called for the purpose of the election of a Suffragan Bishop may not succeed in the election without a large number of ballots, and

WHEREAS, the addition of another name during the course of the election might bring about the possibility of an election, THEREFORE, be it resolved that the floor of this Convention remain open for nominations during the process of the election.

The resolution was seconded and passed. Mr. Burr next presented another resolution which was seconded and reads as follows:

WHEREAS, A Nominating Committee, properly appointed for the purpose, has proposed the names of five (5) candidates for the office of Suffragan Bishop, and

WHEREAS, additional candidates may be nominated from the floor of this Convention, and

WHEREAS, it is desirable to fix the rights of any nominators and their seconds, as well as to provide for the expeditious dispatch of the business of this Convention,

NOW, THEREFORE, BE IT RESOLVED that speeches nominating candidates shall not exceed five (5) minutes in length, and

BE IT FURTHER RESOLVED that speeches seconding such nominations be limited to two (2) minutes in length.

Mr. George S. Beimdick of Carthage, then presented an amendment to the above resolution, reading as follows:

Delete the sentences which read "that speeches nominating candidates shall not exceed five (5) minutes in length," and "that speeches seconding such nominations be limited to two (2) minutes in length," and to insert in lieu the following: "Nominating speeches shall be brief, concise and limited to information contained in the CLERICAL DIRECTORY OF THE PROTESTANT EPISCOPAL CHURCH IN THE UNITED STATES OF AMERICA, and further that seconding of nominations shall be limited to the simple statement, 'I second, the nomination of the Rev. _____'"

The amendment to Mr. Burr's resolution was seconded and passed. After further discussion and clarification, the amended resolution was passed by the Convention.

The Chair recognized the Rev. William H. Magill who asked for a ruling by the Chancellor on whether or not the Rev. Canon David K. Fly and the Rev. David E. Parker were eligible to vote in the Convention, since both have been in the Diocese more than six months but that less than that time had elapsed since they were ordered Priests. The Chancellor ruled that both men did, indeed, meet the qualifications and that they would be entitled to vote.

The Convention then proceeded to nomination of candidates for Suffragan Bishop from the floor. Nominations and those making the nominations are listed below. In accordance with the resolution limiting nominating speeches to information of the type contained in THE CLERICAL DIRECTORY, all nominators gave brief biographical sketches in oral and/or printed form.

NOMINEE

PERSON NOMINATING

The Rev. Edward R. Sims	Mr. Gill Miller
The Rev. Canon Arleigh W. Lassiter	Mr. William Phillips
The Rev. Canon Allen R. Hingston	Mr. Roger W. Ewing
The Rev. David C. Patrick	Mr. Charles Tudor
The Rev. Patric L. Hutton	The Rev. James F. Moon
The Rev. Elton O. Smith, Jr.	Mr. James W. Newell

Nominations were then seconded as follows: The Rev. Elton O. Smith, Jr., by Mr. George Clay; the Rev. Edward R. Sims by the Rev. Donald E. Becker; the Rev. Canon Arleigh W. Lassiter by Mr. Lee Fitzpatrick; the Rev. Patric L. Hutton by Mr. June Short; the Rev. David C. Patrick by E. D. Korns, D.D.S.; and the Rev. Canon Allen R. Hingston by the Rev. J. David McCallum, III.

The Rev. Howard C. Rutenbar moved that we proceed with the balloting. The motion was seconded, discussed and passed.

Bishop Welles then explained the provisions of Canon 40, Section 5, of the national church, regarding election of suffragans, and concluded with these remarks.

Last summer when I was attending a meeting on Nantucket Island of the Episcopal Church's national Joint Commission on Ecumenical Relations, I went for a walk between sessions with the Bishop of Michigan who holds the present record for training Suffragan Bishops (three of his Suffragans have been promoted to be diocesan bishops of the Dioceses of Spokane, Pennsylvania and California). I confided in him how I envied the English Bishops of our Church and the Roman Catholic Bishops of this country who have some voice in the selection of the assistant bishops. He agreed that our system handicaps us in the Episcopal Church in a way that no man or woman in this convention is handicapped or would care to be handicapped. No rector but what picks his assistant; no business man here who does not pick his executive assistant!

So I asked Bishop Emrich: "What do you do about it?"

And he answered: "When we have an election I get up in front of the convention just before the start of the balloting and I say something like this:

"Dear brethren of the clergy and laity:
I'm at your mercy! I have no voice in
the selection of my Suffragan Bishop;
please do just two things for me - - -

First - elect a man whose gifts will
supplement and compliment mine;
and

Second - elect a man who will work with me!
you know me well enough to know what kind
of a man that is - for you have known me
for years and you know how I operate."

My dear brothers and sisters in Christ - that is my appeal to you
today - but even more than that I beg of you - give the Holy Spirit a
chance to guide your decision.

Thank you and may God bless us all. And let us all say together in
unison Hymn 217 - "Come Holy Ghost".

Appointed by the Bishop as tellers in the election were the
following: The Rev. Messrs. Stanley P. Hardy, J. D. McGlynn,
William A. Bacon, Edward G. Hartronft, James F. Moon and
James H. Viggers and also Messrs. Peter Herschend, Clifford
Hall, E. C. Ulmer, Frank Koger, James Metz, Melvin Roberts,
Don M. Jackson and Clarence Sifers.

The first ballot was taken and the Convention recessed for
lunch in Haden Hall at 12:35 p.m.

Upon reconvening at 1:30 p.m., results of the first ballot
were announced as noted on the accompanying table of the
"Results of Balloting".

Following announcement of the results of the first ballot, the Rev. Clifford E. B. Nobes placed in nomination the name of the Rev. Richard M. Trelease.

The second and third ballots were taken and the results announced as indicated on the table. Following the third ballot, the names of the Rev. Richard M. Trelease and the Rev. Patric L. Hutton were withdrawn.

After the fourth ballot was taken and the results announced, the Rev. Canon Arleigh W. Lassiter withdrew his name. The fifth ballot was taken, results announced and the Bishop announced a meeting of the Committee on Nominations.

The sixth and seventh ballots were taken and results announced. Bishop Welles announced the names of the members of the Nominating Committee who had made personal visits to the nominees so that members of the Convention wishing to do so might question them personally on their personal reflections.

After the eighth ballot was taken, the Bishop announced that the Cathedral Organist, Mrs. Edna Scotten Billings, had offered to play the organ during the balloting and counting of the ballots and her offer was gratefully received by all. After announcement was made of the eighth ballot results, the Rev. David C. Patrick withdrew his candidacy.

The ninth ballot was taken and results announced. The Rev. Elton O. Smith, Jr., withdrew his name. The tenth, eleventh, twelfth and thirteenth ballots were taken and the results announced. Following taking of the fourteenth ballot, Bishop Welles asked the Convention its desire regarding further balloting if the same should become necessary. The Rev. Canon Clifford E. B. Nobes moved that balloting continue without interruption for dinner. The motion was seconded and passed. Results of the fourteenth ballot were announced.

The fifteenth ballot was taken. While the votes were being counted, copies of forms for the Testimonial of Election were distributed to the various delegations so that they could be completed and signed immediately upon a candidate's being elected. The Bishop instructed the delegates to be sure to turn in the signed documents to the Secretary before leaving for home.

Results of the fifteenth ballot showed that the Rev. Robert R. Spears, Jr., had received a majority of votes in both orders. The Rev. Canon Allen R. Hingston moved that the election of Father Spears be made unanimous. The motion was seconded by the Rev. Donald E. Becker and passed.

Bishop Welles asked that members of the Convention stand and that the Doxology be sung. He then offered his thanks and congratulations to the tellers for their faithful work.

A motion was made and seconded expressing gratitude to the clerical and lay Tellers, the Secretary, and to others who helped in the mechanics of carrying out the balloting; Messrs. Glenn Nash, William V. Longmoor, Robert S. Staples and Edson M. Walker. The motion passed.

The Bishop then appointed a Notification Committee consisting of the following persons to contact the Rev. Robert R. Spears, Jr., regarding his election: the Rev. Messrs. William E. Lusk, Elton O. Smith, Jr., and Donald R. Woodward; and Messrs. George A. Clay, Maurice D. S. Johnson, Robert W. Wagstaff; and Mr. Edward T. Matheny as Chairman. They were to telephone Fr. Spears immediately following the Blessing.

The Convention adjourned *sine die* at 7:03 p.m., with the Bishop's Blessing.

Respectfully submitted,

ADDRESS

of the

Right Reverend Edward R. Welles,

Bishop of West Missouri,

To the 78th annual convention of the Diocese,

May 7, 1967

My dear fellow Christians:

The Diocese of West Missouri has made some advances this past year, though none so dramatic as we could report a year ago with the great Diocesan Advance Fund victory. Much time in the past twelve months has been occupied with the Suffragan Bishopric: the work of the *nominating committee*, the special convention that elected the Reverend Robert Rae Spears, junior, the waiting for his decision, the time-consuming business of securing canonical consents of the bishops and standing committees, and in recent months the securing of housing and the manifold preparations for the great service when Bishop Spears will be consecrated a week hence. I should like to express my deep thankfulness to God the Holy Spirit and to you for giving me such a fine person to assist me as Suffragan Bishop. The years ahead will prove the wisdom both of the decision to elect a Suffragan and of the choice of Robert Spears to fill the post. But we have not been completely occupied all year with this important matter!

We have witnessed the establishment of a new congregation in southwest Springfield, the Church of the Ascension, and we are on the threshold of beholding the inauguration of St. Mark's Ecumenical Parish in Kansas City. Recently the General Division of Women's Work of our Church nationally has made a grant of \$25,000 from the Women's United Thank Offering towards the erection of St. Mark's, and national HQ has also announced a grant to enable West Missouri to begin next January a full-time resident College Chaplaincy in Springfield. Bishop Spears and I hope two weeks from today to participate with Roman Catholic Bishop Ignatius Strecker and other ecumenical leaders in Springfield in the dedication of the Ecumenical College Center Chapel there which is one of the projects aided by the Episcopal Churchwomen as the larger investment there is made possible by the Diocesan Advance Campaign.

D. A. C.

The other projects which the D. A. C. is making possible are shaping up: a college campus center building has been purchased in Kansas City; a site for a new mission in southeast Independence area has been acquired; assistance to the Ecumenical Library has been given and plans are going forward for the Home for the Aged Chronically Ill in all the land next to St. Luke's hospital. It is obviously important that all of us keep up to date with the payment of pledges to the D. A. C. I trust that you will actively encourage your home congregation to keep the money coming in to the Diocesan D. A. C. Treasurer.

One of the works of mercy related to our diocesan life is St. Luke's Hospital, Kansas City. With modern plant and superb medical staff we yet lack enough nurses and I urge all of you to recruit students for our School of Nursing so that a larger number of our Christian young women may enter this noble profession.

Improvements of significance are visible to all of us here in old Christ Church, St. Joseph, which has undergone major renovation; the erection of the new St. Nicholas' Church in Noel is completed; St. John's, Neosho, and St. Stephen's, Monett, have both extended their property holdings as has St. Philip's, Joplin; Christ Church, Boonville, and St. Paul's, Carrollton, have completed beautiful renovations as has St. Luke's, Excelsior Springs; St. Paul's, Clinton, again has property with a house thereon wherein services and parish activities are held; the members of Good Shepherd, Kansas City, are worshipping in their lovely new church, long needed, and St. Peter's, Kansas City, has its fine new parish house in use. In fact, it has been quite a year! And to top it off I am happy to report that in January our mission clergy have received the largest stipend increase granted them since I've been bishop.

Don't Imprison Your Priest

Bishop Spears is to be consecrated "a Bishop in the Church of God" with responsibilities not only in and to the Diocese of West Missouri but to the whole of God's Church everywhere. The same is true of the priests and laity of this diocese - we are all of us bound by the nature of our ordination as Deacons or Priests - and our Confirmation as lay communicants - to exercise a ministry based in our local congregation but extending to the ends of God's world. I am sometimes surprised and saddened by the complaint that a certain priest is giving part of his time to extra-parochial affairs, civic or diocesan, as though this was a just cause for criticism.

As the Archbishop of Canterbury reminded us at the Anglican Congress in Toronto, "the Church that lives to itself, will die to itself". Surely our concern must reach out beyond our parish and diocese not only because it is our Christian obligation, but because it is just plain common sense to do so. The alternative is narrow pettiness, impover-

ishment and spiritual death. A wise vestry urges its priest to spend a sensible and generous proportion of his time in community and diocesan activities, knowing that such involvement gives him a broader perspective and stimulates him to creative initiative that benefits his preaching and leadership within the parish.

This Ecumenical Era

This is an ecumenical era in the history of the Christian Church. Our Lord's words in chapter 17 of St. John's Gospel make it clear that God wills the unity of his people. You and I pray for unity; we must also work for it. It will require change in us, active faith in the Holy Spirit that allows Him some room in which to operate, and a willingness to take some risks. Most of us want only a "sure thing" and I suspect that if we wait to agree to reunion until advance agreement has been reached on every last detail, we shall wait a long time indeed, possibly until the Church is far weaker than today.

Many of us would agree that the factors of truth, charity and holiness are essential in a renewed and reunited Church; we disagree in the details.

My special responsibilities nationally as a member of the Joint Commission on Ecumenical Relations are in two areas: Relations with the Roman Catholic Church and Relations with the Pentecostal and Conservative Evangelical Churches. I have found these relationships increasingly rewarding. Our meetings with the Roman Catholics are dealing with "The Eucharist, Sign and Cause of Unity; The Church as a Eucharistic Fellowship; the Minister and his Functions in the Eucharistic Celebration". Our national-level meetings in 1966 were held in Kansas City and Providence, Rhode Island; we are to meet later this month in Milwaukee.

The largest group of Christians in the world is the Roman Catholic Church; the second largest fellowship of Christians today consists of those 217 Protestant, Anglican, Orthodox and Old Catholic Churches, widely diverse in their history, traditions and organization, which belong to the World Council of Churches. A "third force" in world Christianity is that group of Churches identified as Pentecostal and Conservative Evangelical and not belonging to the World Council of Churches. It was my privilege last month in Los Angeles to be the first official observer of the Episcopal Church in history to be welcomed to a convention of the National Association of Evangelicals made up of forty-one denominations of the Pentecostal and Conservative Evangelical Churches. At the other end of the ecclesiastical spectrum from Roman Catholicism, this fastest-growing segment of divided Christendom gives evidence of tremendous vitality and obvious blessing and presence of the Holy Spirit.

Our national Joint Commission on Ecumenical Relations is also presently engaged in conversations with the Eastern Churches (Orthodox

and talks with the Jews. Its most intensive activity undoubtedly is its participation on behalf of the Episcopal Church in the Consultation on Church Union, unhappily called COCU, in which ten Churches are seriously endeavouring through dialogue guided by the Holy Spirit to draw up an acceptable basis for corporate, organic reunion that will be "true and deep enough to include every fellow Christian". "There must be no uncertainty in anyone's mind about the faith and order of the united Church." We are still in the process of exploration and the dialogue with our fellow Christians is both trustworthy and productive. The "obstacles so far exposed are not more than a proper challenge to Christian ecumenical thought". The goal is not a Protestant super-Church; it is rather the "visible unity of the one Church of Christ".

No Place For Timidity Today

It would be a great tragedy if the Episcopal Church allowed the sincere anxieties of some of its members over unresolved obstacles to call a halt to Episcopal participation in the Consultation. To withdraw now would be base cowardice. All we are presently committed to is to seek, with the help of the Holy Spirit, to discover whether or not a basis for union exists - a basis that does not jettison any essential while allowing for diversity and enrichment.

If the Consultation ends at a blank wall, or ends with a proposed basis that our Church is convinced falls short of the essentials, only then would we be justified in withdrawing from the Consultation. I speak out of experience for I was involved twenty-one years ago when the Presbyterian reunion proposals were presented to the General Convention of 1946 in Philadelphia. Some speakers who favored the proposals argued that the very fact the Episcopal Church had entered into negotiations with the Presbyterian Church in itself committed us to accept the results of the negotiations. I was one of the deputies who spoke against the notion that being involved in negotiations in any way committed us to accept the final outcome, and the General Convention's vote clearly agreed.

The pilgrimage towards unity is one in which almost every Church of the Angilean Communion is presently involved: in England, India, Nigeria, Canada, Ceylon, Central Africa, to name only a few. Surely responsible Christians are obligated to strive for renewal and reunion. I rejoice that our Church on the international, national and diocesan levels is engaged in this exciting adventure. I hope that on both the local parish and the individual levels we shall all make generous contributions.

I believe West Missouri as a diocese must sincerely participate in the Council of Churches movement, in such larger groupings as Metropolitan Inter-Church Agency, the St. Mark's Ecumenical Parish with Protestants and Roman Catholics, and I hope that we shall not

purchase any new land or erect any new buildings without first consulting with other Christian bodies to see if we can arrange joint use of property.

Welles MRI Tour

Since I was consecrated "A Bishop in the Church of God" with responsibilities and duties far beyond the boundaries of this one diocese, I felt moved to visit in person the overseas areas in which we of West Missouri have expended concern, prayers, manpower and money in recent years and especially in connection with Mutual Responsibility and Interdependence. It was an enlightening experience for Mrs. Welles and me. We left the United States last December 18th and in the next few weeks visited a number of missionary areas of the Church in Africa and Asia. I want to report to you tonight on a few of these visits.

Our Lord said (as recorded in St. John 8:31 and 32): "If ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free".

Freedom is the goal of most of the world's peoples these days. Since the end of World War II in Africa alone some thirty new nations have gained independence from their colonial masters. Their struggles towards stability are difficult and tortured.

India Has Top Priority

There are a dozen newly independent nations in Asia, but one of them towers above all the others in size and influence: India. In fact India has double the populations of the entire continent of Africa. Do you see how tremendous India is in the total picture of the uncommitted nations of Asia and Africa? This is why no matter how important Africa is on the developing world scene, India looms up as of double significance to that whole vast continent. This is why our diocese for three years now has concentrated its MRI focus and concern on the Church in India. We believe that if people are to gain enduring freedom they must know the truth which alone can make and keep them free, and that truth is the Word of God.

It is nothing short of inspiring to witness first-hand the outpouring of love and skill that is the Christian presence, small but significant, in Africa and Asia in this crucial generation. And it is indeed crucial, because the birth of dozens of new nations is accompanied by the breakdown of the domination of Western ideals and ideas; this revolt against things Western is at the heart of the revolution of the 20th Century, and many Africans and Asians connect Christianity with Western civilization. You and I believe that Western civilization is the highest expression thus far achieved of Christian ideals, but we do not equate Western civilization with Christianity. We do believe that Western civilization can be improved. We believe that by sharing

generously with our African and Asian brothers the Word of God, the basic truth of Christianity, without insisting on the non-essential Western interpretations, we shall be helping these new nations become free at the deepest level. We pray that out of their travail may well emerge forms of Christian life and work superior to any that Western man has yet produced.

These new nations are so very new - only twenty years old, most of them - and after centuries of colonial domination they have so very much to learn. America has been free of colonial domination for almost ten times as long - two hundred years - yet we still have quite a way to go in perfecting the way we apply the truth of God to our problems. Therefore we should not be to critical of the compulsive turmoil of the new governments as they seek to establish stable democracies.

Africa

And their problems are many. In the Southern third of Africa we visited the new nation of Botswana, completely surrounded by apartheid nations. In free Botswana and apartheid South Africa and Rhodesia we saw the Church at work with whites and blacks and I confess a surge of exhilaration at the loving, uncompromising and courageous way our black and white brothers and sisters are witnessing to the Christian Gospel of brotherhood. We noticed the difference that freedom in Botswana made as compared with life in the "locations" in South Africa and Rhodesia - and this in spite of the fact that economically Botswana is impoverished compared with her neighbors.

The central third of Africa is newly free, governed by Africans, and undergoing the tribulations of growing-up in a hurry. The days we spent in Malawi, where the Moore boys from Christ Church, St. Joseph, have served recently, were heartwarming. It is a beautiful country, perhaps the happiest in all Africa, where the Church is ecumenically advanced and is contributing much to the undergirding of the new nation's know-how and stability. The native Suffragan Bishop, Josiah Mtekateta, is one of the finest Christians we met on our whole trip, and a corps of native clergy, mostly young and eager, augurs well for the future.

Asia

We visited Bishop Roland Koh in Sabah, North Borneo, Malaysia, and find he is just as effective in spreading the good news of Christ in that part of the world as he was in West Missouri when he so movingly addressed us at the last convention held in Sedalia. Top leaders in the government and the other Christian Churches made it very clear to us how greatly they admire the life and work of Bishop Koh.

You can imagine how delighted we were to be guests in Taiwan of our beloved Hutton family, formerly of Independence. Here is a wonderful Christian couple offering the Word of God in an intelligent, attractive and acceptable fashion to the manifest delight of the people of Free China. Archdeacon Hutton is having an influence over the entire island; we noted especially the effectiveness of his work at the University of Tainan, the seminary there, and the medical clinic work which the Episcopal Churchwomen of West Missouri have so notably supported with the gift of the mobile clinic bus - in which we rode from the airport to the new St. Paul's Medical Clinic Building which the Bishop of Taiwan had kindly arranged for me to dedicate with firecracker welcome!

Most of us know and admire Col. Paul Rusch, former teacher in St. Paul's University, Tokyo, former Japanese prisoner of war, former intelligence officer on General MacArthur's Occupation Force, and since the war magnificent Christian layman who has established KEEF to help the Japanese people through Christian evangelism, medical hospital work, and agricultural demonstration and training. When we visited him in February he appealed to me to secure a Hereford bull and 8 heifers for demonstration breeding stock at KEEF - the mountain experimental center 120 miles west of Tokyo. His Farm School and Demonstration Farm has been so dramatically effective in improving the agricultural methods of the whole area that now it draws students for extended courses not only from all over Japan but from distant parts of Asia (two from Indonesia had just arrived before we visited KEEF). I hope somehow there will rise up individuals in West Missouri who will find a way to send Paul Rusch the Hereford bull and eight heifers he needs.

But it is to India that I return. I am convinced that Communist China and uncommitted India are more significantly related to the future direction of world history than any other part of Africa or Asia. Since Christianity presently can make no contact with or impact upon Communist China, India thus occupies a unique place in the strategy of Christian mission in our generation. I rejoice that West Missouri has recognized the top priority position of India. In the years 1965 and 1966 our diocese made substantial financial contributions to three MRI projects in India. In visiting nine of the dioceses of the Church in India we made an especial point of visiting those three projects: Bokaro, Lucknow, Deoghar.

Bokaro

Bokaro: We visited four of the largest industrial cities of India: Jamshedpur, Ranchi, Durgapur and Bokaro. The latter is just in course of construction, but is planned to have the largest steel production capacity of all India - even larger than giant Durgapur (Durgapur will have total capacity of 3½ million tons; Bokaro 5½ million tons). The

Soviet Russian government is loaning \$240 million of the total cost of \$925 million at Bokaro and is also supplying numerous technicians and experts to assist in the construction of the plant which is expected to be completed and working in the first stage by 1969 and stage II by 1971 and the final stage later in the 1970's. The general plan provides for 40,000 dwelling units (several thousand of which are already built and occupied). Eight of the ten top Indian officials of the Bokaro steel plant received us and a warm dialogue lasted for a whole hour (we had expected they would give us fifteen or twenty minutes!), with every question we asked answered freely and they showed us detailed maps and plans in their Board Room.

Within the confines of the government controlled sectors of the city it is expected that 190,000 people will dwell, but the surrounding population is expected to double or treble that figure at least. The government property itself extends for over ten miles and a serious problem is presented to any individual, church or business organization that wishes to purchase land outside the vast government holdings, since few private owners are willing to sell - feeling that if they hold on for another year or so they will receive three or four times the price offered today. And the Government of India had adopted a firm policy of retaining complete ownership and control over all basic industries - of which steel is chief. The Bishop of Chota Nagpur had to find some private owner outside the public owned area who was willing to sell. A bit south of the steel plant location two acres have been purchased at a Y junction of two roads with generous road frontage, one of the best sites available. We visited this site and took photos.

In India, in order to hold ownership (that is to keep others from encroaching or the government from seizing unused land) one must promptly enclose purchased land with a wall. And to build a wall requires water with which to mix mortar. So Archdeacon Sadiq arranged for a well to be dug (city water is not yet available) and a brick wall to be built around the boundary; this was 4/5 completed when we visited the spot on January 24th. This land cost 20,000 rupees; the wall costs 10,000 R; the well cost 5,000 R; and other expenses have amounted to about 5,000 R of the total 113,885 R that the Diocese of West Missouri sent (\$22,777) (when we sent the money one US dollar bought 5 rupees; since then the rupee has been devalued and now one dollar buys 7½ rupees).

It is confidently expected that when the steel plant is in operation other industries that use steel will locate on government land adjacent to the Bokaro Steel Plant and then the population is projected to grow to some 570,000.

No matter where the Diocese of Chota Nagpur locates the church that our diocese is helping to build, it will not be central, because the government controls the entire central area. We asked the Indian officials if we could hold services in some government building centrally located and to our delight they replied that this was indeed a possi-

bility if the different Christian bodies could agree to do it together, and if similar privileges were offered to the Hindus, Muslims and other religious bodies represented in India. Previously the officials had declined to consider the possibility; The Bishop and Archdeacon are going to explore this hopeful possibility.

Also, on a high point of land, in sight of the rows of already occupied apartment houses for the engineers and other top leaders is two-thirds of an acre of level land that a dying man is willing to sell and Bishop Hans has agreed to buy for an auxiliary church, if the title is clear. This will enable the Church to cover the foreseeable possibilities in this great new industrial city.

When we visited the area in January there were many thousands of people employed in the preliminary stages of land clearing, levelling and construction. Except for the government erected housing for engineers and officials the remaining mobs of people were living in hastily built shanties and primitive huts. Temporary shops had been opened along the main road to care for the usual needs of people, shops that eventually will be demolished since they are on government land.

The living conditions are of the most primitive, with sanitation leaving much to be desired. It is hoped that when the city is further along public utilities will be generally available including water and sewage. But it must be kept in mind that millions of people in the great sub-continent of India live in rags and abject poverty, undernourished, illiterate, diseased, without hope. Only about 2% of the total population is Christian. Some of these Christians are tribals who have moved from other parts of the diocese of Chota Nagpur and Patna to work in Bokaro. This is a complete change for them - from living in small tribal villages and towns to the chaotic sprawl of this new industrial complex with its different way of life and set of standards and values. It is important that their church be there with them to help them adjust in a Christian manner to new demands of daily life and work in strange surroundings with neighbors of different languages and cultures.

Wherever we went in the Bokaro area we had to drive at a snail's pace since the roads were jammed with people, busses, trucks and activity of every sort. Here was the first earth-moving machinery we had seen in India; previously all earthmoving we had seen was being accomplished by hand - thousands of persons, men and women, with shovels and wheelbarrows, like the Egyptians are said to have built the pyramids!

Late in the afternoon we met in the government school in Residential Sector III of Bokaro Steel City - an hour late - with an ecumenical group of Christians (Roman Catholics, Lutherans, Anglicans, Church of South India, Mar Thoma, etc.). After laymen led the group in prayer, Bishop Hans of Chota Nagpur, Archdeacon Sadiq (brother of the Bishop of Nagpur) and I addressed the friendly group of Christians.

I have given this lengthy report on the Bokaro situation since West Missouri has made a major financial contribution towards meeting the great needs and opportunities there. I believe our investment is a wise one; the Archdeacon has promised regular reports to me on the progress made and the use of the remaining 73,885 rupees unspent to date. We in West Missouri should continue to pray for this noble undertaking in Bokaro; it may well develop into one of the most glorious projects in all of great India.

Deoghar

Deoghar: The Diocese of West Missouri's MRI project in 1966 was the completion of the partly built Deoghar School structure to serve Santal tribal children. We sent \$8,925 to meet the requirements of this project requested by the Church in the Diocese of Bhagalpur (the name of the Diocese was changed last year to the Diocese of Patna).

We were met at the Patna airport on Saturday, January 21st, at 10:45 a.m., by the new Bishop of Patna (the Rt. Rev. S. K. Patro) and a delegation of ten clergy and laity - a very impressive delegation, two of whom were prominent government officials, Churchmen. After a very full day in Patna and preaching in cold, bare feet (the clergy in India remove their shoes when entering the sanctuary; it was bitterly cold in Northern India in January, none of the buildings were heated, during that hour-and-a-half service I was on cold stone floors the entire time!) in Christ Church, Patna, on Sunday morning, I was taken with Mrs. Welles by the Bishop and Archdeacon in a Jeep over 239 miles of poor roads, through one of the worst drought areas in all India (the State of Bihar) to Deoghar. Like all other roads in India, one cannot average 25 miles an hour in a motor vehicle because the roads are congested with pedestrians, slow-moving carts drawn by oxen, bullocks or water buffaloes. The slow-moving animals serve many useful purposes in India besides drawing carts: some of them provide milk (water buffalo milk is highly prized), some are used for providing power for water wheels, threshing grain, drawing water from wells, mixing mortar, etc. Also congesting the roads are wandering sacred cows, monkeys, dogs, children - the list of impediments to movement on a main road are almost endless. One proceeds at a frustratingly slow pace, but in the process one does see the land, the people, the life of a nation. Thus our 2642 miles by auto in India permitted us to see things the tourist does not see. On this particular day we saw many thousands of men drawing water by hand from emergency-dug wells to irrigate the small parched areas being cultivated - most of the land was bare and desolate as a result of more than two years of severe drought. We stopped for half an hour at Nalanda to see the extensive brick remains of a 500 B.C. university that accommodated 10,000 students from far and near. At about 9:30 p.m., we finally arrived at St. Mary's Girls School, Deoghar.

What an arrival! Tired, dusty, hungry, we were astonished to behold a decorated gateway of welcome. We stepped into a ceremonially figured circle on the ground where amid burning incense we were sprinkled with water on our left shoulders and feet, our hands washed and dried, and our necks hung with garlands of beautiful and sweet-smelling flowers - then led through two lines of girls stretching 175 feet to the door of the school building - the girls holding lighted candles in the darkness - each few feet a girl would step out and garland us again - every forty feet or so we would be stopped while a group of girls would sing us a native song of welcome in different languages (tribal Santali, Hindi, English) - we were each given bouquets - at the end of the 175 feet of schoolgirls waited the faculty and staff - truly it was a scene out of this world, one that would have made Hollywood envious! This was tribute not to us but thanks to West Missouri. Then we were served a simple but delicious supper that conformed to my diet. And so late to bed.

On the next morning we breakfasted at eight and at 8:45 were shown the school and the building that West Missouri's gift had made possible - an attractive addition to the plant. We were ushered into the school hall where 435 persons were crammed to welcome us. The principal spoke her thanks; eight girls did a beautiful native dance followed by one solo; then the Bishop of Patna spoke and introduced us. We each spoke to the crowd after which we were presented with a piece of native cloth and I pronounced the benediction. We took photos and at 10 a.m., departed for a 140 mile drive in the Jeep for Hazaribagh ("place of 10,000 tigers") and the Diocese of Chota Nagpur where the Bishop of that Diocese awaited us.

Diocesan Re-evaluation Needed

As I said at the beginning of this address it appears to me that the diocese since the last annual convention has been consolidating the gains made in the previous year which included the highly successful Diocesan Advance Campaign, and has been much absorbed in the process of nominating and electing a Suffragan Bishop. Now, after months of preparation, we are on the verge of participating in his consecration next week. I believe we have come to a good time to re-evaluate all aspects of our diocesan program and budget, not only with respect to our internal diocesan life, but also in our outreach to the Diocese of Kansas, the national Church and the Church throughout the world.

The next sixteen months are packed with significant events that will assist us in reviewing our entire set of obligations and involvements. Next September the Episcopal Church holds its triennial General Convention in Seattle at which a number of pace-setting decisions will be made that will affect West Missouri. Not least of these will be the whole question of the Partnership Plan about which we shall hear

more tomorrow from Dean Hancock of Minneapolis. A strong deputation from our diocese, elected by you last year, will represent us in Seattle.

Next January the two Dioceses of Kansas and West Missouri will sponsor a Metropolitan Kansas City Conference which has been in the planning stages for a year under the able chairmanship of Mr. William W. Baker, Editor of the Kansas City Star, and with a most capable committee assisting him. We hope to learn from this experience how better to serve the needs of our largest metropolitan area.

A year from this summer the once-in-a-decade Lambeth Conference will bring together some 500 bishops from all parts of the worldwide Anglican Communion together with consultants and observers from the other major Christian Communions for a month of deliberations. Your two bishops will represent you there and will undoubtedly bring back ideas that will help us participate in the world mission of the Church more knowledgeably and effectively even as I believe the insights and experiences Mrs. Welles and I gained in our recent 66 days in Africa and Asia are contributing to that end.

However, inter-diocesan, national and world outreach must be firmly based in a vigorous, spiritually sound diocese composed of a growing number of healthy congregations. And it is here in our own diocese that the process of review and re-evaluation must begin. I am hopeful that our new Suffragan, coming to us with complete commitment and a fresh point of view, will be of great help as we undertake this important task.

In 1957 the Diocese of West Missouri, under the leadership of the Episcopal Church's Unit of Research, undertook a year-long diocesan survey. We were enthusiastic and with very few exceptions the congregations of the diocese cooperated wholeheartedly in the project. It was worthwhile, and we have benefitted from the 1957 survey, though I confess that the results have not been as helpful as I had hoped or expected.

We have had a steady expansion in the past ten years and I am convinced that we need a check-up and probably a general overhaul. There is a need to have the ultimate goals of the Church in West Missouri clearly defined for the benefits of the communicants of the diocese. When this definition is made sufficiently specific, I think the people of the diocese will not only be able to understand where the diocese is going, but will be able to have reasonable concrete objectives towards which they can work.

When the people of the diocese have this clearer understanding of the ultimate goals of the diocese, it should then be possible to examine thoroughly and intelligently the total program of the diocese in relation to those goals. After such a careful examination we ought to be able to reach some conclusions as to the best ways in which to organize the business of the diocese and re-deploy our resources in such a way as to achieve the goals towards which we are aiming.

There are several ways of going about this: a diocesan committee of evaluation elected by the Convention or Council or appointed by the Bishop; involvement in the Episcopal Church's national Pilot Diocese Program; the Metro-Kansas City Conference with our own diocesan follow-up in planning; arranging for a second edition of the 1957-type study; and other methods.

I very much wish that as I stand here before you tonight I could confidently recommend one particular method of evaluating the program of our diocese. Further evaluation is needed of the methods of evaluation themselves! I hope this convention will authorize the Bishop and Council to undertake such a study and re-evaluation of all aspects of our diocesan life and program when it becomes clear how best to proceed.

In conclusion I'd like to say that it is a privilege to be in my 18th year of service as your bishop; each year gets better and more joyous - and I pray God's blessing on us all as we grow in our relationship to Him and to each other and to all His other children the world over.

REPORTS

REPORT OF THE STANDING COMMITTEE

During the year 1966 the Standing Committee held meetings and took actions as set forth below. Inconclusive discussions or purely procedural matters are not reported.

February 15, 1966 Permission was given to Christ Church, Springfield, for authorization to make loans in the total of \$82,756 for the acquisition of additional property. Request by Trinity Church, Independence for authorization to borrow \$4,700 was approved. Consent to the election of a Suffragan Bishop for the Diocese of Tennessee was given.

April 19, 1966 Consent was given to the Diocese of Virginia for the election of a Bishop Coadjutor. Consent was given to the Diocese of Dallas for the election of a second Suffragan Bishop. Consent was given to the Diocese of Long Island for the election of the Right Rev. Jonathan Goodhue Sherman as Bishop of the Diocese of Long Island. The applications of H. Ben McCoy and Delbert Laurence Davis as candidates for Holy Orders under Canon 27 were approved. The application of Carl Ambrose Ling for ordination to the Diaconate was approved.

May 2, 1966 The re-constituted Standing Committee was convened and officers elected as follows: The Rev. Canon C. E. B. Nobes, President; The Rev. Canon Arleigh W. Lassiter, Vice President; and Mr. Philip S. Lyon, Secretary.

June 21, 1966 The application of David K. Fly for ordination to the priesthood was approved. The application of Donald H. Moses for recommendation to Holy Orders under Canon 27 was approved. Consent was given to the Diocese of Northern California for the election of a Suffragan Bishop. Consent was given to the Diocese of Tennessee for the election of the Rev. William Frederick Gates, Jr., as Suffragan Bishop. The secretary was granted authority to communicate the names of the Standing Committees and Bishops giving the Canonical Consents for the election of a Suffragan Bishop for the Diocese of West Missouri to the Most Rev. John E. Hines, Presiding Bishop. The request of St. George's Church, Kansas City, to sell a residence at 5730 Woodland Avenue was approved.

August 29, 1966 The application of Gary Edward Young for recommendation to Holy Orders under Canon 27 was

approved. Consent was given to the Diocese of Harrisburg for the election of the Venerable Dean Theodore Stevenson as Bishop of the Diocese. Consent was given to the Diocese of Ohio for the election of the Rev. John Harris Burt as Bishop Coadjutor. Consent was given to the Diocese of Virginia for the election of the Rev. Robert Bruce Hall as Bishop Coadjutor. Consent was given to the Diocese of Dallas for the election of the Rev. William Paul Barnds as Suffragan Bishop.

October 21, 1966 Permission was given to Christ Church, Boonville, to borrow \$3,000 on their property. Consent was given to Christ Church, St. Joseph, for the sale of their old rectory at 710 North 25th Street, St. Joseph. Consent was given to the Diocese of Easton to the election of the Very Rev. George Alfred Taylor as Bishop of the Diocese. The application of David E. Parker for ordination to the Diaconate under Canon 34 was retroactively approved, a request to shorten the time of his Diaconate to six months was also approved and certification of his application under Canon 35 for ordination to the Priesthood was authorized.

November 16, 1966 Approval was given to the application of Mr. Richard McHenry, a former Presbyterian minister, to become an Episcopal priest under the provisions of Canon 36. Consent was given to the election of the Right Rev. C. Kilmer Meyers, Suffragan Bishop of Michigan to be Bishop of the Diocese of California.

December 8, 1966 Consent was given to the election of a Suffragan Bishop of the Diocese of North Carolina. Consent was given to the election of the Right Rev. Benito Cabanban Cabanban as Bishop Coadjutor of the Missionary District of the Philippines. Consent was given to the election of the Venerable Richard Beamon Martin to be Suffragan Bishop of the Diocese of Long Island. The application of St. John's Church, Neosho, to encumber their property for a commercial loan of \$700 was approved.

Respectfully submitted,
Philip S. Lyon, Secretary

REPORT OF THE REGISTRAR

This was the Year of Conventions for the Diocese of West Missouri.

Early in the year, 17-18 January, the Diocese met regarding the proposed Diocesan Advance Campaign. It was voted that the campaign would be held, and items of priority were assigned.

In the Spring, 1-2 May, the Annual Convention was held in St. Paul's Church, Kansas City. In addition to its regular business, it was voted that a Special Convention should be held with the purpose of electing a Suffragan Bishop.

In the Fall, 16-17 November, the Convention convened at Grace and Holy Trinity Cathedral, Kansas City, and The Reverend Robert Rae Spears, Jr., Rector of Trinity Parish, Princeton, New Jersey, was elected and accepted.

A history of the Diocese was published by Catharine B. Welles.

Wm. H. Magill, Registrar

ARMED FORCES COMMITTEE

Armed Forces Prayer Books have been made available to all Diocesan clergy through the Diocesan Office. A new edition of the Armed Forces Prayer Book will become available in the Spring of 1967 and will include a Hymnal.

All Parish clergy have been urged to maintain a close pastoral relationship with members of their congregations who are in the armed forces. These persons should be kept on the parish mailing list.

The Reverend Roy Black, U. S. Navy, who is the only clergyman serving the armed forces from this Diocese, was promoted to the rank of Lieutenant Commander and is stationed at the Marine Barracks, Washington, D. C.

Wm. H. Magill, Chairman

DEPARTMENT OF STEWARDSHIP

EVANGELISM: The Department prepared and distributed in Epiphany and Lent, 1966, a manual, "Evangelism, the Cornerstone of Stewardship". It was meant to bring to our attention the fact that we have an obligation to tell about the Gospel and to live it - to be evangelists.

Distributed: 200 Manuals "Evangelism, the Cornerstone"
4000 Lenten Pledge "Attendance" cards.
4000 "Each One Bring One" cards.

STEWARDSHIP: In this major area of our effort, we:

Revised one of our 1965 pamphlets;
Produced four new pamphlets for 1966;
Revised the "Stewardship Manual";
Distributed: Sample packets of materials to clergy with
advisories concerning Audio-Visual and
printed aids.
250 Stewardship Manuals.
37,500 pamphlets from our "line" of eight.

Arranged for and conducted three regional Stewardship sessions with Mr. Duncan Burn of Jacksonville, Florida.
Conducted Training Sessions for Canvassers in several congregations.
Spoke to several congregational gatherings on Stewardship and/or Canvass.
Consulted with several priests relative to Canvass and/or Stewardship.
Issued numerous advisories to Wardens and Clergy on aspects of Stewardship.
We also distributed about 4000 pledge cards to various congregations.
We maintained a small library of filmstrips for use.

CLERGY CONFERENCE:

A presentation was prepared for the Diocesan Clergy Conference using material on the new (and third) M. R. I study guide, under the title of "Giving and Receiving" to be published by the National Church early in 1967. When unfortunately, the conference was cancelled, this material was "tried" on several smaller groups, and the reactions obtained were relayed to the editors of this M. R. I. series in the New York City office.

The Chairman, as Acting Executive Secretary attended numerous meetings, training sessions, etc., held on regional or national levels.

He also consulted with other Directors/Secretaries on Stewardship in an effort to improve the program being developed in this Diocese.

We feel that our services were well received. However, we should like to renew the offer to train at the congregational level and we hope our services will be called upon for this more frequently in the Fall, 1967.

Plans are under way for new pamphlets and other aids for use in the Diocese.

S/(Rev.) Donald E. Becker, Chairman
Acting Executive Secretary

ANNUAL REPORT OF THE PRESIDENT OF EPISCOPAL CHURCHWOMEN OF THE DIOCESE OF WEST MISSOURI FOR 1966

The year 1966 marked the beginning of a new role for Episcopal Churchwomen in the Diocese of West Missouri. Throughout the Diocese, women are shouldering their share of the responsibility of God's work here by serving on vestries and acting as delegates to the Diocesan Conventions. A re-evaluation of our place in the Church was begun at the Spring meeting in May and will continue throughout the coming years. It is hoped this evaluation will help achieve complete cooperation and effective action.

The Women of this Diocese have responded in an enthusiastic and generous manner to the demands of M. R. I. Renewed interest in Overseas Missions and continued participation in projects at home resulted in sending over seventy-five per cent of our funds outside the Diocese for the furthering of God's Kingdom.

As your president, I presided over all meetings of Episcopal Churchwomen of the Diocese of West Missouri and their executive board meetings. I attended the Diocesan Council meetings as your representative, and served as a member of the Department of Promotion. I served on the nominating committee for the Suffragan Bishop, the Committee for the selection of a location for the Home for the Chronically Ill, and as a member of the Executive Board of the Women of the Seventh Province. In 1966, I presided on ten separate occasions, attended forty-one committee meetings and it was my pleasure to speak nine times to parish and mission groups throughout the Diocese.

The Accomplishments of the Diocesan Chairmen are too numerous to list here. All committees have functioned in a vigorous and enthusiastic manner and the results have been far-reaching and gratifying to everyone involved- Women of every parish and mission in the Diocese have responded to their obligations according to the highest standards of Churchmanship. Their achievements reflect a deep religious conviction and love for our lord. We prayerfully hope that these actions will be acceptable to Him, and under the leadership of the new president, Dorothy Davidson, we shall press forward to ever higher and deeper goals.

Respectfully, submitted,
Mrs. Richard S. Brigham
President

REPORT OF
THE CHRISTIAN SOCIAL RELATIONS OFFICER

The Christian Social Relations officer has largely confined his activities to participation in two community organizations closely related to the Diocese's concerns. He has been active on the Board of Directors of the Greater Kansas City Council on Religion and Race, and has served as a co-opted member of its executive committee. This Council has sponsored and supported conferences and related activities in the promotion of racial justice and interracial understanding in the fields of housing, education, and police-community relations. The Council on Religion and Race has also undertaken the sponsorship of Project Equality for the Kansas City area to encourage fair employment practices; the relationship of our Diocese to this aspect of the Council's work will be decided by the 1967 Convention.

Largely due to the efforts of the previous Christian Social Relations chairman, Mrs. Harry Keith, the Regional Health and Welfare Council is sponsoring a conference on aging on June 6, 1967. The Christian Social Relations officer has been deeply involved in the planning of this conference and has organized the workshop which will deal with the role of the Church in the community's ministry to the aging.

S/Edward R. Sims,
Christian Social Relations Officer

REPORT OF
THE DIOCESAN LITURGICAL COMMISSION

The Diocesan Liturgical Commission has been engaged in completing the study on the use of The Calendar and Collects, Epistles, and Gospels for Minor Feasts and Special Occasions.

Material has been collected relating to Christian burial practices, with the hope of preparing a booklet which might be of use to the people of our diocese in the planning for Christian burial. We have in mind the arrangements a person should make when death is not imminent and the appropriate arrangements to make when death occurs, including the disposition of the body.

S/William E. Lusk, Chairman

REPORT OF
THE CLIFF SPRINGS CAMPING CENTER

The use and development of Cliff Springs continues, and this summer it will accommodate its third summer of a full round of activities. These activities will include: Two Senior High Work Camps, two weeks of Clergy Family Camping, and two Rustic Camping Programs.

The Diocese purchased an additional 18 acres of extremely desirable property which is cleared, level, and adjacent to our present property, bringing our total acreage to about 235 acres.

The Committee continues to pursue its task of developing the property so that it may better accommodate the various programs. In line with this, plans are underway for some timber harvest, better planned timber management, and using some of the native oak for lumber to build additional tent-platforms. Also, an additional 1800 trees were set out this spring - 1200 pines and 600 Silver Maples.

Additional equipment was purchased for the camping program, including a 23 cubic foot upright freezer for the kitchen, which was made possible by a \$400.00 gift to Cliff Springs from the Women of the Diocese.

The rustic beauty of Cliff Springs continues to be its chief asset, along with the modest improvements required for the types of camping programs held there. The value of this property to the Diocese can only increase. Thus, it is only with growing optimism that we look forward to the continued use and growth of our Diocesan Camping Center.

The new telephone number, which can now be dialed direct, is (417) 286 - 3375.

Respectfully submitted,
S/James F. Moon, Chairman

REPORT OF
THE DEPARTMENT OF CHRISTIAN EDUCATION

The Department of Christian Education is organized into four divisions: Camps and Conferences; Adult; Youth; and Library. In addition, there is a Christian Educators Project, and a Christmas Box Chairman. The Chairmen of the divisions, together with the Christian Education Officer, form the Executive Board of the Department. This Board establishes budget, makes Department decisions, and helps to coordinate programs.

The Division of Camps and Conferences held seven programs last summer: Senior High Conference; Junior High Conference; two Senior Work Camps; two Rustic Camps (for 5th, 6th, and 7th graders); and a modest but successful Clergy Camping period. The Conferences were held at Camp Marvin Hilliard near St. Joseph. The Camping programs were held at Cliff Springs, the Diocesan Camping Center near Lebanon. During the summer of 1967, the same programs will be held, with the addition of a family camping program at Pomme de Terre lake. Also, the Conferences will be held on Lake of the Ozarks in State Park Camp Pa-he-tsi, near Kaiser, Mo.

The Adult Division, through its chairman, helped to stimulate the Operation Oasis, an on-going clergy education program in the southern part of the Diocese.

The Youth Division held two successful Youth Rallies. In addition, it held an extremely successful Mid-Winter Conference on the Lake of the Ozarks for Senior High students. Plans are already underway for another of these to be held in December of 1967.

The Library Division is now in process of preparing a catalog of books and audio visual aids available through the Diocesan Library. In the late winter of 1966-67 it accomplished the extremely difficult task of re-cataloging all of its materials. During the coming year, it plans to secure complete sets of the Seabury Church School material, as well as that of the Fellowship Series.

The Christian Educators Project is a long-range program designed to aid teacher education as well as teacher training. It anticipates that the first of its series will be held in the Spring of 1968.

A Workshop for Youth Leaders was successfully held in February of 1967. A Resources for Youth Work seminar is planned for the Fall of 1967.

The Christmas Box Chairman reports that this year 22 missions and parishes participated in the project, sending 1157 gifts and \$527.22 for purchasing gifts.

The present quality and breadth of programming has been developed largely as a result of having had for the previous six years a full-time Executive Secretary for the Department. This Spring will mark the completion of the first full year without the Executive Secretary. The vast array of program undertaken this year has been accomplished only through the extraordinary time, energy, and devotion given by the Divisional and Committee Chairman, the Department's part-time secretary,

Sally Duncan, and the Christian Education Officer. Whether the same high level of work can be maintained over the long haul without a full-time Executive Secretary remains yet to be seen.

Respectfully submitted,
S/James F. Moon
Christian Education Officer

REPORT OF THE PROPERTY DEPARTMENT

The following matters were handled by the Property Department in the period between March, 1966 and April, 1967.

1. Church of the Ascension, Springfield - Completed construction and made other final arrangements for the vicarage. The basement was built to accommodate services being held in it until a church building can be accomplished.
2. St. Augustine's Church, Kansas City - Assisted the parish with problems of foundation settlement.
3. Bishop Welles' residence - Testimony was given at a series of public hearings opposing the widening of Santa Fe Road between State Line Road and Wornall. The project was approved by the City despite our objections. The project will be completed this construction season.
4. Boy Scout Camp, Osceola - Arranged for the construction of a new chapel.
5. Christ Church, Boonville - Approval was given for furnace and foundation work.
6. Epiphany, Grandview - Studied possibilities of expanding their facilities to alleviate overcrowding. Recommended purchase of a new vicarage and conversion of present vicarage to a church school building. Action delayed pending outcome of other studies now being made.
7. St. George's, Camdenton - Investigated possibility of acquiring residence adjacent to church. No action taken.
8. Independence - Assisted in the purchase of two tracts of land totaling ten (10) acres, part of which is to be developed as a future mission of Trinity Church.
9. St. Nicholas', Noel - Completed construction and made other final arrangements for this new plant.
10. St. Paul's, Clinton - Assisted in the purchase of a house at 315 South Third Street which was adapted for use as the new church plant.

11. St. Stevens', Monett - Approved purchase of lot adjacent to church property.
12. Trinity Church, Marshall - Approved an arrangement for painting the vicarage.
13. St. Thomas Center, Kansas City - The upstairs apartment was refurbished and leased to an individual.
14. 430 East 55th Street, Kansas City - A sizable list of repairs and redecorating was accomplished.
15. 841 Westover Road, Kansas City - Assisted in the acquisition of this residence for the Spears family.

Properties Department Officer

REPORT OF THE ECUMENICAL OFFICER

I do not believe in ecumenism. Ecumenical activity is not an end in itself, but a way of looking at life. So I have seen my task as an initiator, convener, co-ordinator, stimulator, wave-maker, multiplier, synergist, in the area of ecumenical development. We do not have a separate ecumenical commission anymore, because we want the ecumenical dimension to be part of the total Church's life and not separate, and so I relate my activity to that of others working on specific tasks.

This report does not include the extensive ecumenical leadership provided by Bishop Welles in Kansas City, Missouri, and the nation during the past year. His leadership has made much of our progress possible, and it is hoped that the activities listed below have in turn been supportive to his efforts.

At the top of my activity has been participation in developing a new Metropolitan Inter-Church Agency (MICA) in Kansas City, based on denominational - rather than congregational - participation, for the purpose of planning, coordinating, and communicating church involvement with metropolitan issues, problems, and cooperative ministries. This has meant weekly meetings as a member of the executive committee of the planning group, and almost daily phone calls and letters. Many of the activities listed below have sprung from this involvement. I am listing these activities in general categories:

Talks, addresses, panels - In the past year I have met with area ministers at luncheons held in North Kansas City, the Country Club district, Southeast Kansas City, and Kansas City,

Kansas, to interpret MICA and get reactions. Speeches to state and local meetings of denominational groups, to a national meeting of Methodist urban executives on the same subject. Speech to Long Range Planning Consultation of Missouri Council of Churches, and chairman of panel for this state-wide meeting. Talks to Roman Catholics, Nazarene, Disciples, Methodist, and Episcopal parish groups on ecumenicity.

Events - A five-session seminary on COCU was held at St. George's, jointly sponsored by the Diocese and the Ecumenical Library, with 80 attending. Four clergy attended the Faith and Order state consultation held in December. A number of Episcopalians took part in a community wide Living Room Dialog dinner last spring, and in the Week of Prayer for Christian Unity. The Roman Catholic-Anglican Dialog Group continues to meet monthly. A COCU Pulpit Exchange was conducted on April 23. Plans are being made for a second Roman Catholic, Anglican Clergy Day, June 5. Arrangements were made for the Rev. Lawrence Guillot, Roman Catholic ecumenical specialist, to attend the Episcopal College of Preachers.

Consultations and conferences, etc. - Many hours and days have been spent in phone calls, meetings, and person-to-person discussion of planning for ecumenical college work, urban ministries, St. Mark's Church, TEAM (Training for ecumenical action in mission), Diocesan Advance Campaign, arrangements for ecumenical involvement in the consecration of Bishop Spears, Presbyterian-Episcopal Joint Ministry in Grandview, Kansas City Ecumenical Library, meetings with seminarians and national officials of Nazarene Church, foundations and City Mission Society executives in Chicago and New York, leaders of the Columbia, Maryland "New City" project, planning for new "regional ministry" in St. Joseph, Missouri, development of MICA concept in Cincinnati, Ohio, visits of Ecumenical officers from Missouri and Oklahoma to Kansas City, appearing on two television programs, relating to Metro-Kansas City and Pilot Diocese discussions.

I serve on the advisory field committee for our national ecumenical office, and assisted in arrangements for the second national conference of ecumenical chairmen in New York City, April 26-28. At this meeting I was chairman of the section on Roman Catholic-Anglican relations, and Fr. Guillot from Kansas City served as guest consultant on this subject.

Resource material on living Room Dialogs, Vatican II, and parish ecumenical planning have been distributed to the clergy of the diocese, and consultations have been held with a number of these men. In almost every parish and community some ecumenical activity is developing (and I think we are beginning

to consider the ecumenical aspect and dimension in virtually every area of parish and diocesan planning.

Respectfully submitted,
S/The Rev. Elton O. Smith, Jr.,
Ecumenical Officer

REPORT OF THE DEPARTMENTAL OFFICE

As in 1965 the year showed a steady increase in the volume of work produced by the office.

Work was performed for every major department in the Diocese. In addition we assumed the responsibility for collecting, banking, and reporting to Mr. Ned Washburn the receipts, disbursements and status of the Diocesan Advance Campaign money.

Due to Mrs. Bolles resigning as our bookkeeper an accounting concern was hired to perform this task but due to the considerable increase in cost, your manager assumed the responsibility of making the write-ups in the Cash Journal and the Accounts Receivable Journal beginning in December of 1966. Beginning in April of 1967 the same task will be assumed for the Expansion/DAC Account Journal. This should further reduce the overall cost of our bookkeeping service.

During the latter part of 1966 it became evident that the office had completely outgrown the quarters occupied. After negotiations, arrangements were made with the Cathedral to move into larger quarters. This gave us sufficient room for three desks, three filing cabinets and a work room with sufficient space for all printing equipment, mail sorting and dispatching plus storage of material. With the additional space it now is possible for us to purchase paper stock and other expendable materials in larger quantities resulting in a reduction of the cost of these items.

Due to our using our own printing equipment we have reduced the rental to the Cathedral by 50%, from \$10.00 to \$5.00 per month.

The telephone bill for the office, which has been shared by the Department of Christian Education, averaged \$26.84 per month or \$295.32 for the year.

Postage averaged \$55.74 per month or \$668.89 for the year. Since the office has done the vast majority of the mailing for all departments this has resulted in a reduction in their expenditures for this item and by consolidating material from several

departments in one five cent envelope has made a substantial reduction in this cost to the Diocese.

During the year 1965, the first full year of operation, we wrote 1522 checks or an average of 126 per month. During the year 1966 we wrote 1866 checks or an average of 156 checks per month.

In 1965 we used 83 reams of paper (41,500 sheets). During 1966 we used 136 reams or 68,000 sheets of paper. This is a good indication of the increase in the volume of work being performed.

During 1967, with the advent of the Suffragan Bishop, we expect another increase in the overall work load being performed by this office.

Respectfully submitted,
S/G. E. Nash, Manager

REPORT OF THE DEPARTMENT OF INSURANCE

The area which the Department of Insurance feels needs most attention is in health care coverage for the clergy and full time lay employees of our parishes. Many still have little coverage at all and what there is lacks standardization.

We urgently call upon the Vestries to recognize this need by paying all or a substantial part of the cost of coverage and to make every effort to join in the standard program now well established in our Diocese.

Otherwise our Department has continued to up-date our Church insurance comprehensive broad form fire coverage on property owned. Values insured now exceed \$1,400,000.00. Other coverage carried is a Diocesan Blanket Fidelity Bond and Workmen's Compensation insurance. We do not insure our Public Liability for general accidental bodily injury or property damage because of legal opinion that we are immune under Missouri Law.

Respectfully submitted,
S/H. A. Sloan, Insurance Officer

REPORT OF THE DEPARTMENT OF PROMOTION

The Department of Promotion prepared a schedule of thirty-three publications, covering every area in the Diocese where a church is located, for the release of those news items

of interest to Episcopalians living in West Missouri. With the help of the local clergy in these areas we are successfully interesting more papers in printing our releases.

We mailed promotion on the Special Convention held last fall; the Annual Diocesan Convention this spring; sent news releases on several occasions and are presently making detailed plans for the promotion of the consecration on a local and national level.

The seven individuals working on this committee are dedicated, competent, and eager to promote the Episcopal Church in our area.

Respectfully submitted,
S/Mrs. Richard S. Brigham,
Promotion Officer

REPORT OF THE DEPARTMENT OF MISSIONS AND CHURCH EXTENSION

One of the joys in reporting accomplishments this past year is the Diocesan Council's approval of the request made by the Department of Missions and Church Extension, to increase clergy stipends commensurate with increased costs of living. Merit increase is still in effect.

Our youngest mission congregation, The Church of the Ascension, is underway in southwest Springfield. The Rev. Charles B. Doan, priest in charge, is holding meetings in the newly completed vicarage. Initial beginnings are very encouraging.

Expanding activities at Epiphany, Grandview, under the leadership of the Rev. Edward R. Sims, Vicar of the Team Ministry, have made it necessary to call a full time priest. The Rev. James H. Viggers, formerly of Trinity Church, Lebanon, is now the vicar at Epiphany.

A very desirable tract of land has been purchased in Southeast Independence. This tract is located in a rapidly developing residential area, well situated for a new mission.

The Department has recommended to the Bishop that a new appraisal be made of the entire mission field. A complete study in depth, of our existing missions will be necessary for effective future planning. We are hopeful that this can be implemented in the fall of 1967.

Respectfully submitted,
S/Gill Miller,
Department of Missions and
Church Extension Officer

REPORT OF THE URBAN AFFAIRS OFFICER/DEPARTMENT

The following report is a summary of activities of the Urban Affairs Officer/Department during the last 12 months.

The major investment of the time on the part of this officer/department has been in the interest of preparing and planning the Metro-Kansas City Conference to be held at Excelsior Springs, Missouri, January 12th and 13th. This is a joint effort of the Diocese of West Missouri and the Diocese of Kansas and will involve approximately 240 laymen and clergy from all of the congregations in the Episcopal Church in the Kansas City metropolitan area. The theme of the conference will be The Changing Metropolis and the Changing Church. The purpose of the Metro-Kansas City Conference is to explore in depth the problems and opportunities presented by the greater metropolitan Kansas City area which require the church to change, in order to be faithful to its job. Immediate responsibility for the planning and conduct of the conference is in the hands of a 12 man bi-diocesan committee chaired by Mr. Bill Baker of the Diocese of Kansas.

St. Mark's Ecumenical Parish

Two years ago when the Diocese was dealing with the controversial subject of community organization, interest was expressed in the development of some type of evangelical outreach in the inner city area. In response to this the Diocese of West Missouri entered into conversations with the Roman Catholic Diocese of Kansas City/St. Joseph, the United Presbyterian Church, and the United Church of Christ. The results of these conversations was the development of a plan for an ecumenical parish in the inner city.

The Reverend Allen R. Hingston has represented the Diocese in the conversations preparatory to the establishment of St. Mark's ecumenical Parish. These conversations have now progressed to the point where bylaws and articles of agreement have been prepared and the Diocesan Council has accepted these subject to the approval of the Bishop, the Chancellor, and the other participating denominations.

A successful beginning of the building program was guaranteed when the women's United Thank Offering made a grant of \$25,000.00 toward the building program. The ground breaking for the new building to be located at 11th and Euclid is scheduled for later this fall.

The 1967 Diocesan Budget contains provisions for an Episcopal priest to join the staff of St. Mark's ecumenical parish commencing October 1. The 1968 diocesan budget, which you are considering at this convention, contains the full salary and stipend for this staff member. Appointment to this position has not as yet been made.

Community Organization Council for United Action

The Community Organization, for which the diocese has provided supporting funds through the Citizens Participation Project, held its first annual convention on November 4, 1966. At that convention a constitution and series of general policy statements were adopted.

In February, Mr. Squire Lance, the original organizing representative of the Industrial Areas Foundation was replaced by Mr. Mike Miller who is at present resident organizer.

The work of organization is continuing in a satisfactory manner. However, it is proving to be a much more slow and painstaking process than either proponents or opponents of the project had at first anticipated.

The activities in which the Council for United Action have been involved have been fully reported in the news media in the Kansas City area. Typical projects have been as follows.

The drive for improved consumer relations in the inner city has been continued. This was a successful project last spring and is proving to have positive results again this year.

A voter registration drive held in the area in July, 1966 had mixed results.

Wide publicity was given negotiations with the Police Department over instances of alleged police brutality. A great deal of heated controversy erupted over this issue in May and June.

Last summer the C. U. A. submitted a program proposal to the Human Resources Corporation (War on Poverty Board in Kansas City) for a summer project involving approximately 10,000 youth and young adults. The H. R. C. Board rejected the proposal because the Industrial Areas Foundation was associated with the Council for United Action. It is regrettable that this project which would have involved 10,000 young people in the city was rejected because of prejudice against Industrial Areas Foundation.

Council for United Action has been regularly represented at the meetings of the School Board of Kansas City and has spoken through its representatives regarding the issues before the School Board. C. U. A. is especially concerned to improve the quality of integrated education in Kansas City.

Representatives for the Council for the United Action have made appearances in Jefferson City before committees of the State Legislature in the interest of the ADC-U Bill (House bill 153) as well as House bill 326. Many other groups in the Inner City area participated in similar responsible lobbying actions on behalf of these bills.

The job employment committee of C.U.A. is launching a city wide opportunity drive to create job openings for Negroes.

C. U. A. has sponsored a school in leadership development. They also sponsored a choir festival featuring the choirs of the inner city churches.

These are examples of the type of responsible action in which C. U. A. has been involved during the past 12 months.

This year (1967) will mark the end of our direct financial participation in the Citizens Participation Project. The 1968 budget asking before this convention contains no further grant for Citizens participation to C. U. A. This is consistent with our original commitment of a three year grant.

The Urban Affairs Officer/Department has also participated in the recent debate over the future of the Metropolitan Junior College in Kansas City and the Officer serves as acting Chairman of the Committee Concerned for Comprehensive Junior College.

The Urban Affairs Officer has also been involved in conversations with the National Executive Council of the Episcopal Church concerning the National Pilot Diocese Program. He has also been in contact with other groups and individuals to explore methods of long-range planning and program evaluation.

At the time the Urban Affairs Department was created it was determined that during the first 3 years it would concern itself with the Kansas City metropolitan area. The department will be three years old in December 1968.

Respectfully submitted,
John H. Lembecke, Jr.,
Urban Affairs Officer

Report of the Diocesan Council

(A Summary of Business Transacted in 1966)

January: Mr. Leonard Streit, manager of the Diocesan Advance Campaign was present at the meeting to offer guidance and suggestions as the matter of allocation of expected funds was discussed. Allocations decided upon were:

Facility for the Chronically Ill	\$150,000
Land Purchase for Diocesan Expansion	100,000
College Work	85,000
Mutual Responsibility and Interdependence	42,500
Kansas City Ecumenical Library	12,500
Campaign Budget	35,000
	<u>\$425,000</u>

The Treasurer reported that Mission Quota payments for 1965 were \$11,000 delinquent but that some additional payments were promised. Approval was given for repairs on the house on East 55th Street in Kansas City, and also for building plans for St. Nicholas' Church in Noel. The Christian Education Department reported plans for an institute on the new theology for clergy and laity. Christian Social Relations spoke of plans for programs on "Fair Housing" in the Kansas City area.

It was reported that Mr. Saul Alinsky had arrived to begin work in the "community organization" in Kansas City. The Ecumenical Commission announced plans for observance of the Week of Prayer for Christian Unity and of the progress in the Consultation on Church Union.

Bishop Welles announced that the Special Convention in connection with the Diocesan Advance Campaign would be held at the Cathedral on February 17, with outside speakers to be the Rt. Rev. Leland Stark of Newark and Mr. Everett Pope of the Diocese of Massachusetts. The Council gave approval to the General Church Program's asking from West Missouri of \$74,146.

February: It was decided to add the word, "Aging," to the title of the first allocation of funds from the Diocesan Advance Campaign, so as to read as follows: "Facilities for the Aging Chronically Ill". The Treasurer announced a meeting on March 2, to revise the 1966 Budgets and to receive askings for the 1967 Budgets.

Approved by Council were plans for a special Whitsunday offering to support the Diocese of Bhaagalpur, India, as this dio-

cese's M.R.I. project for 1966, with a goal of \$9,000. Approval was given to allow Grace Church, Chillicothe, to borrow money for furnace repair and also to allow a change in heating system plans for new St. Nicholas', Noel. Christian Social Relations chairman announced plans to ask for a full-time worker to coordinate the work of the Department.

Plans for an Easter advertisement in "The Kansas City Star" for metropolitan Kansas City area churches were approved. Minor repairs at the Cliff Springs Conference Center were approved. The Ecumenical Commission reported on meetings of various Kansas City area church leaders, including Roman Catholic, to plan a new type of inter church agency possibly to replace the Council of Churches.

March: Proposed budgets for 1967 were approved for presentation to the Diocesan Convention in May. May 13 and 14 were the dates set for a special two-day planning session of the Diocesan Council, following immediately after Convention. Permission was voted for Christ Church, Boonville, to make repairs in the amount of \$4,300. A change order for the heating plant at St. Nicholas', Noel, was approved.

Christian Education Department announced that it would not ask for an Executive Secretary for 1967. The Department of Stewardship announced that it had given up plans for a full time Executive Secretary. Under the Department of Urban Affairs, there was some discussion of the "Wayne Miner" project. The Diocesan Advance Campaign Chairman obtained the Council's approval of expenses to date and of the estimated budget for the rest of the Campaign.

April: The Rev. Edward R. Sims was elected diocesan representative to the Religion and Race Council. Bishop Welles announced that the first report on the Diocesan Advance Campaign totaled \$262,000 pledged. Upon motion by the Treasurer a series of resolutions were passed to enable the consolidation and clarification of several different amounts. The Council noted the resignation of Mrs. Elizabeth Bolles, bookkeeper in the Departmental Office and voted a resolution of thanks to her. The Bishop announced that the Rev. Stanley Allen Watson of St. John's Church, Shenandoah, Iowa, would be the new Vicar of Boonville, and Fayette. The Urban Affairs Department gave reports on the Industrial Areas Foundation and the new Citizens Community Organization. It was found that chain stores were charging an average of 10% more in ghetto areas than outside for the same items, and that scales and meat standards were questionable. Approval was given for plans for a suitable Episcopal Chapel at Camp Osceola for Boy Scouts.

Bishop Welles presented the Rev. David C. Patrick with a book as a gift on his fifteenth anniversary in the Diocese of West Missouri. The Bishop also presented the Rev. Canon Harold B. Whitehead, Secretary of the Diocese, with a purse for use in purchasing a vestment case. Canon Whitehead announced that he would not run for re-election as Secretary.

The Rev. Edward R. Sims presented two resolutions which were adopted by the Council, one commending Canon Whitehead for his outstanding work as Diocesan Secretary for sixteen years and another expressing gratitude to Bishop Welles on the sixteenth anniversary of his Consecration as Fourth Bishop of West Missouri.

May: The Council voted to ask Bishop Welles to appoint chairmen to head up the various Departments. General consensus was that the following be included: Missions and Church Extension; Finance; World Mission and M.R.I. Projects; Properties; Stewardship; Christian Education and Youth; Christian Social Relations; College Work; Insurance; Urban Affairs; Ecumenical Relations; Religion and Race; and Communications.

The Bishop appointed a committee on Diocesan Advance Campaign spending priorities upon motion by the Council, to report to the June meeting. The Campaign Chairman reported that pledges now totalled \$605,474 and that \$10,000 in payments had already been received. Three resolutions of thanks were passed: (1) to St. Luke's Hospital for providing free office space during four months of the Advance Campaign; (2) to the Rev. Samuel S. Johnston, for suggesting the hiring of the firm of Ward, Dreshman and Reinhardt to conduct the Campaign; and (3) to Mr. Edward S. Washburn for outstanding service done as chairman of the Campaign.

On the second day of the meeting, Bishop Welles welcomed the Canons to the Ordinary who had been invited to the meeting to join in informal discussion of the Bishop's appointment of the Nominating Committee for a Suffragan Bishop. General discussion was held on this topic.

There was general discussion of ideas for developing cooperative ecumenical endeavors among churches in the Consultation on Church Union. The Rev. Edward R. Sims was elected Vice-President of the Diocesan Council. Preliminary plans for the development of a new mission in southeast Independence, Missouri, were discussed and approved. As the plans develop further, they will be worked out jointly between the Council and the Vestry of Trinity parish in Independence.

Bishop Welles asked for and obtained the Council's approval of his appointments as Department heads. The Rev. John

H. Lembcke, Jr., presented a paper on a proposed Meta-Bagdad Type Conference for the Kansas City Metropolitan Area which was approved by the Council membership. Plans were approved and \$30,000 in Diocesan Advance Campaign funds were earmarked for an ecumenical student center at Southwest Missouri State College in Springfield. Plans for future development at Missouri Southern College in Joplin, were announced.

Plans were approved for purchase of a house in Clinton, which would be used for priest's living quarters and for a chapel for St. Paul's Church there. Cost of the house would be \$15,000 of which the Expansion Fund would supply part and the rest be underwritten by a commercial loan. Approval was given also for purchase of a house next to the Ecumenical Library in Kansas City, to be used as an ecumenical student center. The amount of \$55,000 was voted for that purpose.

Mrs. Marian Keith, outgoing chairman of Christian Social Relations spoke on the dangers of extremism from the far right and from the far left and of the desire of the Executive Council in New York to use West Missouri as a pilot project in C. S. R. The Ecumenical Relations Department spoke of further developments in the new Inter Church Agency for metropolitan Kansas City. The Council voted to allow \$50 expenses to each of the two delegates to Provincial Synod in each order receiving the highest number of votes. Plans were discussed for a portrait of the Bishop to be done by Fritz Werner and to be paid for by monies raised privately.

June: Plans were approved for purchase of land for \$55,000 for the new mission in southeast Independence and also for the hiring of a firm to make a land-use study of the tract and its two buildings. Report of "The Committee to Recommend Priorities and Allocations of Funds received from the Diocesan Advance Campaign" was received and approved. The Council resolved that the Bishop appoint a committee to study the matter of erection and location of the proposed Home for the Aging Chronically Ill, since a decision had not yet been made as to its size or location. Treasurer was authorized to finance up to \$100,000 for the Diocese in anticipation of D. A. C. collections. Certain resolutions were passed having to do with purchase and sale of securities for the Diocese and the review thereof. It was announced that the Rev. Charles Doan has been appointed Vicar of the new mission Church of the Ascension in southwest Springfield. The Rev. Gerald Lonergan, Executive Secretary of the Departments of Christian Education and Christian Social Relations, submitted his resignation effective July 31, to assume work in the Diocese of Michigan. Plans were reported underway at Central Missouri State College, Warrensburg, for Epis-

copalians, Methodists, Roman Catholics, Presbyterians and Disciples of Christ to cooperate in the use of the Wesley Foundation building.

September: The Treasurer reported a drop in the book value of the Diocesan portfolio of stocks and bonds due to market fluctuations. A bequest to the Diocese of approximately \$700,000 from the estate of Nina Remfry of St. George's, Kansas City, was announced. Progress reports were given in plans for the "Metro Kansas City Conference" and in the formation of the new St. Mark's Ecumenical Parish in Kansas City. Reports were made of recent significant growth at the mission Church of the Epiphany, Grandview, and of the need for additional space. Two committees were appointed regarding Epiphany: one to investigate as to the possible need for relocation and another to locate a new Vicarage so that the present one might be used for additional church school space. The Council authorized construction of a Vicarage for Ascension mission in Springfield, with facilities in the basement for a temporary chapel, the cost to be about \$23,000. Properties Department reported that the new St. Nicholas', Noel, was nearly completed and that possession of the house at 5229 Rockhill Rd., Kansas City, had been taken on September 15. A resolution was passed recommending that St. Augustine's parish, Kansas City, be advised to hire an engineering firm to investigate structural faults in their building. C. S. R. announced plans for a January, 1967, conference on integration and education to be held in Kansas City. This Department also expressed concern in the area of fair housing and in the problems of the aging.

Communications Department announced preparations underway for the special Diocesan Convention for election of a Suffragan Bishop.

October: Upon recommendation of the Treasurer, resolutions dealing with the handling of diocesan securities and the Rust Trust Fund were passed. Announcement was made that the house on Rockhill Road in Kansas City, was now in use as "St. Thomas the Apostle Center" for use at the U. M. K. C. campus. Report was also made that the ecumenical student center at S. M. S. in Springfield is now in use. The Episcopal Chapel for Boy Scouts at Camp Osceola had been built at a cost of approximately \$1,500 with part of the cost being made up from offerings at Diocesan Conventions.

Stewardship announced that four regional workshops had been held in the Diocese in which twenty-one congregations were represented. Reports were made on St. Mark's Ecumenical Parish, the "Mid-America Conference on Equal Opportunity in

Housing" and the long-range planning session of the Missouri Council of Churches. Plans were approved for increasing the budget and space for the Departmental Office at the Cathedral. A report was given on the recent Provincial Synod in Topeka.

November: Council went on record as opposing our participation in any more Provincial Youth Conferences. A resolution was adopted after much debate and some amendments having to do with: (1) Advance preparation of agendas for Council meetings; (2) Requirement that matters needing expenditure of funds shall not be acted upon unless the related committee or department shall have three days' consideration and present its recommendation; (3) That all bills from vendors first be approved by the appropriate officer before being submitted to the Treasurer; and (4) That any expenditure of more than \$5,000 must have approval of two meetings of the Council. Mr. Charles Crump was present from the Executive Council to explain "The Partnership Plan".

Upon recommendation of the Missions Department, the Council voted to adopt a new salary scale for mission clergy: All clergy, married or single, to receive \$5,200 with an extra \$100 allowance for each minor child; Blue Cross - Blue Shield and major medical coverage; pension premiums; housing; utilities; and a travel allowance to remain the same as in the past.

December: President of the Standing Committee, The Rev. C. E. B. Nobes, was on hand to present a purse from various clergy and laity in the Diocese to Bishop Welles on the eve of departure of the Bishop and Mrs. Welles on a two-month tour of overseas areas of work of the Anglican Communion. Acceptance of the full \$76,670 Quota to Executive Council was voted. The Finance Department reported that diocesan corporate and government securities had now been transferred to a custodial account with the First National Bank of Kansas City. Upon recommendation of the Christian Social Relations Department, it was voted to become associate sponsor of a conference on integrated education to take place in Kansas City, January, 1967. The Department of Stewardship made further reports on the workings of "The Partnership Plan" in dioceses having adopted it. College Work Department announced the approval by the national College Division of a Grant-in-Aid for work at Southwest Missouri State College in Springfield, beginning January 1, 1968.

Adopted was a resolution approving participation and support in the new Metropolitan Inter Church Agency in greater Kansas City which would eventually supplant the Council of Churches. Mr. Henry Burr, chairman of the committee on a

site for the Home for the Aging Chronically Ill, made a report. He emphasized that the facility would be an "extended care facility" as envisaged in Medicare legislation. The Council accepted said committee's recommendation that the Diocese secure a site to be donated by and located near St. Luke's Hospital.

Council approval was given to the sending of \$9,000 in M.R.I. funds to the Diocese of Bhagalpur in India. The Urban Affairs Department gave a report on the Council for United Action. Resolutions were enacted authorizing the same Department to work toward establishment of a cooperative ministry for the central business district of Kansas City, with other communions.

Respectfully submitted,

Sylvan W. Law, Secretary

THE PROTESTANT EPISCOPAL CHURCH
IN THE UNITED STATES OF AMERICA

PRAYER FOR THE DIOCESE

Blessed Lord who has taught us to pray one for another, send Thy blessing, we beseech Thee, upon the Diocese to which we belong. Give grace to its Bishop and Clergy, that they may win souls to Thee and guide Thy people in the narrow way that leadeth unto life. Grant to us such growth and increase as shall be in accordance with Thy will, and teach us to give generously of our substance for the glory of Thy Name and the edifying of Thy Holy Church. Make these souls for whom Thou has died, true to Thee, to their vows, to Thy Sacraments, to their duties of this life, and so prepare them for the joys of Thy Heavenly Kingdom; for Thy mercy's sake, O Blessed Jesus, Who with the Father and the Holy Ghost livest and reignest ever one God, world without end.

Amen.

RULES OF ORDER

Governing the Conduct of Business at Meetings of the

Convention of the Diocese of West Missouri

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.
2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.
3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.
4. All Committees shall be appointed by the President unless otherwise ordered.
5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.
6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.
7. No member shall absent himself from the session of the House unless he have leave or be unable to attend.
8. A member, other than the chairman of a Committee whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.
9. Any member of the House may call for a vote by ayes and nays.
10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.
11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have

precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minute for the purpose of explaining its object.

13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.

14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.

15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.

16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.

17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.

18. The names of movers of resolutions shall appear upon the minutes of the Convention.

19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.

ORDER OF BUSINESS

1. Announcement by Secretary as to whether a quorum is present.
2. Election of Secretary of the Diocese.
3. Announcements.
4. Report of Committee on Dispatch of Business.
5. Introduction of all resolutions for reference.
6. Nominations for all other offices.
7. Reports of all officers and committees.
8. Elections.
9. Report of all resolutions previously referred.
10. Fixing time and place of next Convention.

20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.

21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

William H. Magill, St. James', Springfield; Col. James McLean, Branson; and Mr. Eugene A. Logan, Sedalia.

The Secretary announced that a quorum was present in both orders and the Bishop declared the Convention open and ready for business. First order of business was the election of a Secretary of the Convention. The Rev. Sylvan W. Law nominated the Rev. Canon William E. Lusk, who was unanimously elected. The Secretary nominated the Rev. Donald Becker to be Assistant Secretary, and he was elected unanimously.

Greetings were then given to the Convention by the host Rector, the Rev. Canon George A. Wilson of Christ Church, who welcomed the delegates and made miscellaneous announcements.

The Bishop directed that the Committee on Dispatch of Business and the Committee on Convention Offerings meet immediately. Several other announcements were made by the Bishop.

Bishop Welles proposed that next year the Diocesan Convention meet on the first Sunday afternoon in May, rather than the second, to avoid conflict with Mother's Day.

Mrs. Ellen Yates presented the report of the Committee on Dispatch of Business and it was read by the Secretary of the Committee. It was moved, seconded and passed that the report by accepted as follows:

1. That the first order of business on May 12 be the nominations for the various elective offices.
2. That all matters of referral (Resolutions, etc.) be submitted during the afternoon of May 12.
3. That the Convention continue with business as indicated in the "Rules of Order" as far as possible.
4. That the Convention recess as near to 5:15 p.m., as possible so that Delegates may prepare for the Bishop's Reception at 6 p.m., and the Banquet at 6:30 p.m., at the Kentwood Arms Hotel.
5. That the Convention gather on Monday, May 13, at 7:30 a.m., at Christ Church for the Annual Diocesan Celebration and Offering of the Holy Eucharist.
6. That the Convention re-convene at 9:15 a.m., May 13, at Christ Church.
7. That the next Order of Business be the address by the Suffragan Bishop.

8. That the balloting for elective offices follow the Suffragan's address.

9. That the Rules of Order be followed as far as possible for ensuing business.

10. That the morning session recess at 12:45 p.m., to have lunch at St. John's Parish House, and to re-convene if necessary at 2:15 p.m.

11. That the Convention adjourn *sine die* as soon as possible thereafter.

Respectfully submitted,
Ellen Yates, Chairman

Announcement was made that the Convention proceed at once with nominations for clerical alternate deputies to General Convention. They are as follows: The Rev. Messrs. James F. Moon, William H. Magill, Howard C. Rutenbar, J. Douglas McGlynn, Edward L. Warner, James H. Viggers.

Nominations for two clerical and two lay members of the Standing Committee were made as follows:

Lay	Clergy
E. S. Washburn, St. Andrew's, KC	Allen R. Hingston, All Saints', KC
James Newell, St. George's, KC	Richard E. Mason, Lebanon
John Moses, St. Paul's, KC	George A. Wilson, Christ Church, Springfield
Dr. Ben Gaines, Branson	Denmore J. King, West Plains
	James F. Moon, UMKC Chaplain

The Bishop announced that Mr. James Newell had resigned from Diocesan Council. It was moved and seconded that the first four lay persons be elected to two-year terms, and the fifth person be elected to a one-year term, on Diocesan Council. Motion carried.

The Chancellor ruled that according to the Diocesan Canons the Diocesan Council should elect members to fill vacancies on the Diocesan Council.

Nominations for four lay and three clerical members of the Diocesan Council were made as follows:

Lay	Clerical
Frank Koger, St. George's, KC	Donald E. Becker, Raytown
Thomas Webster, St. Augustine's, KC	Howard C. Rutenbar, St. Joseph
Charles Tudor, Joplin	Philip T. Brinkman, St. Mary's, KC
Hon. Martin Stauber, Noel	John H. Lembecke, Jr., Independence
Clifford Hall, St. Paul's, KC	James S. Masters, Redeemer, KC
John Smith, Grandview	Charles E. Kronmueller, Good Shepherd, KC
Mrs. Harry Keith, Good Shepherd, KC	James H. Viggers, Grandview
Henry Burr, Cathedral	J. Douglas McGlynn, College
Charles McArthur, St. Andrew's, KC	Chaplain, Springfield
Winthrop Cantrell, Lee's Summit	James F. Moon, UMKC Chaplain
	William A. Bacon, Lexington

The Committee on Convention Offerings was ordered to meet in the Parish Hall at the conclusion of the nominations.

Bishop Welles introduced the Rev. A. L. Burgreen and the Rev. John B. Matthews, retired clergy of the Diocese.

New clergy in the Diocese were introduced, including the following: The Rt. Rev. Robert R. Spears, Jr., and The Rev. Messrs. Edward L. Warner, Thomas Woodward, Robert Lewis, Richard E. McHenry, Charles E. Kronmueller, Donald M. Hulstrand.

The Bishop introduced visitors at the Convention.

The next Order of Business was the introduction of resolutions. Mr. William Bundschu was appointed Chairman of the Committee on Resolutions in the absence of Mr. Edgar Shook.

The Rev. Clifford E. Barry Nobes presented the following resolutions, the first at request of Metropolitan Convocation, and the second at the request of St. Paul's Church, Kansas City:

WHEREAS the Diocesan Convention and the Bishop have in various manners indicated that the function of the pre-Convention Convocation meetings is to help the delegates to the Diocesan Convention to a better understanding of the problems and business which will come before the Convention, and

WHEREAS, if the Convocations are given merely a copy of the proposed budget without explanation, it is obviously impossible for the Convention delegates there present to have an intelligent understanding of the thinking which has preceded the preparation of that budget.

NOW, THEREFORE, BE IT RESOLVED: That the Diocesan Council shall assign members of the Finance Department to attend each pre-Convention Convocation meeting so that the budget may be interpreted for the benefit of the Convocation members.

WHEREAS the problem of the aging and their care becomes ever more acute as the years wear on, and

WHEREAS one of the real needs which exists in this area is for a Residential Home for elderly men and women, and

WHEREAS no single Parish of the Diocese appears to be affluent enough to establish and maintain such an institution, and

WHEREAS at the present time the Diocese of West Missouri is at a standstill in coping with this and attendant problems,

NOW, THEREFORE, BE IT RESOLVED:

That the Diocese set up a continuing Commission to investigate the possibility of establishing and maintaining a Residential Home for elderly members of the Diocese of West Missouri, with instructions to said Commission that it make an annual report on its findings to the Convention of the Diocese.

The Rev. Canon John H. Lembcke presented the following resolution:

WHEREAS, The 62nd General Convention of the Episcopal Church discussed but took no action on the formation of Metropolitan Councils by Contiguous Dioceses;

WHEREAS, The Metropolitan Kansas City Conference, sponsored by the Dioceses of Kansas and West Missouri, have discussed metropolitan problems created by the two Dioceses, be it

RESOLVED, That the 79th Annual Convention of the Diocese of West Missouri request the Bishop of West Missouri to initiate consultation with the Bishop of Kansas, with the purpose of establishing a Metropolitan Advisory Council, to serve as a device for joint planning and program activity and to assist both Dioceses in achieving and expressing the unity of the Church in the Metropolitan Kansas City area.

Mr. Winthrop Cantrell presented the following resolutions:

WHEREAS, it is desirable that Church School Students, as well as Adult Members of the Church, and Inquirers into the Episcopal Way, within the Diocese of West Missouri, be guided in their religious studies in an up-dated professional manner and with curricula structured to achieve maximum value in Christian Education.

THEREFORE, BE IT RESOLVED that a Committee be appointed by the Bishop, consisting of not less than three Clergy and three Laity, whose duty it shall be to re-evaluate the need in our Diocese for either a full-time or part-time person to direct the activities of the Department of Christian Education. This Committee shall make a written report to the Bishop and Council not less than four months prior to the date set for the 1968 Convention of the Diocese of West Missouri, in order that sufficient time be available, in the event the report may involve recommendations which affect financial planning, so that appropriate consideration can be made in the next Annual Budget of the Diocese to provide necessary funds for employment of personnel or other expenses consistent with the recommendations of the Committee and as approved by the Bishop and Council.

WHEREAS, it is desirable that Church School Children in the Diocese of West Missouri be given the opportunity to study and work with a broad spectrum of high quality educational materials; AND

WHEREAS, it is also desirable that each Parish and Mission within the Diocese of West Missouri be able to obtain necessary office supplies and Church School supplies at minimum expense;

THEREFORE, BE IT RESOLVED that the Bishop be requested to appoint a committee of not less than three persons, whose duty shall be to investigate the feasibility of a Diocesan Book Store and the benefits which may be derived therefrom, to the end that a Committee report may be made to the Bishop and Council within approximately four months after the creation of

the Committee, with recommendations either for or against the creation of such a Diocesan Book Store; and further, in the event the Committee favors such a store, to include such additional recommendations as the committee may deem appropriate with respect to the location of the store, departmental guidance or supervision, financing and such details as the Committee may find likely to be of assistance to the Bishop and Council in implementing the recommendations of the Committee with all customary dispatch.

Mr. Roger Ewing presented the following resolution:

WHEREAS we have recently witnessed the tragic violent results of the racial tension and misunderstanding which exist within our communities, and

WHEREAS we recognize that there is no simple solution to this complex problem, and

WHEREAS we realize that little more can be accomplished until first the hearts and minds of men are changed through greater knowledge,

THEREFORE BE IT RESOLVED THAT the 79th Convention of the Diocese of West Missouri urges all of the communicants of this Diocese to promote, immediately and actively, a greater interchange of fellowship and discussion between its white and black brethren on a parish and individual basis in order that we all may better know and understand one another;

AND BE IT FURTHER RESOLVED that the Diocesan Council be instructed to take immediate action to initiate and promote a program of dialogues throughout the diocese between the black and white communities designed to bring about a better understanding of the problems of both communities.

BE IT FURTHER RESOLVED that the Diocesan Council encourage and support ecumenical and community endeavors toward this same kind of understanding throughout our diocese.

The Rev. James Masters presented the following resolution:

WHEREAS democratic elections are most effective when those voting are informed, as fully as possible about those matters or persons on which they are voting;

WHEREAS the present method of election of members of Standing Committee, Diocesan Council and Deputies to General Convention often means that those voting know nothing more about the candidates than their names, and have not time or opportunity to become better informed;

THEREFORE BE IT RESOLVED that the Committee on Constitution and Canons be directed to prepare and submit to the 1969 Diocesan Convention for revision, rejection or final approval the appropriate canonical changes to give effect to the following directive:

That nominations for Standing Committee, Diocesan Council, and Deputies to General Convention be made available in writing for the information of the pre-convention Convocational meetings, with the provision that such changes would not preclude nominations from the floor.

This resolution was referred to the Committee on Constitution and Canons.

Mr. Matheny discussed the opinions of the Committee on Constitution and Canons about the resolution presented to the 78th Diocesan Convention by Dr. Ben Gaines of Branson. This resolution may be found on page 28 of the Journal of the 78th Diocesan Convention.

It was moved and seconded that the recommendation of the Committee on Convention Offerings be accepted. Motion passed.

The Convention recessed until 9:15 a.m., on Monday, May 13.

A banquet was held at the Kentwood Arms Ballroom, at which Bishop Welles delivered his Annual Address and presented the following awards: The Bishop's Cross to Mr. Joe R. Aid, Jr., All Saints', West Plains; Dr. Robert L. Wilhoit, St. John's, Springfield; Mr. Donald Branham, St. George's, Camdenton; and Mr. George S. Beimdick, Jr., Grace Church, Carthage. The Bishop's Medal to Jerry and Katherine Conner, St. Philip's, Joplin; and Grace and Earl Moulder, Christ Church, Springfield. The Bishop's Tippet to the Rev. Canon Allen R. Hingston, All Saints', Kansas City.

MONDAY, MAY 13

Members of the Convention and other Churchmen gathered at Christ Church, Springfield, at 7:30 a.m., for the celebration of the Holy Eucharist. The Rt. Rev. Edward R. Welles, Bishop of the Diocese, was assisted at the celebration by the Suffragan Bishop, the Rt. Rev. Robert R. Spears, Jr., the Rev. Canon George A. Wilson, Rector of Christ Church, Springfield, and the Rev. Canon Harold B. Whitehead, Rector of St. John's Church, Springfield. Members of previous Conventions who had died since the 78th Convention were remembered by name at the Altar.

After breakfast at the Kentwood Arms, the Convention reassembled at 9:15 a.m., in the church and was opened with prayer by the Bishop.

The Rt. Rev. Robert R. Spears, Jr., read his first Annual Address as Suffragan Bishop.

The Rev. Thomas A. Simpson, retired Chaplain of St. Luke's Hospital, and the Rev. Arthur Lockhart, a Chaplain at St. Luke's Hospital, were introduced.

The report of the Standing Committee on the admission of St. Peter's Chapel as a Parish was read by the Rev. Canon Clifford E. Barry Nobes, President of the Standing Committee, as follows:

To the Secretary of the Diocese:

The Standing Committee has this day considered the application of St. Peter's Chapel, Kansas City, for admission as a Parish in union with the Diocese of West Missouri, and after examining its financial structure, and the requirements set forth in Canon Twelve, has given its approval to this application and so reports its action to the Committee on New Parishes, to the Bishop, and to the Convention.

The Committee on New Parishes was dismissed to meet immediately.

The first ballot for the election of clergy alternates to General Convention was distributed by the tellers under the direction of Mr. T. Richard Turner, Chairman of the Elections Committee.

The first ballot for the election to the Standing Committee was distributed by the tellers. The Rev. James Moon withdrew his name.

It was moved and seconded that this ballot for the Standing Committee be destroyed and a new one prepared because it did not include the name of the Rev. Denmere J. King. Motion seconded, not carried.

The Bishop apologized for not receiving a collection last evening at the banquet to be included with Convention Offerings.

The first ballot for the Diocesan Council was distributed by the tellers.

Report of the Committee on Convention Offerings was read.

BE IT RESOLVED that the two offerings of the Convention be added together and of the total, one-half be given to St. Augustine's Church Neighborhood Program and the other half be given to Church of the Transfiguration, Mountain Grove.

O. K. White, Chairman
St. John's, Springfield

The amount of the offering received at the morning Holy Communion service was \$347.92.

The Bishop received another collection at this time, bringing the total amount of convention offerings to \$483.02.

Report of the Committee on New Parishes was read. The Rev. Samuel S. Johnston read the Petition from St. Peter's Chapel.

To the Bishop and members of the 79th Convention of the Diocese of West Missouri assembled here at Christ Church, Springfield, on May 13, 1969: In accordance with Article 11, Section 1, of the Constitution of the Diocese of West Missouri, we, the congregation of St. Peter's Chapel of St. Andrew's Church, Kansas City, Mo., desire to be admitted into union with the Diocese, and at such time the congregation, if its application is accepted, will

at all times conform to and abide by the Constitution and Canons of the General Convention, and of this Diocese, as the same then exist or may hereafter be adopted, and will not take or persist in any conduct harmful or inimical to the welfare of the Church and will not retain or support a Rector if a Parish, or a Minister if a Congregation, who does not conform to the Constitution and Canons of the General Convention and of this Diocese, and to the doctrine, discipline and worship of the Church, and will convey all of the rights, title or interest it has in or to any property, real, personal and mixed, absolutely, to "The Diocese of West Missouri", a corporation, and will not withdraw from union with the Diocese; and that in the case of such withdrawal, or in case of this dissolution, abandonment or inability to function of such Parish on Congregation, whatever trust may have been created in fact or in law, by such conveyance shall thereupon and at once cease; and that the property so conveyed to "The Diocese of West Missouri" shall thereafter be held by it for the benefit of the Diocese.

It was moved by the Rev. Samuel S. Johnston, and seconded, that St. Peter's Chapel of St. Andrew's Church be admitted into union with the Diocese of West Missouri, effective January 1, 1969. It was carried unanimously.

The Rev. Lewis T. Johnston, Vicar of St. Peter's Chapel, Kansas City, and representatives of this congregation were introduced.

The report of the Chancellor of the Diocese, the Hon. Robert W. Wagstaff, was read at this time.

The Bishop nominated the Hon. Mr. Wagstaff to be Chancellor for three years. The nomination was seconded and carried with one abstention.

Mr. Edward T. Matheny was nominated by the Bishop to be Associate Chancellor. Nomination was seconded and carried.

The report of the Treasurer was submitted by title. It was moved and seconded to accept the Treasurer's report. Motion carried. It was moved, seconded and unanimously passed that the Secretary cast one ballot containing the name of Mr. Roger L. Ewing as Treasurer of the Diocese.

The Bishop asked Mr. Wagstaff to preside over the Convention during the presentation of the budgets.

The Diocesan Budget was presented by Mr. E. S. Washburn, Chairman of the Finance Committee, and it was subsequently approved.

The Mission Budget was presented by Mr. Washburn. An amendment was offered by Col. Kirkpatrick that College Work be increased by \$1,000.00. This amendment did not carry.

Mr. Philip S. Lyon spoke concerning budgets. He compared our increasing budget figures with our decreasing income fig-

ures over the past several years, and he urged upon us the responsibility to see that budgets are subscribed to, particularly in terms of the acceptance of Mission Quotas.

The Committee on elections reported the following elected clerical alternates to General Convention: The Rev. Messrs. James F. Moon, Edward L. Warner, William H. Magill, and J. Douglas McGlynn. Elected to the Standing Committee were the Rev. Messrs. Allen R. Hingston and George A. Wilson; Messrs. E. S. Washburn and James Newell.

Elected to Diocesan Council were Mr. Charles Tudor and the Rev. Donald E. Becker.

An amendment was offered by Mr. Kassab of Joplin to strike the items in the Mission Budget for MICA, Midland Empire Regional Ministries, and the Springfield Council of Churches. This amendment was seconded but did not carry.

The question of the acceptance of the Mission Budget was called for and carried.

The next several items on the agenda were Reports of Diocesan Officers. The Suffragan Bishop presented the report of the Department of Missions and Church Extension by title.

The following reports were also submitted by title: Department of Properties, Department of Christian Education, Department of Christian Social Relations, Department of Promotion, World Mission and MRI, College Work, Department of Insurance, Department of Ecumenical Relations, Department of Stewardship. Father Becker read the last paragraph of his report for Stewardship.

The Rev. Canon John H. Lembcke, Urban Affairs Officer, read and submitted his report.

Announcement was made of the second ballot for Diocesan Council; Mr. Frank Koger and Mr. Thomas Webster were elected.

The reports of the Cliff Springs Committee and the Diocesan Advance Campaign were submitted by title.

The Rev. James F. Moon presented the recommendations of the Committee on Resolutions. The Committee did not recommend approval of a resolution presented by Canon Nobes, whereby members of the Finance Department attend pre-convention meetings for the interpretation of budgets. The question was called for by a standing vote which indicated that the resolution was approved, 79 aye votes and 68 nay votes.

The proceedings were interrupted for a report on the third ballot for Diocesan Council, which indicated that the following

were elected: The Hon. Martin Stauber, the Rev. Howard C. Rutenbar and the Rev. James F. Moon.

A report was made of the organization of the Standing Committee. It is as follows: President, the Rev. Brian Packer; Vice-President, the Rev. G. E. Walker; Secretary, Mr. E. S. Washburn; Assistant Secretary, Mr. William Bundschu.

The Committee on Resolutions recommended that the Convention not approve Resolution No. 2 presented by Canon Nobes, regarding a Diocesan Home for the elderly, and the Convention concurred.

A resolution, presented by Canon Lembcke, regarding a Metropolitan Advisory Council, was recommended for approval and it was approved.

A resolution presented by Mr. Ewing, regarding inter-racial communications, was recommended for approval and it was approved.

A resolution, providing for canonical change so that nominees for Diocesan offices might be made available to meetings of Convocations prior to Convention, was read. The Committee recommended no passage. Father Masters agreed to take the resolution back to the Northern KC Convocation, which originated the resolution.

A resolution presented by Mr. Cantrell regarding a Book Store for Church School materials, was not recommended for passage, and it was not passed.

The resolution presented by Mr. Cantrell, regarding an Executive in the Department of Christian Education, was referred to the Department of Christian Education for consideration, and Convention concurred in this referral.

A report of the Committee on the Meeting Place of the Next Convention was called for. The Chairman of the Committee, Mr. Harry A. Girton, extended an invitation to the 80th Diocesan Convention to meet at St. George's Church in Kansas City. The report of the Committee was adopted by the Convention.

The following reports were filed by title: St. Luke's Hospital, Armed Forces Committee, Evangelism Commission, and Music Commission.

The Report of the Committee on Constitution and Canons was presented by Mr. Matheny. The first amendment to the Canons had to do with Section 1, Canon 9, providing for one clergyman and one layman elected each year to Diocesan Council to be selected from an organized Mission. The amendment was defeated.

The second amendment would reduce the minimum age of individuals who might be elected to Parish Vestries and Diocesan Council from 21 to 18. This amendment applies to Section 7, Canon 14. The amendment was presented to the Convention for its consideration without a recommendation. It was moved and seconded that it be returned to the Committee on Constitution and Canons. The motion carried.

An amendment was proposed to Article VIII, Section 1, of the Constitution which would provide that a seat and vote be provided to Perpetual Deacons at Diocesan Convention, except when there is a vote by Orders they shall have no vote. The Committee recommended passage of this amendment. The motion carried. This action will require another vote in the 1969 Convention.

The 78th Convention had referred a resolution presented by the Rev. Edward R. Sims, and having to do with the selection of members of Diocesan Council to be made by each of the Convocations, to the Committee on Constitution and Canons. At the time this resolution was presented, it was thought that the intent of the resolution could be accomplished by a canonical change. It was the opinion of the Committee that the intent of this resolution could only be accomplished by more fundamental change involving the Constitution. The Committee did not recommend such a change to be made at this time.

The Architectural Commission, Liturgical Commission, and the Brother of St. Andrew filed reports by title.

The report of the Committee on the Bishop's Address was read by the Rev. Howard C. Rutenbar, as follows:

The Committee on the Bishop's Address want to commend you, sir, on an especially fine address, and we recommend that this Convention direct the Department of Promotion of the Diocese to print and circulate said address to the news media, and that it be incorporated in the Journal of this Convention.

We further commend the Bishop for reasserting the principle of "Christian obedience" . . . that respect for law and order must be preserved and pursued by all Christian peoples of all races, creeds and color, both clergy and laity. And further that by example we do all in our power to lead responsible Christian lives.

We commend to this Convention the Bishop's desire that the Urban Affairs Officer, Canon Lembecke, move with all haste to implement the study program of "Understanding", whereby we may pursue honest dialogue and overcome isolation.

It was moved and seconded that this report be accepted. Motion carried.

The Report of the Standing Committee was filed by title.

The Rev. Canon Clifford E. Barry Nobes offered a resolution of thanks to the host parish. It is as follows:

WHEREAS the 79th Annual Convention of West Missouri, meeting from May 12 to May 13, in Springfield, Mo., has enjoyed the courteous hospitality of Christ Church and St. John's in the Queen City of the Ozarks during these two days,

NOW, THEREFORE BE IT RESOLVED that the Convention extend its hearty thanks to the host Rectors, the Rev. Canon George A. Wilson, and the Rev. Canon Harold B. Whitehead, and to their people for their graciousness, which aptly matches the title of their city.

The resolution was voted upon and passed.

A motion empowering the Diocesan Treasurer to borrow up to \$10,000.00, if necessary, was moved, seconded and passed.

The Bishop re-appointed to a five-year term on the Ecclesiastical Court, the Rev. James H. Viggers, and to a three-year term, the Rev. Canon Allen R. Hingston, to fill the unexpired term of the Rev. Edward R. Sims.

The Bishop nominated to be members of the Board of Examining Chaplains, the following: The Rev. James F. Moon, the Rev. William A. Bacon and the Rev. J. Douglas McGlynn. It was moved and seconded that these three men be elected to be members of the Board of Examining Chaplains, Motion carried.

The Bishop nominated the Rev. William H. Magill to a three-year term as Registrar of the Diocese. It was moved and seconded that he be elected. Motion carried.

Bishop Welles' appointments of members to the Diocesan Council for two-year terms were announced. They are the Rev. George G. Greenway, Jr., St. Paul's Church, Lee's Summit; Mr. Clifford Hall, St. Paul's Church, Kansas City; and Mr. Leo Crabbs, Jr., St. Mary's Church, Kansas City.

Upon motion, second and vote, the Convention adjourned sine die at 12:50 p.m., with the Bishop's Blessing.

The Bishop's Address

My dear fellow Christians:

Welcome to the 79th annual convention of the Diocese of West Missouri. Change is still the order of life and there are many changes to report to you tonight, both losses and gains. The sudden death of the Reverend Edward Hartront last summer at the age of 43 was a shock to the whole diocese. By removal from our diocese we have lost, or are about to lose, a number of our clergy: Edward Sims, Elton Smith, Donald Woodward, Clifford Nobes, Stanley Hardy, David Parker and Sylvan Law. Great as are these losses, the gains in new diocesan clergy by consecration, ordination, and letters dimissory are even greater.

Foremost, of course, is the strengthening of our diocesan life by the coming to West Missouri of the Right Reverend Robert Rae Spears, Jr. Our new Suffragan Bishop is all that we dreamed of and hoped for, and more. As I move about the United States I encounter widespread admiration for Bishop Spears and respect for our diocese mingled with envy that we have secured him for our team. Since our last Convention in addition to Bishop Spears we have added to our list of canonical resident clergy the following: The Reverend Messrs. Arthur Lockhart, Richard McHenry, Charles Kronmueller, Robert Lewis, Edward Warner, Ben McCoy, Laurence Davis, Floyd Curry, John Skinner, Donald Moses, Thomas Woodward, Donald Hulstrand plus the likelihood that some of the clergy chosen to fill the vacancies at the Cathedral, St. Paul's, St. George's and St. Mark's and an assistantship at St. Andrew's in Kansas City, together with the Vicar's spot at Monett, may result in some new men coming into the diocese from outside. Two more perpetual Deacons are to be ordained May 25th and two more seminary graduates on June 14. This represents the largest influx of new clergy and the highest total number of clergy (88) on our canonical list in the long history of our diocese. We had 34 when I was elected your bishop.

Some of our clergy changes represent moves within the diocese: Denmere King to West Plains from Clinton; Douglas McGlynn from Harrisonville to the new post of Episcopal College Chaplain in Springfield; Brian Packer from Monett to Harrisonville; Carroll Barbour from St. Paul's, Kansas City to Liberty and Blue Springs; Philip Brinkman from assistant to rector of St. Mary's, Kansas City; Dean Greenall from St. Mary's, Kansas City, to Carthage; Laurance Davis from St. John's to Ascension in Springfield and James Masters from curate of St. George's to Redeemer in Kansas City.

In my convention address last year I made reference to the need of our diocese for study, evaluation, and planning. Bishop Spears and

Canon Lembcke are at work on this and the very successful Metro-KC Conference last January helped enormously. By the next annual convention we should have reached a point where we as a diocese will be ready to make a commitment to the idea of planning-decision making as a parallel process: *live and dynamic*. I hope that Midwest Research Institute and/or the new Task Force Planning Board of the Missouri Council of Churches can render a vital contribution to this total planning process. In his address tomorrow morning Bishop Spears is going to cite the important ecumenical contribution of the various area church councils and agencies. It is the Missouri Council of Churches which renders the essential service of relating the thinking and planning of all the area organizations to each other and to the Episcopal Church and helps us to see the broad picture of all the metropolitan fragments as parts of a larger whole.

The Church is one, everywhere, all over the face of the earth - and into the world beyond the grave. This is why we rejoice that our Christian fellowship and activity are not limited to the narrow confines of our local congregation and community, nor to our local diocese or national church, but extend to every corner of this world and into the largest part of the communion of saints in the next stage of our eternal life. So when we lose our lay or clergy associates by death or removal to another part of the family we are not really losing them - we are becoming more widely and deeply invested and involved in the universal church of Jesus Christ. And in turn we receive reinforcements from other parts as well. The Church grows in numbers, in insight and involvement, as time unfolds. I urge you not to sell the Church short, no matter how dismal the predictions of her demise that are issued by the dejected disbelievers of our day. They tell us the parish is *doomed*; they tell us the Church is *losing her impact and relevance* in today's world; they even dare to assert that God is dead. They are wrong of course - but it is one of the weaknesses of our news-media-oriented era that the true picture of our time is distorted largely by the built-in news-media rule of giving disproportionate coverage to destructive acts like battle, murder and sudden death, rather than to the ever more prevalent and significant constructive thoughts, words and deeds of the overwhelming majority of the earth's inhabitants. Evil is apparently more newsworthy than good - it attracts more viewers or listeners and sells more newspapers. And on-the-spot-reporting in time of civil disturbance, for example, brings more trouble makers quickly to the scene and makes matters worse. I mention this because I think it is important for us to realize that the massive reporting of the capers of the minority must not prevent us from seeing the whole picture. A small minority of black and white citizens of our land hate each other, but the vast majority are decent people who genuinely want to live together in brotherhood, equality and peace. A few way-out Christians say that they believe God is dead and that the Church is dying - a mere handful. The great majority of our Lord's disciples

in 1968 believe that the Church is ever in the process of change since that is part of the law of life, and they are anxious to share in the renewal and reunion of God's Church, and by God's grace they are succeeding.

One of the frontiers today is the university. Our college campuses are growing fantastically. UMKC in five years has been enlarged from 3,500 to 8,500 students; SMS at Springfield, CMSC at Warrensburg, NWMS at Maryville, the new colleges at St. Joseph and Joplin, the private colleges - all are expanding at an unprecedented rate and present to the Church a challenge to which we are endeavouring to respond. With Father Moon at UMKC and Canon Sanders at NWMS already, the early months of 1968 have seen Father McGlynn go to Springfield and Father Woodward to Warrensburg to strengthen our witness. There is no more important area of missionary outreach today. It is also an area of unrest, protest and revolution, not just in the USA but all over the world, for the world is fast becoming one. The younger generation is comparing the beautiful, noble ideas being taught in classrooms with the grim, unlovely realities of racism, war, crime, poverty they witness in life around them and is protesting as unacceptable the disparity between precept and practice! As Christians we must approve the rightness of protest against injustice even though we must often disapprove strongly of the intolerant, unjust and illegal manner in which the protest is made. You don't fight injustice with injustice or intolerance with intolerance. In lands of totalitarian regimes like Poland or Spain where citizens are coerced by brutal force there is justification for revolutionary violence and illegal actions since the means of peaceful, democratic change are not present. But I can see no justification in our land for the outrageous actions of a small minority of students at Columbia University a few days ago since the United States guarantees the right of peaceful demonstration and provides regular opportunity by secret ballot to choose and oust those who make and enforce the laws. I quote a *New York Times* editorial of April 26, 1968: "In society, as in physics, actions tend to produce reactions. Those American students of the left who choose to disregard the law and violate the rights of others to impose their own will are inviting counter-violence and counter-illegality from the forces of the right. Fascism of the left raises the specter of Fascism of the right, and either or both would bury freedom." The Christian presence on campus is all the more urgent in face of these developments.

What is true of student-demonstrations is also true of civil rights activities. Fascism of the left is as dangerous as Fascism of the right; equally they destroy our freedom. I enthusiastically speak out for law and order - and in the same breath remind us all that law and order can only be based enduringly on justice: equal justice for all - as part of the great concept of the brotherhood of all mankind - the unity of all God's children of whatever color. It really comes down

to the central truth of the Christian religion which is LOVE: love of God for man and man's love for God and for fellow-man.

I am devoting some of my address this evening to the matter of the lack of brotherly love that is threatening the future of our nation and of our world. More than any other factor white racism is the root cause of our present troubles. If you doubt this read the Report of the National Advisory Commission on Civil Disorders, of which Governor Kerner of Illinois was chairman, and New York City Mayor, Episcopalian John Lindsay, was vice chairman; over 600 pages of sobering fact and recommendation for \$1.25 in paperback. It should deepen your understanding of the tragic situation of our day. If you wish to have an informed opinion on racial matters you owe it to yourself to read at least the first 29 pages of summary and study the 32 pages of photographs. Our Urban Affairs Officer, Canon Lembcke, has produced a timely and constructive proposal for a study program for implementation in predominantly white neighborhoods that I trust will receive prompt attention.

At the heart of our national problem lies the ultimate need to change the hearts of individuals. How? First by getting people in a mood to listen; then second by confronting them with somebody with something to say. I yearn for more white people to get to know some Negro people as people, not as servants. It is certainly not enough for white people to talk just to white people about our racial problems; that only produces the situation of four years ago when many Goldwater partisans talked only to other enthusiast Goldwater adherents with the result that they came to believe that everybody was going to vote for Goldwater - and were correspondingly shocked when he was not elected!

An editorial in the Wall Street Journal for April 23, 1968, quotes Rabbi Arthur Hertzberg as criticizing "activist" clergy and the current fashion in liberal religion in trying to make religion more "relevant" by getting involved in various social and political causes, like civil rights, uplifting the poor and ending the war in Vietnam. "What is left out is religion's main business: Love and God and the transcendent." Many people today are "moving past the social questions to questions of ultimate concern," he says. "They are worried about something more than Dow Chemical and napalm. They are worried about what's it all for." The editorial writer continues in his own words: "The restlessness-in-affluence so widely recognized today almost certainly bespeaks a human craving for something transcendent. Individuals . . . seek something to lend meaning and order to the jumble of their lives and time. They seek a sense of meaning and the confidence and self-worth that come with it. Religion has traditionally been called upon to answer such questions . . . Whatever its inadequacies, religious tradition represents the accumulation of man's insight over thousands of years into such questions as the nature of man,

the meaning of life, the individual's place in the universe - - - here, not in political activism, is religion's path to new relevance."

The editorial well states the frustrations of many of our Christian laymen in these complicated times. But I must raise two crucial objections: First - the Christian religion represents something more and different than "the accumulation of man's insight over thousands of years"; it surely represents the revelation of God Himself through His Son, Jesus Christ, as to the truths of life here and hereafter. Second - "religion's main business: Love and God and the transcendent;" social concern and involvement including politics cannot be avoided if the New Testament is right in stating "If a man say, I love God, and hateth his brother, he is a liar: for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen? And this commandment have we from him, That he who loveth God love his brother also." (I St. John 4:20-21.) This is the crux of the danger of polarization today within the Christian Church: can we confine and restrict our Christian discipleship to worship in Church on Sunday or must we apply it every day of the week in every area of human activity?

Surely we Christians as Christians must practice the love that Jesus preached and practiced. We must look with favor on the efforts of our government to improve the living conditions of our ghettos even if it takes vast expenditures of money. We must agree that men are more important than money. It will take money to provide equality of education and to train folks to qualify for better jobs and to improve the housing and health care of the ghetto dwellers.

"The fact is that all the money in the world wouldn't solve the problems of our cities today. We won't get at the real problems unless and until we rescue the people in the ghetto from despair and dependency. If the ghettos are to be renewed, their people must be moved by hope." "Black extremists are guaranteed headlines when they shout 'Burn!' or 'Get a gun!' But much of the black militant talk these days is actually in terms far closer to the doctrines of free enterprise than to those of the welfarist '30s - terms of pride, ownership, private enterprise, capital - the same qualities, the same characteristics, the same ideals, the same methods that for two centuries have been at the heart of American success. What most of the militants are asking for is not separation but to be included in, to have a share of the wealth and a piece of the action. And this is precisely what the central target of the new approach ought to be. It ought to be oriented toward more black ownership, for from this can flow the rest: black pride, black jobs, and yes, Black Power - in the best sense of that often misapplied term." "Our aim should be to restore dignity to life." Those are the words not of some idealistic, liberal, far-out clergyman, but are the words of the most conservative candidate for the Presidency of the United States in the year 1968 - none other than Richard Nixon.

This is basically what Presiding Bishop Hines said last September in his address to General Convention in Seattle. It is basically what I said in my convention address in 1963, five years ago, when at some length I dealt with the crisis in the inner city and asked for action. The leadership of the Church has long been urging an attack on the problems of our cities including the race problem; has been urging the importance of helping people help themselves, and regain their sense of identity and dignity. I rejoice that even the conservative political leaders of our land are now preaching the same thing and I shall rejoice even more when the rank and file of conservative Episcopalians agree and act.

One of the most perplexing questions often asked of me these days is: "What is the Church's position on law and order?" I say "perplexing" because the answer should be so obvious. It is inconceivable that the Church should be anything but solidly in favor of law and order, and firmly behind its enforcement. Our constitution and canons under which we operate at a Church on both the national and diocesan level speak for themselves in this regard, and certainly any student of the Christian religion and of the teachings of our Lord can see that Christians are expected to live under law in an orderly way.

The confusion that sometimes exists today arises from the words and actions connected with the crusade to secure justice and equality for all racial groups. It is our church's mission, as it must be, to do everything in our power to assist our Negro brother to enjoy the equal rights and opportunities to which he is entitled by the laws of God and the Constitution of the United States - to abolish the disgraceful ghettos of our country in which many of our Negro brethren are housed - and to give our brothers and sisters the training and education that is so necessary if they are to become integrated in our society. In our zeal and dedication to accomplish this mission it is still very much our desire and intention to operate within the framework of our government and its laws. By this I do not mean to say that it is not necessary for us oftentimes to change some of the laws, and I am proud to say we have been successful in doing this in many instances. It is also necessary that we be vigilant, (and this is the obligation of every good citizen), in seeing that our laws are enforced impartially and fairly to the end that justice is done. We should do all of this, however, in a lawful and orderly manner, and within the framework of our constitution and government.

It is in the area of demonstrations and so-called civil disobedience that I believe most of the misunderstanding as to the Church's policy lies. It is here that the line becomes more difficult to draw, but it still must be drawn. On the one hand we stand unalterably opposed to the rioting, looting, and acts of arson that have occurred in many of our urban communities, including our own Kansas City. These are indeed terrible situations, and while we stand firmly behind the police action

that is necessary to bring them under control, we do feel that the Church can be helpful in alleviating the cause and in healing the wounds of these tragic situations. We also think that while the police action involved must be firm and we must give it our respect and backing, we must insist that black men and white men be treated alike and that we cannot justify any unnecessary acts of brutality. As for demonstrations, if they are lawful and legitimately conducted, we cannot denounce them - and many of our people have supported them. On the other hand, if the demonstrations become more than that and cross over into the zone of mass disobedience and mob rule we are, of course, opposed to them.

In this particular area our House of Bishops made a pronouncement "On Christian Obedience" in 1964. That pronouncement may have been misunderstood by some. In it the Church recognizes the right of persons, for reasons of informed conscience, to disobey unjust laws, but in doing so it was pointed out that such persons must accept the legal penalty for their actions and carry out their protest in a non-violent manner and exercise severe restraint in using the privilege. Unfortunately, this may have been construed by some as permission to violate the law and not suffer the penalty for so doing - if a person is convinced that the law is not right; this, of course, is not what was said or intended.

We must recognize that because of the great dedication and determination of so many of our clergy and laity in their desire to correct the terrible injustices that have been wrought upon our Negro brethren through the years, well-meaning people can often disagree as to where the line should be drawn as to what is necessary and justified and what is not. Further complicating the situation are the deep prejudices that are so often involved. Regardless of the difficulties we must carry forward God's work in this important area, and this we will do, God helping us. And in so doing we should all recognize and obey all just laws that govern us, regardless of race or creed.

In my judgment the world is actually in the throes of a rebirth - the technological advances of our century are now about to be matched by a new climate of world unity and brotherhood and interdependence and peace. Many elements are contributing to the attainment of this great goal. Thanks to modern means of travel and communication, more people in more places are meeting with, and listening to, one another. The United Nations with all its weaknesses is still proving an invaluable instrument for peaceful confrontation and maneuver and negotiation within the family of nations. The new climate of ecumenism is making possible joint Christian worship, scholarship, and social action that is increasing the impact and relevance of the Church in ways unmatched during at least the past four centuries. Anglican openness and outreach through Mutual Responsibility and Interdependence concepts and projects enrich the international and

ecumenical mix of that impact and relevance. It is our hope that the Lambeth Conference of some 500 Anglican bishops in London this summer will result in a deepening of the Anglican contribution. Bishop Spears and I both expect to attend and share in the deliberations dealing with "The Renewal of the Church: in Faith, in Ministry, and in Unity."

God still reigns in his world; the second coming of Christ may be very close; let us not grow weary of well-doing but hold to the high values and standards that Jesus came to share with mankind and being faithful stewards of the riches of Christ, reading our Bibles regularly, using to the full the power of prayer and the sacraments, and empowered in the fellowship of the Church to combat evil, injustice and oppression let us joyfully witness the risen life of Christ till He comes.

The Suffragan Bishop's Address

Just two days short of one year ago I became a Bishop in the Church of God and the Suffragan Bishop of the Diocese of West Missouri and I regard this first participation on my part in the Convention of this diocese as an opportunity to tell you something of what the year has meant, and to comment on what appear to me some of the certainties and uncertainties which we together face at this moment in the world's history and ours.

I must begin by sharing with you the primary conviction which has been borne in upon me this year, which will come as no news to you who have preceded me in service in this Diocese. That is what a monument of leadership God has provided for us in the person of the Bishop of this diocese. Under the terms of the description he gave me of responsibilities he wished me to assume, he has shared freely and fully (sometimes I am tempted to think, overwhelmingly) of his authority, his experience and his thinking and given me not only a free hand to undertake what seemed promising, but also the support without which I would have been seriously hampered. Seeing how much he has shared with his Suffragan, I marvel at what he did before he had one, and indeed, at what he continues to do in the Diocese as its Bishop and beyond the Diocese as a Bishop who takes seriously an office which is that of the whole Church. This Diocese is highly regarded throughout the Church and I have confirmed to my own satisfaction the belief that much of the progress and achievement of the Diocese rests squarely upon his leadership. I am grateful beyond telling to be his associate.

In the course of this first year I have had an opportunity to visit all but one or two of the congregations of the Diocese. Some of the visiting has been under the traditional form of an Episcopal visitation, but some has been much less formal. It has been what I hope is a mutually enjoyable part of the process of getting acquainted. Years ago I rejected, as unsound the advice given me by a venerable priest, "In your first year in a new place don't change so much as a light bulb," and I suspect that on many occasions my sometimes prompt voicing of opinions or ideas may have seemed to indicate impatience with what was being discussed or a strong desire for change. While I do not want change for the sake of change it seems unmistakably clear that the fast moving pace of events in our world keeps urging upon us ideas and approaches which force us to a faster pace than we once enjoyed. The result of having two Bishops in the Diocese will continue to provide a much more frequent and intimate contact between the episcopate and the congregations and if one result of this seems to be an urging forward at a rate which some may find uncomfortable, the other result, I trust, will be an awareness of the fact that the problems and

opportunities of every congregation are better known by the episcopate and that the support of the Bishops is therefore more readily and skillfully available. I hope this year has given you as much a sense of knowing more about me as it has given me an opportunity to know you. On this platform we will both be building in the years ahead.

The two chief areas given me by Bishop Welles for oversight are the Department of Missions and urban affairs. At first sight there would seem to be little relationship between the two except where the Diocese has mission congregations in or on the fringe of the cities. I am convinced that quite the reverse is actually the case and that the interconnectedness of city, town, and country is one of the facts of our existence. No large city grows in this area except at the expense of a small town or rural region; no problems of human relationship exist exclusively in one region; no part of the Church in this Diocese can exist completely out of relationship to the rest; leadership, lay and ordained, is drawn from all parts of the Diocese for all parts of the Diocese; we share a ministry to all men and need the united skills and experience of all of us.

In addition, the shrinking inter-relatedness of the world is making the tightening of Diocesan relationships a continuing necessity. One of the places this is seen most clearly for Christians is in the increasing rate of ecumenical encounter of the 20th Century by a Church with a united sense of mission. While the specifics of an issue may be approached in different ways the fact is that through such groups as the Metropolitan Interchurch Agency in Kansas City, the Council of Churches in Springfield, the Midland Empire Ministry in St. Joseph, the ecumenical centers on college campuses, what Episcopalians do in response to the desire to serve God in this world they do increasingly with other Christians who share Our Lord's own mission. What were not too many years ago pleasant individual and congregational relationships on a local level are now more and more judicatory relationships on a regional level and we must recognize this important change. *Of and by itself* it makes judicatory unity a requirement, not an option. Whether we are talking about ministry to people who live in the isolation produced by a crowded city or the isolation which results from the struggle to maintain marginal farmland; whether we consider racial tensions produced by the lack of communication between the ghetto and the suburb or the kind produced by the absence of communication in "sundown" counties; whether we feel strangled by the apathy of thousands who do not think it is their problem or of other thousands who don't think they have any problem, we have one mission as a unit of the Episcopal Church and a sub-section of the whole Church of God. God is pushing us towards one another and as we assent to His wish "that all may be one" we must live with the results. One thing this means is living with, not just alongside, our fellow Christians.

Another important implication is that in Diocesan life we must approach the tasks which God gives us as parts of a whole and not as a whole lot of parts. As the rate of change increases around us and pushes new challenges at us our structure must inevitably shift and reform. In response to the imperative of relating meaningfully to a world in turmoil, we must get used to thinking in larger units, planning in wider sweeps and preparing to deal with an increasing mobility which makes the traditional boundaries of parish or town or city inappropriate as the limit of our vision. In the Metro-KC Conference Episcopalians from two dioceses, with shared leadership drawn from other Churches, began the process of thinking on a broader scale and working out new approaches to shared tasks and problems. The southern region of our Diocese shares common concerns not just with one neighbor diocese but with four others. There is excitement and renewal in this kind of cooperative, broad planning. In horse-and-buggy days communication and association were limited by physical factors. In these days of instant communication and high mobility the physical limitations are less important. We must see to it that no limitation of intention now becomes a barrier to united effort.

Still another implication has to do with the renewal and experience of the nature of community itself. It may be the peculiar vocation of Christians to try to build *operating communities* in a world which permits separation just because communing together is hard work. If we accept as part of the fabric of our society an increasing complexity of relationship then it follows that deep, abiding relationships will be more difficult to maintain. Those who most believe in community among men must work hardest to demonstrate the necessity of community if men are to be free, responsible, and healthy. Congregations should be communities which present us with opportunity to experience the freeing, supportive value of community. They should be laboratories in creative living where men learn how to hold to one another despite all the pressures for segmentation and separation. In the midst of uncertainty about the structure of society, the Church should be offering the kind of certainty about human community which comes from full acceptance of any who would join the community, *honest dialogue about differences*, which exist among the human beings who form a community, and the ability to forgive and reconcile such differences. Unity in the midst of diversity, cohesiveness and flexibility should be the hallmarks of our Christian societies. Our world needs this sort of heaven.

Martin Luther King, Jr., put it this way:

"Christian love is not weak passive love. It is love in action. It is love seeking to preserve and create community. It doesn't stop at the first mile, but goes the second mile. It is a willingness to forgive, not seven times, but seventy times seven to restore community"

This is the sort of community which a parish gathered around an altar, living eucharistically, must build, and such parish communities are the building blocks for the Diocese.

There is one other element which deserves serious consideration in this process of holding fast to creative, thankful community life, and its one about which there is confusion in our times. It is the whole matter of where honest conflict fits into the picture. Much of the conflict we see around us is not creative but destructive. War, physical violence, vicious character assassination, hardened bitter antagonism can never be creative. Yet there must be a place where honest differences of opinions and convictions come face to face without destruction of persons. There has to be an arena of life where the thrust and counter thrust of honest relationship can be experienced as part of a process which helps men grow, not die. We cannot survive as a civilization if major questions are decided simply by who has the most force to apply to the situation; and this is particularly true when human relationship equations are involved. We must learn to handle conflict between human beings in ways which build relationship, not separation. Too many attitudes already are hardening into separation in our world.

The Church's responsibility here would seem to be to involve its people in forthright, honest, straightforward discussion of issues and opinions with the premise that persons shall be respected and not rejected in this process. If we are to work our way out of racial and cultural divisions the present antagonistic attitudes must confront each other. If they are not permitted to meet in dialogue, they will meet in violence; if verbal encounter is not encouraged or permitted, physical conflict is inevitable. Apathy and indifferences are of the devil simply because they encourage attitudes arrived at without examination; the sin against the leading of the Holy Spirit is the closed mind.

There is a mistaken picture of the Church as a place where no problems are supposed to exist and no disturbances permitted. But if the Church tries to be this kind of an island, it will shortly be inundated in a rising tide of pressing issues which have to be faced, not fled. The peace which passes understanding comes not from ignoring mankind's difficulties but in knowing exactly what they are, meeting them in honest wrestling, and trusting in the power of the living God to bring His saving grace into our situation.

As I was writing this some days ago a series of line storms swept through the city and we experienced intermittent power failure. For periods of several seconds or several minutes our lights went out and my electric typewriter stopped working. I was amazed at the effect this had on the flow of my thoughts and words. Each time power was restored it took a little longer to gather up the thread of thought which had been broken and start again. It strikes me that the same thing

is true of our sense of community and of our common tasks. When separation, isolation from one another, absence from the common worship or our weariness with the struggle interfere with our concentration, the results are similar to a power failure. The power is still there. We have simply become disconnected and nothing works. What a tragedy if we, in our blindness, are the ones who cut the power lines!

I began by saying that in the midst of uncertainties we have many assurances. The chief is that the loving God is in the midst of what we experience, at hand to order, to rescue and to restore. We have strong leadership resources; we are woven together into a network for mission, connected by a host of common concerns and hopes. We are joined in our baptism with a great company of the people of God who share these hopes and concerns.

Even as issues of enormous portent face us each day and there is hard work to be done maintaining a sense of community in a world where this is difficult to do, the bedrock of God's love and power are there.

We shall often feel lonely and discouraged. We must maintain a rate of internal change which equips us to deal effectively with a rapidly changing environment. Living in the midst of violence we must learn how to engage in healthy and constructive conflict without overt violence.

Yet our setting is full of hope because God is in it and when we seek Him there we find Him. He will be found whenever we honestly seek each other, wherever we seek to serve other men, wherever we value men as persons He loves and to whom He sent His Son to teach us how to serve. This is the greatest certainty of all.

REPORTS

THE STANDING COMMITTEE

During the year 1967 the Standing Committee held meetings and took actions as set forth below. Inconclusive discussions or purely procedural matters are not reported.

January 10, 1967 Permission was given to St. Stephen's Mission, Monett, Missouri for a commercial loan in the amount of \$1,500 to assist in the acquisition of a lot and house immediately south of the church and parish hall. The following consents were given: Election of The Rev. William Moultrie Moore, Jr., as Suffragan Bishop of the Diocese of North Carolina; election of The Rev. John Raymond Wyatt as Bishop of the Diocese of Spokane; election of a Suffragan Bishop for the Diocese of Atlanta; election of a Bishop Coadjutor for the Diocese of Minnesota; election of a Bishop Coadjutor for the Diocese of Western New York.

May 7, 1967 Permission was granted to St. Philip's Church, Joplin, to borrow \$3,000 on a three-year commercial note for the purchase of property adjacent to the new campus of Missouri Southern College. Permission was granted to St. Andrew's Church, Kansas City, for a mortgage loan of \$12,500 on property at 6434 Wornall Road.

Consent was given to the Diocese of Atlanta for the election of The Rev. Milton LeGrand Wood, Jr., as Suffragan Bishop.

The following men were recommended for ordination to the Diaconate under Canon 34: Lt. Col. Floyd A. Curry, St. Mary's, Kansas City; Delbert Laurence Davis, St. John's, Springfield; H. Ben McCoy, St. John's, Springfield.

May 8, 1967 The re-constituted Standing Committee was convened and officers elected as follows: The Rev. Canon Clifford E. B. Nobes, President; The Rev. Canon Arleigh W. Lassiter, Vice President; Mr. Philip S. Lyon, Secretary; and Mr. William B. Bundschu, Assistant Secretary.

November 21, 1967 Permission was given to Christ Church, St. Joseph, to encumber its property in the amount of \$70,000 for a period not to exceed ten years.

Consent was given to the Diocese of Pittsburgh to elect a Bishop Coadjutor.

Certificates under Canon 27 approving James Allen Krehmker and Lamonte C. Brown as Postulants for the Perpetual Diaconate were approved.

Application as candidates for Holy Orders of Richard Daniel Brigham, Robert P. Temple, Gary William Leeson, James Gaines Callaway III and Robert J. Smith were approved.

Respectfully submitted,
Philip S. Lyon, Secretary

THE BOARD OF EXAMINING CHAPLAINS

Since the adjournment of the last session of the Diocesan Convention of West Missouri the Board of Examining Chaplains has conducted three examinations under provisions of Canon 29, Section 1, and three examinations under provisions of Canon 29, Section 2.

In addition the Board has also acted on suggestions for standardizing and improving methods of examining candidates.

David C. Patrick,
Chairman

THE REGISTRAR

The Registrar's office continues to handle all communications from outside the diocese requesting information on communicants whose records have been misplaced and who need record of their status for transfer purposes.

A large collection of diocesan historical materials including records of the 1940 General Convention held in Kansas City, bulletins and other various parish programs, newspaper clippings and other miscellaneous historical material dating from 1920, have been collected and are stored with other historical material in a fireproof vault in Grace and Holy Trinity Cathedral.

Items of historical value concerning Mission, Parish or Diocese should be forwarded to the Registrar for inclusion in the Diocesan Archives.

Wm. H. Magill, Registrar

THE CHANCELLOR

As is customary I will report as a matter of interest on the various matters and transactions that have been submitted to the office of the Chancellor during the year for handling and advice.

1. A most important happening in connection with the execution of the responsibilities of my office was the welcome appointment by Bishop Welles of Edward Matheny as Associate Chancellor. I have known Mr. Matheny for many years, both as a friend and as a fellow member of the Bar. He is a member of All Saints' parish and a former Senior Warden there, and a most dedicated churchman. We have been active together in affairs pertaining to the Diocesan Council. He is currently a member of the Board and Executive Committee and Chairman of the Legal Committee of St. Luke's Hospital where

- we likewise have been closely associated. He brings to this office a most talented legal ability and a devoted sense of responsibility that will serve both this office and the entire Diocese in good stead.
2. This seems to be the first year during my tenure as Chancellor that there have been no acquisitions of real estate or borrowings that were secured by deeds of trust on Diocesan real estate, so I have nothing to report in connection with transactions of this sort.
 3. We seem to have had difficulty in getting some of our real estate declared exempt for tax purposes. Our Blue Springs property was even threatened with a delinquent tax suit but the matter has now been satisfactorily concluded and I believe the property has been taken from the tax rolls. Application has been filed for the exemption of the property in which our Suffragan Bishop resides, and I believe this likewise has been satisfactorily processed.
 4. As many of you will recall, our Capital Fund Drive of a few years ago included the support of a contemplated home for the aging chronically ill. A committee was appointed by the Bishop, headed by Albert F. Hillix, Esq., to draw up a corporate organization form and an operating agreement with St. Luke's Hospital. A corporation was formed under the name of the Episcopal Convalescent Center and the necessary charter and bylaws were prepared and approved by the Diocesan Council. All legal aspects of this were, of course, routed through my office. As a matter of information, this project is now waiting for the finalization of the plans of St. Luke's Hospital as to how it can be included in its plans for expansion which are now being specifically analyzed.
 5. We received notice of the filing of final settlement and petition for distribution of the estate of Nina L. Remfry, and it is my understanding that a final settlement has now been made and the estate distributed. Under the will of Nina L. Remfry the Diocese of West Missouri was the residuary legatee in this estate. I am advised that the bequest in this connection, which is held in trust by the First National Bank of Kansas City, amounts to something over \$700,000. This will continue to be held in trust by the Bank and the income, which should approximate \$30,000 annually, may be used by the Diocese for providing medical care for the indigent and other worthy charities as provided in the will.
 6. At our last convention we approved a resolution authorizing the Diocesan Council to enter into sponsorship of Project Equality at such time and on such terms as the Council deemed appropriate. After several months of consideration and discussion by the Council, and a favorable recommendation on the part of a committee that was appointed to make a specific study of this project, it was determined that it should be endorsed. This endorsement was based on the assumption that the project would continue to be administered in this area as it has been, and that if there was to be any change in policy in the future in connection with its administration we would have an opportunity to review it at that time. An agreement to become a co-sponsor was submitted but it was indicated that we could draw up our own contract if we desired. In lieu of the execution of this contract Bishop Welles submitted a letter setting forth in detail our understanding of the project and qualifying our support as indicated above. This manner of handling bore the approval of my office from a legal standpoint. Subsequently the question was raised as to whether this project might run afoul of the anti-trust law. It is my opinion that in view of the informal

- and qualified way in which our support and endorsement are structured we are not in violation of the anti-trust laws.
7. St. Peter's Church of Kansas City, which is in the unusual status of being a mission of one of our parishes, indicated its desire to become a parish. They were advised of the necessary steps that must be taken under our canons and bylaws to effect this. I am advised that a pro forma corporation has been formed and Mr. Matheny has approved its articles of incorporation and bylaws. It is my understanding that a petition has been filed with the Bishop and Standing Committee for the admission of this mission as a parish, and I assume it will be considered at this convention.
 8. We have had the usual request from our auditors that we certify, among other things, that there are no known contingent legal liabilities against the Diocese, or any pending law suits, or unsatisfied judgments. I certified that there was nothing in any of these categories.
 9. An ordinance was passed by the City Council for the purpose of widening and improving Santa Fe Road in the area of the Bishop's residence. It became necessary to employ outside council, along with others in the area, to insure that assessments against the adjoining property owners would be fair and equitable insofar as any special benefits were concerned. The matter went to trial and after the jury's verdict as to the assessments involved the City determined not to go along with the project - at least for the time being. The matter was most satisfactorily concluded from our standpoint.
 10. As you know, for the past several years the Chancellor has been assisted in the execution of his responsibilities by a Legal Committee consisting of Messrs. Milton Kirby of Springfield - Henry Salveter of Sedalia - Henry Warton of Joplin - Whitney Potter of St. Joseph - and Lucian Lane of Kansas City, who also served as Chairman. I am just in receipt of a letter from Mr. Lane requesting that he be relieved of his responsibility as a member of the Committee and as its Chairman. In regretfully accepting his resignation I want to express for the record the thanks of my office and the Diocese for the fine service he has rendered in this capacity through the years, and particularly for his prodigious efforts in the compilation of all of our property records. In view of this situation I am going to ask that Associate Chancellor Matheny succeed Mr. Lane as Chairman of this committee.

So much for the routine and more formal matters of interest. Actually the main problems of the Diocese in which my office has concerned itself this past year have had more to do with our practices - policies - and procedures as they have evolved in our dedication and desire to help our Negro brethren and in which our Church has had an increasing involvement and commitment. Such actions inescapably and by their nature often have had legal connotations that require consultation and advice. As the legal officer of the Diocese it would seem appropriate that I give you my views in these several areas.

As far as discrimination is concerned, it appears to me that the law is now quite clear. Great legislative strides have been taken. We have our fair housing law - our public accommodations law - our fair employment practice act, to mention but a few of the legislative enactments. Our Supreme Court has long since laid down the policies relative to integration in our schools. Our government has made its Health and Welfare Programs, and other related activities, all con-

tingent upon the elimination of any vestige of discrimination. It would seem to me that from a legal standpoint the ground rules are crystal clear. It is unlawful to discriminate because of race - creed - or color in all of these areas of our daily affairs. Those who impatiently say that no progress has been made are simply refusing to be realistic as far as the law is concerned. There is really no longer much purpose in continuing the argument as to what the law should be. What we need to most concern ourselves with now is making it work and we must get on with the job.

There is no reason I know of why the abolishing of discrimination as above described, and the establishment of the many correlative programs involving integration, which we generally refer to as civil rights, cannot all be worked out within the framework of our legal system. It is the responsibility of my office to advise and counsel to this end. Unfortunately in our zeal and our impatience and our dedication to assist the Negro in his plight - to gain for him equal rights and opportunities in our society - to obliterate the disgraceful ghettos in our country in which he is often housed - and to give him help in getting the training and education that is so often needed if he is to become truly integrated in our society and way of life, this approach is sometimes given short shrift or overlooked and too often with disastrous results.

Certainly in the accomplishment of our objectives - and they must be accomplished - we must not destroy or make meaningless other areas of the law that are equally important to members of our society, be they white or black. Our problems can and should be thoughtfully administered so this does not happen. It is on these related problems that I feel constrained to briefly comment.

The abolishing of discrimination legally, and even its actual accomplishment, need not carry with it the abrogation of other important rights and obligations that have been given legal sanction and protection through the years. In this category would be our unalienable rights to life, liberty, and the pursuit of happiness - our laws relating to the enforcement of contractual obligations - our laws covering the ownership and protection of property - our freedoms having to do with speech, education, and enterprise - the duty of our government to enforce its laws and the duty of our citizens to respect and obey them - and many others. Certainly the legal enactments in support of our civil rights were not intended to, nor do they in any way, sanction or permit the rioting - looting - and acts of arson that have been taking place in many of our urban communities over the last two years, including our own Kansas City, under the fallacious guise that they are justified and necessary to bring about the end result. Neither do they change the rules as to subversive or revolutionary activities on the part of anybody. The law in all of these areas remains as it was and should be recognized and obeyed by all of us. To equivocate about this, as some seem prone to do, simply encourages lawlessness and often ultimate chaos as is evidenced by the happenings in so many of our communities today.

Undoubtedly our greatest confusion along this line has been in the area of civil disobedience on which our own House of Bishops made a specific pronouncement in 1964, and which very much needs to be better understood. In this pronouncement our bishops indicated that under all normal circumstances Christians must obey the law, but it also recognized that any person, for reasons of informed conscience, could disobey unjust laws when all legal recourse toward their repeal had been exhausted or were inadequate, so long as such person was

willing to accept the legal penalty for his actions, and carry out his protest in a nonviolent manner and exercise severe restraint in the using of such a privilege. As a final admonition our bishops said that before Christians participate in such actions they should seek the will of God in prayer and the counsel of their fellow Christians. This pronouncement, unfortunately, seems to have been construed by some as permitting disobedience of the law without the penalty. In commenting on this recently, Erwin Griswold, who is the former Dean of Harvard Law School, and now the Solicitor General of the United States, said:

"The current rhetoric - which sometimes seems to consecrate civil disobedience as the noblest response in the pantheon of virtues - has obscured the nature and consequence of this activity. One who contemplates civil disobedience" he said, "should not be surprised and must not be bitter if a criminal conviction ensues . . ."

On the same subject I would like to quote the Honorable Earl Morris, who is a former classmate of mine and is now President of the American Bar Association, wherein he says:

"Many today seem to be demanding for themselves the unlimited right to disobey law." But "an essential concomitant of civil disobedience is, the actor's willingness to accept the punishment that follows." The philosophical "concept has been distorted in these times to justify violence and anarchy. What is reprehensible in these acts is not the end to be achieved, but the method of achieving it."

In concluding my comments may I say that there has been so much confusion and misunderstanding in these several areas I felt I must necessarily clarify the position of the Chancellor since I am the legal officer of the Diocese. I would not be carrying out the responsibilities of my office if I did not do so. It seems axiomatic for me to say that the laws of our country must be obeyed by all of its citizens, regardless of race, but nevertheless I feel that this needs to be said. There are two age-old sayings that I was raised on and which, while they do not have the specific authority of law, are still so authoritative that they almost carry the weight of legal dictum, and I feel they are particularly pertinent here. One is "Two wrongs don't make a right," and the other is to the effect that "The end cannot justify the means." I am sure that all of us agree that philosophically and morally these sayings are as right today as they have always been, and I think we must keep them more in mind.

May I say that I have the greatest compassion and concern for our Negro citizen and his problems. He has been sinned against terribly through the years. We stand today pledged that he will be sinned against no more. We must, and I am sure we will, extend a helping hand to him in every way possible. We must all work to make our civil rights programs really work. In doing all of this, however, we must not irreparably damage our concept of law and order which is such a basic fabric of our government. Let us not bring the Negroes into our society and culture and destroy it as we are doing so. Let us make it as wonderful and meaningful for them as it has been for us. Let us go forward together on the basis of love - understanding - and dedication, and not with hate - violence - and misunderstanding. Again quoting our House of Bishops and their statement on Christian obedience, where they said:

"Christian teaching holds that civil authority is given by God to provide order in human society and that just human law is a

reflection of immutable Divine law which man did not devise."

Let us fully recognize what they have said and go forward together under God to a genuine brotherhood of our fellowman regardless of race - creed - or color.

Respectfully submitted,
Robert W. Wagstaff

DEPARTMENT OF CHRISTIAN EDUCATION

The activities of the Department of Christian Education stem from the Christian Education office which is on the second floor of the Cathedral. There it is that Mrs. Duncan coordinates, by letter and telephone, Adult and Youth Christian Education activities of the Diocese. Approximately once a month a group of 7 or 8 (the Executive Board of the Department) gather to make the decisions, initiate the programs, and set the direction for Christian Education activities.

The largest single activity of the Department is the Camps and Conferences. The Camps and Conferences Program is a year-round activity involving planning, training of staff, execution of the program, and evaluation. During the 1967 program 160 boys and girls and young people were involved as campers and conferees, under the supervision of about 40 adult staff. There were two work camps for Senior High people, two Rustic Camps for 5th through 7th graders, and a Senior High Conference. All of these events were held at Cliff Springs except the Senior High Conference which was held at State Park Camp Pa-He-Tse. A mid-winter conference for 50 Senior High people was held at Mai-Tai between Christmas and New Year's.

Activities to train adults have included two Church School Training sessions at Roanridge, one in October and one in January. These sessions were conducted in conjunction with the Diocese of Kansas and with the cooperation of Roanridge.

We have entered into an agreement with the Educational Center of St. Louis for training for adults. Four Diocesan clergy have received training at the Center and will be using it in West Missouri. The first event in this new program was held the last week-end in March when a "Narrow-Ridge" conference was held at Roanridge. The intention is to use this program extensively in the Diocese starting in September, 1968.

Three individuals attended a Human Relations Training Institute in September and two in January, which was held under the auspices of the Diocese of Missouri.

Members of the Department are participating at the planning level of MICA in Christian Education and in other ecumenical Christian Education activities.

The Department has a Library Division which is responsible for the Diocesan Library in the Cathedral.

A Finance Committee prepares a budget and exerts control in the following of the budget during the year.

William E. Lusk,
Christian Education Officer

DEPARTMENT OF CHRISTIAN SOCIAL RELATIONS

The Christian Social Relations Department has been mainly concerned with an evaluation of the Fair Employment Programs.

A review has been made of the Project Equality approach to the problem of employment discrimination and, after considerable study a recommendation was made to the Council that the Diocese proceed in January to be one of the sponsors of the Project.

We are also currently planning several other approaches to the employment picture, such as: conferences with management, union leaders, and a volunteer program to aid those who have completed Job Corps Training.

The Department has also brought to the attention of Council and Metropolitan congregations the Fair Housing Referendum. It is anticipated that our work will extend into other housing concerns, such as "housing for the aged."

There has been some referral work to the various social and medical agencies. It is hoped that this can be expanded during the next year, and possibly to include planning on a suicide prevention unit, mental health work, and a social clearing agency.

The Department has done some work in cooperation with those concerned with quality education.

Lewis T. Johnston,
Christian Social Relations Officer

CLIFF SPRINGS COMMITTEE

The magic of Cliff Springs Camping Center continues to work its spell on all who spend some time there. The past year, 1967, was a particularly fruitful year both in terms of use and of development.

The "permanent furniture" added through the efforts of Work Campers last summer include: eight more tent platforms, a beautiful little cabin, five huge picnic tables, and four kitchen shelters. During the coming summer it is planned that five more tent platforms and two more cabins will be built.

The 1968 round of activities include: A Junior High Rustic Conference: two Rustic Camps for 5th, 6th, and 7th graders; three Senior High Work Camps; and three weeks for Clergy family camping.

Early in 1968 Cliff Springs secured a new commercial hot water system for the shower house. This was made possible through a \$500.00 gift from the Women of the Diocese, whose continued support and interest is of great help.

Plans are also underway to build a dining hall adjacent to the present kitchen as soon as funds become available for this exciting project.

Today, as in the past, the rustic beauty of Cliff Springs continues to be its chief asset. The modest improvements on the property are there to make it possible to take fuller advantage of that beauty in the carrying out of the outstanding summer programs offered by the Department of Christian Education of the Diocese.

Mr. and Mrs. Robert Dillon and family continue to live on the property as our Cliff Springs Residents. The telephone number, which can be dialed direct, is (417) 286 - 3375.

Cliff Springs Committee

DEPARTMENT OF COLLEGE WORK

College Campus Ministry is effectively being sustained at 14 Colleges in the Diocese of West Missouri.

Major activities of the Department during the past year included:

- a. Two Priests are pursuing advanced studies under Diocesan Study Grants.
- b. State and Provincial conferences on Campus Christian Ministries were attended by departmental representatives.
- c. An Ecumenical Campus Ministry has been organized at Missouri Southern College, Joplin. The Diocese of West Missouri is one of the sponsoring agencies with Father Patrick and Jerry Connor of Joplin and Father McHenry and Charles T. Yarborough of Carthage as members of the board.
- d. A School of Religious Studies was incorporated at Central Missouri State College, Warrensburg. The Diocese of West Missouri is one of the sponsoring agencies with Dr. C. M. Lederer and Dr. Arthur McClure as members of the Board. Father Thomas Woodward has taken up residence in Warrensburg as rector of Christ Church and Chaplain at Central Missouri State College.
- e. The Southwest Ecumenical Center has been organized at Springfield. The Diocese of West Missouri is one of the sponsoring agencies with Ray Aton and Colonel Harry F. Kirkpatrick as members of the Board. Father J. Douglas McGlynn has taken up residence as Chaplain at Southwest Missouri State College.

Colonel Harry Kirkpatrick,
Chairman

ECUMENICAL RELATIONS

Most of the year between annual Diocesan Conventions the Reverend Elton O. Smith, Jr., has served with distinction as Ecumenical Officer until his departure to become Dean of Buffalo. His work has included leadership and creative efforts second to none in the inauguration last July of Metropolitan Inter-Church Agency in Kansas City (MICA); his address at the Ecumenical Dinner in Seattle during the General Convention; the planning of the Anglican-Roman Catholic Clergy Day at the Roman Catholic Cathedral in Kansas City in June. Other activities have included encouragement of the developing Midland Empire Regional Ministry in St. Joseph, the re-activation of the Springfield Council of Churches, and greater participation in the Missouri Council of Churches. I have taken over

the post of Ecumenical Officer in the diocese and serve in the Missouri Council of Churches as Chairman of the Division of Christian Unity which is planning a 49-hour Consultation on Faith and Order in Kansas City in October. On the national and international scene I have represented the Episcopal Church's Joint Commission on Ecumenical Relations of which I am a member by serving as chairman of the Committee on Relations with Other Churches than the Orthodox and Roman Catholic; chairman of the Committee on Relations with Penecostal and Conservative Evangelical Christians; and members of the Committee on Relations with the Roman Catholic Church. This has involved travel to South America as well as within the United States to attend various gatherings in such diverse places as Los Angeles, Washington, Chicago, Seattle, St. Louis, and Jackson, Mississippi.

DEPARTMENT OF INSURANCE

During the preceding year a life insurance plan was adopted for Clergymen in the Diocese of West Missouri. \$5,000 of coverage was provided for all Clergymen to age 65. Those 65 and older are covered for \$1,000. The issuing company is the Church Life Insurance Company of New York and premiums are paid by the Diocese.

Modest increases in the Blue Cross/Blue Shield rates for the year were experienced. This is in line with a general trend because of increased costs of medical care.

It might be well to point out once again the Diocese carries no Public Liability insurance on any of the Diocesan properties or Mission Churches in view of the position taken that as eleemosynary institutions we have immunity in Missouri.

In response to many inquiries it should also be pointed out that the Diocese carries a Blanket Bond covering \$10,000 each position. This extends to all employees and clerical and lay, and all elected or appointed officers whether compensated or not. This coverage extends to affiliated organizations on the same basis.

This report is respectfully submitted this 8th day of March, 1968.

H. A. Sloan,
Chairman

DEPARTMENT OF MISSIONS AND CHURCH EXTENSION

This first year as Chairman has necessarily been one of learning, with the help of many people, the task and operation of the Department.

Every mission has been visited, and opportunity provided on many occasions for meetings with Bishop's Committees and congregational leaders. There has been unflinching and warm cooperation throughout by clergy and laity alike. Through this process the groundwork for strategic planning of the future has been laid.

Two mission congregations which most recently have been served by clergy on a part time basis are now staffed by resident Vicars - The Church of the Messiah, Liberty and The Church of The Redeemer, Parkville. Both of these congregations are in areas of rapid growth and will benefit from full time priestly and pastoral ministry. Two other new congregations, in Camdenton and Independence, are in the process of planning for resident clergy in the next year.

Under the direction of the Rector of St. John's, Springfield, and his devoted team of Deacons and Lay Readers, the system at Mt. Grove is being reviewed and solidified. Recent purchase of a house and land adjacent to the church there will provide space for congregational life and work.

The priority considerations for the coming year must include encouragement of overall planning, both by congregations and Diocese, meeting increased costs of living for clergy and congregations and response to growing ecumenical involvement.

DEPARTMENT OF PROMOTION

The Department of Promotion continues to utilize every opportunity to publicize the Activity in the Diocese of West Missouri, both within our Diocese and to those outside. The system of releasing news, started two years ago, continues to expand enabling more items to appear in print over a wider area. This Department is very appreciative of the wonderful cooperation of the Clergy, without which we would not meet with much success.

With the assistance of our Diocesan Office, many mailings were sent out covering news of interest and the promotion of

the Annual Convention.

We are grateful to Bishop Welles for the space provided in The Diocesan Bulletin, particularly the capsule reports of the minutes of the Diocesan Council meetings. This enables communicants of every Parish and Mission to be better informed of the actions taken by their representatives serving on the Council.

Mrs. Richard S. Brigham,
Promotion Officer

DEPARTMENT OF STEWARDSHIP

The following materials, etc., were handled and distributed: Distributed 27,515 pamphlets from our stock of eight titles to congregations of the Diocese in 66 transactions; distributed 8,200 of our newly designed money pledge cards; distributed 4,250 of our Time and Talents pledge cards; distributed 3,750 Lenten Pledge cards along with material relating Stewardship and Evangelism more closely; distributed 124 sample packets to clergy and parish leaders; distributed to clergy of diocese two paperbacks which were relevant to Stewardship/Evangelism; loaned out or used in our presentations our audio-visual materials 22 times; made two general mailings of Stewardship pamphlets to the diocese; did a study of Partnership Plan and distributed to Bishops and General Convention delegation; distributed "Stewardship Clips," sheets including quotable items relative to Stewardship; made a total of eight mailings (including some of above) to clergy.

As Acting Executive Secretary, your Stewardship Officer made a total of 18 engagements in 13 congregations during the Fall of 1967, relative to Stewardship. This included speaking at parish dinners and training sessions. In addition 25 consultations were held with priests and/or lay leaders relative to their individual congregational efforts in Stewardship.

Your Stewardship Officer attended a training session for persons working in this area and he consulted with several persons employed in the field of Stewardship.

In past years the format of the Stewardship efforts has included: 1) Three regional training sessions for clergy and lay leaders using a consultant brought in for the purpose; 2) A few engagements by the Stewardship Officer; 3) Distribution, at no direct cost, of materials we have written, composed, and printed.

This year, we dropped the regional training sessions and did not bring in an outside consultant. This was done for two reasons: First, because of some budgetary restrictions; and Secondly, because it was felt that the real leadership was not being brought to these sessions and cooperation was simply inadequate. These very excellent programs had been designed for all persons involved in the leadership of various congregations.

Instead, in 1967, your Stewardship Officer made himself available for engagements as time would permit. This has worked rather well, it seems. Of course, what the immediate or even long term results will be, it is hard to say. There are indications that congregations using the full method do have greater money and talents pledges.

I make two conclusions and have one wish: First a conclusion: Casual giving, even by very generous givers, is threatened. We must have commitment and an understanding of the mission of the Church, if we are to have giving, any giving. Second conclusion: There is no substitute for the personal, direct call on members by canvassers. Pledges just do not fall into your lap. Calling is imperative. Third a wish: That I may do repeat appearances in the congregations I visied this Fall of 1967, and that more of you will call on me for my services next year.

Finally, advice is welcome. Our printed materials for the current year are in process. We propose a course similar to the present one, but changes or additions within limits of time and budget will be willingly undertaken.

Donald E. Becker
Stewardship Officer

DEPARTMENT OF URBAN AFFAIRS

In 1964 the Diocese of West Missouri took the decision to support a program of community organization in the Inner-City of Kansas City, Missouri. As a result of this decision, the Citizens Participation Program was formed, and a contact was made with Mr. Saul D. Alinsky of the Industrial Areas Foundation of Chicago, to develop a community organization in the Inner-City of Kansas City. This was a pioneer decision, for at that time no other Diocese of the Anglican Communion was directly involved in sponsoring a community organization. Since that time several other dioceses have followed the lead of West Mis-

souri, and at the last General Convention, the Presiding Bishop, Bishop Hines, called upon the national church to support an impressive nationwide effort at community organization. So, in this matter our Diocese has given significant leadership to the whole church.

A year after the original decision had been taken, a storm of controversy broke over the Diocese, particularly in respect to Mr. Alinsky and his Industrial Area Foundation, and the fear was then expressed that the program would lead to anarchy and seriously compromise our Diocese. The contrary has been true. Under the able and responsible local leadership of such men as The Rev. O. D. Carson, and The Rev. A. L. Johnson, a community organization was brought into being. Today that organization, called the Council for United Action, has 80 affiliate organizations in it and is the largest single community organization in the City of Kansas City, Missouri.

The C. U. A. has maintained constant contact with the Kansas City Board of Education and campaigned vigorously for quality integrated education in the district. The recently proposed Master Plan submitted to the Board of Education is an indication of the effectiveness of the C. U. A. Educational Committee.

The C. U. A. has been instrumental in calling attention to police community relationships with a consequent improvement in those relationships. Unfortunately, these relationships have deteriorated badly since the civil disorder in Kansas City in April, 1968.

C. U. A. has called the attention of the community to the sharp business practices of unscrupulous merchants taking advantage of residents in the ghetto and by direct and vigorous action, have brought about an improvement in relations with merchants in the community.

C. U. A. has been vigorous and frequently abrasive in its drive for more and better employment opportunities. It was one of the first organizations to call loudly and vigorously for more jobs, and to call upon business to open up employment opportunities; today that need is recognized throughout the country.

C. U. A. has championed the cause of welfare recipients who believed themselves to have been harassed by Social Workers, and the State Department of Welfare. C. U. A. has been successful in bringing these cases to a hearing and to a resolution.

C. U. A. was instrumental in drawing up the first agreement to be signed between tenants and their slum landlord in Kansas City, Missouri.

So far, the C. U. A. has not been able to win a hearing from the Fisher Body Division of General Motors. C. U. A. has been endeavoring to convince General Motors of the need to open non-union jobs to minority persons.

It is significant that in the recent civil disorders which took place in Kansas City, the violence, the burning, the looting, the sniping, all took place in that area of the city lying south of the area that has been organized by C. U. A. It would be presumptuous to assume that it was the C. U. A. which kept the "cool" on in the neighborhood north of 31st Street, but on the other hand it is hard to understand why, when other parts of the city, were being badly exploited by criminal elements, the area north of 31st Street with the highest incidence of poverty and, the area where the most pain is experienced, should have remained orderly and quiet, while the other area burned.

I have devoted almost my entire report this year to the Council for United Action. I have done this because on June 15th of this year the contractual agreement between the Industrial Area Foundation and the Citizens Participation project will be terminated and C. U. A. will be on its own. The Citizens Participation Project will remain in existence to receive the final auditing and accounting of funds, and then I anticipate that it too will be dissolved. In short, we have now met our commitments to this program, and on June 15th of this year the Industrial Area Foundation and Mr. Alinsky will have met theirs.

It is difficult for one who has been so closely identified with this project for four years to be entirely clinically objective about it. It has, in my opinion, been a project that has been enormously successful, splendidly constructed, and one that we can be proud of having supported. C. U. A. has become a local organization with responsible local leadership.

While all of the high hopes some of us had have not been achieved, the fears of others have not matured. Now, we see developing in this community, an organization that is making a positive and constructive contribution to Kansas City life. It has in fact become the recognized "voice" of the Inner-City.

The Urban Affairs Officer has spent a considerable amount of time developing possible alternative methods of long-range planning for the Diocese, such planning was called for by the Bishop in last year's convention address, and while the deci-

sion has not yet been taken as to which method of planning is appropriate for the Diocese, conversations will continue along these lines and it is possible that a final decision will be taken sometime in the near future.

I anticipate that during the coming year the major time of the Department Officer will be devoted to working on such a planning design and/or developing a department that is so structured that it can serve the Diocese in areas outside of Kansas City.

The Urban Affairs Officer provided support in designing and mounting the Metropolitan Kansas City Conference held in Excelsior Springs, January 12, 13, 1968. The affect of this conference on the Church in the Kansas City Metropolitan area has been incalculable. An Ozark Regional Planning Conference of a similar design is now being considered.

The budget for 1969 continues the Department at the same level as 1968.

Urban Affairs Officer
John H. Lembecke, Jr.

WORLD MISSION AND M. R. I.

It is a joy to report that the Episcopalians in West Missouri are continuing to give generously of their interest, prayers, and money to the world mission of the Church. Mutual Responsibility and Interdependence (M. R. I.) giving of individuals, parishes, together with the Diocesan Episcopal Churchwomen and the Diocese through funds raised by the Diocesan Advance Campaign (D. A. C.) Fund have reflected that involvement and concern. India has been our chief area of emphasis representing as it does the most populous and crucial area of the non-Christian world today. M. R. I. projects in India have thus far received in excess of \$63,000.00 in the four years 1965-1968 in the Diocese of Chota Nagpur, Nagpur, Patna (formerly Bhagalpur), Calcutta, Barrackpore, Lucknow and Nasik. During those four years money and manpower aid has gone to Africa (especially Damaraland and Malawi), Taiwan, Japan and South America (Brazil), all this in addition to our regular Quota giving which supports the overseas mission districts of the Episcopal Church (like Liberia, Central America, the Philippines). Non-quota giving overseas in the four years has exceeded \$70,000.00 from West Missouri. With my own eyes I have had the privilege in the past seventeen months of seeing how fruitful these gifts have been and are in Asia, Africa, and South America. These dollars are making a mighty Christian contribution to a better and more

peaceful world and I pray we will not grow weary in our urgently important well-doing.

EPISCOPAL CHURCHWOMEN OF WEST MISSOURI

Episcopal Churchwomen of West Missouri, finding themselves in the midst of a rapidly changing world, have discovered their adaptability to meet the demands of change as they are more frequently called upon to serve on Vestries and Bishop's Committees and as Delegates to Diocesan Convention and in various other areas of the life of the Church and the community.

Mindful of the needs of others, they have given of their time and talents in order to provide the means to contribute \$1,000.00 to the diocesan MRI project and an additional \$3,500.00 to Bishop Sadiq of Chota Nagpur, India. Smaller amounts were sent to the Rev. David McCallum in Nicaragua and to Archdeacon Patric Hutton in Taiwan. Scholarship aid was given for youth camps and conferences. There was an increase in the United Thank Offering for the year.

Awareness of others was expressed by increased participation in Church World Service, Church Women United and various worship services with other denominational groups. Opportunities for volunteer services in nursing homes, hospitals, programmed muscular therapy, and teaching in Head-Start schools and schools for mentally retarded children, were explored and response was enthusiastically given.

1967 being the year for the sixty-second General Convention and Triennial Meeting, five women of the diocese went to Seattle as delegates to Triennial, returning home with a fuller understanding of the Episcopal Church and of its role in the urban and racial situation in the United States and filled with the desire to be more useful servants of the Church.

Surely it can be said that throughout the Diocese as a whole the Episcopal Churchwomen have had a year in which they were able to grow in insight, understanding and response.

DIOCESAN LITURGICAL COMMISSION

The Liturgical Commission of the Diocese has been particularly active during the past several months because of the Trial Use period for The Liturgy of the Lord's Supper (Prayer Book Studies XVII, Standing Liturgical Commission). Our task has been to implement the directions of the Bishop for liturgical usage in our Diocese.

Fifteen individuals, 9 priests and 6 lay persons, make up the commission at present. We have had three day-long study sessions on the Trial Liturgy with various members presenting papers on related subjects. One of these was a session, in conjunction with Operation Oasis, with Fr. Bonnell Spencer, OHC, a member of the Standing Liturgical Commission.

By the time this report is received we will have started on our evaluation period for The Liturgy of the Lord's Supper. Every communicant of the diocese will have been asked to complete the questionnaire distributed by the Standing Liturgical Commission, which we will evaluate and send forward.

COMMITTEE ON RESORT AND LEISURE-TIME MINISTRY

In a report to the 1967 Annual Diocesan Convention, The Reverend Herman Page suggested the possibility of a diocesan-level committee on resort and leisure. The following Fall such a committee was formed under appointment, advice, and counsel of Bishop Welles and Bishop Spears.

To date, the committee has met as an entire operating board three times: its initial organization meeting in November, 1967, at Camdenton, and planning meetings at Branson, February, 1968, and at Springfield, April, 1968. The committee meets at least quarterly, and at the call of the chairman. Between full committee meetings operations are on the sub-committee level. The work of this committee is considered to be a very real part of the missionary outreach of the Diocese of West Missouri, and uses the following working-statement of purpose as its basis of operation:

To assess and be conversant with the impact of increased leisure time and its resultant resort, vacation, and retirement attitudes and actions; to apply this spe-

cifically to existing, planned, and potential impact areas within the diocese; to become an active member of the Missouri Council of Churches' Committee on Resort and Leisure Time Ministry; and to cooperate whenever and wherever possible and feasible with their plans and programs.

From the 1968 Diocesan budget, a total of \$800.00 has been expended through the committee, in the form of judicatory support for two active and growing, ecumenical, summer ministry programs - one at the Lake of the Ozarks and one in the Table Rock Lake area. Each of the programs involves local Episcopal parishes and each was granted \$400.00 for the 1968 season. The tentative 1969 Diocesan budget has allotted \$1,750.00 to the operation of this committee: \$500.00 each to the Lake of the Ozarks and the Table Rock ministries; \$500.00 for possible program expansion, and \$250.00 for outreach and publicity.

The current committee organization is as follows: Chairman, The Reverend Wm. S. Smothers (Branson); The Reverend Richard Mason (Camdenton and Lebanon); The Reverend Brian Packer (Monett); The Rev. James Moon (Kansas City); The Reverend James Viggers (Grandview); The Reverend Carl Ling (Springfield); Mr. Peter Herschend (Branson); Mr. Warren Lansdowne (Monett); Dr. Holmes O. Wilbur (Sedalia); and Mr. Martin Stauber (Noel).

In large part the growth of the diocese will be measured by the growth of resort and retirement areas; and an expanding responsibility for ministry is tied to the rapidly growing tourism industry in our state. The work and outreach of this committee can only expand as the leisure revolt moves deeper into the life of our diocese.

Wm. S. Smothers,
Chairman

ARMED FORCES COMMITTEE

This committee continues to function as the liaison between the Diocese of West Missouri and the Armed Forces. Material originating with the office of the Bishop of the Armed Forces is circulated through this committee.

The new Armed Forces Prayer Book and Medals are available through this committee and may be obtained in any quantity through the Departmental office.

Wm. H. Magill, Chairman

THE DEPARTMENTAL OFFICE

Again, as in 1966, the year showed a steady increase in the volume of work produced by the office for the various departments.

In addition to the regular work of the office for all the departments, the Treasurer and the Secretary of the Diocese, the office handled all the issuance of invitations, collections of the money, etc., for the consecration of our Suffragan Bishop and the banquet.

We also issued the solicitations for funds and recorded all contributions for the Bishop's portrait.

Although the Metro-Kansas City Conference was held in January of 1968 all the invitations, collection of funds, printing of agenda and other publications relative to this conference were handled during 1967 with the exception of making refunds to those unable to attend the conference due to the inclement weather. In order to handle the volume of material associated with the Metro-Kansas City Conference it was necessary to employ overload help for several days to complete the issuance of the material within the time allotted.

We also printed several thousand letterheads for various missions to reduce their cost of printing.

During 1967 your manager assumed the task of writing up in the Cash Journal all receipts and disbursements for the Treasurer and to reduce the cost of our bookkeeping. We also installed the McBee system of recording cash receipts which enabled your manager to keep a day to day record of cash receipts and to expedite the issuance of quarterly statements to the church treasurers.

As an indication of the increase in our day to day operations we wrote 2702 checks for the disbursement of funds in 1967, whereas in 1966 only 1522 checks or an average of 225 per month versus 156 for 1966.

The amount of mail dispatched increased considerably. In 1966 we spent an average of \$55.74 per month, whereas in 1967 we averaged \$69.23 although we consolidated material in one mailing to the greatest extent possible.

It is not possible to estimate the number of telephone calls handled for the office and the Suffragan Bishop's office, although this duty subtracts considerable time from the other general work being performed in the office.

G. E. Nash,
Manager

ST. LUKE'S HOSPITAL

1967 has been a remarkable year for the chaplaincy program at St. Luke's Hospital. The regular program has continued to grow, and several important additions to the work have been made.

Every patient admitted to the hospital is seen at least once. Follow-up is made where indicated. This involves some counseling at the bedside in addition to at least 180 hours of counseling done in the office. 226 services were conducted in the chapel and 518 private administrations of Holy Communion were made in the rooms. 6 seminars were conducted with student nurses and 2 with house staff doctors.

Probably the most interesting addition to the regular work described above is the closed-circuit television. Actually, there has been a part of the unit here for several years, but it was not until Easter Day of 1967 that regular broadcast of the Sunday service from the chapel was begun. That has continued except for minor interruptions because of technical difficulties. In June of 1967 a gift of a TV tape recorder from the Hospital Auxiliary was received and trial use in a five day a week program of 30 minutes from the chaplain's office was made for two months and then continued regularly since October. Tape was made for some entertainment by visiting choral groups and the greetings of the Bishop and the administrator at Christmas time. Plans are under way for the making of other tapes of educational and orientational natures which can be used repeatedly.

The most helpful addition has been that of an associate chaplain. The Rev. Arthur J. Lockhart, who joined the staff in mid-September. His work has doubled patient coverage, increased the capacity for counseling load, and provided time and resources for reflecting upon the work of the chaplaincy and its improvement. Naturally, he has provided considerable assistance and support for the chaplain.

Through the continued efforts of the chapel altar guild (formed by members of the Hospital Auxiliary) numerous furnishings and appointments have been added to the chapel. However, the most useful gift was that of individual wood racks for Prayer Books and New Testaments in each room. These are tastefully made and finished in keeping with hospital decor. They have been effective in keeping these books where patients can see them and use them. Since they have been in use there have been many more comments about the helpfulness of the Book of Common Prayer.

ST. LUKE'S HOSPITAL

During the past year St. Luke's Hospital received the maximum, three year accreditation from the Joint Commission on Accreditation of Hospitals. This full accreditation pays tribute to our outstanding Medical Staff and our devoted personnel, and is an indice of the outstanding care provided by this fine hospital.

The hospital School of Professional Nursing also received full three year accreditation from the National League of Nursing during 1967. This is a fine achievement for the school and will help in its recruitment of student nurses and will also allow the school to become eligible for certain governmental operating grants.

New programs and services were implemented in 1967. Included among them were the departments of Service Managers, Volunteer Coordination and Social Service. Provisions were also made for an Employee Health Program. The hospital has become increasingly involved in automatic data processing. Also, the hospital has entered into research associations with Midwest Research Institute.

Recently several minor but necessary changes have been made to the physical plant of the hospital including the temporary location of data processing, remodeling and refurbishing of Pediatrics, relocation of the Physician's Lounge and the Medical Library, and the installation of new floor tile and corridor lighting in the South and Main buildings.

In 1967 the firm of Howard, Needles, Tammen and Bergendoff submitted to St. Luke's Hospital its report relative to the development of a medical center campus. Concurrent with this report was a Role and Program Study developed by the hospital consulting firm of Hamilton and Associates, to be used to guide the hospital and its Board of Directors in future planning. The Hamilton Report recommended additional beds and services and expanded facilities.

And so during 1967 St. Luke's Hospital continues to be very strong and very active. In the years ahead we will see further improvements in its services to others.

As always, your continued support and understanding are deeply appreciated.

Charles C. Lindstrom,
Executive Director

Donations have been made of another stained glass window as well as a mosaic behind the altar. Both of these will have been installed before the time of Diocesan Convention.

We are grateful for the help which has made this work possible and, proud of the expansion of the past year, look forward to continued development of the chaplaincy program in depth, in scope, and in excellence.

William N. Beachy,
Chaplain

REPORT OF
THE CHURCH PENSION FUND

General Convention in October 1967 authorized changes in the benefit structure of the Church Pension Fund effective in 1968:

1. Making 65 the normal retirement age rather than 68.
2. Allowing benefit (at reduced figure) on retirement down to age 60.
3. Relating clergy benefits to 10-year average salary rather than career average.
4. Basing widows' benefits on years from ordination to age 65 rather than years from later marriage to death or retirement.
5. Eliminating the 40 year ceiling in the number of years factor.
6. Increasing minimum benefits in normal cases from \$2,223 to \$2,500 for clergy and from \$1,482 to \$1,600 for widows.
7. Changing the \$1,000 lump-sum grant to widows to \$2,000 payable to any named dependent beneficiary or to the estate.

The benefit totals throughout the Church are as follows:

	Number	Amount
To retired clergy	1,164	\$3,166,079
To disabled clergy	88	245,761
To widows	1,614	2,515,883

Report of the Diocesan Council

(Abstract of Minutes: January, 1967 - April, 1968)

January 17: Announced 1968 Budget meeting for January 31. Reported possibility of purchase of house next door to Transfiguration, Min. Grove. Heard report of possible expense due to widening of Santa Fe Road, next to the Bishop's House. Heard progress report on acquisition of house for Suffragan Bishop. Announced completion of Vicarage (with Chapel in basement) for Ascension Mission, Springfield, at cost of \$23,000. Heard report of successful Winter Youth Conference by Christian Education Dept.

February 21: Created a reserve of \$5,000 to provide for expenses of Consecration of the Suffragan Bishop. Received copies of financial reports for 1966, from the Treasurer. Approved constitution and bylaws for new St. Mark's Ecumenical Parish. Passed resolution creating a committee on travel expense reimbursement policies. Approved revised budgets for 1967 and proposed budgets for 1968. Asked Bishop to appoint an Expansion Fund Review Committee. Heard progress report on housing for Suffragan Bishop.

Provided for repair and rental of a house on property for new mission in Southeast Independence. Received report of Evangelism Commission on coming diocesan-wide preaching mission. Heard report on coming season of Summer Camps and Conferences. Planned for participation in organizing of the new Metropolitan Inter-Church Agency to come into being July 1, 1967. Asked Vice-President to appoint a committee to investigate the matter of clergy not covered by hospital and surgical insurance. Passed resolutions providing office space and equipment for Suffragan Bishop at the Cathedral.

March 14: Appointment by Vice-President of a committee on travel expenses. Approved report of Committee Concerned for a Comprehensive Junior College in Kansas City. Appointment by Bishop Welles of Expansion Fund Review Committee. Report final recording of additional forty acres of land at Cliff Springs. Heard reports from Promotion Department on news releases on Suffragan Bishop's Consecration and of U. T. O. grant of \$25,000 for St. Mark's Ecumenical Parish.

Adopted proposed Diocesan and Mission Budgets for 1968 for submission to Convention. Reported leasing of property at 5229 Rockhill Road and in Southeast Independence. Heard progress report on housing for Suffragan Bishop. Asked the

Bishop and Urban Affairs Officer to investigate possibility of becoming a "Pilot Diocese." Elected interim representatives to Metropolitan Inter Church Agency. Heard report of Episcopal Church Women to send \$3,500 to Diocese of Nagpur. Heard progress report on Home for the Aging Chronically III.

April 18: Approved purchase of house at 841 Westover Road, Kansas City, Mo., for the Suffragan Bishop at cost of \$49,500; approved motion commending Mr. James Newell, chairman of the committee on housing for the Suffragan. Heard progress report from Stewardship Department. Introduction of proposal to enter into Project Equality, a program in which various churches encourage suppliers with whom they do business to practice fair employment.

Voted to continue cooperation in "Training for Ecumenical Action in Ministry." Heard proposal for possible merging of Epiphany Mission, Grandview, with St. Matthew's United Presbyterian - congregations would have a single building and many programs in common but retain separate identities. Referred to Finance Committee a request from St. John's, Kansas City, for a change in method of reporting Mission Quota delinquencies. Passed resolutions congratulating Bishop Welles on seventeenth anniversary of his Consecration and on his birthday.

May 16: Deferred until June meeting consideration of the matter of "Project Equality." Approved loan of \$2,500 from Expansion Fund to make repairs and improvements in mission property in Southeast Independence. Introduction of The Rt. Rev. Robert R. Spears, Jr., Suffragan Bishop, to the membership. Election of Bishop Spears as Vice-President of the Council. Heard from Bishop Welles an outline of duties to be assigned to Suffragan. Asked that Bishop Welles nominate chairman of Departments to be elected at the June meeting. Tabled proposal to endorse stand of the Council for United Action on the Middle School controversy in Kansas City.

Provided for a committee to investigate the Middle School matter and methods for integration of our own church and congregations to report back in September or October. Received Treasurer's Report for first quarter, 1967. Received report on coverage by communications media of the Consecration of the Suffragan Bishop. Asked the Urban Affairs Department to report in October on methods which might be employed to implement the program of renewal called for by the Bishop in his Convention address. Announcement made of legal corporate name given to "Episcopal Convalescent Home." Appointment of a planning committee announced by Bishop to report back in June.

June 13: Approved recommendation of planning committee that a two-day Council meeting primarily for long-range planning be held in October; and provided for drawing up of an agenda. Spent two hours in hearing presentations on and discussing the matter of "Project Equality," finally voting to table the matter. Asked Bishop to appoint a committee to further study Project Equality and to report its findings by October 20. Accepted Finance Committee's recommendation that no change be made in method of reporting Mission Quota delinquencies. Created a reserve to provide for payment of an oil portrait of the Bishop. Elected those persons nominated by the Bishop to be heads of Council Departments.

Received the Bishop's appointment of Council members to various Departments. Heard Suffragan Bishop's explanation of procedure in using Agenda Request forms in future bringing of business before the Council. Approved plans for expansion of the Vicarage at Redeemer, Kansas City, where the Rev. James S. Masters has been appointed new Vicar. Received Stewardship Department's report indicating an ebb-tide in giving to the Church due in part to involvement in controversial matters. Asked the Secretary to send a letter to the Dean thanking an anonymous donor for making possible television coverage of the Suffragan's Consecration.

September 12: Dropped the Middle School matter since the Kansas City School Board had dropped it. Heard progress report from Project Equality Committee. Received news of appointment of the Rev. Carroll Barbour as Vicar of Liberty and Blue Springs. Authorized expenditures to paint the Bishop's residence and provide for moving of fence and shrubs if Santa Fe Road is widened.

Heard report from Property Department on: hiring legal council in matter of road widening by Bishop's house; final cost of \$6,400 for addition to Vicarage at Redeemer, Kansas City; and the possible acquisition of a house next door to Transfiguration, Mountain Grove. Created a committee to determine ways of supporting the work of the Christian Education Department's camps and conferences. Discussed plans for the two-day planning session in October. Authorized hiring of a full-time Chaplain at Southwest Missouri State College in Springfield, beginning January 1, 1968.

October 20-21: Spent a day and a half discussing:

- (1) Define Diocesan Council.
- (2) Define Episcopal leadership.
- (3) Need for clarification of operating procedures:
a. Agenda

- b. Bylaws
- c. Steering Committee
- d. Regular periodic evaluation
- e. Clearer communication of key decisions

- (4) How do we handle "area problems?" What do we mean by area problems?

Came to a number of conclusions as a result of having engaged in large and small group discussions, some of which conclusions were implemented immediately. Heard report of the Urban Affairs Department on methods of carrying out the Bishop's call for Diocesan re-evaluation; took no action at this time.

November 21: Appointment of Edward S. Washburn as Chairman of the Finance Department. Announced budget revision meeting for 1968 about January 23. Authorization for sale of 6½ to 7 acres of southeast Independence property. Discussion of possibility of future acquisition of house and lot next door to Church of the Transfiguration, Mountain Grove. Distribution of Interim Report from Department of Stewardship. Authorization to extend remaining \$2,000 of loan to Christ Church, Warrensburg, for an additional two years at 2% interest. Hiring of firm of Peat, Marwick, Mitchell and Co., to audit Diocesan books.

Heard Treasurer report delinquencies in Quota collections of nearly \$40,000. Approved "Position Paper on Public Education" prepared by Middle School Committee. Authorized \$5,000 worth of group life insurance on each active priest in the Diocese to be paid for by Diocese at cost of about \$2,500 per year. Approved meeting dates of Steering Committee and Diocesan Council for 1968. Inclusion of grant-in-aid for ecumenical student work at Missouri Southern College, Joplin, in College Department's budget. Anticipation of future action and referral items in the area of ecumenical relations and related areas.

December 12: Defeated by vote of 7 to 14 a resolution which would have implemented entering into Project Equality as previously authorized by Diocesan Convention. Approved resolutions requesting the Bishops to create committees to:

- (1) devise a program of education for the Diocese on the subject of Fair Employment, and
- (2) to investigate discrimination in labor unions and report results to Council.

Passed resolutions in the area of ecumenical relations having to do with:

- (1) general ecumenical policy and administration;
- (2) electing Fr. Lembecke a Cabinet member of the Metropolitan Inter-Church Agency;
- (3) electing the Rev. Lewis Johnston alternate member of the MICA Cabinet;
- (4) designating Fr. Lusk to represent the Diocese in coordination of relationships with the Missouri Council of Churches; and
- (5) requesting the Suffragan Bishop to appoint representatives from the Diocese to MICA Task Forces.

Approved a statement on the responsibility of department and committee chairmen. Elected the Rev. Donald E. Becker Assistant Secretary of the Diocese. Passed a resolution requesting parishes and missions to have Parish Registers microfilmed at the Kansas City Library. Announced resignation of the Rev. Samuel S. Johnston as Chairman of M.R.I. and World Mission.

Heard of temporary postponement of placing chaplain at Southwest Missouri State College, Springfield. Received invitation from the Methodist Church regarding possible future development of property in Clay County on an ecumenical basis. Heard progress report on Chair of Bible at Central Missouri State College, Warrensburg. Authorized Properties Department to accept gift of a house to the Diocese by a member of St. Andrew's, Kansas City, if the department thinks it feasible.

January 9: Treasurer reported situation much improved in collection of 1967 Mission Quotas. Approved Resort and Leisure Time Committee's resolution authorizing active participation in the ecumenical Lake of the Ozarks and United Lakes Ministries for 1968 (withholding \$800 financial contribution approval until February). Approved authorization for Properties Department to accept gift to Diocese from a St. Andrew's, K. C., member, of another house in place of the one mentioned in the December minutes, with credit going to the donor's D.A.C. pledge. Passed a motion authorizing replacement of furnace in Vicarage at Marshall, for \$860.24, to be loaned from Expansion Fund for 90 days until expected legacy is received.

Voted to appoint a committee to negotiate purchase of house next door to Church of the Transfiguration, Mountain Grove for \$4,500 (\$1,500 from congregation; \$1,500 from commercial loan and \$1,500 loaned from Expansion Fund). Approved resolution directing Diocesan Treasurer to set aside 35% of all D.A.C. collections in a separate account solely for the "Episcopal Convalescent Center." Heard encouraging report on Camp and Conference Program of the Department of Christian

Education from five young people who have attended Conferences. Approved expenditure by Departmental Office of \$550 over the 1967 budget for institution of new bookkeeping system now in operation.

Turned down proposal of St. Nicholas', Noel, to forgive half of \$13,000 Expansion Fund loan as suggested by a foundation which would have supplied the other half. Heard report of Bishop Spears on MICA and approved participation in new Task Force on "Health Planning." Approved use of a proposed "Diocesan Calendar" which would be printed by Conception Abbey Press and distributed free-of-charge, due to a small advertisement, through all parishes and missions of the Diocese.

February 20: Adopted revised Diocesan and Mission Budgets for 1968; Diocesan Budget virtually unchanged; Mission Budget cut by \$30,000 (\$25,000 from Expansion Fund) due to failure to obtain sufficient quota commitments by congregations. Defeated motion to delete Urban Affairs item from budget; approved amendment to increase College Work budget by \$2,100. Approved proposal for financing expenses of the Bishop and Suffragan Bishop to Lambeth Conference. Directed the Treasurer to credit and transfer to the D.A.C. funds investment income, earned on funds set aside for the Episcopal Convalescent Center.

Allocated \$10,000 from D.A.C. funds to M.R.I. Project IC/67/8, in the Diocese of Nagpur, India. Heard report of Expansion Fund Review Committee; recommendations for action later. Approved printing of brochure on Wills to be distributed through Diocesan mailing list. Approved motion of commendation of the Rev. Donald E. Becker for brochure on Evangelism.

Voted supplementary appropriation of \$400 to MICA for 1968, to be paid by contribution from St. Andrew's, K.C., formerly sent directly to the Agency. Voted to reconsider December action which had defeated participation in Project Equality; approved overwhelmingly participation in Project Equality by the Diocese of West Missouri. Heard report on suggested bylaws for Episcopal Convalescent Center. Rescinded January action regarding gift of house to Diocese; approved acceptance of first mortgage on said house.

Approved payment of \$587.50 in legal fees in lawsuit which Diocese and other property owners won in matter of widening Santa Fe Road, next to the Bishop's house. Heard report on Metro K. C. Conference; passed resolution commending leaders of same. Received report on participation by congregations in Diocesan camps and conferences for past five years. Received proposed set of guide-lines to be followed when making public

statements or sending letters or telegrams from individuals, officers and departments.

March 19: Adopted proposed 1969 Diocesan and Mission Budgets to be referred to Diocesan Convention. Received Treasurer's Reports for 1967. Allowed Properties Department to negotiate for house next to Transfiguration, Mountain Grove, for not more than \$5,500 - one-third each from mission, Expansion Fund, and commercial loan. Approved allocation of funds remaining from Metro Kansas City Conference to be used by an Action Follow-Up Committee. Adopted a resolution dealing with travel expense reimbursement.

Voted to increase Christian Education 1968 budget by \$720 to make possible the Winter Conference for senior high students - such funds to come from Expansion Fund budget item, if necessary. Announced survey of clergymen in Diocese not now covered by Diocesan Blue Cross - Blue Shield program. Voted to distribute periodic Newsletter from Executive Council in New York City, by sending bundles to parishes and missions for their use. Approved proposed Bylaws for Episcopal Convalescent Center. Asked Commission on Evangelism to study proposal for establishing a Department of Evangelism.

Acted concerning open housing: commended Mayors of the two Kansas Cities for their interest in fair housing case now before Supreme Court; unanimously urged support of principal of fair housing as embodied in the Fair Housing Ordinance of Kansas City, Missouri. Suggested that congregations in the Diocese seriously consider giving Lenten Missionary Offering Box contents to work in Nicaragua and Taiwan, where priests formerly of West Missouri are now working. Heard progress report on the Ecumenical Student Center at Southwest Missouri State College at Springfield. Postponed until April, possible action concerning construction of a dining hall at the Cliff Springs Conference Center, which would seat 75 to 80 persons, and cost between \$8,000 and \$10,000.

April 16: Listened to detailed report of events during civil disorders in Kansas City, taking place during Holy Week, in the wake of the assassination of Dr. Martin Luther King, Jr. Began distribution of questionnaires on the Trial Use Liturgy. Turned over collection of payments on property at 33 Highland, Kansas City, Mo., to First National Bank of Kansas City.

Took initial steps toward possible acquisition of a Vicarage for Church of the Messiah, Liberty, at a cost of \$18,500 plus. Received report of purchase of the house next door to Transfiguration, Mountain Grove, for \$5,500. Heard plans for Special General Convention at Notre Dame University, from August

31, 1969 to September 5, 1969. Received results of survey on Blue Cross-Blue Shield coverage of clergy in the Diocese, showing that only one is not now covered.

Approved plans for construction of a dining hall at the Cliff Springs Conference Center, to seat 75 to 80 persons, at a cost of \$8,000 to \$10,000 to be paid for out of Expansion Fund. Received set of suggested guidelines for handling of outstanding and future Expansion Fund loans - possible action in May. Heard progress report on the new Ecumenical Student Center at Southwest Missouri State College, Springfield.

Your Church Says . . .

The Minister is ordered, from time to time, to advise the people, whilst they are in health, to make Wills arranging for the disposal of their temporal goods, and, when of ability, to leave Bequests for religious and charitable uses. - Rubric, The Book of Common Prayer.

FORM OF BEQUEST

"I give, devise and bequeath to the Diocese of West Missouri, an Episcopal Church Corporation of the Protestant Episcopal Church in the United States of America, the sum of _____ Dollars for its endowment fund to be invested and re-invested and the income only used for its corporate purpose."

If the donor wishes the bequest to be a perpetual memorial, this form may be used:

"I give, devise and bequeath to the Diocese of West Missouri, an Episcopal Church Corporation of the Protestant Episcopal Church in the United States of America the sum of _____ Dollars, for its endowment fund, to be designated and known as _____ Fund; the same to be invested and re-invested and the income only used for the corporate purposes of said Diocese."

In making a will it is always advisable to have the advice of a lawyer even if it is only for the purpose of seeing that it is properly signed and witnessed. The above forms of bequest are suggested for use in the State of Missouri only and do not constitute a complete will, but only a portion thereof. The Chancellor and Vice Chancellor are available at all times, without charge, to assist and advise you for Bequests for religious and charitable uses.

RULES OF ORDER

Governing the Conduct of Business at Meetings of the Convention of the Diocese of West Missouri

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.
2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.
3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.
4. All Committees shall be appointed by the President unless otherwise ordered.
5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.
6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.
7. No member shall absent himself from the session of the House unless he have leave to attend to other business.
8. A member, other than the chairman of a Committee whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.
9. Any member of the House may call for a vote by ayes and nays.
10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.
11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been of-

ferred. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minutes for the purpose of explaining its object.
13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.
14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.
15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.
16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.
17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.
18. The names of movers of resolutions shall appear upon the minutes of the Convention.
19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.
20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.
21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

PROCEEDINGS OF THE CONVENTION

Sunday, May 4

The 80th Annual Convention of the Diocese of West Missouri was called to order by the President, the Rt. Rev. Edward R. Welles, D.D., S.T.D., in St. George's Church, Kansas City, at 4:00 p.m., May 4, 1969. The Bishop led the assembled delegates in opening prayers for the work of the convention.

After the Secretary announced that a quorum was present in both orders the Bishop proceeded with the Order of Business.

The Bishop expressed his desire to let any member of the convention speak providing his remarks are in good taste, providing he does not take too long, and providing what he has to say has not been said a short time before. He was emphasizing the fact that he wants the convention to be open and that business be not railroaded. He explained his desire to conduct business expeditiously so that the time of delegates is not spent unwisely, adding that it would be possible for him to remain in the sessions of the convention for a number of days if necessary.

The Bishop directed the Committee on Dispatch of Business, of which Mr. Clark Hampton is chairman, to meet immediately.

Mr. Harry Girton nominated the Rev. Canon William E. Lusk for Secretary of the Convention and he was elected. The Secretary nominated the Rev. Donald E. Becker to be Assistant Secretary and he was elected.

It was announced by the Bishop that Mr. Grant Cowherd, Chairman of the Committee on Convention Offerings, has asked for a meeting of this committee immediately upon adjournment of the meeting this afternoon. The report of this committee will be read at the banquet on Sunday evening.

At this point the Bishop gave instructions to Mr. Hearne Christopher, Chairman of the Committee on the Bishop's Address, and announced where this committee would meet. He appointed the Rev. Dr. S. S. Johnston to be the Chairman of the Committee on Resolutions in the place of Mr. Ray Aton who was unable to attend the Convention, and then announced when and where this committee would meet. The Bishop noted the change in the chairman of the Committee on the Meeting Place of the Next Convention from Dr. William C. Garton of Sedalia to Mr. Douglas Kneibert.

The Bishop noted the appointment of chairmen of the other Convention Committees.

A welcome was given to the Convention by the host Rector, the Rev. George G. Swanson of St. George's Church, who made several announcements.

The Bishop explained to the convention that the Presiding Bishop has asked that each Diocese send to the Special General Convention in addition to their regular voting delegates three other delegates who will have the right of entering into the discussion but not the voting, one a woman, another a representative of an ethnic minority group, and a third to be a representative of youth. This special convention will be held from the 31st of August through the 5th of September on the Campus of Notre Dame University in South Bend, Indiana. Our three additional delegates will be Mrs. William Davidson, President of the Episcopal Churchwomen of the Diocese of West Missouri, the Rev. Edward L. Warner, Rector of St. Augustine's Church, and a youth member whom the Bishop will appoint upon the recommendation of some member(s) of the Diocese.

Mr. Clark Hampton, of Christ Church, St. Joseph, presented the report of the Committee on Dispatch of Business.

1. That the first order of business on May 4 be the nominations for the various elective offices and deputies to General Convention,
2. That all matters of referral (resolutions, etc.) be submitted during the afternoon of May 4,
3. That the Convention continue with business as indicated in the "Rules of Order" as far as possible,
4. That the Convention recess as near to 5:00 p.m., as possible so that Delegates may prepare for the Bishop's Reception at 6:00 p.m., and the Banquet at 6:30 p.m., in the undercroft of St. George's Church,
5. That the Convention gather on Monday, May 5, at 7:30 a.m., at St. George's Church for the Annual Diocesan Celebration and Offering of the Holy Eucharist,
6. That the Convention re-convene at 9:00 a.m., May 5, at St. George's Church,
7. That the next Order of Business be the address by the Suffragan Bishop,
8. That the balloting for elective offices and deputies to General Convention follow the Suffragan's address,
9. That the Rules of Order be followed as far as possible for ensuing business.
10. That the morning session recess at 12:45 p.m., to have lunch in the undercroft of St. George's Church,
11. That the Convention adjourn sine die as soon as possible thereafter.

Clark Hampton, Chairman

Mr. Hampton moved and it was seconded that the report be accepted as read. Motion carried.

The next Order of Business was the introduction of resolutions with subsequent referral. The Rev. David C. Patrick read a resolution for a proposed Canonical change as follows:

- I. At the present time the diocesan Canons discriminate against worker and non-stipendiary priests. Canon I, Section 3 reads: "The clergymen canonically resident in the Diocese for six

months, whose names appear in the list provided for in Section I of this Canon, except such as are engaged chiefly in secular work, shall be entitled to seats and votes in the Convention as clerical members thereof."

I move, therefore, that this Canon be amended by the deletion of the words "except such as are engaged chiefly in secular work."

I also move to have first reading on the deletion of the same phrase from Article VIII, Section 1, of the Constitution.

The resolution was referred to the Committee on Constitution and Canons.

The resolution pertaining to funds from the DAC providing for a Home for the Aging and Chronically Ill was presented by Bishop Spears, but not read because all members of the Convention had already received copies of it. It is as follows:

II. WHEREAS, THE DIOCESAN ADVANCE CAMPAIGN conducted during the Spring of 1966 had as one of its principal goals, an allocation of \$150,000 for a Home for the Aging Chronically Ill which was further defined in the campaign literature as an extended care facility which would qualify for Medicare benefits, and

WHEREAS, THE DIOCESAN ADVANCE CAMPAIGN collections should be concluded on or shortly after June 30, 1969 and the original campaign goals will all have been equaled or exceeded by that date, and

WHEREAS, The Diocesan Council has considered a proposal for the construction of such a facility in Carthage, Missouri, consisting of approximately 80 beds depending upon actual construction costs determined by a competitive letting, and has recommended that this proposal be acted upon favorably by this Convention, NOW THEREFORE BE IT RESOLVED, That the 90th CONVENTION OF THE DIOCESE OF WEST MISSOURI authorize the Diocesan Council to engage an architect for the purpose of preparing formal plans and specifications which will enable a group of qualified general contractors acceptable to the prospective lender to bid on the construction of an extended care facility at Carthage, Missouri, and if after this phase of planning has been accomplished, such a project is financially feasible in terms of private long term borrowing by the independent corporation to be established for this purpose, such borrowing not to be guaranteed by the Diocese of West Missouri, that the Diocesan Council be authorized to disburse the balance of the Diocesan Advance Campaign allocation in due course as this project requires.

The resolution was referred to the Committee on Resolutions.

Mr. Edward T. Matheny, chairman of the Committee on Constitution and Canons, read for the second time, a proposed change to Article VIII, Section 1 of the Constitution as follows:

III. Perpetual Deacons, canonically resident in this Diocese, shall have voice and vote except that in case of a vote by Orders they shall have no vote.

He read for the first time an amendment to Article XIV, Sec. 1, as follows:

IV. The Standing Committee shall consist of four Priests and four laymen who are eligible to seats in the Convention and who shall be elected by concurrent vote of both Orders to serve for terms of two years.

Mr. Matheny read an amendment to Canon XII, Section 1, as follows:

V. Fifty or more actual communicants, of legal age, at least five of whom shall be males, residing in this Diocese, desiring to organize a Parish, shall make written application to the Bishop and to the Standing Committee stating the name of the proposed Parish, and that they are residents of the Diocese of West Missouri, and give evidence that for three fiscal years immediately prior to date of application they have been self-supporting, with all assessments and quotas paid in full, and that they are attached to the doctrine, discipline, and worship of the Protestant Episcopal Church in the United States of America, and will submit and conform to the same, and also to the Constitution and Canons of the General Convention and of this Diocese, and will not erect, without consent of the Ecclesiastical Authority, a place of worship at any point within one mile of the place of worship of any other Parish or Congregation of this Diocese, or of land acquired by any other Parish or Congregation of this Diocese for the erection of a place of worship, and that they are able and willing to meet all of the assessments that may be levied upon them for the support of the Church and of this Diocese.

Mr. Matheny then read a resolution regarding St. Peter's Parish from the January 10, 1969 minutes of the Standing Committee as follows:

VI. WHEREAS: the Standing Committee was and still is of the impression that St. Peter's Church has been admitted into union with the Diocese as a parish. And whereas some question has been raised as to whether all of the technical formalities have been complied with under the Canons and Constitution in connection with the admission of St. Peter's into union with the Diocese as a parish and the Standing Committee wants to reiterate its approval of the formation of St. Peter's parish and its whatever steps are necessary to correct the records, if any need be corrected, to the end that all legal formalities are complied with in this connection.

THEREFORE: be it resolved that the Standing Committee reaffirms its prior action in recommending and recognizing the organization of St. Peter's parish as a parish and its union with the Diocese and agrees to take whatever steps necessary, if any, to correct or amplify the records of the Diocese in connection with such formation and admission insofar as it is able to do so.

The next resolution is one prepared specifically for this Convention to reaffirm its action regarding St. Peter's parish. It is as follows:

VII. RESOLVED, That this Convention does hereby acknowledge, declare and confirm (a) That, St. Peter's Episcopal Church of Kansas City, a Missouri Corporation under pro forma decree of incorporation of the Circuit Court of Jackson County, Missouri, at Kansas City became a parish of the Diocese of West Missouri on January 1, 1969, (b) That, by Resolution duly adopted by the 79th Annual Convention of the Diocese of West Missouri said St. Peter's Episcopal Church of Kansas City was, effective January

1, 1969, admitted into union with said Diocese as a parish, and (c) That, said St. Peter's Episcopal Church of Kansas City is now and at all times since January 1, 1969 has been a parish duly admitted as such into union with the Diocese of West Missouri.

The Rev. Peter M. Sturtevant read two resolutions, and they were referred to the Committee on Resolutions. They are as follows:

VIII. WHEREAS most parishes and missions in the Diocese of West Missouri have their Every Member Canvass in the fall of the year and therefore are not able to accurately know in May the amount of their anticipated income for the following year and

WHEREAS some delegations wishing to be as cooperative as possible will be tempted to offer an acceptance quota figure which could prove to be in excess of what they actually will be able to give and will actually give, and

WHEREAS some delegations not being able to accurately anticipate their income for the following year will naturally be tempted to give a figure of quota acceptance which will be quite conservative and therefore will offer an amount considerably less than their potential and

WHEREAS for the above mentioned reasons the Finance Committee of the Diocese will not be able to have a reasonably accurate quota acceptance figure by which to determine a Proposed Budget.

BE IT RESOLVED THEREFORE that instead of asking for quota acceptances in the month of May preceding the fiscal year in question that every parish and mission in the Diocese of West Missouri be asked to notify the Chairman of the Department of Finance not later than December 15, 1969, setting forth the amount of their quota acceptance for the following year.

IX. WHEREAS the fiscal year for the Diocese of West Missouri now is from January 1st to December 31st, and

WHEREAS the vote in May at the Diocesan Convention accepting the working annual budget for the Diocese for the following year comes at a time which creates a number of serious difficulties in terms of a wise and intelligent operation of the Diocesan budget by reason of the fact that during a long period of seven months before the beginning of the fiscal year a number of facts and changes can alter the giving capacity of parishes and missions,

BE IT RESOLVED THEREFORE that the Fiscal Year for the Diocese of West Missouri be from June 1st to May the 31st of each year.

Mr. Richard Porterfield of Grandview read a resolution as follows:

X. RESOLVED, Article VIII, Section 6, of the Constitution of the Diocese of West Missouri which now reads:

"No Lay Delegate shall be entitled to a seat in the Convention, or to take any part in the deliberations thereof, until the Parish or Congregation which he represents has paid in full all assessments duly levied against such Parish or Congregation for the next preceding and prior calendar years, unless the Convention then in session shall remit or extend the time of payment of such delinquent assessments."

Shall be changed to read as follows:

No Lay Delegate shall be entitled to a seat in the Convention, or to take any part in the deliberations thereof, until the Parish or Congregation which he represents has paid in full all Diocesan Assessments duly levied and Mission Quotas assigned to such Parish or Congregation for the next preceding and prior calendar years, unless the Convention then in session shall remit or extend the time of payment of such delinquent assessments and quotas.

This resolution was referred to the Committee on Constitution and Canons.

The Rev. Gerald L. Claudius presented a resolution, which was read by the Secretary, as follows:

XI. WHEREAS, the Diocese of West Missouri has been faced with serious shortages in the meeting of our 1969 Mission Budget and will undoubtedly face the same situation in meeting our 1970 Budget due in part to the inability of Parishes and Missions to accept their asking Quotas, and

WHEREAS, the above shortages will bring about the closing of some Missions and the doubling up of others, leading to a curtailed ministry to the people of our Diocese, and

WHEREAS, if this condition is allowed to continue it will mean that our area of our Lord's vineyard will suffer immeasurable losses that will in turn result in even larger spiritual and financial losses in the future, and

WHEREAS, it behooves us to seriously and diligently consider the monies available for our own local mission work as over against the request and asking of our National Church,

BE IT RESOLVED that our Diocese discount the asking amount of our National Church by the identical percentage determined by the shortage of our Mission pledges in relationship to our proposed Mission Budget for our Diocese, and

BE IT FURTHER RESOLVED that our Diocese convey to our National Church Executive Council that this action is taken with the prognostication that if the 'Grass roots' life of the Church is neglected and ignored that we will have little hope for the seed and future crops due our Blessed Lord in the Diocese of West Missouri.

This resolution was referred to the Committee on Resolutions.

The Secretary then read a resolution proposed for action by the Diocesan Council on March 18, 1969, as follows:

XII. WHEREAS, The Diocese of West Missouri does hold its annual Convention in May of each year and as one of its principal items of business does adopt annual budgets which outline and commit the Diocese to programs for the ensuing year; and

WHEREAS, Past practice has dictated that the Secretary of the Diocese, during the fall following Convention, has formally notified each parish and mission of the Diocese of its mathematical share of the budget by virtue of the previous action of the duly elected delegates at Convention; and

WHEREAS, Upon receipt of this formal notice from the Secretary, the individual vestries and Bishop's committees have been

requested to respond on or before December 31st as to whether they have accepted the quota askings already approved by Convention; and

WHEREAS, Past practice has indicated that such replies to these quota askings are rarely complete before January 31st of the following year at which time the Diocesan Council may find it necessary to alter substantially the previously accepted budget which has already been in operation for thirty to sixty days, making it exceedingly difficult to change if the resultant pledges are not substantial acceptances of each parish's and mission's proper share;

NOW THEREFORE BE IT RESOLVED, That the vestries and Bishop's committees represented at Convention henceforth beginning with the 80th Annual Convention of the Diocese of West Missouri, be informed in advance that upon adoption of the budgets for the ensuing year, their individual delegations will be asked by roll call to commit themselves to a specific dollar amount with respect to their Diocesan Assessment and Missionary Quota.

This resolution was referred to the Committee on Resolutions.

The Bishop called for nominations to the General Convention to be held in Houston, Texas in 1970. Nominations as follows:

Nominations were in order for delegates to the Provincial Synod to be held this fall in San Antonio, Texas. The Bishop explained that six individuals in each order are eligible for election, but that due to the financial situation in the Diocese only the first delegate in each order will be reimbursed for his expenses. Others must go at their own expense. Following some hesitation in the nominations, it was moved and seconded that the Bishop appoint the delegates to the Provincial Synod, and the motion carried to the delight of the convention. Names of the delegates to Provincial Synod will be found in this Journal in the Directory.

Bishop Welles recognized the Rev. John B. Matthews, retired clergyman of the Diocese.

New clergy in the Diocese were introduced, including the following: The Very Rev. Eugene G. Malcolm, Dean of Grace and Holy Trinity Cathedral, Kansas City; the Rev. George G. Swanson, Rector of St. George's Church, Kansas City; the Rev. Peter M. Sturtevant, Rector of St. Paul's Church, Kansas City; the Rev. The Delegates to Convention and other members of the Diocese met for the Annual Diocesan Banquet in the undercroft of St. George's Church. Following the banquet Mr. Grant Cowherd, Chairman of the Committee on Offerings of the Convention made a motion, according to the recommendation of the committee, that the offering at the evening service and at the Eucharist to be held on Monday morning be designated for the construction of the A-frame buildings at the Cliff Springs Conference Center. The motion was seconded and carried.

Following the service of Evening Prayer and the Bishop's Address in St. George's Church, the Bishop presented the following awards: Mr. Calvin Manon of St. George's Church, Kansas City and Prof. George A. Vaughan of St. Mary's Church, Fayette received the Bishop's Cross. Mr. Roger L. Ewing of All Saints' Church, Kansas City and Mr. James W. Newell of St. George's Church, Kansas City received the Bishop's Medal. The Very Rev. Eugene G. Malcolm, Dean of Grace and Holy Trinity Cathedral, Kansas City and the Rev. David C. Patrick, Rector of St. Philip's Church, Joplin were presented the Tippet Award.

Monday, May 5

Members of the Convention and other members of the Diocese met in St. George's Church on Monday morning at 7:30 a.m., for the celebration of the Holy Eucharist. The Rt. Rev. Edward R. Welles, Bishop of the Diocese, was the celebrant for the Eucharist, and he was assisted by the Rt. Rev. Robert R. Spears, Jr., the Suffragan Bishop, the Rev. George G. Swanson, Rector of St. George's Church, and the Rev. Orris G. Walker, Episcopal Clergyman at St. Mark's Church. Breakfast followed in the undercroft of the church.

The Bishop called the convention to order in the church at 9:00 a.m., and the first order of business was the annual address of the Suffragan Bishop: The Rev. Richard D. Brigham, Rector of Grace Church in Chillicothe, and a new clergyman in our Diocese, was introduced.

First ballots for the election of clergy and lay delegates to the 1970 General Convention, for clergy and lay members of the Standing Committee, and for clergy and lay members of the Diocesan Council were distributed under the supervision of Mr. Frank Koger, Chairman of the Elections Committee.

The report of the Chancellor of the Diocese, the Hon. Robert W. Wagstaff, was read at this time. Action on the resolution which was included in this report was delayed until later in the Convention.

The report of the Treasurer was submitted by title, copies of which were distributed to members of the Convention, and

the Auditor's report made available to anyone desiring one at the Secretary's desk.

Mr. Roger L. Ewing was nominated for Treasurer of the Diocese. It was moved and seconded that the Secretary cast a unanimous ballot for Mr. Ewing as Treasurer of the Diocese.

Under the order of unfinished business, Mr. Grant Cowherd reported for the Offerings Committee, that the Convention Offerings amounted to \$806.65, and that it had been allocated to Cliff Springs Conference Center for A-frame buildings.

Mr. Richard Porterfield, Bishop's Warden of Church of the Epiphany in Grandview, made remarks about the closing of Church of the Epiphany, and asked that it be done legally, showing that it was exclusively not the fault of the members of Epiphany. Bishop Spears, Mr. William E. Dodd of Liberty, and Mr. Peter Updyke of Excelsior Springs spoke to these remarks. A resolution was offered by the Rev. Howard C. Rutenbar, of Christ Church, St. Joseph, that Epiphany, Grandview be closed as of June 30, 1969. It is as follows:

XIII. WHEREAS the judgment of the Diocese in establishing the Church of the Epiphany in Grandview was thought to be a wise one at the time of its conception; and

WHEREAS this judgment now seems to have been wrong; and WHEREAS in this time of financial crisis in the diocese; Therefore,

BE IT RESOLVED, That this 80th annual convention of the Diocese of West Missouri approve the recommendations of its Diocesan Council meeting on Tuesday, March 18, 1969 at the Cathedral of Grace and Holy Trinity in Kansas City. This recommendation being that the Church of the Epiphany in Grandview be closed, deconsecrated, and the property sold as of June 30, 1969.

This resolution, as indicated by a voice vote, did not pass. Bishop Spears then spoke for the resolution, and a standing vote was asked for. Resolution was adopted, aye 117, nay 44.

The next item of business was the presentation of the 1970 budget by Mr. Atwood, Chairman of the Finance Department, for debate and adoption. Father Patrick moved that those resolutions that were presented and pertain to the budget be presented now. Father Moon seconded the motion and it carried unanimously.

The Rev. Canon S. S. Johnston, Chairman of the Resolutions Committee, moved the adoption of Roger Ewing's resolution, indicated as number XI in the order of presentation yesterday. This resolution was spoken to by Mr. Peter Updyke, Mr. Norman Hillyard, Mr. Reed Bailey, Father Moon, Father Peter Sturtevant, and Mr. Roger Ewing. The resolution, by stand-up vote, was adopted, aye 128, nay 67.

Mr. Frank Koger reported on the first ballot of Deputies to General Convention. The following were elected: Mr. Roger

Ewing, the Rev. Peter Sturtevant, the Rev. David C. Patrick, and the Rev. Canon S. S. Johnston, D.D.

Dr. Blaine Z. Hibbard presented a resolution that, after four lay persons and four clergy have been elected as Deputies to General Convention, the alternate Deputies be elected not by orders, but by the highest number of votes, adding the votes in both orders together. This resolution passed. The second ballot for General Convention was distributed.

The Bishop asked that the chair be turned over to Bishop Spears.

The following were elected to Standing Committee on the first ballot: Mr. William Bundschu and the Rev. Brian J. Packer. The second ballot for Standing Committee was distributed.

The following were elected to Diocesan Council on the first ballot: the Rev. J. Douglas McGlynn, the Rev. W. Sherman Smothers, the Rev. Edward L. Warner, Blaine Z. Hibbard, M.D., and William L. Atwood. The second ballot for Diocesan Council was distributed.

The Rev. Canon S. S. Johnston reported for the Committee on Resolutions, that the resolution from St. John's Church, Kansas City, which is Number 10 in yesterday's order of presentation, is not recommended for approval. Canon Johnston so moved and motion was seconded. Father Claudius spoke to this resolution. A standing vote was called for, aye 118, nay 55. Motion carried, which means agreement was reached with the recommendation of the Committee on Resolutions.

The resolution regarding obligatory nature of quotas, which is number IX in yesterday's order of presentation, was explained by Mr. Matheny. The Committee on Constitution and Canons recommended against it. Mr. Matheny so moved, and it was seconded. There followed some discussion including an amendment to the resolution offered by Father Lembecke. The chair ruled the amendment out of order and called for the question. The resolution was defeated.

Mr. Ewing asked that the resolution regarding a change in the fiscal year, which is number VIII in yesterday's order of presentation, be referred to Diocesan Council with report back to Convention next year. Matter so referred.

Mr. William Atwood, Chairman of the Finance Department, presented the Diocesan Budget for 1970. He moved its adoption and it was adopted unanimously.

Bishop Spears turned the chairmanship of the Convention back to Bishop Welles.

The 1970 Mission Budget was presented and moved for adoption by Mr. Atwood subject to the roll call for Mission Quota pledges.

The Report of the Second ballot showed the election of Mr. Frank Koger as deputy to General Convention. No one was elected to Standing Committee or Diocesan Council on this ballot. The third ballot was distributed.

Discussion continued regarding the Mission budget. Mr. Norman Hilliard moved to amend the motion on Mission Budget that the roll call be taken before the vote on the Budget. The amendment was not seconded. After more discussion Father McGlynn called for the question. The ayes carried the vote on the Mission Budget and the Secretary proceeded to call the roll for acceptance of Mission Quotas.

The roll call was interrupted by a report of the Committee on Elections on the third ballot. Frank Maple, M.D., was elected as a deputy to General Convention. Dr. C. M. Lederer was elected to Diocesan Council. The fourth ballot was distributed, following which the roll call was resumed.

Reports of Diocesan Officers were called for and the following reports were submitted by title: Department of Missions and Church Extension; Christian Social Relations; Cliff Springs Committee; College Work; Ecumenical Relations; Insurance; Promotion; Stewardship; Urban Affairs; World Mission and M. R. I.; and Diocesan Advance Campaign. The Property Committee presented no report and the Rev. Howard C. Rutenbar read the report of the Department of Christian Education.

Mr. William Atwood, Chairman of the Finance Committee, reported the total pledged for the Mission Budget was \$251,199.40, against an asking budget of \$277,505.98. He moved that the budget be passed with the deletion of the Expansion Fund. The motion was seconded and carried.

On the fourth ballot the following were elected: to Diocesan Council, Mr. Jack King; to Standing Committee, Dr. Ben P. Gaines and the Rev. Charles E. Kronmueller; to General Convention, the Rev. Allen R. Hingston. The following are clergy alternates to General Convention: the Rev. Donald E. Becker, the Very Rev. Eugene G. Malcolm, the Rev. Howard C. Rutenbar and the Rev. Gerald L. Claudius. The fifth ballot was distributed.

The Bishop appointed Mr. Janssen Wooldridge and Mr. Clark Hampton to Diocesan Council for a two-year term.

The resolution regarding St. Peter's Parish, indicated as number VI in yesterday's presentation of resolutions, was read and adopted.

Mr. Koger reported on the fifth ballot. Mr. Clifford Hall was elected as a deputy to General Convention. Lay alternates to General Convention are Mr. Ned Washburn, Mr. Kevin McAndrews, Mr. William Longmoor and Mr. Phil Lyon.

Mr. Edward T. Matheny reported for the Committee on Constitutions and Canons. The amendment regarding vote as well as voice for Perpetual Deacons, Resolution number III in order of presentation, was read for the second time. He moved the approval of this amendment. Mr. Henry C. Salveter seconded the motion and it carried.

An amendment to the Constitution regarding the election to membership on the Standing Committee, number IV in order of presentation, was read for the first time. Mr. Matheny moved the adoption of this amendment and it was carried unanimously.

An amendment to Canon XII, Section 1, number V in the presentation, regarding the admission of new parishes, was read. The Committee on Constitution and Canons recommended that this amendment be adopted, and Mr. Matheny so moved. Motion was seconded and carried, with the word 'calendar' changed to 'fiscal.'

An amendment was read regarding a canonical change to Section 3 of Canon I, referred to as number I, whereby priests who do secular work will not be deprived of their voice and vote in Convention. The committee recommended approval and it was carried.

The report of the Committee on the Meeting Place of the Next Convention was read by Mr. Kneibert, Chairman, as follows:

The Committee on the Next Convention having duly met May 4, recommends that the 1970 Convention of the Diocese of West Missouri be held in Sedalia, with Calvary Church as host parish, on Sunday and Monday, May 3 and 4.

The Chairman moved the adoption of the report and it carried unanimously.

The following reports were filed by title: St. Luke's Hospital, Roanridge Institute, Armed Forces Committee, Music Commission, Legal Committee, Architectural Commission, Liturgical Commission. The Evangelism Commission and the Brotherhood of St. Andrew had no report.

Mr. Hearne Christopher read two resolutions regarding the Bishop's Address as follows:

XIV. WHEREAS the 80th Diocesan Convention recognizes that there are serious financial difficulties on the Diocesan Level which hamper the mission of the Diocese, and,

WHEREAS the basic problem is one of lack of commitment to the Diocesan Programs

BE IT RESOLVED that this convention strongly encourage the Bishop of the Diocese to visit as soon as possible all parishes and missions failing to accept their full mission quota, and that such visits allow the Bishop to speak to the Priest and as many members as possible of these respective parishes and missions with the intentions of forcefully providing the motivation and inspirations that will in due course of time enable each of these parishes and missions to accept their full fair share Mission Quota, and

That we encourage the Diocesan Council - Department of Finance, to be continually responsible stewards of the resources available to them, and

That we strongly urge an effective Christian Stewardship Campaign in each Parish and Mission within the Diocese.

XV. WHEREAS, this being the 20th Convention at which our beloved Bishop has presided and,

WHEREAS, the preceding 19 years have been ones of growth and spiritual enrichment, and,

WHEREAS, our Bishop has continued his role of dynamic leadership as evidenced by his stirring address to the Convention last evening

BE IT THEREFORE RESOLVED that this Convention commend the Bishop for his leadership,

That each member of this Convention rededicate himself to the principles and admonitions of our Bishop, and

That we pray for his continued health and well being in the years to come.

Both resolutions were enthusiastically adopted.

Bishop Spears read and described the resolution from Carthage regarding a Home for the Aging Chronically III, indicated as number II in the presentation of resolutions. Bishop Spears moved the adoption of this resolution. An amendment to this resolution was proposed, that the Carthage Vestry nominate and the Bishop appoint members to the Board of Directors. This amendment died for lack of a second. The resolution was adopted.

A resolution of courtesy was presented and read by Dr. Samuel Johnston as follows:

XVI. WHEREAS the Rector, Wardens, and numerous members of St. George's Church, Kansas City, have graciously welcomed and given generous hospitality to the 80th Annual Convention of the Diocese of West Missouri!

THEREFORE, BE IT RESOLVED that we hereby express our deepest gratitude to the Rector, Wardens and members of St. George's Church, and

BE IT FURTHER RESOLVED that a copy of this Resolution be sent by this Convention to the members of St. George's Church. The resolution was voted and carried.

A motion empowering the Diocesan Treasurer to borrow up to \$10,000.00, if necessary, was moved, seconded and passed.

Mr. Koger reported on the fifth ballot. Mr. Clifford Hall was elected as a deputy to General Convention. Lay alternates to General Convention are Mr. Ned Washburn, Mr. Kevin McAndrews, Mr. William Longmoor and Mr. Phil Lyon.

Mr. Edward T. Matheny reported for the Committee on Constitutions and Canons. The amendment regarding vote as well as voice for Perpetual Deacons, Resolution number III in order of presentation, was read for the second time. He moved the approval of this amendment. Mr. Henry C. Salveter seconded the motion and it carried.

An amendment to the Constitution regarding the election to membership on the Standing Committee, number IV in order of presentation, was read for the first time. Mr. Matheny moved the adoption of this amendment and it was carried unanimously.

The Bishop's Address

My dear Fellow Christians :

Since we last met together in Convention in West Missouri wars and rumors of wars have continued throughout the world; a presidential candidate has been assassinated and a new president has been inaugurated in our beloved land; population and poverty and violence and crime constantly increase everywhere in the good earth; dissent, disenchantment, discontent, disruption, disillusionment and even disengagement from society are painfully evident; small numbers of articulate and violently destructive students, black militants and white racists no longer believe in the power of peaceful change; and the overwhelming majority of our fellow Americans - reasonable, responsible, dependable, moderate folk - who, I believe, genuinely support and promote equality, justice and freedom for all citizens regardless of race, color or creed, are at last shedding their complacency and becoming dangerously impatient with anyone who attempts to achieve justice by unjust means, or brotherhood by hate, or freedom by means of fascist brutality. In seeking to avoid anarchy and chaos, we must avoid the perils of totalitarianism, the horrible examples of which under Stalin, Hitler and Mussolini are still fresh in the memories of many of us. We can be satisfied with nothing less than justice, freedom and brotherhood under law and order.

We live in an age when the established things are under fire. This in itself is not unreasonable. Our God-implanted reason and freedom cause us to question, explore, seek to improve. Institutions and organizations are proper objects of such examination and criticism. Some of the hostile criticism of institutions today in education, religion and government is justified; however, some of the anti-institutionalists seek not to reform but to destroy all institutions. Such destructive critics offer no substitute, nothing; they are nihilists! This leads to disaster, for the alternative to institution is chaos and anarchy. History shows clearly that when men live with other men institutions always develop to provide the necessary structures for community life. To be against the whole idea of institutions is to be immature and to ignore all human experience! John W. Gardner is right in pointing out that institutions age and decay and therefore need continuous review and renewal. Too many critics today will not involve themselves, he says, in "the heartbreaking, backbreaking work of building social change into resistant human institutions."

I believe we have the duty to share in this task both as Christians and as citizens. I believe that in spite of the difficulties and frustrations it can be for each of us a tremendously satisfying undertaking. I believe it means the renewal of the sense of community and fellowship and brotherhood among men here and throughout the whole of God's world. I believe that this is part of the proper function of the community of faith which is the Church of Jesus. For the Church is a

divinely founded fellowship, a living organism which is more than a human organization, yet has institutional expressions. Those human institutional aspects of Christianity do age and decay and this is why the Church needs continuous renewal. The truths that Jesus taught are eternal and unchanging, but their expression in institutional forms and their application to a particular generation are subject to review and change. The process is hampered by the inborn selfishness and individualism of all of us. The forces of religion throughout the world today appear to be going through a cycle of diminution and weakening and retreat. There are undoubtedly many causes. One is the resistance to needed renewal. Another is the uninformed response of millions to technological secular progress which assumes that man can now control his world and no longer needs God of religion. Man certainly couldn't control things last February when I wanted to return from a church meeting and all the New York City airports were closed down tight for more than 48 hours by a snowstorm with more than 6,000 hungry persons stranded in the airport buildings. A third factor is the inadequate or erroneous presentation of Christianity such as the already out-of-date "death of God" nonsense. And in these anxious times many anxious folk try to escape personal responsibility. We Christians dare not try to escape from the unpleasantness of life into some ivory tower of refuge, for Christ our leader commanded us to love God and to love our neighbor as ourself. We must lead the balanced life of personal spirituality coupled with the active promotion of our neighbor's welfare.

Perhaps one of the changes our diocese needs is in its financial arrangements. Perhaps our mission budget is too large; perhaps we are too generous to others. Year by year we continue to spend more on ourselves as annual parish budgets show over the past ten years. Part, but not all, of this is due to inflation: the cost of goods and services has increased. However, the inflation factor is balanced by increased income. Similarly our mission programs have been hit by inflation, yet during the past two years our missionary giving has declined 16½% while we have spent 10½% more on ourselves. If we have fewer members and are actually having a life and death struggle to keep our particular congregation going, then perhaps we are paying too large a percentage of our total income for outside mission work; in a small or marginal congregation this could well be true, and in that situation a case could be made for changing the spread in the present sliding scale of the mission quota percentage - perhaps having the small places pay a smaller percentage and raise the largest congregations' percentage since they can better afford to give more. Perhaps we need to have a lowering of the percentage of giving across the board. In fact the proposed mission quota percentages for 1970 for the largest parishes are 39% as compared with 45% in 1966; this 6% decrease is across the board. Perhaps we need a new method of financing the diocesan and general church program. Perhaps we need to grow in depth of commitment to Christ and give a larger percentage of our income to mission. Perhaps we need in this diocese to have a thorough-going review and restructuring of our diocesan financial operation.

It is my own deep conviction that a diocese, if it is to follow the command of Christ to preach the Gospel in all the world (and modern communication and transportation make even the dullest of us realize that no one can safely live in isolation; the world is one neighborhood and had better act like it) - the diocese, I say, is obligated to pay its share of the national church program which our elected representatives at General Convention have adopted. I equally believe that a self-supporting parish is obligated to pay its full share in the support of people and program adopted by our democratic procedures in our annual convocations and conventions. In order for the parish or diocese to do its share it should be willing to cut back its own spending if necessary. But our parishes in West Missouri are not in fact cutting back their spending on themselves, where necessary, to do their share of giving to people and program outside the parish. Let's be clear on assessment; it is not giving money outside the local parish, for to be Episcopalian a congregation must pay its share of the cost of episcopal ministrations and the attendant costs of our democratic government: the conventions on diocesan, provincial and national levels. So the assessment you pay is properly a part of your parish overhead and please don't forget it! If you want to be an isolated congregational Christian, you had better leave the Episcopal Church and become a Congregationalist. The Mission Quota budget is where you give to work outside your own parish. And the amount each congregation is assigned for assessment and quota is based exactly on the congregation's average current expenses. I suggest that congregations which do not pay their full share of the mission quota should share their priest with congregations that do not have a resident priest.

Why are we giving \$82,000 in 1969 for work outside West Missouri when we are closing some of our missions? Because Jesus commanded us to love our neighbor as ourselves, and we are not yet up to that standard; we are not yet giving as much outside West Missouri as we are spending on missions inside. \$82,000 represents less than one-third of our \$260,000 mission budget this year. Of our \$82,000 in 1969 about 43% is being spent outside the USA, the remainder inside USA. What is our \$82,000 doing? you may ask. A fellow Episcopalian has expressed it thus: The problems we are facing in the world today may be summed up as: too many people; not enough food; riots in the ghettos; computerized living; millions of people who have never learned to farm properly or to take care of themselves or to read and write; the constant threat of war; death from disease, violence, starvation; continuing injustice in the world. And part of your \$82,000 is being used to help solve some of those problems: helping people to learn to read, grow more food on less land, plan their families, conquer disease, and come to live together in good will and cooperation as sons of God, the Father of all mankind. Nowhere will your dollars get more devoted service and more enduring results! Much of the criticism of giving to mission work outside our own area is selfish, negative thinking.

Let us remember, also, that the Church in Missouri and West Missouri was planted in the last century by missionaries sent out by our

national church. How many times in those early years the generosity of people far from Missouri, channelled through the national church missionary program, assisted in the planting and early growth of the congregations in our area! Your national church program today is endeavouring to do for this generation what needs doing to carry out our Lord's command to preach the Gospel to the ends of the world and also to minister here in the USA to men, women and children in His Name! Your generous giving is supporting congregations in His West Missouri, USA, and in Asia, Africa and Latin America to advance in the Kingdom of Jesus Christ; we are sharing in that advance of light and love in these days of darkness and death.

Another area of change and renewal that the institutional expression of the Church in West Missouri may well need is a review of our whole diocesan mission program and honest questioning whether we are using to best advantage the dollars available for mission in West Missouri. Would some mission congregations really grow strong if a resident priest was sent there? Are some missions to which we have sent a resident priest not responding adequately or to the best of their ability? Can we use our money and manpower more effectively in some different ways and places in West Missouri than we are at present; for example: what changes are needed in our Christian Education programs? These are fair questions and they are being asked by our diocesan leadership. I bespeak your wholehearted support of your developing mission program. Sometimes God works in surprising ways his wonders to perform.

Earlier in this address I remarked that the forces of religion throughout the world appear to be in retreat. You can see it right here in our Episcopal fellowship that we call the Diocese of West Missouri. I have had the joyous privilege of serving you for more than nineteen years - this is actually my 20th annual convention as your presiding officer - and the years have been ones of encouraging growth. The last few months, however, with bewildering suddenness have evidenced an abrupt change in this pattern of progress. We ended last year with more than \$46,000 in accumulated delinquencies of mission quota pledges for 1967 and 1968. And by February 15th the Finance Committee found that your pledges, which were slow in coming in, were more than \$42,000 short of balancing the 1969 mission budget you adopted at the Convention a year ago. Drastic cut-backs had to be worked out quickly, since we were already well into the new year, and on March 18th your Diocesan Council voted to close down and sell the missions in Grandview and Trenton; to suspend the valuable clergy intern training program; to remove the resident priest from the Boonville-Fayette area; and to combine the work at Excelsior Springs, Liberty, Blue Springs and Southeast Independence under two priests instead of three. Some of our clergy dislocated by these decisions have found new places; three are still looking outside the diocese for calls.

Positively, I think our budget crisis will contribute to greater efficiency and more careful weighing of priorities in our mission pro-

gram. This requires careful advance planning and the Diocesan Council, responsible for budget planning, needs your commitment now in order to do effective planning for 1970. This year many parish mission pledges came in so slowly that we were well into the year when we learned we were in trouble. Surely this is no way to operate your mission program.

Why are some of us afraid of committing our parishes to a 1970 pledge in May of 1969? We all commit ourselves to purchase a car with a financial pledge over two or three years, or a house with a commitment over 15 or 20 years when we do not know how we will be fixed financially 2 or 20 years in the future. We commit our congregation to a 10 or 20 year mortgage to build a new parish house. Why are we unwilling, some of us, to pledge our proper share of the mission budget for one year ahead? We ask our parish member to do this for the parish budget. Can it be that we do not believe mission outreach in West Missouri, the United States and the world as preached by Jesus is as important as a new parish house?

What has been particularly disheartening in the diocesan financial picture is the large delinquencies of leading parishes like Joplin and the Cathedral and St. George's in Kansas City, plus the smaller than fair share pledges for 1969 of such leading congregations as Independence, and the Kansas City parishes of the Cathedral, Good Shepherd, St. George's and St. John's. I do rejoice to give you encouraging news: Nevada and St. James, Springfield, have both pledged their 1969 quota in full since the March Diocesan Bulletin was printed and the Cathedral hopes to pay the full share assigned.

I look for positive good to emerge from these present defeats. I have been delighted and at the same time troubled by the fierce way that members of the affected missions have rallied around their threatened clergy and property; they have made it clear to Bishop Spears and me that they can and will give much more generously of their money to support the expenses, and of their time to bring in new members. Why does it take a crisis to bring out this high degree of devotion? Will a similar acceleration of zeal be possible in the missions not yet affected by the present stage of this crisis?

Worrisome as is the financial problem and great as is the difficulty of finding posts for our displaced clergy, I am most deeply concerned as to what this crisis says to us about the spiritual health of all of us in West Missouri. Our commitment to Christ is less sturdy than we thought. We affluent American Christians are so busy taking care of our own needs and so willing to ignore the needs of beggars who have greater needs - spiritual, mental, physical - that I recall the story Jesus told about the beggar who survived on the crumbs that fell from the rich man's table (S. Luke 16). The rich man died and went to hell where the beggar in heaven could not help him because there "was a great gulf fixed." How are you and I situated in these matters? Compared to most people in other parts of the world we are rich indeed!

Are you tithing? If you are tithing you are doing your share by giving back to God and His Church 10% of the blessings God has bestowed upon you. Are you in your congregation holding a real honest-to-God every member canvass each year in which each member on the roll is asked to give? If we ask, and a person refuses, that is one thing, but part of our present predicament is that we have been lazy and careless in some congregations about asking! I know the alibis: "Folks know each other too well"; "We have always managed without a canvass"; "We know who will give and who will not give"; "We can't get anyone to head up a canvass." Everyone should be asked. One priest said "This parish is not ready for a canvass," yet the parish was 80 years old! People should be asked, gently, firmly, and often. Will you in your congregation do this for Jesus this year and next? As your chief pastor I plead with you, my brothers and sisters in Christ, to listen to the voice of God in the Gospels and in your own informed conscience, and seek with enthusiasm and determination to do what you believe to be His will. The mission of His Church is the mission task He gave us his followers. Cutting back the missionary work of His Church is not the answer. We are called to pray not for tasks to meet our strength but for strength to meet our tasks! Every congregation in West Missouri is being called to a deeper spiritual level of stewardship beyond the concerns of self; in the words of the Archbishop of Canterbury, commenting on Romans 14:7, "Every Church that lives to itself shall die unto itself."

I would end with a word of comfort and loving encouragement. I believe our record in recent years plainly shows that we are capable of doing great things for God and His People; we have caught the vision; God will supply all the power we need; let us re-dedicate ourselves to Christ at this Convention so that together we may turn our recent retreat into a fresh and vigorous advance for God's Kingdom here in West Missouri and throughout God's earth in the days and years just ahead.

The Suffragan Bishop's Address

Right Reverend Chairman, Fellow Members of the Convention, Friends:

Please allow me at the outset to take a moment to express my deep appreciation for the prayers and expressions of concern and good wishes which I received during my recent hospitalization, and for the supportive understanding which so many have expressed, most of all the Bishop of this Diocese, of the interruption of many activities which was the result of my absence this past month. I give thanks to God in your presence for the healing gifts of many sorts which have come from so many people these past weeks and which have supported and restored.

This address will be a brief one. In the first place, my energy level is still below normal and I am therefore not up to the sustained effort which a long address requires. (As an aside, surgery seems to be a practical method of guaranteeing the ten-minute sermon.) The second reason is that I believe that through the area meetings of actions taken or preceded this Convention, through the written reports of actions taken or proposed, through such helpful statements as the Bishop's Address, and out of your own personal concern for and convictions about the Christian faith, this Convention is already well prepared to discuss the important business of the Church and the Diocese and intends to be both a constructive forum for discussion and a responsible governing body. I would like to add some thoughts simply as footnotes to the broad background of preparation for our business sessions, and to relate these footnotes chiefly to the decisions which were required to meet the income shortage in the 1969 budget. All Departments were affected by the reductions but the Department of Missions had to absorb the greatest proportion of the cuts, and many had a sharp and immediate impact. As Missions Officer, I would like to share some of my own reactions, both of regret and of hope, to these decisions.

The first regret is that very little warning was possible that some drastic revisions were going to be needed. Despite the information which had been made available through such indicators as national reports of diminished charitable giving, national reports of a slow-down of Church membership growth, and a 1968 Diocesan financial pattern of reduced and tardy quota payments, there was no way to know for certain that the current budget was in trouble until we were well into the budget period. The Finance Committee and Diocesan Council worked as rapidly as possible to assess the situation and respond without panic, but still we were forced to make in a few weeks the kind of important decisions which would best be made after several months of examination, consultation and advance notice. Our present methods of reporting financial conditions from congregations to Diocese and of enlisting firm commitments from congregations is perfectly suited to procrastination and buck-passing but not to dependable financial planning. I hope this Convention will act to secure a greater degree of financial responsibility with all the benefits which can result, including time to plan.

Closely connected with my regret about unavoidable haste is a second. Our Diocese does not have the kind of financial reserves which can be used either to bolster a temporarily sagging budget or to ride out a temporary setback or emergency. The Bishop and Council, to whom you entrust the week by week management of the affairs of the Diocese, should have available reserves which would pay the bills of the Diocese, at the current level, for several months before it is necessary to discontinue valuable programs or discharge personnel. When a skilled person is lost, there is a risk that a suitable replacement will never be found; a temporarily discontinued program may be impossible to restart, no matter how valuable. Adequate reserves can make a crucial difference.

Thirdly, I regret the pain which the decisions about the 1969 and 1970 budgets brought to a great many of the faithful in our Diocese. Ten congregations, or one-fifth of the congregations of the Diocese, were directly affected by the reductions under the Department of Missions alone. For six clergy the result was an unexpected and, in some cases, uncertain and difficult change of location or employment. In most instances those directly concerned have responded with understanding and renewed resolution, but a good number of persons have experienced an unexpected anguish whose effects will continue for some time.

On the other side of the ledger, let me record what I think of as gains which result from these same decisions.

First, a note of reality has been injected into our deliberations. Like many other Church groups in recent months, it has been difficult for us to take too seriously the long forecast and widely predicted financial retrenchment of the Churches. Pride and complacency argue that our situation is different. It can't happen here. But now it has! The potential pain is this: that we are forced to take our stewardship seriously, to make better evaluations of programs and activities, to try to make better plans, to do a better job of putting first things first. The temptation in such a situation as this is to find someone to blame, to seek out scapegoats and to avoid responsibility. The challenge is to respond creatively, and this I hope we will do.

Secondly, I see an advantage which arises out of the fact that Christians generally as well as within the confines of this Diocese are facing similar and tough problems. The result of these problems, on a broad scale and in the particular, is that in these days everywhere it is more difficult to practice the faith fully. Every Christian has to make some tough choices. If that is so, then may it not also be true that the brotherhood of those who elect to continue steadfast in the Faith is stronger and closer and better than was the case when a man could be called a Christian at no great cost? Faith often shrivels in prosperity but grows under adversity. What need we of God if we are sufficient unto ourselves? Christianity is not a club for the fortunate, but a way of life for the needy. No times are easy times for the earnest

Christian, and our times seem to be more difficult than some have been and certainly more difficult than the last quarter century. But those who stand fast can expect the gain of a fellowship which ease never produces.

Finally, I find it slightly ironic that at a time when so many Churchmen seem to be frightened by the specter of change, and seem to feel that the very existence of the Church is imperiled by change, the response to the very drastic and real changes of the past six weeks in this Diocese has been increased resolution, not disaster. We have a golden opportunity to demonstrate that change is not only necessary, but creative; that the results of facing reality are to be renewed and revitalized; that to proceed on the basis of things as they now are, rather than as they used to be is not to be defeated but to be restored. And as we make further changes, I am sure that we will more often make ourselves the agents of change rather than helpless victims of it. That will be a great gain, indeed.

God has put into our hands great responsibility in our world and His. Often as we attempt to exercise that responsibility there will be times of pain and regret. But, as He gives us His Spirit to guide us, the ultimate times will be those of hope. Let us proceed in this Faith.

REPORTS

THE STANDING COMMITTEE

During the year 1968 the Standing Committee held meetings and took actions as set forth below. Inconclusive discussions or purely procedural matters are not reported.

January 4, 1968 - Consents were given to the election of Bishop Coadjutors as follows: Diocese of Western New York, the Very Reverend Harold Barrett Robinson; Diocese of Minnesota, the Right Reverend Philip McNairy; Diocese of Pittsburgh, the Reverend Canon Robert Appleyard. Approved John Allen Skinner for the Perpetual Diaconate.

February 20, 1968 - Approved Donald H. Moses for ordination to the Diaconate. Gave consent to the Diocese of West Texas for the election of a Bishop Coadjutor. Gave consent to St. James', Springfield, to increase the encumbrance of their property to a maximum of \$160,000 with certain conditions.

March 19, 1968 - Gave consent to the Diocese of East Carolina for the election of a Bishop Coadjutor. Acted favorably on the application of Gary E. Young for advancement to the Diaconate subject to final approval given by the Virginia Theological Seminary at the conclusion of the academic year. Gave consent to St. Paul's, Lee's Summit, to encumber its property by an additional \$11,900.

May 13, 1968 - At the request of St. James', Springfield, withdrew the conditional approval given February 20th to increase the encumbrance of their property to a maximum of \$160,000. Resolved that requests for encumbrance of parish or mission property must be supported in each instance by (a) a statement from the Treasurer of the parish or mission on their financial condition, as well as their receipts and disbursements for the past year, and (b) a statement from the Treasurer of the Diocese concerning their response in the past three years to the Diocesan Assessment and to the Diocesan Mission Quota. Approved an application for admission to parish status of St. Peter's Chapel of St. Andrew's, Kansas City, with instruction to the Chairman to notify the Convention Committee on the admission of new parishes and the Convention itself.

May 13, 1968 - The new Standing Committee met after the election of new members by the Convention and elected the following officers: President, the Reverend Brian J. Packer; Vice President, the Reverend G. Edward Walker; Secretary, Mr. Edward S. Washburn; Assistant Secretary, Mr. William Bundschu. Approved Lamonte C. Brown and James Allen Krenkenker for ordination to the Diaconate upon completion of the necessary six months on May 21st.

May 27, 1968 - Consented to the election of the Rev. Victor Manuel Rivera, D.D., to be Bishop of San Joaquin; consented to the election of the Reverend Cornelius Gosnell to be Bishop Coadjutor of the Diocese of East Texas; consented to the election of the Reverend Jackson Earle Gilliam, S.T.M., to be Bishop of Montana; noted that Gary Edward Young had satisfactorily completed his study at the Virginia Seminary; consented to the absence of Bishop Welles from the Diocese for three weeks more than three months to provide a vacation after his return from the Lambeth Conference in response to a request from Bishop Welles; consented to a reduction in service time in the Diaconate of the Reverend Donald H. Moses to six months.

August 2, 1968 - Consented to the election of Bishops Coadjutor in the Diocese of Eau Claire, and the Diocese of Maryland; consented to the election of the Reverend Fredrich Barton Wolf as Bishop of Maine; consented to the election of the Reverend Hunley Agee Elebash as Bishop Coadjutor of East Carolina; consented to the ordination to the priesthood of Donald H. Moses.

September 6, 1968 - Consented to the election of the Very Reverend William Henry Meade as Bishop of Delaware. Consented to the ordination to the Diaconate of John Hershel Olmsted; resignation of the Rev. Edward Walker from the Standing Committee was accepted with regret.

November 8, 1968 - Consented to the election of the Right Reverend David Keller Leighton, Sr., as Bishop Coadjutor of Maryland and the Right Reverend John Henry Esquirol as Bishop Coadjutor of Connecticut; consented to the election of the following Missionary Bishops: the Rev. Constancio Manguramus, Suffragan Bishop of the Phillipines; the Venerable G. Edward Haynsworth, Bishop of Nicaragua; the Very Rev. Antonio Rama, Bishop of Costa Rica; and the Very Rev. William Spofford, Jr., Bishop of Eastern Oregon. Approved the application for admission as a candidate for Holy Orders of Joseph Hirsch; elected the Reverend Canon George A. Wilson Vice-President of the Standing Committee to replace the Reverend G. Edward Walker; elected the Reverend Charles E. Kronmueller to fill the vacancy on the Standing Committee created by the resignation of the Reverend G. Edward Walker; approved the following resolution to be mailed to all applicants together with a list of the required papers:

"For some years past the Standing Committee has been, on a number of occasions during each of those years, under undue pressure when meeting to consider the application for Ordination of a candidate for Holy Orders. The pressure has been caused by the failure of the candidate or his presbyter to furnish all of the necessary certificates according to the Canons to the Standing Committee in reasonable time prior to the date of Or-

dination. Secondly, complete arrangements for and publicity of the Ordination have been completed prior to Standing Committee approval, thereby adding a further burden to the Committee. One must keep in mind that an Ordination cannot take place until the Standing Committee is satisfied all papers are in order in accordance with the Canons and has further conveyed its approval to the Diocesan. In the event that the Standing Committee should deem it necessary to decline approval in the future when such publicity and arrangements have been made it would cause considerable embarrassment to all concerned, and this the Standing Committee wishes to avoid.

"Therefore, after due consultation with the Diocesan of West Missouri, the following directive is found necessary in respect of future ordination.

"Only the Bishops of this Diocese, the President of the Standing Committee, the Candidate and his immediate family and the Candidate's Presbyter will be aware of the pending Ordination date. Under no circumstances should any publicity, even on the local level, or any arrangements, be made until approval has been given by the Standing Committee. In turn, the Standing Committee will require all papers on hand before approval can be considered and/or given, and will not give tentative approval subject to papers being sent to the Standing Committee at a future date."

December 7, 1968 - Approved the application of John M. Palmer as a candidate for Holy Orders. Invited Bishop Welles to meet with the Standing Committee at the next meeting so that the Standing Committee might have a better understanding of the scope and importance of psychological tests given candidates for Holy Orders.

Edward S. Washburn, Secretary

THE CHANCELLOR

The following matters and transactions have been handled through the office of the Chancellor and the Associate Chancellor during the past year which are reported as items of interest.

1. First, I would like to report that the appointment of Edward Matheny as Associate Chancellor has been of great assistance to my office and the Diocese in the handling of our legal affairs. Mr. Matheny's fine legal talents and counsel have been a most welcome addition to this office.
2. We concluded the purchase of the property at 1910 Kings Highway in Liberty, Missouri. The closing was held in my office and the deed was filed of record, and we are in receipt of the necessary title insurance. The property is subject to a deed of trust to secure a note in the amount of \$16,200. We made a payment of \$6,308.12 at the time of closing. The total purchase price was \$21,700.

3. I am happy to report that I believe we have finally gotten our property at 430 E. 55th Street in Kansas City off the tax rolls. This matter has come up from time to time since 1962, and I trust it is now concluded.

Along the same line we have been endeavoring to get our property at 5229 Rockhill Road eliminated, but thus far we have not been successful.

We have also filed an application for the exemption of our Liberty, Missouri property and I believe this will be approved. We have been successful in getting our Suffragan Bishop's residence off the rolls.

4. A parochial trust agreement prepared by Attorney William Bundschu for Trinity Church of Independence was examined by my office. This was more of a parish matter than one of Diocesan status.
5. Sanitary sewer easements were granted over our two parcels of property in Liberty, Missouri. The easements were approved by the Associate Chancellor subject to the Property Committee making an on-site examination of the property to be sure that it would not interfere with the erection of any improvements we might contemplate.
6. A corporation named the Lincoln Redevelopment Corporation has been formed and it has obtained certain land through Urban Redevelopment which it is going to use for housing. The housing is to be financed by a substantial loan from the F.H.A. The F.H.A. insisted that some of the religious denominations involved designate Board members to serve until the loan is paid off, or until the successors are properly appointed. I advised Father Harry Lemboke that there was no legal problem to our designating someone to serve on the Board of this company.
7. The vestry of St. Peter's in Harrisonville requested that the Diocese convey title to all the real estate it occupies to it. This was approved by Bishop Welles and the Diocesan Council, and a quit claim deed was executed conveying this property to St. Peter's with the usual reservation that in the event the property is ever abandoned for church purposes it will revert to the Diocese.
8. A water line easement across our property occupied by St. John's Church in Neosho was granted and the easement agreement was approved and executed. It appears that we are a downing Mrs. Kirk, who is our next door neighbor, to hook on to the city water line, which is on our church property.
9. The Order of St. Andrew's at St. John's Church in Springfield has been working to revitalize the Mission at Mountain Grove. In this connection arrangements were made to purchase a residence which adjoined the existing church property that we own in Mountain Grove so that the residence could be converted into a parish house. The purchase price for the property was \$5,500. The mission paid \$500 down, and the balance was paid out of the Diocesan Advance Funds. However the mission was to effect a loan with the Security Bank of Mountain Grove in the sum of \$1,500, and this loan has been effected and the \$1,500, I believe, has been paid to the Diocese to reduce its loan. In addition, the mission is to pay the Diocese \$75 per month and the Diocese will pay the Security Bank \$75 per month until its note and interest have been fully paid. After this note to the bank has been paid, then the \$75 will be applied in the repayment of the \$3,500 balance that is due the Diocesan Advance Funds. Attorney Milton Kirby of our Legal Committee handled this very involved transaction.

10. The advice of my office was requested as to how the sum of money that was contributed to our Diocesan Advance Campaign Funds for the purpose of constructing a facility for the Aging, Chronically III should now be distributed. The only legal problem involved is that the funds be used to construct a facility in line with what was decreed at the time the funds were solicited, and I referred the matter back to the Diocesan Council for their decision. I believe this matter will come before the convention during its business session.

11. The Diocesan Council approved the sale of the rear half of the Lee's Summit Road property that we own in Independence, Missouri. This covers an area of approximately six acres. A contract was entered into the latter part of March with Dee-Hart, Inc., a Missouri corporation, for a total purchase consideration of \$21,766.50. The consummation of this sale was subject to the buyer's ability to obtain approval from the appropriate governmental agencies of the installation of storm and sanitary sewer facilities. I have not been advised whether this transaction has now been concluded.
12. In my report to the convention last year I advised that St. Peter's Church of Kansas City had indicated its desire to become a parish. Subsequently, in the proceedings of the convention it was moved, seconded, and unanimously carried that it be admitted into union with the Diocese effective January 1, 1969. This was done upon the recommendation of the Standing Committee and the report of the Committee on New Parishes. The early part of this year some question was raised as to whether all of the requirements of our Diocesan Constitution and Canons has been complied with in this proceeding. Mr. Matheny and I investigated the situation. It was recognized St. Peter's as a parish and admitted it into union with the Diocese, and our Bishop had given his blessing over it in both capacities, and in view of the further fact that the alleged noncompliance with the Constitution and Canons was, in our judgment, technical in nature and not of sufficient substance to invalidate its status as a parish and its union with the Diocese, this should end the matter and St. Peter's status as a parish in union with the Diocese should not be disturbed. We indicated that it would be in order to make any technical corrections to the record at this convention. To that end a certain resolution has been, or will be offered by Mr. Matheny for adoption, and also a resolution of the Standing Committee adopted at its meeting January 10, 1969 will be made a matter of record at this convention.

Robert W. Wagstaff

DEPARTMENT OF CHRISTIAN EDUCATION

Last year a resolution was presented on Convention floor by Mr. Winthrop Cantrell regarding the employment of either a full-time or part-time person to direct the activities of the Department of Christian Education. This resolution was reported out of committee and directed the Executive Officer and Department members to study and make a recommendation to a future Diocesan Convention. There is no doubt in the minds of the members of this department that a full-time - thoroughly qualified and trained person - would be a valuable asset not only to the Department of Christian Education but also to the entire Diocesan staff and program.

However, finances as they are, we realize that the employment of such a person is virtually an impossibility now and in the immediate foreseeable future.

With this fact in mind, your departmental members recommended that such financing be set up in this year's budget and the projected budget for 1970, so that funds will be available for the specific purpose of training a minimum of six persons (clergy and laity) in the basic human relations training programs. A long-range plan of programing for leadership training would then be tailored to meet the specific areas of need in the life of the Diocese of West Missouri.

Again, the financial crisis has virtually cancelled out this leadership training thrust both for 1969 and for 1970. In order to get this program off the ground, the department needs additional financing.

The allotment for funding the Department's work for this year, 1969, leaves us barely enough monies to do little more than underwrite the Camps and Conference programs - so vital to the on-going life of the youth of this Diocese. The value of this program cannot be seen in terms of numbers alone, BUT, we did have a total enrollment of 198 campers and conferees for 1968 over against 160 in 1967. THIS SHOULD SAY SOMETHING TO US.

Last year a forward step in adult education was made by means of an agreement with the Episcopal Educational Center in St. Louis. This year that same thrust is negated. The Dept. simply did not have the additional \$500 to renew its contract.

It is the hope of this Department that working closely with the Department of Missions, the Department of Urban Affairs, and the Department of Ecumenical Relations, we will be able to move ahead in the field of leadership training.

In the late forties, the late Dr. John Huess said, "The Episcopal Church must either teach or die." With the world in its apparent shape today, we had better begin to heed these words, again. We enlist your support to move forward.

DEPARTMENT OF CHRISTIAN SOCIAL RELATIONS

The Christian Social Relations Department continues to be concerned with the Fair Employment Programs including the Project Equality approach to the problem of employment discrimination.

We are also currently planning several other approaches to the employment picture, such as: prayer services and con-

ferences with management and union leaders, and a volunteer program to aid those who have completed Job Corps Training.

The Department has also brought to the attention of Council the national priorities debate.

There has been some referral work to the various social and medical agencies. It has helped in the planning of a suicide prevention unit, an alcoholic detoxification unit, some mental health work, and a social clearing agency.

CLIFF SPRINGS CONFERENCE CENTER

The magic of Cliff Springs Camping Center continues to work its spell on all who spend some time there. The past year, 1968, was a particularly fruitful year both in terms of use and of development.

The "permanent furniture" added through the efforts of Work Campers last summer includes five more tent platforms and 2 beautiful little cabins. During the coming summer it is planned that two platforms and two more cabins will be built.

The 1969 round of activities include: A Junior High Rustic Conference: two Rustic Camps for 5th, 6th, and 7th graders; three Senior High Work Camps; three weeks for Clergy family camping and several weekend programs.

In 1968 a new dining room was built at Cliff Springs and the furnishing of it will be made possible through a \$1500 gift from the Women of the Diocese.

Today, as in the past, the rustic beauty of Cliff Springs continues to be its chief asset. The modest improvements on the property are there to make it possible to take fuller advantage of that beauty in the carrying out of the outstanding summer programs offered by the Department of Christian Education of the Diocese.

Mr. and Mrs. Robert Dillon and family continue to live on the property as our Cliff Springs Residents. The telephone number, which can be dialed direct, is (417) 286-3375.

DEPARTMENT OF COLLEGE WORK

A study of the College Work requirements through 1980 was completed and presented to the Diocesan Council. This study included a broad analysis of ministry at Institutions of Higher Education, what is being done in the Diocese of West Missouri at the present time, and where College Ministry in the Diocese is headed. The study

a. Develop objectives for the Department of College Work. These are to attain effective

- (1) Service and guidance to the college community as a whole, and particularly to Episcopalians within the college community.
- (2) Responsiveness to the spirit of ecumenism.
- (3) Building, supporting, encouraging, identifying and nourishing genuine community spirit within the college.
- (4) Commitment to the processes of higher education.

b. Presented an analysis of the growth of College Ministry in the Diocese of West Missouri.

- (1) In October, 1961, the Division of College Work was organized under Dean Woodward. College Ministry was active at 13 colleges in the Diocese of West Missouri. Enrollment at these colleges approximated 20,564 students, with 673 students and faculty members who were Episcopalians. The budget for 1962 was \$2,000.
- (2) For the 1968/1969 school year, College Ministry was active at 14 colleges under the supervision of 2 full time chaplains, 1 part time chaplain, and 11 parish priests who act as chaplains in addition to their parish duties. The enrollment at these colleges approximated 42,484 students, with 1,149 students and faculty members who are Episcopalians. The budget for 1969 is \$28,888.

c. Projected the future of College Ministry in the Diocese. By 1980 it was estimated that College Ministry would be active at 15 colleges in the Diocese under the supervision of 5 full time chaplains, 7 chaplain's assistants, and 10 parish priests who will act as chaplains in addition to their regular parish duties. The enrollment at these colleges will approximate 71,090 students, with 2,409 students and faculty members who are Episcopalians. A budget of \$115,845 will be required.

Additional activities of the Department during the past year included:

- a. Three priests pursued advanced studies under Diocesan Study Grants.
- b. State, Provincial, and National conferences on Campus Ministry were attended by departmental representatives.
- c. A full time chaplain was installed at Southwest Missouri State College with Father J. Douglas McGlynn as Chaplain.

d. Courses at the Central Missouri State College School of Religious Studies were started.

ECUMENICAL COMMISSION

The past year has been a certain diminution in Ecumenical zeal. On some fronts COCU remains active, but in some other areas, there has been a noticeable cooling period. Consequently, there have been few things in which the Ecumenical Commission have involved themselves. Our primary emphasis the past year has been in keeping abreast of developments ecumenically.

Your Bishop has been very active on a variety of levels locally and nationally, and we were fortunate in having one of the meetings of the National Anglican-Roman Catholic dialogues in Kansas City in which your Bishop was a very active participant and your Ecumenical officer an observer.

At the present time we are concerned with the preparation of guidelines for possible shared facilities with other Christian bodies in our diocese. It is our hope that we will be able to have policy guidelines in this area for use in the near future.

Allen R. Hingston
Ecumenical Officer

DEPARTMENT OF INSURANCE

There have been no new activities initiated through the Department of Insurance during the preceding year.

We have had offerings from the Church Insurance Company for a group type package policy that might prove beneficial, but they have submitted nothing concrete as of the date of this report.

There was a serious hail damage loss at the Church of the Messiah in Liberty, Missouri. The entire cost of the repair work will be borne out of our Insurance Department Reserve since it came within the \$1,000 deductible per building, which applies to our existing policy.

This report is respectfully submitted this 9th day of May, 1969.

DEPARTMENT OF MISSIONS

Two significant actions, both related to clergy stipends, were taken in the Department of Missions this past year.

Late in 1968, the Diocesan Council accepted the recommendation of the Missions Officer that a minimum stipend of Mission Vicars be set at \$6,200 per year plus \$100 allowance per year for minor children. This action did something to overcome inflation which seriously affects those on fixed income, and also brought this diocese into competitive relationship with salary standards of the Church in this area. Current indications throughout the church of a tightening financial situation give this new minimal standard increased importance.

Another action of a completely different nature also has some bearing on the subject of clergy stipends.

In the Diocese of West Missouri there have been a number of ministries offered on a non-stipendiary basis for some time. Many parishes and several missions have the regular services of perpetual deacons and one or more priests regularly serve in the diocese on a self-supporting basis.

Two new and important steps were taken this past year in the diocese as experimental extensions of the concept of providing a self-supporting ministry. In Springfield, the Ozark School for a Self-Supporting Ministry was opened for the purpose of training men who felt a vocation to this kind of ministry. Operated under a board headed this first year by the Rev. David Patrick and made up of clergy from the southern portion of the diocese, the school is anticipated to provide a five-year period the minimal training which the diocese and national canons require for a deacon or priest. While this school is built in part on the experience of other dioceses, it will be carefully evaluating its own results regularly.

On January 1, 1969, the Rev. W. Sherman Smothers, Vicar of Shepherd of the Hills Church, Branson, became a self-supporting priest. For a period of three years, with the dedicated assistance of a perpetual deacon and several lay readers, as well as the Bishop's Warden, Chapel Committee and congregation of the Shepherd of the Hills Church, we will have an opportunity to discover by experimentation the best ways of combining the responsibilities of being a vicar of a congregation with the concept of a self-supporting ministry. In evaluating the effectiveness of this experiment, the opinions of the congregation as well as those of persons familiar with experimentation with other areas will be sought.

The self-supporting ministry can never be more than one part of the demand for a ministry for the entire church in all the things God calls it to do, but the result of these carefully

planned and potentially useful ventures may be to provide a much needed pastoral ministry in some special ways at a cost which a church whose finances are limited can nevertheless afford, and in a way which appeals to Christian men to offer themselves for the ordained ministry.

DEPARTMENT OF PROMOTION

The Department of Promotion secured the services of the Executive Council in providing material whereby the Diocese of West Missouri could enter into the program "Operation Next Sunday," an evangelistic program whereby 'spot announcements' were made over radio inviting persons to worship in their local Episcopal Churches. Implementing this program record discs and brochures were sent to all parishes and missions throughout the entire diocese.

The department was able to secure the services of Almy and Sons Company of New York to attend the Diocesan Convention to display their vestments and other articles for those attending the convention.

The Rev. George G. Greenway, Jr.
Promotion Officer

DEPARTMENT OF STEWARDSHIP

Efforts by the Stewardship officer centered on three things: 1) Distribution of "Lenten Pledge Cards" and a Diocesan mailing of an Evangelism/Stewardship folder; 2) Preparation of materials for use in the Fall of the year; 3) Personal conferences, talks and training sessions in various congregations to assist them in their Christian Stewardship Canvasses.

The following materials were distributed:

- 115 Stewardship packets containing samples of our materials, and manuals, etc., including a "Manual for Communication";
- 75 additional copies of a "Manual for Communication" which set forth in detail steps for a successful Canvass.
- 4000 "Lenten Pledge Cards";
- A mailing of the "Evangelism/Stewardship" folder to the whole Diocese;
- A mailing of a pamphlet "Your Will/Is A Way" to the whole Diocese;
- 35,000 pamphlets to congregations of the Diocese in 54 transactions;

— 4000 Time and Talents cards and 8000 money pledge cards distributed.

Your Stewardship officer had 23 fixed appointments for training sessions, dinner talks, vestry orientation sessions, etc., reaching 17 congregations in all.

Your Stewardship officer also prepared a presentation on giving patterns and national stewardship for the Clergy Conference of this Diocese and he presented a similar talk to the Planning Session of the Diocesan Council.

Other mailings, etc., included several issues of "Stewardship Clips" which is a sheet of quotable quotes on the subject of stewardship.

All in all, the efforts have been received rather well, and more parishes and congregations than ever have had good canvass efforts this year. Our materials have also come to the notice of some outside this Diocese and some of our ideas are apparently borrowed from time to time which is a sincere form of flattery.

Donald E. Becker
Stewardship Officer and
Acting Executive Secretary

DEPARTMENT OF URBAN AFFAIRS

Early in 1969 the responsibility of Urban Affairs Officer was shifted from the Rev. Canon J. H. Lembcke, Jr., to the Suffragan Bishop. This report, therefore, covers activities which were chiefly initiated and supervised by Canon Lembcke for whose skilled and dedicated services to the Diocese of West Missouri and the Church at large in the field of urban affairs we owe a deep debt of gratitude.

Among the many things which might be mentioned as coming under the purview of an Urban Affairs Officer, three matters deserve particular attention as major accomplishments in the period covered by this report.

St. Mark's Ecumenical Parish, Kansas City, not only began operations in its own building at 11th and Euclid but is now completely staffed by representatives from the four denominations who have joined together in this significant venture. The Episcopal clergyman on the staff, the Rev. O. G. Walker, Jr., began his work in February, 1969, just a few weeks after St. Mark's handsome building had been dedicated in an impressive service. St. Mark's has already become the center for a great many activities involving children, young people, and adults of the area, amply demonstrating the vitality of the life of the congregation and the vigor of the ministry which was anticipated in the founding of St. Mark's.

When the Metro. K. C. Conference completed its recommendations early in 1968, one of them was to create an Inter-Diocesan Metropolitan Council involving representatives from the Diocese of West Missouri and the Diocese of Kansas in joint thinking and planning for the metropolitan area which these two dioceses share. In both dioceses, the 1968 Conventions acted to request appointment of representatives to this council. This process was completed and the Inter-Diocesan Metropolitan Council has now begun its meetings. As in several other parts of the country, adjacent dioceses whose borders meet in the midst of a metropolitan complex are beginning to use this method of sharing responsibility for mission.

Acting upon a request from the 1968 Diocesan Convention that a program for increasing racial understanding be created, a committee was created under the chairmanship of the Rev. Thomas Woodward to design and produce, with professional assistance a small group discussion program on the subject of racism. This program, called "Kansas City/Crisis," has now successfully been used to involve several hundred adults in a series of eight meetings with carefully prepared discussion leaders and material.

Persons attending the meetings and persons serving as discussion leaders have come not only from Episcopal congregations in the metropolitan area but from other churches and institutions. The "Kansas City/Crisis" steering committee has included members of other churches from its inception and the dividends in wider understanding and concern which will be produced from a small investment of funds will prove to be of immense value.

WORLD MISSION AND M. R. I.

In number of dollars given we of West Missouri have not been as generous to world mission projects and programs during the past twelve months as in the previous year. Our interest in, and gifts to, work continues in various dioceses in India, in Taiwan (where Archdeacon Patric Hutton is), in Nicaragua (where Father McCallum is), in Damaraland, Southwest Africa (where Dr. Nobes is) and in Botswana (where Bishop Mize now is), and in other parts of God's world. And of course in 1968 some \$34,158.34 of our regular Quota giving went outside the U.S.A. for overseas mission.

EPISCOPAL CHURCHWOMEN OF WEST MISSOURI

Many persons are tired of hearing about the changes that are taking place all around them these days. Some even recoil

at the mention of the word change. Fortunately, there are others who see the changing times as a means of creating something better than we have had in the past and this is the position taken by most of the Episcopal Churchwomen in West Missouri. It is this openness and this willingness to experiment that will help meet the challenges in a way that is creative. A satisfaction with the past could only lead to decay and eventual destruction.

The programs offered the women of the Diocese in 1968 were planned with the purpose of giving a deeper insight into what is happening in the Church today, at all levels and in all areas. A representative of Executive Council revealed new opportunities for women to serve the Church in areas formerly closed to them. Provincial officers explained that this does not mean that there is no further need for women's organizations within the Church. On the contrary, it is obvious that there are presently more women involved in the life and work of the Church than could possibly be absorbed into the present total structure of the organization of the Church. There are some areas which are the natural concern of women, and they are the persons with the time and talents to carry on this type of work of the Church. It is true that more women are being elected to serve on Vestries and Bishop's Committees, and as delegates to Diocesan Convention. This is good, but it does not begin to take care of those women who have no desire to share in this part of the life of the Church and it is these women who continue to have a need for some type of separate women's organization which will work with departments and committees of the parishes and missions, not contrary to or in competition with them. It is also true that as more women take employment outside their homes they have less time to attend meetings and that the younger women who were the back-bone of parish women's groups in the past are seeking other ways of fulfilling their needs to serve others. These are but some of the challenges that face a diocesan organization of women's work.

An experiment in meeting changing needs in programming was conducted by offering the same program in different areas of the Diocese on different weeks, giving the women the opportunity to attend the session most convenient for them in terms of time or location. The Rev. Charles Kronmueller led them in a venture of exploring who they were and how they used their time, as well as where they placed their priorities upon their time. The experiment was considered successful in that more women attended than would have been possible at one meeting, but even greater was the success achieved in the field of communication.

When the women of the Diocese met at the time of the Diocesan Convention, reports by the department chairmen and the presidents of the individual church groups revealed that the

Women of West Missouri have been busy, each group in its own way that met its own needs. However, this is not to say that they are concerned merely with their own needs because by means of the Fair Share system of giving they have shown their concern for the needs of others in India, those helped by the Presiding Bishop's Fund, Archdeacon Hutton in Taiwan, the American Indian, seminarians from the Diocese, Cliff Springs and the program of Camps and Conferences, just to mention a few of the items in the Budget. Most groups paid their full Fair Share, which is two per cent of the operating expenses of their church as listed in the Diocesan Journal in 1966. It is worthy to note that the United Thank Offering continues to grow each year as the women express their gratitude for their blessings by placing coins in their Blue Boxes.

The Episcopal Churchwomen of West Missouri have been and will continue exploring how they can make changes and meet challenges that will make their work more effective, not only for the women of the Diocese but for the Church as a whole.

COMMITTEE ON RESORT AND LEISURE-TIME MINISTRY

As stated in our 1968 report, the work of this committee is considered to be a very real part of the missionary outreach of the Diocese of West Missouri, and uses the following working statement of purpose as its basis of operation:

To assess and be conversant with the impact of increased leisure time and its resultant resort, vacation, and retirement attitudes and actions; to apply this specifically to existing, planned, and potential impact areas within the diocese; to become an active member of the Missouri Council of Churches' Committee on Resort and Leisure Time Ministry; and to cooperate whenever and wherever possible and feasible with their plans and programs.

The 1969 budget has allocated \$800 for the use of the committee. \$400, to each, is to go to two active and proven summer ministry programs: The United Lakes Ministry on Lakes Tablerock and Taneycomo and the Lakes of the Ozarks Ministry.

No formal meetings of the full committee have been convened since the last convention, though the work in the two prime support areas has continued to grow, as had our diocesan commitment to it. One new area of united action has been opened with the active participation of the Diocese of West Missouri: the impending opening of the Kaysinger Reservoir areas has sparked an ecumenical planning-and-action group called the Inter-Church Coordinating Council. The Rev. Thomas B.

Woodward, Rector of Christ Church, Warrensburg, is the diocesan representative on the Council.

Because we have lost a number of our committee members, both lay and clerical, through relocation and individual necessities, 1969 will be a year for rebuilding the committee. However, program will not be arrested during this time. We will continue to financially participate in the Lake of the Ozarks Ministry and the United Lakes Ministry, and wherever possible, to commit personnel. As cited above, the diocese will be an active part of the Inter-Church Coordinating Council. As in the past, the Diocese will be an active part of the Missouri Council of Churches program. Upon instruction of the Diocesan Council, the committee has taken the responsibility of scheduling and staffing worship services at the Boy Scout Camp at Osceola, Mo. In addition to all of this, the committee anticipates issuing the following publications: (1) in the first week of June, a list of all parishes and missions' location and schedule of services within the Diocese of West Missouri, designed for tract racks and bulletin boards; (2) about mid-summer, a summary of the active summer programs in operation, in which the diocese cooperates or ought to consider cooperation; (3) in November, a summary of the results of the programs in which we participated during the 1969 season, as well as a projection of plans for 1970.

Tourism continues to grow as a way of life in the world and in our diocese; creative leisure continues to present a great challenge and opportunity to the Church. We have begun to grasp the opportunity and meet the challenge, but a beginning is never enough.

Wm. S. Smothers,
Chairman

THE DEPARTMENTAL OFFICE

The Departmental Office has shown a steady increase in the volume of work performed for all other departments.

Our printing load has been at a very steady pace with the exception of several months immediately following the 1968 Diocesan Convention when your manager was confined to St. Luke's Hospital and his home because of illness.

During this period, the office secretary assumed all responsibility for the operation of the office and did an excellent job of maintaining all essential functions. Your manager returned to duty in August.

As reported in the 1968 Annual Journal, your manager did assume the task of writing up all receipts and disbursements for the Diocese but the workload became too great for one person

to handle. Subsequently, after employing several different people on a part time basis, it became evident that additional time would be necessary to maintain the Diocesan records in the proper manner as recommended by the auditors in the 1967 audit. This will probably be accomplished in 1969 since funds have been provided for the purpose in the revised 1969 budget.

All in all, the Departmental office has had a steady growth in services performed to all department heads and your bishops.

Glenn E. Nash, Manager

ST. LUKE'S HOSPITAL

During the past year your hospital has made a number of significant advances toward the achievement of excellence. Our progress is directly attributable to the high caliber of leadership demonstrated by St. Luke's Board of Directors and Medical Staff and to your continued support and interest in us.

Surely, the most topical advancement at your hospital was the intensification of its renal dialysis and transplantation program. This accomplishment, and the launching of our hyperbaric - medicine program, was made possible by your continued support of the St. Luke's Hospital Foundation for Medical Education and Research. We may expect that these programs will add much in the way of new knowledge and the availability of advanced health care facilities for the people of our community.

St. Luke's Hospital was selected by the Jackson County Medical Society to be the backup clinical facility for the University of Missouri's proposed School of Medicine in Kansas City. This achievement, and our School of Nursing's recent affiliations with Avila College and Children's Mercy Hospital, means much in terms of health education, patient care and research benefits and will pave the way for further health benefits for our community through St. Luke's.

Progress has also been made in our program to continually update and expand the facilities offered at your hospital. We are now remodeling the sixth floor of St. Luke's Main Building to provide an improved Physical Medicine Department and to add a new 30-bed patient unit. The Board of Directors of St. Luke's, with the active participation and support of its Medical Staff, are developing plans for additional immediate and long-range expansion to increase the bed complement and to provide satisfactory facilities for all our patient services.

St. Luke's Hospital is also advancing the quality of health care in Kansas City by taking many services out of the hospital and to the people. Members of our Medical and House Staffs are intensely involved in health care programs now being carried out at such locations as Cabot Clinic, Kansas City General Hos-

pital, Jackson County Hospital, Kansas University Medical Center, and the Crittendon Home. You may rightly consider your hospital to be a pathway to excellence in community health.

Thank you for your continued support and understanding. You have helped to make possible your hospital's achievement of excellence in service to others.

THE CHURCH PENSION FUND

Each year the Trustees of The Church Pension Fund make a brief report to the dioceses for their annual conventions, including the list of those clergymen, widows, and children currently receiving pensions, plus the amount of those pensions, in your diocese. The benefit totals throughout the Church are as follows:

	Number	Amount
To retired clergy	1,133	\$3,202,903
To disabled clergy	229	628,713
To widows	1,618	2,533,884
To children	301	196,486
Total	3,281	\$6,561,986

These totals are up significantly from those of a year ago due to the results garnered during our first year of operating under the newly strengthened plan.

Further, January 1, 1969, marks the beginning of three important changes in the rules and operating procedures of The Church Pension Fund. First, we will be increasing the housing allowance from 1/5th to 1/4th of one's salary plus utilities to get one's total compensation. Second, on the same date we will start quarterly billing using our new I.B.M. computer. Our third

change, and the one many consider our most important, is the addition of Options I and II to our pension program.

Briefly, Option I allows the retiring clergyman the opportunity to increase the benefits to his widow by accepting a reduction in his own pension. Option II allows the retiring clergyman the opportunity to choose a lower retirement benefit thereby offering the possibility of affording a substantial 10 or 15 year benefit to any dependent. You should have already received full information about these unique options in the mail.

Our contributing affiliate companies have enjoyed a good year. Church Life Insurance Corporation and The Church Insurance Company are continuing to develop new low-cost insurance policies for those who serve the Church. The new non-smoker policy explained in recent mailings is a prime example. The Church Hymnal Corporation is starting to develop a new progressive sales program and is modernizing its manufacturing approach so as to be able to continue to provide the finest publications at the lowest possible price.

Our Fund depends very heavily on good communications with the clergy, treasurers, and diocesan authorities. We recognize the importance of a clear understanding throughout the Church about how The Church Pension Fund works, and ask that if you have any questions or constructive criticisms about the Fund to please send them in to us.

PRAYER FOR THE DIOCESE

Blessed Lord who has taught us to pray one for another, send Thy blessing, we beseech Thee, upon the Diocese to which we belong. Give grace to its Bishop and Clergy, that they may win souls to Thee and guide Thy people in the narrow way that leadeth unto life. Grant to us such growth and increase as shall be in accordance with Thy will, and teach us to give generously of our substance for the glory of Thy Name and the edifying of Thy Holy Church. Make these souls for whom Thou has died, true to Thee, to their vows, to Thy Sacraments, to their duties of this life, and so prepare them for the joys of Thy Heavenly Kingdom; for Thy mercy's sake, O Blessed Jesus, Who with the Father and the Holy Ghost livest and reignest ever one God, world without end.

Amen.

RULES OF ORDER

Governing the Conduct of Business at Meetings of the Convention of the Diocese of West Missouri

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.
2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.
3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.
4. All Committees shall be appointed by the President unless otherwise ordered.
5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.
6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.
7. No member shall absent himself from the session of the House unless he have leave or be unable to attend.
8. A member, other than the chairman of a Committee whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.
9. Any member of the House may call for a vote by ayes and naves.
10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.
11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been of-

ferred. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minutes for the purpose of explaining its object.

13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.

14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.

15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.

16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.

17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.

18. The names of movers of resolutions shall appear upon the minutes of the Convention.

19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.

20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.

21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

ORDER OF BUSINESS

1. Announcement by Secretary as to whether a quorum is present.
2. Election of Secretary of the Diocese.
3. Announcements.
4. Report of Committee on Dispatch of Business.
5. Introduction of all resolutions for reference.
6. Nominations for all other offices.
7. Reports of all officers and committees.
8. Elections.
9. Report of all resolutions previously referred.
10. Fixing time and place of next Convention.

PROCEEDINGS OF THE CONVENTION

Sunday, May 3

The 81st Annual Convention of the Diocese of West Missouri was called to order by the President, the Rt. Rev. Edward R. Welles, D.D., S.T.D., in the Broadway Presbyterian Church in Sedalia, which is located diagonally across the street from Calvary Episcopal Church, who were hosting this convention, at 4:00 p.m., May 3, 1970. The Bishop led the assembled delegates in opening prayers for the work of the convention.

The Secretary announced that a quorum was present in both orders and the Bishop then proceeded with the Order of Business.

The Committee on Dispatch of Business was named and dismissed to meet so that their report could be made as soon as possible.

The Bishop emphasized the fact that the Convention has a large amount of business to transact, that every member of the Convention is encouraged to participate by letting his ideas be known on the floor of the Convention, and that the Convention must move rapidly in order to adjourn by 4:00 p.m. on Monday.

Canon Lassiter nominated the Rev. Canon William E. Lusk to be Secretary of the Convention for the ensuing year, and he was elected. The Secretary nominated the Rev. Canon Donald E. Becker to be Assistant Secretary for the coming year and he was elected.

A welcome to the Convention was given by the host rector, the Rev. Canon William E. Lusk of Calvary Church, who made several announcements.

The Bishop proceeded to make several announcements. The first of these is that Bishop Spears has appointed a new Resort and Leisure Time Committee consisting of the following members: The Rev. Richard E. Mason, Chairman, the Rev. John B. Sweigart, the Rev. James F. Moon, the Rev. Samuel L. Weaver, Mr. Peter Herschend, Mr. Donald R. Branham, Jr., Mr. Robert D. Dillon, Mr. John Thornberry, Mr. J. Warren Lansdowne, and Mr. David A. Rydeen. The next announcement was to instruct the Elections Committee and the Committee on Convention Offerings to meet after the adjournment of the afternoon session. A report from this latter committee will be heard at the banquet tonight enabling members of the convention to know in advance the causes to which they will contribute their offerings at both Convention services.

The Rev. Garner Odell, Pastor of the Broadway Presbyterian Church, in which building the convention was meeting was introduced and welcomed the members of the Convention. Bishop Welles expressed his thanks to Dr. Odell for the use of the Presbyterian Church buildings.

At this time the Bishop called on Mr. Boyd Griswold of Christ Church, Springfield, to present the report of the Committee on Dispatch of Business. It is as follows:

1. That the first order of business on May 3 be the nominations for the various elective offices.
2. That all matters of referrals (resolutions, etc.) be submitted during the afternoon of May 3rd.
3. That the Convention continue with business as indicated in the "Rules of Order" (1969 Convention Journal, pages 12-13) as far as possible.
4. That the Convention recess as near as possible to 5:15 p.m., so that the Delegates may prepare for the Bishops' Reception at 6:00 p.m., and the Banquet at 6:30 p.m., both to be held in the Agriculture Building, Missouri State Fair Grounds.
5. That the Convention gather at 8:00 p.m., in Broadway Presbyterian Church for the Service.
6. That the Convention gather on Monday, May 4th, at 7:30 a.m., in Calvary Episcopal Church for the Annual Diocesan Celebration and Offering of the Holy Eucharist, followed by breakfast at 8:15 a.m., in Masonic Temple.
7. That the Convention re-convene at 9:00 a.m., May 4th, in Broadway Presbyterian Church.
8. That the next Order of Business be the Address of the Suffragan Bishop.
9. That the balloting for elective officers follow the Suffragan's Address on Monday morning.
10. That after the first ballots in each election have been cast that the Special Order of Business - the workshop group discussions, become the Order of the Day.
11. That when the Convention returns to plenary session after the workshops, that the Rules of Order be followed as far as possible for the ensuing business.
12. That the Monday morning session recess at 12:45 p.m., to have lunch at 1:00 p.m., in Masonic Temple, and to re-convene at 2:00 p.m.
13. That the Convention adjourn sine die as soon as possible thereafter.

Boyd V. Griswold, Chairman

Mr. Griswold moved and it was seconded that the report be accepted as read. Motion carried.

The next Order of Business was the introduction of resolutions with subsequent referral and the introduction of proposed Canonical changes. The Bishop recognized Dean Malcolm, Chairman of the Committee on Resolutions, who introduced the following Resolutions:

RESOLUTION

- I. WHEREAS, the General Convention of the Episcopal Church is the chief legislative body of this Church, and
WHEREAS, the Diocese of West Missouri sends and pays for the expenses of deputies and others to attend said Convention, and

WHEREAS, the business transacted by the General Convention is of interest and importance to the members of the Episcopal Church in West Missouri,

THEREFORE BE IT RESOLVED: that within three weeks following the adjournment of the General Convention, or of any special convention, that the Canons to the Ordinary shall hold meetings in their respective Convocations in the Diocese of West Missouri for the purpose of informing the church members of the Diocese regarding the actions taken at the General Convention,

AND BE IT FURTHER RESOLVED: that one or more Deputies shall be present to make a report at each Convocation meeting, regarding the actions taken at the preceding General Convention,

AND BE IT FURTHER RESOLVED: that the Dean of the West Missouri deputation shall be responsible for seeing that one or more deputies is present at each Convocation meeting for the purpose of making the said reports.

John H. Lembcke, Jr.

RESOLUTION

II. WHEREAS, considerable effort nationwide has been undertaken to lower the legal age for voting in national elections to eighteen, and,

WHEREAS, the Church Canons should also recognize the rights and privileges of young people,

THEREFORE BE IT RESOLVED, that Canon 14, Section 7 of the Canons of the Diocese of West Missouri be and is hereby amended by the deletion of the words "of legal age" and the substitution of the words "eighteen years of age or older," so that the section would read

"No person shall be entitled to vote at a Parish meeting, unless he be a communicant of the Parish, eighteen years of age or older, etc."

BE IT FURTHER RESOLVED, that the expression "of full age" in Canon 15, Section 1, would be interpreted as being eighteen years of age or older.

Southwest Convocation

RESOLUTION

III. WHEREAS, the youth population of our country and state is growing rapidly and will soon represent a majority of our population, and

WHEREAS, this same rapid growth is not being reflected in a corresponding increase in the youth membership of our Church or Diocese, and

WHEREAS, many youth appear to be rejecting Christianity and its customs and traditions for something else with the result that there is a breakdown in effective communication between the several generations,

THEREFORE BE IT RESOLVED: that the 81st Annual Convention of the Diocese of West Missouri urges the Diocesan Council of West Missouri to initiate, encourage, and support programs of Christian witness and Christian mission directed toward the youth and young adults of our diocese and our community,

AND BE IT FURTHER RESOLVED: that the Council be encouraged to support and cooperate with others in programs and activities designed for the purpose of promoting communication and understanding between the generations in our diocese and in our community.

John H. Lembcke, Jr.

RESOLUTION

Memorial from the 81st Annual Convention of the Diocese of West Missouri to the General Convention meeting in Houston in 1970 and to the Executive Council of the Episcopal Church:

IV. WHEREAS, General Convention Special Program grants have been allocated to programs in at least three dioceses over the veto of the Diocesan Bishops involved, specifically

The Alianza Grant in the Diocese of New Mexico and Southwest Texas; The Malcolm X University grant in the Diocese of North Carolina; The Kansas Legal Defense Fund Grant in the Diocese of Kansas

and in these specific cases judgemental action was taken by the Review and Screening Committee of the Executive Council and the Executive Council itself,

THEREFORE BE IT RESOLVED: that no grant or grants be made by the Executive Council through General Convention Special Program to groups and organizations operating within the individual jurisdiction without the approval of a Diocesan Bishop and The Standing Committee; provided, that the Bishop and The Standing Committee indicate their approval or veto within thirty days of the grant or grants having been referred to the said Bishop and Standing Committee.

Southwest Convocation

RESOLUTION

Memorial from the Eighty-first Convention of the Diocese of West Missouri to the Presiding Bishop, the Executive Council, and the General Convention meeting in Houston in 1970.

V. WHEREAS, the General Convention meeting in Seattle established a General Convention Special Program to give grants-in-aid to community action groups outside the Church, and

WHEREAS, the General Convention Special Program, in operation for two and one-half years, has made a number of very questionable grants, and

WHEREAS, because of the nature of the original resolution of the General Convention establishing the General Convention

Special Program, no grants have ever been made to Episcopal Church oriented needs such as Episcopal Colleges with largely black student bodies and other educational institutions, or Episcopal parishes working in ghetto communities, and

WHEREAS, the types of grants which have recently been given have contributed to the present malaise in the Church, and

WHEREAS, if such grants are continued to be made we shall undoubtedly see the eventual drying up of financial resources, and this in itself will be self-defeating, and

WHEREAS, many concerned people feel that the methods by which the Executive Council makes its Special Program grants show a callous lack of concern or understanding of those who have always given the financial support to the program of the Church,

THEREFORE BE IT RESOLVED, that the General Convention, the Presiding Bishop, and the Executive Council undertake an evaluation by a special impartial committee established for that purpose, said committee to report to the Presiding Bishop and Executive Council with specific recommendations, and that the General Convention act to change the procedures to allow for grants-in-aid to specifically Church oriented needs.

Southwest Convocation

RESOLUTION

Memorial from the Eighty-first Convention of the Diocese of West Missouri to the Presiding Bishop and the Executive Council of the Episcopal Church.

VI. WHEREAS, the Planning Committee for the General Convention meeting in Houston in 1970 has announced plans for the inclusion of special representatives as was the case at South Bend in 1969, and

WHEREAS, special representatives tend to create a climate of undue pressure upon the voting deputies, and

WHEREAS, it is conceivable that special representatives can create a climate of opinion that is entirely one-sided on an issue, and

WHEREAS, it is conceivable that if one pressure group has representation, other pressure groups, such as The American Church Union, The Episcopal Evangelical Fellowship, The Foundation for Christian Theology, The Episcopal Pacifist Fellowship, ad infinitum, ought to have representation,

THEREFORE BE IT RESOLVED, that the Eighty-first Annual Convention of the Diocese of West Missouri records itself as opposed to the idea of any special representation at the General Convention meeting in Houston in 1970.

Southwest Convocation

RESOLUTION

Memorial from the Vestry of All Saints' Parish, Nevada, Missouri, to the Eighty-first Convention of the Diocese of West Missouri.

VII. WHEREAS, the Agenda Committee for the Sixty-third General Convention has recommended that "Additional Representatives" be sent from each Diocese to that Convention, and the Diocesan Council of the Diocese of West Missouri has concurred in that recommendation, and

WHEREAS, Section 4 of Article I of the Constitution of The Episcopal Church states that each Diocese shall be represented by not more than four Presbyters and not more than four Laymen, and

WHEREAS, the idea of "Additional Representatives" is an attempt to "pack" the General Convention with representatives of special interest groups favorable to highly controversial programs proposed by the Executive Council and its staff, and

WHEREAS, to elect "Additional Representatives" is a statement that the Diocesan Convention does not feel that its duly elected regular representatives will fairly represent the Diocese in all its Convention, and

WHEREAS, to elect "Additional Representatives" from certain categories of persons and belief, and not from others, gives unfair representation to only some of these special interest groups,

THEREFORE BE IT RESOLVED, that the Vestry of All Saints' Parish, Nevada, records itself as opposed to the idea of any representation to General Convention other than the duly elected regular and lawful clerical and lay deputies.

Resolved unanimously at a regular meeting of the Vestry duly convened on the 13th day of March, 1970, in Nevada, Missouri.

James H. Olmsted, Rector
Robert Ewing, Senior Warden

RESOLUTION

VIII. WHEREAS, the subject of clergy placement is of such a critical nature, and

WHEREAS, several dioceses have done a great deal of creative work in this most important area of the Church's ministry,

THEREFORE BE IT RESOLVED, that this subject be referred to the Planning Committee and that a task force, or sub-committee, be formed to make a comprehensive study, reporting findings and recommendations to the Diocesan Council.

E. G. Malcolm, Dean

RESOLUTION

IX. WHEREAS, the Diocese of West Missouri is cognizant of its difficulty to meet the Mission Budget and shall be confronted with the same situation in 1971, and,

WHEREAS, the internal shortages of funds shall cause missions to close, and,

WHEREAS, the internal conflict can only be resolved by allowing sufficient funds to remain in the Diocese to cure the ills of local mission work,

THEREFORE BE IT RESOLVED, that our Diocese reduce the request of the National Church relative to the proposed Mission Budget for our Diocese, and,

BE IT FURTHER RESOLVED, that dialogue be inaugurated with the National Church Executive Council and they be made aware that the "grass roots" members of our Diocese feel they are being treated with "Benign Neglect."

St. John's Church, Springfield, Mo.

RESOLUTION

X. WHEREAS, the Episcopal Church in general, and the Church in the Diocese of West Missouri in particular, has a difficult time in keeping the interest of senior high school age young people in Church School Classes, and

WHEREAS, the Episcopal Church nationally has no satisfactory Church School material for this age group,

THEREFORE BE IT RESOLVED, that the Department of Christian Education of the Diocese of West Missouri undertake to research and recommend lesson material for this age group for use in the Churches of the Diocese, such lesson material to take in consideration the particular contemporary problems of young people and their outlook, language, and customs.

St. Philip's Church, Joplin, Mo.

RESOLUTION

To the Eighty-first Annual Convention of the Diocese of West Missouri:

XI. WHEREAS, the primary work of the annual Diocesan Convention is to study and act upon the business and legislative affairs of the Diocese as provided in Articles VI through X of the constitution of the Diocese, and

WHEREAS, the time allotted for its meeting almost automatically eliminates the consideration of other important matters relating to the spiritual welfare and evangelistic programs of our Diocese, and

WHEREAS, within the life of the Episcopal Church in this country and within the life of our own Diocese there is tremendous need for greater involvement of all communicants and baptized persons in the area of education, evangelism, and promulgation of the historic faith of the Church, and

WHEREAS, a minor, initial attempt to resolve this condition has been initiated at this convention by the formation of small discussion groups,

BE IT THEREFORE RESOLVED, that a planned continuation of this program be effected by this Convention within the Convocational system of our Diocese, and

BE IT ALSO RESOLVED, that the Bishop appoint a special committee of priests and laymen within the near future to serve as a permanent Diocesan committee for purpose of directing and coordinating this on-going discussion/study program, and

BE IT FURTHER RESOLVED, that at the April meeting each year that summaries be composed by each Convocational unit to be forwarded to the special committee and presented by them to the Annual Diocesan Convention for consideration, evaluation, and action if such be requested or indicated.

Presented by the Rector, Wardens, and Vestrymen of
St. John's Church, Kansas City, Mo.

The Bishop introduced Mr. Edward T. Matheny, Jr., Chairman of the Committee on Constitution and Canons, to present Resolutions for Canonical and Constitutional changes. Mr. Matheny presented the amendments for Constitutional change for the second reading, two of which had been presented at Convention last year.

The first amendment is to Article XIV, Section 1, which should read as follows:

The Standing Committee shall consist of four priests and four laymen who are eligible to seats in the Convention, and who shall be elected by concurrent vote of both orders to serve for terms of two years.

The second Amendment is to Article VIII, Section 1, of the Constitution, the force of which is to delete the words "who is not engaged chiefly in secular work."

Mr. Matheny then presented for the first reading an amendment to Article IV, Section 4, of the Constitution as follows:

The Convention shall, at its Annual Meeting, elect the Secretary and the Treasurer, to serve as such until the next Annual Convention, and until their successors are elected and qualified. The Convention shall also elect an Associate Treasurer upon the nomination of the ecclesiastical authority to serve until the next Annual Convention.

Section 5: If the Secretary or Treasurer or Associate Treasurer resign or remove from the Diocese, or become incapable of acting, the Diocesan Council shall have power to appoint a Secretary or Treasurer or Associate Treasurer as the case may be, to act until the next Annual Convention.

The Order of Business proceeded with nominations for elective offices. Two lay persons and two clergymen are to be elected for two-year terms to the Standing Committee.

Lay

Curry Miles, St. George's, KC
Harry F. Kirkpatrick, St. John's,
Springfield
James E. Arnold, St. Mary's, KC
Whitney Potter, Christ Church,
St. Joseph
Edward S. Washburn,
St. Andrew's, KC

Clergy

Arleigh W. Lassiter, Cathedral
Charles B. Doan, Church of the
Ascension, Springfield
Stanton R. Ramsey, St. Andrew's,
KC

Nominations of four lay persons and three clergymen to be elected for two-year terms on the Diocesan Council were made as follows:

Lay	Clergy
Leo Crabbs, Jr., St. Mary's, KC	David C. Patrick, St. Philip's, Joplin
Clifford H. Hall, St. Paul's, KC	Donald E. Becker, St. Matthew's, Raytown
Lawrence Askinosie, St. John's, Springfield	Gerald L. Claudius, St. John's, KC
Carter Kolkjer, St. Andrew's, KC	George G. Greenway, Jr., St. John's, Springfield
Tom Kretzinger, Messiah, Liberty	Howard C. Rutenbar, Christ Church, St. Joseph
Richard Wilson, St. John's, KC	James F. Moon, UMC, KC
Cole Hendrix, Good Shepherd, KC	Orris G. Walker, Jr., St. Mark's, KC
	Gary E. Young, Christ Church, Lexington
	Robert D. Schenkel, St. Andrew's, KC

The Bishop recognized Mr. William Harsh from St. Andrew's, Kansas City, who asked for a meeting of the Committee on the Meeting Place of the Next Convention, near the Church Flag, following the adjournment of the session this afternoon.

Introductions and welcome to the Diocese were extended to the following new clergymen: The Rev. Robert P. Temple, Vicar of St. Michael's Chapel in Independence, and Church of the Resurrection in Blue Springs; The Rev. Donald R. Barton, Vicar of Church of the Shepherd of the Hills, Branson-Hollister; The Rev. J. Pittman McGehee, Assistant at St. Paul's Church, Kansas City; The Rev. Peter G. Kreidler, Assistant at St. Andrew's, Kansas City.

Before adjournment for the afternoon, several announcements were made as to the meetings and meeting places of several of the Stated Committees of the Convention.

The Convention was recessed until 9:00 a.m., on Monday, May 4.

The delegates to Convention and other members of the Diocese met for the annual Diocesan Banquet in the Agricultural Building at the Missouri State Fair Grounds. Following the banquet Mr. Roy E. Mayes of Carthage, Chairman of the Committee on Offerings of the Convention, made a motion according to the recommendations of that Committee, that the offering at the Evening Service and at the Eucharist be held on Monday morning, be designated half for the Cliff Springs Conference Center and half for St. Mark's Ecumenical Church in Kansas City. The motion was seconded and carried.

The service of Evening Prayer and the Bishop's Address was held in the Broadway Presbyterian Church, and during his address the Bishop, with great affection and great enthusiasm, presented the Bishop's Cross to the Bishop Suffragan of our Dio-

cese, the Rt. Rev. Robert R. Spears, Jr., who recently has been elected and more recently accepted the election to be the Diocesan Bishop of the Diocese of Rochester. At the close of this presentation the congregation spontaneously and enthusiastically applauded Bishop Spears. Following his address Bishop Welles presented the following awards: Bishop's Medals to Mrs. William C. Davidson of Good Shepherd Church, Kansas City and Mr. Edward G. Lee of Christ Church, Lexington. Bishop's Crosses to Mr. Robert Dillon of Trinity Church, Lebanon, Mr. Frederick B. Sheldon of St. Augustine's Church, Kansas City, Mrs. George A. Clay of Grace and Holy Trinity Cathedral, Kansas City, and Mr. Herbert F. Butterfield of Trinity Church, Marshall. The Rev. Canon William E. Lusk of Calvary Church, Sedalia, the Rev. William N. Beachy, M.D., Chaplain of St. Luke's Hospital, Kansas City, and the Rev. Canon George A. Wilson of Christ Church, Springfield received the Tippet Award. Following the presentation of awards, the Bishop installed as Canons the Rev. Samuel S. Johnston, D.D., as Canon to the Ordinary of the Metropolitan Kansas City Convocation, the Rev. Donald E. Becker as Canon to the Ordinary of the Southern Kansas City Convocation, and the Rev. John H. Lembcke, Jr., as Canon to the Ordinary of the Northern Kansas City Convocation. The Bishop remarked with humor and insight following the installation that he thought it was probably the first time in 2000 years of Christian history that Canons had been installed in a Presbyterian Church!

Monday, May 4

Members of the Convention and other members of the Diocese met in Calvary Church on Monday morning at 7:30 o'clock for the celebration of the Holy Eucharist. The Rt. Rev. Edward R. Welles, Bishop of the Diocese, was the celebrant for the Eucharist, and he was assisted by the Rt. Rev. Robert R. Spears, Jr., the Suffragan Bishop, The Very Rev. Eugene G. Malcolm, Dean of Grace and Holy Trinity Cathedral, and the Rev. Canon William E. Lusk, Rector of Calvary Church. Breakfast followed at the Masonic Temple.

The Bishop called the Convention to order in the Broadway Presbyterian Church at 9:00 a.m., and the first Order of Business was the Annual Address of the Suffragan Bishop.

Following the address of Bishop Spears, the next Order of Business was balloting for members of the Standing Committee and the Diocesan Council. However, the order was interrupted for consideration of the amendment to Article XIV, Section 1, of the Constitution, because this amendment affected the voting procedure for the Standing Committee. The question was called for on the second vote of this amendment, and it was carried,

which meant that the voting for the Standing Committee would proceed by orders.

Mr. Kneibert, and the members of the Elections Committee, proceeded with instructions for election and distribution of the ballots for clergy and lay members of the Standing Committee and for clergy and lay members of the Diocesan Council.

The next Order of Business was the breaking up of the Convention into twenty small groups. These groups included, as well as the delegates to Convention, the members of the Episcopal Churchwomen, who were meeting in Calvary Church, and other visitors to the Convention. One hour was spent in small groups. Each member was given a copy of the lists of likes and dislikes referring to Parish, Diocese, and National Church which had come out of the pre-convention Convocation meetings. The task of each group was to establish the group's priorities of concerns by selecting three items from likes and three from dislikes, listing them in the order of preference, including Parish, Diocese, and National. The reports from these twenty discussion groups together with recommendations are to be fed to the Diocesan Planning Commission for possible action.

When the Convention gathered again there was a report on the first ballot for Standing Committee, which showed that Mr. E. S. Washburn, the Rev. Canon Arleigh W. Lassiter, and the Rev. Charles B. Doan were elected. The second ballot for the Standing Committee was distributed. It was necessary to elect one more person in the lay order to the Standing Committee.

The report on the first ballot for Diocesan Council showed that the following lay persons were elected: Mr. Leo Crabbs, Jr., Mr. Clifford Hall, Mr. Lawrence Askinosie, and Col. Edward Buster. In the clergy order the Rev. Canon Donald E. Becker was elected. Following the report the second ballot for Diocesan Council was distributed. It was necessary to elect two more clergy members to the Council.

Following the distribution of ballots, the Chancellor, the Hon. Robert W. Wagstaff, who had flown back from Paris specifically to be present at Convention, was introduced and gave his report.

The Treasurer's report was filed by title, following which Mr. Thomas C. Graves was nominated to be Treasurer of the Diocese by Father Warner. A motion was made that the Chairman cast an unanimous ballot for Mr. Graves, which was seconded and carried.

At this point Bishop Welles turned the Chair over to Bishop Spears, so that he might go over to Calvary Church and look in on the Episcopal Churchwomen.

There was a report on the second ballot for the Standing Committee; however this ballot was invalidated because of an error. The report on the second ballot for the Diocesan Council

showed the election of the Rev. David C. Patrick and the Rev. James F. Moon.

Mr. William L. Atwood, Chairman of the Finance Committee, presented the budgets for the year 1971. Following the presentation of the Diocesan Budget, Mr. Atwood moved its adoption, which motion was seconded. Mr. William Bundschu made a motion to amend the budget so that \$29,000 be deleted from the Diocesan Budget and that \$20,000 be allotted for a Lay Administrator. The amendment was seconded. The \$29,000 represents roughly the sum designated for the Suffragan Bishop. Several people spoke to this amendment. Finally the question was called for on the amendment and it was defeated.

The motion on the Diocesan Budget was called for and it was carried unanimously.

Bishop Welles returned from Calvary Church to the Chair of the Convention. Mr. Atwood continued with the presentation of the Mission Budget. However, his presentation was interrupted by a report on the third ballot for the Standing Committee, which showed no election. Mr. Miles and Mr. Arnold withdrew their names. The fourth ballot for the Standing Committee was distributed.

Mr. Atwood moved the adoption of the Mission Budget.

Father Olmsted offered an amendment to reduce the \$90,000 allocated for the National Church to \$50,000. The amendment was seconded and prompted some discussion, but when the question was called for the amendment was defeated.

The report on the fourth ballot for the Standing Committee showed that Mr. Whitney Potter of Christ Church, St. Joseph, was elected to the Standing Committee. This concluded the elections.

The question on the Mission Budget was called for and was carried overwhelmingly. Mr. Atwood announced that the procedure of the Finance Department is being changed from a quarterly billing to Missions and Parishes to a monthly billing, hoping that the various congregations in the Diocese will make an effort to become more prompt in their payments, thereby facilitating the cash flow into the Diocesan treasury.

The Standing Committee was excused at this point for organization.

The Rev. Peter Sturtevant offered the same resolution which he offered last year, as follows:
WHEREAS most parishes and missions in the Diocese of West Missouri have their Every Member Canvass in the fall of the year and therefore are not able to accurately know in May the amount of their anticipated income for the following year and
WHEREAS some delegations wishing to be as cooperative as possible will be tempted to offer an acceptance quota figure which

could prove to be in excess of what they actually will be able to give and will actually give, and

WHEREAS some delegations not being able to accurately anticipate their income for the following year will naturally be tempted to give a figure of quota acceptance which will be quite conservative and therefore will offer an amount considerably less than their potential and

WHEREAS for the above mentioned reasons the Finance Committee of the Diocese will not be able to have a reasonably accurate quota acceptance figure by which to determine a Proposed Budget,

BE IT RESOLVED THEREFORE that instead of asking for quota acceptances in the month of May preceding the fiscal year in question that every parish and mission in the Diocese of West Missouri be asked to notify the Chairman of the Department of Finance not later than December 15, 1970, setting forth the amount of their quota acceptance for the following year.

After Father Sturtevant read his resolution, discussion started with the promise of length and deep involvement. Debate was cut short because actually the motion was out of order. The question on the resolution was called for and it was defeated. Any motion other than a resolution of courtesy, or one arising from the recommendations of the Committee on the Bishop's Address, is out of order if it is offered after the first day.

The Secretary called the roll of the Parishes and Missions of the Diocese to record the amount of money each congregation is pledging for the year 1971 to the Mission Budget. The results of this roll call are recorded in Section III of this Journal under "Mission Quotas 1971." Some congregations were not present for the roll call and others abstained from making a pledge. This distinction will be noted in the report. The total came to \$210,876. Some parishes made no pledge because of dissatisfaction with the South Bend Convention and Executive Council policies and actions. Some other parishes declined to pledge until after their autumn canvass for pledges.

Convention recessed for lunch at 12:45 p.m., to return at 2:00 p.m. When the Convention reconvened at 2:00 p.m., the Bishop reviewed the business yet to come, and noted that we had Resolutions to consider, the amendments to Constitution and Canons, the report of the Committee on the Bishop's Address, and at the end of this review he said that he would welcome the possibility of changing the Order of Business; whereupon Father Rutenbar made a motion to hear first of all the Very Rev. T. Hudnall Harvey, Dean of the Episcopal Theological Seminary of the Southwest in Austin, Texas, and then to hear the report on the Bishop's Address. The motion was seconded and carried.

Bishop Welles welcomed Dean Harvey who spoke for a few minutes about his work at the Seminary in Austin and about Theological Education in the Church today.

The next Order of Business was a report of the Committee on the Bishop's Address. The Rev. Peter M. Sturtevant, Rector of St. Paul's Church, Kansas City, made this report as follows:

When the Chairman of a committee like this makes a report, it makes it sound as if he and each member of the committee completely agree with their final report and the Bishop's Address which was the subject of our deliberations. Such is not the case! For instance, whereas I agree with some of the ideas expressed by the Bishop in his address last night, there were other ideas with which I disagreed and in fairness to some other members of the Committee on the Bishop's Address, I am sure the same thing should be said for them as well. Nevertheless, it is our responsibility to present to you certain resolutions which were agreed upon through the process of democratic voting procedures followed by the Committee at our meeting last night. We have five Resolutions to present which are as follows:

- I. Be it resolved that the canon covering voting eligibility in our Parishes, Missions, and Diocesan Convention be changed to include those communicants who have reached the age of eighteen years.
- II. Be it resolved that the Bishop and Diocesan Council appoint a committee to make an orderly review of our decision made in 1967 to enter into and fully participate in the St. Mark's Ecumenical Parish and make a report to our next Annual Convention in 1971.
- III. Be it resolved that the Diocese of West Missouri not send "Representatives" (one youth, one woman, and one person from an ethnic minority group) to our next General Convention meeting in Houston in October, 1970; but instead send "Consultants" not to exceed three (3) in number to the above mentioned General Convention provided however, that the selections of such "consultants" be made by the Bishop and the duly elected deputies from our Diocese to the General Convention meeting in Houston, Texas; and that consideration be given to the nominees presented by the committee selected by Diocesan Council to present such nominees, of which Dr. Blaine Z. Hibbard is the Chairman; and that such consultants may be named "representatives" by act of the Bishop if needed.
- IV. Be it resolved the 81st Annual Convention of the Diocese of West Missouri memorialize the General Convention meeting in Houston, Texas, in October, 1970, to provide for the General Convention Special Program a closer consultation with, and funding projects of, two-thirds minority clergy and congregations in the Episcopal Church; and also preserve the authority of the Diocese, the basic unit of the Church, by involvement of Diocesan authorities from start to finish about a project and whether to fund it, granting veto power to the Diocese as represented by the Bishop and either the Standing Committee or Diocesan Council, except that in the event of a veto the veto could be overridden by a three-fourths vote of the Executive Council.
- V. Resolved that the 81st Annual Convention of the Diocese of West Missouri recognizes that the Bishop of this Diocese needs a Bishop Coadjutor because of the extent of Diocesan work, and hereby gives its consent and approval to the election of a Bishop Coadjutor for such Diocese and

Resolved, further, that the appropriate consents to such election should be requested from the Bishops having jurisdiction in the United States and from the several Standing Committees as required under Canon 38, Section 2 (a) and that all further requirements set within the Canons be complied with in order to effectuate the purpose and intent of this resolution.

It was moved and seconded that the first resolution regarding voting eligibility in our Parishes, Missions, and Diocesan Convention, be adopted. The motion carried.

It was moved and seconded that the second resolution regarding a report on St. Mark's Ecumenical Parish be adopted. The motion carried.

The third resolution regarding additional representatives to General Convention was adopted.

The resolution regarding the General Convention Special Program was adopted.

The final resolution was the one regarding the election of a Bishop Coadjutor and it was adopted.

The next Order of Business was Departmental Reports, which were submitted by title as they were called for.

The Bishop announced the appointment of Mr. James E. Arnold of St. Mary's Church, Kansas City, to be Chairman of the Architectural Commission.

The report of the Resolutions Committee followed. The first resolution presented in yesterday's order had to do with making reports of General Convention actions to the people of the Diocese through their respective Convocations. The resolution was amended as follows:

AND BE IT FURTHER RESOLVED that the Dean of the West Missouri deputation shall be responsible for seeing that one or more deputies is present at each Convocation meeting for the purpose of making the said reports and that a brief summary or digest of said reports be published in the Diocesan Bulletin within two months following their presentation to the Convocation.

The committee recommended the adoption of this resolution. It was seconded and carried.

The second resolution had to do with the legal age of individuals eligible to participate in the official action of the Church in the Diocese of West Missouri. The resolution was amended as follows:

BE IT FURTHER RESOLVED that the expression of full age in Canon XV, Section 1, would be deleted and the language of the section amended to substitute for "of full age," the words "eighteen years of age or older."

The resolution was recommended by the committee for passage as amended. It was seconded and carried.

The question was asked of the Chancellor whether or not this resolution meant that eighteen year olds could serve on ves-

tries. The Chancellor ordered that they would be allowed to serve on vestries.

The third resolution had to do with the initiation of programs of Christian Witness and Christian Mission to promote communication and understanding between the various generations in our Diocese and community. There were three amendments offered to this resolution. The first amendment is a fourth 'whereas' as follows:

WHEREAS, we acknowledge the fine work done in past years with inadequate funds by the Diocesan Department of Christian Education

The second and third amendments would follow the second 'resolved' as follows:

AND BE IT FURTHER RESOLVED, that Diocesan Council be directed to return to the 1971 Convention a specific youth-oriented program for consideration by that Convention

AND, that should the Council find a program which would not add any additional expenses than already are being spent, the Council should initiate such a program

The amendments to the resolution were carried and the Committee recommended the passage of the resolution. It was second and carried.

Resolution number four was recognized as having already been taken care of by the resolutions which came out of the Committee on the Bishop's Address.

The Committee recommended that resolution number five be passed if the final two Whereas paragraphs are deleted. The resolution was recommended for passage as amended, seconded and carried.

The Committee asked to be discharged from further consideration of resolution number six. A resolution similar to this one had already come out of the proceedings of the Committee on the Bishop's Address.

The recommendation of the Committee regarding resolution number seven was that it be received by Convention, but not acted upon.

The committee recommended for passage and referral to the Diocesan Planning Commission resolution number eight. It was seconded and carried.

The Committee recommended that resolution number nine not be passed and the report of the Committee was upheld by vote of the Convention.

Resolution number ten was amended as follows:

THEREFORE BE IT RESOLVED, that the Department of Christian Education of the Diocese of West Missouri undertake to research and recommend lesson material for this age group for use in the churches in the Diocese their outlook, language, and customs.

The Committee recommended the adoption of this resolution as amended. It was seconded and carried.

The Committee recommended the passage of resolution number eleven, and that it be referred to Diocesan Council for action. It was seconded and carried according to the Committee's recommendation.

Resolution number twelve is as follows:

XII. WHEREAS, the Rt. Rev. Robert Rae Spears, Jr., has been Suffragan Bishop of the Diocese of West Missouri for the past three years, and

WHEREAS, he has given effective leadership in the affairs of the Diocese with true Christian concern for people and

WHEREAS, he has demonstrated to us that the Holy Spirit guided us in his original selection

THEREFORE, be it resolved that the 81st Annual Convention of the Diocese of West Missouri express its best wishes and heartfelt thanks to Bishop Spears and his dear wife, Charlotte, and as they leave us for the Diocese of Rochester assure them of our constant prayers for their continuing work in the Church of God.

The Committee recommended the adoption of this resolution. It was seconded and carried with a standing ovation.

A report was made at this time by the Standing Committee of their organization for the coming year. It is as follows: President, The Rev. Brian J. Packer, Vice-President, The Rev. Charles E. Kronmueller, Secretary, Mr. Edward S. Washburn. The Standing Committee will meet on the first Monday of the month at 11 o'clock, starting in June.

The next Order of Business was consideration of the report of the Committee on Constitution and Canons. Mr. Matheny called for a vote on the second reading of the Amendment to Article XIV, Section 1, of the Constitution, on voting by orders for the Standing Committee. It was carried.

The next amendment had to do with Article IV, Sections 4 and 5, of the Constitution referring to an Associate Treasurer. This amendment to the Constitution was carried in its first reading.

Bishop Spears nominated Mr. Roger Ewing to be Associate Treasurer of the Diocese of West Missouri for the coming year, and he was elected unanimously.

Article VIII, Section 1, of the Constitution was amended in its first reading to include the words "Associate Treasurer."

A report was called for at this time from the Committee on Offerings of the Convention. Mr. Mayes stated that the offerings from the evening service and the morning Eucharist totaled \$571.23, and that these offerings, according to action taken at the banquet on Sunday evening, would be divided between Cliff Springs Conference Center and St. Mark's Ecumenical Parish for the neighborhood program.

The report of the Committee on the Meeting Place of Next Convention was called for. Mr. William Harsh, the Chairman, reported on the invitation of Shepherd of the Hills Church in Branson, that the Convention in 1971 meet in Branson at the School of the Ozarks. The Committee recommended the adoption of the report. It was seconded and carried unanimously.

The next item on the agenda was the report of the Committee on Review of the Use of Diocesan Advance Campaign Funds. The Bishop called on Mr. Edward Washburn, a member of the Committee and Treasurer of the Diocesan Advance Campaign, to present this report, which is included in the report section of this Journal. An amendment to this report was offered by Dr. Hibbard, to the effect that in the new allocation of DAC funds, the \$75,000 allocated to the Carthage Convalescent Center for a Home for the Aging Chronically Ill, after it has been used and served its purpose, be returned to the Expansion Fund. This amendment was seconded and carried. A further amendment was offered by Mr. Roger Ewing that the precise repayment terms of this loan be worked out by Diocesan Council in due time, which amendment also was seconded and carried. It was moved and seconded that the report of this Committee, as amended, be adopted. Motion carried.

A motion was made by the Chairman of the Resolutions Committee that telegrams be sent to Mrs. Lewis R. Anschutz, who is hospitalized in Springfield, Mo., and the Rev. Canon Vincent C. Root, who is hospitalized in Carthage, expressing the concern and good wishes of the members of the Convention for their recovery and continued health. Motion was seconded and carried.

A Resolution of Courtesy to the host parish was offered by the Rev. Brian J. Packer.

RESOLUTION

WHEREAS, the Rector, Wardens, and members of Calvary Church, Sedalia, have graciously welcomed and given generous hospitality to the 81st Annual Convention of the Diocese of West Missouri, and

WHEREAS, the Pastor and members of the Broadway Presbyterian Church have made their facilities available to this 81st Annual Convention, and

WHEREAS, the State Fair Ground Agricultural Building and the Masonic Temple have been made available to the Diocese for some delightful meals, now

THEREFORE, BE IT RESOLVED, that we hereby express our deepest gratitude to the Rector, Wardens, and members of Calvary Church for the arrangement and hospitality, and the same expression of appreciation to the responsible persons for the use of the various facilities named above, and

BE IT FURTHER RESOLVED, that a copy of this Resolution be sent by this Convention to the members of Calvary Church, Sedalia, the Broadway Presbyterian Church, Sedalia, and to the Masonic Temple and the Secretary of the Missouri State Fair.

The Rev. Brian J. Packer
President of the Standing Committee
81st Annual Convention
Diocese of West Missouri
May 4, 1970

The motion was seconded and carried.

At this time the Bishop announced his appointments for two-year terms to the Diocesan Council. Mr. John Ringenberg of Christ Church, Springfield, and Mr. Edwin F. Shiddell of St. George's Church, Kansas City, were appointed as lay members to the Council, and the Rev. Canon Vincent C. Root as a clergy member of Diocesan Council. He appointed the Rev. Canon Vincent C. Root to a five-year term on the Ecclesiastical Court.

The Convention was adjourned at 4:00 p.m., on Monday, May 4, with the Bishop's blessing.

It was most impressive how effectively the Convention accomplished as much as it did in such a short span of time, exactly twenty-four hours. The President of the Convention, with exceptional grace, wit, and humor, to say nothing of dexterity and efficiency, steered this group of 200 people through an immense amount of business, giving perspective, direction and inspiration when it was needed, calling almost everyone by name, and inserting anecdotes for the joy and benefit of all.

We dealt with eleven resolutions brought to Convention by the Resolutions Committee, plus five by the Committee on the Bishop's Address, plus resolutions of courtesy. We spent an hour in small group discussion, elected four members to the Standing Committee, seven to the Diocesan Council, passed the budgets and did the housekeeping chores of the Diocese.

Besides the business we joined together in Evening Prayer, heard the Bishop admonish and direct us for the forthcoming year(s) of our diocesan life in his Annual Address, offered together the Eucharist, heard the Suffragan Bishop summarize his three years with us in West Missouri, ate three meals together, spent time enjoying old and new friendships, and finally managed a brief span of sleep on Sunday night in preparation for another day!

The Bishop's Address

My dear Fellow Christians:

The Convocations of our Diocese are serving with increasing effectiveness and I trust that this trend will continue. The opportunity they provide for area discussion, debate and innovation, together with occasional diocesan-level workshops as conducted by our Diocesan Christian Education Department at this convention, will strengthen the democratic governing process in the Church.

We are all of us impressed with the tremendous ministry of service that our St. Luke's Hospital, Kansas City, renders, and are delighted with the exciting 20-million dollar expansion program now under way. I trust you will support the 3-million dollar fund campaign now in progress.

The Carthage Extended Care Facility is emerging; you will be asked at this convention to approve an interest-free loan to give additional help to this fine project and I hope you will vote affirmatively.

If eighteen-year-olds are mature enough to die for their country, I believe they are mature enough to have the vote, and I hope this convention will grant the vote in our Church in West Missouri to 18-year-old members.

Two of our new congregations contemplate the erection of permanent church buildings: St. Michael's, Independence, and Ascension, Springfield.

When we entered into St. Mark's Ecumenical Parish in 1967 this represented an exciting pioneering opportunity to test new forms of ecumenical cooperation. I believe the time has come for an orderly review of this decision. Therefore, I hope this Convention will authorize a committee to assist me in evaluating and reporting on our involvement in St. Mark's, this report to be available to our 1971 Annual convention.

Non-stipendiary Ministry

The Archbishop of Canterbury, addressing some eighty bishops of the Episcopal Church in New York in March, said: "In the coming days I believe the part-time priest is going to be more and more frequent, the priest who combines ordained priesthood with another calling, that is likely to grow greatly." We in West Missouri have for several years welcomed and encouraged this development with the training sessions in Springfield and Kansas City for men preparing for non-stipendiary diaconate and priesthood. If you are interested I invite and urge you to attend a 24-hour conference on the subject to be held from lunch on May 29th in St. George's Church, Kansas City, with famous Dr. Boone Porter as leader. Do make advance reservations!

Additional Representatives

The national legislative body of our Church is the triennial General Convention; this year it meets in Houston with the bishops in one house and eight elected deputies (four lay, four clergy) from each diocese in the other house, like the Congress of the United States. At a Special General-Convention held in South Bend last September each Diocese was invited to send three additional representatives: one youth, one woman, and one person from an ethnic minority group, who participated in discussion groups and plenary sessions but not in legislative sessions. Many people at South Bend disapproved of this unconstitutional addition to the membership of the Convention. That Convention did not legislate about the matter of additional representatives at future conventions. Now a committee preparing agenda for the Houston Convention has sought the advice of several hundred leaders throughout the Church as to the wisdom of having additional representatives at Houston. The replies were about four to one against; nevertheless the agenda committee, with questionable authority, has decided that we shall have additional representatives at Houston anyway. If General Convention desires additional representatives it should so decide. An ad hoc committee on agenda exceeds its proper area of responsibility in dealing with membership. This looks like manipulation. Since each convention has the power to make its own decisions, Houston will act on this matter at the start. It would take affirmative action of both houses of convention to seat the additional representatives in plenary sessions. With this in mind the Bishop of West Virginia wrote to 82 bishops asking them if they are prepared to vote "No" to additional representatives when they meet at Houston. This could save dioceses the expense of sending them only to have them refused a seat on arrival. A number of dioceses have already voted not to send additional representatives. To April 30 Bishop Campbell had received 70 replies. 61 indicate they will vote "No"; 4 are uncommitted; 5 will vote for additional representatives. It would thus appear that a majority of bishops are going to vote against seating additional representatives at Houston.

What shall we in the Diocese of West Missouri do? One or more resolutions before this convention deal with this matter and I am sure that there is real opposition to sending any. Some oppose the idea because it is unconstitutional; others because it is financially expensive at a time when we are short of money; I oppose it myself because at the last two General Conventions we have not finished our important business and the sending of special representatives with the conference-type convention uses up more time than we can afford to use leaving undone much legislative business.

Having said all that I must balance it by asking the question: Why do some people want additional representatives anyway? Primarily because our present bishops and deputies, although democratically and constitutionally elected, nevertheless do not represent all the elements in the Church: women, youth, minority ethnic groups. And if the

Church is to deal effectively with the issues and problems of our time those important parts of our church membership should be heard - and consulted with during the fast-moving legislative operations of the convention. Obviously a black person can help more in defining the issues presently concerning the black people in our Church and nation than white deputies can. And West Missouri presently has no black deputies, no women deputies, no youth deputies. I wish we did. Since we do not, I must say that our deputation at Houston would be strengthened if we had such persons accompanying us as consultants. If we could send the three persons nominated by Dr. Blaine Hibbard's Committee as Consultants it would witness to the Church that the Diocese of West Missouri is a multi-racial and multi-cultured Episcopal community which takes seriously its commission to teach, preach, and be the Good News in this part of the country.

The General Convention Special Program (GCSP)

The 1987 General Convention in Seattle established the GCSP with the noble aim of helping disadvantaged persons in the United States achieve self-respect and self-determination: to help them help themselves. In doing so the Convention set up certain criteria with the proviso: "that none of these funds may be utilized for the benefit of, or in connection with, the activities of any individual or group which advocates the use of violence as a part of its program." In due course a distinguished black layman, Mr. Leon E. Modeste, was appointed Director of the GCSP. I have met him on several occasions, heard him speak, seen him in action, and consider him a man of unusual gifts and dedication.

Two GCSP projects in our Province of the Southwest in Kansas and New Mexico that have been funded in recent months are controversial as regards violence and in addition both have been approved by our national elected Executive Council (that itself included some members selected by an undemocratic process) over the strenuous opposition of the local bishop and diocesan leadership. This undermines the very institution that is providing the funds to help the poor and powerless people the GCSP seeks to assist. This seems to me shortsighted to put it mildly. It makes one wonder whether the GCSP should be terminated at Houston General Convention.

Director Modeste in his March 1970 Annual Report GCSP states, "GCSP must continue. Why? Because it has given hope where there was no hope. It has raised expectations, opened new doors and awakened dormant people. To crush GCSP now, with superfluous, bureaucratic controls, euphemisms for paternalism and racism, would be cruel and inhumane. It would be the shattering of dreams too long deferred . . . dreams that were once made of tinsel and are now embodied in the physical being of people. GCSP requires a minimum of 5 to 8 years for its full potential to begin to be realized. To terminate short of 5 years, would be immoral, deceitful, and fraudulent." Mr. Modeste leaves me unconvinced. Three pages later, on page 18, he writes, "The

church's struggle is to decide whether or not preservation as an institution within the white society takes precedence over the call to risk death to serve those who need help." I think he oversimplifies, but on his basis I for one must still fight for the preservation of the institution that Christ founded "to serve those who need help," even while I will also fight to purify and modify that institution that it may more effectively serve all God's children, not just white, not just black, but all God's children.

The long passage continues and on page 19 seems to suggest by implication that any criticism of GCSP is racism. And he deplors the possibility of crippling GCSP "through local bishop's veto." This is, apparently, an example of "the church's institutional racism." Then on page 20 in dealing with violence Mr. Modeste refers appreciatively to the National Commission on the Causes and Prevention of Violence, one of whose seven task forces has just published their work entitled *Violence Aspects of Protest and Confrontation*, in which violence is held to be "a legitimate political phenomenon."

On page 22 Mr. Modeste writes: "As long as there is GCSP, the church will have to continue this soul searching and debate. Institutional preservation or justice and renewal? This is our institutional crucifixion." He seems to think we cannot have both and I think he is dead wrong! But he may be right in one way: maybe we cannot have both if we continue to have GCSP, and if that is the case we'd better drop GCSP and find our justice and renewal through some agency that will preserve the institution - for I am one of those who is convinced to the depths of my being that the Church, the Body of Christ, must be preserved, and that all talk about it dying to live is figurative rather than literal.

There is good Bible basis for this kind of talk and I am sure Mr. Modeste is utterly sincere when he writes with fervor: "I have used the word crucifixion deliberately and not abstractly. The church, the temporal, institutional, body of Christ, must be willing to suffer and die in the name of Him who paid the price for us. There is no way around this ordeal for the church . . . It is hypocritical and unchristian for the church to talk of renewal, without accepting the prerequisite of suffering institutional death. The church in its present decadent, insensitive form, must sacrifice itself for those who suffer pain, hunger, murder, humiliation, injustices, economic bondage, despair, discrimination, disease, and anger." That is the end of Mr. Modeste's report.

His last two sentences strike me as half right and half wrong. He is all too right when he talks about "those who suffer pain, hunger, murder, humiliation, injustices, economic bondage, despair, discrimination, disease and anger." As Christians you and I cannot remain unmoved by the needs of many of our fellow human beings here in USA and in other parts of God's world, of every color and race. But do you believe that the Church which engaged Mr. Modeste is decadent and insensitive to these needs? I don't! Do you believe that "it is hypocritical and unchristian for the church to talk of renewal, without ac-

cepting the prerequisite of suffering institutional death?" I don't! Some people will try to excuse Mr. Modeste by pleading that his words are only rhetoric, but both Mr. Modeste and I are too realistic to buy that cop-out. He means what he says about the death of the institution, and I mean what I say that the institution need not die in order to be renewed. And I just must add that careful study of Mr. Modeste's 1970 Annual Report of GCSP persuades me that Houston General Convention would be well advised to create a better instrument for renewal and service to those in need than GCSP, though I would argue that GCSP should not be terminated until an alternative is offered to General Convention.

I sincerely hope that any new instrument (or modification of GCSP) will correct two serious flaws in GCSP: (1) by providing close consultation with, and funding projects of, ethnic minority clergy and congregations in the Episcopal Church, and (2) by preserving the authority of the diocese, the basic unit of the church, by involvement of diocesan authorities from start to finish about a project and whether to fund it, granting veto power to the diocese as represented by the bishop and either the Standing Committee or Diocesan Council.

Extremism is the response of the frustrated when no one seems to care. Many, perhaps most, blacks in the United States are terribly frustrated these days and see little evidence that their white fellow Christians care enough to go out of their way to be friendly and do something. Are you and I reading and pondering the Four Gospels where the controversial, exciting, and at times anti-institutional ministry of Jesus Christ is inescapable? Are we so intent upon saving the institutional Church that we avoid certain troublesome issues? Has the Church made Jesus and his purposes a prisoner of the Book of Common Prayer? as one black Christian recently asked me. I think we must bluntly ask why people are loyal to the Church at one time and deserters when the Church seeks to minister to the world as it is today!

People cannot be forced to give loyalty or money to the Church, or to missions, or to GCSP. The Church is a voluntary society. I think it is a serious mistake to try to force GCSP upon anybody. I'd like to see a modified GCSP or a better alternative program offered to the members of the Episcopal Church on a free, voluntary basis, as an optional extra-budget item, to sink or survive on its own merits, appeal and results.

Episcopate

This section of my convention address is more personal than usual. I begin by expressing to you and other members of our diocese my heartfelt thanks for the privilege of serving as your bishop and my deep appreciation for the gracious way you celebrated with me on April 19th the 28th anniversary of my ministry among you all. The following day I celebrated my 63rd birthday. Under the canons of this Church I may retire at 65 and must retire at 72. I am not about to announce my retirement. While these past twenty years have been a time of exuber-

ant, enthusiastic, energetic exercise of episcopate and it would be futile to pretend that my body, mind, and soul do not bear evidence of some wear and tear, I still possess a disciplined will and a willing, hopeful, happy heart!

Four years ago I appealed to you for episcopal assistance in the form of a Suffragan Bishop and you granted my request. I was grateful then and I have never ceased to be grateful - not only for myself, but even more for the sake of our diocese. And then you elected Robert Spears as Suffragan. You could not have done better. He was consecrated three years ago this month and he has rendered magnificent service to West Missouri. A week ago yesterday his great talents were recognized by another diocese when he was elected Bishop of Rochester. That is a diocese with 30% more congregations, 50% more baptized members and some ten million dollars more endowment than West Missouri. The one thing Rochester has less of is square miles - 5,666 to our 36,146. And I can tell you that after some 600,000 miles of driving over the past twenty years I am envious of that one difference. Only 5,000 square miles; no wonder he felt moved to accept his election! For he has accepted and we are to lose him. Our sadness is swallowed up in gladness and gratitude to him for these three wonderful years of life and work together for God and His Church. We shall greatly miss him, but the Church is one all over the world and we proudly make our contribution to the Diocese of Rochester of a man who has become a seasoned, experienced bishop with on-the-job training provided by us. Thank you dear Robert Spears and God go with you!

During these past three years I have shared the episcopal duties, responsibilities and opportunities as completely as possible with my Suffragan. This has resulted, naturally, in a significant change in my own pattern of life and work as diocesan bishop - and also in the pattern of operation of the diocese. We are now geared to operate effectively with two bishops.

Canon 38 of our Church's national canons provides that "When a Bishop of a Diocese is unable, by reason of age, or other permanent cause of infirmity, or by reason of the extent of Diocesan work, fully to discharge the duties of his office, a Bishop Coadjutor may be elected by and for said Diocese, who shall have the right of succession." Our Diocese needs two Bishops for my final years as Diocesan, and, therefore, I read this request: "I, Edward Randolph Welles, Bishop of West Missouri, do hereby request, and give my written consent to, the election of a Bishop Coadjutor by reason of the extent of Diocesan work, and state that I shall assign to the Bishop Coadjutor responsibility for the oversight of the mission congregations of the Diocese, long-range planning, and a share in confirmations, when duly ordained and consecrated. Dated at Sedalia, Missouri, this third day of May, A.D. 1970, during the meeting of the eighty-first Annual Convention of the Diocese, and in the twenty-first year of my episcopate."

Why do I ask for a Coadjutor instead of Suffragan Bishop? A number of reasons are in my mind. A Coadjutor has greater job-security, since he knows he will automatically succeed the diocesan.

This makes it easier to attract the most able possible person and gain his acceptance of election if he knows he will eventually succeed the Bishop. It is also true that a diocese like Rochester, looking for a bishop, is less likely to elect a coadjutor than a suffragan since it is generally conceded that a coadjutor is less willing to consider another diocese, and under our canon law may not accept election elsewhere until he has been coadjutor five years. If Bishop Spears had been our coadjutor, we could not have lost him to Rochester at this time. Four years ago I asked for a suffragan because I then had a maximum of 13 years before compulsory retirement and that seemed too long a period of time to expect a man to wait before succeeding me. Now the maximum time before I must retire is less than nine years and that is neither an unreasonable nor a forbidding length of time to wait. If we elect another suffragan it will necessitate an additional episcopal election sooner or later to choose my successor. If we elect a coadjutor we go a long way towards insuring a smooth succession and continuity of administration in our diocese for the future and in these days of change that is a valuable consideration. Such stability would contribute much to West Missouri.

You who are delegates to this Convention have three options: (1) to reject my request; if you do so, that will be the last of the matter. (2) to accede to my request at this Convention; if you do, we shall have a Special Convention in late September, after the necessary consents of a majority of the Bishops and Standing Committees of the Church have been received, and at that Convention we shall proceed to the election of a Bishop Coadjutor. (3) To postpone your answer to my request until I call a Special Convention for the sole purpose of debating and voting on this request. If you decide here at Sedalia to postpone your decision, I shall, acting under the provisions of Section 2 of Article IX of the Constitution of our Diocese, call such a Special Convention to meet at the Cathedral in Kansas City at noon on May 30, 1970, for the sole purpose of debating and voting on my request. Then, if at that Special Convention you reject my request, the matter will be finished. If at that Special Convention you accede to my request we will then have to call another Special Convention in late September, after the consents of a majority of the Bishops and Standing Committees are received, which convention will proceed to the election of a Bishop Coadjutor. By postponing decision you add one extra convention to the process. One layman said to me: "Bishop, we are in a hurry; the old easy pace is no longer possible for us in today's fast-moving world. Why delay this decision?" It is up to you to decide which way you wish to act.

In conclusion I want to make it as clear as I know how that I do not desire to "railroad" anything. I have explained the situation as clearly as I can. I believe we need a second bishop in this diocese; I think a coadjutor would serve our needs better than a suffragan, but if this convention prefers a suffragan to a coadjutor I am prepared to change my request from coadjutor to suffragan. If this convention prefers to delay the decision on my request till May 30th that is your privilege. If the convention rejects my request for episcopal assistance al-

together, so be it. In that event please understand that while I may have more experience, wisdom, and skill of judgment than I did when I came to you twenty years ago, I cannot do as much physical work now as then. If your decision means that I must carry the entire episcopal load alone in West Missouri for my final years, I shall do so with a stout heart, without complaint, but shall do it in my own way, at my own 63-year-old speed, and with due respect to my obligations as a Bishop in the Church of God - obligations both inside and outside our beloved Diocese of West Missouri.

The Suffragan Bishop's Address

In an age of swirling confusion and increasing technological interdependence at all levels and throughout the world, one word and the myriad meanings it conveys have become almost a watchword for our times - communication. Whether you understand by this the kind of instant communication of fact and opinion provided through the mass media, or the deep intimate level of meeting between persons on a face-to-face level, or whether you see it as a kind of antidote to the obvious polarization so evident in our society (and indeed within our own Church life itself), the fact remains that communication is a profoundly theological concept and must be understood by those who profess faith in God in terms which relate to that faith. When we talk about the Christian community or the Holy Communion, or of a common humanity throughout the world, we are actually bearing witness to a central assertion of the faith of Jesus Christ, that in Him all men are bound to one another and to the Father Almighty through the uniting action of the Holy Spirit. We are all in favor of communication, and want it to be an instrument of meeting and uniting whether we are talking about such mechanical instruments as a working telephone system or a more efficient postal department, or whether we mean a better setting for men coming to know more about one another through personal encounter or increased sensitivity to one another. For the faithful, however, the root motivation must be a divine imperative. We need to communicate with one another because the Father would have us be one in His Son Jesus Christ and because any lesser motive falls below the ultimate and loving intention.

Such a view of communication does not permit us to stop with technological devices or with limited objectives but demands the same kind of continuing effort and attention which is involved in following the commandment to love other men because we love God. Communication is not a part of the program, not a sub-section of the Department of Christian Education or a device for increasing the efficiency of the Every Member Canvass. For Christians, communication is the name of the game! That's what it's all about - that we may be one even as Christ and the Father are One with the Spirit. And that makes communication not the business of just a Vestry, or a Diocese, or a national Executive Council, or of Bishops and priests, but of every man. The load of responsibility for communicating falls on every man. Deliberately to withdraw from the process of meeting other men - of communicating - is not only stultifying and self-defeating. It is just plain sinful. It works the works of darkness and not of light. It goes against God.

I have gone to this length in talking about communication generally as a setting against which to refer to several specific attempts at communication in which we in this Diocese have been, are, or will be engaged. I don't want to talk about them as panacea or as the responsibility of just a few, but rather as local examples of a universal mandate laid on us all. If we are to communicate we need to understand that

we are engaged in something godly, something good, something required by our faith. Particular methods of communication will be successful only if they are seen this way. The fullness of our life and of our faith is involved in every effort. The way to meeting is not through a silent majority but through a communicating majority and in this society silence is more dangerous and deadly than shouting.

During this Convention you are being asked to engage in a specific act of communication which is a bit unusual for Diocesan Conventions as we have known them here or elsewhere. Using the resources of some of our own leadership, a plan has been prepared which will propose that this Convention at one point and for a small part of our time together, divide into groups in which it will be possible to discuss with fellow Episcopalians who may or may not be known to you some of the things which concern all of us. The aim is meeting - communication - and the process has been devised for that purpose. It will be described in greater detail presently. The results, however, are entirely in your hands.

In the Convocation meetings these past few years a similar process has been used to increase the opportunity for Episcopalians from several congregations to exchange views and opinions and to build some links in a larger network of relationships beyond parochial boundaries. The listing of issues and concerns spoken to in this year's Convocation meetings provides some of the background for the discussion groups in this Convention, with the hope that Convocation and Convention increasingly can be seen as continuing steps in one process of communication and as reminders that we need to keep everlastingly at the task. Next fall, following the General Convention, Convocation meetings have already been planned where our delegates can make their own report of actions and impressions of that Convention. Whatever happens at Houston, I hope you will remember, and remind others, that we have able and trustworthy delegates going to the General Convention and that they will be available shortly after the Convention for personal meetings in every area of the Diocese.

One other fresh and promising attempt at improving the process of communicating which is about to be started relates to the need for more direct and personal linkage between the Diocese and the national Executive Council and staff. Our Diocese is one of the few which have been offered the opportunity to use the services of a newly created post which has the single intention of improving direct communication. Diocesan Council heard at its last meeting, and will discuss at length in its June meeting, the offer from national headquarters to provide a Diocesan Service Officer and responded enthusiastically. The duties of this officer are to confer regularly with various persons in this Diocese, to visit the Diocese on a frequent schedule, and to act as liaison person for this Diocese to the various sections and departments of the national office. The Rev. Al Rollins, who already knows this Diocese by virtue of his consultations last year in the process of setting up our new Diocesan Planning Committee, has already conferred with Bishop Welles, and both Father Rollins and the Bishop have asked Diocesan

Council to be involved in describing the most effective ways in which this new post can be used. I would anticipate that every section of the Diocese will have opportunity this year to use this direct and personal opportunity for gaining direct information and conveying direct opinions and requests between ourselves and the national executive offices of our Church.

I hope I have said enough about communication to indicate that neither by intention nor programming is its importance being overlooked. There will undoubtedly be continuing differences of opinion and conviction about the best ways to use specific methods of communicating, and there will probably continue to be those who find the discipline involved in maintaining communication taxing or cumbersome and ineffective. The temptation will always be present to withdraw from the arena of sometimes painful encounter into the supposed calm of individuality or limited parochialism. But I am sure that the majority will continue to see the necessity and the opportunity of keeping the lines open even when convictions clash. It is not only possible for men to disagree in love but inevitable. Churchmen above all others should be showing society an example of a unification of will and purpose which supercedes fears, distrusts, and divisions and finds diversity a welcome and healthy aspect of commonality.

Part of the continuing responsibility assigned to me as Suffragan Bishop has been general oversight of the Department of Missions, including therefore such matters as the filling of vacant cures, acting as pastor and advisor to clergy and congregations and as liaison person between mission congregations and Diocesan Council and its committees. There are several significant matters to report in this area.

Two mission congregations which the Diocese brought into being with the past five years have now grown, under devoted and skilled leadership, to the point where they have outgrown the temporary facilities provided when these missions were opened. The Church of the Ascension, Springfield, and St. Michael's Chapel, Independence, are both located in rapidly growing areas of their respective communities. Both have used homes for their worship and meeting places and, in the case of Ascension, the Vicar has lived in the same house in which he and his people regularly meet and worship. Both facilities are now crowded to the bursting point every Sunday and both need that combination of additional space and suitable worship facility which can be provided only by building. Both congregations also know that the visible presence of the Church building in their neighborhood is an important, if not essential, feature for their future life and growth. Building plans have been submitted to Diocesan Council through the Properties Department, and action will be requested this month to fund construction. I hope that this action will be affirmative and believe that even in these days of increasing financial difficulty the enthusiasm of the local congregations and the continuing sense of stewardship by all the people of the Diocese will be sufficient guarantee of successful completion of these exciting plans. Diocesan resources for providing land and re-

volving non-interest-bearing loans through the Expansion Fund and Diocesan Advance Campaign can and should be made available and you will later hear a report from a special committee which has reviewed the use of DAC funds which speaks to this situation.

The matter of clergy stipends continues to have importance as we look not only at the Department of Missions program but at the entire Diocese and at general Church standards. Two years ago action was taken to increase the minimum cash stipend of our clergy to \$6200 per year and the 1971 budget which is submitted to this Convention includes funds for a further increase in stipend. The exact details of the increase have not yet been determined and the Diocesan Council has asked the Planning Committee to make a careful study of this whole matter and to recommend possible action, but the fact remains that unless our Diocese continues to give this matter high priority we will not be able to attract and hold the kind of dedicated clergy we want, nor will they be able to meet the continuing cost of living increase. It costs about \$300 a year just to stay even. Such desirable features as merit or incentive increases are impossible to consider until the base stipend level has been set at a decent minimum, and we are still a long way from being able to consider financial support in the case of special needs. It will also be necessary shortly to consider raising the travel allowance from its present level of nine cents per mile which already fails to meet actual cost incurred in maintaining an automobile. I hope that Convention will not only agree to the Department of Mission budget submitted but also convey to the congregations the necessity of pledging the funds which will support this budget in 1971. Our Church prides itself on the quality of its ordained ministry and will continue to recognize that adequate salaries are an essential part of maintaining professional excellence. Our Diocese is ahead of most in providing a comprehensive plan for medical and group life insurance and I trust will continue to treat the matter of clergy stipend carefully and realistically.

Since this will be my last official address to the Convention of the Diocese of West Missouri I cannot close without sharing with you some of my feelings and convictions about the three years you have permitted me to be Suffragan Bishop to our beloved Diocesan and to this Diocese. If I am able to give effective episcopal leadership to the Diocese of Rochester, and God willing I shall try in every way to do just that, it will be in no small measure because of what you have given me here in a rich variety of experience and, most important of all, of personal love and support. The single most compelling reason which kept me in the discomfort of suspended decision for many hours this past week was my awareness of the network of associations and purposes which have been built since 1966 and now, and I did not abandon the immense value of these lightly or quickly. The key factor in the establishment of this relationship was always the way in which the Bishop shared his own responsibility with his Suffragan with the result that everyone knew matters of concern and importance could be shared with the Suffragan equally as with the Diocesan. In all my experience in the Church I know of no other situation in which a Diocesan Bishop

has been this willing to share his authority and responsibility with a Suffragan Bishop. That is what he said he would do if he had a Suffragan, and that is exactly what he did. The result has been a complete vindication of the rightness of the decision of this Diocese to secure an episcopal assistant and the establishment of the validity of that conclusion. I say this without personal pride about any particular accomplishment but only as an observation about the way in which it has worked. Whatever else may be wrong with this institution of ours, this was right about it! This has permitted consideration in depth of some of the issues facing all of us these days, enlarged the dimension of our ecumenical endeavors, given more time for visitations in the field by the bishops, doubled the capacity for pastoral relationship between both clergy and lay leaders with the episcopate and permitted a wider use of the abundant reservoir of ordained and lay talent we have in this Diocese. Quite apart from the fact that I feel I am personally a better Christian person because of my three years with you, a number of structural, personal, and mission advances have taken place simply because this pattern has encouraged change and growth, and this momentum and growth will continue because it is now established in the pattern of the diocese itself. Without this conviction I could not have made the decision I did.

Three years is not a great length of time historically viewed, but in one man's life it is long enough to establish relationships and share experiences of deep and lasting significance. I thank you for what these three years have meant to me, and for what you have given me. I hope I may have made some contributions in return. Just two weeks ago I had an unique opportunity to say something of my affection and respect for the Bishop of this Diocese as we celebrated his 20th anniversary. I am tempted to repeat myself, but I won't beyond saying that as I once discovered he knew how to use assisting priests to the full, I know now that he has the same skill with assisting bishops. To paraphrase one of the more familiar insurance slogans, as I leave West Missouri and wherever I go in the Church, I have the firm conviction that "You're in good hands with Bishop Welles." Thank you and God bless you.

REPORTS

THE STANDING COMMITTEE

January 10, 1969 - Bishop Welles and Bishop Spears met with the Committee to give the Committee a better understanding of the scope and importance of psychological tests given candidates for Holy Orders. Discussion ended to the satisfaction of all present, and as a result Bishop Welles suggested all future postulants or candidates would be interviewed by the Committee to get opinion of additional persons. Richard D. Brigham was approved for Ordination to the Priesthood. Gary Leeson was approved for Ordination to the Diaconate.

February 1, 1969 - Approved the transfer, under Canon 15, Section 9 of the Canons of the Diocese of West Missouri, to the Reverend Canon George A. Wilson, of the Rectory of Christ Church, Springfield, located at 1366 E. Elm Street. Passed a resolution prepared by Chancellor Wagstaff re-affirming its prior action in recommending and recognizing the organization of St. Peter's, Kansas City, as a parish and its union with the Diocese.

February 7, 1969 - Robert P. Temple was approved for Ordination to the Diaconate. Approved an application from St. Andrew's and St. Peter's, Kansas City, for the transfer of property to St. Peter's and a second mortgage in favor of St. Andrew's Church.

March, 7, 1969 - Consents were given to the election of a Bishop Coadjutor for the Diocese of Georgia and a Suffragan Bishop for the Diocese of Virginia. Approval was given for the sale of the rectory of Christ Church, Warrensburg. Received a request from Trinity Church, Lebanon, to encumber their property in the amount of \$8,000 in order to modernize. The Secretary was directed to write for additional information. The Rev. James H. Olmsted and the Rev. Orris George Walker, Jr., were approved for Ordination to the Priesthood.

March 21, 1969 - Consents were given to the election of the Rev. Richie Thornbury to be Bishop of Wyoming, and for the election of a Bishop Coadjutor for the Diocese of Massachusetts. The application of Trinity Church, Lebanon, to encumber their church property in the amount of \$8,000 was approved.

April 18, 1969 - Consent was given to the election of the Venerable Stanley Hamilton Atkins as Bishop Coadjutor of the Diocese of EauClaire. The sale of the rectory of Grace Church, Chillicothe, was approved.

May 5, 1969 - The new Standing Committee met after the election of new members by the Convention and elected the following officers: President, The Rev. Brian J. Packer; Vice President, The Rev. Canon George A. Wilson; Secretary, Mr. Edward S. Washburn.

June 3, 1969 - Approved Joseph Frederick (Ignatius) Hunt as a candidate for Holy Orders. Consents were given for the election of a Bishop Coadjutor in the Diocese of Nebraska; and to the election of the Right Rev. Edwin Burton Thayer as Bishop of the Diocese of Colorado. Mr. Robert Jennings Smith of All Saints', West Plains, was approved for Ordination to the Diaconate. Approved the Rev. Gary Leeson of St. John's, Kansas City, and the Rev. Robert Paul Temple of St. George's, Kansas City, for Ordination as Priests on or after August 12, 1969. Ratified on authorization, given after a telephone poll of members, to St. Peter's, Harrisonville, to purchase a Rectory and to secure an Expansion Fund loan for this purpose. Inasmuch as the Redevelopment Authority plans the acquisition of Trinity Church, Independence, property at 112 West Oak, the Junior Warden, Wm. F. Foster, was authorized to sign an option to purchase and to consummate the sale, such sale being subject to the approval of the Standing Committee.

October 3, 1969 - Approved the request of the Missions Department for the sale of the Church of the Epiphany property at Grandview. Robert Harvey Williams approved as Candidate for Holy Orders. Approved the sale of Grace and Holy Trinity Cathedral deanery. Consented to the election of the Rev. Paul Reeves to be Bishop Coadjutor of the Diocese of Georgia.

November 7, 1969 - Accepted with regret the resignation from the Standing Committee of the Rev. Canon Allen R. Hingston and Mr. James W. Newell. Mr. Whitney W. Potter of Christ Church, St. Joseph, and the Rev. Stanton R. Ramsey of St. Andrew's, Kansas City, were elected to replace them. John H. McCann was recommended as a Candidate for Holy Orders. Consented to the election of the Right Rev. William Loftin Hargrave as Bishop of the Diocese of West Florida.

December 5, 1969 - Consented to the elections of the Rt. Rev. E. Lani Hanchett as Bishop of the Diocese of Hawaii, the Right Rev. James Laughlin Duncan as Bishop of Southeast Florida, the Rev. Philip Alan Smith as Suffragan Bishop of the Diocese of Virginia. Approved the resignation of the Rev. LaMonte Brown of Lee's Summit, as Perpetual Deacon. Approved an application from St. Andrew's Church, Kansas City, to put a 20-year loan of \$13,400.00 on a house at 6418 Wornall Road which St. Andrew's has agreed to purchase for possible expansion.

During 1969 the Committee has interviewed five men who are considering studying for Holy Orders.

REPORT OF CHANCELLOR

In accordance with our convention custom I will report certain matters of interest which have been handled through the offices of the Chancellor and the Associate Chancellor during this past year.

1. Certainly one of the most substantive changes in our operations as far as the legal aspects and problems of the Diocese are concerned was the abolishment of the so-called Charitable Immunity Doctrine by decision of the Supreme Court of Missouri. Heretofore charitable and religious institutions were held to be immune from responsibility for acts of negligence. This Doctrine has now been completely reversed, which means that these organizations will now be held responsible for their acts of negligence. Of course this applies to all of our parishes and missions, as well as to the Diocese. This is a risk we should all protect ourselves against by carrying adequate insurance. All parishes and missions have been advised to this effect.
2. A right-of-way easement was granted by our Property Committee in connection with our property at Neosho, Missouri, for the purpose of allowing our next door neighbor to hook on to a city water line on the church's property, and the necessary legal papers were checked and approved.
3. We have handled the customary applications for exemption for our real estate from taxation wherever necessary. Each year we seem to have several items of this nature, and we have been successful in most instances in getting our property eliminated from the tax rolls.
4. We are involved in certain litigation in connection with the estate of the late Homer McWilliams. Mr. McWilliams died and left an estate amounting to more than \$15,000,000. The income and residue of this estate is to be "used annually by tenants and their successors in contributing to the maintenance and support of Protestant Christian Hospitals operated and maintained upon a non-profit basis in the territory now constituting Jackson County, Missouri, and not elsewhere, and/or in contributing to the maintenance, support and care of sick and infirm patients in said Hospitals, born of white parents in the United States of America." The First National Bank is the trustee for this estate and they have brought a court proceeding joining all the hospitals in the Kansas City area, requesting an interpretation of this language.
5. We, hopefully, have ironed out a quasi-legal dispute involving St. George's of Camdenton, in connection with some

radio spots that were run covering material put out by the National Council of our Church.

6. We have a new tenant in our property at 5229 Rockhill Road, and the terms of the lease were approved.
7. All Saints' of West Plains desired to set up a procedure to encourage and simplify the handling of gifts - bequests - and legacies memorializing friends of the Church, and we counseled with them on this.
8. The Diocesan Council approved the sale of the rear half of our property on Lee's Summit Road, which covered approximately six acres, for \$21,766.50. A real estate contract was executed in this connection.
9. The sale of our Grandview Church of the Epiphany property to the Church of God of Cleveland, Tennessee, was approved by our Diocesan Council for a purchase price of \$50,000. The necessary documents in connection with the handling of this transaction were prepared and approved by the Associate Chancellor.
10. We are involved in certain so-called friendly litigation in the matter of Sallye Hill Bernardin v. The First National Bank, et al., relative to the interpretation of a trust that is being handled by the First National Bank in connection with a new law recently passed by the State of Missouri, with respect to the handling of trust funds.
11. Christ Church in Springfield has purchased some additional property that adjoins its present parking lot, and Attorney Milton Kirby has officially advised us to this effect.
12. We have now entered into an agency agreement with the First National Bank for investment purposes in connection with certain of our funds that are being administered by their Trust Department. The necessary agreement in this regard was approved for execution on the part of the Diocese, and it has been executed.
13. The loan on our Excelsior Springs property, which was secured by a mortgage on this property, has now been paid in full and the mortgage has been released. The necessary papers were submitted for approval and appear to be in order.
14. Both the Diocese and St. Paul's Church were named as beneficiaries in connection with the estate of Renee Clements Crowell. It would appear that there will be a residue in the estate of \$4,000,000. 30% of this residue will go to the Nelson trust. The remaining 70% is to be held in trust, with the income from it going to various charities, including our Dio-

cese and St. Paul's Church. The Diocese will receive 7½% of the 70% of the Trust income from the \$4,000,000 corpus. St. Paul's Church will receive 20% of the 70% of the income. St. Luke's Hospital was a substantial beneficiary in the estate of Frank Grant Crowell, who was the husband of Renee Crowell. This likewise was in the nature of a bequest to be held in trust with the right of the hospital to have the income.

15. Considerable consultation and advices were had in connection with the arrangement between the Diocesan Council and several of our good communicants in Carthage relative to the establishment of an extended care unit in Carthage to be supported in part by certain funds raised by our Diocesan Advance Campaign for this purpose. I assume that the actual status of this project will be reported upon elsewhere in this convention.

There were several other matters that required attention but it is not believed that they are of general interest to this convention.

Robert W. Wagstaff

DEPARTMENT OF CHRISTIAN EDUCATION

Recognizing the need for better service to the Diocese and at the same time being realistic as to the shortage of finances for either a full- or part-time professional, the Department of Christian Education has undergone a complete reorganization this year. It has been the feeling of those who have served on this Department that some sort of reorganization was not only necessary, but such a structure could provide the means for such service. With this basic understanding the Department adopted the following purpose at its meeting in October, 1969.

"The PURPOSE of this department is:

1. To serve as an agency of resource referral
2. To serve as an agency of communication
3. To initiate and implement certain specific programs
4. To develop and maintain liaison with other departments"

To implement such a purpose a new structure with divisions was activated. The new structure is as follows:

Department of Christian Education

Administrative Assistant	Executive Officer	Members At Large
	General Board	
	Division Chairman	

Divisions:

I. Division of Camps and Conferences

The Rev. Brian Packer, Chairman

- A. Summer Program
- B. Work Camps
- C. Winter Program
- D. Youth Rallies

II. Division of Training

The Rev. Charles Kronmueller, Chairman

- A. Leadership (for vestries, Bishop's Committees, etc.)
- B. Human Relations Labs
- C. Education for Community Involvement (Midwest Training Network Conferences)

III. Division of Adult Education

The Rev. James Masters, Chairman

- A. Retreats
- B. School of Religion
- C. Parish Missions - Preaching, Evangelism, etc.
- D. Educational Center Programs (Adult conferences)
- E. Pre-Ordination Training, (Perpetual Deacons)

IV. Division of Services To Parishes

The Rev. Robert Schenkel, Chairman

- A. Church School and Teacher Training
- B. Youth Program Consultants
- C. Parish Work Camps and Service Programs
- D. Clergy Support and Liaison

The Department will be most happy to consult with, advise, and/or help plan any programs in individual parishes or missions. Your request for such help can either be made through the Executive Officer of the Department or any of the Division Chairmen. Your "new look" Department of Christian Education is ready to serve.

Howard C. Rutenbar
Christian Education Officer

CLIFF SPRINGS CONFERENCE CENTER COMMITTEE

The year 1969 proved to be the busiest year yet at Cliff Springs Camping Center. The summer of 1969 saw a full round of activities which kept the camp in use almost continuously from the first weekend in May through the middle of August.

Additional plans were initiated, after careful preparation and study, for the expansion of the Cliff Springs facilities. Early in 1970 authorization of funds were approved by the Diocesan Council. The expansion includes:

1. Addition of swimming pool.
2. A new shower house.
3. A winterizing of the present dining room, kitchen, and shower facilities.

Work on all of these projects is currently under way and it is anticipated that the work will be completed in time for use this coming summer. The addition of the facilities will make it possible for the Senior High Conference to be held at Cliff Springs (heretofore all the programs except the Senior High Conference were held at Cliff Springs).

The funds for the expansion of the Cliff Springs facilities came as a Grant in the amount of \$33,000 from the Diocesan Expansion Fund, plus a \$1,000 contribution for capital improvement at Cliff Springs given by Mr. Charles E. McArthur.

In addition to the special expansion projects listed above it is intended that three more A-Frame cabins will be built during June and July during the three Senior High Work Camps.

As a result of a \$1,500 Grant from The Women of the Diocese and \$2,000 gift from Mrs. Margaret Jackson a new truck was able to be purchased in March of 1970 for the Camp to replace the thoroughly exhausted twelve-year-old power wagon truck.

The summer of 1969 also marked the first summer during which the Department of Christian Education and the Cliff Springs Committee were able to employ Mr. Bob Dillon as full-time Resident Manager for the three summer months. Mr. Dillon's presence and outstanding efforts and leadership made a great contribution to the success of the 1969 programs.

It is important to emphasize that the chief asset and real drawing power of Cliff Springs continues to be its rustic beauty. The improvements and facilities are clustered in one area only and are there to make it possible for more individuals and groups throughout the diocese to take full advantage of that natural beauty provided by Cliff Springs.

The Cliff Springs facilities will now be available for use on a year-round basis. Parishes and other groups interested in further information such as rental fees, dates of availability, etc. should contact The Rev. James F. Moon, (St. Thomas The Apostle Center, 5229 Rockhill Road, Kansas City, Missouri 64110), Chairman of the Cliff Springs Committee.

Mr. and Mrs. Robert Dillon and family continue to live on the property as our Cliff Springs Residents. The telephone number for Cliff Springs is (417) 286-3375.

James F. Moon, Chairman
Cliff Springs Committee

DEPARTMENT OF COLLEGE WORK

The Department of College Work exercises the ministry of the Church to college and university communities in the diocese. Presently the Department's efforts reach 14 colleges and universities with total enrollments in excess of 44,000 students, of whom approximately 1,200 are Episcopalians. This ministry is exercised by full-time chaplains at the University of Missouri at Kansas City and Southwest Missouri State College in Springfield, a part-time chaplain at Central Missouri State College in Warrensburg and 7 parish priests who serve as chaplains in addition to parish duties with financial aid from the department. The Department operates with a budget for 1970 of \$32,000.

The following items are worthy of note in the work of the department in the past year:

1. A useful two-day conference of the chaplains salaried by the department and the College Work Officer in the month of September proved to be sufficiently useful to make it an annual event.
2. All three salaried chaplains attended the summer conference of the Episcopal Society for Ministry in Higher Education and one of them - the Reverend James F. Moon of U.M.K.C. - holds national office in that body.
3. Work continues on the construction of the Southwest Missouri Ecumenical Center in Springfield, a facility to serve the combined campus ministry of the Episcopal Church, the Methodist Church, the Roman Catholic Church, and the United Campus Christian Fellowship.
4. The Diocesan Council allotted \$10,000 from the Diocesan Advance Campaign to secure a lease on facilities at the new campus center being built by the Wesley Foundation Board at C.M.S.C. at Warrensburg. To this date, disagreement between our department and that board has prevented such a lease agreement. The Roman Catholic Diocese of Kansas City - St. Joseph is having similar difficulty and there is still hope for an agreement which would allow this facility to have its place as a center of ecumenical campus ministry.
5. At the suggestion of many, the College Work Officer consulted with the chaplain to U.M.K.C., Father Moon, and the chaplain to S.M.S., the Reverend David K. Fly, to design advisory committees to our chaplains in those two places. Each of these committees will be a small group of faculty and administrators who will share in the understanding of and exercising of the ministry of the Church to their campus communities.

College Work Officer

ST. MARK'S ECUMENICAL CHURCH

In November of 1968, four Churches, who had earlier banded together, opened the doors of a new Christian community building located in the heart of the inner-city Kansas City, Missouri. This was undertaken to do a job, a ministry.

In an area of the city that has long been ignored, St. Mark's Church is trying to serve the people of the community. We are trying to help them help themselves. Our purpose is to preach, teach, and be the good news.

During the first year of operation, the parish has sponsored and assisted many community and religious programs. One of the major emphasis in our community ministry is to assist "grass root" organizations to more effectively realize their goals, and to responsibly deal with their problems. In doing this, we work very closely with the following organizations: the community breakfast program, the local tenant's council, the mother's welfare rights organization, the Model Cities program, the Human Resource program of the Office of Economic Opportunity, the Jackson County Child Welfare Advisory Board, the Police Department, the Mayor's Council on Youth Opportunity, the Metropolitan Inter-Church Agency, a local Baptist Bible college, the local schools, the Kansas City School Board, and the black inner-city ministerial association. Because of the size of the staff we are able to actively participate in all of these organizations. These are the agencies that directly affect the lives of our people.

Inside the parish walls we have a pre-school, a tutorial reading program, a recreation-craft program, a community mental health program, a rehabilitation program for ex-prisoners, and a continuous black education program.

During its brief period of operation St. Mark's has spear-headed several unique programs designed to meet the needs and desires of people living in the inner-city. In the summer of 1969, assisted by the Teacher Corp, the parish conducted a black heritage pre-school. This experiment, which was a success, served as a national model to see if other such projects should be funded. Reading is a problem in the inner-city school, so members of the St. Mark's staff with others developed a new program with a modern and fresh approach to solve the problem of "getting Johnny to read." These are just a few example projects we have developed. There are still others getting ready to come "off the drawing board" this summer.

Along with all of this we have a Church School which not only meets on Sunday, but also at special times during the week.

There are about 15 youngsters and one adult who enjoy the worship of the Episcopal Church of which 11 are now full communicants, this group is under continuous instruction learning about the Church and the Gospel we preach. At present we average about three celebrations of the Holy Communion a

week with an average attendance of 2 adults and as many as 15 children at each service.

Presently, St. Mark's serves about six hundred youngsters (age 3-18) a week and three hundred adults in various activities of community concern, instruction, and worship.

Our Diocese has provided St. Mark's with a director of Program and Christian education. It is hoped that we will be able to continue and increase our support of this exciting and very necessary Christian ministry which seeks to bring Christ's healing to the inner-city.

DEPARTMENT OF INSURANCE

1969 will be remembered as the year the charitable immunity portion of our Missouri Statute was upset by a Missouri Supreme Court Decision. The immediate effect for our parish and mission churches was that we most assuredly needed to buy public liability insurance.

Fortunately from the standpoint of the Diocese itself and the Mission properties under its ownership and direction, the Church Insurance Company had proposed and we had purchased a new blanket form of coverage including this liability insurance earlier in the year.

Subsequent memoranda from the Bishop's office alerted all the Parishes to the need for liability coverage. Most of the Parishes had already provided this type of protection for themselves. It is imperative that all have it now!

The Department of Insurance recommends these limits of liability purchased be high - certainly no less than \$100,000/300,000 bodily injury and \$50,000 property damage, preferably supplementing these with an "umbrella" type coverage up to a million dollars. Parish Churches should bring this item to the attention of their insurance committee chairman and find the cost of the million dollar "umbrella" if they have not already done so. It is recommended.

During this past year the St. Nicholas' Church in Noel, Missouri, was severely damaged by the railway accident in that city. Repair work has been completed and the claim for something close to \$10,000 paid by the Church Insurance Company.

We feel obliged again to point out to all Parish Churches that inflation continues. If updating on values of building and contents has not taken place within the past twelve months it should be done again immediately and your insurance values adjusted accordingly. Allow for increases in the years ahead if this review will not take place annually.

DEPARTMENT OF MISSIONS

In 1969 the Department of Missions received the heaviest blow from the "shock wave" of diminished income for the programs of the Diocese of West Missouri. Diocesan Convention one year ago accepted the recommendations of the Department of Missions to Diocesan Council and took the action required to close one mission at Grandview, Mo. Concurrently, other consolidations of personnel were made so that the Diocese could live within its income.

Indications to this point in 1970 are that the financial plans initiated in early 1969 are working, and that a level of stability has been achieved. Several mission congregations have achieved higher levels of self support in 1970 and Mission Quota income has not descended significantly below the early 1969 level.

Three factors, however, need to be remembered as the people of the Diocese continue to exercise stewardship for mission within our boundaries.

1. The mission outreach and action is below its former level. Part-time priestly services to mission congregations are a poor substitute for full-time resident ministries, and several congregations continue to function with diminished resources. Only increased resources can correct this situation.
2. The cost of maintaining priestly services must continue to rise as cost-of-living stipend increases and merited stipend increases are made. Qualified priestly services can be guaranteed only by satisfactory stipendiary support and this in turn rests upon the response of all the congregations to the call to share in the mission program.
3. Since the Missions Department share of the budget equals the amount sent beyond the Diocese to the General Church Program (where in turn the largest single amount is for domestic and foreign missions) the area of the church's total life most sharply curtailed by diminished income is that very area of outreach we all most ardently wish to pursue and enlarge. Those who bear the brunt of cutback (for whatever reason) are our own priests and people in locations which have not achieved independent financial status. We unwittingly inflict upon them greater hardship and limitation whenever our response as stewards assumes the posture of controlling rather than thankful offering.

Many members of the Diocesan family wait with understandable uneasiness the outcome of this year's Every Member Canvass. The Department of Missions expresses for them the hope that they will not be further victimized by any failure to

understand the fact that we depend heavily upon one another in the fellowship of the Church.

DEPARTMENT OF STEWARDSHIP

The activities of your Stewardship officer for the year 1969: The "Operation First Fruits" material was prepared and has been used widely within the Diocese.

A total of 43,000 pamphlets, pledge cards, canvass guides, etc., of all kinds were distributed within the diocese in 49 transactions.

Your Stewardship officer had a total of 15 engagements in which representatives of 19 congregations were reached.

It is felt that in the future the approach should adhere to the following goals in order of importance:

- First, Attitude conditioning, direct to putting in contemporary terms all that Stewardship means and demands;
- Secondly, Emphasizing percentage or "Measured Giving," wherein each giver knows WHAT he is doing;
- Thirdly, Training in methods.

In view of some familiarity with methods, it is felt that your Stewardship officer should concentrate on larger gatherings seeking by this means to carry out the first goal; and that normally the priority should be placed on addressing Sunday worship services, parish dinners, etc., where numbers can be reached. It is felt this will accomplish much for our Stewardship.

D. E. Becker,
Stewardship Officer

WORLD MISSION AND M. R. I.

In the past twelve months the Diocesan Council has allocated \$20,000 from the Diocesan Advance Campaign under the MRI Program for the Clergy Endowment Fund of the Diocese of Patna in India where the clergy stipends begin at around \$18.00 per month. Present clergy cannot live on their income and the recruits for the priesthood are increasingly hard to enlist. The Church Missionary Society in England is also making a contribution to this Clergy Endowment Fund which it is expected will make possible the increase of the monthly stipends of the 25 priests. Inasmuch as the Indian government is not accepting any

more foreign missionaries there is some expectation that soon the government will not allow foreign missionary money to enter India. This substantial gift now will permit the Diocese of Patna to be self-supporting, if funds from abroad (chiefly England) are suddenly cut off. West Missouri rejoices to have a share in the evangelization of India (only 3% Christian) second most populous nation in the world, and probably the most strategic missionary area in the world from a Christian point of view.

EPISCOPAL CHURCHWOMEN OF WEST MISSOURI

The Episcopal Churchwomen of West Missouri have continued in their search for better ways to serve the Church through their diocese and their local churches, meeting the changing demands and challenges of the present time.

For the first time in many years a Conference for the women of the Diocese was held, with Canon Ernest Southcott of Southwark Cathedral, England, as speaker. The enthusiasm shown for a conference of this kind indicated that more would follow.

With a Budget adjusted to the anticipated income, the women of the Diocese have contributed to many areas of the work of the Church. Perhaps a look at the Budget which was approved at the October 1969 meeting will give a true picture of the concerns and commitments of the women of this diocese far better than several paragraphs of written words.

COMMITTEE ON RESORT AND LEISURE-TIME MINISTRY

I became the chairman of the Resort and Leisure Time Committee in May of this year. The committee is in need of major reorganization. This is being done. Bishop Welles is to appoint persons to membership on the committee during this year.

Last year the Diocese, through the chairman of this committee, was involved in three major areas of Ministry. The United Lake Ministry, in the Branson area; The Lake Ozark Parish, in the Camden-ton area; and Worship Services on the Boy Scout Camp at Osceola, were the major activity last year.

The budget reflects the continuation of these vital ministries plus expansion and improvement as the committee may find desirable when it meets.

Richard E. Mason,
Chairman

THE DEPARTMENTAL OFFICE

The Departmental Office is now in its sixth year of operation. The services and functions have expanded greatly during this period.

In March of 1969 Mrs. Marie McCaughey was employed as a Full-Charge Bookkeeper, who takes care of bookkeeping details which include posting of all Accounts Receivable and disbursements and also preparation of the quarterly financial statements.

Major-medical, pension, Blue Cross/Blue Shield, programs are administered from this office for Mission Clergy.

The Departmental Office is equipped to do off-set printing and reproduces for distribution the following on a monthly schedule:

Agenda for Diocesan Council meetings

Diocesan Council minutes (sent to all Council members, Clergy, Senior and Junior Wardens, and Bishop's Wardens)

Abstracts of Council minutes (for all Vestries and Bishop's Committees)

The Gadfly (a publication written by Chaplain James F. Moon, University of Missouri at Kansas City)

News releases (directed by the Department of Promotion)

Notices of meetings for: Standing Committee, Steering Committee, Diocesan Council, Liturgical Commission

Camps and Conferences Staff Manual

Cliff Springs Committee minutes

Department of Stewardship requests for printing

Letterhead printing for Mission Churches

Convention (reports, financial statements, resolutions, and general information for packets.)

This office is under the supervision of a committee; Mr. Roger Ewing, Associate Treasurer, is Chairman, Mr. Clifford Hall and The Rev. Charles Kronmueller, Mr. Thomas Graves, Treasurer of the Diocese and The Rev. Canon C. Robert Lewis, Assistant Treasurer, work closely with the office.

The Departmental Office is maintained as an information and service center for the Diocese, its officers, department heads and committees.

Mrs. Maxine R. Fellhauer,
Office Manager

DEPARTMENT OF PROPERTY

Since the 1969 Diocesan Convention, the Property Committee took actions as set forth below.

Grandview, Epiphany. Negotiated the sale in October of the church and vicarage for \$50,000.

Independence, Lee's Summit Road. Assisted and will continue to assist in the planning for the new mission church building.

Kansas City, Suffragan Bishop's Residence. Maintenance work involving painting and sidewalk repair.

Kansas City, 5229 Rockhill Road. Negotiated two new leases for apartment on second floor. Arranged necessary maintenance work.

Kansas City, Bishop's Residence. Installed a new roof in January.

Lexington, Christ Church. Approved the need in January for exterior masonry repairs, tuck pointing, and waterproofing.

Liberty, Messiah. Repaired the roof of the church and replaced the roof of the vicarage in June when they sustained hail damage. Leased the vicarage in July.

Monett, St. Stephen's. Approved the remodeling of the entry to the church.

Noel, St. Nicholas'. Advised in the rebuilding following the explosion in August.

Springfield, Ascension. Approved preliminary plans in February for the new mission church building.

DIOCESAN ADVANCE CAMPAIGN REVIEW COMMITTEE

The committee met at 10:30 a.m., April 24, 1970, in Bishop Spears' office. Those present were Bishop Spears, Humbert Tinsman (Chairman), The Reverend Peter Sturtevant, The Reverend David Patrick, Mr. Cliff Hall, and Mr. E. S. Washburn (Advance Fund Treasurer).

The last quarterly report, dated March 31, 1970, showed a pledge total after charge offs of \$583,645.27; collections totaled \$469,323.59; and the balance to be collected \$114,321.70. Eighteen parishes and missions have completed their collections; 13 are 75% to 100% complete; 12 are over 50% to 75% complete; and 5 still have over 50% to collect.

The Treasurer said that he had discussed with Bishop Welles the situation in certain parishes and missions and would like to recommend that balances owed by the following parishes and missions be charged off:

Christ Church, Boonville _____	\$ 671.34
Grace Church, Brookfield _____	383.00
St. Paul's, Carrollton _____	30.00
St. John's, Kansas City _____	2,728.55
St. Paul's, Lee's Summit _____	5,158.00
Messiah, Liberty _____	4,715.00
Trinity, Marshall _____	1,515.00
Transfiguration, Mountain Grove _____	496.00
St. Timothy's, Sarcoxie _____	316.00
St. John's, Springfield _____	5,316.50

A total charge off of \$21,329.39 which would reduce the uncollected balance to \$92,992.31.

He said that he estimated that a substantial portion of this balance would be paid if Parishes and Missions would continue sending out quarterly statements through March, 1971. A letter has been written to go out shortly suggesting that the next statements advise the individual pledgers the amount still due and ask if they plan to pay or would prefer that the balance be charged off.

One parish has tried this plan with good results. A relatively small number of pledgers requested charge off - most indicated a desire to pay - and many made larger than usual payments.

The committee voted to endorse Mr. Washburn's recommendations with the understanding that the committee would reconsider balances owing in April, 1971.

In view of the \$469,323.57 already collected and interest income of \$24,674.00 on money collected, the committee felt that the original allocation committee's estimate of a total receipt of \$508,000 should remain, for the present, the basis for re-allocation of estimated receipts.

The Committee then considered the original allocations, the amount spent or pledged to be spent in each category and after considerable discussion re-allocated the difference between the estimated receipts of \$508,000 and expenditures or pledges of \$316,877.

The total amount re-allocated was \$109,123. The following table shows the original allocations, disbursements, and the recommended re-allocations:

Project	Original Allocation	Disbursed or Pledged *	New Allocation
Campaign Expense	\$ 35,000	\$ 33,500	\$ 32,500
College Ministry Facilities	85,000	100,000	--
Ecumenical Library	12,500	6,200	--
M. R. I.	50,000	27,177	22,823
Home for Aging and Chronically Ill	225,500	150,000	75,500 (Note 1)
Mission Land Purchase	100,000	--	59,300
Expansion Fund	--	--	--
	\$508,000	\$316,877	\$190,123

Note 1. The \$75,500 allocated to the Home for the Aging and Chronically Ill to be used as a loan without interest.

The Committee recommends its collection procedure and the new allocations.

THE CHURCH PENSION FUND

Enclosed is a list of the clergymen, widows, and children in the Diocese of West Missouri who are currently receiving pensions from The Church Pension Fund. This report, which also includes the pension amounts, is submitted annually to the dioceses for their use.

In addition to the report for your own diocese, here is an overall picture of the benefit totals throughout the Church:

	Number	Amount
To retired clergy	1,201	\$3,425,075
To disabled clergy	231	643,647
To widows	1,622	2,556,528
To children	340	223,436
Totals	3,394	\$6,848,686

The year was a significant one for the Fund and the Church in various areas. Of particular concern was the revision of the rule regarding benefits to surviving dependent children. The rule, which extended benefits up to age 22, provides a full additional year of benefit payments, and resulted from many suggestions that the additional year would be of assistance to students completing college.

In another vein, the Fund accelerated its drive to strengthen communications with the Church. The most recent Annual Report, for instance, aroused enthusiasm with its central descriptive section that gave the reader a detailed, easy-to-read explanation of where the Fund's money goes.

The Affiliates, too, had a rewarding year. Church Life Insurance Corporation, under the auspices of The Church Pension Fund, gained approval at the 1969 Special Convention II to establish a church-wide group life and major-medical program for the clergy. The mandatory plan will fill a tremendous need for group life insurance and major-medical benefits since approximately 40% of the active clergy do not have such coverage.

The Church Insurance Company directed its efforts toward expanding its coverage of Episcopal-owned property, and introduced Homeowners' and Tenants' policies for clergy.

The Church Hymnal Corporation continued its efforts to provide fine quality publications at minimum costs to the Church. The company recently published the Proposed Prayer Book Studies XVIII on Baptism and Confirmation.

Should you have any questions on this brief report of the past year's events, we are glad to provide information on any aspects of the Fund's work. And your suggestions and ideas are always welcome.

Your Church Says . . .

The Minister is ordered, from time to time, to advise the people, whilst they are in health, to make Wills arranging for the disposal of their temporal goods, and, when of ability, to leave Bequests for religious and charitable uses. - Rubric, The Book of Common Prayer.

FORM OF BEQUEST

"I give, devise and bequeath to the Diocese of West Missouri, an Episcopal Church Corporation of the Protestant Episcopal Church in the United States of America, the sum of _____ Dollars for its endowment fund to be invested and re-invested and the income only used for its corporate purpose."

If the donor wishes the bequest to be a perpetual memorial, this form may be used:

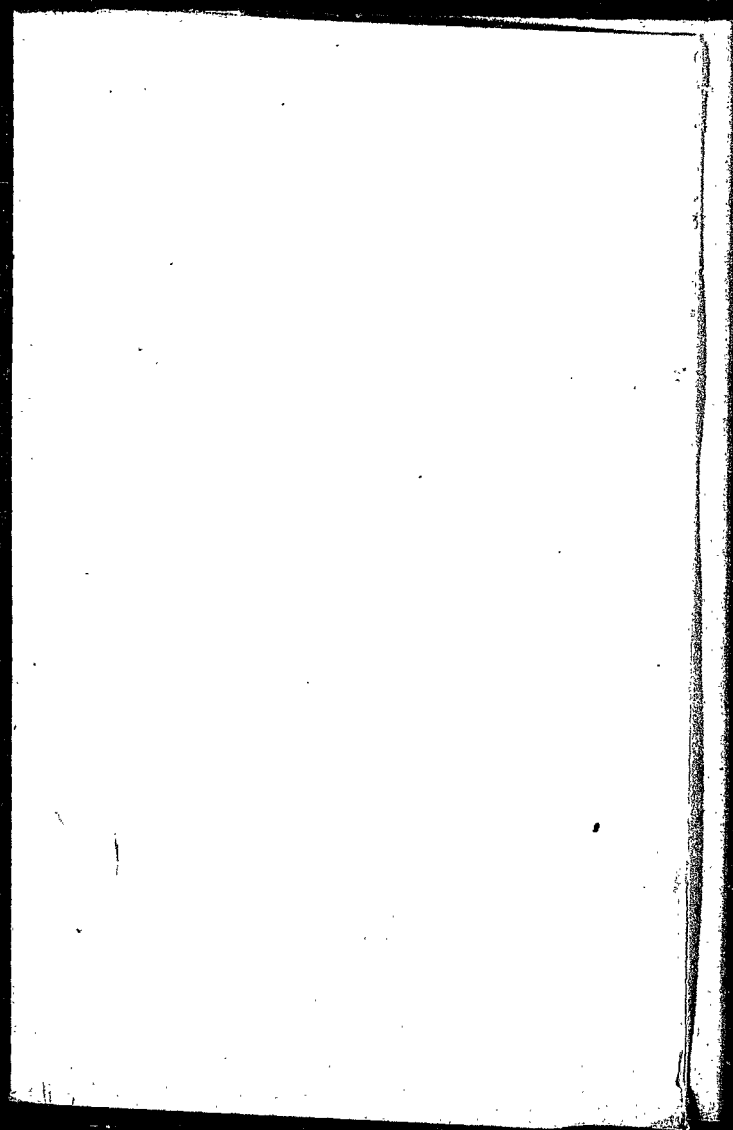

"I give, devise and bequeath to the Diocese of West Missouri, an Episcopal Church Corporation of the Protestant Episcopal Church in the United States of America the sum of _____ Dollars, for its endowment fund, to be designated and known as _____ Fund; the same to be invested and re-invested and the income only used for the corporate purposes of said Diocese."

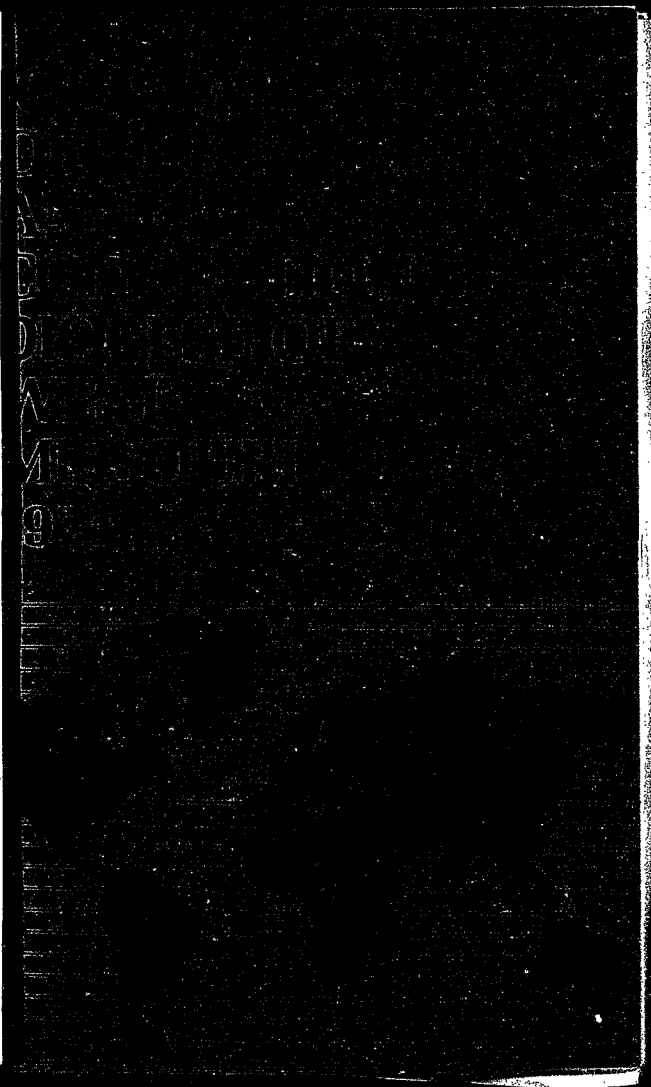

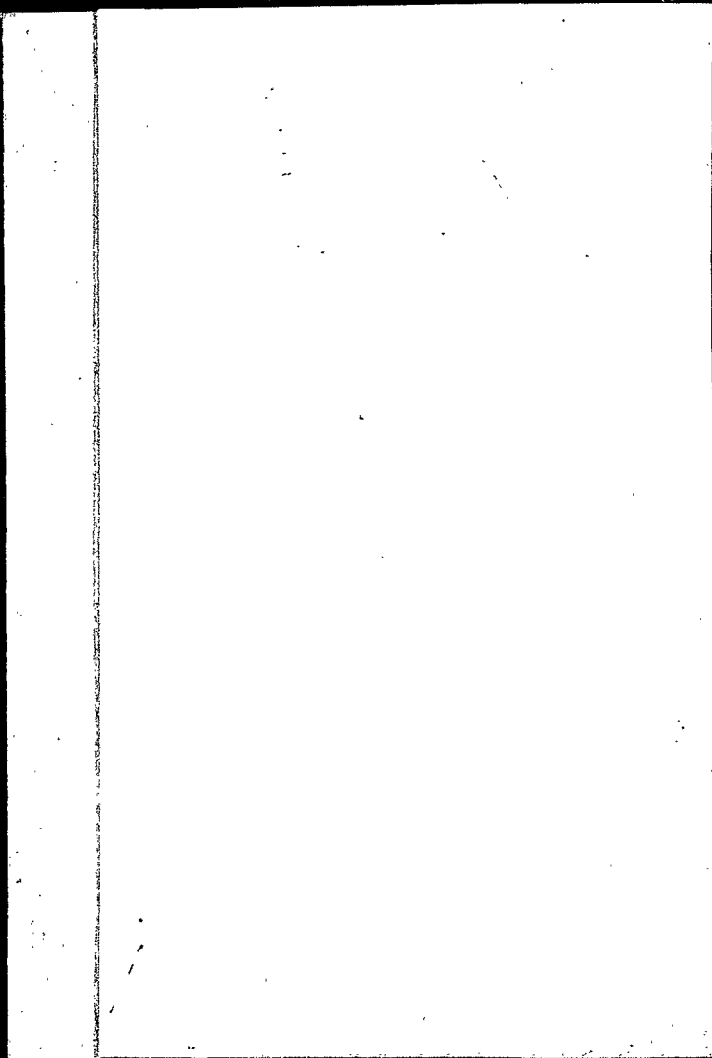

In making a will it is always advisable to have the advice of a lawyer even if it is only for the purpose of seeing that it is properly signed and witnessed. The above forms of bequest are suggested for use in the State of Missouri only and do not constitute a complete will, but only a portion thereof. The Chancellor and Associate Chancellor are available at all times, without charge, to assist and advise you for Bequests for religious and charitable uses.

RULES OF ORDER

Governing the Conduct of Business at Meetings of the Convention of the Diocese of West Missouri

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.

2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.

3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.

4. All Committees shall be appointed by the President unless otherwise ordered.

5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.

6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.

7. No member shall absent himself from the session of the House unless he have leave or be unable to attend.

8. A member, other than the chairman of a Committee whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.

9. Any member of the House may call for a vote by ayes and nays.

10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.

11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minutes for the purpose of explaining its object.

13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment

is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.

14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.

15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.

16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.

17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.

18. The names of movers of resolutions shall appear upon the minutes of the Convention.

19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.

20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.

21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

ORDER OF BUSINESS

1. Announcement by Secretary as to whether a quorum is present.
2. Election of Secretary of the Diocese.
3. Announcements.
4. Report of Committee on Dispatch of Business.
5. Introduction of all resolutions for reference.

6. Nominations for all other offices.
7. Reports of all officers and committees.
8. Elections.
9. Report of all resolutions previously referred.
10. Fixing time and place of next Convention.

PROCEEDINGS OF THE CONVENTION

Friday, April 30

The 82nd Annual Convention of the Diocese of West Missouri met at the School of the Ozarks, Point Lookout, Missouri, on Friday, April 30, and Saturday, May 1, 1971, with the Shepherd of the Hills Church, Branson, Missouri, as the host. There was a meeting of the Diocesan Altar Guild on Friday afternoon from 2 until 4 p.m., in Shepherd of the Hills Church.

The reception line to greet the Bishop, the Rt. Rev. Edward R. Welles and Mrs. Welles and our host and his wife, the Rev. and Mrs. Donald R. Barton, formed on the beautiful grounds of the Campus of the School of the Ozarks outside the Thompson Dining Hall, at 6 p.m. The Annual Convention banquet was served in Thompson Dining Hall at 6:30 p.m., under the supervision of the women of the Shepherd of the Hills Church and students of the College. The Bishop introduced the persons who were seated at the head table and introduced the President of the School of the Ozarks, the Rev. Dr. Graham Clark, who addressed the assembled delegates and guests briefly.

After the banquet was concluded, the Evening Service of the Convention was conducted in the Williams Memorial Chapel. In his Annual Address Bishop Welles described with animation and enthusiasm the trip which he had taken including a series of missions for the Church in Australia, visits in Rome, in Belgium with Cardinal Seunens, and in England particularly with the Archbishop of Canterbury. Following his address he presented awards to the following persons:

Charles Tudor, member of St. Philip's Church in Joplin, and for several years a member of Diocesan Council, was presented the Bishop's Medal.

George H. Gurley, from Shepherd of the Hills Church, Branson, was presented the Bishop's Cross.

The Rev. James F. Moon, Episcopal Chaplain at the University of Missouri in Kansas City, was presented with the Tippet Award.

After a brief recess, the first session of the 82nd Convention was called to order by the Rt. Rev. Edward R. Welles, D.D., S.T.D., Bishop of the Diocese, in Williams Chapel, the same place in which the service had recently been concluded. The time was approximately 9 p.m. The Bishop offered Opening Prayers for the meeting of Convention.

The Secretary announced that a quorum was present in both orders and the Bishop then proceeded with the Order of

Business. The Rev. Canon William E. Lusk was nominated and elected Secretary of the Convention by acclamation, and he then nominated the Rev. Canon Donald E. Becker to be assistant and Secretary, and he was elected.

The Bishop introduced the Rev. Donald R. Barton, Vicar of the Shepherd of the Hills Church in Branson, host to this 82nd Convention, who welcomed the member and guests to the College, the Church and the Community, and expressed the hope that "recreation," which is the chief business of Branson, would be realized by the members of the Convention during their brief stay. He read a telegram from the Very Rev. Arthur A. Vogel, Ph.D., Bishop Coadjutor-elect of the Diocese of West Missouri, as follows:

Greetings to the 82nd Convention of the Diocese of West Missouri. I am sorry that I cannot be with you, but I look forward to being present next year and for many years to come. Be assured that you and your deliberations are in my prayers.

Committee appointments for the 1971 Diocesan Convention were announced by Bishop Welles, and they are recorded on the two pages immediately preceding these minutes. Chairman of the various committees announced when and where meetings of the respective committees would take place.

After a brief meeting of the committee on the Dispatch of Business, Mr. Leonard Johnson, from St. Luke's Church, Excelsior Springs, Chairman of the Committee in place of Mr. Lawrence Askinosie, who was unable to attend, offered the following report of the Committee.

REPORT OF THE COMMITTEE ON THE DISPATCH OF BUSINESS

1. That the first order of business on April 30, be the nominations for the various elective offices.
2. That all matters of referrals (resolutions, etc.) be submitted during the evening of April 30.
3. That the Convention continue with business as indicated in the "Rules of Order" (1970 Convention Journal, pages 12-13) as far as possible.
4. That the Convention recess as near as possible to 10:15 p.m.
5. That the Convention gather on Saturday, May 1, at 7:30 a.m., in Williams Memorial Chapel for the Annual Diocesan Celebration and Offering of the Holy Eucharist, followed by breakfast at 8:15 a.m., in Thompson Dining Hall.
6. That the Convention re-convene at 9:00 a.m., May 1st in Jones Auditorium.
7. That the balloting for elective officers be the first Order of Business.

8. That Convention recess at 12:45 p.m., to have lunch at 1:00 p.m., in Thompson Dining Hall, and to re-convene at 2:00 p.m.
9. That the Convention adjourn sine die as soon as possible thereafter, no later than 4 p.m.

Leonard Johnson, Chairman

The Order of Business proceeded with nominations for elective offices. Two lay persons and two clergymen are to be elected for two-year terms to the Standing Committee. The nominations for the Standing Committee are as follows:

Lay	Clergy
Harry Kirkpatrick, St. John's, Springfield	Carl E. Wilke, Christ Church, Springfield
Blaine Z. Hibbard, M.D., St. Andrew's, Kansas City	Charles E. Kronmueller, Good Shepherd, Kansas City
Carl D. Siegel, M.D., St. Peter's, Kansas City	George G. Swanson, St. George's, Kansas City
Richard S. Brigham, Cathedral Kansas City	
Richard Wilson, St. John's, Kansas City	

The nominations of four lay persons and three clergymen to be elected for two-year terms on the Diocesan Council were made as follows:

Lay	Clergy
F. Douglas Kneibert, Calvary Church, Sedalia	Gerald L. Claudius, St. John's, Kansas City
Max Marshall, St. Paul's, Lee's Summit	Peter M. Sturtevant, St. Paul's, Kansas City
Jack King, St. Matthew's, Raytown	Brian J. Packer, St. Peter's, Harrisonville
Richard Hildreth, Cathedral, Kansas City	Harry W. Firth, All Saints', Kansas City
Tom Kretsinger, Messiah, Liberty	George G. Greenway, St. John's, Springfield
Philip S. Lyon, St. Andrew's, Kansas City	J. Douglas McGlynn, St. James', Springfield
Charles Horner, St. Andrew's, Kansas City	Thomas B. Woodward, Christ Church, Warrensburg
	Howard C. Rutenbar, Christ Church, St. Joseph

Introduction of Resolutions was the next item on the Order of Business and we proceeded therewith as follows:

RESOLUTION

- I. WHEREAS, violence, that is the unlawful exercise of physical force against a fellow-man, is contrary to Christian teaching, and WHEREAS, the 63rd General Convention, while affirming its belief in the aims and purposes of the General Convention Special Program, amended the resolution of the 62nd General Convention setting up the Program so as to provide that no grant

under the Program be made to any organization if such organization or any officer or agent thereof advocates the use of physical violence as a means of carrying out the objectives of that organization,

THEREFORE BE IT RESOLVED, that The Diocese of West Missouri condemns the use of violence as a means to attain social or political objectives, and

BE IT FURTHER RESOLVED, that the Presiding Bishop and the Executive Council of our Church be hereby respectfully requested to assure themselves that the limitations put on the use of General Convention Special Program funds by the 63rd General Convention be strictly observed, and

BE IT FURTHER RESOLVED, that the Screening and Review Committee administering the General Convention Special Program funds be hereby requested to ascertain, prior to making any grant of such funds to any coalition or to any other group, that the final recipient agency fully meets the requirements set forth by the 63rd General Convention.

Submitted by the Southwest Convocation

RESOLUTION

II. WHEREAS our recent financial difficulties in our Diocese have necessitated much examining of diocesan priorities, and

WHEREAS our present procedures for determining our diocesan budgets, while they are carried out by dedicated and competent men, leave little room for the delegates from the several congregations to have any real voice in the determining of diocesan priorities:

BE IT RESOLVED: that the Eighty-second Annual Convention of the Diocese of West Missouri take no action on the proposed budgets presented it by the Diocesan Council;

BE IT FURTHER RESOLVED: that the Convention requests that the Bishop of West Missouri call a special Convention of the Diocese in the Fall of 1971 for the purpose of considering diocesan budgets; and

BE IT FURTHER RESOLVED: that the Diocesan Council through its committee of Finance is instructed by the Convention to submit to that Special Convention not a single budget but several alternative budgets which will assume alternative sets of priorities; and

BE IT FURTHER RESOLVED: that at least one of these alternative budgets be based on a Diocesan Mission Clergy Stipend base of \$8,400 per year plus an annual cost of living increase; and

BE IT FURTHER RESOLVED: that the Diocesan Council give serious thought to ways of encouraging parish churches whose clergy stipends are below any given Mission Clergy level to raise them to that level.

Unanimously submitted by clergy and lay delegates of the Southeast Convocation

RESOLUTION

III. THAT WHEREAS the Team of Twenty in their report to the Diocesan Convention of 1964 recommended the repeal of Section 7 of Canon IX with the resulting effect that no Clerical or Lay member of the Diocese other than elected or appointed members of the Diocesan Council would have voice in the meetings of the Council,

AND THAT WHEREAS this action has in effect made each meeting of the Diocesan Council a closed session,

AND THAT WHEREAS there is no reasonable or evident need for such an exclusive mode or manner of meeting except in rare cases,

AND THAT WHEREAS we should have within our Diocese the opportunity and occasion for the freest possible exchange and discussion of ideas,

BE IT THEREFORE RESOLVED that this Convention reverse the action of the 1964 Convention and restore the structure and operation of the Diocesan Council meetings to that manner of operation which obtained prior to the 1964 Convention action,

AND **BE IT FURTHER RESOLVED** that proper action be instituted for the reinstatement of Section 7 of Canon IX to the Canons of the Diocese of West Missouri.

Submitted by the Rector, Wardens, and Vestrymen of St. John's Church, Kansas City, Missouri

RESOLUTION

IV. WHEREAS the Diocese of West Missouri has been faced with serious shortages in the meeting of the 1971 Mission Budget and will undoubtedly face the same situation in meeting Budgets of the foreseeable future due in part to the inability of Parishes and Missions to accept their asking Quotas,

AND WHEREAS the above shortages will possibly bring about the closing of some Missions and/or the doubling up of others, leading to a curtailed Ministry to the people of our Diocese,

AND WHEREAS, if this condition is allowed to continue, it will mean that our area of our Lord's vineyard will suffer immeasurable losses that will in turn result in even larger spiritual and financial losses in the future,

AND WHEREAS it behooves us to seriously and diligently consider the monies available for our own local mission work as over against the request and asking of our National Church,

BE IT RESOLVED that our Diocese discount the asking amount of our National Church by the identical percentage determined by the shortage of our Mission Pledges in relationship to our proposed Mission Budget for our Diocese,

AND **BE IT FURTHER RESOLVED** that our Diocese convey to our National Church Executive Council that this action is taken with the prognostication that if the "grass roots" life of the Church is neglected and ignored that we will have little hope for the seed and future crops due our Blessed Lord in the Diocese of West Missouri.

Submitted by the Rector, Wardens, and Vestrymen of St. John's Church, Kansas City

RESOLUTION

V. WHEREAS, the 80th Diocesan Convention resolved to appoint a committee for the purpose of developing a youth-oriented program which would facilitate the closing of the "Generation Gap," AND WHEREAS, this committee held its first meeting on April 15, 1971 and is therefore not prepared to make a report to the 81st Diocesan Convention,

THEREFORE BE IT RESOLVED: that this Committee be continued and charged to report to the 82nd Diocesan Convention.

John H. Lembecke, Jr.

RESOLUTION

VI. WHEREAS, The 81st Diocesan Convention called for a committee to be appointed by the Bishop to evaluate the involvement of the Diocese of West Missouri in St. Mark's Ecumenical Parish, and,

WHEREAS, This Committee was not convened until December 14, 1970 by the President of the Board of Directors of St. Mark's and,

WHEREAS, This Committee met concurrently with the evaluation committees from the other three judiciaries and,

WHEREAS, The final report, dated April 24, 1971, of the joint evaluation committee has not been finalized for approval.

BE IT RESOLVED, That the Diocese of West Missouri continue its involvement in St. Mark's and,

IT IS FURTHER RESOLVED, That this Committee be continued as charged until it makes its report to our 83rd Convention with any changes in its membership as the Bishop sees fit and,

IT IS FURTHER RESOLVED, That the Diocesan Council be authorized to determine our interim financial support.

Submitted by John A. Clair, St. Augustine's, KC
Joy Devin, St. Matthew's, Raytown
John B. Francis, All Saints', KC
Clifford H. Hall, St. Paul's, KC
Dr. Blaine Hibbard, St. Andrew's, KC

RESOLUTION

VII. WHEREAS, We recognize the need to extend the mission of the Church into the rural and small town areas of Missouri, and

WHEREAS, Financial support for the clergy of the Church under present mission policies severely restricts such expansion, and

WHEREAS, Men offering themselves for the ministry are being rejected because churches have been closed and financial support is unavailable,

NOW THEREFORE BE IT RESOLVED, That the Department of Missions and the Diocesan Planning Committee study the feasibility of using unmarried or celibate clergy, at small salary, for the purpose of advancing the Church in such areas, the men living either singly or together in associate missions.

Submitted by the Rt. Rev. Robert H. Mize
and the Central Convocation.

RESOLUTION

VIII. Due to the unusual circumstances under which the petition of Boonville to be a Parish was presented - that they be a Parish with part-time Rector, the question of the Canonical definition of both a parish and a mission should be given careful attention.

THEREFORE BE IT RESOLVED the Committee on Constitution and Canons give this careful consideration and investigation as to the proper definition of parish and mission and report any necessary changes to the next Convention.

The Rev. Brian J. Packer, President
The Standing Committee

RESOLUTION

IX. RESOLVED that the Resort and Leisure Time budget for 1972 be increased by \$880.00 to \$1,500.00 so that \$500.00 each may go to Lake Ozark Parish and United Lakes Ministry and \$300.00 for Scout services at H. Roe Bartle Reservation and \$200.00 for printing and committee expense.

Resort and Leisure Time Committee

Mr. Edward T. Matheny, Jr., Chairman of the committee on Constitution and Canons, presented for the second reading an amendment to Article IV, Sections 4 and 5, of the Constitution as follows:

Section 4: The Convention shall, at its Annual Meeting, elect the Secretary and the Treasurer, to serve as such until the next Annual Convention, and until their successors are elected and qualified. THE CONVENTION SHALL ALSO ELECT AN ASSOCIATE TREASURER UPON THE NOMINATION OF THE ECCLESIASTICAL AUTHORITY TO SERVE UNTIL THE NEXT ANNUAL CONVENTION.

Section 5: If the Secretary or Treasurer OR ASSOCIATE TREASURER resign or remove from the Diocese, or become incapable of acting, the Diocesan Council shall have power to appoint a Secretary or Treasurer OR ASSOCIATE TREASURER as the case may be to act until the next Annual Convention.

Coming up for consideration at this point was the admission of Christ Church, Boonville, to be a Parish of the Diocese; therefore, the Bishop called upon the Rev. Howard C. Rutenbar, Chairman of the Committee on New Parishes, to make his report. Father Rutenbar asked the President of the Standing Committee, the Rev. Brian J. Packer, to present the recommendation of the Standing Committee. The report is as follows:

The Standing Committee has this day, April 30, 1971, considered the petition of Christ Church, Boonville, Mo., for admission as a Parish in union with the Diocese of West Missouri, and after examining its financial structure, and the requirements set forth in Canon Twelve has given its authorization to this application subject to the Chancellor's interpretation that there is nothing defined in the National and Diocesan Canons to prevent the establishment of a parish with only a part-time Rector and so reports its action to the committee on new parishes, to the Bishop, and to the Convention.

The Rev. Brian J. Packer, President
The Standing Committee

It was moved and seconded that we adopt the report of the Committee on New Parishes and admit Christ Church, Boonville, as a Parish of the Diocese. The Chancellor requested that we wait until tomorrow to act upon this motion.

Bishop Welles introduced the Rev. John Matthews and the Rev. Canon George A. Wilson, who are retired clergy of the Diocese. He also recognized the Rt. Rev. Robert H. Mize, the former Bishop of Damaraland, and presently Vicar of Trinity

Church, Marshall. The Rev. Harry W. Firth, All Saints', Kansas City, the Rev. Carl E. Wilke, Christ Church, Springfield, the Rev. M. Joseph Hirsch, Church of the Redeemer, Kansas City, the Rev. John N. Brockmann, Trinity Church, Lebanon, and the Rev. H. Boone Porter, Director of Roanridge, were introduced as new clergy in the Diocese. The Rev. Richard Ash, Associate at St. Paul's, Kansas City, the Rev. Theodore Williams, Perpetual Deacon from St. Augustine's, Kansas City, and the Rev. Robert H. Williams, soon to be Vicar at All Saints', West Plains, were recognized as new clergy but were unable to be present.

This first session of the 82nd Convention recessed at 10:15 p.m., to meet again following the Eucharist and breakfast at approximately 9 o'clock Saturday morning.

Saturday, May 1

The delegates to the Convention and other members of the Diocese met for the celebration of the Holy Eucharist in the Williams Memorial Chapel of the School of the Ozarks on Saturday morning at 7:30 o'clock. The Rt. Rev. Edward R. Welles, Bishop of the Diocese, was the celebrant for the Eucharist, and he was assisted by the Very Rev. Eugene G. Malcolm, Dean of the Cathedral, the Rev. Canon William E. Lusk, Secretary of the Diocese, and the Rev. Donald R. Barton, Vicar of Shepherd of the Hills Church.

Following breakfast in the Thompson Dining Hall, the Bishop called the second session of the Convention to order in the Jones Auditorium at 9:35 a.m.

The first Order of Business were elections to the Standing Committee and Diocesan Council. Dr. Ben Gaines, Warden of Shepherd of the Hills Church, and member of the Committee on Elections, explained the election procedures and supervised the distribution of the first ballot.

A brief discussion took place regarding the advisability of distributing printed material regarding candidates for elective office in the Diocese. The Bishop ruled that next year such distribution would be in order.

Mr. John Moses from St. Paul's Church, Kansas City, Chairman of the Committee on Convention Offerings, was introduced and made the report of his committee. The report is as follows:

Resolved that the Convention Offerings, received at the Evening Service and the morning Celebration of the Holy Eucharist, be divided equally between Shepherd of the Hills Mission, Branson, and Cliff Springs Conference Center.

Mr. Moses moved the adoption of the Resolution and it was seconded and carried. The offerings totaled \$474.37.

Bishop Welles introduced the Hon. Robert W. Wagstaff, who has served as Chancellor of the Diocese for the past fifteen years. Mr. Wagstaff's report is included in the report section of this journal. In the context of his report, regarding the Resolution of the Committee on New Parishes, he stated that there is nothing in the Canons to prevent a congregation who has a priest only part-time, from being admitted as a parish. At the conclusion of his report he stated his intention not to accept nomination as Chancellor for another year.

Following the Chancellor's report, the Bishop expressed his appreciation of the outstanding services of Mr. Wagstaff as his Chancellor, and the Convention rose to a round of applause on his behalf. Bishop Welles then appointed Mr. Wagstaff to be the Bishop's Counsellor for the remainder of his Episcopate, and he nominated Mr. Edward T. Matheny, Jr., who has been serving as Associate Chancellor, to be Chancellor for the term 1971-1974. Nomination was seconded and a motion to elect him by acclamation was carried.

The next item on the agenda was the report of the Treasurer, Mr. Thomas Graves. This report was distributed to members of Convention, and it was moved that we accept the report as printed. The motion carried. The printed report may be found in the report section of the Journal.

The Bishop called for the report of the Committee on New Parishes. The Rev. Howard Rutenbar moved that we accept the recommendation of the Standing Committee and admit Christ Church, Boonville, as a Parish of the Diocese. The motion was seconded.

Action on this motion was interrupted by the report on elections. The following were elected to be members of the Standing Committee: Col. Harry Kirkpatrick, St. John's Church, Springfield; Dr. Blaine Z. Hibbard, St. Andrew's Church, Kansas City; the Rev. Carl E. Wilke, Christ Church, Springfield; the Rev. Charles Kronmueller, Good Shepherd Church, Kansas City. The following were elected to the Diocesan Council: Mr. F. Douglas Kneibert, Calvary Church, Sedalia; Mr. Jack King, St. Matthew's Church, Raytown; Mr. Tom Kretzinger, Church of the Messiah, Liberty; Mr. Philip Lyon, St. Andrew's, Kansas City; the Rev. Brian J. Packer, St. Peter's Church, Harrisonville; and the Rev. Canon J. Douglas McGlynn, St. James' Church, Springfield. A second ballot was required for the election of one clergyman to the Diocesan Council. The second ballot was distributed.

The Chairman announced that members of the Standing Committee for the coming year would meet immediately to organize.

Discussion was resumed on the report of the Committee on New Parishes, regarding the admission of Christ Church, Boonville. After considerable discussion, the motion to admit Christ Church, Boonville, as a Parish of the Diocese was carried.

The report of the second ballot showed no election for a third clergyman to the Diocesan Council.

Mr. William Atwood, Chairman of the Finance Committee, was called upon to make the presentation of the budgets; however, his report was interrupted for a report on the third ballot.

The report showed no election again.

It was moved and seconded that we change the order of the day to consider the resolutions which have bearing on the budget. The motion carried.

Mr. Philip Lyon, Chairman of the Resolutions Committee, offered the resolutions which were pertinent to the consideration of the budget.

The first resolution to be considered was Resolution No. 2 in the order of presentation. The recommendation was that the first BE IT RESOLVED, which asks the 82nd Annual Convention to take no action on the budgets presented to it by the Diocesan Council, be deleted and that the remainder of the Resolution be referred to Diocesan Council. Mr. Lyon moved the adoption of the Resolution as amended. It was seconded and carried.

Mr. Lyon presented Resolution No. 9 from the Resort and Leisure Time Committee, asking for an increase in their budgeted figure from \$620.00 to \$1,500.00. The Committee recommended referral of the Resolution to the Finance Committee. Upon the request of the Rev. Richard Mason, Chairman of the Resort and Leisure Time Committee, it was voted to allow him 5 to 10 minutes to speak on this topic.

Father Mason's remarks were interrupted for the report on the fourth ballot.

There was no election on the fourth ballot.

Father Mason continued his remarks regarding the Resort and Leisure Time ministry and the Resolution which this committee had presented. Following the conclusion of Father Mason's remarks, the question was called for on the recommendation of the Resolutions Committee regarding Resolution No. 9. The recommendation of the Committee to refer it to the Finance Committee was adopted.

The report of ballot number five showed that the Rev. Peter M. Sturtevant was elected for a two-year term on Diocesan Council.

The question was called for on the Diocesan Budget as presented. It was moved and seconded to adopt the Diocesan Budget as presented. The motion carried 173 to 3.

Mr. Atwood presented the Mission Budget. Mr. Atwood asked Deal Malcolm to speak to the subject of Mission clergy stipend increases, which was the only major increase in the budget. The increase is from the level of \$6,800.00 for 1971 to the level of \$7,200.00 for 1972. Mr. Atwood called for a motion to adopt the Mission Budget by a roll call vote in accordance with the recommendation of Diocesan Council. The intention of Diocesan Council was that we adopt the Mission Budget by roll call vote, but the the commitment of parishes and missions to a given figure, their quota of the Budget, is not binding until their written word is received by December 1. If no reply is received by December 1, it will be assumed that the quota requested is accepted and therefore binding. Mr. Atwood's motion was amended by Canon Becker as follows:

Resolved that the method by which we pass the Mission Budget at this Convention be a roll call of the missions and parishes of the Diocese.

The question on the amendment was called for. It did not carry. Therefore, the question of the passage of the Mission Budget will be by a simple vote and not by a roll call.

The question on the Budget was called for and was carried overwhelmingly.

A report was made on the organization of the Standing Committee for the coming year. The officers are as follows: President, the Rev. Charles E. Kronmueller; Vice-President, the Rev. Canon Arleigh W. Lassiter; Secretary, Mr. Whitney Potter. The Standing Committee will meet every third Friday at 11:00 a.m., at the Cathedral.

The floor was opened for nominations for Treasurer. The name of Mr. Thomas Graves was placed in nomination. It was moved and seconded that he be elected Treasurer by acclamation. The vote was unanimous. Mr. Roger Ewing was nominated to be Associate Treasurer. He was elected unanimously by acclamation. The Rev. Canon C. Robert Lewis was nominated to be Assistant Treasurer. He also was elected unanimously by acclamation.

The Bishop called on Mr. Edward T. Matheny, Chairman of the Committee on Constitution and Canons, who moved the adoption of the change to the Constitution indicated on page 23 of last year's Journal, and which was entered with the Resolutions in the first session of this year's Convention on Friday evening. The motion was seconded and carried.

The Rev. Charles Kronmueller moved that we reprint the Constitution and Canons. The motion was seconded and carried.

The following reports were presented by title: Department of Missions by the Rt. Rev. Edward R. Welles; Department of Properties by Mr. A. Janssen Wooldridge; Department of Christian Education by the Rev. Thomas B. Woodward.

Mr. Mauro asked if we might once again bring up the issue of the roll call response to the Mission Budget. The Chairman asked if we should reopen the issue. It was decided not to do so by the vote of the Convention.

The following reports were presented by title: the Department of Insurance by Mr. H. A. Sloan; the DAC Review Committee by Mrs. Humbert Tinsman; College Work by Canon McGlynn; MRI and World Mission by Bishop Welles; Cliff Springs by the Rev. James F. Moon; Ecumenical Affairs by Dean Malcolm; Department of Promotion by Canon Becker; Department of Urban Affairs by the Rev. Edward Warner; Department of Stewardship by Canon Becker; the Architectural Commission by Mr. James E. Arnold.

The next item on the agenda was the report of the Resolutions Committee. The Bishop introduced Mr. Phillip Lyon, Chairman of the Committee, who presented the following Resolutions for action: Resolution No. I from the Southwest Convocation regarding the General Convention Special Program. He recommended that the Resolution be passed. The motion carried.

Resolution No. II was already dealt with this morning.

Resolution No. III regarding members of Council having a voice in the proceedings of Council. This Resolution was referred to the Committee on Constitution and Canons to report back to the next Convention and the motion carried.

Resolution No. IV regarding the matter of discounting our giving to the National Church. It was recommended by the Committee that we do not pass this Resolution and the recommendation carried.

Resolution No. V regarding a youth oriented program. It was recommended that we push this program and the motion carried.

Resolution No. VI regarding the St. Mark's evaluation and our involvement in it. The recommendation of the Committee was that we pass this Resolution. The motion carried.

Resolution No. VII having to do with the use of unmarried clergy in the mission areas of the Church. The recommenda-

tion of the Committee is that two changes be made. That the first paragraph read as follows:

WHEREAS we recognize that there may be a need to extend the mission of the Church into the rural and small town areas of Missouri,

and that the enabling section read as follows:

RESOLVED that the Department of Missions and the Diocesan Planning Committee study the extension of mission work in the rural and small town areas of the Diocese and the feasibility of using unmarried or celibate clergy.

It was recommended that with these two changes the motion pass, and the recommendation of the Committee was carried.

Resolution No. VIII regarding the development of a canonical definition of a parish. It was recommended that the Resolution be passed, and the recommendation carried.

Following the report of the Resolutions Committee, Mr. Lyon offered some recommendations of his own about resolutions. They are as follows:

1. Tardiness in the receipt of resolutions definitely hampers the work of committee in preparing them for Convention.
2. There is an inadequacy in dealing with them because of the time factor.
3. He recommends that resolutions be sent to the Secretary of Convention thirty days in advance of Convention.

The Secretary of Convention read the amendments to the National Church Constitution at this time, as required by the Canons of the National Church. They are as follows:

1. THAT the last Paragraph of Section 4 of Article 1, be amended by inserting a new sentence immediately before the last sentence thereof; so that the Paragraph as amended shall read as follows:

On any question the vote of a majority of the Deputies present shall suffice, unless otherwise ordered by this Constitution, or, in cases not specifically provided for by the Constitution, by Canons requiring more than a majority, or unless the Clerical or the Lay representation from any Diocese require that the vote be taken by orders. In all cases of a vote by orders, the two orders shall vote separately, each Diocese and Missionary Diocese having one vote in the Clerical order and one vote in the Lay order; and the concurrence of the votes of the two orders shall be necessary to constitute a vote of the House.

"When the vote of the Deputies in either order in any Diocese is evenly divided, the vote of such order in such Diocese shall be received and recorded as one-half vote for the affirmative and one-half vote for the negative of the question or action on which the vote is taken."

No action of either order shall pass in the affirmative unless it receives the majority of all votes cast, and unless the sum of all the affirmative votes shall exceed the sum of other votes by at least one whole vote.

2. THAT Article VII be amended, as to the Declaration in the first Paragraph thereof; so that the said Declaration shall read as follows:

"I do believe the Holy Scriptures of the Old and New Testaments to be the Word of God, and to contain all things necessary to salvation; and I do solemnly engage to conform to the Doctrine, Discipline, and Worship of the Episcopal Church."

3. THAT the second sentence of Article X be amended, by striking the word "triennial" in lines 18 and 30 thereof, and substituting therefor the word "regular"; so that the sentence, as amended, shall read as follows:

"No alteration thereof or addition thereto shall be made unless the same shall be first proposed in one regular meeting of the General Convention and by a resolve thereof be sent within six months to the Secretary of the Convention of every Diocese and of the Convocation of every Missionary Diocese and of the Convocation of the American Churches in Europe, to be made known to the Diocesan Convention or Convocation of the Missionary Diocese or of the Convocation of the American Churches in Europe, at its next meeting, and be adopted by the General Convention at its next succeeding regular meeting by a majority of all Bishops, excluding retired Bishops not present, of the whole number of Bishops entitled to vote in the House of Bishops, and by a majority of the Clerical and Lay Deputies of all the Dioceses entitled to representation in the House of Deputies, and all the Missionary Dioceses, and of the Convocation of the American Churches in Europe, voting by orders, each to have the vote provided for in Article I, Section 4."

The report of the Christian Social Relations Department was presented by the Rev. Lewis T. Johnston by title.

The report of the Committee on the Bishop's Address was called for at this time and the resolutions are as follows:

REPORT OF THE COMMITTEE ON THE BISHOP'S ADDRESS

RESOLUTION No. 1

WHEREAS, in the invitation to visit and preach widely in Australia, Bishop Welles' dynamic presentation of the Gospel was recognized; and

WHEREAS, his keen interest in ecumenical matters has resulted in a major role in this area, climaxed by co-chairmanship of the Anglican/Roman Catholic conversations and chairmanship of the Commission on Relations with Pentecostal and Conservative Evangelical Churches;

BE IT THEREFORE RESOLVED that this 82nd Convention of the Diocese of West Missouri thank God for the safe return of Edward R. Welles and his wife, Catharine, from his recent overseas mission as a Bishop in the Church of God, and commend him for this work and the ensuing honor brought to himself and us.

RESOLUTION No. 2

WHEREAS, in this, God's world, stewardship is the heart of discipleship; and

WHEREAS, our Lord Jesus calls upon each of us to help others in all parts of the world and his work is done by Parish, Diocese, and National Church; and

WHEREAS, this work has been gravely curtailed and further threatened by present financial and personnel stringencies;

BE IT THEREFORE RESOLVED that this 82nd Convention of the Diocese of West Missouri memorialize the congregations and parishes of this Diocese to heed our Bishop's call for complete stewardship canvasses this year and that preparations be begun immediately for such canvasses; to the end of strengthening the work of His Church.

RESOLUTION No. 3

BE IT RESOLVED that the Bishop's Address be printed in its entirety in the Convention Journal.

The report of the Committee on the Meeting Place of the next Convention was called for. Dean Malcolm, reporting for the Committee, indicated that Grace and Holy Trinity Cathedral extends an invitation to the 83rd Annual Convention of the Diocese of West Missouri to meet at the Cathedral in Kansas City on Friday and Saturday, May 5 and 6, 1972. It was moved and seconded that this recommendation be accepted and it carried.

The following reports were presented by title: St. Luke's Hospital, Commission on Evangelism, Roanridge, Armed Forces Committee, the Legal Committee, Music Commission, Liturgical Commission, Resort and Leisure Time Committee, the Planning Committee, the Steering Committee.

Maj. Gen. Hewitt was called upon at this time to offer the resolution of Courtesy. It is as follows:

RESOLUTION

WHEREAS, The Vicar, Wardens, and members of The Shepherd of the Hills Chrch, Branson, have graciously welcomed and given generous hospitality to the 82nd Annual Convention of the Diocese of West Missouri, and

WHEREAS, the officials and students of the School of the Ozarks have made available to the Diocese excellent facilities and delectable meals, now

THEREFORE, BE IT RESOLVED, That we hereby express our deepest gratitude to the Vicar, Wardens, and members of the Shepherd of the Hills Church for the arrangements and hospitality and the same expression to the officials and students of the School of the Ozarks for the facilities and services they provided.

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to the next convention to the President of the Shepherd of the Hills Church and to the President of the School of the Ozarks.

It was moved and seconded that we authorize the borrowing up to \$10,000.00. The motion carried.

The Bishop appointed the Very Rev. Eugene G. Malcolm to a five-year term on the Ecclesiastical Court. His term will expire in 1976. He also appointed the Rev. Canon John H. Lembcke, Jr., to fill the unexpired term of the Rev. Canon Samuel S. Johnston, D.D. Canon Lembcke's term will expire in 1972.

He appointed the following individuals to a two-year term on Diocesan Council: Mr. Max Marshall from St. Paul's Church, Lee's Summit; Mrs. Ruth Siegel from St. Peter's Church, Kansas City; and the Rev. Howard C. Rutenbar from Christ Church, St. Joseph.

Convention adjourned at 4:00 p.m., on Saturday afternoon May 1, with the Bishop's blessing.

PROCEEDINGS OF THE SPECIAL CONVENTION

September 26, 1970

The Special Convention of the Diocese of West Missouri began with the celebration of the Holy Communion in Grace and Holy Trinity Cathedral, Kansas City, Missouri, at 10:00 a.m., on Saturday, September 26, 1970. The Rt. Rev. Edward

R. Welles, D.D., S.T.D. was the celebrant and he was assisted by the Very Rev. Eugene G. Malcolm, Dean of the Cathedral, the Rev. Brian J. Packer, President of the Standing Committee, the Rev. Canon William E. Lusk, Secretary of the Diocese, and the Rev. Canon Donald E. Becker. The Honorable Robert W. Wagstaff read the Epistle, the Rev. Sam Weaver and the Rev. Charles Stockton served at the altar, and the Rev. David Dixon and the Rev. John Skinner served as marshals.

Bishop Welles addressed the assembled delegates and guests at the Convention Eucharist as follows:

My dear Fellow Christians:

Today we begin to write a new chapter in the history of our diocese by electing a Coadjutor Bishop who, in time, will, we hope, become the Fifth Bishop of West Missouri. This is a most serious task and we do want to open ourselves to the guidance of the Holy Ghost.

Under the provisions of Article IX of our Constitution no business shall be transacted at this special convention except that mentioned in the call, unless by unanimous consent of the members present. The call, dated July 20, 1970, specified that the business to be transacted at this special convention shall be the election of a Coadjutor Bishop, and any matter appertaining thereto.

A top-notch nominating committee, under the superb chairmanship of Mr. Edward T. Matheny, Jr., our Associate Chancellor, has combed the United States and the world to come up with the names of seven able men to place before you today. On behalf of all of us in the diocese I express hearty thanks to the members of this committee for their faithful and fruitful efforts during a long summer. Although I do not personally know all the men they have chosen, I have every confidence that they have selected good men and I shall be happy to work with any one of them if you elect one.

After the Matheny committee report has been presented, nominations from the floor will be in order - and since the committee has not seen fit to nominate any men from inside our diocese and since some of our clergy in West Missouri are episcopal timber, I expect that some of our own men will be nominated. In St. Matthew's Gospel (15:87) it is recorded that Jesus said: "A prophet is not without honour, save in his own country, and in his own house." I hope very much we shall not overlook our local clergy. Some of you will prefer to vote for a man whose weaknesses are as well known to you as his strengths, and who has worn well and dependably over the years - rather than vote for some outsider whose talents are obvious and attractive, but whose weaknesses do not appear on first or second meeting, and thus are an unknown quantity to you!

Another suggestion: "Don't withdraw any names." Four years ago after about the fifth ballot I was asked if the names of Spears, Wilcox, and Young could be withdrawn; I urged retention of the names.

On the 8th ballot Robert Spears collected a total in the two ballot boxes of three votes yet was elected on the 15th ballot! I advise: Don't withdraw names, but do as you wish, of course.

The Committee on Dispatch of Business will propose a resolution (limiting nominating and seconding speeches) that worked very well four years ago; I hope this limitation will be adopted because any very different alternative will open wide the doors to numerous, time-consuming speeches that the Chair would find it difficult, if not impossible, to regulate with fairness. And if you open wide the speech-making on nominees, be prepared to delay balloting until everyone who wishes to has his chance to share with the Convention his personal feelings about the man he is for or against. The Chair is determined to bend over backwards to be just in this matter, for we wish no aspect of the Convention to be railroaded ever - and if you decide to open up the speeches without clearcut, enforceable limitations, the Chair will be very generous indeed in allowing anyone who wishes to speak to do so as long as it relates to a person being considered for the post of Coadjutor Bishop. While this could delay the first ballot until after lunch, I am happily ready to conduct the Convention in accordance with your wishes in this matter.

In conclusion I wish to make two important statements. I have no candidate in this election and I am prepared to work in good spirit with the man you elect, whoever he is.

God bless and guide you to choose the man God wants!

Following a coffee break after the conclusion of the Eucharist, the Convention was called to order by the Bishop, who after determining the presence of a quorum from the Secretary called for the report of the Committee on the Dispatch of Business. Mr. Richard S. Brigham, the Chairman, presented the report as follows:

Your Committee recommends:

1. That as its first order of business, the Convention act on any resolutions properly brought before it.
2. That the next order of business be the nomination of candidates for the office of Coadjutor Bishop.
3. That the Convention next proceed to balloting by Orders for the purpose of electing a Coadjutor Bishop.
4. That the Convention recess at 12:35 p.m., this day for the noon meal and reconvene at 1:30 p.m.
5. That the Convention adjourn as soon as possible after the election of a Coadjutor Bishop.

Richard S. Brigham, Chairman

The next order of business accordingly was the presentation of resolutions to come before the house. The first one was offered by Mr. Brigham, and seconded, as follows:

RESOLUTION

- I. WHEREAS, the special Convention of the Diocese of West Missouri called for the purpose of the election of a Coadjutor Bishop may not succeed in the election without a large number of ballots, and,
WHEREAS, the addition of another name during the course of the election might bring about the possibility of an election,
THEREFORE, be it resolved that the floor of this Convention remain open for nominations during the process of the election.

The resolution was adopted. The Rev. Thomas B. Woodward offered a second resolution, which was seconded, as follows:

RESOLUTION

- II. Be it resolved that the procedure of nominating men for Bishop Coadjutor for the Diocese of West Missouri at this Special Convention be as follows:
 1. The Chair will accept nominations before the first ballot and between ballots for the duration of the Convention.
 2. Members of the Nominating Committee may describe the special qualities and qualifications of each man they have placed in nomination. Such description will be kept within a four-minute time limit.
 3. Nominations from the floor will be afforded the same time limit for description of the nominee's special qualities and qualifications.
 4. Following the seconding of an individual as a nominee for Bishop Coadjutor, the Chair will recognize one person, if there be one or more, to give further information about the candidate. Such person will be recognized at the Chair's discretion and will be allotted two minutes. This section will apply equally concerning men nominated by the Nominating Committee and from the floor.
 5. It is intended by this Resolution that speeches will not be in the form of advocacy, but rather be opportunities for the Convention to hear of the breadth of each man's ministry and talents and then to assess them as individuals.
 6. It will be left to the Chair to admonish any speaker who, in his judgment, violates the spirit of this Resolution.

Thomas B. Woodward

Mr. Wagstaff moved an amendment to Father Woodward's motion, to delete the first provision of the resolution. The amendment was seconded and carried, and the resolution as amended was also carried.

The Rev. David C. Patrick moved that this Special Convention pass a resolution which would allow all priests who are canonically resident within the Diocese of West Missouri, and including those who have not been resident canonically for the required six months prior to an election, to vote in this election. The Bishop called upon the Chancellor for his judgment, and he ruled against the resolution.

The Bishop at this time introduced several new priests in the Diocese. They include the Rt. Rev. Robert H. Mize, who is a Bishop in the Province of South Africa, and presently serving Trinity Church, Marshall, the Rev. Carl Wilke, Rector of Christ Church, Springfield, the Rev. Donald Barton, Vicar of Shepherd of the Hills, Branson, and the Rev. Kermit W. Smith, Chaplain at Research Hospital.

After the Chairman announced that the Standing Committee would meet immediately following the adjournment of the Convention in the Cathedral Vesting Room, Bishop Welles called for the Report of the Nominating Committee by Mr. Edward T. Matheny, Jr., Chairman. The members of the Nominating Committee for this election are as follows:

Charles Tudor	708 Frisco Bldg. Joplin, Mo. 64801

Mr. Matheny's report is as follows:

REPORT OF THE NOMINATING COMMITTEE

On May 12, 1970, a committee of twelve persons was appointed by the Rt. Rev. Edward R. Welles, Bishop of the Diocese of West Missouri, for the purpose of nominating candidates for election as Bishop Coadjutor in special convention Sept. 26, 1970, at Grace and Holy Trinity Cathedral, Kansas City.

Early in its deliberations, the Nominating Committee drew up a list of qualities it felt should be sought in a Bishop Coadjutor, based on reports from the various convocations of the diocese. Chief among these were the following:

- (1) Strong pastoral inclination;
- (2) Skill in communications arts;
- (3) A broad sense of "churchmanship";
- (4) Concern with current social

issues; (5) A firm grasp of mission work; (6) Observance of a significant personal devotional life.

While the nominees presented here differ in their emphasis on the above qualities, the committee feels that each meets the standards that a broad cross-section of the diocese would find desirable in a Coadjutor Bishop.

Edward T. Matheny, Jr., Chairman

Following Mr. Matheny's report he placed in nomination the following candidates which were seconded by Father McGlynn:

- The Very Rev. David B. Collins
Dean, Cathedral of St. Philip, Atlanta, Georgia
- The Rev. Henri A. Stines
Rector, All Souls' Church, Berkeley, California
- The Rev. James P. DeWolfe, Jr.
Rector, All Saints' Church, Fort Worth, Texas
- The Rev. Robert B. Hall
Rector, Church of the Holy Comforter, Miami, Florida
- The Rev. Malcolm P. Riker
Rector, St. Luke's on the Lake, Austin, Texas
- The Venerable Patric L. Hutton
Archdeacon of Taiwan
Taiwan, Republic of China
- The Rt. Rev. Frederick W. Putnam
Suffragan Bishop of Oklahoma
Oklahoma City, Oklahoma

The floor was opened for nominations, and the following men were nominated:

- The Very Rev. Eugene G. Malcolm
Dean, Grace and Holy Trinity Cathedral,
Kansas City, Mo.
- The Rev. Canon Donald E. Becker
Rector, St. Matthew's Church
Raytown, Mo.
- The Rev. Canon John H. Lembcke, Jr.
Rector, Trinity Church
Independence, Mo.
- The Rev. Brian J. Packer
Rector, St. Peter's Church
Harrisville, Mo.
- The Rev. Howard C. Rutenbar
Rector, Christ Church
St. Joseph, Mo.
- The Rev. Charles B. Doan
Vicar, Church of the Ascension
Springfield, Mo.

Mr. Brigham moved that we proceed with balloting. The motion was seconded and carried, following which the delegates sang hymn number 217. The first ballot was cast, and motion was offered and passed that we recess for lunch after casting the second ballot.

The report of the votes on the various ballots is included in the accompanying table. (See page 135.)

After the report of the sixth ballot it was moved by Mr. Brigham and seconded by Dr. Johnston that the convention take a fifteen minute recess. The motion carried.

After the seventh ballot Mr. Salveter placed in nomination the name of the Rev. Canon Samuel S. Johnston, D.D. The nomination was seconded by Mr. William Harsh. Mr. Roger L. Ewing nominated the Rev. Allen R. Hingston and the nomination was seconded by Mr. Leo Crabbs.

The Rev. Thomas B. Woodward called for a fifteen minute recess for a clergy caucus in the Common Room. The request was granted by the convention.

The Bishop recognized two other priests who had not already been introduced. They are the Rev. Joseph Ignatius Hunt, D.D., a member of the faculty at Nashotah House and a priest canonically resident in West Missouri, and the Rev. Harry Fifth, Rector of All Saints', Kansas City.

After the fifteenth ballot the Rev. Jack Reeves asked that each of the four leading contenders in the election be given an opportunity for further recommendation from the floor. The motion was seconded but it did not carry.

The Rev. Edward L. Warner placed in nomination the Rev. H. Boone Porter.

Mr. Askinosie suggested and moved that more time be given to description and recommendation of the leading contenders. The motion was voted down.

The result of the seventeenth ballot showed that The Very Rev. David B. Collins had received a majority of votes in both orders and was declared elected Bishop Coadjutor of the Diocese of West Missouri, following which it was moved and seconded that we make the vote unanimous. There were two abstentions in the vote to approve this action. The Convention rose and sang the Doxology.

The Bishop appointed the Notification Committee to consist of the following: Mr. Edward T. Matheny, Mr. Robert W. Wagstaff, Mr. Ray Aton, the Rev. David C. Patrick, the Rev. Canon Samuel S. Johnston, the Rev. Brian J. Packer, the Rev. Gerald L. Claudius, and the Very Rev. Eugene G. Malcolm.

The Convention adjourned with the Bishop's blessing at 6:50 p.m.

PROCEEDINGS OF THE SPECIAL CONVENTION

December 6, 1970

A Special Convention of the Diocese of West Missouri was held at St. George's Church, Kansas City, Mo., on Sunday after-

noon, December 6, 1970, for the purpose of electing a Bishop Coadjutor for the Diocese. The Rt. Rev. Edward Randolph Welles, D.D., S.T.D., celebrated the Holy Eucharist at 4 p.m. in St. George's Church, and at 5 p.m. he issued the Call to Order for the Convention and offered the opening prayers for God's blessing upon our deliberations. The Secretary of the Diocese indicated that a quorum was present in both orders, following which the Bishop called upon the Rev. George G. Swanson, Rector of St. George's Church, to extend a welcome to the members of the Convention.

The Bishop appointed a Committee on Elections which included the following individuals: Frank W. Koger, Chairman, St. George's, Kansas City; The Rev. George Greenway, Associate Chairman, St. John's, Springfield; Clifford Hall, Associate Chairman, St. Paul's, Kansas City; Douglas Kneibert, Calvary Church, Sedalia; Leo Hays, Christ Church, Springfield; Mrs. Roy Finnell, Trinity, Independence; Mrs. Martha Walker, All Saints', Kansas City; Mrs. Yvonne Babb, St. Philip's, Joplin; Larry Ross, Grace Church, Carthage; Herbert Bockhorst, St. James', Springfield; Mrs. Ellen Yates, St. Augustine's, Kansas City; Ray Hunt, Christ Church, St. Joseph; The Rev. Robert Schenkel, St. Andrew's, Kansas City; Canon Robert Lewis, Cathedral, Kansas City; The Rev. Donald Barton, Shepherd of the Hills, Branson; The Rev. Gary Young, Christ Church, Lexington; The Rev. James Olmsted, All Saints', Nevada.

Bishop Welles addressed the Convention briefly, stating that the Diocesan Convention of May, 1970, had approved his request for a Bishop Coadjutor and did not specify beyond the normal regulations of the Canons of the Church the manner in which the Bishop Coadjutor should be selected. In September of 1970 a Convention was held for the election of a Bishop Coadjutor and nominees were presented to the Convention who had been selected by a Nominating Committee appointed by the Bishop. No Nominating Committee was appointed to bring in nominees to this Convention. Instead, the Bishop appointed two investigating committees, one clergy and one lay.

The members of these committees are as follows:

Clergy	Lay
The Rev. Canon Samuel S. Johnson, D.D., Chairman	Roger Ewing, Chairman
The Rev. James F. Moon	William F. Harsh
The Rev. Charles B. Doan	Hal S. Brent
	Henry Burr
	Francis Maple, M.D.

These committees presented the following names to the Convention and placed them in nomination:

The Very Rev. William Dimmick, Dean of St. Mary's Cathedral, Memphis, Tenn.

The Rev. Robert P. Patterson, Rector, Church of the Redeemer, Baltimore, Md.

The Very Rev. Arthur A. Vogel, Ph.D., Sub-Dean, Nashotah House, Nashotah, Wisc.

The Bishop asked for further nominations. There being none, the Rev. David Patrick moved that we proceed with the first ballot. The motion was seconded and carried. Mr. Frank Koger, Chairman of the Committee on Elections, explained the voting procedure and distributed the first ballot.

The Bishop announced that the Convention offering amounted to \$188.00, and a motion was placed before the house that the offering be given to the Bishop Coadjutor for his Discretionary Fund. The motion was seconded and carried. Father Swanson explained the procedure which we would follow in going to supper.

Announcement was made by Mr. Koger, Chairman of the Elections Committee, that Dr. Vogel had been elected to be Bishop Coadjutor on the first ballot with concurrence in both orders.

Forty-eight clergy votes were cast with 25 necessary to elect. One hundred and fifty-nine lay votes were cast with 80 necessary to elect. The voting was as follows:

	Clergy	Lay
The Very Rev. William Dimmick	11	35
The Rev. Robert P. Patterson	9	36
The Very Rev. Arthur A. Vogel, Ph.D.	28	88
Votes Cast	48	159
Majority	25	80

Following the report of the election of the Very Rev. Arthur A. Vogel, Ph.D., as Bishop Coadjutor, the members of Convention rose and sang the Doxology to the praise and glory of God.

It was moved, seconded, and carried to make the vote unanimous.

The Bishop appointed the Notification Committee to consist of the following: The Rev. Carl Wilke, Chairman; the Very Rev. Eugene G. Malcolm, the Rev. Brian J. Packer, the Hon. Robert W. Wagstaff, Mr. Roger Ewing, the Rev. Canon Samuel S. Johnston, the Rev. Edward L. Warner.

The Convention adjourned with the Bishop's blessing at 5:55 p.m.

A delicious supper was served in the basement of St. George's Church.

The Bishop's Address

God is not dead! He is very much alive and in His children all over His world. I have had the great privilege of seeing this in recent weeks in various places. In a small inland country parish, DUNGOG, 60 miles from Newcastle, Australia, in a cloudburst of rain that caused fears of flooding that might prevent the people from attending the institution of their new priest or returning home afterwards because of suddenly deep water over the roads or fords, I preached the sermon to a surprisingly good congregation of 19 clergy from far and near as well as the enthusiastic local people. God was very much among us that night - in joy and hope and devoted discipleship!

The small East coastal port of BALLIHA was the scene of an all-day meeting of clergy and laity from the northern half of the Diocese of Grafton: a family affair that included Christian leaders of the local community from other allegiances like the Mayor and his wife. My wife and I did here what we did in so many other places far and wide around Australia: we both addressed the large group in the Church and answered questions from the floor; then broke up into smaller groups. I have a separate time with the clergy while Mrs. Welles meets with the clergy wives.

Church attendance was encouraging where ever we went - in small rural churches or in large state capital city cathedrals. Even in England (we were there a week ago today) which is said to be in a religious slump, the enthusiastic congregations were noticeable. In Canterbury Cathedral on Easter Day where they had the record of recent Easter Day congregations to guide them, they underestimated the number of communicants by 150 - which required consecrating a fresh supply of the sacred elements - an encouraging sign I felt. Vocations for the priesthood were not as numerous in Australia, England, India, or Belgium as in the United States, but the quality of the men at theological colleges and being ordained in Australia and Europe I saw to be excellent.

In many of the places we visited the newspapers interviewed me and reported my ideas and/or address. The Australian Broadcasting Company often taped interviews for later radio and/or TV use. The searching questions were in themselves a token of the religious interest and insights of the Australian news media folk. I was much impressed by the persons who interviewed me from the alert, quick interviewers in Canberra, the national capital, to Wagga Wagga in the hinterland.

Perhaps the most fruitful part of my ministry in Australia was in the question and answer periods - which sometimes went on for hours - over two hours on several occasions after only a 10-15-minute initial general talk by me.

The university students in Melbourne were unusually tough in their criticism of my sermon earlier in the evening in their college

chapel. I relished the cut and thrust of debate with them in these candid periods of open discussion - always pointing out that as far as I was concerned any question that interested them, whether directly religious or not, was most acceptable to me and I'd try honestly to answer it and if I couldn't, I'd say so frankly. The obvious concern of young people for values in this life that reflects a sense of concern for underlying eternal values was very enheartening to me.

The questions most often asked dealt with race, war, and peace (especially in Viet Nam), pollution and environment, liturgical changes (they are about as divided on this matter in Australia as we are in the United States), unity of the church and ecumenical matters, churchmanship, Pentecostalism, social action, poverty, population control, the Episcopal Church in USA (wherever I spoke I began with official greetings from Presiding Bishop Hines and the Episcopal Church USA), money problems, non-stipendiary clergy, young people - hippies - revolution - reaction, women in the church including women priests, education in the Church and outside, not only youth, but adult and seminary preparation for priesthood as well.

The great city Diocese of Sydney has a strong Church day school program with more than 21 schools and 16,000 students including some boarders. We attended a great service in downtown St. Andrew's Cathedral for headmasters and headmistresses and prefects and monitors of those schools and the great edifice was almost filled to hear a splendid sermon by Archbishop Loane.

We were delighted to meet with religious, nuns and monks, whose work is significant in Brisbane, Melbourne, Adelaide and Western Australia. Some of their work is in city slums, some in isolated rural areas. The monks outside of Adelaide in South Australia are conducting a theological college and monastery near the top of a mountain overlooking the Southern Ocean.

We were in Australia because twenty-two of the twenty-seven diocesan bishops had extended the invitation to come and make what they felt would be a useful contribution to the life of their dioceses and of the Australian Church. Some bishops invited a cross section of the community in for a buffet supper to meet us in their home and afterwards drove us to a public hall in the city for an open meeting to which the general public was invited - where I would give a brief address and then enjoy the wonderful free-for-all of a question and answer period in front of TV as in Armidale.

The visit to the fruit and vegetable growing irrigated valley of the Riverina took us into an outback region where the warmth of the people, again including many non-Anglicans, was a clear indication that God is very much alive in His people. Clergy and their wives drove hundreds of miles to be with us in Narrandera. Another out-of-the-way place, Maryborough, deep in the country diocese of St. Arnaud, was the scene of an annual acolyte festival at which I preached. The priest of that isolated parish would be a winner anywhere in the world -

absolutely top-notch as a man of God! And the number and quality of the men, young and old, of his parish, was one tangible proof.

God seems very real and close to many people in the great wide-open spaces of Western Australia - cut off geographically from the Eastern three-fifths of the southern continent by a great arid expanse of inhospitable land. In the only large city, Perth, the gracious capital, that lighted up all night for the first American astronauts, the Church has recently strengthened its strong position by erecting a tall office building next door to the heart-of-the-city St. George's Cathedral and from the rentals is strengthening its mission outreach in city and country, in evangelism and social service. In this cathedral I had the privilege of preaching at the closing service of the Provincial Synod surrounded by both traditional architecture and the paraphernalia of the current series of ultra-modern rock masses that had thrust the cathedral into the center of controversy.

South of Perth I shared in a dinner to raise over a million dollars to found a new Bunbury Cathedral Grammar School - yet the next morning spoke in the public high school to 150 Anglican boys and girls aged 16-17-18 specially taken out of class and assembled in an auditorium to hear me talk on Christian sex followed by a question and answer period. Here, for example, God's Church is trying to reach every type of young person in its educational program.

The Diocese of Northwest Australia with 720,000 square miles is 20 times the size of this Diocese of West Missouri; with a population of only 45,000 at the last census (1/40 of West Missouri's) spread over an area about the same size as the USA East of the Mississippi River! is very thinly settled indeed with vast sheep and cattle "STATIONS" - one of which we visited as we were driven over hot, dusty, rough, rutted earth and gravel roads from one engagement to another. The station at which we were entertained had recently been gravely and expensively damaged by a freak thunderstorm and flood, unprecedented for almost a century, destructive like our West Missouri tornadoes. The courage and determination of this isolated family was inspiring. Their three children have their own school room, with morning classes by radio and afternoon teaching by the family governess. It will take the profits of the next several years work to compensate the recent losses in livestock and property.

The last four years development of the iron ore discoveries have produced two new deepwater ports for the huge 200,000 ton ore vessels that carry the ore from 300-mile-long new railways that transport it from the interior mines for use in Japan. New towns - boom towns - have suddenly sprung up - not even on the maps yet, but we spent nights in several of them - and God's Church is there on the spot - with very simple structures but with dedicated, competent, even sophisticated priests led by the most articulate, witty bishop in all Australia - tackling this fresh opportunity of service in a most fresh and imaginative fashion, right alongside the old work that continues in the small,

stable, static villages and isolated places where a patient, faithful, continuing ministry is required, as at Roebourne, where late one Sunday night after a rough ride over worn gravel roads that included a visit to an Aboriginal hostel we held a simple service of Evening Prayer, Holy Communion and Sermon for one man in a small church on a hillock lighted by a gasoline lantern that had to be moved from lectern to pulpit to altar as need arose. Halfway through the service a young couple with baby arrived and joined in the Communion with moving gratitude. By contrast, the next night in the boom town of Port Hedland we had a house Eucharist with question and answer period in place of the sermon - around the table on a porch, made more welcome by a breeze in this hot tropical setting at 20 degrees South of the Equator.

We visited every State in Australia except the island State of Tasmania, but were able to visit only 17 of the 22 dioceses that had extended invitations. The last one we visited was the Diocese of Northern Territory, about the size of Alaska (half a million square miles) which in the census of 1954 had only four towns with a population of 500 people or more and a total territory population of less than 30,000. This is now somewhat larger, but still very thin outside of Darwin on the northern coast. There we were guests of the bishop and I celebrated in what must be the smallest cathedral in the world, seating 25 people, and the entire congregation except my wife and myself must have been under the age of 40 or 45, with small children too. This rainy, steam-bath of a place, hacked out of the jungle, is another recent city - growing rapidly, and the Church is on the ground floor.

In Singapore we were guests of the Bishop and Mrs. Ban It Chiu; he, you will recall, participated in Bishop Spears' consecration. Bishop and Mrs. Chandu Ray, formerly of Karachi, Pakistan, and now living in Singapore, were dinner guests - and both bishops asked to be remembered to their many friends in West Missouri. Bishop Chiu is eager to lure our friend Archdeacon Patric Hutton to an exciting new work in Singapore if West Missouri could help with the cost of educating the two Hutton children in the U.S.A.

In India I took the official greetings of the Episcopal Church, by request, to the authorities of the new united Church of North India which came into being last November 29th with all the former Anglican dioceses included - with some nine of which the Diocese of West Missouri has been in close M.R.I. relationship for the past eight years. Bishop Joseph Amritanand, the new Bishop of Calcutta, received us most graciously and promised to carry the greetings of the Episcopal Church to the new Church's first General Synod to be held last week. While in Calcutta, Mrs. Welles and I paid a visit to the bustees (slums) and were welcomed by Church workers who were conducting a class for boys and girls in the Church cemetery now surrounded by some of Calcutta's worst slums. I was distressed to see the poverty and deprivation, but positively I want to report to you that the work God's Church is doing to help individuals is heartwarming - being very weak in India it cannot do much to influence social legislation - but as Mrs. Vergese said:

"I believe our Lord Jesus Christ calls each one of us to do what we can individually to help other individuals. It may only be a drop in a bucket, but our Lord is happy each time we help anybody." I believe she is right. I am also happy to report to you that I made a special point of observing carefully how people looked and acted in overpopulated, overcrowded Calcutta - and very few appeared apathetic or bitter or hopeless. Many looked undernourished but most people (not all) appeared to me to be making the best of their situation - children played happily in the side streets and sidewalks, lovers looked into each other's eyes with joyous hope and affection; the average persons - middle aged or older - went their ways not looking sorry for themselves but taking life as they found it with equanimity if without dramatic zest or boundless enthusiasm - much as the average person of similar age and circumstance here in America does!

Pressing engagements in Europe necessitated long hours in the air between India and Belgium where for three nights and four days we were honoured houseguests of that great Christian, Leon Joseph Suenens, Cardinal Archbishop of Malines - Brussels and Primate of Belgium. His large ancient palace gave us serene hospitality and there each morning I celebrated the Holy Communion according to our Book of Common Prayer wearing the Cardinal's vestments and being the first non-Roman Catholic ever to celebrate the Eucharist in the ancient palace chapel - using the beautiful eucharistic vessels of the see, being served by Roman Catholic priest who did not receive. Mrs. Welles did receive. The Holy Week ordination was held in the gloriously simple chapel of the archdiocesan theological college at historic Louvain on Wednesday and the Cardinal, who ordained, invited me to give a homily - probably the first time even an Anglican bishop since the Reformation preached at a Roman Catholic ordination service! Earlier that day the Roman Catholic monks of the famous Benedictine Monastery at Chevetogne, who observe both the Roman and Eastern rites, presented me with a pectoral cross with Oriental Christian iconography on its face. At the conclusion of my ordination homily in English, which the Cardinal translated into Flemish, I asked him if he would bless the pectoral cross so that it would serve as another tie between the Roman Catholic Church in Belgium and the Anglican Communion when from time I wear it, as tonight. He graciously did so both in English and Flemish. In spite of his Holy Week schedule I was privileged to spend over 15 hours in his charismatic presence and 8½ hours of which he and I were alone together in personal conference about ecumenical matters of mutual interest. During our visit Mrs. Welles and I visited the shrine of the late Cardinal Mercier in Malines Cathedral. You will recall that the first post-Reformation conversations between Anglicans and Roman Catholics were held in the Archbishop's Palace in Malines in the 1920's at the invitation of Cardinal Mercier. Cardinal Suenens and I prayed together at the Mercier shrine. A street in Kansas City is named Mercier in commemoration of his visit after World War I.

Good Friday found us attending the Three Hours Service in Canterbury Cathedral with our weekend host, the Bishop of Dover, and the

Archbishop of Canterbury and Mrs. Ramsey. On Easter Day we were guests of the Archbishop and Mrs. Ramsey at the Old Palace. After Easter Dinner I had a very satisfactory talk with the Archbishop on some eighteen matters including my conversations with Cardinal Suenens and my proposed interviews and conversations in Rome later in the week - being ever anxious to secure the benefits of the wisdom and suggestions of the Archbishop of Canterbury. I formally presented the Archbishop with the Bishop's Cross of West Missouri and as I placed it over his head I asked him to wear it from time to time as he celebrated the Holy Eucharist with special prayers for Anglican-Roman Catholic reunion. He was happy to accept the gift and make the promise. I told him how pleased I was to see Cardinal Suenens, who seldom wears a pectoral cross, wearing the Cross of West Missouri our final day as his guest, and saying he frequently wears it in his chapel when he offers prayers for unity.

The evening of Easter Day I preached in ancient St. Dunstan's Church, Canterbury, and accepted and blessed a stone from the vault that contains the head of the martyred Saint, Sir Thomas More, who was beheaded on Tower Hill, London in 1535. This was a happy ecumenical undertaking since the Bishop's House in Kansas City has a new neighbor, St. Thomas More Roman Catholic Parish Church, and I was helping secure for that church a precious historic object related to their patron saint. The stone is now in USA being suitably inscribed.

The days in ancient Rome were very busy ones - the first day Cardinal Willebrands, President of the Secretariat for Promoting Christian Unity, did me the unusual honour of calling on me personally at my hotel. I was sorry that I was out and so missed his call. The English Roman Catholic ecumenist, Canon William Purdy, was delegated to assist me while in Rome and proved a constant help. I visited the Assistant General of the Jesuits (the General being in Japan) Father Vincent O'Keefe, a friendly priest.

An unhurried conference with Cardinal Willebrands was most satisfactory since both he and I were able to talk about all the items on our respective lists - I had prepared more carefully for this talk than for any other - and felt amply repaid by the close attention the Cardinal paid and the helpfulness of his response. The much shorter interview later that day with the Bishop of Rome was hurried, superficial, and not entirely satisfactory to me although I hasten to add that the Pope was personally gracious. Still later in the Apostolic Palace I had a useful interview with one of the two men who are closest advisers to the Pope, Archbishop Benelli. This very warm, human, brilliant person impressed me as a fair, skilled, competent figure in the Roman Headquarters Staff. Both he and Cardinal Willebrands accepted the gift of the Cross of West Missouri promising to wear it several times each year and praying at those Eucharists especially for Anglican-Roman Catholic Reunion. The Pope accepted the bestowal of the Bishop's Medal of West Missouri and I explained to him the significance of its heraldic detail. I might add that each Australian Archbishop and

Diocesan Bishop who entertained us accepted the Bishop's Cross of West Missouri, usually at a service in his Cathedral - only with the request that he pray for us in West Missouri. I had been undecided whether to present the Pope with the West Missouri Cross or Medal, but when he presented me with his medal I presented him with mine. A delightful part of my time in Rome was a visit to the Anglican Center there, now very ably headed by a very personable Australian scholar, the Reverend Dr. Harry Smythe, who entertained me to lunch. This noble beginning deserves to be enlarged and expanded in view of the exceptional importance and opportunity of the situation.

The final official duties of my overseas mission took me back to England where the first international conference of the Ecumenical Society of the Blessed Virgin Mary was being held with Cardinal Suenens as the Guest of Honour, with the Anglican Bishop of Barking as one of the three co-presidents (a Roman Catholic Bishop and a Methodist Superintendent were the others) and where I gave a meditation, brought the Bishop of Rome's greetings, blessing, prayers for our meeting and hopes for the Society's future work, presided at a session, and presided at an Anglican concelebrated Eucharist in a 12th century Anglican Church that had been burglarized during the night hours so that I had to use hastily borrowed vessels and wine, and finally with Roman Bishops and leaders of other Christian Churches participated in the closing Ecumenical Service of the Conference in the modern Roman Catholic College Chapel.

Everywhere we went we saw many signs of God's goodness, God's Presence, God's activity in God's world - He is very much at work today in this world of His and in the lives of those of His children who are his faithful stewards and disciples. Discipleship and stewardship are at the heart of the matter and the closing part of this annual address I wish to devote to specifics as they touch us here in West Missouri.

I must say simply that our commitment to the Mission Quota has to be taken out of the realm of option - we must put into that commitment a firm determination to pledge and pay it. If we don't, and I say this frankly, we are faced with further cuts in the number of mission priests in our diocese. Happily we were able to avoid this action in our tortuous budget revision for this year. But there is not much more "give" in our Mission Budget.

It is even possible that we will have to rethink and perhaps recommit ourselves in our College Work in our own diocese. We have developed a fine program and our full time and part time chaplains are dedicated, experienced and effective. But can we continue our support? What I am trying to say is that we have come to a place where "no commitment," or reduced pledges and payments means that we are denying people and programs in our Diocese in a most serious way.

Your response can be simple and direct. Conduct complete and forceful Stewardship Canvasses in your own congregation; and support your Mission Budget and your program and your friends who are doing

this work for you with pledges and full payment of those pledges to support this area of work in our Lord's worldwide mission. I know of no other way to say it.

It is good to be home and I thank you with all my heart for your love, your loyalty, your prayers - and as I contemplate the future for us in the Diocese of West Missouri - especially with the joyful anticipation of Dr. Arthur Vogel's consecration on May 25th and the fine contribution he will make to the life and work of us all, I can only thank God, and go forward with you and him into the future with unlimited confidence, courage and joy!

REPORTS

THE STANDING COMMITTEE

During the year 1970 the Standing Committee held meeting and took actions as set forth below. Inconclusive discussions or purely procedural matters are not reported.

January 9, 1970 — Gave final approval to the application of Mr. Douglas A. Campbell, of Grace & Holy Trinity Cathedral, Kansas City, as a candidate for Holy Orders; Mr. James Bender of St. George's Parish, Kansas City, was recommended to the Bishop as a postulant; Mr. Edwin Frank Shiddell and Mr. M. Joseph Hirsch III were recommended as candidates for the Diaconate; consent was given to the election of the Rev. William Hopkins Folwell to be Bishop of the Diocese of Central Florida.

February 6, 1970 — Consent was given to the election of the Rt. Rev. Paul Moore, Jr., Suffragan Bishop of the Diocese of Washington as Bishop Coadjutor of the Diocese of New York; interviewed and recommended to the Bishop as postulant for Holy Orders, Rodger D. Pettyjohn; interviewed and recommended as a candidate for the perpetual Diaconate Mr. Theodore Williams of St. Augustine's, Kansas City; recommended as a candidate for Holy Orders, Mr. David W. Holland. The Bishop's request for the voluntary renunciation of the perpetual Diaconate by Carl A. Ling was taken under advisement by the clerical members of the Standing Committee in order that they might have an opportunity to confer with Bishop Welles.

March 6, 1970 — The clerical members of the Standing Committee recommended to Bishop Welles, the voluntary renunciation of the perpetual Diaconate by the Rev. Carl Ling. However, they requested that upon application from Carl Ling's rector, that the Bishop consider licensing him as a lay reader at St. James Church, and especially licensing him to administer the Chalice; approved the application of Canon Root of Grace Church, Carthage, recommending the disposal of the property of St. Timothy's Mission at Sarcoxie; consent was given to the election of the Rev. Canon Addison Hosea to be Bishop Coadjutor of the Diocese of Lexington.

May 1, 1970 — Bishop Welles met with the Committee in order to discuss possible events if Bishop Spears decides not to go to Rochester, or if he should go to Rochester. After Bishop Welles left the meeting a motion was passed instructing the President of the Standing Committee to write Bishop Welles a letter framed in such a way that it would give Bishop Welles support in asking the Diocese for a special convention for the election of an Episcopal assistant in the event that Bishop Spears

goes to Rochester. Grace Church, Carthage, was given permission to sell a house which had been willed to the parish by the late Miss Sally Bloom. Consent was given to the election of the Very Rev. A. Donald Davies to be Bishop of the Diocese of Dallas, and to the election of a Bishop Coadjutor to the Diocese of Newark; approved the application of Mr. Theodore Williams, St. Augustine's Church for ordination to the perpetual Diaconate contingent on receipt of Mr. Williams' date of birth.

May 4, 1970 — The new Standing Committee met after the election of the new members by the Convention and elected the following officers:

President _____	The Rev. Brian J. Packer
Vice President _____	The Rev. Charles E. Kronmueller
Secretary _____	Mr. E. S. Washburn
Assistant Secretary _____	Mr. Whitney Potter

June 1, 1970 — Interviewed and recommended as a postulant for nonstipendiary priesthood Mr. Robert G. Schwartz of Warrensburg; recommended Mr. John Milo Palmer of St. Mary's Church, Kansas City, for ordination to the Diaconate; the application as a candidate for Holy Orders of Willard Ward Smith, Jr. of St. Augustine's was approved contingent on the receipt of a signed application for the postulate giving his date of birth. Consents were given to the election of the Very Rev. Walter Heath Jones as Bishop of the Missionary District of South Dakota; to the election of a Bishop Coadjutor for the Diocese of West Missouri; to the election of the Rev. George Daniel Browne to the Diocesan Bishop of the Missionary Diocese of Liberia.

September 21, 1970 — Confirmed a telephone poll of September 8th recommending Morton Joseph Hirsch III for ordination to the priesthood; recommended that the Diaconate service of Mr. John Palmer be shortened to six months and that he be recommended for ordination to the priesthood; confirmed telephone approval giving consent to the election of the Rev. Alexander Doig Stewart to be Bishop of the Diocese of Western Massachusetts, and the telephone poll of September 12th giving consent to the election of the Rt. Rev. George Edward Rath to be the Bishop Coadjutor of the Diocese of Newark, and the telephone poll of September 12th giving consent to the election of the Rev. Edward Lloyd Gressle to be Bishop Coadjutor of Bethlehem; confirmed approval given July 14th for St. Paul's Church, Maryville, to replace their commercial loan of \$600.00 with a commercial loan of \$2,600.00 at 8% interest so that they could pave their parking lot; gave permission to the Mission congregation of the Church of the Ascension, Springfield, to encumber the property of the church with a commercial loan not to exceed \$30,000.00; gave permission to St. Andrew's Church, Kansas City, for a loan in the amount of \$16,000.00 on a house purchased to

make room for future expansion on the property known as North 55 ft. of Lot 1, Block 5, Greenway Fields, a sub-division in Kansas City, Jackson County, Missouri — 6416 Wornall Road.

November 23, 1970 — Consent was given to the election for a Bishop Coadjutor for the Diocese of Rhode Island; recommended for ordination to the Diaconate Mr. James Gaines Callaway, III of St. Paul's Church, Kansas City, and Mr. Robert H. Williams of Nashotah House, Nashotah, Wisconsin. Consent was given for the sale of the Diocesan property at 841 Westover Road, Kansas City, for a purchase price of \$50,000.00; recommended to the Bishop and Council that they consider changing the date of the Diocesan Convention scheduled to meet in Branson, Missouri, on Sunday May 2nd and Monday May 3rd, to Friday April 30th and Saturday May 1st, to enable more lay persons to attend the Convention.

December 28, 1970 — Bishop Welles met with the Committee and reported that Father Arthur Anton Vogel had accepted his election as Bishop Coadjutor of the Diocese of West Missouri. Katrina Swanson was interviewed and recommended as a Candidate for Holy Orders; Mr. Charles R. Harrison, Jr., of St. Joseph, was interviewed and recommended for postulancy. Mr. John McCann of Christ Church, St. Joseph, was recommended for the Diaconate; consent was given to the election of a Suffragan Bishop in the Diocese of Chicago; consent was refused to the election of a Suffragan Bishop for the Missionary District of South Dakota.

The Standing Committee has interviewed the following persons seeking postulancy for Holy Orders.

January 9 — Mr. James Bender, St. George's, Kansas City

February 6 — Mr. Rodger D. Pettyjohn, Christ Church, St. Joseph; Mr. Theodore Williams, St. Augustine's, Kansas City

June 1 — Mr. Robert G. Schwartz, Christ Church, Warrensburg

December 28 — Mr. Charles R. Harrison, Jr., Christ Church, St. Joseph; Mrs. G. (Katrina) Swanson, St. George's, Kansas City

E. S. Washburn, Secretary

REPORT OF THE CHANCELLOR

During this past year, the following matters that might be of interest to the Convention were handled through the offices of the Chancellor and the Associate Chancellor.

1. In connection with the two special conventions that were had during the preceding twelve months for the nominating and election of a Coadjutor Bishop, Mr. Matheny and I were confronted with the same question that has arisen before regarding the eligibility of certain clergymen to vote, who had not been canonical residents in the Diocese for six months at the time of the particular convention. We interpreted our Canons to mean that the eligibility to vote has to do with residence only, and not with the date they were ordained as priests, and if they were residents for six months they could vote.
2. Under the last will and testament of Francis M. Barnardin, both St. Paul's Parish and the Diocese received cash bequests in the amount of \$2,500 and \$5,000, respectively. These bequests are payable upon the death of Mrs. Barnardin, who was to receive the income from the trust estate. Heretofore, under its interpretation of the terms of the testamentary trust, the trustee has been paying to Mrs. Barnardin as part of the trust, the income from capital gains. However, in 1969, the Missouri Legislature adopted a statute which made this procedure somewhat in question, and a suit was instituted by Mrs. Barnardin to challenge the constitutionality of this statute. Because of our interest, both the Diocese and St. Paul's joined in this suit on a friendly basis in order that a determination of this matter might be had. It is still pending.
3. Section 6 of Article 8 of our Constitution provides that no lay delegate shall be entitled to a seat in our conventions until the parish, or congregation which he represents, has paid in full all assessments duly levied against such parish, or congregation, for the next preceding and prior calendar years, unless the convention in session shall remit and extend the time of payment of such delinquent assessments, and the Chancellor's office so ruled in connection with the seating of delegates in connection with our special conventions.
4. The legal details of the sale of Bishop Spears' former residence, and also of his automobile, were handled by Mr. Matheny, and these transactions have been concluded, and, I might say, most favorably from a financial standpoint as far as the Diocese is concerned.
5. Inquiry was made by the Attorney General's office as to whether the Diocese or any of its parishes were involved in the operation of any nursing homes. I indicated that I did not know of any such relations or operations, and certainly as far as the Diocese is concerned, we are in no way involved. If, per chance, any of our parishes or missions are operating

a nursing home at this point, it would be well for you to advise either Mr. Matheny or me to this effect.

6. A lease for a house for David Fly in Springfield, Missouri, was approved and executed.
7. The Diocese sold approximately six acres of land, which consisted of the rear half of the property we own on Lee's Summit Road for the sum of \$21,766. The necessary documents were prepared and executed for the handling of this transaction.
8. Bishop Welles and the Standing Committee approved the sale of the property of St. Timothy's Mission in Sarcoxie, Missouri, and a quit claim deed was prepared and executed, conveying this property to Gene Taylor and Dorothy Taylor, husband and wife.
9. All the legal details in connection with the \$2,300 loan for Christ's Church in Lexington, covering funds needed for tuck pointing and water proofing the church building were handled, and this loan was consummated.
10. The renewal of our loan with the People's Bank and Trust Company, here in Branson, for our Shepherd of the Hills Mission, was handled, leaving a balance of \$4,259.98 still due and owing.
11. Our Cliff Springs Conference Center had some difficulties and involvements that required legal assistance which were handled by Mr. Matheny. A defective truck was purchased that had to be returned to the dealer for replacement, and some problems developed in connection with a contract we had entered into for the construction of certain improvements because of financial difficulties that the contractor had.
12. In addition to his duties as Associate Chancellor, Mr. Matheny has served as Chairman of the Constitution and Canons Committee for the past several years. He has recommended to Bishop Welles, that, following this Convention, there should be a reprinting of the revised constitution and canons as they exist at this time. It has been five years since the 1966 edition was issued, and there have been a number of changes. I share Mr. Matheny's feeling that this should be done during the ensuing year.
13. In my report to our convention last year in Sedalia, I made some personal "off the record" comments, expressing my concern over some of the problems that would be confronting us at our convention in Houston, and the procedures that would be followed in connection with their handling. Happily I can report that both Mr. Matheny and I attended the

convention, and as a personal observation we felt that all matters we saw handled were gone into thoroughly, fairly, and with dispatch, and resolved on an orderly basis. The conduct of this convention, and the conclusions it reached on the problems before it seemed to have a cohesive effect on those in attendance, and on our church body politic as a whole. In view of my comments of last year I felt constrained to tell you of my reaction to the convention proceedings in general. It was an interesting and enlightening experience - and the dinner for the chancellors was delightful.

In conclusion, may I say that I have had the great honor of serving as your Chancellor now for fifteen years. My term of office encompasses five three-year appointments by my beloved Bishop, which were confirmed by elections on the part of this body. It has been very much my privilege to serve in this capacity and I have enjoyed every minute of it. If I have made any kind of a contribution in the handling of the legal affairs of our church, or in advising our Bishop in the execution of this area of his many responsibilities, I shall be forever grateful and thankful for having had such an opportunity.

This is now the end of my last three year term. Our procedures require that an appointment and election be made at this convention. I do feel that the time has come when I should relinquish the responsibility of this office, and I have therefore requested that the Bishop not reappoint me. It is my recommendation, and I am sure it is shared with great enthusiasm by the Bishop, that my Associate Chancellor, Edward T. Matheny, be appointed and elected to succeed me. Your affairs simply could not be in finer hands, or handled by a more devoted churchman or skilled practitioner of our profession. Thank you for all that so many of you have done to make my years of service so very stimulating, enjoyable, and such a truly wondrous experience.

DEPARTMENT OF CHRISTIAN EDUCATION

INNOVATION was the keynote of 1970 for the Department of Christian Education. During this past year we:

- developed for general use an experimental curriculum, with both family and church school sections. This curriculum, "... To Celebrate," will be available to all congregations in the Diocese for the year 1971-72.
- set up a program of pre-ordination training for persons entering the non-stipendiary diaconate or priesthood. Dr. H. Boone Porter is traveling throughout the Diocese giving personal attention to the people seeking ordination.

- helped bring a new force to the grass roots of the Diocese by designing a means of communication for both our Conventions and our Diocesan Convention.
- began the process of establishing an Audio-Visual Division for the Diocese.
- initiated an excellent, but unsuccessful discussion group program for parents of children who are abusing drugs.
- initiated, with St. Paul's, Lee's Summit, a week-end conference for College Students at Cliff Springs.

SERVICE to the Diocesan family was a second important element in our program. During the year we:

- surveyed the needs and resources of the Diocese regarding Christian Education services.
- met with several congregations as consultants in Church School planning.
- provided leadership training for the congregations requesting it.
- served as consultants to Vestries.

BUILDING FOR THE FUTURE was another of our responsibilities this past year. We:

- continued and strengthened our Camps and Conferences program, already one of the most effective in the nation. For the first time all of our programs in this division — Rustic Camps, Work Camps, Junior and Senior High School conferences — were held at the Cliff Springs Conference Center.
- continued our involvement with the Educational Center in St. Louis, sending two priests there for specialized training in Adult Education.
- initiated a Cliff Springs Newsletter, which will be a link for all people in the Diocese who have been involved or interested in the Camps and Conference division.
- worked with the Midwest Training Network in programming and leadership.
- continued to recruit and train clergy and lay people in leadership skills. These people are, as always, available to the Diocesan family for various kinds of help.

The Department has within itself or is in touch with a vast array of resources and skills in many, many areas: curriculum evaluation, leadership training, consulting skills, adult educa-

tion programs, youth program consultants, teacher training help, general planning consultation, and teaching aids. Much of this is still untapped, due, primarily, to the lack of requests for help from the parishes and missions of the Diocese. We are always ready and eager to help whenever we can. Please contact:

DEPARTMENT OF COLLEGE WORK

The Department of College Work is responsible for the ministry of the Church to all college and university communities within our diocese. In past years the department has exercised this responsibility in two ways: (1) by maintaining facilities, campus chaplains and programs at certain selected campuses; and (2) by making grants-in-aid to parish priests in the vicinity of other colleges and universities to enable those clergymen to carry on effective ministries in them.

In the past year the need to keep our salaried personnel at a stipend level on a par with that of our mission priests together with our financial problems in the diocese have necessitated the elimination of this second form of ministry. This means the end of our assistance to the ministry to Cottey College in Nevada, Drury College in Springfield, Missouri Southern College in Joplin, Missouri Valley College in Marshall, Northwest Missouri State in Maryville, Park College in Parkville, Wentworth Military Academy in Lexington, and William Jewell in Liberty. It means also that we have been able to give no support to the ministry at Missouri Western in St. Joseph.

We do continue to provide at UMKC the ministry of St. Thomas the Apostle Center and our chaplain there, the Reverend James F. Moon; at SMS in Springfield we have participated in the construction of a new Southwest Missouri Ecumenical Center to house the ecumenical ministry of our diocese and the Methodists, Roman Catholics and the United Campus Christian Fellowship. To this facility has gone some \$57,500 from Advance Campaign funds and private gifts. We maintain there a campus chaplain, the Reverend David K. Fly. At CMSC in Warrens-

burg we provide a stipend supplement for the Reverend Thomas B. Woodward for his ministry to the campus.

So critical have become the financial needs of the College Work Department that less than \$1500 of our budget of well over \$30,000 can go directly to program activities.

PROPERTY DEPARTMENT REPORT

Since the 1970 Diocesan Convention, the Property Committee took actions as set forth below:

Approved the resurfacing of the parking lot, St. Paul's Church, Maryville.

Approved the final plans and contract for the construction of the Church of the Ascension, Springfield.

Negotiated the sale of the Suffragan Bishop's house at 841 Westover Road.

Negotiated the sale of the Vicarage in Liberty in October. When this sale was not consumated, the house was resold in March 1971.

Assisted in the planning for the proposed new church, St. Michael's, Independence.

A. Janssen Woolridge,
Property Officer

DEPARTMENT OF INSURANCE

The significant insurance occurrence last year was the revision of our Diocesan-wide Life and Major Medical Insurance Programs. This was approved at the General Convention and took effect January 1, 1971.

New benefits under the Life Program increased to \$10,000 for clergy under age 65, about double the previous amount. Our carrier remains The Church Life Insurance Corporation.

The Major Medical carrier became The Travelers Insurance Company, on the above date with several beneficial changes in the coverage.

The official program of our Diocese for Medical Care Coverage includes a Basic Blue Cross/Blue Shield plan over which the Church Life (Travelers) Major Medical Plan is superimposed. All clergy on the Diocesan and Mission payroll are participants along with many of the parishes.

A resume of the programs and how they work was sent out early in the year. The resume follows and is made a part of our report.

A Brief Review of
Hospital-Surgical and Major Medical Benefits
Furnished to Many Priests and Lay Employees
of the Episcopal Diocese of West Missouri

The Basic Plan is through Blue Cross/Blue Shield of Kansas City, Missouri, and pays as follows:

Room and Board —

The full cost of a semi-private room for up to 70 days. (TB, nervous disorders, alcohol or drug addiction - 30 days.)

Miscellaneous Hospital Expense — Paid in full.

Doctor Bills —

If you have a surgical procedure a fixed amount per schedule, but a maximum of \$300 for the most complicated. \$15.00 minimum or 20% of surgical allowance for procedure. If no surgery doctor's visits are covered: \$15.00 for the first day — \$10.00 for the second day. \$4.00 for the next 8 days, and \$3.00 for the next 60 days.

Maternity —

Hospital Expenses per the above up to ten days with \$90.00 fixed fee to doctor and \$18.00 for the anesthetist.

(As of March 1, 1971, Blue Cross/Blue Shield rates will be increased to \$13.88 for individual and \$32.02 for family contracts. The increased premiums are reflected in the above benefits, i.e. drug and alcohol addiction and increased maternity benefits.)

After the above benefits have been paid and then during the calendar year, any one person in your family incurs expense for which there is an additional \$100.00 out-of-pocket (including extras not paid above) expense then Major Medical takes over and pays 80% of covered expenses whether treatment is furnished in or out of hospital subject to the following provisions:

1. Maximum Benefit — \$40,000 under age 65 — \$20,000 over age 65.
2. Room and Board Maximum — \$51.00 per day.
3. Emergency transportation by professional ambulances to and from the hospital, or by regularly scheduled airline or railroad or by air ambulance from the city or

town in which the covered individual becomes disabled to and from the nearest hospital qualified to provide special treatment incident to such injury or sickness except that only charges for the first trip to and first trip from a hospital shall be included.

4. Physician's Services — charges for the services of a physician for performing a surgical procedure and for other medical care and treatment. A separate cash deductible of \$100.00 will apply for any disability due to mental or nervous disorder.
5. Dentists' services for treatment of fractures and dislocations of the jaw and certain cutting procedures in the oral cavity. Care of natural teeth and fitting of dental prosthesis are included if required as the result of an accident.
6. Trained nurses' services.
7. X-ray and laboratory examinations.
8. Radiation therapy.
9. Anesthetics and their administration.
10. Medical supplies such as prescription drugs and medicines, surgical supplies to replace physical organs or parts.
11. Oxygen and rental of equipment for its administration.
12. Iron lung and other respiratory paralysis equipment rental.
13. Psychologists' services with prior certification of a physician.
14. Services of a Pastoral Counselor who is certified as a Fellow or Diplomate by the American Association of Pastoral Counselors.

Covered medical expenses are reasonable charges actually incurred for these services and supplies obtained upon the recommendation and approval of the attending physician.

Mental Illness: In hospital benefits. While confined in a hospital, payment will be made of 70% of the covered medical expenses. **Out of hospital benefits.** While not confined in a hospital, payment will be made of 70% of the covered medical expenses.

A revised booklet and more in detail concerning the Group Life and Major Medical benefits has been mailed to you by the Church Life Insurance Corporation along with new Identifica-

tion Cards. Please refer to this booklet for complete details of your coverage. If for any reason you do not receive the booklet, please contact the Departmental office and one will be sent to you. H.A.S.

DEPARTMENT OF MISSIONS

The Department, with the approval of the Diocesan Council informally has proceeded to tighten the belt of the mission operation of the Diocese, cutting back on the number of mission clergy full-time so as to increase the mission clergy stipends to keep up with inflation. The use of non-stipendiary ordained ministry is increasing, and promises to become a more significant factor in the years ahead in our smaller communities. The quality of the ministry in our mission is good and the morale is strong.

✠ Edward R. Welles

DEPARTMENT OF STEWARDSHIP

Your Stewardship Officer made a total of 19 presentations during 1970.

New pamphlets, "For or Against" and "Not as the World" along with a pledge guide, time and talents and pledge cards, were produced. In addition, several of our earlier productions were used as support pamphlets. In all 34,780 pamphlets were distributed within the diocese in 45 transactions.

In addition, several parishes duplicated our pamphlets in their own mailers or in revised productions.

We have several observations to make:

— Stewardship in our Diocese continues to be better than average, and income in the Diocese, overall, continues to go up although not at a rate necessary to cancel out the effects of inflation.

— WE MUST HAVE A CONTACT with member families and individuals EACH year . . . in which we ask them to say "YES" or "NO" to pledge requests for TIME, TALENT, AND MONEY. We are remiss if we do not do this.

— Pledge payments, individual to parish, parish to diocese, diocese to national church, must be seen as an obligation and not as optional.

A new method of presentation is planned for 1971, and will incorporate several of the lessons learned in past years.

The Rev. Canon Donald E. Becker
Stewardship Officer

DEPARTMENT OF PROMOTION

During the year, 1970, we had to rely on low cost approaches. Four major efforts were involved:

- Preparation of news releases on matters diocesan . . . these generally have been well received and used by the media;
- Placement of radio material prepared by the Radio/TV division of the national church. This included placement of the very good spots "Racism" in 35 stations in West Missouri and placement of the 15 minute "Christmas 1970" program in over 30 stations;
- Placement of the series of 4-30 second TV spots, aimed at the children's market, in eight TV stations;
- Preparation of three packets of materials at Houston, giving the clergy a wide variety of same as produced and distributed by many agencies at the General Convention.

Additional plans are laid for 1971 including an orientation session for new clergy in the Diocese. With a little budget, we could also purchase some radio or TV time and use available promotional aids.

The Rev. Canon Donald E. Becker
Promotion Officer

DEPARTMENT OF URBAN AFFAIRS

The following plan of action would aid greatly in the Department of Urban Affairs function and is submitted for evaluation:

1. A continued awareness of things going on in our cities by formation of a committee with clergy and lay appointee from the following congregations: The Cathedral, St. George's, St. Mary's, Christ - St. Joseph, St. Augustine's, St. Paul's and St. Andrew's.
2. An annual conference or workshop on urban affairs.
3. Support for an urban center at St. Augustine's, including a community worker.

The Rev. Edward L. Warner
Urban Affairs Officer

DEPARTMENT OF CHRISTIAN SOCIAL RELATIONS

The Department acts as an information center for social concerns. This last year the main areas have been world relief, problems of the aged, and adoption procedures. It is anticipated

that it will align its functions with the Health, Education, and Welfare concept of the National Church and the Federal Government.

The Rev. Lewis T. Johnston,
Chairman

WORLD MISSION AND M.R.I.

The Diocese has continued to evidence its devotion to the world mission of the Church by not cutting its pledge to the quota askings of the national church for the programs of the Church in the USA and around the world though many dioceses have done so. Since the last Convention the \$20,000 has been paid into the Patna (India) Diocesan Clergy Endowment Fund. The World Mission and M.R.I. Officer has made a world tour which enabled him to observe and contribute to the world mission of the Church in Australia, Asia and Europe.

EPISCOPAL CHURCHWOMEN

The Episcopal Churchwomen of West Missouri continue to serve the Church both at home and in the world.

With the constant changes so apparent in all phases of our lives we strive to meet the challenges by development of our spiritual lives as we study, pray and work together.

At our Fall meeting at the Cathedral on October 31, we were privileged to hear Cynthia Wedel, President of the World Council of Churches and a leading lay person of the Episcopal Church, challenge us as women to be open to change and to be forward-looking. She said we are no longer an "auxiliary" to the Church, but are taking leadership in the decision making bodies of the Church. This was evidenced as women were seated as delegates to General Convention at Houston. She urged us to be informed and involved. She felt the 1970's will be an exciting time in history to work "with God who is being very active in the world today."

As a means of developing our spiritual lives we held two workshops to help us explore together the fullness of our femininity in relation to our spiritual lives as servants of God in the Body of Christ. Fr. Richard Ash was the leader of these workshops held in Kansas City and Springfield, so that more of the women of the Diocese could participate. More such workshops are in the planning stages.

At the time of writing this report a meeting has been called of the E.C.W. Board and parish representatives to evaluate the

present functions of the E.C.W. and hopefully set some new guidelines for our development for the future.

We feel that a better participation in the United Thank Offering would greatly increase the work of the Church in the world. The small offerings placed in the Blue Box in thanksgiving can go so far for the help of those less fortunate and to the spread of the Gospel.

Your Board Members of E.C.W. stand ready to help in any way we can. Please feel free to ask us to visit your parishes so we can get to know you better.

The following budget adopted at the October 1970 meeting reflects the continuing devotion and concern the women feel in their responsibility as stewards of God's love to us in the gift of His Son, our Lord Jesus Christ. May He bless our continued work.

Budget E.C.W. - 1971

THE DEPARTMENTAL OFFICE

The Departmental Office is in its seventh year and exists to fill a need for a service office within the Diocese where information can be secured, bookkeeping and records kept; major-medical, pension and Blue Cross/Blue Shield programs administered. It is here that officers, department heads and committees of the Diocese can have their office procedures executed for them.

Mr. Thomas C. Graves, Treasurer of the Diocese supervises the bookkeeping and analyzes the cash-flow, giving monthly reports to the Diocesan Council. Mrs. Marie McCaughey, the Full Charge Bookkeeper, at Mr. Grave's direction, is now billing assessments and quotas on a monthly basis. She prepares a quarterly financial statement which is sent to all clergy and the Diocesan Council. The Treasurer signs all checks prepared for him, i.e. trade bills, mortgage payments, payroll checks, etc. The Rev. Canon C. Robert Lewis is Mr. Graves' Assistant Treasurer.

The management of this office is under the direction of a committee appointed by Bishop Welles; Mr. Roger L. Ewing, Associate Treasurer of the Diocese, is Chairman, Mr. Clifford Hall and the Rev. Charles E. Kronmueller. This committee is consulted by me for office management direction whenever the need arises.

Off-set printing continues to be a major part of the Departmental Office's work and many departments, committees, officers and mission churches use this service.

Three conventions, the Diocesan Annual Convention and two special conventions to elect a Bishop Coadjutor were coordinated in the Departmental Office this year.

We look forward to working closely with the new Bishop Coadjutor and his office in the coming year.

Mrs. Maxine R. Fellhauer,
Office Manager

CLIFF SPRINGS CONFERENCE CENTER

The year 1970 showed some large expansion of facilities at Cliff Springs. The new facilities completed during the year included a new swimming pool, a new shower house, three new cabins, enclosing the old shower house and winterizing the dining lodge, the kitchen and the shower facilities. The work was made possible by a \$33,000 grant from the Diocesan Expansion Fund and a \$1,000 gift given by Mr. Charles E. McArthur.

1970 also saw Cliff Springs acquire a new truck, made possible from a \$2,000 gift from Mrs. Margaret Jackson and a \$1,500 grant from the Women of West Missouri.

The programs at Cliff Springs continue to reach an increasing number of people — over 600 persons used Cliff Springs last summer. It was the first year that the Senior High Conference was held at Cliff Springs. Over 6,500 meals were served during the Christian Education programs alone. The primary use of Cliff Springs continues to come from the Diocesan Department of Christian Education which runs a full schedule of summer

programs for young people ranging from the fifth grade through college. In addition and during certain specific periods the camp facilities are open for family and parish camping.

Mr. Robert Dillon, our resident Manager and Camp Ranger, was the recipient of the Bishop's Cross at the Annual Convention for his outstanding efforts and leadership at Cliff Springs and through the camping programs.

It is important to emphasize that the chief asset and real drawing power of Cliff Springs continues to be its rustic beauty. The improvements and facilities are clustered in one area only and are there to make it possible for more individuals and groups throughout the diocese to take full advantage of the natural beauty provided by Cliff Springs.

The Cliff Springs facility is now available for use on a year-round basis. Parishes and other groups interested in further information such as rental fees, dates of availability, etc., should contact The Rev. James F. Moon, (St. Thomas The Apostle Center, 5229 Rockhill Road, Kansas City, Missouri 64110), Chairman of the Cliff Springs Committee.

Mr. and Mrs. Robert Dillon and family continue to live on the property as our Cliff Springs residents. The telephone number for Cliff Springs is (417) 286-3375.

The Rev. James F. Moon, Chairman
Cliff Springs Committee

THE RESORT AND LEISURE-TIME COMMITTEE

The Resort and Leisure-Time Committee had its first meeting in two years on January 9th of this year. A firm commitment was made to the two major ecumenical programs of the Lake of the Ozark Parish and the United Lake Ministry. Each of these ministries received \$300 in 1970. A serious budget cut was endured for the sake of the 1971 Budget of the Diocese maintaining these 2 programs, at the \$300 level. A resolution will be offered at the Convention to increase our 1972 Budget which was also cut.

The Scouting Program has been re-oriented. After several meetings of myself and the Scouts, a list of Deacons and the Scouting Programs they will serve as follows: These Deacons will give one week-end of their time at very little cost to the Diocese, and the Scouting Program has agreed to provide them with room and board.

June 13, 5:00 p.m. — Staff only
June 20, 8:30 a.m. — Roy Finnell
June 27, 8:30 a.m. — John Skinner

July 4, 8:30 a.m. — Robert Temple
July 11, 8:30 a.m. — David Moore
July 18, 8:30 a.m. — James Krehemker
July 25, 8:30 a.m. — St. Paul's
August 1, 8:30 a.m. — Ted Williams
Carrol Greenall — Reserve

The Committee is in the process of making applications for grants from our National Church for an ecumenical Council on Drugs and Family Counseling on Lake of the Ozarks.

The members on the Committee changed by the resignation of Peter Herschend and the appointment of the Rev. James Brockmann, Lebanon and Ret. Col. William Kreps, Branson.

The Rev. Richard E. Mason
Chairman

DAC COMMITTEE REPORT

At last year's convention, it was decided to continue collection of pledges made but not yet paid to the Diocesan Advance Fund, for one additional year.

During the year, there has been collected \$14,164.35, according to figures given me by the Diocesan office.

Your Committee now makes the following recommendations:

1. Parish and Mission Treasurers be instructed to send in any monies they may have not already remitted to the Diocesan Advance Fund Treasurer;
2. The balance remaining unpaid on June 1, 1971 be charged off;
3. The Bishop write a letter on behalf of himself and the Diocese thanking each Parish and Mission for its part in the successful campaign and conclusion of the Diocesan Advance Fund Campaign.

C. Humbert Tinsman, Chairman

DIOCESAN COMMISSION ON THE MINISTRY

The above is the new title for the former Board of Examining Chaplains. This change was brought about by the action of General Convention last Fall in re-naming the local boards and establishing a national commission to prepare canonical examinations on a national basis. The Diocesan boards, however, will continue to administer and evaluate these examinations. The National Board has not yet come up with examination questions. Therefore, in the meantime the Diocesan Board

will continue to develop its own examination questions and to administer them.

In the past year, the Commission on Ministry has discussed and planned for the development of the new program for a self-sustaining ministry in the Diocese. There are at present two schools for the self-sustaining ministry, one at Springfield and one at Kansas City. During the past year, the following candidates for Holy Orders have been examined and recommended to the Bishop and Standing Committee for ordination: James G. Callaway, Robert H. Williams, John H. McCann, David Holland, Theodore Williams, Robert Dillon, and Willard W. Smith Sr.

The members of the Board of Examining Chaplains have been: Donald E. Becker, George G. Swanson, James F. Moon, J. D. McGlynn, S. S. Johnston, and Eugene G. Malcolm.

The Rev. David C. Patrick
Chairman

ECUMENICAL RELATIONS COMMISSION

All clergy have been urged, as far as allowable by the Church, to join in local ecumenical meetings and conversations - in particular, conversations and discussions and study programs relative to COCU.

An ecumenical service of the Conventry Litany and Eucharist for World Peace has been instituted at the Cathedral for every Friday at high noon. This includes laymen other than Episcopalians saying the litany and with clergy of the Diocese invited to be celebrant for the Eucharist.

Your chairman participated in the Houston Workshop for Christion Unity, March 15, 16, and 17, at the Rice Hotel, Houston, Texas. Much of the conversations there were relative to participation in COCU, conversations with Roman Catholics, and fuller understanding of the the Jewish community and church with participation in ecumenical affairs.

The Very Rev. Eugene G. Malcolm,
Chairman

THE PLANNING COMMISSION

The Planning Commission was organized in April 1970 and since that time has carried out assignments given to it by the Diocesan Council. These assignments have included: A Study and Recommendation of Clergy Stipends; Recommendation concerning Diocesan Convention schedule; Study of Housing Ar-

rangements for Clergy; Documentation of Statements of Purpose of Departments, Committees, and Commissions of the Diocese.

The Rev. Canon John H. Lembecke, Jr.
Chairman

LITURGICAL COMMISSION

During the past year the Diocesan Liturgical Commission has been very busy examining and evaluating all the new liturgical material which was approved for trial use by the General Convention last Fall. One of the actions of the Commission has been to draw up a set of guidelines for trial use in the Diocese which was approved by the Bishop in February of this year.

The Commission intends to further evaluate all of this material and in addition, to evaluate the success or lack of success of trial usage in the Diocese.

The Rev. David C. Patrick
Chairman

ARMED FORCES COMMISSION

A listing was requested from the parishes and missions of the Diocese of local military personnel. These are read Friday noon each week at the Cathedral altar.

An announcement was made of the ordination of Col. Clarence E. Hobgood, United States Air Force (Retired) as the Bishop of the Armed Forces.

A roster of all military chaplains, places of service, and addresses will be sent to the clergy. We have just finished the compilation of this list.

The Very Rev. Eugene G. Malcolm,
Chairman

ST. MARK'S ECUMENICAL CHURCH "The Poor You Have With You Always"

It has been a very busy and exciting year for St. Mark's. During the summer of 1970, we sent over 100 youngsters to church camps, and held a special session at Cliff Springs for about 50, making our grand total over 150. Our summer day camping program was expanded from six weeks to ten weeks. In this program the children of our community were engaged in arts and crafts, creative dramatics, scouting, modern dance, wood crafts, travel and discovery, music appreciation - the

young audience program, theatre parties and sporting events. The total attendance in these activities was approximately 250.

Two summer pre-school-early childhood education programs were also conducted. The purpose of one class was to prepare the slow-learner and the immature child for kindergarten. The second and largest group was conducted by volunteers for the Kansas City Teachers Corps. This group attempted to meet "the needs of inner-city children by developing cognitive growth necessary for further learning experiences and by preparing them to enter the structured classrooms in our present school system."

The Fall and Winter after-school program was enriched this year by an expanded boy and girl scouting program, and dance and theatre workshops. The average daily attendance is about 75 except on teen days — 200. We now have an adult ceramics class and plans are afoot for a fairly comprehensive wood craft program. A new offering made possible by a special gift to the Parish is our audio-visual learning center. This center will be equipped with modern teaching tapes and other educational supplies.

There is an adult music theory class which meets 6 days. This group developed out of a request from some young adults from our community.

At long last we will have our day-care center funded by Model Cities. It is our hope to accommodate up to 40 youngsters ages 3-5 from 7:00 a.m. to 6:00 p.m., five days a week.

Because of our shared ministry we have been able to open many useful "lines of communications." We work with militants and non-militants — establishment and anti-establishment types, and as servants of God we are often called upon as reconcilers. One of the members of our team is the Chaplain to the Police Force, another serves on a chaplaincy task force for institutions, another serves on the Housing Corporation; all of these agencies daily affect the lives of many people. At present I serve as a member of the Kansas City Model Cities Board of Directors and as chairman of the Jackson County Child Welfare Advisory Committee.

Our small Episcopal fellowship continues numbering about 18 with about 12 active members. The principle service is held on Saturdays at noon with 2 to 3 weekday services. All of the communicants are under continuous instruction.

This past year the churches in the Diocese have been very helpful to us in our work and I pray God that this concern continues.

The Rev. Orris G. Walker, Jr.
Episcopal Priest in Residence

ST. LUKE'S HOSPITAL

During the past year your hospital continued to receive the thoughtful support of its many friends during the initial phase of our fund campaign. This campaign continues toward successful completion under the devoted leadership of the Board of Directors of St. Luke's Hospital.

Construction stoppages caused serious delays in the addition of our badly needed health care facilities. However, we are pleased to report that a 30-bed medical/surgical unit now has been completed, and construction of the three patient floors atop the East wing is progressing with great speed.

We are delighted with the progress being made on the beautiful and important Helen F. Spencer Center for Education, located across from the main entrance of St. Luke's. It seems likely this library and auditorium facility will be available for occupancy this year.

New health care services available now at St. Luke's include a Pulmonary Functions Laboratory, to study and treat lungs and breathing functions of patients.

The St. Luke's Hospital School of Nursing received the highest accreditation possible for it from the National League of Nursing — a six year period of accreditation. And the current freshman class has 80 students, with that number again a certainty for the new class which starts in the Fall.

Our own St. Luke's Hospital Foundation for Medical Education and Research continues its greatly appreciated support through sponsorship of educational seminars and workshops, purchasing educational equipment, supporting research activities and helping to underwrite educational programs of the hospital.

In all its roles and programs of health care service, the patient is always first. To provide him with his appropriate care, St. Luke's needs and appreciates your continued understanding and support. Thank you for your thoughtfulness.

ROANRIDGE REPORT

Roanridge has had a very active year. In May of 1970 the Rev. H. Boone Porter was appointed as Director; since then, he has been involved in many activities concerning theological education training courses for clergy and lay people, and the development of future strategy for the work of the Church in rural areas and small communities.

He has conducted clergy conferences and retreats for numerous dioceses. Within West Missouri he is currently assisting in the training of ordinands.

The Conference Center, under the supervision of Mrs. Dorothy Goudie, has been used by many national, regional and local church related agencies and organizations. A number of local parishes both Episcopal and non-Episcopal have also had meetings and conferences here. Retreats for small groups or individuals can be arranged. The facilities are being improved by the development of a recreation area including an attractive pond for picnicking, swimming and fishing.

The National Town and Country Convocations to be held May 10th to 13th is a primary activity this Spring.

The Rev. H. Boone Porter,
Director, Roanridge

CHURCH PENSION FUND

Each year we submit a list of the individuals in your diocese who are currently receiving benefits from The Church Pension Fund. This report, which is for your use, also includes the amount of the benefit for each clergyman, widow, and child.

In addition to the report for your own diocese, the following is a summary of the benefit totals throughout the Church:

	Number of Beneficiaries	Amount of Benefit
Retired clergy	1,265	\$3,679,932
Disabled clergy	229	644,160
Widows	1,633	2,581,116
Children	377	242,256
Totals	3,504	\$7,147,464

The total benefit figure shown above represents annual benefits being paid through the Fund as of January 31, 1971, and is a 4.4% increase over last year's amount.

As befits a General Convention year, 1970 was an eventful one. Some important issues regarding the Fund and its benefit structure were presented at General Convention. The proposals not definitely acted upon by the Convention are currently being studied by the Fund's Trustees and Administrators.

The Fund completed its general information booklet entitled **The Church Pension Fund... The Way It Works For You**. The booklet, which describes in detail how the benefit system works, was distributed in December.

The Affiliates of the Fund were also represented at General Convention, led by Church Life Insurance Corporation's report

on the progress throughout the year of the new life and medical insurance plan for Episcopal clergy. The plan automatically covered all dioceses as of January 1, 1971.

The year was also an active one for The Church Insurance Company and The Church Hymnal Corporation, with Church Hymnal experiencing an unusually busy period of publishing activity. In addition to publishing Prayer Book Studies 18 through 24 which gained General Convention's approval for trial use, Church Hymnal marketed hymnals and prayer books in completely new bindings, and published several new books, including **A Concordance to the American Book of Common Prayer** and **A Short Book of Common Prayer in the Common Speech of Today**.

This brief summary is intended to highlight some of the activities of the Fund and Affiliates during the past year. If you would like further information or have any questions on this report or any other area of the Fund's work, please feel free to write or call. We are always glad to answer your questions and to hear your ideas.

Financial and Statistical Reports

REPORTS OF THE TREASURER

DIOCESE OF WEST MISSOURI

(Excluding Parishes and Missions) (Note 1)

Notes to Financial Statements

December 31, 1970

(1) Financial Statements

The financial statements do not include the assets, liabilities, or cash transactions of the individual parishes or missions.

(2) Real Estate at Cost

The Diocese follows the policy of *not capitalizing purchases of personal property and not providing depreciation on real estate*. Accordingly, no current year provision or accumulated reserve for depreciation has been reflected in the financial statements.

(3) Nina L. Remfry Trust

During the years ended December 31, 1967 and 1968, principal assets of the Nina L. Remfry Trust were bequeathed in perpetuity to the First National Bank of Kansas City, Missouri, and to its successor in trust, with the net income derived from the trust estate to go to the Diocese. At December 31, 1970, the principal assets of the Remfry Trust amounted to \$764,754.25, and the income derived therefrom for the year then ended amounted to \$45,142.15.

-PRAYER FOR THE DIOCESE

Blessed Lord who has taught us to pray one for another, send Thy blessing, we beseech Thee, upon the Diocese to which we belong. Give grace to its Bishop and Clergy, that they may win souls to Thee and guide Thy people in the narrow way that leadeth unto life. Grant to us such growth and increase as shall be in accordance with Thy will, and teach us to give generously of our substance for the glory of Thy Name and the edifying of Thy Holy Church. Make these souls for whom Thou has died, true to Thee, to their vows, to Thy Sacraments, to their duties of this life, and so prepare them for the joys of Thy Heavenly Kingdom; for Thy mercy's sake, O Blessed Jesus, Who with the Father and the Holy Ghost livest and reignest ever one God, world without end.

Amen.

RULES OF ORDER

Governing the Conduct of Business at Meetings of the Convention of the Diocese of West Missouri

1. When the President takes the Chair no member shall continue standing, or shall afterwards stand up, unless to address the Chair.
2. When the President shall have taken the Chair, the minutes of the preceding day shall be read.
3. The President shall appoint such Committees as are, in his opinion, necessary, and the Committee members shall be notified as early as possible before the Convention opens.
4. All Committees shall be appointed by the President unless otherwise ordered.
5. No resolution shall be considered as before the House until it has been reduced to writing, presented to the Secretary, and by him read.
6. When any member is about to speak, or deliver any matter to the House, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.
7. No member shall absent himself from the session of the House unless he have leave or be unable to attend.
8. A member, other than the chairman of a Committee whose report is under consideration, shall not speak more than twice in the same debate, nor longer than 10 minutes at a time, without leave of the House.
9. Any member of the House may call for a vote by ayes and nays.
10. When a question has once been determined it shall stand as the judgment of the House, and shall not again be drawn into debate, except on motion for reconsideration, which must be made by a member who had previously voted in the majority.
11. When a question is under consideration a motion shall not be received, except to lay on the table, to postpone it until a certain time, to postpone indefinitely, to commit it, to divide it or amend it; and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the House shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order.

12. Debate shall not be allowed upon a resolution to refer any motion to a committee, or a motion to recommit any subject which has been before a committee, but the member who offers such resolution or motion may speak for five minutes for the purpose of explaining its object.

13. All amendments shall be considered in the reverse order in which they are moved. When a proposed amendment is under consideration a motion to amend the same may be made. An after amendment to such second amendment shall not be in order, but when an amendment to an amendment is under consideration, a substitute for the whole may be received under color of an amendment or substitute.

14. Every member who may be in the house when any question is put, shall, on a division, be counted, unless he is excused by the Convention.

15. All questions of order shall be decided in the first instance by the Chair, without debate; an appeal, however, may be made from his decision to the Convention by any member of the same.

16. The Secretary may employ one or more pages, not exceeding three, to act as messengers during the sessions of the Conventions.

17. The report of all Committees shall be in writing, and shall be received, of course, and without motion for acceptance, unless recommended by vote of the House. All reports recommending or requiring any action or expression of opinion by the House, shall be accompanied by a resolution for the action of the House thereon.

18. The names of movers of resolutions shall appear upon the minutes of the Convention.

19. In all other matters of parliamentary procedure Robert's Rules of Order shall be the standard book of reference.

20. The Rules of Order shall not be suspended except by a two-thirds vote of the members present.

21. After the first ballot has been announced, the nominee (clergy and/or lay) with the least number of votes shall be dropped from the list of nominees. This process shall continue after each balloting until there is one more than the number of persons to be elected. This shall not apply to votes by order.

ORDER OF BUSINESS

1. Announcement by Secretary as to whether a quorum is present.

2. Election of Secretary of the Diocese.
3. Announcements.
4. Report of Committee on Dispatch of Business.
5. Introduction of all resolutions for reference.
6. Nominations for all other offices.
7. Reports of all officers and committees.
8. Elections.
9. Report of all resolutions previously referred.
10. Fixing time and place of next Convention.

PROCEEDINGS OF THE CONVENTION

Friday, May 5

The 83rd Annual Convention of the Diocese of West Missouri met at Grace and Holy Trinity Cathedral in Kansas City, Missouri, on Friday, May 5, and Saturday, May 6, 1972. A meeting of the Episcopal Churchwomen of West Missouri was held in the Executive Motel across the street from the Cathedral from 2 until 4:30 on Friday afternoon.

A reception for the delegates and guests at the Convention to greet the Bishop of the Diocese, the Rt. Rev. Edward R. Welles and Mrs. Welles, the Bishop Coadjutor, the Rt. Rev. Arthur A. Vogel and Mrs. Vogel, the Rt. Rev. Charles Helmsing, Bishop of the Roman Catholic Diocese of Kansas City and St. Joseph, and the Dean of the Cathedral, the Very Rev. Eugene G. Malcolm and Mrs. Malcolm, formed in the entrance to the Great Hall of the Cathedral at 5:30 p.m. where the Annual Diocesan Banquet was served at 6:00 p.m. At the conclusion of the meal Bishop Welles introduced the persons who were seated at the head. The last person to be introduced was Mrs. Welles who read some specially selected verses from the Gospels which emphasized how important it is to be a faithful disciple of Jesus Christ. A hearty round of applause bore witness to the affection and appreciation for Mrs. Welles of all those at the banquet.

The 83rd Convention was specially honored by the presence of the Rt. Rev. Charles Helmsing, Bishop of the Roman Catholic Diocese of Kansas City and St. Joseph. This was the first time in the history of the Diocese of West Missouri when a Roman Catholic Bishop was a guest at the Convention. As well as a close neighbor in Kansas City and a fellow member of official Anglican-Roman Catholic Dialogue groups at the national and international levels, Bishop Welles introduced Bishop Helmsing as a close personal friend. Bishop Helmsing challenged the Episcopalian Christians in his audience to be faithful members of the Body of Christ by emphasizing four notes on the early Church indicated in the second chapter of Acts, the "Apostles' teaching, fellowship, the breaking of bread, and the prayers." He expressed the hope that Roman Catholics and Anglicans would be able to share in all of these aspects of Church life before too many more years.

Following Evening Prayer in the Cathedral, Bishop Welles proceeded with his Annual Address. For a number of reasons this was an historic convention, he noted, among them the following: the first to be attended by Bishop and his family, the first to be attended by Bishop Helmsing, the first convention in which a woman sits among the ranks of the clergy with voice

and vote, and the last convention in which Bishop Welles will be present as the Diocesan Bishop. Bishop Welles in this manner announced that he would retire before the next Convention, in fact no later than December 31, 1972. "When I retire, I'm going to love it," he declared with characteristic verve. He then recounted some of the important accomplishments of his Episcopate; these are reported in the text of his address which is reprinted in the Journal in full. If there has been one note above all others which has characterized his life and message as a Bishop of West Missouri, it has been the joy of discipleship. At the conclusion of his remarks the whole congregation rose immediately in a standing ovation, an expression of love for our Chief Pastor who is retiring.

Bishop's Medals were presented to the following persons: Mr. Henry Burr, Jr. and Mr. William T. Kemper of the Cathedral; Blaine Z. Hibbard, M.D. of St. Andrew's, Kansas City; Robert W. Hamill, M.D. of St. Luke's, Kansas City.

Bishop's Crosses were presented to the following persons: Nettie Monsees; Doris Bliss; Bishop Arthur A. Vogel; and Bishop Charles H. Helmsing.

Following the presentation of these more customary awards, the Bishop at this final Convention over which he will preside gave the following persons more personal gifts with great appreciation for their special support to his life and ministry in West Missouri: Diocesan Shields to Canon Lassiter of the Cathedral, Canon Root of Carthage and the Bishop's Counsellor, Robert W. Wagstaff; Lay Reader's Cross to Joseph E. Cello of St. John's, Kansas City; Crucifix to Dean Malcolm; Plaque of Christ to Bishop Mize; Bishop Vogel also received the Diocesan Shield and a horseshoe.

During a brief recess following the service, pictures were taken of award winners and the recipients of the special gifts along with Bishop Welles. The first session of the Convention was called to order at approximately 9:15 p.m., and prayers were offered by the Bishop for the Convention. Announcement of a quorum present in both orders by the Secretary signaled the opening of the Order of Business. The various committees of the Convention with their chairmen were designated and the time and meeting place for some of them was announced. (Committee appointments are included in these minutes just before the proceedings.) The Rev. Canon William E. Lusk was nominated to be the Secretary of the Convention, and it was moved and seconded that he be elected by acclamation. The Secretary then nominated the Rev. Canon Donald E. Becker to be Assistant Secretary, and he was also elected by acclamation.

Following a brief word of welcome and announcements by the Dean of the Cathedral, the Bishop called upon individuals who have resolutions to present to do so. The first three resolutions to come before the house are as follows:

RESOLUTION No. 1

WHEREAS, The 81st Annual Convention of the Diocese of West Missouri urged the Diocesan Council to initiate, encourage and support programs of Christian Witness and Christian Mission directed toward the youth and young adults of our diocese and community, AND WHEREAS, A committee was appointed to implement this resolution,

AND WHEREAS, This committee has met for one year and recommends that the Diocese of West Missouri sponsor an Other Generation Conference,

THEREFORE BE IT RESOLVED: That, the Eighty-third Annual Convention of the Diocese of West Missouri receive the report of this committee,

AND BE IT FURTHER RESOLVED: That, the Diocesan Convention recommend to the Diocesan Council that such a conference or conferences be sponsored by the diocese in the year 1972, if possible, but if not in 1972, then in 1973.

RESOLUTION No. 2

WHEREAS the majority of the clergy and laity of the Diocese of West Missouri love and cherish the Episcopal Church as we know it; and

WHEREAS they hold and abide by the Creeds, the Apostolic Ministry, the Authority of Holy Scriptures and the Sacraments as set forth in the Lambeth Quadrilateral, allegiance to which has repeatedly been ratified by General Convention, and

WHEREAS it has long been the position of the Anglican Communion that the true unity which Christ wills for His Church cannot be achieved except on the basis of these principles;

BE IT THEREFORE RESOLVED that the clergy and lay delegates of the Diocese of West Missouri, in convention assembled at Grace and Holy Trinity Cathedral in Kansas City on May 5th and 6th, 1972, express their deepest hesitations concerning the Consultation on Church Union's Plan of Union in its present form; and

BE IT FURTHER RESOLVED that the said delegates call upon all our brothers in this Church, including the Presiding Bishop, the staff of the Executive Council, and the Bishops of the several dioceses, to keep faith with us by committing themselves to no course of action in sacramental worship, in fiscal affairs or in staff selections which presuppose that the Episcopal Church will enter into the Plan of Union until such time as this Church by its duly established constitutional processes has determined whether to do so or not to do so. (Adopted resolution omitted this resolve.)

St. James' Parish, Springfield

RESOLUTION No. 3

The purpose of the Resolution is to determine the general feeling of this convention about the trial liturgies.

Whereas, at this convention there are represented knowledgeable priests and laymen of the various parishes and missions of the Diocese of West Missouri, and

Whereas, there has been no general opinion taken as to the acceptance of the trial liturgies, and

Whereas, these knowledgeable priests and laymen should have some knowledge as to the general feeling about the new trial liturgies to take back to their respective congregations, therefore

Be it Resolved, that a vote be taken by orders for information purposes only as to the following aspects of the use of the old and new liturgies:

- (1) Those in favor of using the old form of worship entirely, or with rare use of the trial liturgies.
- (2) Those in favor of at least a fifty percent use of the trial liturgies, and
- (3) Continued experiment in forms of new liturgies and the use of the new liturgies in the majority of the services.

The Chairman at this time recognized the Rev. Carl Wilke, Rector of Christ Church, Springfield, who as the Chairman of the Committee on the Dispatch of Business made the following report:

COMMITTEE ON THE DISPATCH OF BUSINESS

1. That the first order of business for the Convention on Friday, May 5th, at 9:30 p.m., be the nominations for the various elective offices:
 - a. Standing Committee
 - b. General Convention - 1973
 - c. Delegates to the Provincial Synod
 - d. Members of the Diocesan Council
2. That all matters of referral (resolutions, etc.) be submitted during the first evening session of the Convention on May 5th.
3. That the Convention continue with the business as indicated in the "Rules of Order," as far as possible, as printed on pages 13-16 of the 1971 Convention Journal.
4. That the first session of the Convention recess not later than 10:30 p.m.
5. That the Convention gather in Grace and Holy Trinity Cathedral at 7:30 a.m., on Saturday, May 6th, for the celebration of the Holy Eucharist, which will be followed by breakfast in the Parish Hall at 8:15 a.m.
6. That the Convention reconvene in the Cathedral at 9:15 a.m., with the first order of business being the address by the Bishop Coadjutor, the Rt. Rev. Arthur A. Vogel.

7. That prior to the balloting for the delegates and alternates to General Convention, opportunity be given for the Convention to learn the attitudes of the nominees toward prospective issues to come before the 1973 General Convention.
8. That the balloting for the various elective offices be the next order of business.
9. That the Convention recess at 12:45 p.m., to prepare for luncheon in the Parish Hall at 1:00 p.m.
10. That the Convention reconvene in the Church after lunch at 2 p.m.
11. That the Convention adjourn *sine die* as soon as possible thereafter, and no later than 4:00 p.m. Adjournment will follow immediately upon the completion of the business of the Convention.

Submitted by the Rev. Carl E. Wilke, Chairman

Following the reading of this report an amendment was offered to delete paragraph number seven in the report.

A motion was made and seconded that the report of the Committee on the Dispatch of Business be tabled until Saturday morning after the address of the Bishop Coadjutor. The chairman ruled the motion out of order. The question was called for on the amendment to the Report of the Dispatch of Business Committee, and tally of the stand-up vote showed this measure was carried 124 to 79. Question was called for on the amended report and it carried.

The next item of business was nominations for the offices to be elected tomorrow morning. They are two laymen and two clergymen to be elected for two-year terms for the Standing Committee, which is a vote by Orders; four laymen and four clergymen and four alternates in each order to be elected as Deputies to General Convention, which is a vote by Orders; four laymen and three clergymen for two years each on Diocesan Council; and six delegates in each order to be elected to Provincial Synod.

Presentation of resolutions to come before the Convention continued following the completion of nominations. They are as follows:

RESOLUTION No. 4

WHEREAS, the command of our Lord is to "go ye into all the world," and

WHEREAS, our primary responsibility as followers of our Lord Jesus Christ is always one of mission; and

WHEREAS, the Diocese of West Missouri completed its commitment in March of 1972 under our agreed M.R.I. projects in relationship to the Diocesan Advance Campaign, and

WHEREAS, on the 24th day of June, 1972, Botswana will become an independent Diocese of the Anglican Communion in Africa, having hitherto been an Archdeaconry of the Diocese of Matabeleland, and

WHEREAS, the new Diocese of Botswana has been forgotten by the whole of the Church all these years, and will come into its independent status with little financial assistance or relational backing, and

WHEREAS, the new Diocese of Botswana will be part of a free African nation completely encircled by three apartheid nations,

THEREFORE, BE IT RESOLVED: that this 83rd Convention of West Missouri charge the Diocesan Council with the responsibility of setting in order, after proper deliberation and communication, an invitation to the Diocese of Botswana to enter into a mutually acceptable "Companion-Diocese relationship" and seek the approval of the Executive Council of the National Church once such a request has been received for the three year period of 1973, 1974 and 1975.

RESOLUTION No. 5

Whereas, in the State of Missouri from August, 1970, to August 1971, there were 48,430 marriages and 18,484 divorces and this is similar to the national experience, and (Adopted resolution omitted this paragraph.)

Whereas the boundaries of the Diocese of West Missouri contain the four counties having the highest divorce rate per 1,000 population in 1970, namely Greene with 6.4, Jasper with 6.3, Buchanan with 5.6 and Jackson with 5.5, and

Whereas divorce is a symptom of the instability of family life, and

Whereas the cause of the instability of family life is complex and unfocused, and

Whereas there is emerging a great variety of new styles of family life, and

Whereas there is a noticeable increase in the challenge to the nuclear age family, and

Whereas there is evident need to marshal the resources of the church to address itself to a restoration of the value of marriage and its permanence in the light of current social realities, and

Whereas there is virtually no organized Diocesan programs to meet the increasing needs of family life, and

Whereas the church is an institution that is in an unusually fine position to respond to the family needs of its people,

Therefore be it resolved that the 83rd annual convention of the Diocese of West Missouri create, establish, and empower a com-

mittee to study the problems of marriage and family life and to recommend to the 84th annual convention a program designed to respond to the previous needs and results of the study in this most vital area of our society.

RESOLUTION No. 6

WHEREAS, every Christian person today faces or will face choices in the meaning of human life and death as they relate to medical science and practice and

WHEREAS, the present medical guidance as to the question of when genetic engineering or prenatal intercession should occur is increasingly being sought by many persons for varied and complex reasons, and

WHEREAS, many costly medical resources and complex medical procedures may be denied persons for reasons of their financial limitation or the complexities of their medical diagnosis or the uncertainty as to how to proceed and where to turn in finding the necessary resources, and

WHEREAS, the delaying of death to a point far beyond what would previously have been considered normal leads in some instances to tragic suffering by the patient and intense and protracted anguish for his family and may result in financial disaster for the survivors, and without any corresponding value having been clearly achieved and

WHEREAS, conviction and practice in all this area is in a highly fluid state and constantly accelerating advances in medical science and legislative change render the problem more rather than less acute, and

WHEREAS the lack of appropriate guidelines, insufficient public awareness of the issues, absence of an adequately supportive social consensus is adding to the confusion and pain of these decisions and

WHEREAS, neither the patient, his physician, his family, his clergyman nor society at large is likely to be fully prepared for a frank and wholesome confrontation with the choices which may be open to a person concerning procreation, the complex medical procedure, and when death occurs, now,

THEREFORE, be it resolved that the 83rd Convention of the Diocese of West Missouri appoint a committee of persons to consider ways to meet and deal with the issues of these complex and painful decisions and to recommend to the 84th Convention ways to improve and uplift the understanding of all members of this Diocese so that we may all be better prepared to make these decisions on the best available foundations of medical knowledge and our Christian heritage and faith.

Submitted by The Rev. Mason, Smith, and Lockhart

RESOLUTION No. 7

WHEREAS, it is difficult for the Committee on Resolutions and members of this Convention to adequately consider resolutions not before them prior to the Convention itself,

AND, WHEREAS, the press of Convention business often hampers adequate discussion of resolutions presented,

AND, WHEREAS, Convocations meeting prior to Convention could well discuss pending resolutions at more length,

BE IT RESOLVED, that, beginning with the Convention of this Diocese meeting in 1973, copies of all resolutions to be presented for substantive Convention action must be submitted to the Bishop and the Secretary of the Convention not later than six (6) weeks prior to the Convention date, so that copies of these resolutions may be distributed in advance to each delegate, and to the various convocations.

BE IT FURTHER RESOLVED, that, no resolutions may be accepted at the Convention which have not been previously submitted as aforesaid, unless,

- (1) copies of such resolutions are made available for every delegate, and
- (2) two-thirds of said delegates agree to consider such resolution.

Submitted by Mr. Philip S. Lyon

RESOLUTION No. 8

Whereas the Canons for the government of the Protestant Episcopal Church in the United States of America require written consent of the Bishop and the Standing Committee of the Diocese for encumbrance or alienation of property unless the Diocesan Canons provide otherwise, and

Whereas the consent of the Standing Committee appears to be unnecessary in cases where property is encumbered in order to secure a loan from a Diocesan fund,

Therefore, Be It Resolved, that Section 9, Canon XV be amended to provide for an exception in such case and that Section 9 as thus be amended to read as follows:

"Section 9. No Vestry, Trustees, or other body authorized by civil law to hold the title to property for any Parish or Congregation, shall encumber or alienate the same, or any part thereof, without a two-thirds vote of the whole Vestry, or other governing body thereof, and the written consent of the Bishop and the Standing Committee; provided, however, that the consent of the Standing Committee shall not be required where the property is to be encumbered by a lien, mortgage or other encumbrance running to the Diocese of West Missouri in order to secure a loan from a Diocesan fund."

Submitted by The Rev. Charles E. Kronmueller
President, Standing Committee

RESOLUTION No. 9

WHEREAS, it is deemed more appropriate that the provision for Examining Chaplains, presently set forth in the Constitution of the Diocese, be a Diocesan Canon,

NOW, THEREFORE, BE IT RESOLVED, that Article XV of the Constitution, entitled "Examining Chaplains," be deleted from the Constitution.

Arthur A. Vogel, Bishop Coadjutor

RESOLUTION No. 10

WHEREAS, the General Convention of 1970 adopted a new Canon requiring every Diocese and Missionary District of the Episcopal Church to establish a "Commission on Ministry consisting of Clergymen and Lay Persons" by Diocesan Canons,

NOW, THEREFORE, BE IT RESOLVED, that the Diocese of West Missouri adopt the following new Canon entitled:

Commission on the Ministry

SECTION 1. The Convention shall, on the nomination of the Ecclesiastical Authority, elect a Commission on the Ministry, consisting of six persons from the Diocese: 3 in the clerical order and 3 in the lay order. Additional members, not to exceed 4 in number, may be appointed by the Ecclesiastical Authority after consultation with the Commission. For every 2 additional members appointed, one must be in the clerical and one in the lay order.

SECTION 2. The members of the Commission on the Ministry shall hold office for the term of three years and may succeed themselves for additional terms.

Submitted by Edward R. Welles, Bishop
Arthur A. Vogel, Coadjutor Bishop

RESOLUTION No. 11

Whereas the Team of Twenty in their report to the Diocesan Convention of 1964, recommended an amendment of Section 7 of Canon IX with the resulting effect that no Clerical or Lay member of the Diocese other than elected or appointed members of the Diocesan Council would have voice in the meeting of the Council, and Whereas this action has in effect made each meeting of the Diocesan Council a closed session, and

Whereas there is no reasonable or evident need for such an exclusive mode or manner of meeting except in rare cases, and

Whereas we should have in our Diocese the opportunity and occasion for the freest possible exchange and discussion of ideas,

Be It Therefore Resolved that this Convention reverse the action of the 1964 Convention and restore the structure and operation of the Diocesan Council meetings to that manner of operation which obtained prior to the 1964 Convention,

And Be It Further Resolved that Section 7 Canon IX be amended to read as follows:

"Section 7. Each Department shall have the power to appoint additional members thereof not to exceed eight in number, who shall have seats but not votes at the Diocesan Council."

Submitted by The Rector, Wardens and Vestrymen of
St. John's Church, Kansas City, Missouri

RESOLUTION No. 12

Whereas the Canons of the Diocese provide that the Rector of a parish shall appoint a member of the Vestry as Senior Warden, and

Whereas it would be beneficial if the Rector's selection could be from among the communicants of the entire parish rather than limited to the members of the Vestry,

Therefore, Be It Resolved that Section 5, Canon XV be amended by revising the first sentence thereof to read as follows:

"The Rector shall annually appoint a Senior Warden from among the communicants of the parish."

The remainder of the Section would be unchanged.

Submitted by The Rev. Carl E. Wilke, Rector
Christ Episcopal Church, Springfield, Missouri

Bishop Welles urged the members of the Convention during the forthcoming three years to devise a method, well in advance of the actual Convention three years hence, whereby the position of potential deputies to General Convention on the various issues may be made known to the Diocesan Convention delegates.

The following retired clergy were introduced: The Rev. A. L. Burgence, the Rev. John B. Mathews, the Rev. Canon George Wilson, and the Rev. Canon Harold B. Whitehead.

The following new clergy were introduced: the Rev. Robert Williams from All Saints', West Plains; the Rev. Allen Whitman, Rector of St. Andrew's, Kansas City; the Rev. Kermit Smith, Chaplain at Research Hospital, Kansas City; the Rev. John McCann, Curate at Christ Church, Springfield; the Rev. Harvey Buck, Rector of Christ Church, Warrensburg; the Rev. Peter Kreidler, Associate Rector of St. Andrew's, Kansas City; the Rev. Robert Dillon, Perpetual Deacon from Trinity Church, Lebanon; the Rev. Edwin Shiddell, Perpetual Deacon from St. George's Church, Kansas City; the Rev. Katrina Swanson, Deacon from St. George's, Kansas City; the Rev. Willard Smith, Perpetual Deacon from St. Augustine's, Kansas City; and the Rev. Larry E. Valentine, soon to become Vicar of Church of the Messiah, Liberty.

The meeting was adjourned until after breakfast on Saturday, May 6, at 10:50 p.m.

Members of the 83rd Annual Convention of the Diocese, together with other Episcopalians in West Missouri, met for the celebration of the Holy Eucharist on Saturday morning at 7:30 a.m. in Grace and Holy Trinity Cathedral. Bishop Welles was the celebrant, and he was assisted by Bishop Vogel, Dean Malcolm, Canon Lusk, Canon Lassiter, and Canon Lewis. Mrs. Eugene McGaughey read the Epistle.

Breakfast was served in the Great Hall of the Cathedral following the service, and the Bishop called the Convention to order at 9:15 a.m. He opened the session with prayer.

The first Order of Business for the morning session was the address of the Bishop Coadjutor, the Rt. Rev. Arthur A. Vogel, who was introduced by the Chairman, Bishop Welles. Bishop Vogel, whose address is printed in this Journal, explained that his address was lengthened somewhat by the fact of Bishop Welles' announcement last evening of his intention to retire sometime during 1972.

The Rev. Peter D'Allesandre, Curate of All Saints' Church, Kansas City, was introduced as a new clergyman in the Diocese.

So that the representatives of St. Michael's Church, Independence, might be seated as members of the convention before balloting should take place, the Chairman called for the report of the Committee on New Congregations in the Diocese, and recognized the Chairman, Mr. Jerry Hillyard of St. Joseph, whose report is as follows:

The request by a congregation in Independence, Missouri, known as St. Michael's, that they be officially recognized as a mission congregation, was presented to this committee. After discussion, the New Congregation Committee unanimously approved this petition as they received it from the Standing Committee with its endorsement, and now move that the Convention accept this application and admit St. Michael's of Independence, Missouri, into union with the Diocese of West Missouri.

Jerry W. Hillyard, Chairman
New Congregation Committee

Mr. Hillyard moved the adoption of the report, and it was seconded and carried. Bishop Welles then called to front the Rev. Robert Temple and the representatives from St. Michael's Church who were greeted as new members of the Convention with a hearty round of applause.

At this point in the proceedings another attempt was made to allow for the investigation of the beliefs of the candidates for General Convention, so that it might be known before the balloting starts what is the position of the various candidates on the issues which it is presumed will come before the General Convention. Father Doan introduced a resolution to allow for one half hour of time before the balloting in which questioning might be conducted. The question was called for and the vote showed 82 in favor of the resolution and 132 opposed. The Chairman declared the motion defeated and the elections Committee, with Mr. Cliff Hall and Mr. Frank Koger as Co-Chairmen, was instructed to distribute ballots.

Father Patrick introduced a motion that delegates to the Provincial Synod be elected by plurality rather than by majority, thus eliminating the necessity for more than one ballot. The motion was seconded and carried.

Bishop Welles asked Mrs. Welles to come forward at this time so that she might make a gift to 22 congregations in the Diocese of a book of which she is the author and entitled, A DOCUMENTARY HISTORY OF THE EPISCOPAL CHURCH IN WEST MISSOURI.

Mr. Edward T. Matheny, Jr., presented his report as Chancellor of the Diocese.

Mr. Thomas Graves, Treasurer of the Diocese, was called upon for his report, following which Mr. Graves was nominated to be Treasurer for the ensuing year, and it was moved and seconded that the Secretary cast a unanimous ballot for the election of Mr. Graves. Mr. Roger Ewing and Canon Robert Lewis were then nominated for Associate and Assistant Treasurer respectively and elected by acclamation.

The Bishop called upon Mr. Matheny, Chairman of the Committee on Constitution and Canons to make his report. The first item in the report had to do with Resolution III, made to last year's Convention by the Rector, Wardens, and Vestrymen of St. John's Church, Kansas City, and printed on page 20 of the 1971 JOURNAL, having to do with the structure and operation of Diocesan Council and the reinstatement of Section 7 of Canon IX. The Committee did not recommend a change because attendance at Council meetings may be obtained through the Steering Committee. The Committee on Constitutions and Canons recommended that communicants of the Diocese interested in attending meetings of the Diocesan Council, as observers without voice in the deliberations, be not discouraged from so doing.

Noting this recommendation, the Bishop invited observers to enter a second row at Council meetings without voice or vote.

The second item in Mr. Matheny's Report had to do with Resolution VIII, submitted to last year's Convention by the Rev. Brian J. Packer, President of the Standing Committee, regarding the proper definition of a Parish. Mr. Matheny moved that a special committee be appointed by the Coadjutor Bishop, for the express purpose of studying those portions of the Constitution and Canons of the Diocese relating to Parishes and Missions (Congregations), with a view to clarifying the definitions and characteristics of these entities as set forth in the Constitution and Canons; such committee to be appointed no later than thirty days following the adjournment of this Convention.

This JOURNAL contains a Special Report called for by the 80th and the 81st Conventions about the Generation Gap. The Recommendation of the report calls for a special conference to consider this subject. The Bishop called upon Canon Lembecke to make the report for this committee. He did so and moved

the resolution. An amendment was offered by the Rev. Howard Rutenbar as follows:

AMENDMENT TO RESOLUTION No. 1

BE IT FURTHER RESOLVED: That such a conference or conferences be conducted under the auspices of the Department of Education and Conferences of the Diocese, that the parishes of the diocese be granted proportionate representatives as to attendance at said conference or conferences, and that the Diocesan Council give high priority and preference to this undertaking.

Submitted by The Northern Convocation
Paul F. O'Konski, Secretary

The question was called for on the amendment and it carried 115 to 61. Discussion followed on the resolution and when the question was called, it carried 103 to 88.

Resolution VI submitted to the 82nd Convention, page 22 of the 1971 JOURNAL, asked that a report on St. Mark's Ecumenical Parish made by the special committee appointed by the Bishop to evaluate the involvement of the Diocese in the Parish be submitted to the 83rd Convention; therefore the Bishop called upon Mr. Clifford Hall to make this report. Mr. Hall submitted this report by title and it is included in the Special Reports in this JOURNAL.

Bishop Welles called upon Mr. Philip S. Lyon, Chairman of the Finance Committee to present the Budgets for the year 1973. Mr. Lyon proceeded to explain the Diocesan Budget for the year 1973.

The report was interrupted for a report from the Elections Committee on the First Ballot which showed the following elections:

1. Mr. Whitney Potter to the Standing Committee.
2. Mr. Roger Ewing, Dr. Frank Maple, Canon McGlynn and Dean Malcolm, Deputies to General Convention.
3. The Rev. Sam Weaver, the Rev. Allen Whitman, Mr. Larry Askinosie to Diocesan Council.
4. Canon Lusk, Canon Becker, Dean Malcolm, the Rev. George Greenway, the Rev. Jack Reeves, the Rev. Gerald Claudius, Mr. Jack King, Mr. Henry Burr, Mr. Kevin McAndrews, Mrs. George Babb, Mr. Harold Brandford, and Miss Nancy Sandehn, delegates to Provincial Synod.
5. The Rev. John McCann, the Rev. Jack Sweigart, the Rev. Pitmann McGehee, the Rev. George Swanson, the Rev. Peter Kreidler, and the Rev. Joseph Hirsch, Mr. George Lockett, Mr. Gary McKee, Mr. Leo Hayes, Mr. Cameron Thomas, Mr. Carl Chinnery, and Mr. Robert Hewitt, alternate delegates to Provincial Synod.

Mr. Lyon moved the adoption of the Finance Committee report for the proposed Diocesan Budget for 1973. The motion was seconded and carried. Mr. Lyon then proceeded with the Mission Budget for 1973. He moved its adoption, and after it was seconded the motion carried.

The following reports were called for and submitted by title at this time:

Property	Insurance
Christian Education	Missions
Christian Social Relations	Promotion
Cliff Springs	Stewardship
Ecumenical Relations	Urban Affairs
College Work	World Mission and MRI

The next order of business was a report of the Resolutions Committee, and the Chairman called upon the Rev. Allen Whitman to present the report.

Resolution I in the order of presentation was considered under special reports and has already been acted upon.

Resolution II regarding the Consultation on Church Union was recommended for passage with an amendment to delete the second resolve. A motion to adopt the resolution as amended was carried.

Resolution III regarding the Trial Liturgy was not recommended for passage. A motion to pass the resolution was not carried.

Resolution IV regarding a Companion-Diocese relationship with the Diocese of Botswana was recommended for passage and it was passed by the house.

Resolution V regarding Family Life was recommended for adoption. After discussion an amendment was offered to drop the first whereas. The amendment was passed and the resolution was adopted as amended.

The report on the second ballot interrupted the consideration of resolutions. Only one election was achieved on the second ballot: Mr. Charles Tudor was elected to Diocesan Council.

Resolution VI, the Medical Resolution, was recommended for adoption, and a motion to adopt was carried.

The third ballot showed Mr. Robert Leshar elected to the Standing Committee, Mrs. Grant Cowherd and Mr. Janssen Wooldridge elected to the Diocesan Council.

Resolution VII regarding the presentation of resolutions, was recommended for adoption by the committee with an

amendment in the final resolve as follows: (2) two-thirds of said delegates agree to consider such resolution.

The Bishop recognized the Rev. Edward L. Warner, Rector of St. Augustine's Church, who announced the celebration of the 90th anniversary of his parish, to be observed during the month of September 1972, and invited all those present to participate in the celebration.

The Bishop introduced Mrs. William Tweed, President of the Episcopal Churchwomen of West Missouri, who made an announcement for the Churchwomen of the establishment of a fund for Continuing Education for the Clergy. Her statement is as follows:

The Board of the Episcopal Churchwomen in the past year has been greatly concerned how we can best serve the Diocese. After much soul searching and study we list as our top priority education and particularly adult education.

With this in mind, the board recommended to the E.C.W. meeting yesterday afternoon that we set aside \$3000.00 of our reserve funds to be used, on a matching fund basis, for the continuing education for clergy and laymen for which we have the enthusiastic approval of both Bishop Welles and Bishop Vogel. This action was unanimously ratified.

We feel that this is an area that has not been explored in our Diocese and where much should be done. We hope this will not be just a project of the women but that the whole Diocese will realize that such a fund can be the beginning of a great opportunity for our Diocese to forge ahead.

The fund will be administered jointly by two women of the E.C.W., Bishop Vogel, Father Charles Kronmueller, who is the priest in charge of training of the Dept. of Christian Education, and a layman who is yet to be appointed.

The ground rules are not completely drawn up yet but as soon as they are each parish will be advised and encouraged to use the fund. Especially those smaller parishes and missions who find it difficult to do such things on their own.

We do not see this to be used only in the theological area but also in the areas of counselling, communications, etc., that will help to develop a fuller ministry.

We feel that through this fund we will greatly strengthen our Diocese as clergy and laypeople develop together as more informed and devoted Christians.

The Rev. George Swanson, Rector of St. George's Church, Kansas City, introduced to the Convention Mr. Israel Matenge from the Diocese of Botswana, who will be staying with the Swansons for a number of weeks this summer.

The Committee on Convention Offerings reported that offerings received at both services of the Convention totaled \$513.22 and recommended that the total amount be divided equally between the new Diocese of Botswana and the Cliff Springs Conference Center.

The Rt. Rev. Robert H. Mize announced that Trinity Church, Marshall, will be observing its 100th anniversary between the 10th and the 17th of September, 1972, and he invited the whole diocese to Marshall for the observance of this event on Sunday afternoon, the 17th.

Resolution VIII from the Standing Committee, regarding a canonical change, was presented by the Chancellor, Mr. Matheny and recommended for passage. The motion to adopt was carried.

Resolution IX represents a Constitutional change, deleting Article XV providing for Examining Chaplains. The resolution was carried in this first reading.

Resolution X providing for a Commission on the Ministry in the Canons was read by the Chancellor and was recommended for adoption. The motion was carried.

The Chairman recognized Mr. Robert Wagstaff, the Bishop's Counsellor, and Co-Chairman of the Committee on the Bishop's Address, who presented the four resolutions of this committee. The resolutions are as follows:

RESOLUTION No. 1 - COMMITTEE ON BISHOP'S ADDRESS

WHEREAS, in the twenty-two years of the Episcopate of the Right Reverend Edward R. Welles, D.D., the Diocese of West Missouri has been greatly strengthened in its mission and witness for Our Lord;

AND WHEREAS, Edward R. Welles has given dynamic testimony to Our Lord's gospel message by and throughout his personal and public life;

AND WHEREAS, Edward R. Welles has been a faithful shepherd and Father in God to laity and clergy alike

BE IT THEREFORE RESOLVED that this Eighty-Third Convention of the Diocese of West Missouri give thanks to Almighty God for the fruitful and loving ministry of our Bishop, our Pastor, and our Beloved Friend.

RESOLUTION No. 2 - COMMITTEE ON BISHOP'S ADDRESS

WHEREAS, in his long ministry amongst us, Edward R. Welles has been blessed with a constant and faithful co-worker and companion in Christ in the person of his wife Catharine; and

WHEREAS, her commitment and dedication to the gospel has had special expression in her unfailing support of her husband's ministry,

NOW, THEREFORE BE IT RESOLVED that this Eighty-Third Convention of the Diocese of West Missouri commend Catharine Welles for her loyal and courageous witness, thanking God and praying her well.

RESOLUTION No. 3 - COMMITTEE ON BISHOP'S ADDRESS

WHEREAS, The Right Reverend Edward R. Welles has had a dynamic interest in ecumenical matters which has resulted in his

playing a major role therein in this area, climaxed by his Co-Chairmanship of the Anglican-Roman Catholic Conversations as well as his Chairmanship of the Commission on Relations with Pentecostal Conservative Evangelical Churches, evidenced by the presence of, and address by, the Most Reverend Charles H. Helmsing, Roman Catholic Bishop of the Kansas City-St. Joseph Diocese, which was the first time in the history of the Diocese of West Missouri that a Roman Catholic Bishop has participated in an annual convention of the Diocese of West Missouri.

BE IT THEREFORE hereby resolved by the Eighty-Third Annual Convention of the Diocese of West Missouri that the Right Reverend Edward R. Welles be given special recognition for his untiring efforts in this connection. This special recognition is awarded with great love, appreciation and affection by this Convention.

RESOLUTION No. 4 - COMMITTEE ON BISHOP'S ADDRESS

WHEREAS, the Eighty-Third Convention of the Diocese of West Missouri has received with surprise and a deep sense of approaching loss the announcement of the retirement of Edward R. Welles sometime during the year 1972, and

WHEREAS, Bishop Welles' far-sighted leadership has brought to us an able successor in the person of Arthur A. Vogel,

NOW, THEREFORE be it resolved that this convention pledges its total support to Bishop Arthur A. Vogel in the orderly transition of our Episcopate.

Each one was adopted by a standing ovation.

Report on the fourth ballot showed that the Rev. Harry Firth was elected to the Diocesan Council and that Mr. Edward Washburn and the Rev. Canon Donald E. Becker were elected as Deputies to General Convention. It was moved and seconded that the remaining four highest candidates for General Convention, after four in each order have been elected, be designated as Alternate Deputies. The motion carried.

The Report on the Meeting Place of the Next Convention was given by Mrs. George Babb of Joplin, Chairman of the Committee. It was moved and seconded that the invitation to hold the 84th Convention of the Diocese in St. Philip's Church, Joplin, be accepted, and the motion carried.

The following reports were presented by title:

St. Luke's Hospital	Music Commission
Roanridge	Liturgical Commission
